SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING TRAFFIC WHITE PAINT.

The Supply Department of the City of Boston invites proposals for furnishing traffic white paint to the Boston Traffic Commission, as per specifications contained in forms which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. ENVELOPES CONTAINING BIDS TO BE SEALED AND PLAINLY MARKED "PROPOSAL FOR TRAFFIC WHITE PAINT." There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out. The bids will be publicly opened and read Friday, October 11, 1940, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
Superintendent of Supplies.

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about two thousand seven hundred seven (2,707) square feet of land lying in the rear of the southwesterly side of Everett street, East Boston, numbered 23 rear in the numbering of said street, and more fully described in a tax deed recorded with Suffolk Deeds, Book 5292, page 117, on Tuesday, October 15, 1940, at 10 a. m., on the premises, at a minimum price of two hundred fifty dollars (\$250).

A deposit required at the time and place of sale of fifty dollars (\$50), in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, 47 City Hall, Boston, Mass.

DANIEL M. DRISCOLL,
Custodian of Foreclosed Real Estate.
(Oct. 5-12.)

TO PROTECT MINORS.

Buffalo is considering an ordinance, similar to the one in effect in New York City, for the protection of minors in theaters. It permits children, unaccompanied by adults, only in theaters licensed as to adequate sanitary and safety provisions, sets aside a certain section for them and requires the presence of a licensed matron.

WATER-SUPPLY DEVELOPMENT IN THE UNITED STATES.

In 1652 Boston introduced the first American public water supply. The first mechanical pumps were used in 1761 at Bethlehem, Pa., where Hans Christiansen, an American pioneer water-supply engineer, made his pumps work "after severe struggles." In 1850 there were only 100 water plants in the United States, and as late as 1875 only 243. In 1933 there were more than 11,000 public water supplies, some serving more than one community.

CINCINNATI'S NEW SPORTS FIELD.

Cincinnati's outstanding recreational event of the past year has been the opening of its 200-acre Airport Sports Field—an instantaneous success. Although far from completion and lacking in many necessary facilities, it is already paying its own way. *American City Magazine.*

INTERSTATE MUNICIPAL COOPERATION.

At a recent meeting in New York City a new type of interstate municipal cooperation was launched by officials of cities in New York, New Jersey, and Pennsylvania. The plan is based on direct cooperation among officials of a region on pressing problems of local government.

No. 41

FIRE COMMISSIONER REILLY DISCUSSES PROBLEMS OF FIRE DEPARTMENT IN RELATION TO CITIZENS OF BOSTON DURING RADIO ADDRESS INAUGURATING FIRE PREVENTION WEEK—URGED BY MAYOR TOBIN TO USE EVERY RESOURCE AVAILABLE TO FOCUS ATTENTION OF CITIZENS ON WORK OF DEPARTMENT AND PROBLEM OF FIRE PREVENTION —IN RADIO ADDRESS COMMISSIONER REILLY POINTS TO OTHER SERVICES FIRE-FIGHTING DEPARTMENT IS CALLED UPON TO RENDER AND TELLS OF IMPROVEMENTS INAUGURATED BY HIM UNDER MAYOR TOBIN'S DIRECTION AND COOPERATION, MAKING DEPARTMENT MOST EFFICIENT IN UNITED STATES IN ANY LARGE CITY.

Boston's Fire Prevention program as discussed in radio address on Saturday evening, October 5, from Station WBZ, by William Arthur Reilly, Fire Commissioner, reads, in part, as follows:

As Fire Commissioner of the City of Boston I want to tell you about some of the activities of the coming week, sponsored by the Boston Fire Department.

I feel particularly at home in this radio station because the management, the announcers, and the operating staff, throughout the year, cooperate in every way possible to assist in the work of the Fire Department by giving time for announcements and special programs. For this assistance we, in the Boston Fire Department, are very grateful. There is a spirit of hospitality here that makes one feel welcome, and yet this attitude doesn't detract from the efficiency of the organization to the slightest extent.

I like to think that our Fire Department functions the same way — that our members are courteous and hospitable in all of their dealings with the public, and that they welcome the interest of the people of our city whom they serve twenty-four hours a day with efficiency. Outside of fire circles, probably there aren't very many who know that the Boston Fire Department has been officially rated by the National Board of Fire Underwriters as the most efficient fire department in any large city of the United States. That is an official rating by an impartial body and the members of the fire-fighting organization, from the chief down to the auxiliary services, should take a great deal of pride in that achievement, because it is to them alone that credit is due.

Fire Prevention Week.

Now, next week, beginning tomorrow, Sunday, is Fire Prevention Week, and while, of course, every week should be Fire Prevention Week, it has been determined by the President of the United States that on the anniversary of the Great Chicago Fire (which has come down through history as one of the greatest conflagrations of all times) one week each year should be set aside by official proclamation as Fire Prevention Week.

In 1939 as many as thirty-seven men, twenty-six women and eleven children of Massachusetts lost their lives by fires. More than eleven and one half million dollars worth of damage was caused by fire, 53 per cent of which occurred in dwelling houses.

In Boston, Mayor Tobin has directed that during Fire Prevention Week the Fire Department use every resource at its command to bring to the attention of the people of our city the need for attention to this great problem.

I suppose that in every home today there is the consciousness that the peace and security of our nation is in the balance. The requirement that all aliens must be registered by December 26, the law calling for the registration of young men eligible for service in the armed forces of the United States on October 16, and the daily reports of war, and the horrors of war coming from Europe, make it seem as though our security has become endangered.

All of the money that is being spent for armaments and national defense facilities here in the City of Boston, or to be placed here in the city, is appropriated with the knowledge that it is a necessary expenditure and a desirable one at the present time.

Yet, perhaps you will be surprised when I tell you that the cost of any battle in any war in which the United States has been engaged, in either life or money, is not the equal of the amount of money lost each year as the result of fire, nor is the total of all of the lives lost in the wars in which our country has engaged the equal of the number of lives that have been lost as the result of fire in the United States of America.

Ask Citizens to Use Care.

Men in the Fire Department do not ask for millions of dollars for appropriations at this time. They ask merely that people exercise caution and care, that they carry out the principles of good housekeeping, at home and in every place they go. If smokers would be careful about the way they discard their cigars or cigarettes; if men and women would be more careful in the handling and discarding of matches, if during this very season of the year people of this city would remove accumulated rubbish from their attics and their cellars, we would have a lot less fires during the next few months than we had last winter.

(Continued on page 1093.)

"O Boston, fair City enthroned like a radiant queen,
From thy hill looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKEL DOLB.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marqueses, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables slaughter-houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To THE STATISTICS DEPARTMENT, 73 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending Oct. 5, 1940.

Population as of July, 1940, Massachusetts State Census, 817,713; population estimated July, 1940, United States Census Bureau, 769,520; number of deaths (stillbirths excluded): Residents, 163; nonresidents, 39; total, 202.

Death rate per 1,000 of population: All deaths, 13.65; nonresidents deducted, 11.01.

Death rate per 1,000 of population:

Last week, 13.98; corresponding week last year, 11.66.

Deaths by age periods, sex, etc.: Under one year, 16; one year to four years, inclusive, 1; sixty years and over, 120. Total deaths: Male, 122; female, 80; deaths in hospitals and institutions, 139; deaths of colored, 3.

PLANNING BOARD BEGINS INVESTIGATION OF WAYS TO HALT SPREAD OF SLUM AREAS AND TO RESTORE BLIGHTED AREAS TO FULL USEFULNESS—WORK BEING UNDERTAKEN BY DIRECTION OF MAYOR TOBIN AND WILL BE BROAD IN SCOPE—MAYOR THOROUGHLY CONCERNED OVER DETERIORATING LIVING CONDITIONS FOUND IN SOME DISTRICTS OF CITY—ADVISORY COMMITTEE ON REHABILITATION WORK HAS BEEN FORMED FROM LEADERS IN CIVIC ORGANIZATIONS.

Aroused to action by deteriorating living conditions in some areas inside Boston, the City Planning Board, by direction of Mayor Tobin, is launching an investigation to find ways to halt the spread of slums and to restore blighted areas to full usefulness.

Tackling the problem on the basis of individual neighborhoods, the Board will send engineers to get details on traffic, recreational, real estate and other living conditions in selected districts by first-hand, physical surveys. It is hoped the study will disclose ways that city and private agencies can reverse the trend toward decline in older sections of the city.

Expanding the project beyond routine planning studies, Mayor Maurice J. Tobin today announced formation of an Advisory Committee on Community Rehabilitation, to be composed of leading civic organizations. Cooperation of community agencies in the neighborhoods studied will also be enlisted.

Spearhead of the study, the Planning Board will expand its staff as the study gets under way. Most of this department's time and effort for months to come will probably be devoted to this investigation.

Decrease in Boston's population shown in the 1940 Federal Census, and continued decline of taxable values were major incentives behind the decision to launch the study, which has special mayoral approval, it was understood at City Hall.

"This will be a detailed, technical study of localized neighborhood areas, one after another, which show signs of depreciation, lost population and related problems," William Stanley Parker, Chairman of the Planning Board, explained.

"The intention is not to make a generalized study, but a specific practical study of each so-called depreciated area

in an effort to find what practical measures we can take to develop each district to its greatest usefulness. In each case the work will be based on detailed analysis of existing conditions in the district," Mr. Parker continued.

The investigation will include search for ways to make it attractive for private capital to modernize foreclosed properties, he went on. It may involve recommendations for changes in the zoning laws.

Embracing a wide and diverse membership, the Advisory Committee on Community Rehabilitation will operate similarly to the Mayor's Conference on Traffic, which is working out plans for traffic relief for Boston, for submission to the 1941 Legislature as part of Boston's legislative program.

Members of the Advisory Committee on Public Improvements, already created by the Mayor to cooperate with the Planning Board, will form the nucleus of the new committee. Subject to further additions, these will include Central Labor Union, Chamber of Commerce, Boston Real Estate Exchange, Boston Society of Architects, Boston Society of Landscape Architects, Engineering Societies of New England, Massachusetts Real Estate Exchange, and the United Improvement Association.

Other organizations being invited to cooperate will be the Savings Bank Association, insurance companies, Boston Council of Social Agencies, Better Homes, League of Women Voters and the Housing Association of Metropolitan Boston.

Frederic H. Fay, formerly Chairman of the Planning Board, has been invited to act as chairman of the committee. Mr. William Emerson, formerly Dean of the School Architecture at Massachusetts Institute of Technology, has been invited to act as vice chairman.

Newton, Catherine Connolly, 52 Cope-land street, Ann Cooley, 32 Mozart street, 1 day; Mary Doherty, 16 Emerald street, 5 days; Hannah Donaghue, 313 Huntington avenue, 4 days; Julia Driscoll, 4 Worcester square, Georgiana Esa, 132 West Concord street, 2 days; Madeline Finnegan, 23 Blakeville street, Ruth Flanagan, 39 Worcester square, Emily Gallagher, 96 East Brookline street, Gladys Goulet, Queensberry street, 1 day; Margaret Keegan, 11 East Newton street, Madeline Kelley, 15 Silloway street, 2 days; Georgiana LeBlanc, Wakefield, 1 day; Etta Liberty, 3 Nottingham street, 2½ days; Mary McSweeney, Stoughton, 1 day; Lorinda McAuley, 839 Beacon street, 7 days; Dora McDiarmid, Belmont, Margaret McDonough, 70 Fenway, 4 days; Mary Maloney, 35 Harbor View street, ½ day; Anna Morasky, 51 Worcester street, 2 days; Kathleen O'Donnell, 38 Hemenway street, Agnes O'Connor, 17 Cumberland street, Helen Paul, 11 Forest street, 1 day; Rose Pelletier, 17 Cumberland street, 2 days; W. Healey, 699 Massachusetts avenue, Douglass Spencer, 151 Arlington street, Matilda Tomassetti, Watertown, 1 day.

The following persons were employed as substitutes for nurses out ill at the rate of \$1,200 a year:

Arline Campbell, 69 Worcester square, for Gertrude Brennick. Total, 1 week.

Virginia Duncan, 131 Park Drive, for Anne Smith, Margaret V. Foley. Total, 11-7 weeks.

Lucille Devine, 33 Worcester square, for Antoinette Pascucci. Total, 3 days, Sylvia Hould, 17 Helen street, for Pearl Gorman, Anne Saffie. Total, 11-7 weeks.

Mary Murphy, 779 East Fourth street, for Greta Hill. Total, 11-7 weeks.

Rose Pinnell, 27 Wilmington street, for H. Francene Stuart. Total, 1 week.

Ruth Shaughnessy, 1129 Dorchester avenue, for Blanche Kenney. Total, 11-7 weeks.

Alice Rioux, 59 Lyman street, for Margaret Taylor, Dorothea McGachie, H. Francene Stuart, Ethel Clifford, Alice McGowan. Total, 11-7 weeks.

Marie Stanley, 43 Sagamore street, for Elizabeth Lorden, Lucille Charest. Total, 3 days.

Florence Verry, 109 East Canton street, for Helen Doyle, Edith DeLoffi, Alice McGowan, M. V. Foley, Antoinette Pascucci, Ann Cauley. Total, 11-7 weeks.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, October 10:

CITY CLERK DEPARTMENT.

Approval has been given for the following step-rate increases, effective October 5, viz.:

Mildred Armstrong, from \$900 to \$1,000 a year.

Rita Cronin, from \$900 to \$1,000 a year.

Raphaella DiPietro, from \$900 to \$1,000 a year.

Anna L. Waldman, from \$1,200 to \$1,300 a year.

Sylvia Shulman, from \$1,000 to \$1,100 a year.

HOSPITAL DEPARTMENT.

The following special nurses have been employed at \$4.50 a day:

Agnes Ahearn, 65 Wachusett street, 7 days; Ila Allen, 702 Massachusetts avenue, 1 day; Helen Anderson, 92 Selden street, 2½ days; Stacia Andrews, 59 Templeton street, 7 days; Selma Berman, 367 Harvard street, 1 day; Sara Bowers, 9 Tremlett street, 2 days; Mary Burke, 47 Pleasant street, Beatrice Campbell, Norfolk, Nora Conley, West

Lillian Blackburn, 241 Everett street, for Anne Cooney, Engrid Rosendale, Kathleen Sullivan. Total, 11-7 weeks.

The following persons have terminated their services in the Hospital Department:

Evelyn Sacaleau, floor nurse, \$1,200 a year; Mary A. Conlin, ward assistant, \$15 a week; Michael Bowes, kitchenman, \$17.50 a week; Julius Greenstein, orderly, \$16.50 a week; Helen F. Landers, telephone operator, \$27 a week; Allen Hickey, bus boy, \$15 a week; Doris L. Brock, ward assistant, \$15 a week.

The following monthly nurses have been employed:

Henrietta Sobon, \$12.50 a month; Mildred Hodgkins, \$10 a month; Helen Efstathiou, \$12.50 a month, sent in as Helen Efstathion; Aline Tetreault, \$12.50 a month, did not report.

The following persons were employed as substitutes for nurses out ill at the rate of \$1,200 a year:

Arline Campbell, 69 Worcester street, for Gertrude Brennick. Total, 6 days.

Virginia Duncan, 131 Park Drive, for Anne Smith. Total, 6 days.

Mary Murphy, 779 East Fourth street, for Greta Hill. Total, 5 days.

Rose Pinnell, 27 Wilmington street, for Francene Stuart. Total, 6 days.

Ruth Shaughnessy, 1129 Dorchester avenue, for Evelyn Sacaleau. Total, 6 days.

Florence Verry, 109 East Canton street, for Margaret Kenney, Helen Burton, Florence Gale, Anne Cauley. Total, 1 week.

Lillian Blackburn, 241 Everett street, for Blanche Kenney, Alma Mangett, Esther Anderson, Anne Cooney. Total, 5 days.

Robina Loring, for Blanche Kenney. Total, 1 day.

Sylvia Mould, 17 Helen street, for Pearl Gorman. Total, 1 day.

Alice Rioux, 59 Lyman street, for Greta Hill. Total, 1 day.

Lucille Devine, 33 Worcester square, for Antoinette Pascucci. Total, 5 days.

The following special nurses have been employed at \$4.50 a day.

Helen Anderson, 92 Selden street, 1 day; Agnes Ahearn, 65 Wachusett street, Stacia Andrews, 59 Templeton street, 7 days; Steva Belanus, 349 Columbia road, Selma Berman, 367 Harvard street, Mary Casey, 191 Randolph street, 2 days; Mildred Cohen, 46 Saint Botolph street, 1 day; Nora Conley, West Newton, 3 days; Catherine Cunningham, 20 Mallet street, Jane Dignan, Medford, Mary Doherty, 16 Emerald street, Hannah Donahue, 313 Huntington avenue, Joseph Doran, Brookline, 1 day; Mary H. Doyle, 145 Hemenway street, 2 days; Julia Driscoll, 4 Worcester square, Bertha Eden, 52 Glenville avenue, 1 day; Georgiana Esa, 132 West Concord street, 3 days; Madeline Finnegan, 23 Blakeville street, 7 days; Margaret Fitzpatrick, 36 Worcester square, 1 day; Ruth Flanagan, 39 Worcester square, 3 days; Ann Forman, 511 Beacon street, Katherine Gabriel, 646 Metropolitan avenue, 2 days; Emily Gallagher, 96 East Brookline street, 1 day; Irene Griffin, 54 East Dedham street, 3 days; Frances Harris, 373 Warren street, 2 days; Elizabeth Healey,

699 Massachusetts avenue, 3 days; Helen Hogan, West Newton, 2 days; Etta Liberty, 3 Nottingham street, Alice Lydon, 8 Akron street, 1 day; Lorinda McAuley, 839 Beacon street, 7 days; Dora McDiarmid, Belmont, 1 day; Margaret McDonough, 70 Fenway, 3 days; Grace McKay, 409 Huntington avenue, Florence McMasters, 696 Massachusetts avenue, 1 day; Mary McSweeney, Stoughton, 4½ days; Mary Maloney, 35 Harbor View street, 2 days; Barbara Moore, Cambridge, 1½ days; Anna Morasky, 41 Worcester square, 3 days; Sylvia Mould, 17 Helen street, 2½ days; Mildred Noxon, 147 Spencer street, Agnes O'Connor, 17 Cumberland street, 2 days; Daphne Parks, 51 Hammond street, 1 day; Mildred Pratt, 1203 Boylston street, 3½ days; Wanda Prsygodski, 23 Worcester square, 3 days; Jeannette Roussie, 14 Worcester square, 7 days; Mary Ryan, 409 East Seventh street, 2 days; Rachael St. Pierre, 65 Park Drive, 7 days; Evelyn Sacaleau, 66 Fenway, 1 day; Kathryn Silva, Somerville, 2 days; Viva Snowden, 64 Westland avenue, 7 days; Douglass Spencer, 151 Arlington street, 1 day; Doris Sutherland, 120A Lanark road, 3 days; Anna Torf, 47 Warren street, Matilda Tomasetti, Watertown, 2 days; Alice Travers, 69 Woodford street, 7½ days; Ethel Tracey, 44 Monmouth street, 2 days; Margaret Valencia, 25 Worcester square, 4 days; Doris Walker, Cambridge, 7 days; Anna Ward 115 Pinckney street, 1 day; Mary Burke, 47 Pleasant street, Beatrice Campbell, Norfolk, Grace Powers, 16 Spaulding street, 2 days; Sylvia Torre, 128 Bennington street, 1 day.

The following monthly nurses have been employed:

Probationers, No Pay, September 3: Ellna Anderson, Ruth Andrade, Mary Austin, Kathryn Bird, Barbara Blackall, Gladys Blue, Edna Bourdelais (re-entry), Rita Bouzan, Rita Bryant, Olga Cembolsky, Marie Chase, Elizabeth Clark, Rose Cokash, Sylvia Cole, Margaret M. Collins, Natalie Connors, Florence Cook, Gloria Coradi, Mary A. Costello, Ann Cullen, Isabel Dabrowski, Rose Edelstein, Grace Fall, Dorothy Fay, Lillian Fine, Gilda Fillippone, Anna Finochiaro, Olympe Formicola, Catherine Gareri, Mary Gartland, Ruth Green, Mildred Hamburg, Barbara Hampe, Catherine Hanbury, Vina Hatch, Ortind Heloig, Enoth Hinds, Dorothy Hines, Charlotte Jamieson, Eleanor Johnson, Selma Kaufman, Mary Kelly, Rita Killen, Alice Lafayette, Olive Landry, Rosemarie Lanzilla, Blanche Linick, Alva Lindstrom, Locatti Lutkus, Rita Lyons, Mary Mahan, Marie Marotto, Lorraine Martin, Margaret V. Murphy, Regina Murphy, Marie McCann, Frances McColligan, Emilie McDowell, Mary McElkinney, Margaret McKenna, Dorothy McLaughlin, Martha McNamara, Geraldine McPherson, Helen O'Meara, Ann O'Neil, Helene O'Neill, Ann Phillips, Margaret Quinn, Claire Regan, Dorothy Regan, Ruth Richards, Agnes Russo, Adele Sarto, Gloria Searppa, Rita Sharpe, Barbara Simpkins, Dena Slaney, Dorothea Strecker, Marion Spencer, Mildred Sullivan, Mary Tatseos, Nellie Vaccaro, Gloria Vasil, Jane Viraio, Christine Walsh, Catherine Ward, Mary Wells, Dorothy Wiggins, Adeline Williams, Ruth Wolf, Elizabeth Yourell (re-entry), Anna Berry Wright.

The following affiliated nurses have been employed September 30:

Catherine M. Fleming, Marie G. Ford, Gertrude M. Gillis, Helen Efstathiou, Mary C. Donnelly, Helen M. Daw, Mabel M. Currier, Muriel I. Butterfield, Helen C. Cronin, Dorothy A. Simmons, Laura M. Vario, Alice M. Molway, Mafalda R. Champa, Anna Baron, Alice Texeira, Aline E. Tetreault, Katherine R. Taylor, Eleanor G. Savage, Helen M. Noonan, Katherine A. Otto, Frances V. Melle, Marjorie A. Furbish, Phyllis L. Simpson, Catherine R. Martin, Mary J. Leonard, Dorothy T. King, Mary E. J. Lloyd, Helen F. Maher, Athena Liakos, Doris M. Leigh, Marie L. LeBlanc, Ruth I. Herbst, Florence L. Horton, Virginia S. Armitage, Mary M. O'Malley, Anne M. Smith, Jeanette Bretagne, Irene G. Grenon, Gordie Calocci, re-entry, \$12.50 a month.

Harriet C. Britton, Virginia West, Barbara A. DuBois, \$15 a month.

Vannessa H. Porter, Barbara S. Brown, \$11 a month.

Thelma L. Methe, Catherine Whitney, Norma Jones, Phyllis A. Pattee, Frances E. Rogers, Mary Lake, Olga E. Landon, Vera P. Kitson, Marian M. Menard, Mildred H. Prior, Dorothy P. Briggs, Marion Ahearn, Rose M. DePietro, Mildred Kitson, Eleanor J. Pyer, Phyllis M. Legassey, Irene G. Desmond, Myrtle Geilrich (South), Priscilla H. White (South), \$10 a month.

Josephine A. Piontek, Ruth E. Goudey, Eileen P. Doherty, \$9 a month.

Marjorie M. Morrison, Mary Faro, Rita Burke, Elizabeth L. Ricker, Gladys Herron, \$8 a month.

Marion F. Cronin, Ernestine T. Lowell, Ruth I. Branson, \$6 a month.

Monthly increases: Clinton Pendleton, Wallace Wesley, \$12.50 to \$16.67 a month.

LAW DEPARTMENT.

William E. Bennett, 38 Breck avenue, Brighton, has been appointed assistant corporation counsel, at \$3,000 a year, effective October 1.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the employment of the following as tunnel guards at \$6 a day, for one day, September 24, to replace regular men who were given that day off to participate in the American Legion Parade:

Michael McCarthy, 8 Pleasant street, Dorchester; John Wessling, 180 London street, East Boston; Paul W. Frost, 15 Falkland terrace, Brighton; Patrick Petrone, 628 Second street, South Boston; Donald Regan, 55 St. Andrew road, East Boston; Richard Gill, 61 St. Andrew road, East Boston; Francis Magee, 61 St. Andrew road, East Boston; William Barker, 227 London street, East Boston; Patrick DiPesa, 194 Marion street, East Boston.

The Mayor has approved the following appointments:

HOSPITAL DEPARTMENT (Sanatorium Division).

William Shepard, 20 Manthorne road, West Roxbury, supervisor, desk relief, \$4 a shift.

Michael Bowes, 9 Carolina avenue, Jamaica Plain, permanent kitchenman-waiter, \$17.50 a week and two meals.

Joseph VanLandeghen, 249 River street, Mattapan, permanent patient male nurse, \$480 a year.

Beulah Marr, 18 National street, South Boston, permanent nurse, \$1,020 a year and maintenance.

Margaret Craven, 272 West Third street, South Boston, permanent nurse, \$1,020 a year and maintenance.

Elizabeth F. Connors, 115 Pierce street, Hyde Park, temporary nurse, \$1,020 a year.

Anastasia Flaherty, 34 Fresno street, Roslindale, permanent nurse, \$1,020 a year.

Mary Leonard, 224 Hyde Park avenue, Jamaica Plain, permanent nurse, \$1,020 a year.

Elizabeth Lewis, 27 Idaho street, Mattapan, temporary wardmaid, \$10.50 a week and maintenance.

Elmer Rohl, 249 River street, Mattapan, permanent patient male nurse, \$480 a year.

William Johnson, 249 River street, Mattapan, permanent patient choreman, \$240 a year.

Barbara Welch, 44 West Seventh street, South Boston, temporary wardmaid, \$10.50 a week and maintenance.

Catherine Powers, 192 Silver street, South Boston, temporary wardmaid, \$10.50 a week and maintenance.

Mary A. Tracey, 272 West Third street, South Boston, temporary nurse, \$1,020 a year.

Dr. Timothy Curran, Boston State Hospital, Dorchester Centre Station, interne, \$1,000 a year.

Patrick O'Connor, 249 River street, Mattapan, permanent patient male nurse, \$480 a year.

Susan Sillars, 34 Fresno street, Roslindale, permanent nurse, \$1,020 a year.

Anastasia K. Flaherty, 34 Fresno street, Roslindale, temporary nurse, \$1,020 a year and maintenance.

Susan Sillars, 34 Fresno street, Roslindale, temporary nurse, \$1,020 a year and maintenance.

PRINTING DEPARTMENT.

Francis J. Maher, 86 Woodrow avenue, Dorchester, bookbinder, \$42.20 a week.

Cornelius E. Cusack, 40 Hobart street, Brighton, cylinder press feeder, \$36.60 a week.

The Mayor has approved the following promotion or adjustment in compensation:

HOSPITAL DEPARTMENT (Sanatorium Division).

Dr. Calvin Cerratto, 249 River street, Mattapan, from resident medical officer, 4th Assistant at \$1,420 a year to resident surgeon at \$1,800 a year.

OVERTIME ALLOWED.

The heads of the various departments whose employees have received payment for overtime state in connection therewith that if any laborer has been allowed to work more than eight hours per day it has been only in case of emergency under the law.

Printing Department.

For the week ending Tuesday, September 17:

Daniel F. Sullivan, apprentice, 4 hours, \$5.40; Theresa Morrison, apprentice, 4

hours, \$4.36; Daniel L. Cadigan, Henry A. Cahill, Joseph DeCastro, Annie M. Delaney, compositors, 4 hours, \$6.20 each; James J. Dillon, Francis W. Doyle, compositors, 8 hours, \$12.40 each; Kerrins J. Finn, Bernard M. Harris, Albert A. Koven, compositors, 4 hours, \$6.20 each; Walter Lang, Michael McKeen, compositors, 8 hours, \$12.40 each; Abraham J. Rosen, Henry J. Tayne, compositors, 4 hours, \$6.20 each; Edward J. Timilty, compositor, 8 hours, \$12.40; Helen E. Walsh, compositor, 4 hours, \$6.20; Roland D. Flynn, Edward R. Sheehan, copyholders, 4 hours, \$3.32 each; Virginia Tint, Anna M. Whitney, copyholders, 4 hours, \$4.36 each; Cecelia Arsenault, Annie T. Carnes, Helen M. Corbett, Anna E. Degnan, operators, 2½ hours, \$3.88 each; Jennie Dyer, compositor, 2½ hours, \$3.49; Cora A. Gibson, Mary F. Hurley, Annie E. Lawler, Rose V. Mellen, compositors, 2½ hours, \$3.88 each; Mary A. Mitchell, compositor, 4 hours, \$6.20; Maurice F. Murphy, Anna Pfeiffer, Veronica Shanney, compositors, 2½ hours, \$3.88 each; Alice H. Sullivan, operator, 4 hours, \$6.20; Helen M. Taylor, operator, 2½ hours, \$3.88; James H. Sullivan, monotype caster operator, 4 hours, \$6.20; William E. Beck, monotype caster operator, 4 hours, \$5.40; John J. Burns, Elizabeth Grant, Dorothy Schlicht, Julia A. Sullivan, proofreaders, 4 hours, \$6.20 each; Edward J. Sarsfield, apprentice, 8 hours, \$6.88; Herbert McCarron, errand boy, 4 hours, \$2.72; Charles Johnson, helper, 8 hours, \$10.80; Richard Morrison, cylinder pressman, 4 hours, \$6.92; William L. Donohue, Arthur Whalen, cylinder pressmen, 4 hours, \$6.40 each; Michael Cooney, Cornelius Cusack, press feeders, 4 hours, \$5.48 each; George L. Boyer, monotype caster operator, 4 hours, \$5.12. Total, \$304.17.

CONSTRUCTION WORK.

The Mayor has approved the following construction work at the request of the Public Works Department:

A sanitary sewer of 10-inch pipe in Beacon street, between town of Milton line and 20 feet southwesterly to existing manhole, in the Hyde Park district, at an estimated cost of \$120.

A sanitary sewer of 10-inch pipe and a surface drain of 12-inch pipe, W. P. A. Project 665-14-2-1167, Work Project 20-303, in Range road, between Barna road and Mercier avenue, in the Dorchester district, at an estimated cost of \$2,700.

A surface drain of 12-inch, 15-inch and 20-inch pipe and two catch-basins, W. P. A. Project 665-14-2-1167, Work Project 20303, in Newbern street, between Carolina avenue and Elm street, in the West Roxbury district, at an estimated cost of \$17,954.

A surface drain of 10-inch, 18-inch and 24-inch pipe and three catch-basins, W. P. A. Project 665-14-2-1167, Work Project 20303, in Carolina avenue, between Call street and 414 feet westerly, in the West Roxbury district, at an estimated cost of \$13,681.

A surface drain of 12-inch pipe and five catch-basins, W. P. A. Project 665-14-2-1167, Work Project 20303, in John A. Andrew street, between Newbern street and 174 feet southerly, and between Carolina avenue and Sedgwick street, in the West Roxbury district, at an estimated cost of \$7,394.

FIRE PREVENTION WEEK.

(Continued from page 1089.)

Right now, during the fall season, I am willing to wager that not five per cent of the home owners of our city have given any attention to the condition of their heating equipment. When did you in your home have your furnace cleaned, or have the stack that runs from your furnace to the chimney taken down, inspected and cleaned? Chimney fires and fires in heating plants and cellars of our homes and buildings in Boston are enough to keep the Fire Department busy during the winter months, and all because the people will not be careful in seeing that this type of equipment is kept in good condition.

Let me tell you now what the Fire Department as an organization is doing this year, in addition to things always done by the department to help prevent fires. Listen to this:

One of the most important developments in a generation toward increased fire protection and fire prevention in any large city of the United States is now taking place in the City of Boston. Having in mind the experiences of the Fire Department during the hurricane and the great snowstorm of recent memory, and having learned of the activities of the British fire departments during the present war emergency, the Boston Fire Department has begun to organize the largest fire force in its history, through formation of a Volunteer Civilian Auxiliary Corps.

PREPARED TO MEET DISASTERS.

Mayor Tobin ordered the Fire Department to make special preparations for any kind of an emergency disaster situation that might arise in the future—in either peace time, or war time.

The following activities were decided upon and some have been completed, and all others are under way.

(1.) All vacancies in the officers' ranks in the paid fire force have been filled. Fifty new privates have been appointed to fill some of the vacancies in the paid fire force.

(2.) A new 125-foot aerial ladder truck (the highest yet made in the U. S. A.) has been ordered. This also provides an additional water tower stream for downtown Boston. A special quadruple combination (aerial, pump, booster and hose wagon), the first in Boston, has been ordered for Brighton. Water tanks are to be mounted on old truck chassis for use in open spaces where water may be cut off or located a long distance away.

(3.) A fire councilor has been appointed in every school building in the City of Boston, with duties assigned to assume responsibility for fire drills, and to promote teachers' and pupils' fire prevention activities that will safeguard the lives of the children in the school building. One student fire marshal (boy or girl) has been appointed in each classroom to assume the responsibility of passing out and collecting literature and carrying out the fire prevention activities of the school.

(4.) A volunteer civilian auxiliary fire-fighting force has been organized. Already 450 young men between the ages of twenty-one and thirty-five have completed the same course of training that is given to regularly appointed firemen in the city service. These young men reported to drill schools of the Fire Department for two hours training each night during the months of July and August, and today they would be able

to work at a fire alongside of the regular fire department men and perform the same tasks in the same way that regular firemen do, except perhaps for the possibility of shortcomings due to lack of actual fire-fighting experience.

TRAINING VOLUNTEERS.

These men have been assigned to the fire stations nearest their homes, where they will serve in an emergency, to man spare equipment located in the neighborhood, from which the volunteers will operate under the direction of a paid officer of the department.

(5.) A call has been issued for the enrolment of men beyond the draft age. Invitations have been sent to various veteran posts, fraternal and civic societies, asking men to attend the various drill schools of the Fire Department and participate in an educational program which does not involve ladder or rescue work. School fire councilors, members of Boards of Trade, Legion and Veterans of Foreign Wars Posts, with other civic and fraternal organizations, have responded in great numbers. It is anticipated that by spring 2,000 men of the city will be trained in at least the elements of fire fighting. This training will include instruction in the connecting of hose lines, use of various types of extinguisher, identification and location of various kinds of fire-fighting equipment and resources.

The next step is to be in industry. It is the purpose of the Fire Department to organize in every large or medium sized plant in the city an auxiliary fire-fighting force headed by a fire marshal. Officers of the department are available to point out special hazards existing in the buildings, and to give training to the employees in the best methods of handling whatever type of fire may be found on the premises. Organized fire drills, use of fire extinguishers and fire-prevention rules will be emphasized.

Members of the Chamber of Commerce and various trade associations of Boston are invited to participate in this program by writing to the Fire Commissioner at 60 Bristol street, Boston, Mass. The local district chief will then take up the opportunity to give instruction to employees under the direction of Deputy Chief Coughlin, who has been assigned by the Chief of Department, Samuel J. Pope, to take charge of this civilian auxiliary fire-fighting force.

BENEFITS.

With residents of the city trained to do first-aid work and possessed of a knowledge of the resources for putting out fires, plus knowledge of approved methods of extinguishing various types of fires, this program should go far to prevent the spread of fire wherever it may occur. Non-residents of Boston employed in the city, trained in the elements of fire fighting and fire prevention, likewise, will be able to do their part to prevent fire from spreading during daytime hours in business areas. Fire councilors by their example and education will convey to school children the dangers of fire and the ways to avoid causing fire, which information will in turn, be reflected in the homes and later on in business, when these children take their places in various occupations.

There is no expense involved in this program. If the civilian force is never called upon to act in case of any emergency, this activity is worthwhile as public safety education. The more people who know about fires, the causes of fires,

and the best way to handle fires, the more the fires that can be avoided.

IN INTEREST OF PUBLIC SAFETY.

Designed in the interests of public safety this program cannot fail. With the cooperation of industry to the same extent that cooperation has been received from educational and social organizations, the program can be a model for other departments throughout the country. The Boston Fire Department has proceeded to prepare itself just as it would if a state of war existed. The paid firemen will do all the work they can and they will give time and energy to instruct all who wish to help protect lives and property from the ravages of fire.

Heads of business organizations, plant superintendents and executives of medium and large sized businesses are invited to write to the Fire Commissioner and secure the services of the Fire Department in organizing a fire brigade and system of protection from fire throughout company property.

Someone has said that there is "nothing new under the sun," and old-timers will testify that this idea is merely a development of the old "call firemen system" which still exists in some small towns and is useful when a fire is big enough to require additional help for the regular firemen.

Let's get ready for the worst. If nothing happens, all the better. If something does happen, there will be no panic, no terror, no confusion. We will be ready here in Boston, with a trained force of paid and volunteer firemen for whatever emergency may arise or whatever disaster may occur.

Once again Boston leads the way for the nation in fire-fighting methods and in public safety.

We're having a parade tomorrow. Come and see it. Bring the children. It starts at 2.30 on Stuart street, near Park square, goes along Washington street to Winter, Winter to Tremont, Tremont to Boylston and Boylston street to the Common.

Uniformed men, civilian auxiliary firemen, old horse-drawn apparatus, hand-tubs, old motor apparatus and modern aerial ladder trucks will all be seen in this parade. There will be a half-dozen floats, seven or eight of the finest bands in Boston, delegations and equipment from the twelve surrounding towns, from the National Guard and from the State Forestry Service, all giving a display of the organization and man power that is required to meet the problem of fire caused to a great extent by the carelessness of the people of this day and age.

This is going to be a great parade. The kind of a parade that children and adults will like. It will be followed by an exhibition on Boston Common of drill and rescue work, where you can see spectacular rope slides, jumps into the life nets and other activities of the Fire Department. Come and see our anti-aircraft gun, our special river boats, our floats. Plenty of room in town on Sunday and some of the stands left over from the Legion parade are still on Boylston street. See our show on the Common. Parade starts at 2.30. Show at 3.30.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Jaeger terrace, West

Roxbury district, as a highway, from Pond street northerly, then northeasterly, bounded and described as follows:

A highway named Jaeger terrace is hereby laid out, from Pond street northerly and thence northeasterly, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southerly by Pond street, forty and 4-100 feet; westerly by the westerly line of said Jaeger terrace as hereby laid out, one hundred ten and 87-100 feet; again westerly by the westerly line of said Jaeger terrace as hereby laid out, forty-three and 46-100 feet on a curve of forty feet radius; northwesterly by the northwesterly line of said Jaeger terrace as hereby laid out, one hundred ninety-six and 79-100 feet; easterly by the easterly line of said Jaeger terrace as hereby laid out, forty-two and 81-100 feet; southeasterly by the southeasterly line of said Jaeger terrace as hereby laid out, one hundred eighty-one and 52-100 feet; and easterly by the easterly line of said Jaeger terrace as hereby laid out, one hundred twelve and 58-100 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on all sides of Jaeger terrace will receive benefit or advantage beyond the general advantage to all real estate in said city from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on plan marked "City of Boston, Jaeger Terrace, West Roxbury, Assessment Plan, September 17, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Lot.	Amount.
1. Annie S. Kaplan.....	\$176 00
2. George B. Stebbins.....	227 10
3. City of Boston.....	187 95
4. Marion H. E. Shurer.....	198 00
5. Rose Ellen Schuehle.....	247 68
6. J. A. Robert Quinn et al.....	247 02
7. Selma H. Sobin, City of Boston, Tax Deed.....	240 44
Total.....	\$1,624 19

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Jaeger terrace, West Roxbury district, as a highway, from Pond street northerly and thence northeasterly, under the order of the Board of October 1, 1940, and awards no damages therefor.

RESERVED SPACE DISCONTINUED.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the reserved space established in Blue Hill avenue for the use of street railways, under the order of the Street Commissioners and Mayor of November 5, 1894, be, and the same hereby is, discontinued, from the southerly end of the reservation, near River street, for a distance of approximately seven hundred and twelve feet northerly.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

SUPPLY DEPARTMENT.

Upon September 10 the Mayor approved a contract with W. A. Snow Company, Inc., for furnishing ornamental iron picket fence, etc., to be delivered at Mount Hope Cemetery, Walk Hill street, Mattapan, Park Department, at a total lump sum price of \$1,336, less 2 per cent cash discount for payment in ten days. Bids, opened August 30, were as follows:

Furnishing All Ornamental Iron Picket Fence, Gates, Posts and Related Material, in Accordance with Plan and Specifications.—Anchor Post Fence Company, \$1,505; The Chain Link Fence Company, \$1,468; West End Iron Works, \$2,949; P. J. Dinn & Co., \$1,348; Hub Steel and Iron Works, Inc., \$1,642; W. A. Snow Company, Inc., \$1,336.

Cash Discount, Ten Days.—Anchor Post Fence Company, 2 per cent; The Chain Link Fence Company, 2 per cent; P. J. Dinn & Co., 1 per cent; W. A. Snow Company, Inc., 2 per cent.

Net Total.—Anchor Post Fence Company, \$1,474.90; The Chain Link Fence Company, \$1,438.64; West End Iron Works, \$2,949; P. J. Dinn & Co., \$1,334.52; Hub Steel and Iron Works, Inc., \$1,642; W. A. Snow Company, Inc., \$1,309.28.

Upon September 10 the Mayor approved a contract with Raymond D. Henchey for furnishing pig lead to the Water Division of the Public Works Department. Bids, opened August 22, were as follows:

Approximately 20,000 Pounds, 10 Tons, Omaha Grant, or Equal, Pig Lead, Prime Lead, Not Resmelted.

Per Hundredweight Over American Smelting and Refining Company's New York Price of Pig Lead on Day Order is Received.—Raymond D. Henchey, 30 cents; Cambridge Street Metal Company, 33 cents; National Boston Lead Company, 35 cents.

American Smelting and Refining Company's New York Price on Day of Opening of Bids, Per Hundredweight.—Raymond D. Henchey, \$4.90; Cambridge Street Metal Company, \$4.90; National Boston Lead Company, \$4.90.

Price on Day of Opening of Bids, Per Hundredweight.—Raymond D. Henchey, \$5.20; Cambridge Street Metal Company, \$5.23; National Boston Lead Company, \$5.25.

Approximate Total.—Raymond D. Henchey, \$1,040; Cambridge Street Metal Company, \$1,046; National Boston Lead Company, \$1,050.

Cash Discount, Ten Days.—Raymond D. Henchey, 1 per cent; Cambridge Street Metal Company, 1 per cent; National Boston Lead Company, 1 per cent.

Approximate Net Total.—Raymond D. Henchey, \$1,029.60; Cambridge Street Metal Company, \$1,035.54; National Boston Lead Company, \$1,039.50.

Upon September 10 the Mayor approved a contract with low bidders as indicated for furnishing hay, grain and straw to city departments during September, 1940. The approximate totals of awards were as follows:

John J. White Company, \$939.70; Gordon-Dawson Company, \$630; Curley

Grain and Fuel Company, \$596.06; George H. Parker Grain Company, \$406; William Culkeen & Sons Company, \$81.90.

Inasmuch as the individual awards did not total \$1,000, formal written contracts were not drawn up. Bids, opened August 16, were as follows:

60,000 Pounds Hay, Per Hundredweight.—John J. White Company, \$1.05; William Culkeen & Sons Company, \$1.18; Gordon-Dawson Company, \$1.05.*

30,000 Pounds Oats, No. 2 White, Per Hundredweight.—John J. White Company, \$1.48; William Culkeen & Sons Company, \$1.51; Curley Grain and Fuel Company, \$1.44.*

6,000 Pounds Straw, Per Hundredweight.—John J. White Company, \$1.35; William Culkeen & Sons Company, \$1.50; Curley Grain and Fuel Company, \$1.345.*

4,000 Pounds Bran, Per Hundredweight.—John J. White Company, \$1.48; William Culkeen & Sons Company, \$1.50; Curley Grain and Fuel Company, \$1.39.*

2,000 Pounds Corn Meal, Per Hundredweight.—John J. White Company, \$1.85; William Culkeen & Sons Company, \$1.74*; Curley Grain and Fuel Company, \$1.78.

500 Pounds Cracked Corn, Per Hundredweight.—John J. White Company, \$1.85; William Culkeen & Sons Company, \$1.74*; Curley Grain and Fuel Company, \$1.89.

500 Pounds Whole Corn, Per Hundredweight.—John J. White Company, \$1.85; William Culkeen & Sons Company, \$1.74*; Curley Grain and Fuel Company, \$1.89.

500 Pounds Milo, Per Hundredweight.—John J. White Company, \$2.30*; William Culkeen & Sons Company, \$2.50; Curley Grain and Fuel Company, \$2.59.

* Contract awarded

Upon September 20 the Mayor approved a contract with P. J. Dinn & Co. for furnishing chain link fence, etc., for the Park Department. The approximate amount of the contract was \$1,631.88, less 2 per cent cash discount for payment in ten days. Bids, opened August 19, were as follows:

Requisition No. 4, "H," 21745, For Delivery at Matthew J. Sweeney Playground, West Fifth Street, South Boston.

Item 1, 400 Linear Feet Chain Link Fence, 6 Feet, Per Foot.—P. J. Dinn & Co., 42 cents, No. 6 gauge*; Anchor Post Fence Company, see total; The Chain Link Fence Company, 39 cents, No. 6 gauge, or 24 cents, No. 9 gauge; American Chain Link Fence Company, 42 cents.

Item 2, 100 Linear Feet Chain Link Fence, 10 Feet, Per Foot.—P. J. Dinn & Co., 72 cents, No. 6 gauge*; Anchor Post Fence Company, see total; The Chain Link Fence Company, 66 cents, No. 6 gauge, or 40 cents, No. 9 gauge; American Chain Link Fence Company, 71 cents.

Item 3, 1,000 Linear Feet, One and Five Eighths Inch O. D. Pipe Rail, Per Foot.—P. J. Dinn & Co., 9 cents*; Anchor Post Fence Company, see total; The Chain Link Fence Company, 12 cents; American Chain Link Fence Company, 12 cents.

Item 4, 4 End Posts, 13 Feet by 3 Inches, Each.—P. J. Dinn & Co., \$4.22*; Anchor Post Fence Company, see total; The Chain Link Fence Company, \$4.55; American Chain Link Fence Company, \$3.75.

Item 5, 7 Line Posts, 13 Feet by Two and One Half Inches, Each.—P. J. Dinn & Co., \$2.95*; Anchor Post Fence Company, see total; The Chain Link Fence Company, \$2.75; American Chain Link Fence Company, \$2.45.

Item 6, 10 End Posts, 9 Feet by 3 Inches, Each.—P. J. Dinn & Co., \$2.92*; Anchor Post Fence Company, see total; The Chain Link Fence Company, \$3.15; American Chain Link Fence Company, \$2.40.

Item 7, 50 Line Posts, 9 Feet by Two and One Half Inches, Each.—P. J. Dinn & Co., \$2.04*; Anchor Post Fence Company, see total; The Chain Link Fence Company, \$1.90; American Chain Link Fence Company, \$1.80.

Item 8, 15 3-Inch End Caps, Each.—P. J. Dinn & Co., 65 cents*; Anchor Post Fence Company, see total; The Chain Link Fence Company, 45 cents; American Chain Link Fence Company, 18 cents.

Item 9, 60 Two and One Half Inch Through Line Caps, Each.—P. J. Dinn & Co., 35 cents*; Anchor Post Fence Company, see total; The Chain Link Fence Company, 45 cents; American Chain Link Fence Company, 28 cents.

Item 10, 6 One and One Quarter Inch by One Quarter Inch Tension Rods, 10 Feet, Each.—P. J. Dinn & Co., 65 cents*; Anchor Post Fence Company, see total; The Chain Link Fence Company, 50 cents; American Chain Link Fence Company, 45 cents.

Item 11, 10 One and One Quarter Inch by One Quarter Inch Tension Rods, 6 Feet, Each.—P. J. Dinn & Co., 39 cents*; Anchor Post Fence Company, see total;

The Chain Link Fence Company, 30 cents; American Chain Link Fence Company, 29 cents.

Item 12, 18 3-Inch by One and Five Eighths Inch One-Hole Clamp Bolt and Nut, Each.—P. J. Dinn & Co., 22 cents*; Anchor Post Fence Company, see total; The Chain Link Fence Company, 35 cents; American Chain Link Fence Company, 28 cents.

Item 13, 24 Two and One Half Inch by One and Five Eighths Inch One-Hole Clamp Bolt and Nut, Each.—P. J. Dinn & Co., 19 cents*; Anchor Post Fence Company, see total; The Chain Link Fence Company, 35 cents; American Chain Link Fence Company, 26 cents.

Item 14, 2,500 Tie Wires, Per C.—P. J. Dinn & Co., 3 cents each*; Anchor Post Fence Company, see total; The Chain Link Fence Company, \$1; American Chain Link Fence Company, \$1.25.

Item 15, 100 3-Inch One-Hole Clamps, Each.—P. J. Dinn & Co., 9 cents*; Anchor Post Fence Company, see total; The Chain Link Fence Company, 10 cents; American Chain Link Fence Company, 10 cents.

Total.—P. J. Dinn & Co., \$562.30; Anchor Post Fence Company, \$649; The Chain Link Fence Company, \$508.65, No. 9 gauge on Items 1 and 2; \$594.65, No. 6 gauge on Items 1 and 2; American Chain Link Fence Company, \$582.78.

Cash Discount, Ten Days.—P. J. Dinn & Co., 2 per cent; Anchor Post Fence Company, 2 per cent; The Chain Link Fence Company, 2 per cent; American Chain Link Fence Company, 2 per cent.

Net Total.—P. J. Dinn & Co., \$551.05, No. 6 gauge on Items 1 and 2; Anchor Post Fence Company, \$636.02; The Chain Link Fence Company, \$498.48, No. 9 gauge on Items 1 and 2; \$582.76, No. 6 gauge on Items 1 and 2; American Chain Link Fence Company, \$571.12.

Requisition No. 13, "H" 21826, For Delivery at William Eustis Playground, Norfolk Avenue, Roxbury. All Material to be Hot Galvanized.

Item 16, 300 Linear Feet No. 6 Gauge 2-Inch Diamond Mesh, 8 Feet Wide, Per Foot.—P. J. Dinn & Co., 56 cents*; Anchor Post Fence Company, see total; The Chain Link Fence Company, 52 cents; American Chain Link Fence Company, 55 cents.

Item 17, 150 Two and One Half Inch O. D. Line Posts, 11 Feet Long, Each.—P. J. Dinn & Co., \$2.50*; Anchor Post Fence Company, see total; The Chain Link Fence Company, \$2.35; American Chain Link Fence Company, \$2.10.

Item 18, 12 3-Inch O. D. Line Posts, 11 Feet 6 Inches Long, Each.—P. J. Dinn & Co., \$3.73*; Anchor Post Fence Company, see total; The Chain Link Fence Company, \$4.05; American Chain Link Fence Company, \$3.48.

Item 19, 150 Two and One Half Inch Line Post Caps, Each.—P. J. Dinn & Co., 35 cents*; Anchor Post Fence Company, see total; The Chain Link Fence Company, 45 cents; American Chain Link Fence Company, 28 cents.

Item 20, 12 3-Inch Ball Tops, Each.—P. J. Dinn & Co., 65 cents*; Anchor Post Fence Company, see total; The Chain Link Fence Company, 40 cents; American Chain Link Fence Company, 48 cents.

Item 21, 1,600 Linear Feet One and Five Eighths Inch O. D. Top Rail, Random Lengths, Threaded Both Ends with Couplings, Per Foot.—P. J. Dinn & Co., 9 cents*; Anchor Post Fence Company, see total; The Chain Link Fence Company, 13 cents; American Chain Link Fence Company, 14 cents.

Item 22, 1,600 Linear Feet One and Five Eighths Inch O. D. Bottom Rail, 9-Foot 9-Inch Lengths, Per Foot.—P. J. Dinn & Co., 11 cents*; Anchor Post Fence Company, see total; The Chain Link Fence Company, 15 cents; American Chain Link Fence Company, 14 cents.

Item 23, 150 Bottom Rail Clamps, Two and One Half Inches, Each.—P. J. Dinn & Co., 46 cents*; Anchor Post Fence Company, see total; The Chain Link Fence Company, 50 cents; American Chain Link Fence Company, 55 cents.

Item 24, 12 Bottom Rail Clamps, 3-Inch, Each.—P. J. Dinn & Co., 29 cents*; Anchor Post Fence Company, see total; The Chain Link Fence Company, 50 cents; American Chain Link Fence Company, 55 cents.

Item 25, 12 8-Foot Long Tension Rods, Each.—P. J. Dinn & Co., 52 cents*; Anchor Post Fence Company, see total; The Chain Link Fence Company, 40 cents; American Chain Link Fence Company, 37 cents.

Item 26, 120 Tension Bands, 3-Inch, and Bolts, Each.—P. J. Dinn & Co., 9 cents*; Anchor Post Fence Company, see total; The Chain Link Fence Company, 10 cents; American Chain Link Fence Company, 10 cents.

Item 27, 4,000 Linear Feet No. 9 Annealed Tie Wire, Per C. Feet.—P. J. Dinn & Co., 3 cent a foot*; Anchor Post Fence Company, see total; The Chain Link Fence Company, 36 cents; American Chain Link Fence Company, \$1.25.

Total.—P. J. Dinn & Co., \$1,069.58; Anchor Post Fence Company, \$1,185; The Chain Link Fence Company, \$1,189.60; American Chain Link Fence Company, \$1,173.06.

Cash Discount, Ten Days.—P. J. Dinn & Co., 2 per cent; Anchor Post Fence Company, 2 per cent; The Chain Link Fence Company, 2 per cent; American Chain Link Fence Company, 2 per cent.

Net Total.—P. J. Dinn & Co., \$1,048.19; Anchor Post Fence Company, \$1,161.30; The Chain Link Fence Company, \$1,165.81; American Chain Link Fence Company, \$1,149.60.

Grand Net Total.—P. J. Dinn & Co., \$1,599.24, No. 6 gauge on Items 1 and 2; Anchor Post Fence Company, \$1,797.32; The Chain Link Fence Company, \$1,664.29, No. 9 gauge on Items 1 and 2; \$1,748.57, No. 6 gauge on Items 1 and 2; all or none; American Chain Link Fence Company, \$1,720.72.

*Contract awarded.

Upon October 4 the Mayor approved a contract with New England Alcohol Company for furnishing approximately ninety 54-gallon drums, 4,860 gallons, 95 per cent ethyl alcohol, 190 proof, to be delivered to the city departments, as required, from October 1 to December 31, 1940. The approximate amount of the contract was \$1,749.60. Bids, opened September 12, were as follows:

Approximately 90 Drums, 4,860 Gallons, 95 Per Cent Ethyl Alcohol, 190 Proof, 54 Gallons to Drum.

1 to 4 Drum Delivery, Per Gallon.—New England Alcohol Company, 37 cents*; Commercial Solvents Corporation, 37 cents; United States Industrial Chemicals, Inc., 37 cents; Cities Service Oil Company, in 55-gallon drums, 49 cents a gallon; in 1-gallon cans, 54 cents a gallon.

5 to 18 Drum Delivery, Per Gallon.—New England Alcohol Company, 36 cents*; Commercial Solvents Corporation, 36 cents; United States Industrial

Chemicals, Inc., 36 cents; Cities Service Oil Company, in 55-gallon drums, 49 cents a gallon; in 1-gallon cans, 54 cents a gallon.

19 Drums and Over, One Delivery, Per Gallon.—New England Alcohol Company, 33 cents*; Commercial Solvents Corporation, 33 cents; United States Industrial Chemicals, Inc., 33 cents; Cities Service Oil Company, in 55-gallon drums, 49 cents a gallon; in 1-gallon cans, 54 cents a gallon.

Approximate Total.—New England Alcohol Company, \$1,749.60; Commercial Solvents Corporation, \$1,749.60; United States Industrial Chemicals, Inc., \$1,749.60; Cities Service Oil Company, \$2,381.40.

Cash Discount, Ten Days.—New England Alcohol Company, net 10th proximo; Commercial Solvents Corporation, net; United States Industrial Chemicals, Inc., net, 10th proximo, by carload 29.5 cents a gallon; Cities Service Oil Company, 2 per cent, waiving specifications, Kold-purf Methanol.

Upon October 4 the Mayor approved a contract with H. Maimin Company, Inc., for furnishing three automatic cloth cutting machines, to be delivered to 22 Simmons street, Roxbury, Public Welfare Department.

As the Public Welfare Department has recommended that three 6-inch Maimin machines be purchased as best suited for their requirements, permission has been given to award this contract to H. Maimin Company, Inc., the second lowest bidder.

The net amount of the contract was \$765.30, less 2 per cent cash discount for payment in ten days.

Bids, opened June 14, were as follows: *Three Maimin Automatic XXX Cloth Cutting Machines with Straight Knife and Power Sharpener, or Equal, Machines to be 110 Volts Direct Current.*

2 6-Inch Standard Models, Each, Delivered.—C. F. Pauley & Co., \$340; Eastman Machine Company, \$300; H. Maimin Company, Inc., \$350, to purchase three 6-inch machines.

1 7-Inch Standard Model, Each, Delivered.—C. F. Pauley & Co., \$340; Eastman Machine Company, \$300; H. Maimin Company, Inc., \$350, to purchase three 6-inch machines.

Total of 3 Machines.—C. F. Pauley & Co., \$1,020; Eastman Machine Company, \$900; H. Maimin Company, Inc., \$1,050.

Total Allowance on 3 Machines to be Traded In, May be Seen at 22 Simmons Street.—C. F. Pauley & Co., \$300; Eastman Machine Company, \$142.50; H. Maimin Company, Inc., \$284.70.

Total, Less Allowance.—C. F. Pauley & Co., \$720; Eastman Machine Company, \$757.50; H. Maimin Company, Inc., \$765.30.

Cash Discount, Ten Days.—C. F. Pauley & Co., 3 per cent; H. Maimin Company, Inc., 2 per cent.

Net Total.—C. F. Pauley & Co., \$698.40; Eastman Machine Company, \$757.50; H. Maimin Company, Inc., \$749.99.

Earliest Date Upon Which Delivery May Be Expected.—C. F. Pauley & Co., about two weeks from date of order, will supply machines for immediate use until machines arrive from factory and will install same at 22 Simmons street, Roxbury; "Universal" type; Eastman Machine Company, one week after receipt of order; H. Maimin Company, Inc., within three working days after order receipt.

FIRE DEPARTMENT ORDERS.

General Order No. 45.

I. FIRE PREVENTION PARADE.

On Sunday, October 6, 1940, at 2.30 p. m., a parade will be held in Boston in observance of the opening of Fire Prevention Week. The starting point of the parade will be at Stuart street and Warrenton street. All units participating will form in their respective divisions at 2 p. m., ready to march at 2.30 p. m.

In order that the representation from this department may be one of the most impressive features of the parade, arrangements have been made to have the Fire Department Band, various types of apparatus and floats, depicting Fire Department operations, in line. In addition, the Fire Commissioner desires to have the officers and men of the department support this demonstration by volunteering to march on their off-time. All uniformed officers and privates are requested to participate. The Volunteer Auxiliary Fire Fighting Force will take part in this parade.

District chiefs will personally interview every member in their respective districts and ask each individual member if he will march on October 6, provided he is off duty.

The uniform for the day for all members of the department will be regulation uniform with sack coat and white gloves. Members of the department are requested to give special attention to their appearance on that day. All officers participating in the parade will wear white caps.

Members of the band who are on the day tour of duty will be excused at 12 noon, Sunday, October 6, 1940, members on the night tour of duty will be excused until 9 p. m., members on the twenty-four-hour tour of duty will be excused from 12 noon until 9 p. m.

Members of the band will bring their small band books and music lyres. They will leave their instrument cases at the quarters of Engine Company 26, Broadway, and the officer in charge of the house will detail a member to look after this equipment in the event the company is required to leave quarters in response to an alarm.

Through the courtesy of the mayors, selectmen, fire commissioners and chiefs of department, apparatus from cities and towns adjoining the City of Boston will participate in this parade. Emergency trucks and floats from public service corporations in Boston, Boy Scout and School Cadet units, and representations from various civic organizations will also be in line.

ROSTER OF PARADE.

Honorary Chief Marshal.

Hon. Maurice J. Tobin, Mayor.

Honorary Chief of Staff.

Fire Commissioner William Arthur Reilly.

Honorary Staff.

Members of Boston City Council, Senate, and House of Representatives.

Chief Marshal.

Samuel J. Pope, Chief of Department.

Chief of Staff.

William A. Donovan, District Chief.

Staff.

District Chief William F. Donovan.
District Chief Franklin B. Sanborn.
District Chief William J. Mahoney.
District Chief Charles H. McDonnell.
District Chief John J. O'Brien.
District Chief Daniel J. Hurley.
District Chief Joseph W. Shea.

FIRE DEPARTMENT ORDERS.

(Continued from page 1099.)

all organizations participating in the parade are requested to call Fire Alarm Office, KENMORE 1100, at about 12 noon, October 6, to find out if the parade will take place. It also will be announced over radio station WBZ at 12 o'clock noon.

By order of Fire Commissioner
WILLIAM ARTHUR REILLY.

SAMUEL J. POPE,
Chief of Department.

General Order No. 46.

I. FIRE PREVENTION WEEK PROGRAM.

Fire Prevention Week will be observed in Boston and the nation during the week of October 6, 1940. The Fire Department will participate in the observance of this week in the following manner.

Fire stations will be open to the public between the hours of 12 noon and 9 p. m., for inspection and information concerning Fire Department functions and Fire Prevention matters. If visitors should come to the station the man on patrol should summon the commanding officer who will either show the visitors around or assign some one to do it. Children under twelve should not be allowed in the house unless accompanied by adults.

On each day during Fire Prevention Week, between the hours of 8 a. m. and 6 p. m., two pieces of apparatus, from the houses bearing large Fire Prevention signs, will be parked on the street in front of each house, provided that such parking will not interfere with traffic and the weather is good. In any cases where parking outside will interfere with the movement of traffic, the doors are to be opened (weather permitting) and the apparatus drawn out to the thresholds. Where the apparatus is placed outside a man should be in attendance at all times. At 12.30 p. m. each day during the week all aerial ladder trucks will be drawn up outside their respective quarters and the aerial ladders will be raised and lowered. If practicable a short jump will be made into the life net.

All schools are to be visited by a district chief or such officers as he may assign to assist. School fire drills are to be held and permission requested to address the pupils on the subject of Fire and Fire Prevention, the pupils to be assembled for that purpose.

On Sunday, October 6, at 2 p. m., the entire off-platoon will assemble on Stuart street, at Warrenton street, to participate (with certain apparatus detailed) in the third Annual Fire Prevention Parade. A good showing of men is desired, to uphold the success of this parade in recent years! The route will be as follows: Down Stuart street to Washington, Washington street to Winter, Winter street to Tremont street, Tremont street to Boylston street, Boylston street to Charles street, Charles street to Boston Common. On the Common the drill team will conduct an exhibition at 3.30 p. m.

The Fire Department Band will take part in the parade and other men will be detailed to be stationed on the floats being constructed for this parade.

During Fire Prevention Week an exhibition drill will be held in the South End, West End and North End.

The Fire Prevention Bureau will make special inspections during the week.

Special radio broadcasts and news releases will be forthcoming daily. One half million pieces of literature will be distributed during the week through various agencies.

By order of Fire Commissioner
WILLIAM ARTHUR REILLY.

SAMUEL J. POPE,
Chief of Department.

General Order No. 47.

I. RETIREMENTS.

The following retirements, which will take effect at 8 a. m., Wednesday, October 9, 1940, are hereby announced for the information of the department:

Capt. Fred I. Adams of Engine Company 49.

Ladderman John P. Butler of Ladder Company 23.

Captain Adams was appointed to the department on February 22, 1895. He was promoted to the rank of lieutenant on March 2, 1906, and to captain on August 3, 1915. Ladderman Butler was appointed to the department on October 4, 1895.

Both these men leave the department with the best wishes of their associates.

II. BOSTON AUTOMATIC SIGNALS.

The following Boston Automatic signals have been discontinued as of October 2, 1940:

Signal 255, building, 8-20 Fulton street.

Signal 642, building, 129 Cross street.

A new page, No 3, dated October 2, 1940, for the Boston Automatic Assignment book, is being issued to the department today. This page will replace old page No. 3, dated June 29, 1937, which is to be returned to Headquarters, in the envelope provided, on or before Thursday, October 10, 1940.

New signals, Nos. 67, 68 and 69 appear on new page No. 3.

By order of Fire Commissioner
WILLIAM ARTHUR REILLY.

SAMUEL J. POPE,
Chief of Department.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner to raze the following structures as fire menaces or nuisances:

To raze the building at 24 Newcomb street, Ward 8.

To raze the building at 180 Marginal street, Ward 1.

Due to the structurally unsafe condition of the building at 76 Wordsworth street, Ward 1, owned by the estate of John Rooney, to enter the premises and remove the building.

Due to the structurally unsafe condition of the building at 199 Silver street, Ward 6, owned by the City of Boston, to enter the premises and remove the building.

Due to the structurally unsafe condition of the building at 258 Gold street, Ward 6, owned by John J. Cassell of 275 Gold street, South Boston, to enter the premises and remove the building.

Due to the structurally unsafe condition of the building at 224 Bolton street,

POLICE DEPARTMENT ORDERS.

General Order No. 525.

Acting under provisions of chapter 521, Acts of 1922, as amended, creating the Contributory Retirement System, the Boston Retirement Board has notified this department that it has approved for retirement, on account of accidental disability, Patrolman William F. Buckley of Division 3, who is a member of said Contributory Retirement System, such retirement to take effect at midnight, as of Monday, September 30, 1940.

Wherefore, In view of this operation of law, the Police Commissioner states that on and after September 30, 1940, at the hour stated, the said Patrolman William F. Buckley shall no longer be an active member of this department, and it is hereby ordered that its records be so amended.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 526.

The following communication from his Excellency Leverett Saltonstall, Governor of the Commonwealth of Massachusetts, is published for the information of the department:

"THE COMMONWEALTH OF MASSACHUSETTS,

EXECUTIVE DEPARTMENT,
STATE HOUSE, BOSTON,

September 30, 1940.

COMMISSIONER JOSEPH F. TIMILTY,
Boston Police Department.

MY DEAR COMMISSIONER,—May I, through you, congratulate and thank the police of the City of Boston for the admirable way in which they handled the great parade of last week and the entire Convention of the American Legion.

It was hard work, and work that required tact and understanding, and I have heard nothing but praise for the officers of the force.

Will you please express my apprecia-

tion to them on behalf of the people of the Commonwealth.

With kind personal regards, I am,

Very sincerely yours,

LEVERETT SALTONSTALL,
Governor of the Commonwealth."

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 527.

Referring to General Order 423, issued December 29, 1939, establishing a Free Employment Bureau for Boys in this department, because of a change in the program of the National Youth Administration in which young men are being assigned to mechanical projects rather than clerical projects in conformity with the Preparedness Program, there is not now a sufficient number of young men on this project to have an employment clerk on duty in the several station houses at all times.

Therefore, in the absence of a clerk furnished by the National Youth Administration at the station, Division Commanders will assign a patrolman, preferably a clerk, who will, in addition to his other duties, carry on the work of the Employment Bureau.

The officer assigned will receive applications for employment from young men and will fill all requests for workers received.

A list of instructions for the operation of this Bureau is being forwarded with this order.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 528.

The resignation of Patrolman William H. Stanley of Division 6, having been presented while charges against him are pending, it is hereby accepted to take effect Saturday, October 5, 1940, at 7.45 o'clock a. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

DAMAGE AWARDS DENIED.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Friendship road, from Belnel road to Osceola street, under the order of the Board of September 5, 1940, and awards no damages therefor.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the taking of an easement for sewerage purposes in Range road, Dorchester district, under the order of the Board of September 6, 1940, and awards no damages therefor.

Owners unknown, 10,697 square feet, nothing.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Caspar street, West Roxbury district, as a highway, from Addington road to Veterans of Foreign Wars Parkway, under the order of the Board of August 13, 1940, and awards no damages therefor.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Wendover street, Dorchester district, as a highway, from Dudley street northeasterly to dead end, with arm leading to Humphreys street, bounded and described as follows:

A highway named Wendover street is hereby laid out, from Dudley street northeasterly to dead end, with arm leading to Humphreys street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southwesterly by Dudley street, twenty-four feet; northwesterly by the northwesterly line of said Wendover street as hereby laid out, two hundred and four feet; southwesterly by the southwesterly line of Wendover street as hereby laid out, five and 92-100 feet; again northwesterly by the northwesterly line of said Wendover street as hereby laid out, two hundred seventy-six and 40-100 feet; westerly by the westerly line of said Wendover street as hereby laid out, nineteen and 48-100 feet on a curve of twelve feet radius; southwest-erly by the southwesterly line of said Wendover street as hereby laid out, one hundred fifty-nine and 5-100 feet; northwesterly by Humphreys street, thirty-one and 96-100 feet; northeasterly by the northeasterly line of said Wendover street as hereby laid out, one hundred sixty-two and 25-100 feet; again northwesterly by the northwesterly line of said Wendover street as hereby laid out, seventy-one and 4-100 feet; north-esterly by the northeasterly line of said Wendover street as hereby laid out, thirty and 28-100 feet; and southeasterly by the southeasterly line of said Wendover street as hereby laid out, by two

measurements, three hundred nineteen and 25-100 feet and two hundred two and 7-100 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on the northwesterly, southwesterly, northeasterly and southeasterly sides of Wendover street, will receive benefit or advantage beyond the general advantage to all real estate in said city from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Wendover Street, Dorchester, Assessment Plan, June 20, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Wendover street, Dorchester district, as a highway, from Dudley street northeasterly to dead end, with arm leading to Humphreys street, under the order of the Board of September 26, 1940, and awards no damages therefor.

REVISION OF ASSESSMENTS.

The Mayor has approved the following votes of the Board of Street Commissioners:

In the matter of the application for revision of assessment levied on account of the construction of sewerage works, the Board of Street Commissioners, acting under the provisions of chapter 359 of the Acts of the year 1896, and deeming it just and proper that such action should be taken on said application,

Ordered, That the amount hereinafter specified, being the annual apportionment of said assessment for the year specified below, be, and the same is hereby, abated.

Mary E. Flynn, Canterbury street, Hyde Park, lot 21, 1939 apportionment, assessed October 31, 1938, \$10.60.

STREET REPAIRS ORDERED.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That this Board, having passed the order of notice relating to the public improvement, hereinafter described, and having caused a copy of said order to be published August 23, 24, 26 and 27, 1940, in the *Boston Post* and *Boston Globe*, two daily newspapers published in the City of Boston, and having given the public hearing, notice of which was given in said order, and being of the opinion that public convenience and necessity require, does hereby order that specific repairs be made in Boylston street, between Ipswich street and the westerly parapet wall of the so-called Boylston street railroad bridge on the northerly side, and between Hemenway street and the westerly parapet wall of the so-called Boylston street railroad bridge on the southerly side, as follows:

By reducing the existing 15-foot sidewalk to a 10-foot width on both sides of the street between the above-referenced limitations, thereby increasing the roadway width 10 feet, all as shown on the plan prepared by the Public Works Department in the current month and entitled, "Boylston Street, City Proper, Bridge over Boston & Albany Railroad to Ipswich Street, Plan Showing Change from 15-foot to 10-foot Sidewalk."

Voted, That this Board, having passed the order of notice relating to the public improvement, hereinafter described, and having caused a copy of said order to be published July 26, 27, 29 and 30, 1940, in the *Boston Post* and *Boston Globe*, two daily newspapers published in the City of Boston, and having given the public hearing, notice of which was given in said order, and being of the opinion that public convenience and necessity require, does hereby order that specific repairs be made in Massachusetts avenue, as follows:

From Columbus avenue to Albany street: By substituting bituminous concrete pavement for the present asphalt pavement.

By reducing the width of the existing center reservation between Columbus avenue and Tremont street, and from Shawmut avenue to Albany street, from 20 feet to 10 feet.

By reducing the width of the existing reservation between Tremont street and Shawmut avenue to a width of 10 feet, and to reduce the width of the existing sidewalk that abuts the park space from its present width to a maximum width of 3 feet.

36,400 MOTOR DEATHS IN 1935.

According to the findings of the National Safety Council motor traffic deaths in 1935 totaled 36,400, compared with 1934's record of 36,000.

The only decrease was among school children up to fifteen years of age. Motor vehicle accidents to children have increased much less than those of adults since 1922, when safety education began on a national scale. October, November and December were the reddest months. Two-thirds of the accidents were in places under 10,000 population; more than 40 per cent of the victims pedestrians.

Thirteen states decreased traffic deaths 7 per cent or more: Delaware, Illinois, Kentucky, Massachusetts, Minnesota, Montana, North Dakota, Oregon, Rhode Island, Utah, Vermont, Wyoming and Washington.

NOTICE TO DEPARTMENT HEADS.

CITY OF BOSTON,
MAYOR'S OFFICE, October 7, 1940.

Commencing the week of Monday, October 14, for a period of ten consecutive weeks on dates to be assigned, the Community Fund will conduct "Come and See" trips to various institutions in Boston which are beneficiaries of this great charity.

I request that as many city employees as can possibly be spared make one of these tours. The purpose of the trip is to allow city employees an opportunity of seeing how the money they contribute to the Community Fund is spent and to see at first hand the marvelous work that is being accomplished.

I am asking each department head to submit to me, on or before October 9 at the latest, the number of employees in his department who can be sent on one of these trips each week for ten consecutive weeks starting October 14. For example, if there are one hundred employees in a department and all can be spared, you might report ten each week for ten consecutive weeks, etc. If it is possible to arrange it, consistent with the necessary work of the department, I would like all employees to go.

Each department head will be notified in advance as to the time and place of the trips. Tickets will be furnished to department heads, to be signed by the employees, which will provide them admittance to the buses which will leave, on a date to be designated, from the School street entrance to City Hall. There is, of course, no charge for the trip and each trip will consume about one and one half hours, to be taken from city time.

To reiterate, please be sure to let me have, on or before Wednesday, October 9, the number of employees you can send each week for ten consecutive weeks.

I ask the closest cooperation of everyone concerned in this most important work.

Sincerely,

MAURICE J. TOBIN, Mayor.

POPULATION OF BOSTON, BY SEX, NATIVITY, ETC., 1930.

Total population, 781,188 (383,454 males and 397,734 females); ratio of males to females, 96.4 to 100 as against 97.2 to 100 in 1920. Native white, 529,400 (260,419 males and 268,981 females) or 67.77 per cent; sex ratio, 96.8 to 100. Of the 529,400 native whites, 200,130, or 37.80 per cent, are of native parentage; 248,653, or 46.97 per cent, are of foreign parentage and 80,617, or 15.23 per cent, are of mixed parentage (i. e., one half native). Foreign-born whites, 229,356 (111,261 males and 118,095 females) or 9,563 less than in 1920; sex ratio 94.2 to 100. The foreign-born whites are 29.36 per cent of total population. Negroes, 20,574 (10,223 males and 10,351 females) or 2.63 per cent of population; sex ratio, 98.8 to 100. The Negro population has increased 4,224 since 1920 and 4,993 since 1915. Other races, 1,858 (1,551 males and 307 females), or 0.24 per cent, comprise 1,595 Chinese, 69 Japanese, 43 Indian, 26 Mexican and 125 miscellaneous. Total foreign white stock, 478,009 (viz., 229,356 plus 248,653) which is 61.10 per cent of all inhabitants.

PROCEEDINGS OF CITY COUNCIL.

Monday, September 30, 1940.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p. m., President GALVIN in the chair. Absent, Coun. Goode, Shattuck and Ward.

The meeting was opened with the salute to the Flag.

JURORS DRAWN.

Twenty-five additional traverse jurors were drawn for the Superior Civil Court for Boston, October Sitting, to appear October 7, 1940. Coun. TAYLOR presiding at the jury box in the absence of the Mayor.

Twenty-five additional traverse jurors, Superior Civil Court, to appear October 7, 1940:

Theodore Colman, Ward 2; Stuart E. King, Ward 4; Ralph E. Woodbury, Ward 4; Charles A. Baker, Ward 5; Otto William Heck, Ward 5; Vincent J. Guilfoyle, Jr., Ward 6; Daniel J. Ryan, Ward 7; James P. Egan, Ward 8; Theodore H. Marcy, Ward 8; Francis A. Day, Ward 9; Joseph P. Elliott, Ward 13; Louis Taylor, Ward 14; Robert W. Griffin, Ward 15; Leonard M. Wetmore, Ward 15; Patrick J. Hickey, Jr., Ward 16; Charles L. Norton, Ward 16; James E. Hickey, Ward 17; Frank L. McNamara, Ward 17; John J. O'Rourke, Ward 17; Warren L. Smith, Ward 17; John M. Jordan, Ward 18; Edward J. Perry, Ward 18; Francis S. Casile, Ward 20; Clarence L. Clark, Ward 21; Gerard T. Coughlan, Ward 21.

SIDEWALKS ON N AND JAY STREETS, WARD 6.

The following was received:

City of Boston,
Office of the Mayor, September 30, 1940.
To the City Council.
Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of September 9, 1940, concerning the installation of sidewalks on the following-named streets in Ward 6, under the W. P. A. plan of construction: N street, from Broadway to Seventh street; Jay street, from Fourth street to Fifth street.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
September 23, 1940.
To William T. Doyle, Chief Clerk, Mayor's Office.
From George G. Hyland, Commissioner, Public Works Department.
Subject: Installation of Sidewalks in Ward 6, on N Street and Jay Street.

I return herewith order in City Council that the Commissioner of Public Works install sidewalks on the following-named streets in Ward 6, under the W. P. A. plan of construction: N street, from Broadway to Seventh street; Jay street, from Fourth street to Fifth street.

Please be advised that the installation of sidewalks on the above-named streets will be given every possible consideration for submission for approval on a W. P. A. project.

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

BLEACHERS, RONAN PARK, WARD 15.

The following was received:

City of Boston,
Office of the Mayor, September 30, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Park Department Chairman relative to your order of September 9, 1940, concerning the erecting of bleachers on Ronan Park, Ward 15, as a W. P. A. project.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Park Department, September 23, 1940.
William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—I am acknowledging your memorandum of September 20, with inclosure, order from the City Council that the Park Commission be requested to erect bleachers on Ronan Park, Ward 15, as a W. P. A. project.

I will be pleased to make a project to this effect and submit same to the Federal authorities at the earliest possible moment.

Very truly yours,
WILLIAM P. LONG, Chairman.

Placed on file.

SIDEWALKS ON O STREET, SOUTH BOSTON.

The following was received:

City of Boston,
Office of the Mayor, September 30, 1940
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your

order of September 9, 1940, concerning the installation of granolithic sidewalks on both sides of O street, from Columbia road to First street, South Boston.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
September 23, 1940.
To William T. Doyle, Chief Clerk, Mayor's Office.
From George G. Hyland, Commissioner, Public Works Department.
Subject: Sidewalks on O Street.

I return herewith order in City Council that the Commissioner of Public Works install granolithic sidewalks on both sides of O street, from Columbia road to First street, South Boston.

Please be advised that the installation of sidewalks on this street will be given consideration for submission for approval on a W. P. A. project.
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

RESURFACING OF MARCH AVENUE, WARD 20.

The following was received:

City of Boston,
Office of the Mayor, September 30, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of September 16, 1940, concerning the resurfacing of March avenue, Ward 20, and to install sidewalks and edgestone thereon, as a W. P. A. project.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
September 23, 1940.
To William T. Doyle, Chief Clerk, Mayor's Office.
From George G. Hyland, Commissioner, Public Works Department.
Subject: Resurfacing of March Avenue.

I return herewith order in City Council that the Commissioner of Public Works resurface March avenue, Ward 20, and to install sidewalks and edgestone thereon, as a W. P. A. project.

Please be advised that this street is on a list to be submitted for W. P. A. approval at a later date.
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

SIDEWALKS, K STREET, WARDS 6 AND 7.

The following was received:

City of Boston,
Office of the Mayor, September 30, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of September 16, 1940, concerning the installation of artificial stone sidewalks on both sides of K street, Wards 6 and 7, the work to be done as a W. P. A. project.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
September 23, 1940.
To William T. Doyle, Chief Clerk, Mayor's Office.
From George G. Hyland, Commissioner, Public Works Department.
Subject: Artificial Stone Sidewalks on Both Sides of K Street, Wards 6 and 7.

I return herewith order in City Council that the Commissioner of Public Works install artificial stone sidewalks on both sides of K street, Wards 6 and 7, the work to be done as a W. P. A. project.

Please be advised that this work will be given consideration for submission for approval on a W. P. A. project.

GEORGE G. HYLAND,
Commissioner of Public Works

Placed on file.

REPAIRING OF LAROSE PLACE, WARD 21.

The following was received:

City of Boston,
Office of the Mayor, September 30, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of September 9, 1940, concerning the repairing of LaRose place, Ward 21, under the W. P. A. type of construction.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
September 23, 1940.

To William T. Doyle, Chief Clerk, Mayor's Office.
From George G. Hyland, Commissioner, Public Works Department.
Subject: Repairing of LaRose Place, Ward 21.

I return herewith order in City Council that the Commissioner of Public Works repair LaRose place, Ward 21, under the W. P. A. type of construction.

In November of 1939 the owners and residents of LaRose place, Brighton district, requested that the street be not laid out and accepted as a public way of the City of Boston at that time.

However, this street had been laid out and accepted by the Board of Street Commissioners under date of December 12, 1938, but, in view of the petition of the abutters, the Highway Division of the Public Works Department made no entry in this street.

If the owners and residents of this street have reconsidered this matter and now desire to have LaRose place constructed, same will be considered for submission for approval on a W. P. A. project.

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

REPAIRING OF MECHANIC STREET, WARD 21.

The following was received:

City of Boston,
Office of the Mayor, September 30, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of September 9, 1940, concerning the repairing of Mechanic street, Ward 21, under the W. P. A. type of construction.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
September 23, 1940.
To William T. Doyle, Chief Clerk, Mayor's Office.
From George G. Hyland, Commissioner, Public Works Department.
Subject: Repairing of Mechanic Street.

I return herewith order in City Council that the Commissioner of Public Works repair Mechanic street, Ward 21, under the W. P. A. type of construction.

Please be advised that this street is a private way and the Highway Division of the Public Works Department has no jurisdiction therein.

Mechanic street will have to be accepted by the Board of Street Commissioners before it can be submitted for construction on a W. P. A. project.

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

REPAIRING OF MATHER STREET.

The following was received:

City of Boston,
Office of the Mayor, September 30, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of September 9, 1940, concerning the repairing of Mather street, from Dorchester avenue to Allston street.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
September 23, 1940.
To William T. Doyle, Chief Clerk, Mayor's Office.
From George G. Hyland, Commissioner, Public Works Department.
Subject: Repairing of Mather Street.

I return herewith order in City Council that the Commissioner of Public Works repair Mather street, from Dorchester avenue to Allston street.

Please be advised that the district foreman has been directed to inspect this street and make the necessary repairs just as soon as possible.

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

SIDEWALKS, DUNCAN STREET, WARD 15.

The following was received:

City of Boston,
Office of the Mayor, September 30, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of August 26, 1940, concerning the installation of granolithic sidewalks on Duncan street, Ward 15, as a W. P. A. project.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
September 23, 1940.
To William T. Doyle, Chief Clerk, Mayor's Office.
From George G. Hyland, Commissioner, Public Works Department.
Subject: Sidewalks on Duncan Street, Ward 15.

I return herewith order in City Council that the Commissioner of Public Works install granolithic sidewalks on Duncan street, Ward 15, as a W. P. A. project.

A canvass of this street has been made and the abutters on the odd-numbered side have signified

their intention of paying their proportionate share of the cost of this work, while the abutters on the even-numbered side of the street, i. e., the majority of them, do not care to assume this expense.

A lien order should be presented in City Council for the installation of artificial stone sidewalks on the odd-numbered side of Duncan street and, after its approval, arrangements will be made to proceed with the work.

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

RECONSTRUCTION OF FORSYTH STREET, WARD 4.

The following was received:

City of Boston,
Office of the Mayor, September 30, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of August 26, 1940, concerning the reconstruction of Forsyth street, from Huntington avenue to Hemenway street, Ward 4, with a smooth type of asphalt pavement, under the W. P. A. type of construction.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
September 18, 1940.

To William T. Doyle, Chief Clerk, Mayor's Office,
From George G. Hyland, Commissioner, Public Works Department.

Subject: Reconstruction of Forsyth Street.

I return herewith order in City Council that the Commissioner of Public Works reconstruct Forsyth street, from Huntington avenue to Hemenway street, Ward 4, with a smooth type asphalt pavement under the W. P. A. type of construction.

Please be advised that this street will be given consideration for submission for approval on a W. P. A. project for reconstruction.

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

WIDENING OF BLUE HILL AVENUE.

The following was received:

City of Boston,
Office of the Mayor, September 30, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of August 19, 1940, concerning the proposed widening of Blue Hill avenue and why the same has been delayed.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
September 9, 1940.

William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—This is in reference to the following order that was passed in the City Council on August 19, 1940:

"Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to advise the City Council why the proposed widening of Blue Hill avenue has been delayed and also advise when such widening will commence."

Consideration for the best interests of the public is the only reason that the department has delayed starting the street construction work; that is, it was our desire to inconvenience to as small an extent as possible the motorists who have occasion to use this highway. Street construction work actually started, however, in the first week of January of the current year, but was suspended due to the frozen condition of the ground, which made it almost impossible to make any progress. It was then decided not to start the actual work until the advent of warmer weather. In the meantime, however, work was started on the installation of the surface drain, which is located on the easterly side of the street adjacent to Franklin Park. The Boston Elevated also relaid some duct lines in the roadway area. When this work and the sewerage work were completed, the traffic on the avenue had increased to such a point as to make it most inadvisable to reduce the roadway area, even for a period of only two months, which would have been necessary in order to effect the proposed widening.

It is the intention of the department to start on the work on Monday, September 30. It would not be advisable to start before that date, in view of the large volume of traffic that Blue Hill avenue will carry in the current year, due, to some extent, to the number of persons who will be motoring into Boston for the purpose of attending the American Legion Convention.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

TRAFFIC SIGNS, WARD 8.

The following was received:

City of Boston,
Office of the Mayor, September 30, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Traffic Commissioner relative to your order of August 19, 1940, concerning the installation of "Slow" signs at Palmer and Winslow streets and at Vine and Forest streets, Ward 8.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Traffic Commission, September 14, 1940.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—This is in reply to Council order dated August 19, 1940, which reads as follows:

"Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install 'Slow' signs at Palmer and Winslow streets and at Vine and Forest streets, Ward 8."

Our accident reports show four accidents at Palmer and Winslow streets in 1939, but no accidents were reported in any other years.

There have been no accidents reported at Forest and Vine streets.

The accident records do not warrant the erection of "Slow" signs at these intersections.

Very truly yours,

WILLIAM P. HICKEY, Commissioner.

Placed on file.

TRAFFIC CIRCLE, PEABODY SQUARE.

The following was received:

City of Boston,
Office of the Mayor, September 30, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Traffic Commissioner relative to your order of August 26, 1940, concerning the construction of a rotary traffic circle at Peabody square, Dorchester.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Traffic Commission, September 14, 1940.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—I have received Council order dated August 26, 1940, which reads as follows:

"Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to construct a rotary traffic circle at Peabody square, Dorchester."

Peabody square, because of its street car movements, does not lend itself to rotary traffic. It might be possible to construct an island on the prolongation of the westerly street line of Dorchester avenue, similar to the island at Adams street and Dorchester avenue, which would help pedestrians in making the long crossing at Talbot avenue on the westerly side of Dorchester avenue.

Very truly yours,

WILLIAM P. HICKEY, Commissioner.

Placed on file.

TRANSFER FROM PARKMAN FUND.

The following was received:

City of Boston,
Office of the Mayor, September 30, 1940.
To the City Council.

Gentlemen,—I am in receipt of the attached communication from the Board of Park Commissioners requesting the transfer of the sum of \$20,000 from the income of the George F. Parkman Fund to the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887.

I submit herewith an appropriation order and respectfully recommend its passage by your Honorable Body.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Park Department, September 21, 1940.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,—By vote of the Board of Park Commissioners you are respectfully asked to request the City Council to transfer from the income of the George F. Parkman Fund the sum of \$20,000 which is now available, to be expended under the direction of the Board of Park Commissioners as follows:

Common and Parks in Existence on	
January 12, 1887, Maintenance	
and Improvement of	\$20,000

When making up the budget estimates for the year 1940, a sum equal to the total yearly income of the George F. Parkman Fund was deducted from Item A-1, Permanent Employees, with the understanding that this deduction was to be replaced by the total yearly income of said Parkman Fund for 1940, to be transferred as it accrued from

time to time during the year to the regular maintenance appropriation of the Park Department.

Respectfully yours,
WILLIAM P. LONG, Chairman.

Ordered, That the sum of \$20,000 be, and hereby is, appropriated from the income of the George F. Parkman Fund, to be expended under the direction of the Park Commissioners, for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887, as follows:

Common and Parks in Existence on	
January 12, 1887, Maintenance and	
Improvement of	\$20,000

Referred to the Executive Committee.

TRANSFERS WITHIN DEPARTMENTAL APPROPRIATIONS.

The following was received:

City of Boston,
Office of the Mayor, September 30, 1940.
To the City Council.

Gentlemen,—I am forwarding requests for transfers within departmental appropriations in the following departments and recommend adoption of the accompanying orders by your Honorable Body.

Fire, Hospital, Public Works, Sanitary Service; Municipal Court, City of Boston; Penal Institutions, House of Correction.

Respectfully,
MAURICE J. TOBIN, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Fire Department:

From the appropriation for A, Personal Service,	\$25,800,	to the appropriation for B, Contractual
Services, \$1,000; C, Equipment, \$6,000; D, Sup-		plies, \$8,800; E, Materials, \$10,000.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Hospital Department:

From the appropriation for C, Equipment, \$600,	
to the appropriation for E, Materials, \$600.	

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Works Department, Sanitary Service:

From the appropriation for B, Contractual	
Services, \$500, to the appropriation for E,	
Materials, \$500.	

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Municipal Court, City of Boston:

From the appropriation for A, Personal Service,	\$1,200,	to the appropriation for B, Contractual
Services, \$1,000; C, Equipment, \$200.		

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Penal Institutions Department, House of Correction:

From the appropriation for B, Contractual	
Services, \$4,125, to the appropriation for C,	
Equipment, \$3,100; D, Supplies, \$1,025.	

Referred to the Executive Committee.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Mary F. Ballem, for compensation for injuries caused by an alleged defect at 42 Belgrade avenue.
Albert Cabaneau, for compensation for damage to property at 51 Woodward avenue, caused by defective sewer.

Nathan Cohen, for compensation for damage to property at 51 Woodward avenue, caused by defective sewer.

Anne Collins, for compensation for injuries caused by an alleged defect in Tremont street.

Edith C. Conners, for refund on lodging house license.

H. Courtney, for compensation for damage to property at 6-12 Water street, caused by bursting of water main.

Mary A. Donahue, for compensation for damage to property at 41 Carruth street, during sidewalk construction.

Roberta D. Drew, for compensation for injuries caused by an alleged defect in Girls' High School.

Patrick J. Brophy, Adams street, Ward 16.

Erhardt Schatz, 76 Norton street, Ward 15.

Golden Dome, Inc., Columbus avenue.

TAKING OF LAND, WEST ROXBURY PARKWAY.

A communication was received from the Metropolitan District Commission notifying city of taking of land at junction of West Roxbury Parkway and Veterans of Foreign Wars Parkway, for traffic circle.

The following order was submitted in connection with the land-taking, viz.:

Whereas, The Metropolitan District Commission on the nineteenth day of September, A. D. 1940, did take certain lands referred to and described in an order of taking, a copy of which has been submitted, which real estate lies in the City of Boston and County of Suffolk, and is shown on a plan entitled "Commonwealth of Massachusetts, Metropolitan District Commission, Parks Division, West Roxbury Parkway, Boston, Plan of Land at Weld Street to be Taken from the City of Boston, . . . August 21, 1940, Benjamin R. Davis, Director of Park Engineering," being plan accession number 25799 V. T., and on a plan entitled "Commonwealth of Massachusetts, Metropolitan District Commission, Parks Division, West Roxbury Parkway, Boston, Plan of Land at Traffic Circle at Junction of West Roxbury Parkway and Veterans of Foreign Wars Parkway to be taken by the Commonwealth of Massachusetts from the City of Boston, . . . August 16, 1940, Benjamin R. Davis, Director of Park Engineering," being plan accession number 25791 V. T.;

Ordered, That the City Council of the City of Boston in conformity with section 80 of chapter 92 of the General Laws, hereby concurs with said Metropolitan District Commission in said taking and in every act, matter and thing connected therewith.

Severally referred to the Executive Committee.

APPROVAL OF CONSTABLE'S BOND.

Notice was received from the City Treasurer of approval of surety on constable's bond of Joseph S. Burelli.

Approved by the Council.

REPORT OF COMMITTEE ON CLAIMS.

Coun. GOTTLIEB, for the Committee on Claims, submitted the following:

1. Report on petition of Charles F. Guiney (referred August 5) to be reimbursed for amount

of execution issued against him on account of his acts as operator of motor truck belonging to Park Department—recommending passage of the accompanying order, viz.:

Ordered, That the sum of seventy dollars and twenty-five cents (\$70.25) be allowed and paid to Charles F. Guiney in reimbursement for amount of execution issued against him on account of his acts as operator of a motor truck belonging to the Park Department, said sum to be charged to the Contingent Fund.

Report accepted; said order passed.

2. Report on petition of James J. Kelly (referred August 5) for amount of execution issued against him on account of his acts as operator of a motor truck belonging to Sewer Division, Public Works Department—recommending passage of accompanying order, viz.:

Ordered, That the sum of one hundred eighty-five dollars and twenty-five cents (\$185.25) be allowed and paid to James J. Kelly in reimbursement for amount of execution issued against him on account of his acts as operator of a motor truck belonging to the Sewer Division, Public Works Department, said sum to be charged to the Contingent Fund.

Report accepted; said order passed.

3. Report on petition of Thomas E. Charlton (referred August 19) to be reimbursed for amount of execution issued against him on account of his acts as operator of motor truck belonging to Sanitary Division, Public Works Department—recommending passage of accompanying order, viz.:

Ordered, That the sum of fifty dollars be allowed and paid to Thomas E. Charlton in reimbursement for amount of execution issued against him on account of his acts as operator of a motor truck belonging to the Sanitary Division, Public Works Department, said sum to be charged to the Contingent Fund.

Report accepted; said order passed.

TRANSFER TO STREET LAYING-OUT DEPARTMENT.

President GALVIN called up, under unfinished business, No. 3 on the calendar, viz.:

3. Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Registry Department, H. Relief Projects, \$310, to the appropriation for Street Laying-Out Department, H. Relief Projects, \$310.

On September 16, 1940, the foregoing order was read once and passed, yeas 15, nays 0.

The order was given its second and final reading and passage, yeas 16, nays 0.

FENCE AROUND PRADO FOUNTAIN.

Coun. RUSSO offered the following:

Ordered, That the trustees of the George Robert White Fund be requested, through his Honor the Mayor, to arrange for the erection of an iron fence around the fountain on the Prado on Hanover street, Ward 3.

Coun. RUSSO—Mr. President, the reason why I have introduced this order is because of conversations I have had with the Park Commissioner, Mr. Long. He has had the water in the fountain turned off for quite some time. His objection has been because children have gone there and fooled with the fountain, stuffing it up with paper, etc. And that is the reason why he has not had the water turned on. But I believe children will be children regardless of where they may be, and the best solution of the problem, so far as I can see, is to erect a fence around the fountain, so that the children cannot fool with it, and so that the fountain can play and give a beautiful effect. In offering this order, therefore, I am representing the sentiment of the people of my district, and I hope it will pass.

The order was passed under suspension of the rule.

FLAGPOLE, NORTH END PARK.

Coun. RUSSO offered the following:

Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to arrange for the erection of a flagpole at the North End Park, Ward 3, and that all efforts possible be made to have this work completed by October 12.

Coun. RUSSO—Mr. President, for quite some time, so far as I know, we have had no flagpole in the North End, there being no place where the people can go on patriotic occasions and have the American flag raised. I think, therefore, that it would be appropriate at this time, with the Columbus Day celebration approaching and having in mind other occasions for having patriotic exercises in the North End, to erect a flagpole, as suggested by this order, in the North End Park. It will make a good rallying point for patriotic demonstrations of the people of the district, a place where they can go and where the flag can be raised on proper occasions.

The order was passed under suspension of the rule.

ROPING OFF STREETS, COLUMBUS DAY.

Coun. RUSSO offered the following:

Ordered, That the City Messenger be instructed to rope off the streets along the route of the Columbus Day Parade, from Arlington and Newbury streets, along Boylston street, Tremont street to Scollay square, and Hanover street to the North End Park, to be conducted on Sunday, October 13, the cost of same to be charged to the City Council fund for Ropes, Flags and Stakes.

Passed under suspension of the rule.

TAXES DUE ON CONGRESS BUILDING.

Coun. CHASE offered the following:

Ordered, That the Collector of Taxes, through his Honor the Mayor, be respectfully requested to advise the City Council as to the amount of unpaid taxes, interest and costs now due on the Congress Building, at 211 Congress street and the corner of High street, together with the years for which taxes remain unpaid.

Passed under suspension of the rule.

SIDEWALK ON OAKWOOD STREET.

Coun. WICKES offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Oakwood street, in front of No. 11, Ward 17, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

PARKING OF UNDERTAKERS' VEHICLES NEAR CITY HOSPITAL.

Coun. WICKES offered the following:

Ordered, That the following be adopted: An Ordinance prohibiting the parking of any vehicle which is obviously used in the undertaker's trade within an identifiable distance of the Boston City Hospital.

Referred to the Committee on Ordinances.

WELFARE UNIT, WARD 8.

Coun. HURLEY offered the following:

Ordered, That the Overseers of the Public Welfare be requested, through his Honor the Mayor, to erect a welfare unit in the Ward 8 section of Roxbury.

Coun. HURLEY—Mr. President and gentlemen of the Council, I have introduced this order after waiting three or four months for the Welfare Department to make a survey that was promised looking to the establishment of a welfare unit in our district. At the present time the people of Ward 8, from one section, go to Fayette street, from another section to Hancock street, Dorchester, and from another section to Whittier street, Roxbury, in their welfare visits. It is quite a hardship in such a district as I represent in the Council to start out in the morning and visit these different welfare stations, and if we have such a unit in our district as is here proposed it will be much easier for the residents of the district, instead of having to travel such a distance as they do at present. There are times when we will go to the telephone and talk to the employees of the Welfare Department upon welfare matters interesting our constituents. As a rule, the employees are a very considerate group, but once in a while you will run into a man in charge, such as we have at Whittier street, Roxbury, a Mr. Phipps, a man who, I am positive, has no understanding whatever of the needs of the poor of our district. I have called him up on a few occasions prior to visiting him, and when I did visit him, having in mind the sound of his voice over the telephone, I asked for "Mrs. Phipps," as I had received the impression from the sound of the voice over the telephone that it was a woman. But I was told that there was a Mr. Phipps, but no Mrs. Phipps, at that station. What led up to all this is that, on Friday morning, a woman who was destitute and hungry came to my office and told about the treatment that she had received at Whittier street. So I called up this person at Whittier street, whom I thought from the voice over the phone was a woman, and stated the case. But this person did "not care to discuss the matter over the telephone," and suggested that the woman go around to the office. But about ten o'clock in the morning I received a telephone call from the woman, who was crying bitterly, and said she had been ejected from the office, that they would not listen to her. So I went around to see this person, whom I thought was Mrs. Phipps, and, as I say, found that it was a Mr. Phipps. I asked him why something was not done for the woman, and he told me that he considered it a matter entirely between the department and the recipient and that members of the Council should mind their own business. I explained to him that I thought it was the business of City Councilors to see that their constituents were given humane treatment, that there should

be at least an attempt to give them proper attention. So that seems to be one of the things that recipients of welfare have to put up with. I understand that this person was kicked out of the Brighton office, where probably they were dealing with people in better circumstances, who would not stand for this sort of treatment, and he was then put into my district, to deal with a poorer constituency. Now, these people, who are on welfare through no fault of their own, in many cases no doubt have lived under better circumstances, but have come upon hard times, and should not suffer such indignities from this Mr. or Mrs. Phipps, or persons of that kind. They go there because of no fault of their own, but because they are out of luck, and certainly they are entitled not to be abused. Of course, we all know that the head of that department, Mr. William G. O'Hare, is a fine character, and that he would not willingly tolerate anything of the sort. Mr. O'Hare is a very considerate and humane man, and I feel that if the matter is brought to his attention, something will be done about it. A lot of times when you have had matters of this kind brought to your attention, you feel like forcibly grabbing the man or woman by the neck and pulling them out. But I think if this matter is called to Mr. O'Hare's attention, he will see that this sort of thing is corrected, perhaps sending this person out to one of the highbrow districts of Boston, such as Ward 19, or some place like that, where people of this type may be understood. But they don't fit in my district. Certainly, I do not understand them and they do not understand me. I trust that the order will pass.

Coun. LANGAN—Mr. President, I want to inform the councilor that we do not care to have any such person sent to our ward, that we are very well satisfied with the way things are being handled in Ward 19. Perhaps there may be some other section where such a person would be welcome.

Coun. CAREY—Mr. President, cases similar to the one referred to by the gentleman from Ward 8 (Coun. Hurley) have been brought to my attention. As a matter of fact, in the case of one gentleman out in Ward 10, you would think that the money paid for relief came out of his own pocket. I think it would be very proper for us to bring in the Director of Public Welfare for a discussion of such matters. I know that he would be glad to come here, and I think we will all agree that there is no more humane man at the head of any city department than William G. O'Hare. I think it would be well to have him come in here before our Executive Committee or before the Committee on Welfare, and talk the matter over. I would suggest, therefore, that the order be sent, preferably, perhaps, to the Committee on Public Welfare, to be there discussed with Mr. O'Hare or some representative of his department.

The order was referred to the Committee on Public Welfare.

TENNIS COURT, MARY HEMENWAY PLAYGROUND.

Coun. FISH offered the following:

Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to consider the advisability of erecting an additional tennis court at the Mary Hemenway Playground, Ward 16.

Passed under suspension of the rule.

USE OF SCHOOLS FOR DRAFT REGISTRATION.

Coun. FISH and HURLEY offered the following:

Ordered, That his Honor the Mayor and the Board of Election Commissioners be requested to consider the advisability of requesting the cooperation and assistance of the Boston School Committee by declaring a school holiday and utilizing the school buildings throughout the city as centers of registration for persons within the draft age, and also enlisting the services of all school teachers as clerks for this registration work, thereby assuring a force of experienced and capable clerks.

Coun. FISH—Mr. President, I shall speak very briefly on this order. It is merely a suggestion, to which, however, I think due consideration should be given. On October 16 we all know that the opening gun will be fired in connection with the most important and far-reaching piece of legislation that Congress has ever passed, involving the draft of young America. They have been sending out queries in every imaginable way asking for volunteers for this work. I think it most important that this legislation should get off to a good start, and that we should have the matter handled by experienced volunteers. No doubt there will be plenty who would be glad to do the work, but after all we want experienced people and I feel that nobody would be better qualified than our school teachers. Also, it seems to me that the school buildings of the city might be well utilized for the purpose. I feel that a school holiday might well be declared, and that teachers might well give their personal services. I don't believe they would object to that. It seems to me, therefore, that a very good way to handle the thing would be to declare a school holiday, and have the voluntary service of the teachers and

the use of the school buildings. In that way I feel that this legislation will in Boston get off to a really good start. I trust, therefore, that the order will be passed and be sent to the School Committee at its meeting tonight.

The order was passed under suspension of the rule.

COAL FOR WELFARE RECIPIENTS.

Coun. M. H. SULLIVAN offered the following:

Ordered, That the Board of Trustees of the Boston Welfare Department be requested, through his Honor the Mayor, to put the machinery in action so that recipients of welfare will not have to wait for coal during cold weather.

Passed under suspension of the rule.

OUTSIDE THEATRICAL PHOTO ADVERTISING.

Coun. M. H. SULLIVAN offered the following:

Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to instruct the managements of Boston theaters to use more care and discretion in the type of outside photo advertising in order that the morals of the young might not be corrupted.

Coun. M. H. SULLIVAN—Mr. President, I know that our Police Commissioner has the moral welfare of our young people at heart, and that he will do a splendid job in this matter if it is placed under his charge. I have noticed recently outside some of our Boston theaters a type of advertising that is highly objectionable from a moral point of view. I have seen such objectionable advertising as I have passed along in front of some of our theaters on Washington street. I have had the matter in mind for some time, but I have not brought it up because I did not want to capitalize on it politically. I think we have all seen recently the new kind of advertising that has been creeping into the advertisements of some of our Boston theaters. I have in a number of cases seen young people, and in many cases older people, standing on the sidewalks, looking at these advertisements, advertisements which certainly should not be paraded before our youth, or, for that matter, our older people. I certainly intend no criticism of the gentleman who has supervised this sort of thing in the past. He has done a splendid job but we are now confronted with this new and improper type of advertising, and I believe that if it is brought directly to the attention of the Police Commissioner, through his Honor the Mayor, he will clean up the whole situation. Certainly, something should be done in order that the morals of the young may not be corrupted in any such manner.

The order was passed under suspension of the rule.

USE OF FIRE STATION AS MUNICIPAL BUILDING.

Coun. M. H. SULLIVAN offered the following:

Ordered, That the Superintendent of Public Buildings be requested, through his Honor the Mayor, to convert the now abandoned fire station on Chestnut Hill avenue, Ward 22, into a municipal building under the W. P. A. type of construction, and if such is found to be not feasible to abolish same.

Coun. M. H. SULLIVAN—Mr. President, several years ago a fire station in the central section of Ward 22, Brighton, was abandoned. I understand from the Superintendent of Public Buildings that the structure itself is still sound, and it occurs to me that it might be feasible to convert that abandoned fire station into a municipal building, under the W. P. A. type of construction. I introduced an order shortly after coming into the Council asking that this be done, but I understand that the Superintendent of Public Buildings took a contrary position. I think on account of the expense that would be involved. But I understand that under W. P. A. regulations at the present time an amount sufficient to place the building in condition as a municipal building might be allowed. I trust, therefore, that the order will be passed, and that if the construction and use of the building as a municipal building is not feasible, the building may be abolished. I certainly feel that one thing or the other should be done and done at once.

The order was passed under suspension of the rule.

CONGRATULATIONS TO MAYOR.

Coun. SCANNELL offered the following:

Ordered, That the congratulations of the City Council be extended to his Honor the Mayor for the excellent manner in which he received the American Legion Convention and for his kindness in inviting crippled and orphaned children to review the parade from stands in front of City Hall.

Coun. SCANNELL—Mr. President, as a member of the City Council I don't believe it is fair to the Mayor of Boston for us to sit here as a City Council and ignore the wonderful work that our Mayor did in bringing to us the greatest national convention of the American Legion,

and, in fact, the greatest convention in the history of America, and his highly commendable action during its progress. I certainly must express my gratification, and I know the gratification of all of us and of the citizens of Boston, at what he also did for the forgotten children, orphans and crippled children of Boston, in placing those children in stands in front of City Hall where they could review the parade and enjoy the music. I think it was a noble act of our Mayor, and I hope this order congratulating him on the wonderful work that he did in connection with the whole matter will be passed. I know that we were all moved by the sight of those children in front of City Hall and by the kindly action of Mayor Tobin. The order was passed under suspension of the rule.

SIDEWALKS ON CALL STREET, WARD 11.

Coun. ENGLERT offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to install sidewalks on Call street, between Bishop and Hall streets, Ward 11, under the W. P. A. type of construction.

Passed under suspension of the rule.

PAYMENT TO CITY EMPLOYEES DURING TRAINING.

Coun. KELLY offered the following:

Ordered, That his Honor the Mayor be requested to make some arrangement whereby city employees who enlist in the National Guard will receive their pay from the city during their period of training.

Passed under suspension of the rule.

RESURFACING WARD 15 STREETS.

Coun. KELLY offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface the following streets in Ward 15, under the W. P. A. plan of construction: Blakeville street, Clarkson street.

Passed under suspension of the rule.

RECESS.

The Council voted at 3 p. m., on motion of Coun. ENGLERT, to take a recess subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order by President GALVIN at 3:45 p. m.

CONFIRMATION OF EXECUTIVE APPOINTMENT.

President GALVIN called up, under unfinished business, No. 2 on the calendar, viz.:

2. Action on appointment submitted by the Mayor August 5, 1940, of Kane Simonian to be a Constable without authority to serve civil process and to serve without bond.

The question came on confirmation. Committee, Coun. Coffey and Wickes. Whole number of ballots 14; yes 9, no 5, and the appointment was confirmed.

EXECUTIVE COMMITTEE REPORTS.

Coun. LANGAN, for the Executive Committee, submitted the following:

1. Report on communication from Metropolitan District Commission (referred today) re taking, for traffic circle, of land at West Roxbury Parkway and Veterans of Foreign Wars Parkway, and accompanying order—that the order ought to pass.

2. Report accepted; order passed.

3. Petition of Boston American League Baseball Company for Sunday sports at Fenway Park (referred September 16)—that same ought to pass.

Report accepted; said license granted under the usual conditions.

4. Report on message of Mayor and order (referred today) that \$20,000 be appropriated from income of George F. Parkman Fund to be expended under direction of Park Commissioners—that same ought to pass.

5. Report on message of Mayor and orders (referred today) for transfers within departmental appropriations—that same ought to pass. Reports accepted; said orders passed, yeas 17, nays 0.

REPORT OF COMMITTEE ON PUBLIC LANDS.

Coun. RUSSO, for the Committee on Public Lands, submitted the following:

Report on message of the Mayor and order (referred August 5) for sale of land on Maverick street, East Boston—that same ought to pass.

Report accepted; said order passed, yeas 18, nays 0.

UNDERPASS, OLD COLONY PARKWAY AND REDFIELD STREET.

Coun. FISH offered the following:

Ordered, That his Honor the Mayor request the Metropolitan District Commission to allocate sufficient money from the Highway Fund to provide for the construction of an underpass on the Old Colony Parkway, at the junction of Redfield street, Neponset.

Passed under suspension of the rule.

TRAFFIC CIRCLE, OLD COLONY PARKWAY.

Coun. FISH offered the following:

Ordered, That his Honor the Mayor be requested to take up with the Metropolitan District Commission the matter of beautifying the traffic circle on the Old Colony Parkway at Neponset.

Passed under suspension of the rule.

ELIMINATION OF DANGEROUS CURVE, EAST EIGHTH STREET.

Coun. LINEHAN offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to take two or three feet off the sidewalk on East Eighth street, from Old Harbor to Mercer streets, for the purpose of eliminating the dangerous curve that exists at this location.

Passed under suspension of the rule.

LEAVE OF ABSENCE TO JEWISH EMPLOYEES.

Coun. GOTTLIEB and TAYLOR offered the following:

Ordered, That his Honor the Mayor be requested to grant leave of absence, without loss of pay, to all Jewish employees of the City of Boston on the occasion of the Jewish high holidays, October 3, 4 and 12.

Passed under suspension of the rule.

MAKING OF HARRISON AVENUE A "THROUGH WAY."

Coun. HURLEY offered the following:

Ordered, That the Boston Traffic Commission be requested, through his Honor the Mayor, to consider the advisability of making Harrison avenue a through way from Union Park street to Dudley street, with suitable signs to designate this "Through Way."

Passed under suspension of the rule.

ACCIDENT ENTRANCE, CITY HOSPITAL.

Coun. HURLEY offered the following:

Ordered, That the trustees of the Boston City Hospital be requested, through his Honor the Mayor, to arrange for the installation of an illuminated sign at the Accident entrance of the Boston City Hospital.

Passed under suspension of the rule.

THE NEXT MEETING.

On motion of Coun. ENGLERT, it was voted that when the Council adjourn it be to meet on Monday, October 14, 1940, at 2 p. m.

ACCEPTANCE OF McKENNA TERRACE.

Coun. LYONS offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out McKenna terrace, West Roxbury, as a public highway, under the W. P. A. plan of construction.

Passed under suspension of the rule.

Adjourned at 4.10 p. m., on motion of Coun. SCANNELL, to meet at 2 p. m. on Monday, October 14, 1940.

VOTE FOR PRESIDENT IN BOSTON, NOVEMBER 3, 1936.

Vote in Boston for President: 199,504 for Roosevelt (Dem.); 85,789 for Landon (Rep.); 25,924 for Lemke (Union); 783 for Browder (Comm.); 637 for Thomas (Soc.); 220 for Aiken (Soc. Lab.); 133 for Colvin (Proh.); all others, 5; total vote for President, 312,995, or 2,572 more than total for Governor. Plurality for Roosevelt, 113,715.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be sixty (60) days, vehicles are excluded from the following street, effective October 8, 1940:

West Seventh Street, South Boston.

From Dorchester street to E street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway construction in the intersection of Atlantic avenue and Northern avenue, estimated to be two (2) weeks, the following street is one way in the direction indicated, effective October 7, 1940:

Northern Avenue.

From Atlantic avenue to Sleeper street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of football games at the Harvard Stadium, the following rules are effective on October 19, October 26 and November 2, 1940:

The following streets are one way in the direction indicated:

North Harvard Street.

From Cambridge street to Franklin street, between the hours of 11.30 a. m. and 2.30 p. m.

Western Avenue.

From North Harvard street to Spurr street, between the hours of 11.30 a. m. and 5.30 p. m.

Spurr Street.

From Western avenue to North Harvard street, between the hours of 11.30 a. m. and 5.30 p. m.

Franklin Street.

From North Harvard street to Lincoln street, between the hours of 11.30 a. m. and 5.30 p. m.

Lincoln Street.

From Franklin street to Cambridge street, between the hours of 11.30 a. m. and 5.30 p. m.

Bay State Road.

From Beacon street to Sherborn street, between the hours of 12.30 p. m. and 2 p. m.

Sherborn Street.

From Bay State road to Commonwealth avenue, between the hours of 12.30 p. m. and 2 p. m.

Parking of vehicles is prohibited in the following streets:

North Harvard Street.

Both sides, from Franklin street to Soldiers Field road, between the hours of 8 a. m. and 5.30 p. m.

Western Avenue.

Both sides, from Riverdale street to Hefferan street, between the hours of 8 a. m. and 5.30 p. m., except that taxicabs are permitted to park in Western avenue, both sides, from North Harvard street to Soldiers Field road.

Spurr Street.

Both sides, from Western avenue to North Harvard street, between the hours of 8 a. m. and 5.30 p. m.

Franklin Street.

Both sides, from North Harvard street to Lincoln street, between the hours of 8 a. m. and 5.30 p. m.

Lincoln Street.

Both sides, from Franklin street to Cambridge street, between the hours of 8 a. m. and 5.30 p. m.

The operator of a vehicle shall not make a left turn from Western avenue into North Harvard street, southerly, nor from Western avenue into Spurr street, southeasterly, between the hours of 11.30 a. m. and 2.30 p. m., nor from Spurr street into North Harvard street, northerly, between the hours of 4 p. m. and 5.30 p. m.

Vehicles are excluded from North Harvard street, between Western avenue and Soldiers Field road, between the hours of 12.30 p. m. and 2.15 p. m., and between the hours of 3.45 p. m. and 5.30 p. m., except as otherwise directed by a police officer.

These rules shall not apply to authorized emergency vehicles or official vehicles of the Harvard Athletic Association.

NOTICE TO HEADS OF DEPARTMENTS.

CITY OF BOSTON,
TREASURY DEPARTMENT,
October 3, 1940.

To the Heads of All Departments.

GENTLEMEN,—The 1940-1941 Greater Boston Annual Maintenance Appeal of the Salvation Army opens on October 7, 1940.

As in past years, his Honor, Mayor Maurice J. Tobin, has given his whole-hearted indorsement and support to this appeal and has appointed me to conduct the drive for funds among city and county employees.

Employees are urged to contribute to this worthy cause in accordance with their means in order that the Salvation Army may be materially assisted in carrying on their great work during the coming year.

Will you kindly designate some member of your staff to solicit funds within your department for this purpose, with instructions that returns be made as soon as possible to Mr. William L. Dowling in the Treasury Department, who will give receipts for all amounts received.

Forms for making returns may be obtained from Mr. Dowling although returns on regular office stationery will suffice.

Very truly yours,

JAMES J. MCCARTHY,
City Treasurer.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Melville lane, Dorchester district, as a highway, from Melville avenue southeasterly, bounded and described as follows:

A highway named Melville lane is hereby laid out, from Melville avenue southeasterly for a distance of approximately one hundred and sixty-seven feet, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northwesterly by Melville avenue, thirty feet; northeasterly by the northeasterly line of said Melville lane as hereby laid out, one hundred and sixty-seven feet; southeasterly by the southeasterly line of said Melville lane as hereby laid out, twenty-five feet; and west-

erly by the westerly line of said Melville lane as hereby laid out, by three measurements, sixty-seven and 48-100 feet on a curve of twenty-five feet radius, eleven and 28-100 feet on a curve of ten feet radius, and one hundred ten and 38-100 feet.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on all sides of Melville lane will receive benefit or advantage beyond the general advantage to all real estate in said city from the improvement herein ordered; each of said lots to the amount herein-after respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Melville Lane, Dorchester, Assessment Plan, July 25, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Lot.	Amount.
1. Franklin Lodge No. 23, I. O. O. F.,	\$358 55
2. Leonard Newman <i>et al.</i>	65 12
3. Mary E. Hoar	99 36
4. Eliot Savings Bank	103 50
5. Eliot Savings Bank	146 40
6. Joseph Verrochi <i>et al.</i>	115 56

Total..... \$888 49

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Melville lane, Dorchester district, as a highway, from Melville avenue southeasterly for a distance of approximately one hundred and sixty-seven feet, under the order of the Board of October 1, 1940, and awards no damages therefor.

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE EXAMINERS OF ELECTRICIANS, 1940.

Examinations will be held at the following points and on the following dates:

Springfield, Wednesday, October 16.
Pittsfield, Thursday, October 17.
Boston, Wednesday, November 13.
Lowell, Thursday, November 14.
Boston, Wednesday, December 4.
New Bedford, Thursday, December 5.
New Bedford, Friday, December 6.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes. Examination shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held and only those so notified will be examined on that day.

STEPHEN C. GARRITY,
WALTER F. DOWNEY,
ULYSSES J. LUPIN,
ALBERT FRANK,
WALTER J. KENEFICK,

State Examiners of Electricians.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

ASSISTANT TO THE CUSTODIAN OF REAL ESTATE, BOSTON PUBLIC BUILDINGS DEPARTMENT, OCTOBER 26, 1940.

Last date for filing applications, Monday, October 14, 1940, at 5 p. m.

The present vacancy is permanent for the duration of the act.

Salary: \$36 per week.

Duties: To take full charge in the absence of the custodian. To visit the site of each parcel (land or building) after foreclosure, make report of its condition to determine its value or usefulness, advise as to rental, sale, etc., determine need and extent of repairs, estimate cost of repairs, determine safety of buildings, check for vandalism and notify Building Department or Police Department. To visit the Assessing, Welfare, Collecting, Law, Building and Water Departments of the City of Boston (which requires a working knowledge of their set-ups and functions relative to real estate) in order to check the valuation over a period of years and to record the taxes, assessments, interest, water rates, restrictions, zoning or any encumbrances on the particular property. To interview prospective tenants or purchasers; to decide on values and appraisals; to inspect work performed by contractors on property; to check sales in various sections of the city; to consult with various committees such as the Housing, Planning or Zoning Boards.

The assistant must be familiar with chapter 358, Acts of 1938, establishing the position of Custodian of Real Estate; must have a thorough knowledge of tax sales and how tax titles are acquired by the City of Boston; must be familiar with W. P. A. procedure, know how to initiate projects and write them up, be able to check personnel, and report progress of projects pertaining to the division; must know the geography of the city, and be familiar with office procedure and practice.

Entrance Requirement: Applicants must have five years' experience in general building construction work, of which two years must be of a supervisory nature. Substitution: Two years' experience as an assessor or appraiser may be substituted for experience in building construction.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

NOTE.—Information concerning the results of this examination will not be available until at least sixty days after the examination has been held. If the eligible list is established in the meantime, all applicants will be notified.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

The lists established as a result of these examinations will be used to fill all vacancies in these classifications in the various State departments.

DEPARTMENT OF PUBLIC HEALTH, SENIOR SANITARY ENGINEERING AID, OCTOBER 26, 1940.

Last date for filing applications, Monday, October 14, 1940, at 5 p. m.

The entrance salary is \$1,680 a year; the maximum salary is \$2,160 a year.

Duties: To do routine work in connection with the purity of water supply and waste disposal and to perform related work as required. To assist in engineering work involving knowledge and training in sanitary engineering practice including simplified practice in the flow of water and sewerage through pipes, the elementary knowledge of the theory of the various devices for measuring the flow of sewage and water and of filtration and treatment of sewage and water, and acquaintance with the technique required in examination of water supplies and examinations of piping systems to determine the presence of cross connections between water supplies used for drinking and secondary and industrial supplies. To examine the piping conditions in certain buildings to determine the possibility of back-siphonage of polluted matter into the drinking water supply. To make such hydraulic computations as are necessary to determine the possibility of polluted water entering the drinking water supply. To investigate matters of pollution of rivers. Under immediate supervision, to construct sewerage systems, sewage disposal works, water supplies and water distribution systems at State institutions.

Subjects and Weights: Training and experience, 2; practical questions (including mathematics), 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR CONSTRUCTING A SNOW DUMP WHARF, NORTH FERRY, BOSTON.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for constructing a snow dump wharf, North Ferry, Boston, and giving bond therefor of a surety company approved by the Commissioner in the sum of 100 per cent of the contract to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "B'd for Constructing a Snow Dump Wharf, North Ferry, Boston," and left at Room 508, fifth floor, City Hall Annex, before 12 o'clock m. on Monday, October 28, 1940, with a certified check for one thousand (1,000) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor, previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the bid containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals should he deem it to be for the best interest of the city so to do.

GEORGE G. HYLAND,
(Oct. 12.) *Commissioner of Public Works.*

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about one thousand eight hundred ninety (1,890) square feet of land, with buildings thereon, on the northeasterly side of Rutland street, Boston, numbered 61 in the numbering of said street, and more fully described in a tax deed recorded with Suffolk Deeds, Book 5393, page 486, on Wednesday, October 23, 1940, at 11 a. m., on the premises, at a minimum price of five hundred dollars (\$500).

Five hundred dollars (\$500), in cash or certified check, is required at the time and place of sale. Further particulars from Custodian of Foreclosed Real Estate, 47 City Hall, Boston, Mass.

DANIEL M. DRISCOLL,
(Oct. 12-19.) *Custodian of Foreclosed Real Estate.*

SUPPLY DEPARTMENT.

The City of Boston invites proposals for furnishing fruits, vegetables, meats, butter, eggs and cheese.

Proposals for furnishing fruits and vegetables close at 11 a. m. daily at the Supply Department. Proposals for furnishing meats and butter, eggs and cheese close every Thursday at 2 p. m. Proposals for furnishing manufactured meat products close the last Thursday of each month at 2 p. m.

Proposals and specifications for the above may be obtained in Room 1001, City Hall Annex.

JOHN A. BREEN,
Superintendent of Supplies.

CITY OF BOSTON.

SEALED PROPOSALS FOR \$867,000 CITY OF BOSTON LOANS.

\$367,000 COUPON SERIAL BONDS.
\$500,000 COUPON SINKING FUND BONDS.

BONDS EXEMPT FROM TAXATION IN MASSACHUSETTS AND FROM THE PRESENT FEDERAL INCOME TAX.

TREASURY DEPARTMENT.
OFFICE OF THE CITY TREASURER.

CITY HALL, BOSTON, MASS., October 8, 1940.

In pursuance of the authority given by orders of the City Council of Boston and Acts of Massachusetts, the undersigned will receive proposals until 12 o'clock m., Eastern Standard Time, Monday, October 14, 1940, for the purchase of all but no part of the following described coupon bonds.

SERIAL BONDS.

Bidder to name one rate of interest for all of the following serial loan in multiples of $\frac{1}{4}$ of one per cent; no bid to be less than par and accrued interest.

CITY OF BOSTON, MUNICIPAL RELIEF LOAN,
ACT OF 1939, \$367,000.

Order of the City Council of Boston of August 27, 1940. Payable \$37,000 annually, November 1, 1941, to November 1, 1947, inclusive, and \$36,000 annually, November 1, 1948, to November 1, 1950, inclusive.

SINKING FUND BONDS.

Bidder to name one rate of interest in multiples of $\frac{1}{4}$ of one per cent; no bid to be less than par and accrued interest.

SUBWAY BONDS, ACTS OF 1933 (HUNTINGTON AVENUE SUBWAY EXTENSION), \$500,000.

Chapter 395, Acts of Massachusetts, 1938. Payable November 1, 1985.

All loans will be issued in Coupon Bond Certificates of \$1,000 each, and will be paid on the dates specified for each loan, all with interest payable semi-annually on the first day of May and November in each year, at the office of the City Treasurer, Boston.

In comparing bids, preference will be given to the bidder whose bid provides for the lowest net interest cost to the City (total interest for the duration of the loan from November 1, 1940, less the amount of premium bid).

The bonds will be dated November 1, 1940, and will be ready for delivery on or about November 1, 1940. Interest will begin November 1, 1940, and will cease on the dates on which the bonds are payable.

These bonds are exempt from taxation in Massachusetts and from the present Federal Income Tax.

Proposals must be sealed and addressed to James J. McCarthy, City Treasurer, Boston, Mass., indorsed "Proposals for Loans." Each proposal must be accompanied by a certified check on a Boston National Bank or Trust Company, or by cash, equal to one per cent of the amount of loans bid for, the check made payable to the City of Boston, James J. McCarthy, City Treasurer. The check or cash of any bidder to whom an award is made will be retained as part payment for the loans awarded. All other checks or cash will be returned.

Accrued interest from November 1, 1940, to date of delivery to be paid by the purchaser.

All proposals will be opened in the office of the City Treasurer, Monday, October 14, 1940, at 12 o'clock m., Eastern Standard Time. The City Treasurer reserves the right to reject any or all bids or to accept such bid or bids as may seem to him to be the most advantageous to the City.

JAMES J. MCCARTHY,
City Treasurer.

STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACT OF CONGRESS OF AUGUST 24, 1912, OF CITY RECORD, PUBLISHED WEEKLY AT BOSTON, MASS., FOR OCTOBER 1, 1940.

STATE OF MASSACHUSETTS.
COUNTY OF SUFFOLK, SS.

Before me, a Notary Public, in and for the state and county aforesaid, personally appeared JOSHUA H. JONES, who, having been duly sworn according to law, deposes and says that he is the Associate Editor of the *City Record* and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management (and if a daily paper, the circulation), etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 411, Postal Laws and Regulations, to wit:

1. That the names and addresses of the publisher, editor, managing editor, and business managers are:

Publisher, CITY OF BOSTON.
Associate Editor, JOSHUA H. JONES, 40 City Hall, Boston.
Business Agent, EDWARD F. O'DOWD, 76 City Hall, Boston.

2. That the owner is: (If owned by a corporation, its name and address must be stated and also immediately thereunder the names and addresses of stockholders owning or holding one per cent or more of total amount of stock. If not owned by a corporation, the names and addresses of the individual owners must be given. If owned by a firm, company, or other unincorporated concern, its name and address, as well as those of each individual member, must be given.)

CITY OF BOSTON.
MAURICE J. TOBIN, *Mayor*.
WILLIAM J. GALVIN, *President of City Council*.
WILFRED J. DOYLE, *City Clerk*.

3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are: (If there are none, so state.)

None.
4. That the two paragraphs next above, giving the names of the owners, stockholders, and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association, or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated by him.

5. That the average number of copies of each issue of this publication sold or distributed, through the mails or otherwise, to paid subscribers during the twelve months preceding the date shown above is . . . (This information is required from daily publications only.)

JOSHUA H. JONES, *Associate Editor*.

Sworn to and subscribed before me this first day of October, 1940.

[SEAL.] EDWARD F. O'DOWD, *Notary Public*.
(My commission expires November 5, 1943.)
(Oct. 12.)

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about two thousand seven hundred seven (2,707) square feet of land lying in the rear of the southwesterly side of Everett street, East Boston, numbered 23 rear in the numbering of said street, and more fully described in a tax deed recorded with Suffolk Deeds, Book 5292, page 117, on Tuesday, October 15, 1940, at 10 a. m., on the premises, at a minimum price of two hundred fifty dollars (\$250).

A deposit required at the time and place of sale of fifty dollars (\$50), in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, 47 City Hall, Boston, Mass.

DANIEL M. DRISCOLL,
(Oct. 5-12.) *Custodian of Foreclosed Real Estate.*

DEVOTION TO STARS AND STRIPES NOT ENOUGH TO SAVE US FROM CHAOS NOW ENGULFING THE WORLD, STATE DEPUTY, KNIGHTS OF COLUMBUS, WALTER J. POWERS, TELLS AUDIENCE IN ADDRESS ON "SIGNIFICANCE OF COLUMBUS DAY," DURING CITY'S OBSERVANCE IN HONOR OF DISCOVERER OF AMERICA—NECESSARY TO LOOK BEYOND THEM TO STARS AND STRIPES OF CHRIST BY WHOSE STARS WE ARE ILLUMINATED AND BY WHOSE STRIPES WE ARE HEALED—PAYS TRIBUTE TO MAYOR TOBIN AND ORGANIZATION DEDICATED TO GOD, COUNTRY, FAITH AND FLAG.

In his address as the orator of the Columbus Day exercises by the City of Boston, at the Parkman Bandstand, Boston Common, on Saturday, October 12, Walter J. Powers, State Deputy, Knights of Columbus, spoke as follows:

As State Deputy of the Knights of Columbus in the jurisdiction of Massachusetts, and in behalf of our membership of over 40,000 men, it is an honor and pleasant privilege to accept the invitation of his Honor Mayor Tobin to participate in this program for the 28th annual City of Boston observance of Columbus Day.

It is a day set apart by the Commonwealth of Massachusetts, together with thirty-one other States in the Union, as an occasion to pay deserved tribute to that brave navigator, that fearless sailor of the unknown seas, that glorious son of Italy, the discoverer of America,—Christopher Columbus. Truly it is a time set apart in the life of every true American when he pauses from his usual occupations to commemorate the memory of the discoverer of the new world.

It is indeed fitting and proper that the Knights of Columbus should join in this program. Fifty-eight years ago our society was founded as a fraternal order, with Columbus as its patron, and from its very beginning was dedicated to God and Country, Faith and Flag. Throughout its history it has proven a fortress in the pathway of materialism, atheism, and chaos in the life of our Republic.

Governmental Tribute to Columbus.

That the name of Christopher Columbus may forever remain emblazoned upon our history, the government of the United States has erected a monument in his honor, which stands today at the Capitol in Washington. Indeed it is a fitting memorial to his greatness, for 448 years ago today Christopher Columbus, with the Cross of Christ in his hands, fell on his knees and chanted a Te Deum for the discovery of this land.

That Te Deum of Christopher Columbus inaugurated a new chapter in the annals of mankind and foretold a form of government where the voice of the people is the voice of God. That Te Deum heralded a land where kings would pass away and manhood wear the crown; a land where the oppressed of the world would find liberty and peace and prosperity under the flag of opportunity and hope. That Te Deum foretold a land where the ballot is mightier than the bullet, where lips and hands are unfettered, where brains are the master of destiny, where labor wears a royal coat of arms, where men reap what they sow, where the weak find protection and the strong bow to a rule of law. That Te Deum gave an impetus to human liberty, religious freedom and individual rights which rewrote the law books of the world, hurled autocracy in the abyss of decay and placed justice on the throne once occupied by kingly whims.

Contribution to Democracy.

The discovery of America, my friends, was the most momentous contribution to the cause of democracy since the advent of Christ. Christ preached the message of democracy on the Mount, and to it America gave political application. The Sermon on the Mount is the inspiration of democracy; the epistle of St. Paul its proclamation. With its fetters of tradition, its love of caste, its repugnance to progress, the old world had stunted the growth of democracy. For its growth a new world was needed. And for the discovery of this new world, where democracy could grow and spread around the globe, a Catholic monk gave his eloquence, a Catholic king gave his treasure, a Catholic queen gave her jewels, and a Catholic navigator gave himself, his energy and his brains.

The discovery of America enabled this country to be a haven of liberty, a bulwark of protection, a treasury of opportunity to our fathers and to us, and believing and praying that it will continue to be such to our children and our children's children, we repeat the lines:

"Great God, we thank Thee for this home,
This beauteous birthland of the free,
Where strangers from afar may come
And breathe the air of liberty.
Long may her flowers untrampled spring,
Her harvests wave, her cities rise,
And yet till time shall fold her wing
Remain earth's loveliest paradise."

(Continued on page 1116.)

"O Boston, fair City enthroned like a radiant queen,
From thy hill looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKEL DOLE.

CITY RECORD.

Published weekly in Boston by the Board of Trustees of the Statistics Department of the City of Boston, under the direction of the Mayor, in accordance with legislative act and city ordinance.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, October 21, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To the BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

To the BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To the COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To the HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables slaughter-houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To the BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To the SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

To the DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To the BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To the STATISTICS DEPARTMENT, 73 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To the WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To the BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

ACHIEVEMENTS OF COLUMBUS WILL MAKE HIM EVER BELOVED OF MANKIND AND MANKIND HIS DEBTOR, MAYOR TOBIN SAYS IN ADDRESS AT COLUMBUS DAY EXERCISES—HE PAYS TRIBUTE TO DISCOVERER OF AMERICA AND CALLS FOR PLEDGE TO TASK OF PRESERVING WHAT HIS EXAMPLE HAS FURNISHED US—A GOVERNMENT DEVOTED TO PRIN- CIPLES OF RIGHT, TRUTH AND LIBERTY IN GLORIOUS SENSE OF WORD.

In his address on Columbus Day, October 12, Mayor Tobin spoke, in part, as follows:

Today we share with all the civilized world the observance of the 448th anniversary of the discovery of America by Christopher Columbus. Today we honor the memory of the son of a Genoese wool-comber who grew to greatness through courage and daring, and that sublime faith in God which enabled him to persist in his belief until he had proved himself right. Out of his faith and his courage has come America, now standing as greatest among the nations of the world.

When we contemplate the results of that first voyage of Columbus, the mind of man is almost stunned by the stupendous results that have obtained. Previous to 1492 less than half of our planet was known to men. Following Columbus two streams of life, that had for ages flowed unknowingly and untraveled apart, began to merge and to mingle together beyond and undreamed of by the most vivid imagination of mankind. The entire trend of civilization was changed and diverted.

The successful voyage of Columbus has assumed a unique place in the history of the world. No longer is there any place in the physical world, or on our material planet, that awaits the discovery or the exploration of a Columbus.

There are still, however, spiritual and scientific worlds that await the approach of Columbuses of future generations. We have problems of peace, problems of happiness, problems of patriotism that cry aloud for a Columbus to solve and to establish. The name and fame of Columbus endure because he broke asunder the chains of ignorance and narrowness that bound and held behind closed doors of darkness a large part of the world. He disclosed to an unbelieving world a new continent. The magnitude of his achievement has made his name of universal renown. It has made him and keeps him one of the world's greatest heroes.

Lessons To Be Learned.

We, in Boston, in Massachusetts, and New England, as well as the United States, owe a very deep debt of gratitude to Columbus, for it was his voyage and the sublime faith which carried it to success that later made possible the exploration and the settlement of this country by the founding fathers and those who have come after them. Without Columbus and his faith this land might still be a wilderness, inhabited by savage and unknown Indian tribes. His voyage made possible the pioneer movement by the Pilgrims and the Puritans which has resulted in this glorious country which we are proud to call our land, the United States of America. His discovery fired the imagination and stirred the pioneer spirit to thrilling endeavor as they never had been fired or stirred before.

If there is a lesson to be learned from these observations and from this day and from the life of the man we honor, it is the lesson of unbeatable perseverance, undying confidence and deep spirituality. It required faith and perseverance to overcome the obstacles that beset Columbus. For long years he sought, despite discouragements, to gain the cooperation of those in high places who would make his adventure a success. It required the faith of a Herculean will to carry on for eighteen years, as did Columbus, before he finally received the support he sought. These eighteen years were spent in almost hopeless solicitation, poverty, neglect and ridicule, and yet his faith remained undimmed and his courage unabated.

Today he stands as a symbol of courage triumphing over despair. Upon the departure of his vessels on their memorable and world-changing voyage, Palos, the town from which he sailed, was in deep gloom, with foreboding against the success of the venture. Only Columbus was optimistic. Today Palos has won and holds for itself a fame that shall endure as long as time itself, and will become more lustrous with the passing of the years.

Immortality in Deed.

There is immortality in a deed of the greatness of that of Columbus, and his name shall ever remain memorable. No single deed in secular history ranks above that of the discovery of America, the finding of a new world on this planet. And so, today, we have a land, the noblest offspring of time itself; a land that is still marching in the vanguard of civilization; a land that is still leading enlightened as well as benighted nations to greater achievement in human endeavor, deeper religious experience and greater aspects of civil liberties, despite all the efforts of unfriendly and unchristian nations to destroy us.

The glorious results of the achievements of Christopher Columbus will ever make him beloved of mankind and make mankind his debtor. In his day Columbus stood as a pioneer of progress and enlightenment. Today, the United States stands as their finest symbol, their strongest hope. Because of these truths today, here on Boston Common, as well as on the other gathering places throughout the nation, we gather to honor the humble Genoese sailor, the great benefactor of the world, Christopher Columbus. Here we pledge ourselves anew to the task of preserving what his example has furnished us, a government devoted to the principles of Right, Truth and Liberty in the most glorious sense of the word.

COLUMBUS DAY ADDRESS.

(Continued from page 1113.)

LESSON OF COLUMBUS.

The great lesson, as we learn from the study of the life of Columbus, is the knowledge of his unswerving faith and allegiance to God. Throughout his life he recognized Almighty God as the Supreme Being of the Universe and the One who was entitled to his worship, love and reverence. His demonstration of faith as he knelt on the shores of the new world to thank God is not only a clarion challenge today but also a triumphal answer to those who, by false doctrines, would substitute a pagan idolatry for Divine ideology.

Thus, thoughtful people of all classes and creeds here in America who have beheld in their own day and generation the rapid, violent and often unjustifiable changes that have been and are taking place throughout the world—involving the overthrow and destruction of governments, the breakdown of standards of decency and morality and the persecution of all religion—are convinced that if our United States is to weather the backwash and gale of the passionate human storms now engulfing many of the nations of the world, there is necessity that religion become part of the life of every American and that every religious body in the United States lend its unselfish and speedy efforts towards developing respect for God and the things that are God's, in order that the United States may endure as a peaceful, law-abiding Republic and not disintegrate in chaotic strife and bloodshed.

Irreligion, that is, disrespect of God and contempt for the laws of God, has led to disrespect of man and the governments and institutions set up by man.

PLIGHT ACROSS SEAS.

The plight and condition of people across the sea is the sad result of an utter disregard of basic human rights and privileges. In the world of today only in America is there any attempt to safeguard, defend and develop the fundamental pillars of a well-ordered civilization—the home, the school and the church. Upon these rest the welfare, the stability and the future of our nation.

Our American system of democracy is built squarely upon religion and an Almighty God. The Supreme Court of the United States has twice decreed that the Declaration of Independence is the soul of our American government and that the Constitution is to take its spirit from that Declaration. This form of government permits the citizen to retain his God-given freedom. Under it we control and rule ourselves. We can say with pride, "Our Government, 'My' Country, call it the 'sweet land of liberty,' and have something about which to sing.

Religion, therefore, must be a very practical force in our lives. Religion will provide the guides and the ideals for right living. It will afford vigorous incentives and inspiring motives for right conduct. It will teach the necessity for divine assistance in meeting the problems and strains of life. It will teach that from the eternal realities of religion spring the living sources of democracy. In religious principles will be found the guarantees of natural rights and freedoms and the proper respect for authority.

The reason is obvious. If human dignity and liberty come from God, then it follows that loss of faith in Him means

loss of faith in those liberties which derive from Him—if we wish to have the light we must keep our sun; if we wish to keep our forests we must keep our trees; if we wish to keep our perfumes we must keep our flowers—and if we wish to keep our rights, then we must keep our God.

A democracy needs religion, for it assumes that man has not only a stomach but also a soul which is the seat of his rights; and since the soul must be fed as well as the body, he must have religion.

Some groups here in America want our flag all red. We say here today we are willing to have some red in it, but we want some white and blue in it, too. Then the red will not stand for discord but for sacrifice. Then the blue in it will remind us that we must be loyal to America, never daring to subvert it even under the gentle name of "united front." Then the white in it will remind us that we must keep it pure and unsullied. But, as we talk about patriotism today in the present world crisis, it is well to remind ourselves that devotion to the Stars and Stripes is not enough to save us from the chaos now engulfing the world. We must look beyond them to other Stars and Stripes, namely, the Stars and Stripes of Christ, by Whose Stars we are illuminated, by Whose Stripes we are healed.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, October 17:

FIRE DEPARTMENT.

The following-named captains have been promoted to district chiefs, with an increase in salary from \$2,700 to \$4,000 a year, to take effect at 8 a. m. Wednesday, October 16:

Capt. Patrick F. O'Neil, 711 Cummins Highway, Mattapan, Engine Company 50.

Capt. Patrick E. Collins, 11 Mapleton street, Brighton, Engine Company 36.

Capt. James J. Harrington, 26 Wilcox road, Dorchester, Engine Company 46.

The following-named lieutenants have been promoted to captains, with an increase in salary from \$2,500 to \$2,700 a year, to take effect at 8 a. m. Wednesday, October 16:

Lieut. William G. McCarthy, 27 Cameron street, Dorchester, Engine Company 5.

Lieut. Edward J. White, 49 Rexford street, Mattapan, Engine Company 23.

Lieut. Edwin F. Fay, 68 Hartford street, Dorchester, Engine Company 14.

Lieut. Gustave A. Amsler, 325 Bellevue street, West Roxbury, Ladder Company 31.

Lieut. William J. Wagner, 5A Mapleton street, Brighton, Engine Company 8.

Lieut. John J. Devine, 29 Blake street, Mattapan, Engine Company 19.

Lieut. Walter E. Crouch, 12 Gayland street, Dorchester, Rescue Company 1.

Lieut. James F. McFadden, 14 Huron Circle, Dorchester, Engine Company 15.

Lieut. John T. J. Cronin, 104 Rowe street, Roslindale, Ladder Company 8.

Lieut. Howard M. Dolbeare, 42 Lincoln street, Hyde Park, Rescue Company 1.

Lieut. John J. Ryan, 1 Jones avenue, Dorchester, Engine Company 17.

The following-named men have been promoted to lieutenant, with an increase in salary from \$2,100 to \$2,500 a year:

Hoseman Daniel P. Hegarty, 75 Perthshire road, Brighton, Engine Company 7.

Hoseman William D. Hart, 59 Walnut street, Hyde Park, Rescue Company 2.

Hoseman Patrick J. Burke, 8 Carmen street, Dorchester, Engine Company 21.

Ladderman Henry J. McCue, 36 Courtney road, West Roxbury, Ladder Company 31.

Hoseman James F. Orpin, 39 Bartlett street, Charlestown, Engine Company 32.

Hoseman James G. Buchanan, 195 Neponset avenue, Dorchester, Engine Company 21.

Hoseman Clarence W. Snow, 18 Gwinnett street, Hyde Park, Rescue Company 3.

Hoseman William A. Terrenzi, 26 Brookvale street, Dorchester, Engine Company 15.

Ladderman William O. Hawkins, 28 Cerdan avenue, West Roxbury, Ladder Company 30.

Ladderman Charles D. Travis, 20 St. Peter street, Jamaica Plain, Ladder Company 30.

Hoseman Henry M. Ducey, 140 Wilmington avenue, Dorchester, Engine Company 38.

Engineer, 3d class, Henry W. Shafer, 255 Orient avenue, East Boston, Engine Company 44.

Ladderman Edward T. Lynch, 69 Neptune road, East Boston, Ladder Company 21.

Hoseman James F. White, 37 Falcon street, East Boston, Engine Company 47.

To lieutenant, with an increase in salary from \$2,200 to \$2,500 a year:

Apparatus Operator Hugh A. Shute, 388 Warren street, Roxbury, Engine Company 8.

The Mayor has approved the following appointments to the Fire Department as permanent men on probation, at \$1,600 a year, to take effect at 8 a. m. Wednesday, October 16:

Joseph W. Thompson, Jr., 8 Van Winkle street, Dorchester; John J. Sennett, Jr., 9 Payson avenue, Dorchester; John J. Wagner, 21 Trapelo street, Brighton; Thomas J. Cooney, 23 Thomas park, South Boston; James J. Hartnett, 356 K street, South Boston; Frederick P. Clauss, 114 Rosseter street, Dorchester; Thomas J. McGrath, 4 Carson street, Dorchester; Leo A. Wisentaner, 13 Linwood square, Roxbury; John B. Dunbar, 6 Hill street, Charlestown; Joseph J. Cummings, 657 East Fifth street, South Boston; Roy E. Burrill, 107 Sterling street, Roxbury; Bertram L. Camick, 722 East Sixth street, South Boston; Thomas G. Lawless, 98 Topliff street, Dorchester; Albert J. Komich, 548 East Fourth street, South Boston; Joseph M. Cady, 23 Mather street, Dorchester; Peter A. Thompson, 2 Puritan avenue, Dorchester; Rizkallah Teebagy, 79 Hudson street, Boston; Michael Tuberosa, 46 Breed street, East Boston; Louis A. Carangelo, 378 North street, Boston; John C. Kabachus, 11 Herman street, Roxbury; Walter A. Maraghy, 10 Ludlow street, Charlestown; Johan G. W. Holmberg, 9 Hartland street, Dorchester; Jeremiah J. Hegarty, 13 Lincoln street, Charlestown; Laurence J. McLaughlin, 115 Bartlett street, Charlestown; Michael A. Laurano, Jr., 20 Chelsea street, East Boston; Leo S. Manning, 10 Hamlin street, South Boston; James H. Mul-

lane, 62 Barry street, Dorchester; Ernest J. Grimm, 6 Maryland street, Dorchester; John F. Cass, Jr., 178 Hillside street, Roxbury; Francis M. Kennedy, 404 Savin Hill avenue, Dorchester; Winthrop S. Robbins, 478 Columbia road, Dorchester; John P. O'Malley, 8 Pinedale road, Roslindale; Raymond E. Favret, 59 Cohasset street, Roslindale; Robert L. Sullivan, 125 West Selden street, Mattapan; Edward J. Everett, 6 Lexington street, Charlestown; Edward J. Meleedy, 8 Sylvester road, Dorchester; Edward H. Hanbury, 140 Minden street, Roxbury; Francis A. Arnao, 8 Irwin avenue, Roxbury; Walter Steadman, 310 Adams street, Dorchester; Paul J. Costello, 36 Hampstead road, Jamaica Plain; Edward P. Dwyer, 12 Southwick street, Dorchester; Robert B. Drew, 2201 Dorchester avenue, Dorchester; Robert B. Cassidy, 47 G street, South Boston; Edward A. Codair, 25 Raymond street, Allston; Joseph P. Anderson, 30 Alaska street, Roxbury; Edward S. Madden, 21 McDonough way, South Boston; Gerard S. Melia, 12 Florence street, Boston; Vincent P. McBrine, 181 West Fifth street, South Boston; Vincent G. Forrest, 59 Wrentham street, Dorchester; Patrick F. Morgan, 580 Ashmont street, Dorchester.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

JUNIOR ACCOUNTANT, AUDITOR'S DEPARTMENT, NOVEMBER 30, 1940.

Last date for filing applications, Saturday, November 16, 1940, at 12 noon.

Requisition is for a male, but the examination is open to both females and males.

The entrance salary is \$1,680 a year; the maximum salary is \$2,160 a year.

Duties: Under immediate supervision to perform all the work in connection with an audit of the accounts of a state department or a state institution and this may be described in a general way as follows: Reconciliation of cash; reconciliation of bank accounts; verification of footings; trial balances of ledgers, general ledger, accounts receivable ledger, stock books, etc.; reconciliation of appropriation, income and refund accounts with the records in the Comptroller's Bureau; accounting for income through use of serially numbered form; the actual counting of articles in the storeroom—physical inventories, the detail checking in connection with the examination of income, such as checking sales slips to the cash books, dates of admissions and discharges from weekly returns of accounts receivable ledger, postings from books of original entry to ledgers; detail checking in connection with annual farm report, as, for instance, the reconciliation of farm products transferred to storeroom as shown by the farm report with the farms products actually received as reflected by the institution stock books, analysis of the monthly census reports of livestock; patients' funds, the detail checking of receipt vouchers to the cash book and detailed vouching of cash disbursements to canceled checks or proper vouchers; canteen, the taking of a physical inventory of merchandise on hand for sale and the valuing of same, vouching of disbursements to canceled checks or other proper vouchers; and trust funds,

POLICE DEPARTMENT ORDERS.

General Order No. 529.

The Police Commissioner has been in receipt of the following communication from the Board of Election Commissioners, dated October 10, 1940:

"SUBJECT: DETAIL FOR SELECTIVE SERVICE REGISTRATION.

This Board is to conduct the registration of males for the selective service on Wednesday, October 16, from 7 a. m. to 9 p. m. We respectfully request your cooperation in giving us police details for October 15 and 16 as follows:

October 15 (Tuesday).

In accordance with the President's proclamation, we are to distribute the registration cards on October 15 to the various buildings to be used for the registration, and we request that you grant us the use of Police Department prowl cars for the purpose of transporting the cards to the various buildings throughout the city. As 149 buildings are to be used, we estimate that twenty prowl cars will be needed. The officers assigned to this detail are to report to this office between 9 and 9.30 a. m., Tuesday, to receive the registration cards, etc., which will be packed in cardboard boxes. (May we stress the importance of handling these boxes with care; they were the best available for our purposes, and they must be used with great care, as they will also be used to return the cards to this office and as any damage to the box might result in damage to the cards.) Equipment is to be delivered promptly and a receipt obtained from the person with whom the cards are left. The officers making the deliveries are to return the receipts to this office as soon as the deliveries have been completed. It is essential that this work be done as expeditiously and as efficiently as possible since it is a most important phase of the registration, and we therefore request that one officer be assigned to this office to supervise the detail.

October 16 (Wednesday).

We are inclosing a list of the buildings to be used for the registration for selective service, and if necessary we could send you a few more of these lists. You will note that all locations established for precincts are in school buildings with the exception of two in Ward 11.

In many instances more than one precinct has been assigned to a school building. We feel that it will be absolutely essential to have at least one officer for each precinct, since it is of utmost importance that this registration be conducted in an orderly manner. In districts where there is an element that might cause trouble, we request that additional officers be assigned—particularly since most of the registration will be done by women. In Ward 5, the Sharp School, at the corner of Pinckney and Anderson streets, is to be used for Precincts 4, 5, 6 and 7, and it will be necessary to assign an officer there to guard the very valuable records which the W. P. A. has stored in the building—that is, one officer in excess of the number you would ordinarily send there.

The various buildings will be open for registration from 7 a. m. until 9

p. m. The officers assigned to the first detail should be instructed to report at 6.45 a. m. The officers on the last detail of the day must be instructed to remain at their posts until every applicant has been registered and the official returns have been executed by the registrars. The officers then on duty are to bring the registration cards—in the cardboard box—and the official returns—in a yellow envelope—to this office. Since these cards and returns are the property of the Federal Government and are irreplaceable, we know that you will explain to the officers that they must be guarded with the greatest care.

All officers assigned to the various precincts should be apprised of some special instructions:

No applicant is to be turned away, even if he reports to the wrong precinct. The penalty for failure to register is so heavy that every man who appears should be registered.

People from out of town (by that we mean traveling salesmen, etc., whose homes might be in New York, but who chance to be working in Boston on October 16) are to be directed to go to Faneuil Hall, where the central office will be for the day.

In the event that additional registration cards are needed, the Election Department should be phoned, LAF 5100, Lines 210 or 211.

If more furniture is needed, call the Storehouse at South Boston, 0317.

If interpreters or additional registrars are needed, call Faneuil Hall—LAF 7654. In no event should a line of any length be permitted to form as extra registrars will be waiting to be called for service.

Absolutely No Smoking is to be allowed in any registration place.

The entrance to the registration place is to be kept clear at all times. No loitering about the doorway is to be permitted.

If an applicant asks questions which the officers cannot answer, he should be told that in all probability the registrar who examines him will be able to give him the necessary information.

Your men assigned to the precincts should also be advised that it is their duty to cooperate with the registrars in every way possible.

In addition to the buildings included in our mimeographed list, registration will be carried on in the following colleges: Harvard Medical and Harvard Business, Tufts Medical and Dental, Northeastern University, Boston University.

It will be necessary to have officers detailed to these buildings just as to the others, and the same general instructions will hold. While the registration in these college buildings is really for students and faculty members, it is most important that, if a man eligible for registration chances to drop into one of these buildings by mistake, he be taken care of if it would be impossible for him to get to his own registration precinct. The officers at the colleges will bring the cards and official returns back to this office just as will the other officers.

As Faneuil Hall will be used as a central registration office, four or five officers will be needed to maintain order there. One officer will also be needed outside the building to direct applicants to the entrance. One or more of the officers at Faneuil Hall will, of course, have to bring the returns to this office.

We shall require parking space for several cars outside Faneuil Hall, since we are planning to have the interpreters and extra registrars there, ready to be dispatched to the various precincts as needed. Other city departments are going to grant us the use of cars for the day, but in the case of an extreme emergency we might have to call on you for the use of patrol cars for a time. We also request that an officer be assigned throughout the time of the registration to keep our parking space clear and free at Faneuil Hall.

We believe that we have covered all the essential points of this great task. If any questions occur to you, do not hesitate to call upon us. We should be glad to enlarge on any part of our schedule which is not made clear above.

Please be assured that we more than appreciate your cooperation.

Very truly yours,

BOARD OF ELECTION COMMISSIONERS,
WILLIAM A. MOTLEY, JR., *Chairman.*

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

ACCOMPANYING GENERAL ORDER NO. 529,
DATED OCTOBER 14, 1940, ON THE SUBJECT OF SELECTIVE SERVICE REGISTRATION.

To comply with requirements to carry out duties contained in letter of information of Board of Election Commissioners, locations indicated in lists attached hereto are submitted as registration places of males for selective service, on Wednesday, October 16, 1940.

In addition, the Board of Election Commissioners has informed the Police Commissioner that boxes containing registration cards and other material to be used in connection with registration October 16, 1940, will be transported by Police Department motor vehicles on Tuesday, October 15, 1940, from the office of the Board of Election Commissioners to the following places:

Harvard Medical School (Administration Building), 25 Shattuck street, Boston, 800 cards to be delivered to Mr. Ryder.

Northeastern University, 360 Huntington avenue, Boston, Mr. John B. Pugseley, Registrar, 750 cards.

Tufts Medical and Dental College, 416 Huntington avenue, attention of Mr. C. S. Cassidy, 600 cards.

Harvard Business School (Morgan Hall), 16 North Harvard street, Brighton, Prof. A. W. Hanson, Prof. T. H. Carroll, 1,100 cards.

Boston University, 688 Boylston street, Boston, Mr. John S. Perkins, 800 cards.

Boxes for the Sharp School, Ward 5, Precincts 4, 5, 6, 7, to be delivered to Mr. Sydney Sullivan, Pinckney and Anderson streets.

Boxes for the Show Room at 4 Tower street, and the Michael J. O'Connell Post, Ward 11, Precincts 12, 13, 14, 15 and

16, to be delivered to Mr. Miller at the Washington Irving School, Cummins Highway and Hawthorne street, Roslindale.

General Order No. 530.

A trial board consisting of Captains Grace, O'Connell and Donovan, having heard by reference a complaint made by Capt. Thomas G. Duggan, Division 9, against John T. Sexton, patrolman, Division 9, for alleged violation of the Rules and Regulations of the Police Department, charging him with absence from duty without permission, failing to report change of address, and conduct unbecoming an officer, has reported to the commissioner a finding of guilty as charged.

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman John T. Sexton be suspended from duty for a period of ten days, effective as of 7.45 a. m., September 25, 1940, and at the expiration of said suspension he perform 210 hours' punishment duty.

General Laws, Chapter 31, section 46C, requires approval of the Director of Civil Service before reinstatement.

Chapter 31.

"Section 46C. An officer or employee of the commonwealth or of a city or town who has become separated from the classified civil service through fault or delinquency of his own shall within thirty days after the filing of a written request by the appointing officer, be entitled to a hearing before the director. Upon good cause shown the director may, subject to section forty-six G, authorize his reinstatement in the same position or in a position in the same class and grade as that formerly held by him."

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule which was adopted June 27, 1940, and was effective July 8, 1940, for a trial period of thirty (30) days, which was extended for sixty (60) days from August 7, 1940, is hereby extended for a further trial period of sixty (60) days from October 7, 1940:

The one-way rule in the following street is stricken out and it is a two-way street:

Lincoln Street, Downtown Boston.

From Kneeland street to Summer street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street repairs, vehicles are excluded from the

following street from 6 p. m. October 11, 1940, to 6 a. m. October 14, 1940:

Clinton Street, Downtown Boston.

From Merchants row to Atlantic avenue.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be fifteen (15) days, the following rules are effective October 14, 1940:

Vehicles are excluded from the following street:

Blue Hill Avenue, Dorchester.

West roadway, from American Legion Highway to Calder street.

Parking of vehicles is prohibited in the following street:

Blue Hill Avenue, Dorchester.

East roadway, both sides, from Abbot street to Calder street.

The one-way rule in the following street is suspended and it is a two-way street:

Blue Hill Avenue, Dorchester.

East roadway, from American Legion Highway to Calder street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of bridge repairs by the New York, New Haven & Hartford Railroad, estimated to be three (3) weeks, the following rules are effective October 14, 1940:

The following streets are one way in the direction indicated:

Castle Street, Downtown Boston.

From Washington street to Shawmut avenue.

Cobb Street, Downtown Boston.

From Shawmut avenue to Washington street.

Parking of vehicles is prohibited in the following street:

Cobb Street, Downtown Boston.

Both sides, from Shawmut avenue to Washington street.

BOSTON ANTI-NOISE PROCLAMATION.

Whereas, There is a growing consciousness regarding useless and unnecessary city noises; and

Whereas, This disturbing nuisance is not only detrimental to the individual but actually interferes with efficiency in all lines of endeavor; and

Whereas, The National Noise Abatement Council, which is supported by manufacturers and public-spirited individuals, plans to stage a public educational campaign to arouse an intensified crusade to eliminate this metropolitan evil; and

Whereas, The week of October 21 to 26, 1940, has been designated as Noise Abatement Week in many centers of population; now, therefore,

I, Maurice J. Tobin, Mayor of the City of Boston, believing it well to join with those other communities, by virtue of the power and authority in me vested, do hereby proclaim the week of October 21 to 26, 1940, as "Noise Abatement Week" in the City of Boston, and do urge upon our citizens the advantages and desirability of developing a more general recognition and appreciation of the need for noise control.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of bridge repairs by the Boston & Albany Railroad, vehicles are excluded from the following street from 8 a. m. October 17, 1940, to 4 p. m. November 15, 1940:

Everett Street Bridge, Brighton.

Over the Boston & Albany Railroad.

Voted, That as urgently required by considerations of public safety and convenience, during the period of the Jewish High Holiday, vehicles are excluded from the following street, from 6 p. m. October 11, 1940, to 6 p. m. October 12, 1940:

Woodrow Avenue, Dorchester.

From Blue Hill avenue to Lucerne street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of housing construction, estimated to be six (6) months, vehicles are excluded from the following streets, effective October 10, 1940:

Arklow Street, Roxbury.

From Ulmer street to Walden street.

Heath Place, Roxbury.

From Heath street to Minden street.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, parking of vehicles is prohibited in the following street, effective October 14, 1940:

Brookline Avenue, Downtown Boston.

Northwest side, from Fullerton street to Park Drive, 7 a. m. to 6 p. m.

Voted, That as urgently required by considerations of public safety and convenience, during the period of bridge repairs by the New York, New Haven & Hartford Railroad, estimated to be three (3) weeks, the following rules are effective October 14, 1940:

Vehicles are excluded from the following street:

Washington Street, Downtown Boston.

From Corning street to Castle street.

Parking of vehicles is prohibited in the following street:

Corning Street, Downtown Boston.

Both sides, from Washington street to Shawmut avenue.

Voted, That as urgently required by considerations of public safety and convenience, during the period of bridge repairs in Washington street by the New York, New Haven & Hartford Railroad, estimated to be three (3) weeks, the following rules are effective October 14, 1940:

Parking of vehicles is prohibited in the following streets:

Castle Street, Downtown Boston.

Both sides, from Washington street to Shawmut avenue.

Shawmut Avenue, Downtown Boston.

Both sides, from Castle street to Broadway.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence. The lists established as a result of these examinations will be used to fill all vacancies in these classifications in the various State departments.

CORRECTION OFFICERS AT STATE PRISON, MASSACHUSETTS REFORMATORY, STATE PRISON COLONY, BRIDGEWATER STATE FARM AND HOUSE OF CORRECTION, DEER ISLAND; GUARDS IN PUBLIC PARKS AND FERRIES, NOVEMBER 23, 1940.

For state, cities, and such towns as are classified under civil service.

Last date for filing applications, Saturday, November 9, 1940, at 12 noon.

As vacancies occur, the position of watchman will be filled from the list established as a result of this examination.

The entrance salary for correction officer is \$1,560 a year; the maximum salary is \$2,040 a year.

The salary range for guards is from \$5.50 a day to \$36 a week. The salary range for watchmen is from \$420 a year with room and board to \$35 a week without maintenance.

Duties, Correction Officer: Under supervision, to act as watch officer on the wall, at gates or on the grounds of the State Prison or Massachusetts Reformatory; to act as officer in charge of a section of the prison buildings either day or night; to assist officers of higher grades; on occasion to act as relief officer on work of higher grades; to assist in general guard duty; and to perform related work as required.

Duties, Watchman: Under general supervision, during an assigned shift, to guard buildings, grounds and movable property against trespass or damage by fire or other cause, and to care for fires, answer telephones, help with cleaning, or perform other incidental work assigned, during the tour of duty.

Entrance Requirements: General Laws, chapter 125, section 4A, provides: "In certifying the names of persons eligible to appointment as correction of-

ficers at the state prison, state prison colony, Massachusetts reformatory and state farm, the commissioner of civil service shall certify the names of persons over the age of twenty-two and under the age of forty." A certificate of date of birth must be filed with the application, *unless* one has been filed with a previous application.

Applicants for the aforementioned positions must be not less than 5 feet 7 inches in height and weigh not less than 135 pounds.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination and qualifying strength tests.

Applicants must obtain at least 70 per cent in the strength test in order to become eligible.

FEMALE PAROLE OFFICER, DEPARTMENT OF CORRECTION, NOVEMBER 30, 1940.

Last date for filing applications, Saturday, November 16, 1940, at 12 noon.

The entrance salary for female parole officer is \$1,500 a year; the maximum salary for female parole officer is \$2,040 a year.

Duties: Under general supervision, to follow up cases of prisoners and inmates paroled from penal or reformatory institutions and aid them in their readjustment to life in the community; to procure and serve warrants in cases of parole violations and return the parolees to institutions; to transfer prisoners between institutions; and to perform related work as required.

Applicants should be familiar with the statutes and parole board rules regulating the release procedure in this Commonwealth. These statutes include sections 128 to 151 of chapter 127 of the General Laws, also sections 85 and 86 of the same chapter.

Entrance Requirements: Applicants must have had at least one year of satisfactory full-time, paid experience in any or all of the following: (1) In work in a penal or correctional institution, department or agency, including training schools. (2) In work as probation officer. (3) In work in a social case work capacity with an acceptable agency dealing with family or individual problems of maladjustment on an intensive case work basis.

Substitution of Education for Experience: Graduation from a recognized college with major study in the social sciences may be substituted for the one year's paid experience.

Applicants who have not reached their twenty-second birthday or who have passed their fortieth birthday on the last date for filing applications will not be eligible to apply. A certificate of date of birth must be filed with the application, *unless* one has been filed with a previous application.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

SUPPLY DEPARTMENT.

Upon September 19 the Mayor approved a contract with low bidders as indicated for furnishing heavy, medium and light fuel oil for delivery to city departments from October 1, 1940, to December 31, 1940, with the privilege of purchasing on the same terms and conditions extended to September 30, 1941.

Heavy Fuel Oil: To the Pennsylvania Oil Company, approximately 45,338 barrels for delivery to the Calf Pasture pumping station, City Hall Annex and Suffolk County Court House, at a posted price on the day of the opening of the bids of \$1.36 per barrel, \$61,523.68. To the White Fuel Company, approximately 136,309 barrels for delivery to all other departments not mentioned above, at a posted price on the day of the opening of the bids of \$1.36 per barrel, \$185,360.24.

Medium Fuel Oil: To the Petroleum Heat and Power Company, approximately 9,762 barrels for delivery to city departments, at a posted price on the day of the opening of the bids of \$1.66 per barrel, \$16,206.92.

Light Fuel Oil: To the White Fuel Company, approximately 917,500 gallons for delivery to city departments, at a flat price for the term of the contract of 5.8 cents per gallon, less 3 per cent discount, \$53,215.

Total, \$316,323.84.

Bids, opened August 20, were as follows:

Heavy Fuel Oil, Approximately 7,625,000 Gallons or 181,548 Barrels.

Boston City Hospital, 3,500,000 gallons; Boston Sanatorium, 850,000 gallons; Calf Pasture Pumping Station, Sewer Division, 600,000 gallons; City Hall Annex, Public Buildings Department, 600,000 gallons; Dorchester Court House, Public Buildings Department, 20,000 gallons; Suffolk County Court House, County Buildings, 700,000 gallons; Health Units, Health Department, 105,000 gallons; Deer Island, Penal Institutions Department, 1,250,000 gallons.

Price Per Barrel of 42 United States Gallons at 60 Degrees F.—Petroleum Heat and Power Company, posted price on date of delivery with the following maximum price provision: \$1.46 maximum price from October 1, 1940, to December 31, 1940; \$1.56 maximum price from January 1, 1941, to May 31, 1941; prevailing posted tank wagon price from June 1, 1941, to September 30, 1941; \$1.36 posted price at opening of bids; White Fuel Company, \$1.46 maximum price from October 1, 1940, to December 31, 1940; \$1.56 maximum price from January 1, 1941, to May 31, 1941; \$1.36 posted price at opening of bids; prevailing posted tank wagon price from June 1, 1941, to September 31, 1941; Pennsylvania Oil Company, posted tank wagon price on date of delivery with the following maximum price provisions: \$1.46 maximum price from October 1, 1940, to December 31, 1940; \$1.56 maximum price from January 1, 1941, to May 31, 1941; prevailing posted tank wagon price from June 1, 1941, to September 30, 1941; Cities Service Oil Company, posted tank wagon price on date of delivery with the following maximum price provision: \$1.46

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REMOVING SNOW AND ICE.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for removing snow and ice in the following snow areas, Nos. 1, 2, 3, 4, 5, 6, 7, 8 and 9, and giving bond therefor of a surety company, approved by the Commissioner, in the sum of ten thousand (10,000) dollars for each area, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Removing Snow and Ice," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Tuesday, October 22, 1940, with a certified check for five hundred (\$500) dollars for each area, or four thousand five hundred (4,500) dollars for all the areas, payable to, and to become the property of, the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals, or to award the contract as he deems best.

GEORGE G. HYLAND,
Commissioner of Public Works.
(Oct. 12-19.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING ONE VERTICAL ROENTGENSCOPE AND RELATED MATERIALS (GENERAL ELECTRIC, OR EQUAL).

The Supply Department of the City of Boston invites proposals for furnishing one Roentgenoscope to the Boston City Hospital, as per specifications to be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex. *There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out.* The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston, if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. **ENVELOPES CONTAINING BIDS TO BE SEALED AND PLAINLY MARKED "PROPOSAL FOR ROENTGENSCOPE."** The bids will be publicly opened and read at 12 m., Tuesday, October 29, 1940, at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
Superintendent of Supplies.
(Oct. 19.)

CITY OF BOSTON.

TRANSIT DEPARTMENT.

PROPOSALS FOR HOLLOW METAL DOORS AND FRAMES, HUNTINGTON AVENUE SUBWAY.

The Transit Department of the City of Boston, Room 936, 294 Washington street, invites proposals for furnishing and delivering on Huntington avenue, near West Newton street, and on Massachusetts avenue, near Huntington avenue, thirty-nine, more or less, hollow metal doors and frames. Specifications may be obtained at the office of the Department on and after Monday, October 21, 1940. A deposit of \$5, in cash or certified check, will be required for a plan and two sets of specifications. Mutilation of them will be deemed sufficient cause for the forfeiture of said deposit. The bids will be publicly opened and read at 12 o'clock noon Thursday, October 31, 1940. A properly certified check, in the sum of two hundred (200) dollars, payable to the city, must accompany the proposal. The Department reserves the right to reject any or all bids and to award the contract as it deems for the best interests of the city.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT.

WILLIAM T. DOYLE,
Secretary.
(Oct. 19.)

W. P. A.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING LUMBER, LONG LEAF HARD PINE.

The Supply Department of the City of Boston invites proposals for furnishing lumber to the Bridge Service, Public Works Department, as per specifications contained in forms which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. **ENVELOPES CONTAINING BIDS TO BE SEALED AND PLAINLY MARKED "PROPOSAL FOR LUMBER."** *There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out.* The bids will be publicly opened and read Thursday, October 24, 1940, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
Superintendent of Supplies.
(Oct. 19.)

CITY OF BOSTON.

TRANSIT DEPARTMENT.

PROPOSALS FOR BRONZE HANDRAIL FITTINGS, HUNTINGTON AVENUE SUBWAY.

The Transit Department of the City of Boston, Room 936, 294 Washington street, invites proposals for furnishing and delivering on Huntington avenue, near West Newton street, and on Massachusetts avenue, near Huntington avenue, miscellaneous bronze handrail fittings. Specifications may be obtained at the office of the Department on and after Monday, October 21, 1940. A deposit of \$5, in cash or certified check, will be required for detail plans and two sets of specifications. Mutilation of them will be deemed sufficient cause for the forfeiture of said deposit. The bids will be publicly opened and read at 12 o'clock noon Thursday, October 31, 1940. A properly certified check, in the sum of one hundred (100) dollars, payable to the city, must accompany the proposal. The Department reserves the right to reject any or all bids and to award the contract as it deems for the best interests of the city.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT.

WILLIAM T. DOYLE,
Secretary.
(Oct. 19.)

No. 43

HOUSING PROJECTS ARE A DEFINITE ECONOMIC ASSET TO CITY, MAYOR TOBIN TELLS GATHERING OF BUILDING OWNERS AND MANAGERS OF REAL ESTATE EXCHANGE—ASSEMBLY MET WITH BANKING AND OTHER BUSINESS MEN AT ADMINISTRATION BUILDING IN CHARLESTOWN—ALSO ONE OF FIRST POTENT FORCES TO PREVENT SPREAD OF CONDITIONS OF EXTREME IMPORTANCE TO TAXPAYERS AND MUNICIPAL OFFICIALS ALIKE, HE EXPLAINS IN ADDRESS.

Upon the occasion of the visit of the Building Owners and Managers Association of the Boston Real Estate Exchange, and representatives of member banks of the Boston Clearing House at the Housing Project at Charlestown, Mayor Tobin and Chairman John A. Breen of the Boston Housing Authority were the principal speakers. There were about one hundred and fifty present at the meeting which took place in the Administration Building of the Housing Project. In his address to the assemblage Mayor Tobin spoke as follows:

Messrs. Chairmen, Guests, Members of the Building Owners and Managers Association of the Boston Real Estate Exchange, and Representatives of the Member Banks of the Boston Clearing House, Members of the Boston Housing Authority and the State Board of Housing.

I am pleased to be here to tell you how a Mayor looks at housing — how your Mayor looks at housing.

Incidentally, it might be well at this time to point out to you how not only your Mayor looks at housing but how the mayors of many cities in this country look at it. In September of this year the United States Conference of Mayors, in convention assembled in New York City, indorsed public housing in the following not uncertain terms:

"Whereas, The officials of American cities are uniquely qualified to know at first hand the terrific housing problem confronting the American people today; and

"Whereas, The slums of America are exacting a constant and costly toll from the budgets of American communities and from the health and welfare of their inhabitants; and

"Whereas, A cumulative lag in home building for thirteen years has produced a Nation-wide quantitative as well as qualitative shortage; and

"Whereas, Under the United States Housing Act of 1937, about five hundred cities and other local units have forged a sensitive and efficient machinery for slum clearance and low-rent housing with the aid of the United States Housing Authority; and

"Whereas, The program assisted by the United States Housing Authority represents the most workable plan yet devised for clearing slums, rehousing slum dwellers, constructing projects where low-rent housing is required or building defense housing projects; therefore be it

"Resolved, First, that this Annual Conference of the United States Conference of Mayors indorses wholeheartedly the slum clearance and low-rent housing program of local communities assisted by the United States Housing Authority."

An Economic Problem.

I have taken your time to read this to you because to my mind it is very significant. Significant not only because it outlines the fundamental social and economic facts of this question, but significant because it comes from the group that it does — a group of which I am a member. The great majority of the member mayors of the conference, particularly those who are the chief executives of the older cities, are beset, and I say that word advisedly, with similar and pressing problems. All of the problems stem back to one thing — the economic question.

How on the one hand to supply the multitude and multiplicity of services expected by a citizenry accustomed to such things, and on the other hand face mounting budgets, decreasing assessed valuations and consequent revenue loss, and the ever-present tendency to decentralization, a building up of a ring of satellite cities and towns. The 1940 decennial census figures recently released by the Bureau of the Census point out only too well this trend, here. A mayor of a city today cognizant of all these facts must be a hard-headed gentleman if he is to give the citizens and the taxpayers the administration they expect. And these very practical men have elected to say that this movement, which some call a social experiment, is sound, and to them that means not only socially but economically sound.

But let us get back to Boston — something that we all know about, and look at our housing program here. I will not dwell on operating costs of the individual projects, although as building owners and managers I know that you are interested in that phase of housing, but I will tell you how it affects the city, in dollars and cents — the dollars and cents that affect every taxpayer, be it home owner, building owner or bank owner.

I shall not take your time to try to prove to you that sub-standard areas exist in Boston. You must know it. If you do not, an opportunity will be afforded you this afternoon as guests of the Boston Housing Authority to see for yourself the conditions under which some of our citizens live.

I shall not take time to point out to you anew the social objectives of the program, but I do want to tell you that the conditions under which some of our citizens do live is our concern, for it affects, and vitally affects, the cost of running this our city.

(Continued on page 1141.)

"O Boston, fair City enthroned like a radiant queen,
From thy hill looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKEL DOLB.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO ROOM 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables slaughter-houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 73 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. TO ROOM 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending Oct. 19, 1940.

PUBLIC HOUSING PROGRAM BRIEFLY OUTLINED BY CHAIRMAN JOHN A. BREEN IN ADDRESS BEFORE BUILDING OWNERS AND MANAGERS ASSOCIATION OF REAL ESTATE EXCHANGE—BEFORE GATHERING OF BUSINESS MEN OF CITY, METHODS OF GOVERNMENT AND MANAGEMENT OF HOUSING PROJECT STRUCTURES OUTLINED AND EXPLAINED IN ADDRESS—FORECAST OF SUCCESS TO CITY IN UNDERTAKING PREDICTED WITH ADVANTAGES IN SOCIAL, FINANCIAL, AS WELL AS HEALTH, FOR CITY TO BE GAINED AS RESULT OF MAYOR TOBIN'S FORESIGHT IN TAKING ADVANTAGE OF FEDERAL GOVERNMENT'S AID IN WORK.

In his address before the visiting Real Estate Men and Owners Association at the Housing Project in Charlestown, on October 15, Chairman John A. Breen spoke as follows:

In the short space of time at my disposal I should like, first, to review with you the underlying reasons for the existence of this and similar subsidized housing projects; second, to go over in a brief way the cost to the public of providing such housing and the cost of the accommodations to the low-income tenant; and, finally, a general review of the activities of the Boston Housing Authority since the passage of the United States Housing Act of 1937.

This Charlestown housing project is a reality because:

1. It was found that in Boston there are thousands of dwelling units offered by owners for the use of tenants which, because of one or more characteristics of their physical condition, are not fit for human habitation, and that these dwelling units constitute a menace to the health, safety and well-being not only of the occupants but of the public generally;
2. The Congress saw fit to alleviate this condition by the United States Housing Act of 1937;
3. The Massachusetts Legislature enacted correlative legislation;
4. The City of Boston entered into a cooperation agreement with the Boston Housing Authority; and
5. All of the foregoing have been declared by the Supreme Court of Massachusetts to be no departure from constitutional government.

Slum Clearance Desirable.

Now, many will agree that the elimination of slums is socially desirable and more particularly since the Supreme Court has spoken, but are still opposed to the method provided by existing law. It must be evident to us, as real estate men particularly, that a government agency must undertake housing the lowest income brackets because under existing tax and interest rates private enterprise cannot. Some have contended that existing laws investing powers in the Health, Fire and Building Departments are adequate to eliminate bad housing conditions, but to enter into a program of wholesale condemnation would find that many people dispossessed in such a program would be unable to obtain housing at the rents that they are able to pay; so that whether we agree with the machinery provided in the United States Housing Act of 1937 or not, it must be recognized that it was enacted into law after long discussion and deliberation, and represents the best solution of the problem yet devised.

Now, how does the Act work? The chief features of the legislation are as follows:

1. Decentralization by the creation of local authorities.
2. Equivalent demolition.
3. Loans to local authorities at the going long-term Federal rates.
4. Federal subsidy to secure lower rents.
5. Local contribution or partial tax exemption.

Now while there are many more provisions, such as payment of prevailing wages and the restriction of costs of construction, the foregoing are the important elements for our consideration. Concentration of administration in local authorities insures the development of the program in conformity with community needs and places responsibility for the local program in the hands of local leadership with advice and assistance from Federal and state agencies.

Time does not permit of any more than a sketchy outline of the Boston Housing Authority since entering into its first loan contract with the United States Housing Authority in December, 1938, starting with the choice of sites and the acquisition of approximately 1,400 parcels of property to date, the removal of 2,500 tenants, planning of new construction, defense of obstructing legal actions, development and training of a staff, and the supervision of construction, all necessary to the achievement of the final objective—decent sanitary housing for persons of low income. This objective has been reached in Charlestown with the expected acceptance within forty-eight hours of 400 units out of 1,100 units in forty-four buildings occupying an area where, seven months ago, 869 families occupied 1,138 dwelling units with 19.9 per cent without inside toilets and 71.8 per cent without baths. We have made available some material containing pertinent facts regarding construction of this project and others.

Rental Policies.

Now with the buildings complete the question comes as to how your Authority goes about to establish its rental policies. As opposed to the commercial method of charging those rents which will insure greatest return to the owner, the Authority from the start, in designing, construction and maintenance policies, must keep costs at a minimum to insure lower and lower rents because any profit must be used to further reduce rents.

What are the expenses? In order to determine what rentals may be achieved, we must first determine what costs will be. They are made up as follows (and I am using the estimates for this project based upon the cost per dwelling unit per month): Operating costs including utilities, debt service, payment in lieu of taxes, and reserves for repairs, maintenance and replacements.

In Charlestown, when subsidy provided by the Federal Government is deducted, we find that each unit must yield approximately \$20 monthly for the Authority to meet its obligations in relation to operation, maintenance and finance.

The answer to the question as to what rent should be charged to each apartment embraces considerations which never concern us in the field of private competitive apartment leasing and involve a number of factors, all of which we have carefully weighed, and the final result is before us on the sample application form. The important thing is not What is the apartment worth? but, What is the need of the tenant?—so that you will observe that some four-bedroom apartments rent for less than some one-bedroom apartments.

CONSISTENT WITH NEEDS.

The ideal method would probably be to fix rentals consistent with the needs of each tenant, but after long study your Authority inaugurated its present policy as the best solution of the rental problem.

In the letter sent to the Exchange members it stated that I would discuss Old Harbor Village operating costs. I am perfectly willing to do this, although I think that the figures of the Charlestown operation present a clearer picture and, as far as operating costs are concerned, reflect Old Harbor Village experience.

It might be well to get the Old Harbor Village picture clear in your mind. Old Harbor Village was built by the Public Works Administration and leased to the Boston Housing Authority upon completion. The rents were fixed by the United States Housing Authority who fell heir to the P. W. A. projects throughout the country, and while the rents were substantially lower than in private enterprise they follow the private enterprise pattern of charging rents in relation to space in this general scale: One-bedroom apartment average \$22.60 a month including utilities; two-bedroom apartments average \$26.60 a month including utilities; three-bedroom apartments average \$30.60 a month including utilities.

During the period ending December 31, 1939, Old Harbor Village showed a profit of approximately \$25,000 after reserves. The Boston Housing Authority lease with the United States Housing Authority has been renewed for several short periods while we have been discussing a new rental policy paralleling that inaugurated with respect to the Boston Housing Authority built projects which would make possible a lower rent scale for new tenants at Old Harbor Village and for present tenants whose income brings them within the new limits. This will probably work out at a level one or two dollars monthly higher than the scale set forth in the applications for Boston Housing Authority built apartments.

The complete application of the new schedule will, of course, take a matter of years, because it is our policy to permit, in most cases, present tenants to remain at the rents originally set up until their income is 20 per cent above

the statutory income limit at the time of their admittance. During the past six months approximately fifty tenants have been asked to leave Old Harbor Village because, in our opinion, they no longer need housing subsidy and their places will be taken by families in the bracket of the lowest incomes shown on the application.

Old Harbor Village will, no doubt, continue to show a profit until such time as the natural turn-over of tenants at the original high rents and their replacements with tenants at new low rents reduce the income to the level of the expenses.

In condensing the subject of public housing program into so brief a time, much important matter must necessarily lack for attention, but in your trip around I am sure that members of the Authority here today, as well as the members of our staff, will be pleased to answer any questions that may occur to you.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be one (1) month, the following rules are effective October 21, 1940:

The following streets are one way in the direction indicated:

Hampshire Street, Roxbury.

From Linden Park street to Ruggles street.

Tremont Street, Roxbury.

From Ruggles street to Linden Park street.

Parking of vehicles is prohibited in the following streets:

Hampshire Street, Roxbury.

Northwest side, from Linden Park street to Ruggles street.

Linden Park Street, Roxbury.

Southwest side, from Tremont street to Hampshire street.

HOUSING PROGRAM.

(Continued from page 1137.)

EFFECTS OF BAD HOUSING.

Every incidence of fire, every call for the police, every case of tuberculosis, of contagious disease, of hospitalization, of mental health, of juvenile delinquency, of adult crime, each and every one of these reflects itself in the excess service costs that a city pays to subsidize not good housing, but bad housing. Back in 1935 the City Planning Board, in a report on the Income and Cost Survey of the City of Boston, gives facts and figures to prove that the cost of servicing a sub-standard area is far and away in excess of income from that area. To quote from the report, "About 60 per cent of the city's population, which resides in the suburban three-decker and low-rental areas, which cover 58 per cent of the city's total area, are responsible for 81 per cent of the deficit . . . for the census tracts that are not self-supporting. These three classifications cost the city for services rendered nearly twice what they pay in taxes and licenses." Gentlemen, one of the very census tracts in which this project is located in 1934 gave to the city \$99,963 and cost the city \$268,559, or two and two thirds times the revenue. That you will agree affects us all.

The opinion is held by some, perhaps not fully informed, that the housing projects have a great and adverse effect on the tax rate.

Let us be specific and see what it does.

First, let me point out to you that development of the housing projects, because they have carried out the equivalent demolition mandate of the law, will not require additional facilities by the city. Utilization of present facilities will be adequate for the project needs. None can reasonably dispute that the need for the Fire Department will be less, that because of its well arranged plan, with plenty of light and open spaces, the necessity for police patrol will be less, that disease and sickness will not be fostered in such surroundings to a marked degree, that the need for garbage removal is substantially less because of project incineration, that maintenance of streets will be less because streets have been closed to give landscape and play areas, and that juvenile delinquency will be less because of pleasant homes and opportunity for supervised play. I am sure of this last feature, because for almost two years there was not one case of juvenile delinquency among the approximately 1,800 children at Old Harbor Village. Every indication points to the adequacy of the present schools, and indeed in some cases schools which had a decreasing population will now be more fully utilized.

In January of 1939 the city placed an assessed valuation on all properties within the sites of the first four projects of the Authority of \$3,466,400. A real estate tax levy on that assessed valuation at the 1940 rate of \$40.60 per thousand would yield a revenue of approximately \$140,000. This amounts to about nine cents in the \$40.60 tax rate. If the estimated service charge to be paid on these projects is deducted from this amount, it will result in a net addition to the tax rate of approximately seven and one half cents. This means that the

owner of a home in the city, with an assessed valuation of \$5,000, would pay an additional thirty-seven and one-half cents on his tax rate, even if the cost of city services were not reduced. But, even this thirty-seven and one half cent figure is substantially lessened if not altogether wiped out because of the reduction of the city-servicing cost in these areas.

MATTER OF TAXATION.

A similar situation exists with relation to the second four proposed projects of the Authority, which are now in the various stages of development. The city placed a total assessed valuation on these four projects of \$2,279,800, as of January 1 of this year. Such an assessed valuation, at the present real estate tax rate, would yield a revenue of approximately \$92,000, or an added approximate six and one third cents of the tax rate, which after the servicing charge had been deducted would make a net addition to the tax rate of approximately five cents.

To sum the situation up, so far as the tax revenue loss is concerned, the net tax loss to the city would result in the owner of a \$5,000 home in Dorchester paying an additional sum in taxes of approximately sixty-five cents for this year. This assumes that there is absolutely no reduction in the cost of city services because of these projects, which, as you must see from the facts that I have outlined to you, is not so, and that, in all probability, the development of the projects will have no effect whatsoever on the tax rate.

In passing, I think that I should point out to you that approximately fifty-three per cent of the total assessed real estate and personal valuations in this city this year is to be found in three wards in the city—Wards 3, 4 and 5—the downtown and Back Bay districts. It is to those districts that the city looks for much of its tax revenue, and those very districts can only survive and pay such revenue if the business transacted in those areas is sufficient to justify it.

Any movement that tends to stop the decentralization of the city and to keep purchasing power within the city which in turn supports the revenue-producing areas of the city, is another step in preserving the integrity of the city from disintegrating conditions within.

It must also be borne in mind, that at the end of sixty years, at which time these projects will be debt free, title, free and clear, passes to the City of Boston. I know it is difficult to foretell what this property will be worth at the end of sixty years. For a rough approximation, it is fair to assume that the land and buildings at that time should have a value approximately the same as the value of land and buildings at the time they were acquired by the Authority, and before any construction was started on the land.

If we take the assessed valuation of the properties at the time they were acquired by the Authority, namely, the sum of \$5,750,000, and divide this by sixty years, the city is the gainer to the extent of \$96,000 annually. The city, therefore, suffers no out-of-pocket loss; on the contrary, it has an in-pocket gain as a result of these housing projects.

Gentlemen, in conclusion let me say that I believe that these housing projects are a definite economic asset to the city and one of the first potent forces to prevent a spread of conditions, which to me, as Mayor, and to you as taxpayers, are of extreme importance.

To raze the building at 9 King terrace, Ward 9.

To raze the building at 4 Orchard street, Ward 8.

MAYOR TOBIN MOVES TO SOLVE TRAFFIC PROBLEMS IN EAST BOSTON.

Mayor Maurice J. Tobin, because of requests made by several residents of the Orient Heights section of East Boston, on October 19, directed Traffic Commissioner William P. Hickey to make a survey of the intersection of Boardman, Ford and Saratoga streets, and to devise some method of alleviating the traffic hazard at this intersection.

Accident reports show that fifty-four persons were injured in thirty-one accidents involving motor vehicles at this intersection between January 1, 1936, and October 15, 1940. Eight of these accidents occurred after dark and three of the vehicles overturned, indicating high speed through the intersection.

A scheme of channelizing traffic has been devised where, by constructing six islands in the square formed by Boardman street, Ford street and Saratoga street, motor vehicles will be routed around these islands, which will slow down the movement of vehicles and do away with many points of conflict. It is proposed to erect three additional Edison street lamps, to relocate the present lamp in the center of the square and to place a three-way flashing traffic signal on an island in the throat of Boardman street.

It is believed that pedestrians will be greatly benefited, that the area will be beautified, that the whole square will be illuminated after dark and that accidents will be practically eliminated.

Plans of this installation are being sent to Public Works Commissioner George G. Hyland, who will have charge of construction.

POLICE DEPARTMENT ORDERS.

General Order No. 531.

By authority conferred upon the Police Commissioner by law, Patrolman John J. McGovern of Division 3, charged with absence without leave and conduct unbecoming an officer, was dismissed from the Police Department, effective as of October 17, 1940, at 5.45 o'clock p. m.

Written notice of such dismissal with the reasons therefor was served at his last and usual place of abode on October 17, 1940.

The Acting Superintendent of Police will promulgate this order.

EDWARD W. FALLON,
Acting Police Commissioner.

BUILDING DEPARTMENT.

John J. Sennett, to Engine 37.

John J. Magner, to Engine 33.

Thomas J. Cooney, to Ladder 29.

James J. Hartnett, to Ladder 30.

Frederick P. Clauss, to Ladder 30.

Thomas J. McGrath, to Engine 14.

Leo A. Wisentaner, to Ladder 24.

John B. Dunbar, to Engine 27.

Joseph J. Cummings, to Ladder 29.

Roy E. Burrill, to Engine 13.

Bertram L. Camick, to Ladder 24.

Thomas G. Lawless, to Ladder 29.

Albert J. Komich, to Ladder 18.

Joseph M. Cady, to Engine 22.

Peter A. Thompson, to Engine 50.

Rizkallah Teebagy, to Engine 41.

Michael Tuberosa, to Engine 40.

Louis A. Carangelo, to Ladder 31.

John C. Kabachus, to Ladder 13.

Walter A. Maraghy, to Ladder 30.

Johan G. W. Holmberg, to Ladder 29.

Jeremiah J. Hegarty, to Ladder 9.

Laurence J. McLaughlin, to Engine 32.

Michael A. Laurano, Jr., to Engine 5.

Leo S. Manning, to Engine 52.

James I. Mullane, to Engine 9.

Ernest J. Grimm, to Rescue 3.

John F. Cass, Jr., to Engine 37.

Francis M. Kennedy, to Ladder 18.

Winthrop S. Robbins, to Engine 21.

John P. O'Malley, to Ladder 13.

Raymond E. Favret, to Engine 53.

Robert L. Sullivan, to Ladder 13.

Edward J. Everett, to Engine 36.

Edward J. Meleedy, to Ladder 30.

Edward H. Hanbury, to Engine 14.

Francis A. Arnau, to Engine 51.

Walter Steadman, to Engine 19.

Paul J. Costello, to Ladder 1.

Edward P. Dwyer, to Ladder 13.

Robert B. Drew, to Ladder 1.

Robert B. Cassidy, to Ladder 24.

Edward A. Codair, to Engine 22.

Joseph P. Anderson, to Engine 12.
Edward S. Madden, to Ladder 18.
Gerard S. Melia, to Engine 29.
Vincent P. McBrine, to Ladder 26.
Vincent C. Forrest, to Engine 40.
Patrick F. Morgan, to Engine 50.

TRANSFERS.

The following transfers are hereby announced to take effect at 8 a. m., Wednesday, October 16, 1940:

District Chief Patrick F. O'Neil, from Engine 50 to District 9.

District Chief Patrick E. Collins, from Engine 36 to District 2.

District Chief James J. Harrington, from Engine 46 to District 11.

Capt. Frederick R. Brophy, from Ladder 14 to Ladder 11.

Capt. William J. Walsh, from Engine 14 to Engine 17.

Capt. William C. McCarthy, from Engine 5 to Engine 14.

Capt. Michael J. McLaughlin, from Engine 32 to Engine 50.

Capt. William J. Magner, from Engine 8 to Engine 32.

Capt. Egbert R. Murphy, from Ladder 2 to Engine 28.

Capt. Gustave A. Amsler, from Ladder 31 to Ladder 2.

Capt. Edwin F. Fay, from Engine 14 to Ladder 14.

Capt. John C. J. Merrill, from Ladder 18 to Ladder 10.

Capt. John T. J. Cronin, from Ladder 8 to Ladder 18.

Capt. J. Herbert White, from Ladder 9 to Engine 53.

Capt. Coleman G. Clougherty, from Engine 53 to Engine 46.

Capt. James F. McFadden, from Engine 15 to Ladder 5.

Capt. Walter E. Crouch, from Rescue 1 to Ladder 12.

Capt. William B. Coughlin, from Engine 19 to Engine 43.

Capt. John J. Devine, Engine 19.

Capt. John J. Ryan, from Engine 43 to Ladder 9.

Capt. Howard M. Dolbeare, from Rescue 1 to Engine 45.

Capt. Edward J. White, from Engine 23 to Engine 49.

Capt. Edward F. McGlinchey, from Engine 11 to Engine 36.

Capt. Francis A. Nicholson, Headquarters.

Lieut. John A. Martin, from Engine 25 to Rescue 1.

Lieut. William D. Hart, from Rescue 2 to Engine 25.

Lieut. Miles V. Murphy, from Engine 26 to Rescue 1.

Lieut. Edward T. Lynch, from Ladder 21 to Engine 26.

Lieut. Edward J. Donelan, from Ladder 21 to Engine 52.

Lieut. William T. Hogan, from Engine 5 to Ladder 21.

Lieut. Clarence W. Snow, from Rescue 3 to Engine 5.

Lieut. Henry W. Shafer, from Engine 44 to Engine 5.

Lieut. John F. McNamara, from Ladder 23 to Ladder 8.

Lieut. William A. Terrenzi, from Engine 15 to Ladder 23.

Lieut. William H. Leonard, from Engine 9 to Engine 45.

Lieut. William H. O'Dea, from Engine 45 to Ladder 25.

Lieut. Albert F. Donahue, from Engine 46 to Engine 23.

Lieut. Henry J. McCue, from Ladder 31 to Engine 46.

Lieut. Charles L. McDevitt, from Engine 4 to Engine 8.

Lieut. James F. White, from Engine 47 to Engine 4.

Ladderman John M. Keeley, from Ladder 5 to Ladder 27.

By order of Fire Commissioner
WILLIAM ARTHUR REILLY.

SAMUEL J. POPE,
Chief of Department.

General Order No. 50.

I. RETIREMENT.

The following retirement which will take effect at 8 a. m., Wednesday, October 23, 1940, is hereby announced for the information of the department:

Garage Superintendent Robert F. Brennan of the Maintenance Division.

Garage Superintendent Brennan was appointed to the department on February 15, 1918, and he leaves the department with the best wishes of his associates.

II. GENERAL ALARM CORPORATION ASSIGNMENT.

The following signal number is to be added to the running cards of the

General Alarm Corporation in this department:

Signal 187, I. J. Fox, 411 Washington street, Automatic Fire Alarm. Apparatus to respond: Engine 25, Ladder 8, District Chief 5. Nearest box is 1273.

III. AMERICAN DISTRICT TELEGRAPH COMPANY.

The Combination Night Watch and Fire Alarm System in the premises of the National Boston Lead Company, 800 Albany street, is about to be dismantled and will be replaced with a Sprinkler Supervisory Service.

The present signal number 82, now assigned for the foregoing location, will be maintained and company commanders will place the letter "S" in the column designated on page 4 of the American District Telegraph running card.

IV. BOSTON AUTOMATIC SIGNAL DISCONTINUED.

The following Boston Automatic Signal number has been discontinued as of October 18, 1940:

Signal 644, building 506-552 Washington street.

V. COMMENDATIONS.

Hoseman John P. Geary of Engine Company 32 is hereby commended for volunteering and donating blood in transfusion to a patient at the Massachusetts General Hospital on October 16, 1940.

Hoseman Thomas F. Hurley of Engine Company 10 is hereby commended for volunteering and donating blood in transfusion to a patient at the Massachusetts General Hospital on October 17, 1940.

Hoseman William J. Buckley of Engine Company 22 is hereby commended for volunteering and donating blood in transfusion to a patient at St. Elizabeth's Hospital on October 18, 1940.

By order of Fire Commissioner
WILLIAM ARTHUR REILLY.

SAMUEL J. POPE,
Chief of Department.

MAYOR THANKS ALL FOR CO-OPERATING TO MAKE REGISTRATION DAY A SUCCESS.

On October 17, Mayor Tobin issued the following statement:

I want to express my sincerest thanks to all those who willingly gave their services to make Registration Day a success in Boston. A general spirit of enthusiasm was in evidence everywhere, not only on the part of those young men who were compelled under the law to register but all volunteer workers and the public generally. The response to our appeal for assistance in registration was indeed most gratifying.

I want to thank especially the Superintendent of Schools, Arthur L. Gould, Miss Ellen M. Cronin, Secretary of the School Committee, and that great body of school teachers who participated; Commissioner Timilty, Superintendent Fallon of the Police Department, and the policemen engaged in this work, the Faneuil Hall directors, the private volunteer registrars, city employees, interpreters, those who supplied automobiles, National Youth Administration workers, the newspapers and all who helped in the least to make Registration Day the success that it was.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street repairs, vehicles are excluded from the following street from 2 p. m. October 19, 1940, to 6 a. m. October 21, 1940:

Clinton Street, Downtown Boston.

Charles Street, Downtown Boston.

Both sides, from Cambridge street

to Beacon street, 8 a. m. to 10

a. m. and 4 p. m. to 6 p. m.

The following new section is added:

SECTION 19-A.

Between the hours of 8 a. m. and 10 a. m. and between the hours of 4 p. m. and 6 p. m. in the following street there shall be no delivery or collection of goods or materials of any kind, except in an emergency, and then only as authorized by the Boston Traffic Commission, covering one day's delivery or collection:

Charles Street.

Beacon street to Cambridge street.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence. The lists established as a result of these examinations will be used to fill all vacancies in these classifications in the various State departments.

CORRECTION OFFICERS AT STATE PRISON, MASSACHUSETTS REFORMATORY, STATE PRISON COLONY, BRIDGEWATER STATE FARM AND HOUSE OF CORRECTION, DEER ISLAND; GUARDS IN PUBLIC PARKS AND FERRIES, NOVEMBER 23, 1940.

For state, cities, and such towns as are classified under civil service.

Last date for filing applications, Saturday, November 9, 1940, at 12 noon.

As vacancies occur, the position of watchman will be filled from the list established as a result of this examination.

The entrance salary for correction officer is \$1,560 a year; the maximum salary is \$2,040 a year.

The salary range for guards is from \$5.50 a day to \$36 a week. The salary range for watchmen is from \$420 a year with room and board to \$35 a week without maintenance.

Duties, Correction Officer: Under supervision, to act as watch officer on the wall, at gates or on the grounds of the State Prison or Massachusetts Reformatory; to act as officer in charge of a section of the prison buildings either day or night; to assist officers of higher grades; on occasion to act as relief officer on work of higher grades; to assist in general guard duty; and to perform related work as required.

Duties, Watchman: Under general supervision, during an assigned shift, to guard buildings, grounds and movable property against trespass or damage by fire or other cause, and to care for fires, answer telephones, help with cleaning,

or perform other incidental work assigned, during the tour of duty.

Entrance Requirements: General Laws, chapter 125, section 4A, provides: "In certifying the names of persons eligible to appointment as correction officers at the state prison, state prison colony, Massachusetts reformatory and state farm, the commissioner of civil service shall certify the names of persons over the age of twenty-two and under the age of forty." A certificate of date of birth must be filed with the application, *unless* one has been filed with a previous application.

Applicants for the aforementioned positions must be not less than 5 feet 7 inches in height and weigh not less than 135 pounds.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination and qualifying strength tests.

Applicants must obtain at least 70 per cent in the strength test in order to become eligible.

FEMALE PAROLE OFFICER, DEPARTMENT OF CORRECTION, NOVEMBER 30, 1940.

Last date for filing applications, Saturday, November 16, 1940, at 12 noon.

The entrance salary for female parole officer is \$1,500 a year; the maximum salary for female parole officer is \$2,040 a year.

Duties: Under general supervision, to follow up cases of prisoners and inmates paroled from penal or reformatory institutions and aid them in their readjustment to life in the community; to procure and serve warrants in cases of parole violations and return the parolees to institutions; to transfer prisoners between institutions; and to perform related work as required.

Applicants should be familiar with the statutes and parole board rules regulating the release procedure in this Commonwealth. These statutes include sections 128 to 151 of chapter 127 of the General Laws, also sections 85 and 86 of the same chapter.

Entrance Requirements: Applicants must have had at least one year of satisfactory full-time, paid experience in any or all of the following: (1) In work in a penal or correctional institution, department or agency, including training schools. (2) In work as probation officer. (3) In work in a social case work capacity with an acceptable agency dealing with family or individual problems of maladjustment on an intensive case work basis.

Substitution of Education for Experience: Graduation from a recognized college with major study in the social sciences may be substituted for the one year's paid experience.

Applicants who have not reached their twenty-second birthday or who have passed their fortieth birthday on the last date for filing applications will not be eligible to apply. A certificate of date of birth must be filed with the application, *unless* one has been filed with a previous application.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

JUNIOR ACCOUNTANT, AUDITOR'S DEPARTMENT, NOVEMBER 30, 1940.

Last date for filing applications, Saturday, November 16, 1940, at 12 noon.

Requisition is for a male, but the examination is open to both females and males.

The entrance salary is \$1,680 a year; the maximum salary is \$2,160 a year.

Duties: Under immediate supervision to perform all the work in connection with an audit of the accounts of a state department or a state institution and this may be described in a general way as follows: Reconciliation of cash; reconciliation of bank accounts; verification of footings; trial balances of ledgers, general ledger, accounts receivable ledger, stock books, etc.; reconciliation of appropriation, income and refund accounts with the records in the Comptroller's Bureau; accounting for income through use of serially numbered form; the actual counting of articles in the storeroom—physical inventories, the detail checking in connection with the examination of income, such as checking sales slips to the cash books, dates of admissions and discharges from weekly returns of accounts receivable ledger, postings from books of original entry to ledgers; detail checking in connection with annual farm report, as, for instance, the reconciliation of farm products transferred to storeroom as shown by the farm report with the farms products actually received as reflected by the institution stock books, analysis of the monthly census reports of livestock; patients' funds, the detail checking of receipt vouchers to the cash book and detailed vouching of cash disbursements to canceled checks or proper vouchers; canteen, the taking of a physical inventory of merchandise on hand for sale and the valuing of same, vouching of disbursements to canceled checks or other proper vouchers; and trust funds, the detailed vouching of disbursements to canceled checks and checking of the income from savings bank books to the cash book.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

PLANT PEST SUPPRESSOR, BLISTER RUST CONTROL, DEPARTMENT OF AGRICULTURE, NOVEMBER 30, 1940.

Last date for filing applications, Saturday, November 16, 1940, at 12 noon.

The salary of this position ranges from \$4.12 to \$5.00 a day.

Duties: To examine lands for the purpose of locating wild and cultivated currant and gooseberry bushes which act as agents in the spread of the white pine blister rust disease. To instruct and supervise property owners and others in the practice of control measures. To

make out daily and weekly reports and to prepare field maps.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

PLANT PEST SUPPRESSOR, NURSERY INSPECTOR AND SCOUT FOR PESTS, DEPARTMENT OF AGRICULTURE, NOVEMBER 30, 1940.

Last date for filing applications, Saturday, November 16, 1940, at 12 noon.

The salary of this position ranges from \$4.12 to \$5.00 a day.

Duties: To inspect nurseries for insect pests and plant diseases and to give advice in controlling destructive plant pests that might be injurious to crops, orchards or forest plantings. To make field surveys and scout for dangerous pests, including those that have been brought into this country.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence. The lists established as a result of these examinations will be used to fill all vacancies in these classifications in the various State departments.

FEMALE HEAD SOCIAL WORKER, WORCESTER STATE HOSPITAL, NOVEMBER 30, 1940.

Last date for filing applications, Saturday, November 16, 1940, at 12 noon.

The entrance salary, without maintenance, is \$2,160 a year; the maximum salary, without maintenance, is \$2,520 a year. The salary of the present vacancy is \$1,800 a year and maintenance.

Duties, Administrative: Planning the work of the department in coordination with that of other departments in the hospital; assignment of cases for investigation, supervision and therapy; supervision of case work of the four workers and students; supervision of family care—investigation of boarding homes, placement and supervision of patients.

Duties, Teaching: Instruction and supervision of social workers in order that the quality of work may constantly be improved and new techniques evaluated and adopted; to intelligently interpret to her subordinates the role of the social worker in the relationship to the client; instruction of graduate students from schools of social work who are placed at the hospital for field work while getting their master's degree; instruction of graduate medical residents in psychiatry, internes and medical students in the theory of psychiatric social work and social service techniques; instruction of post-graduate and affiliate nurses in social problems and resources; instruction

of occupational therapy students in social problems and resources.

Social Treatment: A thorough knowledge of the methods of social case work and attitude therapy.

Duties, Community Relationship: Cooperative planning with the heads of other agencies for student training; co-operative work with other social agencies on case work; lectures to community groups interested in the mental hygiene aspects of social work; and a comprehensive knowledge of community resources for the rehabilitation of mental patients.

Entrance Requirements: Applicants must have five years of satisfactory full-time paid experience in a social case work capacity in a recognized public or private social case work agency, of which at least three years shall have been in psychiatric social work.

Substitution of Education: Graduation from a two-year graduate course in an accredited school of social work may be substituted for two years of the above experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

MALE PSYCHOLOGIST, STATE FARM, NOVEMBER 30, 1940.

Last date for filing applications, Saturday, November 16, 1940, at 12 noon.

The entrance salary, with maintenance, is \$1,320 a year; the maximum salary, with maintenance, is \$1,800 a year. Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

NOTE.—Information concerning the results of this examination will not be available until at least sixty days after the examination has been held. If the eligible list is established in the meantime, all applicants will be notified.

Under the Civil Service Rules, a person whose name is on an existing eligible list may apply for and take a new examination for the same service if a new examination is held during his period of eligibility. His status, however, will be determined by the result of the later examination.

No specimen questions are available.

WATER-SUPPLY DEVELOPMENT IN THE UNITED STATES.

In 1652 Boston introduced the first American public water supply. The first mechanical pumps were used in 1761 at Bethlehem, Pa., where Hans Christiansen, an American pioneer water-supply engineer, made his pumps work "after severe struggles." In 1850 there were only 100 water plants in the United States, and as late as 1875 only 243. In 1933 there were more than 11,000 public water supplies, some serving more than one community.

PROCEEDINGS OF CITY COUNCIL.

Monday, October 14, 1940.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p. m., President GALVIN in the chair. Absent, Coun. Fish and Ward.

The meeting was opened with the salute to the flag.

Pemintel, Jr., Ward 1; Luigi Ricci, Ward 1; William A. Rice, Ward 1; Ralph Scirro, Ward 1; Charles W. Venedam, Ward 1; Jeremiah Allen, Ward 2; Bernard J. Farren, Ward 2; John P. Houghton, Ward 2; William F. McCormack, Ward 2; Joseph Sheehan, Ward 2; Adomo Abruzzese, Ward 3; Louis A. Biggi, Ward 3; Anthony Capraro, Ward 3; Thomas Cataldo, Ward 3; Eugene DiMattia, Ward 3; John McDonald, Ward 3; Nicola A. Mestieri, Ward 3; Thomas B. O'Neill, Ward 3; Arthur F. Rizzo, Ward 3; Edward I. Rothman, Ward 3; Anthony J. Sacco, Ward 3; Herbert J. Stevens, Ward 3; Joseph A. Vannelli, Ward 3; Axel Larsen, Ward 4; David J. Cummings, Ward 4;

Clinton K. Porter, Ward 4; Thomas E. Sautler, Ward 4; Archibald S. Hicks, Ward 5; George M. Keist, Ward 5; John Barron, Ward 6; Thomas F. Connolly, Ward 6; John Fanning, Ward 6; Norman G. Perry, Ward 6; Joseph D. Collins, Ward 7; William A. Connolly, Ward 7; Wilbur S. Hartford, Ward 7; John L. Mogan, Ward 7; Charles A. Andrews, Ward 8; Louis F. Huey, Ward 8; Robert Kelly, Ward 8; Thomas McGrath, Ward 8; Edward F. Carey, Ward 9; Thomas F. Glennon, Ward 9; Coleman Wallace, Ward 9; Charles Anderson, Ward 10; Edward C. Bowen, Ward 10; Francis M. Healy, Ward 10; Francis J. Wright, Ward 10; James Kilduff, Ward 11; Frank B. Roach, Ward 11; Harry A. Sullivan, Ward 11; Roy M. Atus, Ward 12; Raymond F. Bennett, Ward 12; William E. Damon, Ward 12; Francis P. O'Brien, Ward 12; Frank J. Pulver, Ward 12; Herman Starr, Ward 12; Joseph A. Graham, Ward 13; George F. Spencer, Ward 13; Charles P. Carney, Jr., Ward 14; George I. Ellis, Ward 14; Ralph Levine, Ward 14; Samuel Marcus, Ward 14; Carl R. Seaberg, Ward 14; John F. Hamilton, Ward 15; Donald H. MacEachern, Ward 15; Paul J. Concannon, Ward 16; William Hird, Ward 16; William J. Mahoney, Ward 16; Bartholomew O'Connor, Ward 16; John S. Russell, Ward 16; Thomas A. Simpson, Ward 16; William F. Connors, Ward 17; Daniel A. Crowley, Ward 17; Arthur F. Keif, Ward 17; David A. Morrison, Ward 17; Denis F. Shea, Ward 17; Thomas F. Tobin, Ward 17; James J. Waters, Ward 17; George G. Wright, Ward 17; George N. Bower, Ward 18; John E. Erwin, Ward 18; Edward J. Flaherty, Ward 18; Charles Graumann, Ward 18; William F. Henderson, Ward 18; Albert D. Long, Ward 18; Philip Joseph Owens, Ward 18; Joseph W. Henries, Ward 19; William H. Hoernes, Ward 19; Joseph A. Klueber, Ward 19; Frederick T. Parker, Ward 19; Clement W. Sanborn, Jr., Ward 19; Francis McTernan, Ward 20; Earl W. Springer, Ward 20; E. Russell Bigelow, Ward 21; Benjamin R. Shippee, Ward 21; Francis J. Kelley, Ward 22; John J. Maloney, Ward 22; Charles E. Neal, Ward 22; James Russell, Ward 22; Edward F. Welch, Ward 22; Emanuel White, Ward 22.

APPOINTMENT BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointment, viz.:

Constable for term of one year, beginning with first day of May, 1940, without power to serve civil process and to serve without bond, vice Edward B. O'Neill, resigned: Francis T. Hannon, 8 Mitchell street, Ward 7.

Laid over a week under the law.

GRANOLITHIC SIDEWALKS, AUSTIN STREET.

The following was received:

City of Boston,
Office of the Mayor, October 14, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of August 19, 1940, concerning the installation of granolithic sidewalks on Austin street, Ward 18, as a W. P. A. project.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
October 1, 1940.
To William T. Doyle, Chief Clerk, Mayor's Office.

From George G. Hyland, Commissioner, Public Works Department.
Subject: Sidewalks on Austin Street.

I return herewith order in City Council that the Commissioner of Public Works install granolithic sidewalks on Austin street, Ward 18, as a W. P. A. project.

A canvass of this street has been made and, from the replies received, the majority of the abutters do not signify their willingness to pay their proportionate share of the cost of construction of these sidewalks. Therefore, I do not deem it advisable to go ahead with the work at this time.

GEORGE G. HYLAND,
Commissioner of Public Works.
Placed on file.

SIDEWALK CONSTRUCTION.

The following were received:

City of Boston,
Office of the Mayor, October 14, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to

your order of August 19, 1940, concerning the construction of sidewalks along Walter and Park streets, Hyde Park, under the W. P. A. plan of construction.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
October 1, 1940.
To William T. Doyle, Chief Clerk, Mayor's Office.

From George G. Hyland, Commissioner, Public Works Department.
Subject: Sidewalks on Walter and Park Streets.

I return herewith order in City Council that the Commissioner of Public Works construct sidewalks along Walter and Park streets, Hyde Park, under the W. P. A. plan of construction.

A canvass of these streets has been made and the majority of the replies received indicate the abutters' unwillingness to assume their proportionate share of the cost of the installation of artificial stone sidewalks. Therefore, I do not deem it advisable to proceed with the work at this time.

GEORGE G. HYLAND,
Commissioner of Public Works.

City of Boston,
Office of the Mayor, October 14, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of August 19, 1940, concerning the installation of new sidewalks along Woodhaven street, Ward 18, under the W. P. A. type of construction.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
October 1, 1940.
To William T. Doyle, Chief Clerk, Mayor's Office.

From George G. Hyland, Commissioner, Public Works Department.
Subject: Sidewalks on Woodhaven Street.

I return herewith order in City Council that the Commissioner of Public Works install new sidewalks along Woodhaven street, Ward 18, under the W. P. A. type of construction.

A canvass of this street has been made and the majority of the abutters have signified their unwillingness to pay their proportionate share of the cost of the installation of artificial stone sidewalks. Therefore, I do not deem it advisable to proceed with this work at this time.

GEORGE G. HYLAND,
Commissioner of Public Works.

City of Boston,
Office of the Mayor, October 14, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of September 9, 1940, concerning the installation of sidewalks on the following-named streets in Ward 19: Lindall street, Newbern street, Pond street, from Centre street to Jamaicaaway, John A. Andrew street.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
October 3, 1940.
To William T. Doyle, Chief Clerk, Mayor's Office.

From George G. Hyland, Commissioner, Public Works Department.
Subject: Sidewalks on Lindall, Newbern and John A. Andrew Streets, and Pond Street, from Centre Street to Jamaicaaway.

I return herewith order in City Council that the Commissioner of Public Works install sidewalks on the above-named streets in Ward 19.

Please be advised that the installation of sidewalks will be given consideration for submission for approval on a W. P. A. project.

GEORGE G. HYLAND,
Commissioner of Public Works.

City of Boston,
Office of the Mayor, October 14, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of September 9, 1940, concerning the installation of sidewalks on the uncompleted portions of Day street, Ward 10, as a W. P. A. project.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
October 3, 1940.

To William T. Doyle, Chief Clerk, Mayor's Office.

From George G. Hyland, Commissioner, Public Works Department.

Subject: Sidewalks on Day Street.

I return herewith order in City Council that the Commissioner of Public Works install sidewalks on the uncompleted portions of Day street, Ward 10, as a W. P. A. project.

Please be advised that this matter will be given consideration for submission for approval on a W. P. A. project.

GEORGE G. HYLAND,
Commissioner of Public Works.

Severally placed on file.

RESURFACING OF WARD 15 STREETS.

The following was received:

City of Boston,
Office of the Mayor, October 13, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of September 30, 1940, concerning the resurfacing of the following streets in Ward 15, under the W. P. A. plan of construction: Blakeville street, Clarkson street.

Respectfully,

MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
October 10, 1940.

To William T. Doyle, Chief Clerk, Mayor's Office.

From George G. Hyland, Commissioner, Public Works Department.

Subject: Blakeville Street, Clarkson Street, Ward 15.

I return herewith order in City Council that the Commissioner of Public Works resurface the above-named streets in Ward 15 under the W. P. A. plan of construction.

Please be advised that these streets will be given consideration for submission for approval on a W. P. A. project.

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

FLAGPOLE, NORTH END PARK.

The following was received:

City of Boston,
Office of the Mayor, October 14, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Park Department Chairman relative to your order of September 30, 1940, concerning the arranging for the erection of a flagpole at the North End Park, Ward 3.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Park Department, October 7, 1940.

William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—Referring to the Council order of October 7, regarding the erection of a flagpole in North End Park, please be informed, by direction of his Honor the Mayor, the pole that is being erected at the present time will be in readiness for October 12, 1940.

Very truly yours,

WILLIAM P. LONG, Chairman.

Placed on file.

"STOP" SIGNS, WARDS 18 AND 20.

The following was received:

City of Boston,
Office of the Mayor, October 14, 1940.
To the City Council.

Gentlemen,—I transmit herewith communication from the Traffic Commissioner relative to your order of September 9, 1940, concerning the erection of "Stop" signs at the junction of Beech, Washington and Walworth streets in the Ward 18 and Ward 20 section of Roslindale.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Traffic Commission, September 30, 1940.

Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,—This is in reply to memo. of September 20, 1940, from Chief Clerk William T. Doyle, ordering consideration of and report on Council order dated September 9, 1940, which reads as follows:

"Ordered, That the Traffic Commissioner, through his Honor the Mayor, be requested to erect 'Stop' signs at the junction of Beech,

Washington and Walworth streets in the Ward 18 and Ward 20 sections of Roslindale." The records in this office show that five (5) motor vehicle accidents involving personal injury have occurred in this intersection during the past four and a half (4½) years. Considering the volume of traffic in this location this record does not indicate a very serious condition.

The Council order requests the erection of "Stop" signs to force motorists entering the intersection from Beech street and Walworth street to stop before entering. Proponents of "Stop" signs who are not acquainted with their lack of success in other locations assume that if a car stops when entering an intersection, the danger of collision with other vehicles and the danger of striking a pedestrian is eliminated. This theory does not work out in practice. On the contrary, users of the main streets increase speed because they assume all vehicles entering from the side streets will stop. Pedestrians are also lulled into a false sense of security and do not use sufficient care in crossing streets when they are aware of the presence of a "Stop" sign.

For the above reasons the engineers of the Traffic Commission recommend that no action be taken on this Council order.

Respectfully,

WILLIAM P. HICKEY, Commissioner.
Placed on file.

CUSTODIANS FOR PLAYGROUNDS.

The following was received:

City of Boston,
Office of the Mayor, October 14, 1940.
To the City Council.

Gentlemen,—I transmit herewith communication from the Park Department Chairman relative to your order of September 9, 1940, concerning furnishing the custodians of the various playgrounds with additional help, either from W. P. A. or from the Welfare rolls, in order that the playgrounds may be kept in proper condition.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Park Department, September 26, 1940.
William T. Doyle,

Chief Clerk, Mayor's Office.
Dear Sir,—I am acknowledging your memorandum of September 20, with inclosure, order from the City Council to supply additional help to the playgrounds.

Please be assured if it were possible for me to obtain any additional help from the W. P. A. or the Welfare Department that I could use on playgrounds or any other part of the Park System, I would certainly have done so long ago. The W. P. A. will not allow their help to be used for maintenance purposes, and the Welfare Department claims it cannot supply any more.

I would appreciate any assistance the Council could give me in obtaining additional help from either one of the two sources that could be used for maintenance purposes.

Very truly yours,
WILLIAM P. LONG, Chairman.

Placed on file.

FOOD STAMP PLAN.

The following was received:

City of Boston,
Office of the Mayor, October 7, 1940.
To the Honorable the City Council.

Gentlemen,—I submit herewith orders for the acceptance and approval of two agreements for the purpose of carrying out in Boston the so-called Food Stamp Plan.

This plan has already received favorable attention from the Council. On April 1, 1940, a resolution was adopted indorsing my efforts to obtain the Food Stamp Plan for the City of Boston, and on September 9, 1940, an order was adopted to the effect that I be requested to expedite the establishment of the Food Stamp Plan and to make available its benefits to recipients at the earliest possible time.

In order to get this plan in operation in Boston as soon as possible, an arrangement has been made for the establishment by The First National Bank of Boston of a revolving fund of one hundred seventy-five thousand dollars (\$175,000) to carry on the mechanics of purchase and distribution of the stamps until permanent arrangements for this purpose can be consummated next year. One of the orders which I submit to you relates to that agreement.

The other order relates to the usual form of agreement between the Surplus Marketing Administration, the Department of Public Welfare of the Commonwealth of Massa-

chusetts and the City of Boston for the supplying of stamps, distribution of the commodities and the various details of the relationship between the City of Boston and the Surplus Marketing Administration.

I therefore request that your Honorable Body approve the accompanying orders.

Respectfully,
MAURICE J. TOBIN, Mayor.

Ordered, That the agreement between the Surplus Marketing Administration, the State Department of Public Welfare and the City of Boston providing for carrying out the Food Stamp Plan in Boston, a copy of which was this day submitted to the Council, be, and it hereby is, accepted and approved.

Ordered, That the agreement between the City of Boston and The First National Bank of Boston providing for the temporary furnishing of a revolving fund not exceeding one hundred seventy-five thousand dollars (\$175,000) for the purchase and distribution of stamps in connection with the Food Stamp Plan in Boston, a copy of which was this day submitted to the Council, be, and it hereby is, accepted and approved.

Referred to Executive Committee.

TRANSFERS WITHIN DEPARTMENTAL APPROPRIATIONS.

The following was received:

City of Boston,
Office of the Mayor, October 14, 1940.
To the City Council.

Gentlemen,—I am forwarding requests for transfers within departmental appropriations in the following departments and recommend adoption of the accompanying orders by your Honorable Body:

Institutions, Long Island Hospital; Public Works, Water Division; Penal Institutions, Steamer "Michael J. Perkins".

Respectfully,
MAURICE J. TOBIN, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Institutions Department, Long Island Hospital:

From the appropriation for A, Personal Service, \$500, to the appropriation for F, Special Items, \$500.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Works Department, Water Division:

From the appropriation for E-5, \$12,000, to the appropriation for H, \$12,000.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Penal Institutions Department, Steamer "Michael J. Perkins":

From the appropriation for D, Supplies, \$405, to the appropriation for C, Equipment, \$165; E, Materials, \$240.

Referred to Executive Committee.

TRANSFER TO POLICE DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, October 14, 1940.
To the City Council.

Gentlemen,—The Police Commissioner advises me that the appropriation in the department's budget for H, Relief Projects, did not anticipate expenditures for the construction of a marine railway under a W. P. A. project because of its approval by the Federal Government subsequent to the passage of the 1940 budget. As a result the original appropriation is now practically exhausted and the Police Commissioner requests that an additional appropriation of \$8,080 be provided, so that the projects now sponsored by the Police Department may be continued.

In compliance with the request of the Police Commissioner, I am forwarding herewith an order transferring the above-mentioned sum from the H, Relief Projects, item in the budget of the Sanatorium Division of the City Hospital, which item, I am informed, will, from present indications, have a free balance at the end of the year of this amount, and recommend adoption by your Honorable Body.

Respectfully,
MAURICE J. TOBIN, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Hospital Department, Sanatorium Division, H. Relief Projects, \$8,080, to the appropriation for Police Department, H. Relief Projects, \$8,080.

Referred to Executive Committee.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

David Schuman, for compensation for damage to property at 48 Blake street, caused by blasting.

Hotel Statler, for compensation for damage to property at Hotel Statler, caused by break in water main.

Doe, Sullivan & Co., Inc., for compensation for damage to property at 61 and 63 Faneuil Hall Market, caused by defective drainage system.

Jeannette Uffand, for compensation for damage to car by fire engine.

Anna Willis, to be reimbursed for broken water meter.

Ann Louise Shiners, for compensation for injuries received caused by hole in sidewalk at 5 Park street.

Committee on Licenses.

Petition of Philip N. Winkler for driveway opening at 1742-1748 Dorchester avenue.

Petition for driveway opening of Socony-Vacuum Oil Company, at corner of Parsons and North Beacon streets, Ward 21.

Executive.

Petition of Margaret M. Holland, to be paid an annuity on account of death of her husband, Thomas E. Holland, late member of Fire Department.

TRACK LOCATION, UNION FREIGHT RAILROAD.

Notice was received from the Board of Street Commissioners of 28th track location granted to Union Freight Railroad Company.

Placed on file.

APPROVAL OF CONSTABLE'S BOND.

The constable's bond of Emil H. Ober, having been duly approved by the City Treasurer, was received and approved.

ASSIGNMENT OF JUDGES TO ADMINISTRATIVE COMMITTEE.

A communication was received from Fred T. Field, Chief Justice, Supreme Judicial Court, assigning judges to service on Administrative Committee of the Probate Courts.

Placed on file.

ASSIGNMENT OF JUDGES, APPELLATE DIVISION, ETC.

Notice was received from Fred T. Field, Chief Justice, Supreme Judicial Court, assigning judges to Appellate Division of District Courts and members of the Administrative Committee of District Courts, effective October 1, 1940.

Placed on file.

APPOINTMENT OF PATRICK J. NEE.

Notice was received from the Health Department of temporary appointment of Patrick J. Nee, 817 Dorchester avenue, Dorchester, as collector of samples (milk).

MINORS' LICENSES.

Applications for minors' licenses were received from fifty newsboys and seven boot-blacks.

Granted under usual conditions.

CALL FOR STATE ELECTION.

President GALVIN offered the following: Ordered, That meetings of the citizens of this city, qualified to vote for state officers, be held at the several polling places designated for the purpose by the Board of Election Commissioners, on Tuesday, the fifth day of November, 1940, for the election of Presidential Electors, Governor, Lieutenant-Governor, State Secretary, State Treasurer, State Auditor, Attorney-General, Senator in Congress, Representatives in Congress, Councilors, Senators in the General Court, Representatives in the General Court, Clerk of Supreme Judicial Court, Clerk of Superior Court for Civil Business, Clerk of Superior Court for Criminal Business, Register of Deeds, and Sheriff; also to give in their votes "Yes" or "No" on the following questions:

1. Shall licenses be granted in this city for the sale therein of all alcoholic beverages (whisky, rum, gin, malt beverages, wines and all other alcoholic beverages)?

2. Shall licenses be granted in this city for the sale therein of wines and malt beverages (wines and beer, ale and all other malt beverages)?

3. Shall licenses be granted in this city for the sale therein of all alcoholic beverages in packages, so called, not to be drunk on the premises?

Questions of Public Policy.

In the following Senatorial Districts—Second Suffolk, Third Suffolk, Seventh Suffolk, Middlesex and Suffolk,—

"Shall the Senator from this district be instructed to vote for the establishment of a lottery to be conducted by the Commonwealth, the net proceeds of which shall provide additional revenue for the Old Age Assistance Fund?"

"Shall the Senator from this district be instructed to vote for legislation providing for ten-dollar weekly payments to each recipient of old age assistance?"

The polls at said meetings shall be opened at eight o'clock a. m. and closed at eight o'clock p. m.

Ordered, That the City Clerk be hereby directed to give notice of said meetings according to law.

Passed under suspension of the rule.

REPORT OF COMMITTEE ON COUNTY ACCOUNTS.

Coun. WICKES, for the Committee on County Accounts, submitted the following:

Report on message of Mayor and order (referred August 5) recommending amendment to classification for officers and employees of Suffolk County—that same ought to pass.

Report accepted; said order passed.

PLAY AREAS FOR SMALL CHILDREN.

Coun. D. F. SULLIVAN offered the following:

Ordered, That his Honor the Mayor be requested to consider the possibility of using the fund left to the city by Michael Francis Cahill for the grading and improvement of city-owned land for play areas for small children.

Coun. D. F. SULLIVAN—Mr. President, for some time I have been interested in play areas for the youngsters. I have previously suggested that the city-owned land be graded and put in condition by using a W. P. A. project. Due to the technical problems in which the W. P. A. authorities ruled that city-owned land or property which is up for sale cannot be improved with Federal funds, and since it is commonly accepted that all city-owned property is up for sale, utilization of Federal funds was impossible. Therefore, our objective in this matter must be attained in some other way. During the past week, however, a very important item was carried in the Boston newspapers describing a large sum of money which was willed for recreational purposes. The courts ruled that this money, known as the Michael Francis Cahill Fund, should revert to the City of Boston. With that thought in mind, I am offering this order so that we may take advantage of this worthwhile fund and prepare in the various sections of the city these safety play areas for the smaller children. I trust, therefore, that the order will pass.

The order was passed under suspension of the rule.

USE OF STEAMER "PERKINS."

Coun. GOODE offered the following:

Ordered, That his Honor the Mayor be requested to confer with the commanding officer of the Harbor Defenses of Boston for the purpose of contributing the services of the steamer "Perkins" to military personnel now stationed in Boston Harbor.

Coun. GOODE—Mr. President, at the present time, under the increase in military personnel which has come about under the National Defense Act, there has been a great increase in such military personnel connected with our harbor defenses in different ways. Many of the men who belong to the National Guard and the regular army are residents and taxpayers of Boston. Inasmuch as the service regulations allow them to spend a little time with their families, I think it would be a splendid gesture on the part of the city to place the steamer "Perkins" at their disposal on occasions, thereby affording them transportation to and from Fort Strong, Long Island, and Deer Island. It would not hurt the city to any extent, financially or otherwise, and would allow these men to spend a great deal more time with their families, which would help them to become more easily accustomed to their new life. I hope that the order will pass.

The order was passed under suspension of the rule.

SUPERHIGHWAY THROUGH CITY.

Coun. GOODE offered the following:

Ordered, That his Honor the Mayor confer with the Commissioner of Public Works with a view of accepting the plans of Frederick A. Robinson for a superhighway through the City of Boston.

Coun. GOODE—Mr. President, stagnation of the traffic tides in the business heart of Boston has been an irritant and a handicap to the City of Boston continuously through the past twenty years. Since the National Defense program calls for the construction of new roads I believe that this is the time for the members of the City Council to make this contribution to the future welfare of the city. Tentative plans for a superhighway to relieve the north-south traffic problem in the City of Boston have been before legislative committees, the Federal Bureau of Roads and the Commissioner of Public Works for the State. However, since most of these plans contain different phases and routes, I am submitting with this order a plan drawn up by Frederick A. Robinson, of the Roslindale Board of Trade, which, in my opinion, should

receive proper consideration. This super-highway will not only benefit Hyde Park, Readville and Mattapan, but will be of great benefit to the entire city. I know that Mr. Robinson, who has drawn up the plan I referred to, and who has devoted many years to a study of the subject, has been commended by the Massachusetts Institute of Technology and many other engineers who are familiar with the problem. He is a public-spirited citizen, who has become interested in this matter from the standpoint of the public good, and I trust that the Public Works Commissioner will see fit to give due consideration to this plan.

The order was passed under suspension of the rule.

TWENTY-FOUR-HOUR DAY FOR SCHOOL SHOPS.

Coun. GOODE offered the following:

Ordered, That the Mayor of Boston request the Boston School Committee to consider the advisability of opening all Boston high schools which have technical or shop facilities on a twenty-four-hour-a-day basis, for the purpose of training unemployed adults and high school graduates.

Coun. GOODE—Mr. President, I have learned with regret in the past few days that certain projects instituted to speed up the National Defense program in this area may have to be transferred to other parts of the country or abandoned because of a lack of skilled workmen in Boston. One of the biggest single factors in the present progress of the National Defense program is the important part played by vocational schools in training young men in occupations essential to our national defense. Boston has a regrettable lack of trained young men who are qualified to take over these jobs. An advance course would greatly aid these men to secure jobs and would repay the taxpayers of Boston a hundredfold. The high schools of Boston constitute a reserve of training facilities, which should be expanded and made immediately available for these young men. I hope the order will pass.

The order was passed under suspension of the rule.

RECESS.

A recess was taken at 2.45 p. m., subject to the call of the Chair. The members reassembled and were called to order by President GALVIN at 3.32 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. SHATTUCK, for the Executive Committee, submitted the following:

1. Report on message of Mayor and orders (referred today) for transfers from Hospital Department, Sanatorium Division, to Police Department, Relief Projects, of \$8,080—that same ought to pass.

2. Report on message of Mayor and orders (referred today) for transfers within departmental appropriations—that same ought to pass.

Reports accepted; said orders passed, yeas 19, nays 0.

3. Report on message of Mayor and orders (referred today) re Food Stamp Plan—that same ought to pass.

Report accepted; said orders passed.

LAND CONVEYANCE, EAST BOSTON.

President GALVIN called up, under unfinished business, No. 2 on the calendar, viz.: 2. Whereas, The City of Boston is the owner of a certain parcel of land situated on the northeasterly side of Maverick street in the East Boston district of the City of Boston, containing two hundred and sixteen (216) square feet, and now in the control of the Public Welfare Department: and

Whereas, John J. Previte and Grazia Previte, husband and wife, are the owners as tenants by the entirety of an estate situated on the northeasterly side of said Maverick street and adjoining the said premises owned by the City of Boston, and are desirous of obtaining the ownership of the said two hundred and sixteen (216) square feet of land; and

Whereas, The said two hundred and sixteen (216) square feet of land are no longer needed for public purposes; now, therefore, it is hereby

Ordered, That his Honor the Mayor be, and he hereby is, authorized to convey to the said John J. Previte and Grazia Previte by an instrument in writing satisfactory in form to the Law Department of the City of Boston and in consideration of the sum of two hundred fifty (250) dollars to be paid to the City of Boston and on the express condition that

the said grantees at the expense of said grantees replace to the satisfaction of the Department of Public Welfare the iron fence and granolithic sidewalk now existing on the said premises, all the City of Boston's right, title and interest in and to said two hundred and sixteen square feet of land, bounded and described as follows:

Northwesterly by land of John J. Previte and Grazia Previte, forty-three and 68-100 (43.68) feet; northeasterly by land of the City of Boston five (5) feet; southeasterly by other land of the City of Boston, forty-two and 78-100 (42.78) feet; southwesterly by the northeasterly line of Maverick street, five and 8-100 (5.08) feet, containing two hundred sixteen square feet of land, more or less.

On September 30, 1940, the foregoing order was read once and passed, yeas 18, nays 0.

The order was given its second and final reading and passage, yeas 19, nays 0.

REPORT OF COMMITTEE ON LICENSES.

Coun. ENGLERT, for the Committee on Licenses, submitted the following reports on petitions for driveway openings, viz.:

L. C. Grossman (referred July 22) at Havre street; Sears, Roebuck & Co. (referred August 5), 1370 Boylston street; Stanley Blinstrub (referred August 19) at 500 and 502 Western avenue; Dwelling House Associates (referred September 9) 107-117 Arlington street, Ward 5—that leave be granted under usual conditions.

Report accepted; leave granted under usual conditions.

REOPENING NUTRITION CLASSES.

Coun. KELLY offered the following:

Ordered, That the School Committee be requested, through his Honor the Mayor, to reconsider their action with reference to closing nutrition classes in the various schools with a view to reopening these classes in all schools where they formerly existed.

Coun. KELLY—Mr. President, the reason why I am introducing this order today is because many mothers in my district have come to my home in the last few days very much worked up about the publicity in the papers to the effect that the School Committee are closing the nutrition classes in all the lower schools of Boston. I realize, Mr. President and members of the Council, that these nutrition classes have been in existence for about thirty years. It has been my pleasure to go to the Mather School to look these classes over, and after my visit and an examination into the matter I have come to the conclusion that they are performing a wonderful service for the children who are growing up today. Of a class of sixty-five children in the Mather School, two children have infantile paralysis, and it would be impossible for the parents to send them to school if it were not for the nutrition classes. As I have said, the classes have been in existence for thirty years, performing a wonderful work, and I would therefore suggest to the members of the School Committee that they reconsider their action in closing them in various schools, and that they reopen them in all the schools where they formerly existed. Anybody who looks into this matter must realize the wonderful work that these classes are doing, even though it may be a little expense to the City of Boston. I might also say, in the interest of the children of my district, that I had occasion to visit Captain Tiernan, of Station 11, and ask him in regard to the protection that the police of the district are able to afford to children crossing the streets on their way to and from school. Captain Tiernan informed me that there are forty-two crossings in the ward that the children have to cross, and that there are only twenty-five police officers available during the day to do the work in that respect, which would require forty-two policemen. He also informed me that there were not sufficient policemen to take care of the traffic lights. Of course, all these things have to be taken into consideration when we have to meet problems of public safety. As for these nutrition classes, they have been carried on for thirty years, to the great benefit of the children. I was told at the Mather School that the children are given milk and cookies and that they take a nap after they eat. The expense is small. I understand but 15 cents per child. I sincerely hope, considering the great benefits that the children derive from the classes, that they will not be discontinued, and that those which have been already closed will be reopened in the immediate future.

Coun. LINEHAN—Mr. President, I would inform the gentleman from Ward 16 (Coun. Kelly) that on September 16, about a month ago, I filed a similar order, which, however, up to date has been ignored, and I understand that since then additional nutrition classes have been discontinued. I realize, of course, that the School Committee is trying to take

care of the people and to act in the public interest in what it does, but I certainly feel that they have made a mistake in closing these classes. I understand, of course, that they have transferred the employees who serve in the classes from the nutrition classes to the lunches. That may take care of the employees, but the children are deprived of something from which they derived a world of good. They have simply taken care of the employees. As I say, a month ago I introduced a similar order, and I think there has been sufficient time for the School Committee to at least recognize that order by a letter. They have not done so, however, but, as I have said, have closed down more of these classes. If they send a letter, stating their argument in the matter, we could, of course, give their reasons due consideration. If they have a reasonable argument, let us at least hear it. If not, I think we should continue to press them for an answer in a matter which has meant a world of good for the children. I am not so much interested in the children who are well nourished. I am particularly interested in those who are not getting enough food at home and who are seriously handicapped in getting from school to home and back again at noon. I made a little study of this subject, as I have indicated, about a month ago, and I found that not only the under-nourished children, but children who were sick, under the system that has prevailed, have had a chance to get a little refreshment and to rest, after which they can do a good job for the rest of the afternoon in school. I certainly hope that we will at least shortly receive from the School Committee good reasons for closing down this activity. If not, I shall certainly persist in asking for satisfactory information.

The order was passed under suspension of the rule.

CONSTRUCTION OF SHELTER ON RIVER STREET.

Coun. WICKES and GOODE offered the following:

Ordered, That the Board of Trustees of the Boston Elevated Railway be requested, through his Honor the Mayor, to make plans for the construction of a shelter on River street, opposite the Mattapan Hospital, which will protect passengers while waiting for transportation at this point.

Coun. WICKES—Mr. President, in my travels through various sections of the city I have had occasion to use various bus lines and to see how the passengers on those lines are cared for. There is certainly need for the construction, at the point referred to in the order, of a shelter on River street, opposite the Mattapan Hospital. We have there a sanatorium for the prevention of tuberculosis, for the accommodation of people who are confined there through no fault of their own. They and their friends are forced to travel back and forth on the Boston Elevated, in all kinds of weather, and they should be protected from the elements by a shelter of this type. It might be carried through as a W. P. A. project, but certainly something in the way of a proper shelter should be furnished. The family and friends of the patients visit them every week, and there have been times recently, when the weather has been severe, when it was certainly a shame to see people waiting there, as they have had to do, for the buses in a pouring rain. I sincerely trust, therefore, that his Honor the Mayor will take this up with the Board of Trustees of the Elevated in the near future and that a suitable shelter will be built on River street.

The order was passed under suspension of the rule.

INVESTIGATION OF GERMAN CONSULATE.

Coun. GOTTLIEB offered the following: Whereas, many reliable authorities have alleged that the German Consul in Boston has increased the personnel in his office for the purpose of engaging in Fifth Column activities; and

Whereas, He is said to be one of the most active fifth columnists in the United States; therefore, be it

Resolved, That the City Council of Boston request the Federal Bureau of Investigation to immediately launch an investigation into the activities of the German Consulate office.

Coun. GOTTLIEB—Mr. President, my reason for requesting the passage of this resolution is based upon many recent statements from authentic sources which give publicity to the fact that German consuls in various parts of the country, and particularly in Boston, have been engaged in subversive and other objectionable activities which are distinctly opposed to the American form of government and which, if allowed to continue,

will tend to overthrow our form of Democratic government. Among these many statements in support of what I have said I would call the attention of the Body to a recent syndicated column of one of the prominent Washington columnists, which says:

"The Dies Investigating Committee now has documentary evidence of Nazi fifth column operations in the United States so explosive that its publication might lead to a complete rupture of diplomatic relations with Germany."

In support of that statement, the columnist states that the documentary evidence in the possession of the committee is staggering. It definitely established:

"1. That the Nazi Government is directly supervising and financing a nation-wide Fifth Column campaign to oppose and obstruct the defence program, the United States government's foreign policy and aid to Great Britain.

"2. That this activity is being carried on through German consulates and German controlled papers plus propaganda agencies of various kinds.

"3. That Nazi consuls get detailed instructions from Berlin through regular short-wave broadcasts in code."

The Dies Committee further says that "Two of the consuls implicated in the evidence the committee has turned over to the State Department are Captain Fritz Wiedermann, at San Francisco, and Herbert Scholz, at Boston. Letters show both Nazis up to their armpits in Fifth Column enterprises." This fellow Scholz is the man about whom we have heard so much recently, as violating the traffic laws and as not long ago issuing a tirade against the Boston newspapers with a veiled threat to stifle them by holding up news items. He "is credited with being the guiding hand behind the American Fellowship Forum, and has been closely associated with Friedrich Ernst Auhagen, a Nazi lecturer and president of the Forum, who was seized in Los Angeles recently as he was attempting to board a ship for Japan. The committee is holding Auhagen as a key witness" for further investigation. This is only one of many statements and findings through investigations which show how strong such activities have been in this part of the country in the past few years. I also quote from another newspaper—and this is very interesting—to the effect that the consul's office here in Boston has within a year or two increased its office staff from a few to more than forty. What is the reason for such a substantial increase in the number of help? Certainly the Nazi consul's office here or in any other part of the country cannot have increased its legitimate business so greatly that it finds it necessary to employ such a force, larger than the force from any other country, unless these men have authority to act as Nazi agents and indulge in Nazi activities to the hurt of our city. I will also quote from another recent article by Professor Warner of Harvard, referring to "Nazi Envoys in Hub Working Overtime." He says:

"This new hum of activity in the official center of Adolph Hitler's government in Boston is not a solitary instance, all over America Nazi agents are at work, even as they were in 1916. Their aim," according to Professor Sam Bass Warner, Professor of Law at Harvard University, "is to soften the United States for her final defeat. Unless America awakens," says Professor Warner, who is now preparing to rewrite United States laws on sabotage and espionage, "hers may be the fate that met Belgium, Holland, Norway and France." It says:

"Espionage, propaganda and sabotage are much more important today than in the last war, because the Nazis have developed them into much more effective weapons for war and pre-war purposes. The United States is particularly vulnerable to espionage, propaganda and sabotage, because of our polyglot population. If not effectively combated, they will both retard official plans for preparedness and cause confusion and disunity in our midst."

In a report based on research of the Interstate Commerce Commission on Crime, presented at the recent Federal and state conference on the law enforcement problems of national defense at Washington, it also says that "espionage and sabotage are to be expected from Nazi-Fascist consular agents and business firms." The report also recommended that, besides the laws being redrafted by Professor Warner, methods to bring under control the subversive activities, for which Boston is a center in the United States, ranking with New York and San Francisco, should be put under supervision of the F. B. I. I believe these subversive activities should be summarily stopped and for the reasons I have stated I ask the passage of the resolution.

President GALVIN—The resolution will be referred to the Committee on Rules.

Coun. CHASE—I would suggest an amendment to the resolution, that it also read that the Communist headquarters on Essex street be included in the investigation.

President GALVIN—That is a matter that can be taken up by the Committee on Rules.

Later in the session Coun. GOTTLIEB said:

Mr. President, I ask unanimous consent to make a statement. After I presented my recent resolution with regard to Nazi activities, the gentleman from the Back Bay (Coun. Chase), with patriotic zeal, suggested a further investigation which should include the Communist party. I want to say, for purposes of the record, that I will support such an investigation with all my heart. I will support any order for investigation that will tend to eliminate or suppress any political party or organization whose activities are detrimental to the American form of government. I do not intend to ask for any investigation of the Ward 4 Republican Club.

Coun. CHASE—Mr. President, I ask unanimous consent to make a statement. I am now serving my second term in the City Council, and I recall several years back when on one occasion I alone sought, as I have since sought on other occasions, an investigation not only of Nazi activities in the United States, especially in Boston, but also for an investigation of the activities of the Communist party in Boston. Why did I ask for such investigations? Simply because of the activities of these subversive agencies in Boston, activities so pronounced that they seep into the various activities of our government; and you yourself, Mr. President, agreed with me that the Dies Committee, working under authority of the Congress of the United States, should make such investigations of Communist activities in Boston and elsewhere. Why? Because we saw evidences of such activities in our school system and in every branch of our municipal life. We early recognized the threat to the American form of life through these subversive agencies. Therefore, while I recognize the threat of Nazism, and favored an investigation of it, I also felt that Communism should be equally investigated. I do not believe in singling out for investigation simply one of the subversive agencies in our community. Communism and Nazism work hand in hand. Everybody now sees that. I regret exceedingly that my colleague has seen fit to interject personalities into this matter. Suggesting such an investigation was to keep the record clear. I am as strongly against Nazism as I am against Communism, and if any activity of the Nazi party merits an investigation in Boston or elsewhere, while I shall favor such investigation, I also wish to add that the Communist party's activities in our midst equally require investigation. The activities of both of these agencies are certainly subversive of our American life. They have been inculcating our youth with the poison of Russia and of Nazi Germany, and it is high time that every form of Nazism and Communism should be stamped out from our American life. (Applause from the galleries.)

PLEDGE TO FLAG.

Coun. RUSSO offered the following:

Whereas, The Superintendent of the Boston Schools and the Boston School Committee have voted to uphold and continue the present method of pledging allegiance to the flag; therefore, be it

Resolved, That the Boston City Council hereby expresses the desire to return to the old method and custom of pledging allegiance to our flag.

Coun. RUSSO—Mr. President, at our meeting of September 9, on the resolution introduced for changing the form of the pledge of allegiance to the flag, I notice at the end of the minutes it simply says that the order was "Passed under suspension of the rule." As you will recall, I asked for a roll call. I was the one counselor opposed to that change, voting "No" on the order. I desire this correction to appear in the record, that the roll was called, and that on the question of passing the order under suspension of the rule the vote was seventeen to one, I voting in the negative. I was surprised at the time when that resolution was introduced into the Body, and I talked and voted against it. I am opposed to the method of saluting the flag that was favored at that time, and I am therefore inspired today to present this resolution, going back to the old way of pledging our allegiance to the flag, saluting the flag as we used to do. To my mind, changing our form of pledging allegiance is inconsistent and ridiculous. I see no logic and no reason for it. I believe that when we pledge allegiance to the flag we should salute the flag, and that our children should do so, as they have done for many years. I am not opposed to saluting

the flag in a militaristic manner upon proper occasions, as some may have quoted me, but I do believe at other times in standing at attention and saluting the flag as we have been accustomed to do, with our right hand extended as a symbol of affection and admiration for the flag which we all love. In that spirit, therefore, I present this resolution, to pledge allegiance to the flag by extending our right hand and pointing to the flag that we all love and reverence. I want to extend my personal felicitation to the Superintendent of Schools and to the School Committee for maintaining the old method and tradition. And let us not in this present hour forget Christopher Columbus, the man who on October 12, 1492, made it possible by his discovery of this continent to later enjoy American principles and ideals. I ask, therefore, that this Council reverse its previous action and vote to pledge allegiance to our flag in the old manner, with the beautiful words that are inscribed on our hearts as we pledge allegiance to our flag. I trust that the resolution will pass.

The resolution was referred to the Executive Committee.

CHARGES AGAINST CHAIRMAN OF ELECTION COMMISSION.

Coun. D. F. SULLIVAN offered the following:

Ordered, That his Honor the Mayor be requested to investigate the office of chairman of the Board of Election Commissioners to answer charges of malfeasance, nonfeasance and misfeasance in his office.

Coun. D. F. SULLIVAN—Mr. President, simply to clarify the situation, this is an order directed only at the chairman of the Board of Election Commissioners. The other commissioners,—McKinney, Dowling and Mrs. Quirk—discharge their duties the way they should be discharged, the same as the other employees of the Election Department. In my first days of running for public office I found that the former chairman of the Board of Election Commissioners was a very powerful boss, that he could defeat or put a man into public office; and it now seems that the present chairman of the Election Commission is indulging in the same tactics as the previous chairman of the Board, now deceased. He saw fit at the last primary contest to go out into the local wards and ask people to vote for a certain candidate, intervening in one of the contests. We are now in the contest at the coming election, and the chairman of the Election Board, appointed as a Democrat is on record as interfering and supporting openly the candidacy of the Republican candidate for the United States Senate. Just recently, at a recent hearing, one of the candidates asked the question, "What are you trying to do? Run roughshod over me?" And the chairman said, "Yes." This can be substantiated by witnesses who were there. So we have there the chairman of the Board of Election Commissioners, who admits that he rides roughshod over people having business with that department, the people in Boston and candidates running for various offices. What chance have the people to receive an honest and impartial hearing, under the circumstances, when they appear before the Election Commissioners? He has the power to appoint election officers in some three hundred precincts of Boston, and, instead of observing an impartial attitude, he interferes in contests that come before the Board. The voting list for the primaries was not out the Saturday before election, and, as nearly as I can get it from the Election Department, there is a question whether the Second Supplementary will be ready for Election Day. I am going to ask that the Mayor, when he investigates the office of the chairman of the Election Commission, if he finds my charge true, remove the chairman of the department. I hope the order will pass.

The order was declared referred to the Executive Committee.

Coun. TAYLOR—Mr. President, I would like to have the order read for information.

The order was again read and referred to the Executive Committee.

EXTENSION OF SUBWAY FROM KENMORE SQUARE.

Coun. M. H. SULLIVAN offered the following:

Ordered, That his Honor the Mayor be requested to confer with the members of the Boston Transit Commission and the Trustees of the Boston Elevated Railway as to the advisability of extending the subway line from Kenmore square along Commonwealth and Brighton avenues to a point beyond the Cottage Farm Bridge, with an exit in the Brighton-Allston district.

Coun. M. H. SULLIVAN—Mr. President, shortly after taking office here I conferred with

the trustees of the Boston Elevated system, asking for transportation facilities of street car lines going to and from the Boston-Alston district. The trustees cooperated with me to the fullest extent at that time. They added the Oak square carline to the district and have done a splendid job in the way of district transportation. So this order is in no sense a criticism of the trustees. I do feel, however, that this is something that might well be done in the interest of the district and that it would be the logical thing to do. Possibly W. P. A. work might be used in connection with it. It certainly would mean an immense improvement in transportation facilities for the district. I trust that the Mayor will confer with the members of the Boston Transit Commission and the trustees of the Boston Elevated as to the advisability of carrying out the plan of extending the subway line from Kenmore square along Commonwealth and Brighton avenues to a point beyond the Cottage Farm Bridge, with an exit in the Brighton-Alston district. This will be a great accommodation to the car-riders in that section.

The order was passed under suspension of the rule.

CENTRAL BUS TERMINAL IN BOSTON.

Coun. M. H. SULLIVAN offered the following:

Ordered, That his Honor the Mayor be requested to confer with the Board of Street Commissioners and the Superintendent of Public Buildings to consider the advisability of conferring with local bus companies as to the possibility of constructing a central bus terminal in Boston.

Coun. M. H. SULLIVAN—Mr. President, the rapidly growing bus transportation system, handling over one million passengers coming into Boston from out of town, has no adequate terminal facilities in Boston. The bus transportation problem has so tied up normal traffic as to make auto traffic in the Park square area a serious additional congestion factor. This transportation problem has reached such proportions that the time has come to construct a bus terminal in Boston. Such construction, if the location were properly situated, could remove this growth from Park square to some location from which the bus tide has receded and where the street lay-out would permit a more expeditious handling of bus traffic. The all-round benefits which would follow from this solution of the bus problem would do much to modernize the business section of the City of Boston. This is too large a business to be conducted on scattered street curbs. This bus transportation business is now important enough to rate terminal facilities located and planned to serve its needs. I think that any expenditure made by the city would be more than compensated by the fact that delinquent taxes on properties surrounding the proposed bus area would be paid to the city due to an increase of business in that section. I trust that the order will pass.

The order was passed under suspension of the rule.

POLICE SUPERVISION AT FOOTBALL GAMES.

Coun. HURLEY offered the following:

Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to provide more adequate police supervision at football games conducted on local playgrounds, and to provide, also, proper medical attendance so that injuries requiring immediate attention may be cared for at once.

Coun. HURLEY—Mr. President, for the past few weeks I have been traveling around with the champion football team of Boston, the Geraghty All Stars of the Park Department League. At these games there has been a noticeable lack of police protection for the patrons, and also there has been no provision for proper medical attendance, so that injuries requiring immediate attention may be cared for at once. Of course, the football players are able to take care of themselves but there is a serious threat to those watching the game, particularly to young children, when the members of a tough football squad, for instance, come charging over the side lines. Recently a child of four was nearly crushed to death, and there have been many injuries and narrow escapes, which might have been obviated with proper police protection, and also with medical supervision. At the start of the season representatives of the Park Department were personally present, but I don't think they have been following it up. The head of the department has at times been in attendance, at a few games, but I do not see proper policing or medical supervision. Somebody is sure to get hurt at almost any time, through collision with the players. Yesterday a ball player collided with a person who had to be taken to the City Hospital, where I

understand that he is confined in one of the wards at the present time, with a possible fracture of the skull. I believe if the Park Department will see that those games are properly policed, with some medical attendance also, possible fatal accidents may be prevented. I trust that the order will pass.

The order was passed under suspension of the rule.

RESURFACING BROADWAY, SOUTH BOSTON.

Coun. SCANNELL offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface with smooth pavement, Broadway, South Boston, from Dorchester avenue to L street, under the W. P. A. plan of construction.

Passed under suspension of the rule.

SOLDIERS' RELIEF.

Coun. ENGLERT, for the Committee on Soldiers' Relief, submitted report recommending passage of order for payment of aid to soldiers and sailors and their families in the City of Boston for the month of October. Report accepted; said order passed.

SIDEWALKS, WARD 15 STREETS.

Coun. GOTTLIEB, for Coun. Kelly, offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Duncan street (west side), from Greenwich street to Leonard street, Ward 15, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

SURFACING OF KINEO STREET.

Coun. GOTTLIEB offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to have Kineo street surfaced and sidewalks constructed, under the Works Projects Administration plan of construction.

Passed under suspension of the rule.

WARD 20 IMPROVEMENTS.

Coun. LYONS offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept, lay out and extend Metropolitan avenue, from Washington street to Roslindale avenue, Ward 20.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Salman street, Ward 20, as a public highway, under the W. P. A. plan of construction.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Falcon street, Ward 20, as a public highway, under the W. P. A. plan of construction.

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install automatic traffic signals on Centre street, Ward 20, in front of the Holy Name Church, with a push-button device.

Severally passed under suspension of the rule.

THE NEXT MEETING.

Coun. ENGLERT moved that when the Council adjourn it be for two weeks.

Coun. LINEHAN—Mr. President, I object. The motion was declared carried. Coun. LINEHAN doubted the vote and asked for the yeas and nays.

The motion was lost, yeas 5, nays 6:

Yeas—Coun. Englert, Galvin, Hutchinson, Lyons, Scannell—5.

Nays—Coun. Carey, Chase, Coffey, Linehan, Russo, M. H. Sullivan—6.

REPAIR OF JOHNSON MEMORIAL.

Coun. CHASE offered the following:

Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to

arrange for a thorough cleaning of the Johnson Memorial at the entrance to the Fenway and also to arrange for the replacement of the missing baluster in the balustrade of said memorial.

Passed under suspension of the rule.

WEST FIFTH STREET, WARD 7:

Coun. LINEHAN offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to reconstruct West Fifth street, from F to Dorchester streets, Ward 7, and install artificial stone sidewalks thereon, as a W. P. A. project.

Passed under suspension of the rule.

TRAFFIC LIGHTS, WARD 8.

Coun. HURLEY offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to arrange for the installation of traffic signal lights at the junction of North and Brook avenues, Ward 8.

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to arrange for the installation of traffic signal lights at the junction of Burrell and Clifton streets, Ward 8.

Severally passed under suspension of the rule.

Adjourned, on motion of Coun. CHASE, at 4.24 p. m., to meet on Monday, October 21, 1940, at 2 p. m.

CORRECTION.

At the meeting of September 9, 1940, in the action on order for "Change in Method of Saluting Flag by School Children," page 349 of the minutes, first column, after the action "Passed under suspension of the rule," these words should be added: "Coun. RUSSO voted no."

FELLOWSHIP STUDIES IN TRAFFIC CONTROL.

Fifteen graduate fellowships, each with a stipend of \$1,200-plus up to \$200 for travel and field investigation have been announced by the Bureau for Street Traffic Research of Harvard University. The regular annual tuition fee of \$400 will be deducted from the fellowships, which have been made available through a gift to the University by the Automobile Manufacturers' Association. The officers of instruction are Miller McClintock, Director of the Bureau, and Maxwell Halsey, Assistant Director. Each of two full courses in street and highway traffic control consists of three one-hour periods a week, and additional problems, assignments and field work.

CITY CEMETERIES.

The Park Department has charge of twenty cemeteries, containing 212 acres, that are owned by the city. Mount Hope Cemetery is the largest. A number of these cemeteries are no longer available to the public for interments. In 1937 there were 2,075 interments in these cemeteries, or 77 more than in 1936. The interments in Mount Hope Cemetery in 1937 were 71.08 per cent of the total interments as against 74.57 per cent in 1936.

\$50,000,000 WATER-SUPPLY PROJECT IN CALIFORNIA.

The city of San Jose has entered into contract with the Water Properties Company, Ltd., of San Francisco, to provide the city water from the head waters of the American river in the vicinity of Lake Tahoe. The agreement is for thirty years, during which time the municipality will acquire title to the local distribution system and receive a proportionate share of the production and transmission systems.

No. 44.

UNITED STATES TAKES PRIDE IN AND COURAGE FROM OUR NAVAL STRENGTH, INSTITUTIONS COMMISSIONER HUGH J. CAMPBELL DECLARES IN "NAVY DAY" ADDRESS ON BOSTON COMMON, WHERE HE REPRESENTED MAYOR MAURICE J. TOBIN IN "NAVY DAY" EXERCISES—TELLS AUDIENCE WE ARE MEETING DESTINY IN BUILDING UP SEA POWER TO MAINTAIN INTACT THE CIVILIZATION OF WHICH WE ARE PART AND TO KEEP THIS LAND OF OURS SO OUR CHILDREN MAY LIVE AT PEACE WITH THE WORLD AND MAY GROW IN SECURITY THAT WILL GUARANTEE FREEDOM AND HAPPINESS.

Representing Mayor Tobin, at the Navy Day exercises held in Boston Common, at the Parkman Bandstand, on Sunday, October 27, Institutions Commissioner Hugh J. Campbell spoke in part as follows:

Mr. Chairman, Ladies and Gentlemen.

Today, when the last great bulwark of European democracy is engaged in a life-and-death struggle against the advances of totalitarian aggression, we, in America, in the United States, and here in New England, enjoy an added sense of security with the thought that we have an arm of protection, the best guarantee of safety from invasion or attack the world has ever known.

With realization of this fact, we come to this Navy Day observance undaunted in courage, undismayed in spirit by what is transpiring in other lands and countries. We come to these ceremonies confident that the naval traditions established with the birth of the American Navy 165 years ago will carry us successfully through any conflict we may encounter in our determination to preserve our way of life.

Reflections such as these compel us to a deeper consciousness of the fact that we have a great heritage in the history and traditions of the American Navy. Navy Day is an occasion set apart when we may contemplate our progress in naval protection over the preceding years and make plans for the future.

It is most fortunate for the country that we have at the head of our Government at the present time a Chief Executive who is thoroughly navy-minded and who is using every means within his power to make that arm of our defense service the most able, the most proficient, and the most powerful of any in the world.

Proud of American Navy.

We are proud of the truth that the American Navy, since its beginnings, has furnished some of the most brilliant pages in the history of the modern world. It is a history replete with heroism and heroic figures. This has been true from the time of the first great naval hero, Commodore John Barry, who has been called the "Father of the United States Navy," from the time of Michael O'Brien and his sons, of Machias, Maine, to whom time and a reverent people have awarded the palm of approval.

In the galaxy of naval heroes, enshrined in the hearts of us all, are such noble names as that of John Paul Jones, Esek Hopkins, the first man in our history to win the title of "Commander-in-Chief of the United States Fleet," Captain Winslow, of Roxbury, and his crew, composed of Boston, Gloucester and Cape Cod seamen, Admiral Dewey, Admiral Sampson, Stephen Decatur and a host of others.

Study the history of our Navy from its beginning to the present and we are ever inspired by its heroes, whose devotion to duty, whose love of their country, and whose efforts have always made the American Navy a potent factor in world affairs. Study the history of the American Navy; scan whatever page you will, and there you will find accounts of deeds that thrill; there you will find stories of sacrifice and service, loyalty and devotion that inspire and are bound to strengthen our patriotism, and more deeply endow us with love for our native land.

Now, more than ever, have we become aware of the importance of a powerful Navy, the superior of that of any other land. More than ever do we realize now the importance of a national defense that will be sufficient to compel any nation casting envious or aggressive eyes in our direction to pause and debate well the consequences before undertaking to invade or molest us or our citizens.

Desire for Peace.

It is fitting that the United States make use of Navy Day to assure the war-frightened nations of other lands that we want peace, that we are determined to have peace, but not by way of yielding any right that is ours as a free country, composed of freedom-loving and freedom-enjoying citizens. We are resolved on peace for our land and are determined to preserve it, but not by the cowardly way of appeasement.

To the end that we shall have peace, we are making Navy Day the occasion for pledging ourselves to the task of living up to the traditions of a glorious past. We are determined to so fortify ourselves on all oceans that never will any nation rashly engage in attacks on us. While we are ready to defend ourselves, we also shall strive to maintain the ways of peace.

(Continued on page 1163.)

"O Boston, fair City enthroned like a radiant queen,
From thy hill looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKEL DOLB.

CITY RECORD.

Published weekly in Boston by the Board of Trustees of the Statistics Department of the City of Boston, under the direction of the Mayor, in accordance with legislative act and city ordinance.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, November 18, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables slaughter-houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To THE STATISTICS DEPARTMENT, 73 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending Oct. 26, 1940.
Population as of July, 1940, Massachusetts State Census, 817,713; population estimated July, 1940, United States Census Bureau, 769,520; number of deaths (stillbirths excluded): Residents, 169; nonresidents, 49; total, 218.

ADVISORY COMMITTEE ON COMMUNITY REHABILITATION HAS FIRST MEETING WITH MAYOR, WHEN INTENSIVE STUDY OF DEPRECIATED AREAS FOR NEW DEVELOPMENTS WAS PLANNED—BROAD STUDY OF WHOLE CITY TO BE UNDERTAKEN BY PLANNING BOARD AND COMMITTEE ON REHABILITATION IN COOPERATION.

The first meeting of the Advisory Committee on Community Rehabilitation was held on October 29, with Mayor Maurice J. Tobin and the City Planning Board. The purpose of the meeting was to initiate an intensive study of the depreciated areas of the city for the development of plans by which they may be rehabilitated.

The first activity of the committee will be a broad study of the city as a whole to determine toward what area the activities of the City Planning Board and the Committee on Community Rehabilitation will be first directed. Wherever the location is, it will be the one most needing rebuilding and at the same time be reasonably susceptible to treatment. The study is an important one and should show how property owners can cooperate on a practical program for the rehabilitation and re-establishment of a residential area which is essentially sound but which, over a period of years, has been adversely affected by numerous incompatible intrusions.

City Planning Board Members.—Chairman, William Stanley Parker; Vice Chairman, Ernest A. Johnson; Sidney S. Conrad, Miss Mary M. Fitzgerald, Prof. Emil A. Gramstorff, Miss E. M. Herlihy, Francis X. Lane, Joseph A. Mitchell, Thomas J. Turley.

Subcommittees.—Advisory Committee

on Public Improvements, Mr. Parker; Capital Budget, Mr. Parker; Department Budget, Messrs. Parker, Lane and Mitchell; Local Joint Planning Committees, Messrs. Turley and Mitchell; Mayor's Conference on Traffic, Messrs. Parker and Gramstorff; Six-Year Program (Departmental), Messrs. Parker and Johnson and Miss Herlihy; Zoning, Messrs. Johnson and Lane and Miss Herlihy.

Advisory Committee on Community Rehabilitation.—Chairman, Frederic H. Fay; Vice Chairman, William Emerson; Special Advisors, Dean Joseph Hudnut, Graduate School of Design, Harvard University; Dean Walter R. McCormack, Dean of Architecture, Massachusetts Institute of Technology.

Members and Alternates.—March G. Bennett, Albert M. Chandler; H. Daland Chandler, James D. Leland; Bradbury F. Cushing; Roy M. Cushman, Otto T. Gilmore; Sydney S. Dean, Philip C. Raye; John H. Eaton, Jr., Russell G. Fessenden; Daniel J. Goggin, Harry P. Grages; Henry V. Hubbard, Leon H. Zach; Mrs. Donald J. Hurley, Miss Margaret McSweeney; George W. Judkins, Robert T. Fowler; Benjamin C. Lane, Clifford N. Cann; James H. Magee, William B. Sprout, Jr.; J. Reed Morse, J. Emory Jeffries; Irving E. Moulthrop, Carroll A. Farwell; James M. Rothwell; Calvin H. Yuill, J. Leonard Johnson.

CONTRACTS AWARDED WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms and contractors for furnishing labor, supplies, etc. Communications from the heads of the several departments interested were as follows:

SUPPLY DEPARTMENT.

Boston, September 30, 1940.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR MR. Mayor,—On September 26, 1940, quotations were received from the various bidders on meats to be delivered to the city departments, as required, from September 30, 1940, to October 6, 1940, inclusive.

As the items that the Wald-Baram Company are low on amount to approximately \$2,080.51, I respectfully ask permission to award a contract to this concern, without publicly advertising, for the following:

Approximate Amounts on All Items.

	Per Cwt.
Beef, High, Good Grade:	
Beef briskets.....	1,000 pounds at \$20 76
Beef rounds.....	800 pounds at 17 83
Beef rumps and loins.....	1,300 pounds at 24 91
Beef chucks, boned and rolled.....	350 pounds at 21 42
Lamb, Choice:	
Lamb carcasses.....	2,450 pounds at 17 83
Lamb racks.....	1,400 pounds at 17 77
Lamb, hind saddles.....	1,300 pounds at 20 69
Pork, No. 1:	
Pork loins.....	2,250 pounds at 16 75
Approximate amount of contract, \$2,080.51. Discount, 2 per cent, ten days.	

Respectfully yours,

JOHN A. BREEN, Superintendent of Supplies.

NAVY DAY ADDRESS.

(Continued from page 1161.)

The size and power of a country's navy determines its rank as a great power. Recent world events more than ever before have impressed this truth upon the mind of America.

Today we are alive and awakened to the dangers that confront us. We have seen that war and the threat of war are the chosen weapons of the dictator. Today we are proud of the confidence that no war or threat of war can shake our courage or give our hearts an instant of fear, for sounds of riveting hammers, the hustle and bustle of our steel mills, the eagerness with which the youth of our land have stepped up and registered for the draft, the drone of airplanes above our heads, the launching of battleships and cruisers in our Navy Yards, all tell of a courageous people going about their task of making ready for any eventuality and getting into a state of preparedness such that our traditions and ideals shall be sure to be preserved.

Secure in these, serene in the assurance that we are meeting our destiny unflinchingly, we are prepared with a deeper sense of loyalty and a firmer determination to serve our world destiny. The aim of that destiny we hold is to maintain intact the civilization of which we are a part, to keep this land so that our children shall live in peace with the world and grow in a security that shall eternally guarantee freedom, in act and thought, while pursuing the way of happiness.

POLICE DEPARTMENT ORDERS.

General Order No. 532.

The police officers hereinafter named having performed faithful service in the Police Department for the years stated, and the Medical Board, provided for by section 18 of chapter 521, Acts of 1922, having certified that they are incapacitated for useful service on the police force of the City of Boston, it is hereby

Ordered, His Honor the Mayor having approved the same, that they be retired from active service in the Police Department under the provisions of chapter 353, Acts of 1892, as amended by chapter 6, Acts of 1920, and chapter 387, Acts of 1930, and that their names be placed upon the department pension roll with pay at the rate in each case set out (to be paid monthly), said sum being one half of the amount of compensation respectively received by each in the office from which he is retired, effective at 7.45 o'clock a. m., Thursday, October 24, 1940:

Clarence E. Hyde, sergeant, City Prison, 21 years of service, \$1,250 annual pension.

Gerard M. Stone, patrolman, Division 1, 20 11-12 years of service, \$1,050 annual pension.

Henry C. Elliot, patrolman, Division 4, 21 years of service, \$1,050 annual pension.

Albert Y. Magaletta, patrolman, Division 7, 21 years of service, \$1,050 annual pension.

Clarence A. Cobb, patrolman, Bureau of Records, 20 5-12 years of service, \$1,050 annual pension.

The Acting Superintendent of Police will promulgate this order.

EDWARD W. FALLON,
Acting Police Commissioner.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

PUBLIC WORKS DEPARTMENT.

Upon October 4 the Mayor approved a contract with the Quincy Dry Dock and Yacht Corporation, the lowest bidder, for repairing hull, etc., of ferryboat "Charles C. Donoghue," at an estimated cost of \$9,280. All terms of these specifications will be completed within seven (7) weeks after the approval of the contract by the Mayor. The following bids were received September 20:

Quincy Dry Dock and Yacht Corporation, \$9,280; Bethlehem Steel Company, \$10,025.

Upon October 25 the Mayor approved a contract with Appel & O'Toole for laying 4-inch water pipe connections from existing water pipes to sewer manholes in various streets in City Proper, at an estimated cost of \$605. The work to be done under this contract is to be completed December 1, 1940. The following bids were received October 21:

Appel & O'Toole Company, \$605; William F. Driscoll, \$725; Baker & Co., \$975; Keystone Engineering and Contracting Company, \$1,035; James J. Duffy, \$1,095; Martin J. Kelly, \$1,305.

Upon October 28 the Mayor approved a contract with the Walter Reed Corporation for filling and grading part of Lomasney Park, Nashua street, City Proper, the lowest formal bidder, at an estimated cost of \$1,746. It was discovered that the bid of Martin J. Kelly had materially altered an important item of the proposal, and as a result of said alteration the bid did not correspond to the conditions of the proposal called for in the prosecution of the work, hence could not be considered, and as a consequence had to be rejected. The work to be done is to be completed within thirty days after the Mayor has signed the contract. The following bids were received October 25:

Walter Reed Corporation, \$1,746; J. J. Callahan, \$1,951.80; Keystone Engineering and Contracting Company, \$2,070; M. McGinnis Company, \$2,153; J. A. Singarella, \$2,349; S. J. Tomasello Corporation, \$2,821.20; Martin J. Kelly, \$1,147.25 (informal).

SUPPLY DEPARTMENT.

Upon October 28 the Mayor approved a contract with lowest bidders as indicated for furnishing paper napkins, towels and toilet paper for the city departments for three months, November 1, 1940, to December 31, 1940, with the privilege of purchasing on the same terms and conditions extended to January 31, 1941.

The approximate totals of awards were as follows:

H. J. Dowd Company, Inc., \$1,503.25; Fort Hill Paper Company, \$1,441.50; D. F. Munroe Company, \$635. Total, \$3,579.75.

Bids, opened October 9, were as follows:

550 Cases Oval Toilet Paper, 100 Rolls to Case, as Per Specifications, Per Case.—Fort Hill Paper Company, \$3.55, February, March, April, 1941; \$3.45, Novem-

ber, December, 1940, January, 1941; Stone & Forsyth Company, \$3.71, six months; \$3.49, three months; A. P. W. Paper Company, Inc., \$3.50, six months; \$3.35, three months; H. J. Dowd Company, Inc., \$3.34,* three months.

100 Cases Interfolded Toilet Paper, Single Interfold, 1,000 Sheets to Package, 100 Packages to Carton, Four and One Half Inches by 5 Inches, Per Case.—D. F. Munroe Company, \$4.25, three months; Fort Hill Paper Company, \$4.29, February, March, April, 1941, packed 125 packages of 800 sheets to carton; \$4.19,* November, December, 1940, January, 1941, packed 125 packages of 800 sheets to carton; Stone & Forsyth Company, \$4.61, six months; \$4.33, three months; A. P. W. Paper Company, Inc., \$4.37, six months; \$4.37, three months, H. J. Dowd Company, Inc., \$4.29, three months.

200 Cases Interfolded Toilet Paper, Double Interfold, 1,000 Sheets to Package, 100 Packages to Carton, 5 Inches by Five and Three Quarter Inches, Per Case.—D. F. Munroe Company, \$5.10, three months; Fort Hill Paper Company, \$5.07, February, March, April, 1941; \$4.97, November, December, 1940, January, 1941; Stone & Forsyth Company, \$5.49, six months; \$5.14, three months; A. P. W. Paper Company, Inc., \$5.17, six months; \$5.17, three months; H. J. Dowd Company, Inc., \$4.88,* three months.

2,000 Paper Napkins, Thirteen and One Half Inches, Full Bleached, Full Crepe, Quarter-Fold, Banded in Bundles of 250 and Wrapped in Lots of 1,000, 10 M. to Carton, Per M.—D. F. Munroe Company, 42.5 cents,* three months; Stone & Forsyth Company, 46 cents, six months; 43 cents, three months; H. J. Dowd Company, Inc., 42.75 cents, three months.

600 M. Paper Napkins, Thirteen and One Half Inches by 10 Inches, Full Bleached, Full Crepe, Interfolded Dispenser Napkins, 80 to 125 Packages to Carton to Fit Dan. D. Fold Junior, or Equal, Dispenser, Per M.—D. F. Munroe Company, 32.5 cents, three months; Stone & Forsyth Company, 36 cents, six months; 33.9 cents, three months; H. J. Dowd Company, Inc., 32.25 cents,* three months.

1,100 Cartons Interfolded Paper Towels, 10 Inches by 15 Inches, 3,750 Towels to Carton, Weight of Carton Approximately 34 Pounds, Per Carton.—Fort Hill Paper Company, \$2.39, February, March, April, 1941; \$2.24,* November, December, 1940, January, 1941; A. P. W. Paper Company, Inc., \$2.40, six months, A. P. W. case No. 484 towels, weighs forty-seven pounds; \$2.40, three months, A. P. W. case No. 484 towels, weighs forty-seven pounds; H. J. Dowd Company, Inc., \$2.43, three months, carton approximately forty pounds.

250 Cartons Single Fold Paper Towels, Ten and One Half Inches by 10 Inches, Per Carton.—D. F. Munroe Company, \$1.68,* three months, 10½ by 10 inches, 25 packages, 150 to package; Fort Hill Paper Company, \$2.03, February, March, April, 1941, \$1.88, November, December, 1940, January, 1941, 25 packages, 150, each; A. P. W. Paper Company, Inc., \$1.80, six months; \$1.80, three months; 25 packages; H. J. Dowd Company, Inc., \$1.74, three months; 25 packages; necessary cabinets at \$1.00 each.

Paper towel fixtures to be furnished free of charge where necessary.

Cash Discount, Ten Days.—D. F. Munroe Company, 2 per cent; Fort Hill Paper Company, 2 per cent; Stone & Forsyth Company, 2 per cent; A. P. W. Paper

Huyck & Sons, \$1,167.18; 60 inches by 84 inches, heather with forest green border stripes on each end of blanket, overcast ends, stamped as requested; Sparrow-Chisholm Company, \$1,425.60; Farley-Harvey Company, \$1,464.12; Taylor, Symonds Company, \$1,422.96, No. 1, 100 per cent wool filled, 3-inch saten ends, preshrunk and moth-proof; \$1,672.86, No. 2, wool locked ends, 100 per cent wool filled.

Best Delivery Date.—F. C. Huyck & Sons, four weeks after receipt of order; Sparrow-Chisholm Company, thirty days; Farley-Harvey Company, four weeks.

Name of Blanket.—F. C. Huyck & Sons, Kenwood; Farley-Harvey Company,

102D; Taylor, Symonds Company, Esmond.

Manufacturer.—F. C. Huyck & Sons, Kenwood Mills; Farley-Harvey Company, Esmond Mills; Taylor, Symonds Company, Esmond Mills.

Weight of Blanket.—F. C. Huyck & Sons, 2 pounds 12 ounces; Farley-Harvey Company, 3½ pounds; Taylor, Symonds Company, 3½ pounds, No. 1; 4 pounds, No. 2.

WITHOUT ADVERTISING.

PARK DEPARTMENT.

BOSTON, October 21, 1940.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR SIR,—In the early spring months of this year a representative of the Alkemade Company of Holland called on us relative to our purchase of tulip bulbs for the Public Garden. We were assured by him at that time that we would obtain our annual supply of 60,000 bulbs. But, due to war conditions in Europe, no tulip bulbs have been shipped from Holland.

We then endeavored to obtain bulbs from England. Three million bulbs were shipped to America but the boat on which they were coming was torpedoed and sunk, and the result is that it has been impossible for us to obtain the early single tulips which have been a feature of the spring display on our Public Garden for years.

I then wrote to all sections of the country and, finally, two weeks ago, I was able to obtain 16,500 bulbs in Portland, Oregon. This number, however, is much too small to permit us to make the usual showing in the Garden. I then wrote to the Bay State Nurseries of North Abington to enlist their services and after they had made several calls to leading bulb dealers throughout the country they succeeded in obtaining 18,000 more bulbs

for us. It is necessary for us, however, to pay at the rate of \$65 per thousand for them, or a total of \$1,170. As we can do no better than this, I respectfully request permission to purchase these bulbs without advertising.

The total number of bulbs obtained is just about half the number that are annually placed in the Public Garden, and there is some question as to how good a display we will have next spring. You may be assured, however, that every effort will be made to maintain the high rating held by the Public Garden in our city.

Respectfully yours,

WILLIAM P. LONG,
Chairman.

PENAL INSTITUTIONS DEPARTMENT.

BOSTON, October 24, 1940.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR MR. MAYOR,—The Penal Institutions Department steamer "Michael J. Perkins" is out of service on account of the annual Federal inspection being conducted by the United States Steamboat Inspection Service.

The inspection has revealed certain repairs to the boiler supports which must be undertaken in compliance with orders received from the United States inspectors. This inspection is being held at the Atlantic Works, East Boston, at which plant preliminary work necessary for the progress of the inspection was performed.

In the meantime the steamer "O'Meara" is substituting for the "Perkins" and we are confronted with emergencies that require immediate attention. These emergency conditions consist of possible serious delay on account of the vast amount of Government defense work now in progress at that ship repair plant in returning the "Perkins" to her regular service, if immediate recourse to the present availability of the repair facilities of that plant is not utilized; there is also the possibility of being without transportation service if any mishap occurs to the "O'Meara," in which case a substitute boat would have to be hired at a great expense.

In consequence, therefor, I respectfully request that I be authorized to award the contract for the necessary repairs to be made to the Bethlehem Steel Corporation plant, without advertising, on the emergency now existing.

Very respectfully,

JOSEPH P. DONAHOE,
Penal Institutions Commissioner.

EXTENSION OF CONTRACTS.

SUPPLY DEPARTMENT.

The Mechanics Iron Foundry Company have been granted an extension of the contract completion date for furnishing approximately 50,000 pounds B iron castings (gate stock) to the Water Division, Public Works Department, from October 1, 1940, to December 1, 1940. This extension has the approval of the Division Engineer of the Water Division.

Permission has been given to extend the completion date of the contract with the Somerville Machine and Foundry Company, for furnishing composition castings to the Water Division, Public Works Department, from September 1, 1940, to December 1, 1940. This extension has the approval of the Division Engineer of the Water Division.

LAND-TAKING IN ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of an extension of Norway street, Roxbury district, as a highway, from Falmouth street to Huntington avenue, bounded and described as follows:

An extension of the highway named Norway street is hereby laid out, from Falmouth street to Huntington avenue.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northwesterly by Falmouth street, fifty feet; northeasterly by the northeasterly line of said extension of said Norway street as hereby laid out, two hundred twenty-five and 1-100 feet; southeasterly by Huntington avenue, fifty feet; and southwesterly by the southwesterly line of said extension of said Norway street as hereby laid out, two hundred twenty-five and 1-100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of an extension of Norway street, Roxbury district, as a highway, from Falmouth street to Huntington avenue, under the order of the Board of October 22, 1940, and awards no damages therefor.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Reyem Circle, West Roxbury district, as a highway, from Washington street southeasterly, with the name of Rockvale Circle or some other distinctive name, bounded and described as follows:

A highway named Rockvale Circle is hereby laid out from Washington street southeasterly and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northwesterly by Washington street, forty feet; northeasterly by the northeasterly line of said Rockvale Circle, as hereby laid out, four hundred seventy feet; northerly, easterly, southerly and westerly by the northerly, easterly, southerly and westerly lines of said Rockvale Circle, as hereby laid out, two hundred seventy-three and 1-100 feet on a curve of fifty feet radius and southwesterly by the southwesterly line of said Rockvale Circle, as hereby laid out, four hundred seventy feet.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on Rockvale Circle, as laid out under this order, will receive benefit or advantage beyond the general advantage to all real estate

in said city from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Rockvale Circle, West Roxbury, Assessment Plan, October 9, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Rockvale Circle, West Roxbury district, as a highway, from Washington street southeasterly, under the order of the Board of October 21, 1940, and awards no damages therefor.

LAND-TAKING IN ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the discontinuance of Dalton street, Roxbury district, as a highway, from Falmouth street to Huntington avenue, bounded and described as follows:

The highway named Dalton street is hereby discontinued, from Falmouth street to Huntington avenue.

Said highway as hereby discontinued is bounded:

Northwesterly by Falmouth street, fifty feet; northeasterly by the northeasterly line of said Dalton street, as hereby discontinued, two hundred and twenty-five feet; southeasterly by Huntington avenue, fifty feet; and southwesterly by the southwesterly line of said Dalton street, as hereby discontinued, two hundred and twenty-five feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the discontinuance of Dalton street, Roxbury district, as a highway, from Falmouth street to Huntington avenue, under the order of the Board of October 22, 1940, and awards no damages therefor.

TRANSFERS IN APPROPRIATIONS.

City Auditor Charles J. Fox announces the following transfers in appropriations in departments of the City of Boston, approved by his Honor the Mayor:

CITY COUNCIL.

Boston, October 8, 1940.

FRANCIS X. LANG,
Budget Commissioner.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the City Council:

From the appropriation for Available Sources, Reserve Fund, \$4,569.91, to the appropriation for B-5, \$915; B-39, \$435; B-42, \$2,549; C-17, \$670.91.

The above transfer to B items covers expense of roping, carting stakes and ropes, drilling holes for stakes, and sharpening and painting stakes, in connection with American Legion Parade. The transfer to C item covers the purchase of flags and rope.

Respectfully,

EDWARD J. LEARY,
City Messenger.

The above transfers were made by the City Auditor with the approval of the Mayor on October 11, 1940.

COLLECTING DEPARTMENT.

Boston, October 3, 1940.

FRANCIS X. LANG,
Budget Commissioner.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer to the appropriations of the Collecting Department:

From the appropriation for Available Sources, Reserve Fund, \$4,500, to the appropriation for A-2, Temporary Employees, \$4,500.

This additional money is desired for the temporary employment of bookkeepers from the civil service list. These bookkeepers are to be used temporarily to supplement the present personnel of the Collecting Department in the work necessary for the tax taking of delinquent 1939 taxes.

Respectfully,

MERRITT THOMPSON,
Collector.

The above transfer was made by the City Auditor with the approval of the Mayor on October 8, 1940.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60)

days, the following street is one way in the direction indicated, effective October 30, 1940:

Wapping Street, Charlestown.
From Water street to Chelsea street.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule, which was adopted August 21, 1940, and was effective August 26, 1940, for a trial period of sixty (60) days, is hereby extended for a further trial period of sixty (60) days from October 25, 1940:

The following street is one way in the direction indicated:

Milton Street, Dorchester.
From Granite avenue to Adams street.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule which was adopted August 19, 1940, and was effective August 26, 1940, for a trial period of sixty (60) days, is hereby extended for a further trial period of sixty (60) days from October 25, 1940:

Parking of vehicles is prohibited in the following street:

Hemenway Street, Roxbury.
East side, from Haviland street to a point sixty-six (66) feet north of Haviland street, twenty-four hours.

Voted, That as urgently required by considerations of public safety and convenience, during the period of underground construction by the Boston Edison Company, the following rule is effective from 9 p. m. Saturday, October 26, 1940, to 7 a. m. Monday, October 28, 1940:

Vehicles are excluded from the following street:

Washington Street, Downtown Boston.
From Court street to Cornhill.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street repairs, vehicles are excluded from the following street from 2 p. m. October 26, 1940, to 6 a. m. October 28, 1940:

Clinton Street, Downtown Boston.
From Merchants row to Atlantic avenue.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary amendment to the Revised Traffic Rules and Regulations of the City of Boston, which was adopted February 1, 1940, and which was effective May 1, 1940, for a trial period of sixty (60) days, and which was extended for sixty (60) days from June 30, 1940, and which was extended for sixty (60) days from August 29, 1940, is hereby extended for a further trial period of sixty (60) days from October 28, 1940:

Section 16 is amended so as to read as follows:

"No driver shall stop, stand or park a vehicle other than a bus operated by the Public Service Corporation to which a bus stop permit has been issued, in a bus stop during the hours for which the bus stop permit has been issued, when such bus stop is designated by two (2) signs, marking the bus stop limits, bearing the legend 'No Stopping—Bus Stop—Boston Traffic Commission,' and indicating the hours for which the bus stop permit has been issued."

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, parking of vehicles is prohibited in the following street, effective October 31, 1940:

Everett Street, Hyde Park.

North side, from Central avenue to Harvard avenue.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be sixty (60) days, vehicles are excluded from the following streets, effective October 24, 1940:

Bangor Road, West Roxbury.

From Russett road to Bonad road.

Belvidere Street.

From St. Cecilia street to Massachusetts avenue.

MASSACHUSETTS BAY COLONY.

The first chartered colony in New England, charter granted by Charles I on March 4, 1629. About a year before, a patent had been granted to six prominent men of Dorchester, west of England, among whom was Capt. John Endicott. He sailed in June, 1628, with a party of fifty or sixty persons, arriving in September and settling at Naumkeag, afterward named Salem. In the spring of 1629, the Bay Company fitted out three ships conveying about four hundred persons and arriving at Salem in June. Endicott sent a small party to effect a settlement on the Bay in Mishawum, afterward named by the settlers Charlestown, the first town in New England to assume the town polity, Plymouth and Salem being governed by a governor and council. Endicott was appointed in London as the first resident governor on April 30, 1629. The Massachusetts Bay Company was reorganized in London on October 20, 1629, when John Winthrop was chosen as governor. He arrived at Salem on June 12, 1630, soon proceeded to Charlestown with a large following and finding that place unsuitable, finally settled in Boston. Winthrop served thirteen years as governor in four different periods ending in 1649 and Endicott fifteen years at various times ending in 1665. Other governors were Thomas Dudley, Richard Bellingham, John Haynes, Henry Vane, John Leverett and Simon Bradstreet, the latter serving twelve years until 1692 when the Bay Colony and the Plymouth Colony were merged, becoming the Royal Province of Massachusetts Bay, which existed eighty-two years to 1774, the governors being appointed by the King.

The name, Massachusetts, is Indian and signifies "near the big hills."

VOTE OF METROPOLITAN DISTRICT IN 1936.

In the election of 1936 for Governor, the 43 municipalities (including Boston) cast 371,481 Republican votes and 418,341 Democratic, showing a Democratic excess of 46,860. The eight cities, *i. e.*, Boston, Cambridge, Chelsea, Everett, Lynn, Revere, Somerville and Woburn, and the towns of Canton, Hull, Norwood and Watertown, showed a Democratic plurality of 125,064 while the six other cities and all but the four above-mentioned towns opposed with a Republican plurality of 78,204.

DEBTS AND ASSESSMENTS OF SPECIAL DISTRICTS. STATISTICS FOR YEAR 1937.

The gross Metropolitan debt (included in contingent debt of State) for water, parks, sewers and Charles River Basin improvements on July 1, 1937, amounted to \$87,494,640; sinking funds, \$38,059,240; net debt, \$49,435,400, or \$1,418,176 more than on July 1, 1936. The division of this net debt was: Water District, \$39,895,469; Sewer District, \$6,263,644; Park District, \$1,848,093; Charles River Basin, \$1,428,194. Of the latter \$228,503 is paid by Boston for Charles River Bridge. Besides the net Metropolitan debt shared by the forty-three cities and towns, a net debt of \$18,397 was shared by the counties of Norfolk and Plymouth and by the Bay State Street Railway Company. Total Metropolitan assessments in year 1937 for debt requirements and maintenance, \$9,155,444, of which Boston paid 51.90 per cent, the thirteen other cities paid 30.30 per cent, the towns 17.80 per cent.

Boston paid 63.45 per cent of Metropolitan Water assessment; 43.74 per cent of Parks and Boulevards assessments; 26.92 per cent of Sewer (North and South Systems) assessments and 48.83 per cent of Charles River Basin assessment.

PUBLIC DEBT, JANUARY 1, 1938.

Gross funded debt, January 1, 1938, \$153,803,833.27 (including \$25,333.27 issued by State); sinking funds, \$23,647,516.77 (no other redemption means); net debt, \$130,156,316.50, or \$3,235,023.31 less than on January 1, 1937. Of said net debt, \$65,668,308.01, or 50.45 per cent, was City debt; \$43,145,191.76, or 33.15 per cent, Rapid Transit debt (representing 4½ per cent investment); \$1,542,333.27, or 1.18 per cent, County debt; \$852,000, or 0.65 per cent, Water debt; \$18,948,483.46, or 14.57 per cent, Traffic Tunnel debt.

The City debt includes \$6,055,000 for W. P. A. Projects; the County debt includes \$1,100,000 for W. P. A. Projects and the Water debt includes \$664,000 for W. P. A. Projects.

Debt paid in 1937 was \$13,579,166.67 and there was a decrease in total gross debt of \$6,372,166.67.

Net debt per capita, \$161.31 (approximate); net debt, exclusive of Rapid Transit debt, \$87,011,124.74, or \$107.84 per capita (approximate).

Per capitas are based on United States Census Bureau's estimated population (806,848) on January 1, 1938.

Loans authorized but not issued (within debt limit), \$613,000; same outside of tax limit, \$1,399,963; total \$2,012,963.

TAXES BEING PAID IN INCREASING AMOUNTS.

Upon October 26 Mayor Tobin issued the following statement:

All 1940 Real Estate and Personal Property taxes were due on October first. Interest at the rate of 4 per cent will be charged, from October first, on all 1940 taxes remaining unpaid after November first. Payment on or before November first avoids payment of this interest.

Due to the cooperation which the Collecting Department has received from the taxpayers of Boston, the collections on taxes have been very good.

To date, 51 per cent of the 1940 levy has been collected, and it is estimated that approximately 75 per cent will be collected by November 1, 1940, 25 per cent of the whole total, therefore, will be paid in the next six days, most of it, of course, on October 31, 1940, and November 1, 1940.

If instead of waiting until the last day, taxpayers will pay their taxes Monday, Tuesday, or Wednesday of next week, they will avoid the last minute rush and at the same time, of course, avoid the payment of the 4 per cent interest charge.

MAURICE J. TOBIN, Mayor.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of an extension of Augustus avenue, West Roxbury district, as a highway, from Metropolitan avenue to Whitford street, bounded and described as follows:

An extension of the highway named Augustus avenue is hereby laid out, from Metropolitan avenue to Whitford street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southwesterly by Metropolitan avenue, eighty-seven and 37-100 feet; northerly by the northerly line of said extension of said Augustus avenue, as hereby laid out, thirty-four and 53-100 feet on a curve of twenty-four and 6-100 feet radius; northwesterly by the northwesterly line of said extension of said Augustus avenue as hereby laid out, five hundred thirty-seven and 97-100 feet; northeasterly by Whitford street, forty-two and 75-100 feet; southeasterly by the southeasterly line of said extension of said Augustus avenue, as hereby laid out, five hundred twelve and 42-100 feet, and easterly by the easterly line of said extension of said Augustus avenue, as hereby laid out, thirty-eight and 72-100 feet on a curve of twenty-two and 69-100 feet radius.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days, following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of said land on Augustus avenue, from Metropolitan

avenue to Whitford street, will receive benefit or advantage, beyond the general advantage to all real estate in said city from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it, said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Augustus Avenue, West Roxbury, Assessment Plan, September 9, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of an extension of Augustus avenue, West Roxbury district, as a highway, from Metropolitan avenue to Whitford street, under the order of the Board of October 22, 1940, and awards no damages therefor.

CITY CEMETERIES.

The Park Department has charge of twenty cemeteries, containing 212 acres, that are owned by the city. Mount Hope Cemetery is the largest. A number of these cemeteries are no longer available to the public for interments. In 1937 there were 2,075 interments in these cemeteries, or 77 more than in 1936. The interments in Mount Hope Cemetery in 1937 were 71.08 per cent of the total interments as against 74.57 per cent in 1936.

\$50,000,000 WATER-SUPPLY PROJECT IN CALIFORNIA.

The city of San Jose has entered into contract with the Water Properties Company, Ltd., of San Francisco, to provide the city water from the head waters of the American river in the vicinity of Lake Tahoe. The agreement is for thirty years, during which time the municipality will acquire title to the local distribution system and receive a proportionate share of the production and transmission systems.

LAND-TAKING IN BRIGHTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Electric avenue, Brighton district, as a highway, from Parsons street to North Beacon street, bounded and described as follows:

A highway named Electric avenue is hereby laid out from Parsons street to North Beacon street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southwesterly by Parsons street, thirty and 5-100 feet; northwesterly by the northwesterly line of said Electric avenue, as hereby laid out, five hundred twenty-one and 67-100 feet; northeasterly by North Beacon street, thirty-nine and 93-100 feet; and southeasterly by the southeasterly line of said Electric avenue, as hereby laid out, five hundred forty-nine and 71-100 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days, following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Electric avenue, from Parsons street to North Beacon street, will re-

ceive benefit or advantage beyond the general advantage to all real estate in said city from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it, said lots and the supposed owners thereof being shown on a plan, marked "City of Boston, Electric Avenue, Brighton, Assessment Plan, September 30, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Electric avenue, Brighton district, as a highway, from Parsons street to North Beacon street, under the order of the Board of October 18, 1940, and awards no damages therefor.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence. The lists established as a result of these examinations will be used to fill all vacancies in these classifications in the various State departments.

CORRECTION OFFICERS AT STATE PRISON, MASSACHUSETTS REFORMATORY, STATE PRISON COLONY, BRIDGEWATER STATE FARM AND HOUSE OF CORRECTION, DEER ISLAND; GUARDS IN PUBLIC PARKS AND FERRIES, NOVEMBER 23, 1940.

For state, cities, and such towns as are classified under civil service.

Last date for filing applications, Saturday, November 9, 1940, at 12 noon.

As vacancies occur, the position of watchman will be filled from the list established as a result of this examination.

The entrance salary for correction officer is \$1,560 a year; the maximum salary is \$2,040 a year.

The salary range for guards is from \$5.50 a day to \$36 a week. The salary range for watchmen is from \$420 a year with room and board to \$35 a week without maintenance.

Duties, Correction Officer: Under supervision, to act as watch officer on the wall, at gates or on the grounds of the State Prison or Massachusetts Reformatory; to act as officer in charge of a section of the prison buildings either day or night; to assist officers of higher grades; on occasion to act as relief officer on work of higher grades; to assist in general guard duty; and to perform related work as required.

Duties, Watchman: Under general supervision, during an assigned shift, to guard buildings, grounds and movable property against trespass or damage by fire or other cause, and to care for fires, answer telephones, help with cleaning, or perform other incidental work assigned, during the tour of duty.

Entrance Requirements: General Laws, chapter 125, section 4A, provides: "In certifying the names of persons eligible to appointment as correction officers at the state prison, state prison colony, Massachusetts reformatory and state farm, the commissioner of civil service shall certify the names of persons over the age of twenty-two and under the age of forty." A certificate of date of birth must be filed with the application, unless one has been filed with a previous application.

Applicants for the aforementioned positions must be not less than 5 feet 7 inches in height and weigh not less than 135 pounds.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination and qualifying strength tests.

Applicants must obtain at least 70 per cent in the strength test in order to become eligible.

FEMALE PAROLE OFFICER, DEPARTMENT OF CORRECTION, NOVEMBER 30, 1940.

Last date for filing applications, Saturday, November 16, 1940, at 12 noon.

The entrance salary for female parole officer is \$1,500 a year; the maximum salary for female parole officer is \$2,040 a year.

Duties: Under general supervision, to follow up cases of prisoners and inmates paroled from penal or reformatory institutions and aid them in their readjustment to life in the community; to procure and serve warrants in cases of parole violations and return the parolees to institutions; to transfer prisoners between institutions; and to perform related work as required.

Applicants should be familiar with the statutes and parole board rules regulating the release procedure in this Commonwealth. These statutes include sections 128 to 151 of chapter 127 of the General Laws, also sections 85 and 86 of the same chapter.

Entrance Requirements: Applicants must have had at least one year of satisfactory full-time, paid experience in any or all of the following: (1) In work in a penal or correctional institution, department or agency, including training schools. (2) In work as probation officer. (3) In work in a social case work capacity with an acceptable agency dealing with family or individual problems of maladjustment on an intensive case work basis.

Substitution of Education for Experience: Graduation from a recognized college with major study in the social sciences may be substituted for the one year's paid experience.

Applicants who have not reached their twenty-second birthday or who have passed their fortieth birthday on the last date for filing applications will not be eligible to apply. A certificate of date of birth must be filed with the application, unless one has been filed with a previous application.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence. The lists established as a result of these examinations will be used to fill all vacancies in these classifications in the various State departments.

FEMALE HEAD SOCIAL WORKER, WORCESTER STATE HOSPITAL, NOVEMBER 30, 1940.

Last date for filing applications, Saturday, November 16, 1940, at 12 noon.

The entrance salary, without maintenance, is \$2,160 a year; the maximum salary, without maintenance, is \$2,520 a year. The salary of the present vacancy is \$1,800 a year and maintenance.

Duties, Administrative: Planning the work of the department in coordination with that of other departments in the

hospital; assignment of cases for investigation, supervision and therapy; supervision of case work of the four workers and students; supervision of family care—investigation of boarding homes, placement and supervision of patients.

Duties, Teaching: Instruction and supervision of social workers in order that the quality of work may constantly be improved and new techniques evaluated and adopted; to intelligently interpret to her subordinates the role of the social worker in the relationship to the client; instruction of graduate students from schools of social work who are placed at the hospital for field work while getting their master's degree; instruction of graduate medical residents in psychiatry, internes and medical students in the theory of psychiatric social work and social service techniques; instruction of post-graduate and affiliate nurses in social problems and resources; instruction of occupational therapy students in social problems and resources.

Social Treatment: A thorough knowledge of the methods of social case work and attitude therapy.

Duties, Community Relationship: Cooperative planning with the heads of other agencies for student training; cooperative work with other social agencies on case work; lectures to community groups interested in the mental hygiene aspects of social work; and a comprehensive knowledge of community resources for the rehabilitation of mental patients.

Entrance Requirements: Applicants must have five years of satisfactory full-time paid experience in a social case work capacity in a recognized public or private social case work agency, of which at least three years shall have been in psychiatric social work.

Substitution of Education: Graduation from a two-year graduate course in an accredited school of social work may be substituted for two years of the above experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

MALE PSYCHOLOGIST, STATE FARM, NOVEMBER 30, 1940.

Last date for filing applications, Saturday, November 16, 1940, at 12 noon.

The entrance salary, with maintenance, is \$1,320 a year; the maximum salary, with maintenance, is \$1,800 a year. The entrance salary, without maintenance, is \$1,680 a year; the maximum salary, without maintenance, is \$2,160 a year. The salary of the present vacancy is \$1,680 a year without maintenance.

Duties: Under supervision, to examine patients in the State Hospital Department, prisoners, defective delinquents, inebriates and drug addicts for mental development; should know and apply the psychological methods of testing and measuring intelligence, and make an analytical interpretation of each case; to conduct special studies along psychological lines; and to perform related work as required.

Entrance Requirement: Applicants must have at least two years' experience in psychiatric work.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

JUNIOR ACCOUNTANT, AUDITOR'S DEPARTMENT, NOVEMBER 30, 1940.

Last date for filing applications, Saturday, November 16, 1940, at 12 noon.

Requisition is for a male, but the examination is open to both females and males.

The entrance salary is \$1,680 a year; the maximum salary is \$2,160 a year.

Duties: Under immediate supervision to perform all the work in connection with an audit of the accounts of a state department or a state institution and this may be described in a general way as follows: Reconciliation of cash; reconciliation of bank accounts; verification of footings; trial balances of ledgers, general ledger, accounts receivable ledger, stock books, etc.; reconciliation of appropriation, income and refund accounts with the records in the Comptroller's Bureau; accounting for income through use of serially numbered form; the actual counting of articles in the storeroom—physical inventories, the detail checking in connection with the examination of income, such as checking sales slips to the cash books, dates of admissions and discharges from weekly returns of accounts receivable ledger, postings from books of original entry to ledgers; detail checking in connection with annual farm report, as, for instance, the reconciliation of farm products transferred to storeroom as shown by the farm report with the farms products actually received as reflected by the institution stock books, analysis of the monthly census reports of livestock; patients' funds, the detail checking of receipt vouchers to the cash book and detailed vouching of cash disbursements to canceled checks or proper vouchers; canteen, the taking of a physical inventory of merchandise on hand for sale and the valuing of same, vouching of disbursements to canceled checks or other proper vouchers; and trust funds, the detailed vouching of disbursements to canceled checks and checking of the income from savings bank books to the cash book.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

PLANT PEST SUPPRESSOR, BLISTER RUST CONTROL, DEPARTMENT OF AGRICULTURE, NOVEMBER 30, 1940.

Last date for filing applications, Saturday, November 16, 1940, at 12 noon.

The salary of this position ranges from \$4.12 to \$5.00 a day.

Duties: To examine lands for the purpose of locating wild and cultivated currant and gooseberry bushes which act as agents in the spread of the white pine

blister rust disease. To instruct and supervise property owners and others in the practice of control measures. To make out daily and weekly reports and to prepare field maps.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

PLANT PEST SUPPRESSOR, NURSERY INSPECTOR AND SCOUT FOR PESTS, DEPARTMENT OF AGRICULTURE, NOVEMBER 30, 1940.

Last date for filing applications, Saturday, November 16, 1940, at 12 noon.

The salary of this position ranges from \$4.12 to \$5.00 a day.

Duties: To inspect nurseries for insect pests and plant diseases and to give advice in controlling destructive plant pests that might be injurious to crops, orchards or forest plantings. To make field surveys and scout for dangerous pests, including those that have been brought into this country.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE EXAMINERS OF ELECTRICIANS, 1940.

Examinations will be held at the following points and on the following dates:

Boston, Wednesday, November 13.
Lowell, Thursday, November 14.
Boston, Wednesday, December 4.
New Bedford, Thursday, December 5.
New Bedford, Friday, December 6.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes. Examination shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent or who fail

on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held and only those so notified will be examined on that day.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

NOTE.—Information concerning the results of this examination will not be available until at least sixty days after the examination has been held. If the eligible list is established in the meantime, all applicants will be notified.

Under the Civil Service Rules, a person whose name is on an existing eligible list may apply for and take a new examination for the same service if a new examination is held during his period of eligibility. His status, however, will be determined by the result of the later examination.

No specimen questions are available.

STATE REFERENDA RESULTS, 1936.

A question of public policy "Shall the Representative in the General Court from this district be instructed to vote in favor of amending the State Constitution for the purpose of limiting the amount of taxes, for all purposes, which may be legally levied against any real estate within the Commonwealth to a sum not exceeding \$25 for each one thousand dollars of assessed valuation?" was voted on by only a portion of the Representative Districts. In Boston, six districts did not vote on it.

The totals for the districts and parts of districts, including Boston districts, were 310,715 in favor; 113,594 against and 203,277 blanks. For Boston alone, the totals for the sixteen districts that voted were 114,184 in favor; 46,689 against and 79,827 blanks.

In Boston, there were three referenda on sales of alcoholic beverages.

First, "Shall licenses be granted in this city for the sale therein of all alcoholic beverages (whiskey, rum, gin, malt beverages, wines and all other alcoholic beverages)?" Totals, 190,353 in favor, 45,402 against and 84,732 blanks.

Second, "Shall licenses be granted in this city for the sale therein of wines and malt beverages (wines and beer, ale and all other malt beverages)?" Totals, 185,213 in favor, 40,164 against and 95,110 blanks.

Third, "Shall licenses be granted in this city for the sale therein of all alcoholic beverages in packages, so called, not to be drunk on the premises?" Totals, 187,877 in favor, 37,139 against and 95,471 blanks.

THE MUNICIPAL WATER-WORKS TREND.

In 1800 there was but one municipally-owned water-works plant in the United States. Now there are 7,853 municipally-owned installations, or 72.8 per cent of the entire number. In the United States there are ninety-four cities of over 100,000 population. All but eleven of these own their water works. Municipal plants serve 96.1 per cent of the population of the ninety-four cities, while private plants serve only 3.9 per cent.

WEATHER IN BOSTON, 1939.

The precipitation, amounting to 32.45 inches, was 18.09 inches less than in 1938 and was 7.69 inches below normal. Snowfall was 36.4 inches or 7.1 inches below normal for the year, 28.7 inches falling in January, February and March, the snowfall for March alone being 16.5 inches.

Maximum monthly precipitation was in March or 5.23 inches; maximum rainfall in 24 consecutive hours, 3.17 on October 30-31; thunderstorms on 18 days, 9 of these being in July and August; snow on 27 days, 21 being in January, February and March.

Number of clear days, 80; cloudy days, 166; partly cloudy, 119; days showing precipitation, 112; highest temperature, 96° on September 16; lowest, 4° on January 27; mean for winter months, 32°; for summer months, 69°; number of days, 90° or above, 10; freezing (32° or below), 144; zero or below, 0; greatest monthly range of temperature, 57° in February; least monthly range, 32° in August; dense fog on 23 days, 5 being in July and 3 each in February, March, April and August.

Sunshine, highest per cent for month in July, 70%; lowest in December, 38%; mean for year, 54%.

Wind, highest velocity 56 miles per hour on November 5 from northeast; average hourly velocity, 11.4; prevailing direction in summer months, south; for winter months, west; gales (*i. e.*, 32 miles per hour, or more), 19, five in January, 4 in November, 3 in March, 2 in February, and one each in April, August, September, October and December.

Humidity, highest per cent for month of August, 76%; lowest, 58% in November; mean for year, 68.5%.

Greatest snowfall in 24 hours, 7.6 inches, March 12-13. Greatest depth of snow on ground, 14.2 inches, March 13. Last snow in spring occurred on April 12; first in autumn occurred on November 9. The first killing frost in autumn occurred October 18; the last killing frost in spring, April 17.

The longest period without precipitation was 16 days, May 5-20; the longest period with precipitation, 5 days, March 9-13. Maximum rainfall for 5, 10, 15, 30 and 60 minutes came on May 28.

The first thunderstorm occurred on January 22; last thunderstorm occurred on October 1. The highest mean temperature of three consecutive days was 82°, July 7-9; lowest mean temperature of three consecutive days, 16°, January 25-27.

Barometric pressure (reduced to sea level): Mean, 29.98 inches, 1,015.2 millibars; highest, 30.64 inches, 1,037.6 millibars, February 17; lowest, 29.14 inches, 986.8 millibars, January 22.

FIVE PER CENT OF CITY BUDGET PAID FOR REFUSE DISPOSAL.

Nearly one million dollars, or about 5 per cent of the total cost of the general city government of Los Angeles, Cal., is spent every year for the collection and disposal of refuse, under the direction of the Bureau of Engineering of that city. The Refuse Collection Division operates six days a week, and enough men are provided to compensate for a five-day week for all the personnel employed.

UNITED STATES GROSS DEBT.

November 30, 1932, total gross debt of the United States was \$20,806,013,836, of which \$20,476,034,190 was interest-bearing. This is a reduction of \$6,120,667,458 from the peak of \$26,596,701,648 on August 31, 1919. The gross debt on June 30, 1931, was \$16,801,281,492.

OWNED AND RENTED HOMES IN UNITED STATES, NEW ENGLAND AND MASSACHUSETTS, 1930—ALSO BOSTON.

Total homes in UNITED STATES, 29,904,663, of which 14,002,074 or 46.8 per cent were owned, 15,319,817 or 51.2 per cent were rented, and 582,772 were of unknown tenure. Native white families, 20,968,803; foreign-born white families (the head of the family being a foreign-born white person), 5,736,491; Negro families, 2,803,756; other races, 395,613.

The native white families owned 10,255,682 homes and rented 10,314,500 homes; the foreign-born white families owned 2,968,707 homes and rented 2,690,300 homes; the Negro families owned 669,645 homes and rented 2,050,217 homes; the other races owned 108,040 homes and rented 264,800 homes.

Total homes in NEW ENGLAND, 1,981,499, of which 915,441 or 46.2 per cent were owned, 1,042,521 or 52.6 per cent were rented, and 23,537 were of unknown tenure. Native white families, 1,203,304; foreign-born white families, 753,231; Negro families, 22,864; other races, 2,100.

Total homes in MASSACHUSETTS, 1,021,160, of which 439,238 or 43.0 per cent were owned, 569,645 or 55.8 per cent were rented, and 12,277 were of unknown tenure. Native white families, 579,751 (306,978 or 30.06 per cent were native white of native parentage and 272,773 or 26.71 per cent were native white of foreign or mixed parentage); foreign-born white families, 427,385 or 41.85 per cent; Negro families, 12,637 or 1.24 per cent; other races, 1,387 or 0.14 per cent.

Total homes in BOSTON, 179,200, of which 45,986 or 25.66 per cent were owned, 130,140 or 72.62 per cent were rented and 3,074 were of tenure unknown. Divided by color and nativity of head of owner-families, 7,741 were native white of native parentage; 11,137 were native white of foreign or mixed parentage; 26,366 were foreign-born white; 726 were Negro and 16 were of other races.

Of the renter-families, 27,267 were native white of native parentage; 36,428 were native white of foreign or mixed parentage; 61,505 were foreign-born white; 4,431 were Negro, and 509 were of other races.

"RELIEF" DECLINING.

Two-thirds of the nation's relief expenditures in recent years has been centered in ten industrial states, the "Year Book's" section on Financing Relief and Recovery points out. Half the Federal Work Relief Funds and two-thirds of all available funds have been expended in the fifty largest cities, including about 25 per cent of the population. Industrial urban population is more vulnerable to unemployment. In addition, living costs are higher, requiring greater relief allotments, and the cost of giving employment to a city group is higher than in rural areas.

Form 30

NOTICE OF TAX TAKING.

THE COMMONWEALTH OF MASSACHUSETTS.

CITY OF BOSTON.

OFFICE OF THE COLLECTOR OF TAXES.

November 2, 1940.

To THE OWNERS OF THE HEREINAFTER DESCRIBED PARCELS OF LAND SITUATED IN THE CITY OF BOSTON, IN THE COUNTY OF SUFFOLK, AND THE COMMONWEALTH OF MASSACHUSETTS, AND TO ALL OTHERS CONCERNED.

You are hereby notified that on Wednesday, the twentieth day of November, 1940, at 9.30 o'clock a. m., pursuant to the provisions of General Laws (Ter. Ed.), chapter 60, section 53, and by virtue of the authority vested in me as Collector of Taxes, it is my intention to take for the City of Boston the following parcels of land for non-payment, after demand, of the taxes thereon as defined in General Laws, chapter 60, section 43, with interest and all necessary intervening charges, or any unpaid balance of said taxes, unless the same shall have been paid before that date.

MERRITT THOMPSON,

Collector of Taxes for the City of Boston.

PROCEEDINGS OF CITY COUNCIL.

Monday, October 21, 1940.

Regular meeting of the City Council in the Council Chamber, City Hall, at two p. m., President GALVIN in the chair. Absent, Coun. Shattuck.

The meeting was opened with the salute to the Flag.

APPOINTMENT BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointment:

Constable of City of Boston for term of one year, beginning with first day of May, 1940, without power to serve civil process and to serve without bond, vice Willard O'Brien, resigned; Stanley Wollaston, 251 Lamartine street, Ward 19.

Laid over a week under the law.

SIGN AT ACCIDENT ENTRANCE, CITY HOSPITAL.

The following was received:

Office of the Mayor, October 21, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Superintendent of the Boston City Hospital relative to your order of September 30, 1940, concerning the installation of an illuminated sign at the Accident entrance of the Boston City Hospital.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,

Hospital Department, October 14, 1940.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—At a meeting of the Board of Trustees held on October 11, the following order of the City Council was presented:

"Ordered, That the Trustees of the Boston City Hospital be requested, through his Honor the Mayor, to arrange for the installation of an illuminated sign at the Accident entrance of the Boston City Hospital."

The trustees voted to install an illuminated sign at the Accident entrance.

Respectfully yours,
JAMES W. MANARY, M. D.,
Superintendent.

Placed on file.

USE OF SCHOOL BUILDINGS FOR RECREATIONAL PROGRAM.

The following was received:

City of Boston,
Office of the Mayor, October 21, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the School Committee Secretary relative to your order of August 19, 1940, concerning the making of such arrangements for the use of public schools and public buildings, and their respective facilities, as will be suitable for the accommodation and furtherance of any Recreational Program sponsored by the City of Boston.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,

School Committee, October 15, 1940.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,—At a meeting of the City Council on August 19, the following order was passed: "Ordered, That the Boston School Committee and the Boston Park Commissioner be requested, through his Honor the Mayor, to make such arrangements for the use of public schools and public buildings, and their respective facilities, as will be suitable for the accommodation and furtherance of any Recreational Program sponsored by the City of Boston."

The School Committee has directed me to inform the Council, through your Honor, that it will be glad to give consideration to any specific recommendations that the Council may have to offer regarding extension of recreational facilities in the schools, for the Committee, of course, desires to cooperate in every possible way.

Last year the Committee opened intermediate gymnasias, and in several cases the gymnasias in the high schools, for out-of-school hours recreational activities. The Committee

now is endeavoring to work out plans with the Park Department that will permit of more general use of the gymnasias in the schools. The Committee plans to continue provisions for quarters for games and meetings of the young people of the section under the control of the Police Department.

Any recreational program sponsored by the City of Boston will, of course, have the wholehearted cooperation of school authorities.

Respectfully yours,

ELLEN M. CRONIN, Secretary.

Placed on file.

ELEMENTARY SCHOOL BUILDINGS, WARD 7.

City of Boston,
Office of the Mayor, October 21, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the School Committee Secretary relative to your order of July 22, 1940, concerning the construction of an elementary school building at the corner of Kemp street and Dorchester avenue, Ward 7, or on any other site in the vicinity of Old Harbor Village, South Boston.

Respectfully,

MAURICE J. TOBIN, Mayor.

City of Boston,

School Committee, October 15, 1940.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,—At a meeting of the City Council on July 22, 1940, the following order was passed:

"Ordered, That the School Committee be requested, through his Honor the Mayor, to arrange for the construction of an elementary school building at the corner of Kemp street and Dorchester avenue, Ward 7, or on any other site in the vicinity of Old Harbor Village, South Boston, to take care of the serious lack of elementary schoolrooms in this section due to the great number of children now residing in Old Harbor Village and the many more children who will be moved into the new site in South Boston in the near future."

The School Committee would respectfully report that it has had in mind the necessity for additional school accommodations in South Boston to provide for the increase in the school population that probably will result upon the completion of the new housing section. At the present time accommodations are sufficient to meet the needs of the district.

The School Committee plans to make provisions in the Land and Building Budget for 1941 for the erection of such additional accommodations as a careful study shall show will be needed.

Respectfully yours,

ELLEN M. CRONIN, Secretary.

Placed on file.

ENLARGING VOCATIONAL TRAINING CLASSES.

The following was received:

City of Boston,
Office of the Mayor, October 21, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the School Committee Secretary relative to your order of September 16, 1940, concerning the enlarging of the vocational training classes in order that students who have passed through the eighth grade may have an opportunity to study any trade in which they may be interested.

Respectfully,

MAURICE J. TOBIN, Mayor.

City of Boston,

School Committee, October 14, 1940.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,—At a meeting of the City Council on September 16, the following order was passed:

"Ordered, That the School Committee be requested, through his Honor the Mayor, to enlarge their vocational training classes in order that students who have passed through the eighth grade may have an opportunity to study any trade in which they may be interested."

The School Committee respectfully reports that every effort is being made to provide for instruction of pupils who are seeking vocational training. It has not been possible this year to accommodate all who have sought entrance to trade courses, although the available facilities are being used to maximum efficiency.

Where equipment is available, National Defense Classes are operating, and in one high school the shops are occupied through the day-by-day school classes, in the evening, three nights a week for night school pupils, and through the night for Defense Classes. In the

Vocational High and Opportunity School, machines now are in use during the morning, afternoon and evening.

The Committee has asked the Board of Apportionment to make a survey of the schools for the purpose of determining whether a more extensive use of the equipment is feasible, in order to insure a maximum return from all available and desired equipment.

The School Committee would assure the Council that it is fully aware of the need for all possible opportunities for trade instruction and the Committee proposes to make such additional provision for trade instruction as may be possible in the near future.

Respectfully yours,

ELLEN M. CRONIN, Secretary.

Placed on file.

JOSIAH H. BENTON WILL.

The following was received:

City of Boston,
Office of the Mayor, October 21, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the President of the Public Library relative to your order of August 19, 1940, concerning the giving of a report as to whether any prosecution, either criminal or civil, was made by them to compel Arthur F. Clarke, executor of the estate of Josiah H. Benton, to pay the full amount due the Board of Trustees under the will of Josiah H. Benton.

Respectfully,

MAURICE J. TOBIN, Mayor.

City of Boston,

Library Department, October 16, 1940.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—The trustees of the Public Library have given careful consideration to the order passed in the City Council on August 27, 1940, requesting "a report as to whether any prosecution, either criminal or civil, was made by them to compel Arthur F. Clarke, executor of the estate of Josiah H. Benton, to pay the full amount due the Board of Trustees under the will of Josiah H. Benton."

The Board has requested me to state that beyond the legal steps taken to date no other action against Mr. Clarke has been entered upon by the trustees of the Public Library in view of the fact that the maximum benefit to be obtained for the Library was found to reside in acting along other lines.

In addition to the trustees of the Public Library, there were other parties who had claims against Mr. Clarke or were interested in the same claim as the Public Library. A settlement of the claims required the joint assent of all claimants. The trustees of the Public Library therefore engaged in long negotiations with all concerned in order to obtain for the Library as substantial benefit as possible, both for the immediate present and for the future.

The maximum advantage for all claimants in general and for the Library in particular was found to lie in an arrangement providing for a cash distribution equivalent to the entire amount of Mr. Clarke's assets, this cash being made available by contributions by his son who was under no liability. Such payment was accompanied by an agreement by Mr. Clarke to pay over proportionate amounts of any substantial property received by him thereafter.

Without aid along the above lines from Mr. Clarke's son the amount finally obtainable would have been little or nothing.

To this arrangement the trustees of the Public Library finally assented after having before them the assent of the Rector of Trinity Church (who was also a beneficiary), independently arrived at, and the settlement on the same basis by another claimant against Mr. Clarke, also arrived at independently. In doing so, the trustees acted according to their best judgment and upon advice obtained from the office of the Corporation Counsel and from other sources.

The arrangement had also the approval of the Probate Court of Suffolk County and the assent of the Attorney-General of the Commonwealth.

Respectfully,

FRANK W. BUXTON, President.

Placed on file.

SALE OF LAND, MONUMENT STREET, CHARLESTOWN.

The following was received:

City of Boston,
Office of the Mayor, October 7, 1940.
To the City Council.

Gentlemen,—I present herewith an order for the sale of a certain parcel of land together with the building thereon situated on the northwesterly side of Monument street, Charles-

town, formerly used by the Fire Department, to the Boston Housing Authority, for the sum of \$20,000.

This property is no longer needed by the Fire Department for any purpose.

This property is within the area now being utilized by the Boston Housing Authority in its development of the Charlestown housing project.

I am of the opinion that a sale of this property at the price of \$20,000 should be made to the Boston Housing Authority without public auction.

I recommend passage of the accompanying order by your Honorable Body.

Respectfully,
MAURICE J. TOBIN, Mayor.

Whereas, The City of Boston is the owner of a certain parcel of land together with the building thereon situated on the northwesterly side of Monument street in the Charlestown district of the City of Boston. The said parcel of land hereinafter described was acquired by deed dated December 5, 1885, and recorded with Suffolk Deeds, Book 1703, page 622; and

Whereas, The said premises are no longer needed for public purposes; and

Whereas, The Boston Housing Authority is desirous of acquiring the said premises for its Charlestown housing project; now, therefore, it is hereby:

Ordered, That his Honor the Mayor of the City of Boston be, and he hereby is, authorized to sell at a minimum price of twenty thousand (20,000) dollars, to the Boston Housing Authority the above-mentioned and hereinafter described parcel of land with the building thereon, together with all appurtenances pertaining thereto, and to execute and deliver a deed thereof satisfactory in form to the Law Department of the City of Boston. The above-mentioned parcel of land is bounded and described as follows:

Southeasterly by Monument street, sixty and 6-100 (60.06) feet; southwesterly by a common passageway, ninety-seven and 47-100 (97.47) feet; northwesterly by land now or formerly of the Boston Housing Authority, sixty and 10-100 (60.10) feet; northeasterly by other land of the Boston Housing Authority, ninety-one and 47-100 (91.47) feet, containing 5,668 square feet of land, more or less. The above described parcel of land is shown on a plan marked "City of Boston, Monument Street, Charlestown, June 25, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department," on file in the office of the Chief Engineer, Street Laying-Out Department, City Hall Annex, Boston.

Referred to Executive Committee.

TRANSFERS WITHIN DEPARTMENTAL APPROPRIATIONS.

The following was received:

City of Boston,
Office of the Mayor, October 21, 1940.
To the City Council.

Gentlemen,—I am forwarding requests for transfers within and between departmental appropriations in the following departments and recommend adoption of the accompanying orders by your Honorable Body:

Police; Superior Court, Civil Session, Clerk's Office; Medical Examiner Service, Southern Division; Public Works, Traffic Tunnel.

Respectfully,
MAURICE J. TOBIN, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Police Department:

From the appropriation for A, Personal Service, \$5,600, to the appropriation for B, Contractual Services, \$5,600.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Superior Court, Civil Session, Clerk's Office:

From the appropriation for B, Contractual Services, \$1,200, to the appropriation for C, Equipment, \$300; D, Supplies, \$900.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Index Commissioners, A, Personal Service, \$975, to the appropriation for Medical Examiner Service, Southern Division, C, Equipment, \$975.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the

following transfer in the appropriation for Public Work Department, Traffic Tunnel:

From the appropriation for B, Contractual Services, \$300, to the appropriation for D, Supplies, \$300.

Referred to Executive Committee.

APPROPRIATION OF INCOME OF PARKMAN FUND.

The following was received:

City of Boston,
Office of the Mayor, October 18, 1940.
To the City Council.

Gentlemen,—I am in receipt of the attached communication from the Board of Park Commissioners requesting the transfer of the sum of \$20,000 from the income of the George F. Parkman Fund to the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887.

I submit herewith an appropriation order and respectfully recommend its passage by your Honorable Body.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Park Department, October 15, 1940.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,—By vote of the Board of Park Commissioners you are respectfully asked to request the City Council to transfer from the income of the George F. Parkman Fund the sum of \$20,000 which is now available, to be expended under the direction of the Board of Park Commissioners as follows:

Common and Parks in Existence on
January 12, 1887, Maintenance and
Improvement of.....\$20,000

When making up the budget estimates for the year 1940, a sum equal to the total yearly income of the George F. Parkman Fund was deducted from Item A-1, Permanent Employees, with the understanding that this deduction was to be replaced by the total yearly income of said Parkman Fund for 1940, to be transferred as it accrued from time to time during the year to the regular maintenance appropriation of the Park Department.

Respectfully yours,
WILLIAM P. LONG, Chairman.

Ordered, That the sum of \$20,000 be, and hereby is, appropriated from the income of the George F. Parkman Fund, to be expended under the direction of the Park Commissioners, for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887, as follows:

Common and Parks in Existence on
January 12, 1887, Maintenance and
Improvement of.....\$20,000

Referred to Executive Committee.

RENEWAL OF TAX TITLE LOAN.

A communication was received from the Emergency Finance Board approving the renewal of so much of \$2,000,000 tax title loan, originally approved by Board October 25, 1939, as is outstanding on November 6, 1940.

Placed on file.

EXTENSION OF TIME FOR ELEVATED LOCATION.

Notice was received from the Board of Street Commissioners of extension of time to January 1, 1941, to Boston Elevated Railway, 96th location, for laying of track.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Ethel Allen, for compensation for personal injuries caused by alleged defect of wire fence on Boston Common.

Frances Bleaden, for compensation for personal injuries caused by alleged defect on sidewalk at 147A Harvard street, Dorchester.

Mrs. Charles D. Burnes, for compensation for personal injuries caused by paper receptacle on curbing at corner of Washington and Summer streets.

Elizabeth C. Hurley, for compensation for personal injuries due to alleged defect on sidewalk on Ashmont street, near Adams street.

H. A. Leonard, for compensation for damage to car by city wagon.

William J. McCarthy, to be reimbursed for accident which occurred while in performance of duty.

Mrs. Margaret MacLean, for compensation for personal injuries caused by an alleged defect on Allen street.

Richard Piccordica, for compensation for damage to vehicle and merchandise by city truck.

Louis Ricci, for compensation for damage to car by city wagon.

SIDEWALK CONSTRUCTION.

Coun. FISH offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Port Norfolk street, in front of Nos. 2, 16, 17, 20, 34 and 55, Ward 16, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

PLAYGROUND, CHESTNUT HILL AVENUE.

Coun. WARD offered the following:

Ordered, That his Honor the Mayor be requested to take such action as may be necessary to provide for the use of a portion of the city property now held by the Public Works Department on Chestnut Hill avenue for playground purposes.

Passed under suspension of the rule.

USE OF HOSPITAL INCOME.

Coun. WARD offered the following

Ordered, That the trustees of the Boston City Hospital be requested, through his Honor the Mayor, to confer with the Budget Commissioner relative to the advisability of using the money paid to the hospital for treatment of patients for the maintenance of the hospital instead of placing same in the Sinking Fund.

Passed under suspension of the rule.

ACCEPTANCE OF ELMWOOD STREET, WARD 9.

Coun. D. F. SULLIVAN offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Elmwood street, Ward 9, from King street to Linden Park street.

Passed under suspension of the rule.

ELEVATOR SERVICE, SAVIN STREET HEALTH UNIT.

Coun. TAYLOR offered the following:

Ordered, That the Health Commissioner be requested, through his Honor the Mayor, to resume elevator service at the Savin Street Health Unit.

Coun. TAYLOR—Mr. President, some time ago I put in a similar order. At the Savin Street Health Unit there is an elevator that does not require the services of an operator, but that has been operated automatically by those using it. My attention has been directed to many cases of hardship as a result of lack of elevator service at that unit. Elderly or sick people or young women with babies in their arms must climb up several flights of stairs, as a result of which many people suffer severely. The amount to be expended for resumption of elevator service would be very small, and I think this service should be resumed.

The order was passed under suspension of the rule.

STATUS OF YOUNG'S HOTEL.

Coun. TAYLOR offered the following:

Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to report to the City Council the exact status of Young's Hotel at the present time.

Coun. TAYLOR—Mr. President, I have observed of late in walking through City Hall avenue that Young's Hotel is now being torn down. I was under the impression that that property was now in the Land Court, that the city would naturally take it over for unpaid taxes which have been going on. I understand, for over nine years. I am also informed that there is over \$100,000 in unpaid taxes on the property due to the City

of Boston. That is why I am at a loss to understand the situation. I have understood that it would be merely a matter of weeks before the city acquired title to the property, which I believe is in the Land Court for purposes of foreclosure. I think it has been quite apparent to all of us that the building might well be used for occupancy by city departments or in other ways that would be beneficial to the city. So I, and I think many others, would like to know what the status of the hotel is at the present time, whether the Law Department or the Assessing Department have entered into any agreement as to what will be done in the matter of recovering back taxes. I cannot for the life of me see why the property should be torn down unless some agreement has been entered into. I trust, therefore, that the order will be passed, and that the Corporation Counsel will be requested, through the Mayor, to report to the City Council the exact status of the Young's Hotel property at the present time.

The order was passed under suspension of the rule.

RECESS.

President GALVIN at 2.40 p. m., declared a recess. The members reassembled in the Council Chamber and were called to order by President GALVIN at 4.03 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. LANGAN, for the Executive Committee, submitted the following:

1. Report on message of Mayor and order (referred today) for appropriation of \$20,000 from income of George F. Parkman Fund—that same ought to pass.

2. Report on message of Mayor and order (referred today) for transfers within departmental appropriations—that same ought to pass.

Reports accepted; orders severally passed, yeas 19, nays 0.

3. Report on order (referred October 14) re method of pledging allegiance to flag—that same ought not to pass.

The report was accepted, and the question came on the passage of the resolution presented on October 14 by Coun. Russo.

Coun. RUSSO—Mr. President and members of the City Council, as we have read in the newspapers the Boston School Committee and the Superintendent of Schools have unanimously rejected the order that was presented in this Council for the School Committee to change the form of the school pledge of allegiance to the flag. I am still continuing to press this matter, as I feel that we look ridiculous in saluting the flag in a militaristic manner, at the same time using words out of our mouths; because I am convinced that when any person stands at attention, saluting the flag in the militaristic form, that form calls for absolute silence. That is one reason why this City Council should go back to the former practice of saluting the flag, declaring our allegiance by extending our right hand, because as I have said many times, when we extend our right hand to the flag, each of us as an individual is doing so as a symbol of our love, affection and admiration, emphasized by the extension of our hand. That is why I feel that this Council should go back to that practice, extending the right hand as we point to the flag and swearing our allegiance to the flag. They talk about the similarity to the Nazi salute. I say that there is no similarity, because I know when I went to school and we were asked to pledge our allegiance to our flag we extended our hand toward the flag with the palm up. That has been a practice of long standing in our schools, and there is no suggestion of the Nazi salute in that observance and our pledge of allegiance. When some claim that there is a similarity between the Nazi salute and our pledge of allegiance, have we got to change everything that we have been in the habit of doing because the people of some nation are doing something that appears to be similar? Do we on that account have to change what America has done for many years? If tomorrow some nation or group of nations sees fit to adopt in part or in whole the Constitution of the United States, are we Americans going to give up or change that Constitution simply because other nations may see fit to follow in our footsteps in that respect? I say, let us be men. If we have made a mistake in the change of method of saluting the flag, let us go back to the method we previously pursued. Let us not make ourselves ridiculous, because I feel that it is ridiculous for us to stand at attention and salute our flag in a militaristic manner, uttering words. Those words do not go with the militaristic salute. We have here on the dime of the United States the emblem of

Fascism. Fascism means unity, and that emblem means that the United States is united. Are we going to change our form of government, are we going to remove that symbol of unity, because some government in the old world has seen fit to recognize the same symbol as the symbol of Fascism, denoting unity? Let us be Americans, and let us not change our ways simply because some nation or group of nations adopts a symbol similar to ours. I feel that we Americans can stand on our own. We have in the past, and we can in the future. We will go on as we always have, and I hope that God will give us the same wisdom and the same strength to go on progressing. That is the reason why I ask you, members of the City Council, to pass this resolution I have offered, going back to our custom of extending our right hand toward our flag, as our children are doing and have done and have long done in our schools, pledging the allegiance of our minds and hearts to that flag to which we point, as Americans, regardless of where our forefathers came from. That is the reason why I say to you, fellow members, let us extend our right hand to our flag, as the symbol of free America, showing that we are not ashamed of our flag and that we are not ashamed to point to it with reverence and affection.

Coun. CAREY—Mr. President, this pledge of allegiance to our flag is something that has been built up on tradition. I heartily agree with the councillor from Ward 3 (Coun. Russo) that there seems to be no reason for making a change in the pledge of allegiance, as it has been observed in the schools and as we previously observed it in the proceedings of this Body. The observance of the allegiance, as I was taught in school, was to extend the arm and the hand, with the palm upward, accompanied with the words, "I pledge my allegiance to the flag and to the Republic for which it stands, one nation, indivisible, with liberty and justice for all." No finer words can be uttered, words coming from the heart more sincerely, than those words that in school we were taught to use. If we are going to begin now to change the pledge of allegiance, it may finally result in changing the flag itself. Therefore, I, for one, go along with the councillor from Ward 3, in believing that we should carry on the form of allegiance to the flag that has been observed for generations. It has been a good custom for generations, it is a good custom now, and I hope that we will continue the old pledge, that it will stand as long as the country stands.

Coun. TAYLOR—Mr. President, I was always under the impression that members of the Boston City Council were patriotic, anyway, and that they did not need to support their patriotic feelings by saluting the flag or making a pledge of allegiance, as the City Council is now doing. However, since the Council saw fit to adopt the previous pledge of allegiance and also to change to the present saluting of the flag, of course, we all go along, but I believe personally that it merely expresses what is already in our hearts. The gentleman sees a great victory in the fact that the School Committee have seen fit to keep the old form of pledge of allegiance and one editorial writer recently in a Boston newspaper expressed the opinion that the old form of pledging allegiance is the best. Nevertheless, it is contrary to the custom in other great communities of the country, and many other school committees have changed that form. Does that mean that they are losing their patriotism and their feeling for the flag, or does it mean that they don't want to be put in the same category with their form of salute, as a certain nation across the sea, who have a government that does not hesitate to shoot down women and children and to destroy what many hold dear? I say that our children are best taught when they are young, and during that period is the time when they form habits, and are taught to revere their flag and their government. It may be that the form of expressing allegiance, as we have previously seen it here and as it is carried on in the School Committee and in many of the communities throughout the United States, is similar to the form that is now encouraged by a foreign government of which we do not approve. But we are not changing our form of government. I feel personally that the gesture that is good enough for our soldiers is good enough for us. We can very properly, I believe, salute in the militaristic form that has been recognized for generations for our soldiers and by others. I feel, therefore, that the only thing for us to do is to let the matter stand as it now stands, continuing in the same way in which we started the meeting this afternoon.

Coun. COFFEY—Mr. President, when I was a young fellow in school, I also was taught to salute the flag with the pointed hand and the upturned palm. But when I went into the service, for twenty-two months I saluted the flag in the military manner. This Body

is now saluting the flag in that manner, and I see no necessity for a change.

Coun. RUSSO—Mr. President, I wish to inform the councillor from Ward 12 (Coun. Taylor) that I am not a publicity seeker, when he says that I feel that I have had a great victory just because the Boston School Committee saw fit to disregard the order passed by the Boston City Council. The gentleman from Ward 1 (Coun. Coffey) feels that he is now doing the proper thing in saluting the flag in a militaristic manner, and he thinks it is all right to so salute our flag. I want to say now that I am not opposed to saluting the flag in the militaristic way that he learned in the service, but I wish to remind him that when he stood at attention in the service, saluting the flag, he did not utter any words, and if he did so and it was noticed, he was reprimanded by his superior officer. And I do say that there is some difference between saluting the flag and pledging allegiance to our flag. When the flag is saluted in a militaristic way, no words are used, but when we are pledging allegiance to the flag, that is quite another thing. That is what we were taught in our schools. Don't let your minds become confused. When we salute the flag as we have been accustomed to do here in the past, accompanied by words, we are pledging our allegiance. If we salute in a militaristic manner, let us do so in that manner, simply saluting the flag and using no words. In the militaristic salute to the flag, there is no pledge of allegiance to the flag. I say that we should pledge allegiance to the flag, and in doing so, let us extend our right hand, pointing to our flag, palm upwards, pledging allegiance to it because it is our flag.

The resolution was rejected on a roll call, yeas 4, nays 14.

Yeas—Coun. Carey, Russo, D. F. Sullivan, Wickes—4.

Nays—Coun. Coffey, Englert, Fish, Goode, Gottlieb, Hurley, Hutchinson, Kelly, Linehan, Lyons, Scannell, M. H. Sullivan, Taylor, Ward—14.

REPORT OF COMMITTEE ON LICENSES.

Coun. FISH, for the Committee on Licenses, submitted reports recommending that leave be granted on petitions for driveway openings, viz.:

New England Greyhound Lines (referred September 9) at East Second street.

Charlestown Five Cents Savings Bank (referred September 9) at Beacon and Mountfort streets.

Simon Keller (referred September 9) at Hyde Park avenue.

Patrick J. Brophy (referred September 80), Adams street, Dorchester.

Socony Vacuum Oil Company (referred October 14), at Parsons and North Beacon streets.

Reports accepted; leave granted on usual conditions.

FLOATING POLLING PLACE.

Coun. M. H. SULLIVAN offered the following:

Ordered, That the Board of Election Commissioners be requested, through his Honor the Mayor, to provide a floating polling place on Election Day for the purpose of caring for Boston residents who are now doing military service on the islands in Boston Harbor.

Coun. M. H. SULLIVAN—Mr. President, I am motivated in introducing this order by the fact that young men now on military service on the islands of Boston Harbor may be prevented from casting their votes on Election Day unless some such action is taken. According to the law, there can be no absentee voting unless the voters are one town removed from the town in which the votes are cast. That, of course, is not the situation on the islands of Boston Harbor. Those on those islands cannot vote unless the opportunity is offered to them to cast their ballots some other way. A large number of men coming from the city are now on those islands, doing military service, and certainly some way should be provided for them to register votes. The object of my order is to provide such a means. I have visited the Election Commissioners and have found that a number have requested absentee ballots, but of course, absentee balloting does not cover that situation where they would normally vote in the City of Boston. From Fort Warren thirty-eight applications have been received; from Fort Standish, six applications; from Fort Strong, four, from Fort Revere, two; and from Deer Island, three. There is a total of forty-eight men who have applied for ballots, from the harbor. Unless some opportunity is afforded them to do so, they will be unable to vote on Election Day. I think, therefore, that an arrangement might be made for a floating polling place to care for Boston residents

now doing military service on the islands in Boston Harbor either through the Police or the Institutions Departments. I think either of those departments would be very happy to provide such facilities for Election Day, so as to give these young men an opportunity to vote on this next important Election Day.

Coun. SCANNELL—Mr. President, I have always understood that on Election Day and on the primary days those on Long Island and the other islands of Boston Harbor are given an opportunity to get out and vote, and I believe many of these people are registered from Ward 1 in Boston. It seems to me there should be no difficulty in having them taken up here on the police boat, so as to impose no more expense than is necessary on the help of the Election Department.

Coun. TAYLOR—Mr. President, I am in entire accord with the purpose behind the order offered by the gentleman, but I think it might be well to first get an opinion from the Corporation Counsel before we pass the order. I suggest, therefore, that it be laid on the table for a week. That would give the Corporation Counsel time to render an opinion on the legality or illegality of the order.

President GALVIN—It is really a request for information.

Coun. M. H. SULLIVAN—I might stress the fact that, as this concerns men in the army, it might be a matter of obtaining leave of absence, so that we could get out and vote. However, I think there is no harm in passing the order.

The order was passed under suspension of the rule.

CONFIRMATION OF CONSTABLE.

On motion of Coun. LINEHAN, the Council took up, under unfinished business, No. 2 on the calendar, viz.:

2. Action on appointment submitted by the Mayor October 14, 1940, of Francis T. Hanon, to be a Constable without power to serve civil process and to serve without bond, vice Edward B. O'Neil, resigned.

The question came on confirmation. Committee, Coun. Lyons and Chase. Whole number of ballots 19; yes 17, no 2, and the appointment was confirmed.

MUNICIPAL PARKING SPACES.

Coun. SCANNELL and LYONS offered the following:

Ordered, That his Honor the Mayor be requested, in conjunction with his Traffic Commission, to consider the advisability of establishing municipal parking spaces in the suburbs of the city adjacent to the rapid transit system of the Boston Elevated Railway Company.

Coun. SCANNELL—Mr. President, we all know that our traffic situation in Boston has become very serious, and I am merely presenting this order asking the Mayor with the Traffic Commission to consider the advisability of establishing municipal parking spaces in the suburbs of the city adjacent to the rapid transit system of the Elevated, with the handling of that serious situation in view. The idea is simply to do something which will help relieve traffic conditions in Boston. My idea in connection with these proposed municipal parking spaces is that we have vacant land here and about the outskirts of Boston, land that in many cases is used simply for dumps, and that it might be possible to provide parking spaces, charging a nominal amount for each parker, say 25 cents. The matter can then be taken up with the Boston Elevated Railway, so that it will give to the customer at that parking space a street railway ticket to and from the parking space, say for 14 cents, which would leave 11 cents to maintain the parking space. That would help traffic conditions in Boston and would also help to reduce the deficit of the Boston Elevated, besides helping people to get in and out of town conveniently. I think the suggestion is a good one, and I hope the Council will pass the order, and that in the very near future we will have a report upon it from the Mayor and the Traffic Commissioner. I believe in this way the traffic situation in Boston might be solved.

Coun. COFFEY—Mr. President, I am opposed to this order. I think a fee of 25 cents is too large. To have tickets coming in and going out, for 7 cents, would also, I believe, mean favoritism and would lead to confusion. I think it would not be a logical or practical thing to do.

Coun. SCANNELL—Mr. President, we now have places that charge 25 cents to park your car all day, and, in addition, you have to pay the fare back and forth, in town and out,

on the Elevated lines. To have a ticket charge of 7 cents in and 7 cents out, leaving 11 cents for the maintenance of the parking space, would make the parking space self-supporting, and there would be no expense to the City of Boston.

Coun. FISH—Mr. President, I would like to ask the councilor from Ward 6 (Coun. Scannell) to answer this question. Do you intend, in other words, that residents outside of Boston will pay a 10-cent fare?

Coun. SCANNELL—I believe, Mr. President, that if people living out in West Roxbury and Hyde Park and Dorchester could park their cars in this way, not going outside of the city limits, it would be a great help to the traffic problem that we are spending so much money to handle.

Coun. FISH—On most grounds I would oppose the order, but I think it might be a grand thing, provided they pay a ten-cent fare.

Coun. HURLEY—Mr. President, this might not be an exorbitant fee to charge the residents of Ashmont, Hyde Park and West Roxbury, but if they were to come in and go out for a 7-cent fare, where the people of my district are paying a 10-cent fare, I don't think that would be right.

Coun. TAYLOR—Mr. President, I would also like to ask the gentleman from Ward 6 this question. Do you intend, by this order, to hurt our people who own parking spaces here? Are you intending to take away revenue from them?

The order was passed under suspension of the rule.

FLOODING OF PLAYGROUNDS, WARD 3.

Coun. RUSSO offered the following:

Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to make definite plans for the flooding of all playgrounds in the Ward 3 district and particularly the tennis courts located on the Esplanade.

Coun. RUSSO—Mr. President, I have introduced this order at this time because I have noticed in the past that the children of my district have been deprived of skating facilities enjoyed by children in other parts of the city. Of course, at the Esplanade we have the Charles river, which at times is frozen. At the same time, there is too much risk to our boys and girls to skate on Charles river, where they might perhaps lose their lives. That is why I have here suggested the flooding of playgrounds and tennis courts, particularly in the neighborhood of the Esplanade, so as to give our children a chance to enjoy themselves in this sport.

The order was passed under suspension of the rule.

NOTIFICATION TO COUNCIL MEMBERS OF HEARINGS.

Coun. KELLY offered the following:

Ordered, That the Board of Appeal and Zoning Board be requested, through his Honor the Mayor, to notify members of the City Council personally by mail when hearings are arranged with reference to matters affecting their respective wards.

Coun. KELLY—Mr. President, my reason for introducing this order is that members of the City Council may be notified personally by mail of hearings before the Board of Appeal and the Zoning Board, on matters affecting their respective wards. I believe an order of this kind was introduced a year ago, but to my amazement today, when I went up to the Board of Appeal in regard to another matter, I found that there is a matter coming up concerning my ward tomorrow, and I had not been notified. I suppose perhaps the notice had been sent down to the clerk of Committees, but it was mislaid or lost in some way and I did not receive it. I trust, therefore, that the clerks of the Board of Appeal and the Zoning Board will send a personal notice to members of the Council by mail of matters which are coming up and which affect their districts. I know that in the case I refer to, concerning my ward, if I did not appear at the hearing, people would feel that I was not interested, did not have the welfare of the ward at heart, or that for some other reason I did not care to be there. That is the reason why I offer this order. I trust that these Boards will notify members of the Council personally in regard to matters affecting their districts, so that they will have a chance to appear.

Coun. HURLEY—Mr. President, I heartily agree with the order. The cost of carrying it out would, of course, be negligible. It is a good order, and I trust that it will be passed, and that its purpose will be carried out. I heartily agree with Councilor Kelly.

Coun. FISH—Mr. President, I think a similar order was passed a year ago. Do you know what became of it?

President GALVIN—The order was passed and was sent to the heads of the departments.

Coun. FISH—And was attention paid to it?

President GALVIN—They send notices, I presume, to the Clerk of Committees.

Coun. FISH—I think it would be sufficient if notice were sent to the Clerk of Committees, and I think it would devolve on him to notify the councilor.

Coun. KELLY—I agree, of course, that sending such notice would usually be sufficient. But, if the clerk is out sick, or is perhaps away for a week or ten days, and notice of a hearing does not reach a councilor, it is pretty hard to convince citizens in our wards that we did not receive the notice because the clerk happened to be sick. I feel that if notice is sent directly to the various councilors in City Hall, there will be no reason in the world why we would not receive the notice, and we will then be able to appear personally at any hearings.

The order was passed under suspension of the rule.

PRIVATE BUS LINE TO BOSTON AIRPORT.

Coun. COFFEY offered the following:

Ordered, That his Honor the Mayor be requested to approve a permit for a private bus line to operate from Maverick Station, along Maverick street, to the Boston Airport and return over the same route.

Coun. COFFEY—Mr. President, it may seem odd for me to introduce an order favoring a permit to a private bus line to go, in addition to the Elevated line, from Maverick Station along Maverick street to the Boston Airport and return. A short time ago the Boston Elevated petitioned the Body for a bus line to run along from Maverick Station to Summer street and over a road that had been operated by a street car line for over sixty years. At the meeting we had last Friday we had two groups, one against the bus line and one for it, providing the car line remained in service. This may seem a trifle odd of the people of East Boston, to ask for two services, but I think I can explain to the members why we are entitled, particularly in the vicinity of Jeffries Point, to two different services. The car line now operating is operating at an expense, according to Mr. Dana, of between \$3,000 and \$4,000. The Elevated wants to run a bus line in that section, and on the way back from the Airport to Maverick Station. But you would have there the difficulty of connecting with the tunnel. If the street car line is taken out, everybody from the Jeffries Point section would have to walk up four long flights of stairs to get the bus at Maverick Station. That is the reason why I introduced the order. While I don't know whether the Mayor will approve of it, I do believe that the people there are entitled not only to the street car line but to this additional bus service, for this reason. There are fully ten thousand more people living on the Jeffries Point line than there were fifteen or twenty years ago. That line has been greatly built up, and these people are entitled to more transportation. A bus line to the Airport and back would be a paying proposition, and that with the line which the Elevated is running at an expense of about \$3,000 or \$4,000 a year would give the people of East Boston service that they are entitled to. At the present time they pay 10 cents for the shortest ride on the system, less than a mile, and going to the Jeffries Point section the longest distance is probably a quarter of a mile. The people there don't want to lose the service they have had for years, and they also greatly need this additional service. As I say, it was brought out at Friday's hearing also that people would be put to the great inconvenience, sometimes women with children and elderly people, of walking up four long flights of stairs. I ask, therefore, that this order go through, trusting that the Elevated will continue the service that has been given to the Jeffries Point people, but also that this proposed private bus line may be given a permit to operate from Maverick Station along Maverick street to the Boston Airport and return over the same route.

The order was passed under suspension of the rule.

ELEVATOR SERVICE.

Coun. CAREY offered the following:

Ordered, That the Superintendent of Public Buildings be requested, through his Honor the Mayor, to arrange to improve the signal apparatus in connection with the elevator service in City Hall and City Hall Annex.

Coun. CAREY—Mr. President, this order pertains particularly to elevator service in City Hall and City Hall Annex. Time and time again, when I have had occasion to visit the Annex, going to the various floors, I have seen elevators go up and down empty, while different people were waiting for an opportunity to get on. It seems to me that the service has been unreasonably and unjustifiably bad, resulting in abuse being hurled at the Mayor because of it. There are signals on the floors, but the lights don't indicate whether the elevators are going up or down, and I have also heard complaints in regard to the equipment from the operators themselves. The indicators do not work at various floors, with the result that people have to stand sometimes from five to fifteen minutes waiting for elevators to take them up or down. It seems to me that that is not the service that should be rendered to the people who come to City Hall, and I hope in justice to those people, and in the interest of proper efficiency in running the elevators, that the service will be improved, and improved immediately.

The order was passed under suspension of the rule.

RESURFACING OF I STREET, WARD 6.

Coun. SCANNELL offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to resurface with smooth pavement I street, Ward 6, from Sixth street to First street and to install sidewalks in said street under the W. P. A. plan of construction.

Passed under suspension of the rule.

PLAYGROUND, WARD 13.

Coun. HUTCHINSON offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to establish a playground for small children on the city-owned lot bounded by Dudley street, Howard avenue, Harlow and Folsom streets, Ward 13.

Passed under suspension of the rule.

IMPROVEMENT OF DORCHESTER AVENUE.

Coun. FISH offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to resurface Dorchester avenue from the Rapid Transit Bridge to Peabody square, Ward 16, under the W. P. A. plan of construction.

Ordered, That the trustees of the Boston Elevated Railway be requested, through his Honor the Mayor, to remove the street car rails from Dorchester avenue between Gibson street and Peabody square.

Severally passed under suspension of the rule.

SHELTER IN WARD 17.

Coun. WICKES offered the following:

Ordered, That the Boston Elevated Railway Company be requested, through his Honor the Mayor, to make plans for the construction of a shelter in Codman square, Ward 17, which will protect passengers while waiting for transportation, since Codman square is a transfer point.

Passed under suspension of the rule.

NAMING OF CRUISER "BUNKER HILL."

Coun. GALVIN offered the following:

Ordered, That his Honor the Mayor be requested to take up with the Secretary of the Navy the matter of naming one of the new cruisers the "Bunker Hill" as a tribute to that historic shrine in Charlestown.

Passed under suspension of the rule.

WARD 20 IMPROVEMENTS.

Coun. LYONS offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Spinney street, Ward 20, as a public highway, under the W. P. A. plan of construction.

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to

exclude heavy traffic from Lasell street, between Baker and La Grange streets, Ward 20, and that signs to this effect be installed at both the Baker street and La Grange street end of Lasell street.

Severally passed under suspension of the rule.

WARD 19 IMPROVEMENTS.

Coun. LYONS, for Coun. Langan, offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface Cheshire street, Ward 19, and install tar sidewalks thereon, under the W. P. A. plan of construction.

Ordered, That the Board of Street Commissioners be requested through his Honor the Mayor, to accept and lay out as a public highway Fessenden street, Ward 19, and arrange for its reconstruction under the W. P. A. plan.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to arrange for early construction of sidewalks along Pondred Circle, Ward 19, under the W. P. A. plan of construction.

Severally passed under suspension of the rule.

Adjourned at 4.55 p. m., on motion of Coun. GOODE, to meet on Monday, October 28, 1940, at 2 p. m.

CITY OF BOSTON.

BOSTON TRAFFIC COMMISSION.

CHANGES IN TRAFFIC REGULATIONS.

Voted, That the Revised Traffic Rules and Regulations of the City of Boston are amended as follows, effective November 12, 1940:

W. P. A.
CITY OF BOSTON.
SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING GENERATORS.

The Supply Department of the City of Boston invites proposals for furnishing generators to the Fire Department, as per specifications contained in forms which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. ENVELOPES CONTAINING BIDS TO BE SEALED AND PLAINLY MARKED "PROPOSAL FOR GENERATORS." There will be a charge of twenty-five cents (\$.25) for each blank proposal taken out. The bids will be publicly opened and read Friday, November 8, 1940, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(Nov. 2.) Superintendent of Supplies.

W. P. A.
CITY OF BOSTON.
SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING LIGHT IRON, STRUCTURAL STEEL, REINFORCING STEEL, STEEL STAIRS AND SASH, LAUNDRY CHUTE, AND CAISSON WORK.

The Supply Department of the City of Boston invites proposals for items scheduled above, for Boston City Hospital Project No. 21992, as per specifications contained in forms which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. ENVELOPES CONTAINING BIDS TO BE SEALED AND PLAINLY MARKED. There will be a charge of twenty-five cents (\$.25) for each blank proposal taken out. The bids will be publicly opened and read Thursday, November 14, 1940, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(Nov. 2.) Superintendent of Supplies.

CITY OF BOSTON.
REAL ESTATE DIVISION.
PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about fourteen hundred sixteen (1,416) square feet of land on the northerly side of Chelsea street, Charlestown, numbered 121 in the numbering of said street, and more fully described in a tax deed recorded with Suffolk Deeds, Book 5142, page 281, on Wednesday, November 6, 1940, at 10 a. m., on the premises, at a minimum price of eight hundred dollars (\$800).

A deposit required at the time and place of sale of two hundred dollars (\$200), in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, 47 City Hall, Boston, Mass.

DANIEL M. DRISCOLL,

(Oct. 26-Nov. 2.)

CITY OF BOSTON.
INSTITUTIONS DEPARTMENT.

PROPOSAL FOR COMPLETION OF ALTERATIONS TO TOILETS AND BATHS IN WARDS A, B, C, D AND WARD NO. 6 AT LONG ISLAND HOSPITAL.

The Commissioner of Institutions of the City of Boston invites sealed proposals for the completion of alterations to toilets and baths in Wards A, B, C, D and Ward No. 6 at Long Island Hospital, Boston Harbor. Forms of proposals may be obtained at the office of the Commissioner, Room 809, City Hall Annex. Each proposal must be signed by the bidder, placed in an envelope, properly sealed, and marked "Proposal for Completion of Alterations to Toilets and Baths in Wards A, B, C, D and Ward No. 6 at Long Island Hospital," and left at the office of the Commissioner, Room 809, City Hall Annex, before 12 noon, November 15, 1940, accompanied by cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$500, to become and to be the property of the City of Boston as liquidated damages if, after an award is made to him, the bidder shall fail to enter into the contract therefor within ten days after notice of said award has been mailed or delivered to him. Bid bonds will not be accepted. Said proposals will then and there be publicly opened and read. Proposals must be made in duplicate, one with cash, certified check or certificate of deposit to be left as above, the other without cash, certified check or certificate of deposit to be filed with the City Auditor, City Hall, Boston, before the time stated above for the opening of proposals. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained without cost upon application therefor at the office of the Commissioner, Room 809, City Hall Annex. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. Plans and specifications may be obtained at the office of the Commissioner of Institutions, Room 809, City Hall Annex, Boston, on or after November 4, 1940. All plans and specifications must be returned in good condition to said office at the time of filing bids. A deposit of five dollars (\$5) in cash will be required for each set of plans and specifications taken out for estimating, said deposit to be refunded on the return of the plans and specifications in good condition. A bond of a surety company, approved by the Commissioner, in the full amount of the contract, to secure the due performance of the contract and the full protection of the city, will be required. The Commissioner reserves the right to reject any or all bids and to reject all sub-bids on any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

HUGH J. CAMPBELL,
(Nov. 2.) Commissioner of Institutions.

CITY OF BOSTON.
REAL ESTATE DIVISION.
PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about ten thousand five hundred ninety-two (10,592) square feet of land on the southerly side of Lyon street, Dorchester, and more fully described in a tax deed recorded with Suffolk Deeds, Book 5215, page 77, on Thursday, November 7, 1940, at 10 a. m., on the premises, at a minimum price of eight hundred fifty dollars (\$850).

A deposit required at the time and place of sale of two hundred dollars (\$200), in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, 47 City Hall, Boston, Mass.

DANIEL M. DRISCOLL,
Custodian of Foreclosed Real Estate.
(Oct. 26-Nov. 2.)

CITY OF BOSTON.
SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING SNOW PLOWS AND EQUIPMENT.

The Supply Department of the City of Boston invites proposals for furnishing snow plows and equipment to the Public Works Department, Paving Division, as per specifications contained in forms which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. ENVELOPES CONTAINING BIDS TO BE SEALED AND PLAINLY MARKED "PROPOSAL FOR SNOW PLOWS AND EQUIPMENT." There will be a charge of twenty-five cents (\$.25) for each blank proposal taken out. The bids will be publicly opened and read Tuesday, November 12, 1940, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(Nov. 2.) Superintendent of Supplies.

LAND FOR PLAYGROUND
OFFERED.

Upon October 28 the Mayor submitted the following to the City Council:

To the Honorable the City Council.

GENTLEMEN,—Reverend George A. Conway, C. S. S. R., President of The Boston Society of Redemptorist Fathers, has offered to lease to the City of Boston for a term of years upon a nominal consideration two contiguous parcels of land owned by the said Society and situated on the southwesterly side of Alleghany street and on the northeasterly side of Cherokee street in the Mission Hill section of the Roxbury district of the City of Boston, for playground purposes.

The two contiguous parcels of land offered to the City of Boston contain approximately twenty-two thousand four hundred eighty-one (22,481) square feet and the location of this land is such that I believe it is ideally situated and suitable for playground purposes.

The acquisition of this land by the City of Boston will provide for the children of this congested area of our city, space upon which they may enjoy recreation, play, sport and physical education, and thereby tend to promote the health, safety and happiness of the youth of this district.

I am of the opinion that this most generous offer of The Boston Society of Redemptorist Fathers should be accepted by the City of Boston.

I therefore recommend passage of the accompanying order.

Respectfully,
MAURICE J. TOBIN, Mayor.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner for permission to raze the following structures as fire menaces or nuisances:

To raze the building at 90 Oak street, Ward 3, owned by the City of Boston, through tax foreclosure.

To raze the building at 12 Tudor street, Ward 6.

To raze the building at 93 Albion street, Ward 5.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 32. SATURDAY, NOVEMBER 9, 1940. No. 45

BOSTON RETIREMENT SYSTEM AGAIN SHOWN TO BE IN VERY SATISFACTORY FINANCIAL CONDITION, ACCORDING TO ANNUAL REPORT OF BOARD — 207 MEMBERS RETIRED DURING YEAR AT A COST OF \$215,723.97 — NUMBER OF WITHDRAWALS FOR YEAR WAS 792, WHILE 522 NEW EMPLOYEES WERE ADMITTED TO MEMBERSHIP — 792 WITHDRAWALS WERE RECORDED, WITH A SUM OF \$327,848.68 REFUNDED — COST OF ADMINISTRATION AMOUNTED TO \$32,818.65, OR ABOUT ONE HALF OF ONE PER CENT OF YEAR'S PAYMENTS.

The following statistical data of the Boston Retirement System has been made public:

During the year the Board retired 207 members from active service, at a cost to the Retirement System of \$215,723.97, of this number 170 were for service, 28 were for accidental disability, 9 were for ordinary disability and there were no accidental death benefits.

During the year there were admitted to membership 522 new employees. The number of withdrawals from service was 792, of which 122 were due to death, 463 were due to resignation or dismissal and 207 to retirement. The amount of cash refunded as a result of these withdrawals was \$327,848.68. The cost of administering the system for 1939 which is borne by the city was \$32,818.65, which was about one half of 1 per cent of the payments for the year.

The itemization of the administration is as follows:

Personal Service	\$24,711 30
Service Other than Personal	7,169 68
Office Equipment	23 00
Office Supplies and Postage	914 67
Total	<u>\$32,818 65</u>

A close examination of the financial statements included herein discloses a very satisfactory financial condition.

The members of the Board thank the personnel for the interest shown the past year since it counts a great deal in the proper administration of the system.

WILFRED J. DOYLE,
JAMES J. MCCARTHY,
J. GEORGE HERLIHY,
Boston Retirement Board,
WILLIAM D. KENNEY,
Executive Officer.

VALUATION BALANCE SHEET SHOWING ASSETS AND LIABILITIES OF THE FUNDS OF THE BOSTON RETIREMENT SYSTEM AS OF DECEMBER 31, 1939.

ASSETS.		Present Value of Payments to be Received.
Annuity Savings Fund	\$13,714,923	
Retirement Reserve Fund	4,180,795	
Pension Accumulation Fund	18,018,700	
Total Present Assets		\$35,914,418
Present value of prospective contributions payable by the City of Boston into the Pension Accumulation Fund as follows:		
Normal contribution of 4.23 per cent of future salaries	\$11,359,844	
Accumulated liability contribution of 2.82 per cent of future pay roll until liabilities of Pension Accumulation Fund on account of past services are liquidated	12,076,811	
Total contributions to Pension Accumulation Fund		23,436,655
Total Assets		<u>\$59,351,073</u>

NOTE.—No account is taken of the future contributions of employees into the Annuity Savings Fund because the benefits purchasable by them are exactly equal to the accumulated amount of the contributions and therefore do not affect the balance.

"O Boston, fair City enthroned like a radiant queen,
From thy hill looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKEL DOLE.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables slaughter-houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 73 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

MAYOR TOBIN ANNOUNCES INAUGURATION OF FEDERAL FOOD STAMP PLAN, FOR BENEFIT OF NEEDY FAMILIES—OPERATIONS TO BEGIN NEXT WEEK, WITH BENEFITS TO 30,000 FAMILIES—ASKS ALL ELIGIBLE FAMILIES TO PARTICIPATE WILLINGLY AND IN COOPERATIVE SPIRIT—ALSO APPEALS TO PATRIOTIC AND HUMANITARIAN IMPULSES OF ALL CITIZENS IN EFFORT TO MAKE PLAN A SUCCESS—WILL BRING \$3,000,000 ANNUALLY TO CITY'S FOOD MERCHANTS.

Upon November 7 Mayor Tobin issued the following statement concerning the operation of the Food Stamp Plan:

Actual operation of the Federal Food Stamp Plan for the benefit of some 30,000 needy families in Boston is scheduled to start here next week, and it appears highly desirable that several important phases of the program should be emphasized at this time.

Of paramount importance in these days of National Defense is the Stamp Plan's relation to the health of our people. To achieve a strong defense, we must have more than munitions, battleships, planes, and guns. The public health must be carefully guarded and the physical fitness and social well-being of our citizens improved. Hungry, ill or under-nourished people do not make for sturdy national security.

The Stamp Plan provides healthful foods to the under-privileged, enabling them to obtain a balanced diet. Army officials have stated that a large percentage of those rejected when applying for military service is caused by under-weight which, in many cases, can be directly traced to under-nourishment. The National Defense Advisory Commission in a recent report stated that 45,000,000, or one third of our nation's population, are compelled to live below the "safety line" of minimum health standards because of inability to have the necessary amount and variety of foods.

We must remember that ten years of industrial depression and its resultant unemployment has taken a heavy toll on the physical structure of our people. I am convinced that the Stamp Plan will be of great assistance in preventing such a condition in our city, and consider it a major part of Boston's contribution to National Defense.

Another angle relating to National Defense has to do with the Stamp Plan's

relation to American farmers, who comprise 25 per cent of our population, yet receive but 11 per cent of the national income. Indications are that farm income faces an even greater reduction in that the European war has wiped out a \$800,000,000 export market. This serious dislocation in foreign trade will naturally aggravate the economic lot of the farmer, making it imperative that we exert every effort to increase and encourage domestic consumption of American-grown farm products.

Therefore, it becomes a patriotic duty for all citizens to give whole-hearted support to this program which is primarily designed to assist agriculture by disposing of surplus crops. Non-relief families can do their share toward helping the farmer by purchasing surplus foods and, at the same time, help the family purse by taking advantage of prevailing low prices for these products.

In serving its dual purpose of aiding both farmer and welfare client, the Stamp Plan provides that the normal channels of trade shall be utilized to move surpluses from farm to consumer. This means that all surplus foods purchased with the free blue stamps issued to eligible families are obtained in the usual manner at the corner grocery store. It is anticipated that the new business brought to Boston's 3,800 retail food merchants by the Stamp Plan will amount to \$3,000,000 annually, which should prove a very decided stimulant to the local food industry.

For the reasons briefly outlined, I urge all eligible welfare families to participate in the Stamp Plan and appeal to the patriotic and humanitarian impulses of every citizen for active support of this program in the interests of our less fortunate neighbors in both city and nation.

MAURICE J. TOBIN,
Mayor of Boston.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, November 7:

HOSPITAL DEPARTMENT.

The following persons have terminated their services in the Hospital Department:

Charles E. Kimball, helper, \$17.50 a week, died; Paul T. Murray, orderly, \$16.50 a week, temporary; Samuel Scott, male nurse, \$32 a week, temporary; Dr. Joseph P. Thornton, assistant resident anesthetist, \$600 a year, resigned; Joseph

Doran, male nurse, \$32 a week, temporary; Dr. P. G. Kennedy, physician (night executive assistant), \$2,000 a year, temporary.

INSTITUTIONS DEPARTMENT.

Katheryn H. Judge, 2456 Washington street, Roxbury, from waitress at \$316 a year and maintenance, at Long Island, to attendant at \$600 a year and maintenance, at Long Island.

AMENDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of February 23, 1938, determining that no person sustains damages by the making of the public improvement, consisting of the laying out of Eastland road (Eastbourne road), be, and the same hereby is, amended, by striking out in the first and second lines of said order the words: "that no person sustains in his estate," and by striking out in the last line of said order the word: "no." That said order be further amended by adding thereto Michael Mooney and Mary Mooney, husband and wife, as tenants by the entirety, \$100; That the amount \$100 be, and the same hereby is, awarded to Michael Mooney and Mary Mooney, husband and wife, as tenants by the entirety, for the damages sustained by the making of the said improvement.

Voted, That the order of the Street Commissioners and Mayor of September 23, 1939, determining that no person sustains damages by the making of the public improvement, consisting of the laying out and construction of Theodore Parker road, be, and the same hereby is, amended, by striking out in the first and second lines of said order the words: "that no person sustains in his estate," and by striking out in the last line of said order the word "no." That said order be further amended by adding thereto Florence E. Abbott, \$32; that the amount \$32 be, and the same hereby is, awarded to Florence E. Abbott for the damages sustained by the making of the said improvement.

Voted, That the order of the Street Commissioners and Mayor of December 12, 1938, as amended, determining damages caused by the making of the public improvement consisting of the laying out of Newfield street, be, and the same hereby is, amended, by adding to said order the amount \$40 as an award to Leon C. Roby and Pauline I. Roby, husband and wife, as tenants by the entirety; that the amount \$40 be, and the same hereby is, awarded to Leon C. Roby and Pauline I. Roby, husband and wife, as tenants by the entirety for the damages so sustained.

CLAIMS ALLOWED.

The Mayor, upon recommendation of the Corporation Counsel, has approved the following claim:

Florence Schwartz, 38 Wayne street, Roxbury, in the sum of \$60, as compensation for personal injuries caused by hole in sidewalk on Harrison avenue, at the corner of Exeter place, Boston, December 19, 1939.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

SUPPLY DEPARTMENT.

Upon October 28 the Mayor approved a contract with J. H. McNamara, Inc., for furnishing concrete mix for the Park Department and the Sewer Division, Public Works Department. The approximate amount of the contract was \$4,026.92, less 50 cents per cubic yard cash discount for payment in twenty days. Bids, opened October 17, were as follows:

Requisition No. 89—"H"—18443 for George Wright Golf Course, Park Department.

334 Cubic Yards 1-2-4 Ready Mix Concrete, with Lampblack, as Per Specifications.—The Whittemore Company, \$6.50 per cubic yard; total, \$2,171; cash discount, ten days, 2 per cent; net total, \$2,127.58; J. P. O'Connell Company, \$6.50 per cubic yard; total, \$2,171; cash discount, ten days, 2 per cent; net total, \$2,127.58; Watertown Builders Supply Company, \$6.20 per cubic yard; total, \$2,070.80; cash discount, ten days, 50 cents per cubic yard; net total, \$1,903.80; bid irregular, no copy of bid filed at City Auditor's office; J. H. McNamara, Inc., \$6.63 per cubic yard; total, \$2,214.42; cash discount, twenty days, 50 cents per cubic yard; net total, \$2,047.42.

Requisition No. 3555—"H"—21793 for 315 Western Avenue, Brighton, Yard, Sewer Division.

290 Cubic Yards Class A Ready Mix Concrete, 1-2-4, as Per Specifications, Stones in Coarse Aggregate to be no Larger than One and One Half Inches.—The Whittemore Company, \$6.50 per cubic yard; total, \$1,885; cash discount, ten days, 2 per cent; net total, \$1,847.30; J. P. O'Connell Company, \$6.25 per cubic yard; total, \$1,812.50; cash discount, ten days, 2 per cent; net total, \$1,776.25; Watertown Builders Supply Company, \$6.20 per cubic yard; total, \$1,798; cash discount, ten days, 50 cents per cubic yard; net total, \$1,653; bid irregular, no copy of bid filed at City Auditor's office; J. H. McNamara, Inc., \$6.25 per cubic yard; total, \$1,812.50; cash discount, twenty days, 50 cents per cubic yard; net total, \$1,667.50.

Upon October 28 the Mayor approved a contract with Frank Bowles Company for furnishing 3,000 gallons White Traffic Paint, in five-gallon cans, to be delivered to 8 Atkinson street, Boston Traffic Commission. The approximate amount of the contract was \$3,501. Bids, opened October 11 were as follows:

1,000 Gallons to be Delivered Within Ten Days After Order is Placed. Balance to be Delivered in Lots of 1,000 Gallons Upon Request of Boston Traffic Commission.

3,000 Gallons White Traffic Paint, in Accordance With Specifications, Delivered in Standard 5-Gallon Cans With Full Diameter Covers, B. T. C. Specifications, July 18, 1940.—George D. Wetherill & Co., Inc., \$1.26 per gallon; total, \$3,780; cash discount, ten days, 1 per cent; net total, \$3,742.20; Frank Bowles Company, \$1.167 per gallon; total \$3,501; cash discount, ten days, 1 per cent; net total, \$3,465.99; The Sherwin-Williams Company, \$1.27 per gallon; total, \$3,810;

cash discount, ten days, 1 per cent; net total, \$3,771.90; no price filled out in Supply Department copy, price filled out in City Auditor's copy.

Upon October 30 the Mayor approved a contract with George McQuesten Company, Inc., for furnishing lumber (long leaf hard pine), to be delivered to the Everett Street Bridge, Bridge Service, Public Works Department. The approximate amount of the contract was \$4,925. Bid, opened October 24, was as follows:

40,000 Square Feet 3-Inch by 10-Inch by 24-Foot 6-Inch Prime Hard Pine, Planed 1 Side, Cut to Exact Length, Per M. Square Feet.—George McQuesten Company, Inc., \$89.

15,000 Square Feet 2-Inch by 8-Inch by 6-Foot Prime Hard Pine, Planed 1 Side, Per M. Square Feet.—George McQuesten Company, Inc., \$70.

5,000 Square Feet 3-Inch by 6-Inch by 12-Foot Prime Hard Pine, Rough, Per M. Square Feet.—George McQuesten Company, Inc., \$63.

Total.—George McQuesten Company, Inc., \$4,925.

Cash Discount, Ten Days.—George McQuesten Company, Inc., 2 per cent.

Net Total.—George McQuesten Company, Inc., \$4,826.50.

All lumber to be long leaf hard pine, "Prime" quality, 1905 Rules. To have at least six annual rings per inch.

Upon November 4 the Mayor approved a contract with lowest bidders as indicated for furnishing hay, grain, straw, etc., for the city departments, as required, during November, 1940. The approximate totals of awards were as follows:

Curley Grain & Fuel Company, \$1,740.63; Gordon-Dawson Company, \$618; John J. White Company, \$76.20. Total, \$2,434.83.

Bids, opened October 18, were as follows:

Approximate Amounts on All Items.

60,000 Pounds Hay, Per Hundredweight.—Curley Grain & Fuel Company, \$1.30; Gordon-Dawson Company, \$1.03*; John J. White Company, \$1.03.

30,000 Pounds Oats (No. 2 to Test Not Less Than 34 Pounds Nor More Than 38 Pounds to Bushel), Per Hundredweight.—Curley Grain & Fuel Company, \$1.57*; John J. White Company, \$1.58.

6,000 Pounds Straw, Per Hundredweight.—Curley Grain & Fuel Company, \$1.28; John J. White Company, \$1.27*.

4,000 Pounds Bran, Per Hundredweight.—Curley Grain & Fuel Company, \$1.33*; John J. White Company, \$1.45.

2,000 Pounds Corn Meal, Per Hundredweight.—Curley Grain & Fuel Company, \$1.73*; John J. White Company, \$1.85.

500 Pounds Cracked Corn, Per Hundredweight.—Curley Grain & Fuel Company, \$1.73*; John J. White Company, \$1.85.

500 Pounds Whole Corn, Per Hundredweight.—Curley Grain & Fuel Company, \$1.73*; John J. White Company, \$1.85.

500 Pounds Milo, Per Hundredweight.—Curley Grain & Fuel Company, \$2.14*; John J. White Company, \$2.30.

500 Pounds Wheat, Per Hundredweight.—Curley Grain & Fuel Company, \$1.94*; John J. White Company, \$1.95.

100 Pounds Canary Seed, Per Hundredweight.—Curley Grain & Fuel Company, \$5.19*; John J. White Company, \$5.22.

300 Pounds Sunflower Seed, Per Hundredweight.—Curley Grain & Fuel Company, \$6.24*; John J. White Company, \$7.35.

CONTRACTS AWARDED.

(Continued from page 1191.)

300 Pounds Buckwheat, Per Hundred weight.—Curley Grain & Fuel Company, \$1.79*; John J. White Company, \$1.85.

200 Pounds Hempseed, Per Hundred weight.—Curley Grain & Fuel Company, \$7.90*; John J. White Company, \$8.

4,000 Pounds Cracked Oats, Per Hundredweight.—Curley Grain & Fuel Company, \$1.67*; John J. White Company, \$1.68.

Deer Island.—25 Tons Wirthmore Special Broiler Mash, Per Ton of 2,000 Pounds.—Curley Grain & Fuel Company, \$41.29*; Cunningham Grain Company, \$41.25; George H. Parker Grain Company, \$41.75; John J. White Company, \$42.50.

Cash Discount, Ten Days.—Curley Grain & Fuel Company, 1 per cent; George H. Parker Grain Company, 1 per cent; Gordon-Dawson Company, 3½ per cent; John J. White Company, 1 per cent.

* Contract awarded.

Upon October 28 the Mayor approved a contract with Portland Stone Ware Company for furnishing approximately 200,000 sewer bricks for the city departments, as required, from November 1, 1940, to December 31, 1940, with the privilege of purchasing on the same terms and conditions extended to October 31, 1941, as a price of \$16.75 per thousand, less 50 cents per thousand cash discount for payment in ten days. The approximate amount of the contract was \$3,350. Bids, opened October 21, were as follows:

200,000 Sewer Bricks, Per Thousand.—New England Brick Company, \$17; total, \$3,400; cash discount, ten days, 2 per cent; net total, \$3,332; Portland Stone Ware Company, \$16.75; total, \$3,350; cash discount, ten days, 50 cents per thousand; net total, \$3,250.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms and contractors for furnishing labor, supplies or services. Communications from the heads of the several departments interested were as follows:

INSTITUTIONS DEPARTMENT.

BOSTON, October 22, 1940.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval is respectfully requested to the award of a contract in the sum of \$840 for proposed alterations to the present rubbish and garbage incinerator at Long Island, to the Incinerator Engineering Associates of Newbury street, Boston, Mass., without putting this job out for bids. There is at this office blueprints, drawings and specifications from this company which are satisfactory to all concerned, and the price seems to be fair.

This company, under the name of J. A. Flanagan, built the present incinerator and should be the logical company for building the proposed addition. Their work in the past has been satisfactory, and apparently there is no reason to doubt their price.

This improvement is part of our plan for general repairs at the island, is very badly needed, and the city would not gain advantage in applying for bids, especially as bids would probably call for a different design or different kind of incinerator than the one we now have.

I respectfully suggest that in order to expedite matters, authority be granted

to allow Incinerator Engineering Associates to proceed with this work without further bidding.

Respectfully yours,

HUGH J. CAMPBELL,
Commissioner.

SUPPLY DEPARTMENT.

BOSTON, October 24, 1940.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR MR. MAYOR,—On October 15, 1940, quotations were requested from the various firms on the following cable to be delivered to the Long Island Hospital, Institutions Department, via Eastern Avenue Wharf:

1,370 linear feet underground cable, 600 volt, single conductor, 1,000,000 Cir. Mils, "Anhydrex AA-60", 1 reel of 470 linear feet; 2 reels of 450 linear feet each.

A price of \$1,166 per thousand linear feet, less one half of 1 per cent cash discount for payment in ten days, was quoted by all bidders. Cost of 2 reels at \$18 each, and 1 reel at \$25 is included in the price of the cable, and full credit will be allowed if reels are returned within twelve months.

The approximate amount of the contract was \$1,597.42.

As the Institutions Department is in immediate need of this cable in the construction of a building at Long Island, I respectfully recommend that the contract be awarded to the Wetmore-Savage Division, Westinghouse Electric Supply Company, one of the bidders, at the price stated above, without publicly advertising. As the price quoted is the manufacturer's code price, no advantage would be gained by publicly advertising.

Respectfully yours,

JOHN A. BREEN,
Superintendent of Supplies.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Fremont place, Dorchester district, as a highway, from Fremont street northeasterly, with the name of Faunce place, or some other distinctive name, bounded and described as follows:

A highway named Faunce road is hereby laid out, from Fremont street to Cook terrace, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following described land, exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Nicholas and Josephine Merlino, bounded:

Southwesterly by Fremont street, five and 1-100 feet; northwesterly by Fremont place, one hundred fifteen and 15-100 feet; northeasterly by land hereinafter described as taken from Powers heirs or devisees, five and 1-100 feet; southeasterly by the southeasterly line of Faunce road, as laid out under this order, one hundred fifteen and 15-100 feet, containing five hundred and seventy-six square feet, more or less.

A parcel of land, supposed to belong to Thomas F. Powers heirs or devisees, bounded:

Southwesterly by land hereinafter described as taken from Merlino, five

and 1-100 feet; northwesterly by Fremont place, sixty-seven and 42-100 feet; northeasterly by land hereinafter described as taken from Parkinson, five and 2-100 feet; and southeasterly by the southeasterly line of Faunce road, as laid out under this order, sixty-seven and 47-100 feet, containing three hundred thirty-seven square feet, more or less.

A parcel of land, supposed to belong to Morris B. Parkinson, bounded:

Southwesterly by land hereinafter described as taken from Powers heirs or devisees, five and 2-100 feet; northwesterly by Fremont place, thirty-one and 41-100 feet; northeasterly by land hereinafter described as taken from Noris, five and 2-100 feet; and southeasterly by the southeasterly line of Faunce road, as laid out under this order, thirty-one and 41-100 feet, containing one hundred and fifty-seven square feet, more or less.

A parcel of land, supposed to belong to Lui and Afra C. Noris, bounded:

Southwesterly by land hereinafter described as taken from Parkinson, five and 2-100 feet; northwesterly by Fremont place, sixty-eight and 14-100 feet; northeasterly by Hopkins place, five and 1-100 feet; and southeasterly by the southeasterly line of Faunce road, as laid out under this order, sixty-eight and 22-100 feet, containing three hundred and forty-one square feet, more or less.

A parcel of land, owners unknown, being part of the private way known as Hopkins place, bounded:

Southwesterly by land hereinafter described as taken from Noris, five and 1-100 feet; northwesterly by Fremont place, sixteen and 4-100 feet; northeasterly by land hereinafter described as taken from Coulter, five and 1-100 feet; and southeasterly by the southeasterly line of Faunce road, as laid out under this order, sixteen and 4-100 feet, containing eighty square feet, more or less.

A parcel of land, supposed to belong to James T. Coulter, bounded:

Southwesterly by land hereinafter described as taken from owners unknown, five and 1-100 feet; northwesterly by Fremont place, ninety feet; northeasterly by land hereinafter described as taken from Doyle, five and 1-100 feet; and southeasterly by the southeasterly line of Faunce road, as

laid out under this order, ninety feet, containing four hundred and fifty square feet, more or less.

A parcel of land, supposed to belong to May G. Doyle, bounded:

Southwesterly by land hereinafter described as taken from Coulter, five and 1-100 feet; northwesterly by Fremont place, forty feet; northeasterly by land hereinafter described as taken from Peters, five feet; and southeasterly by the southeasterly line of Faunce road, as laid out under this order, thirty-nine and 88-100 feet, containing two hundred square feet, more or less.

A parcel of land, supposed to belong to Edwin W. Peters, bounded:

Southwesterly by land hereinafter described as taken from Doyle, five feet; northwesterly by Fremont place, thirty-six and 55-100 feet; northeasterly by land hereinafter described as taken from Connolly, five feet; and southeasterly by the southeasterly line of Faunce road, as laid out under this order, thirty-six and 55-100 feet, containing one hundred eighty-three square feet, more or less.

A parcel of land, supposed to belong to Garrett and Nora M. Connolly, bounded:

Southwesterly by land hereinafter described as taken from Peters, five feet; northwesterly by Fremont place, thirty-seven and 80-100 feet; northeasterly by Cook terrace, five and 1-100 feet; and southeasterly by the southeasterly line of Faunce road, as laid out under this order, thirty-seven and 96-100 feet, containing one hundred and eighty-nine square feet, more or less.

The land, owners unknown, being the private way known as Fremont place, between Fremont street and Cook terrace.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days, following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Said highway as hereby laid out, is bounded:

Southwesterly by Fremont street, twenty-five and 7-100 feet; northwesterly by the northwesterly line of said Faunce road, as hereby laid out, five hundred twenty and 3-100 feet; easterly by Cook terrace, twenty-nine and 51-100

feet; and southeasterly by the southeasterly line of said Faunce road, as hereby laid out, five hundred and two and 52-100 feet.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Faunce road, as laid out under this order, from Fremont street to Cook terrace, will receive benefit or advantage, beyond the general advantage, to all real estate in said city from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Faunce Road, Dorchester, Assessment Plan, October 17, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

James T. Coulter, 450 square feet.....	1 00
May G. Doyle, 200 square feet.....	1 00
Edwin W. Peters, 183 square feet.....	1 00
Garrett and Nora M. Connolly, 189 square feet.....	1 00

LICENSE REVOKED.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the license granted by the Board of Street Commissioners on February 2, 1940, approved by the Mayor, February 2, 1940, to Peter G. Fallon *et al.*, for the keeping, storage and sale of four thousand gallons of gasoline, two hundred gallons of denatured alcohol and five hundred gallons of motor oil, and a two-car lubritorium at 1531 Blue Hill avenue, be, and the same hereby is, revoked, for the following cause:

Failure to file with the Fire Commissioner a certificate of registration setting forth the name and address of the holder of such license on or before April 30, 1940, as required by chapter 148 of the General Laws as amended by chapter 394 of the Acts of 1936.

RETIREMENT BOARD REPORT.

BOSTON, October 31, 1940.

To the Auditor.

At meetings of the Boston Retirement Board, held on the following dates, October 4, October 15, October 18 and October 30, the retirement from active service of the following-named employees and members of the Boston Retirement System was approved to become effective at the close of business, October 31, 1940:

ASSESSING DEPARTMENT.

Edward M. J. Burke, corporation clerk, salary at time of retirement \$2,900 a year.

FIRE DEPARTMENT.

Eugene J. Sullivan, chief clerk and secretary, salary at time of retirement \$2,500 a year.

HEALTH DEPARTMENT.

May H. Armstrong, visiting nurse, salary at time of retirement \$1,800 a year.

Helen M. Butler, visiting nurse, salary at time of retirement \$1,800 a year.

HOSPITAL DEPARTMENT.

Nora Burns, ward maid, salary at time of retirement \$1,014 a year.

PARK DEPARTMENT.

Delia M. Flaherty, matron, salary at time of retirement \$1,144 a year.

PUBLIC BUILDINGS DEPARTMENT.

William P. Malloy, stationary fireman, salary at time of retirement \$2,168 a year.

PUBLIC WORKS DEPARTMENT.

James A. Ackland, instrumentman, salary at time of retirement \$2,700 a year.

Thomas McLaughlin, oiler, salary at time of retirement \$2,158 a year.

Michael A. Meany, foreman-inspector, salary at time of retirement \$2,100 a year.

SCHOOL DEPARTMENT.

Grace A. McGrath, assistant, salary at time of retirement \$3,072 a year.

Norman A. Moss, master, salary at time of retirement \$3,888 a year.

TRANSIT DEPARTMENT.

Thomas J. Robertson, ironworker, salary at time of retirement \$2,860 a year.

Attest:

WILFRED J. DOYLE,
Chairman.

ASSESSMENT ABATED.

The Mayor has approved the following vote of the Board of Street Commissioners:

In the matter of application for revision of assessment levied on account of the construction of sewerage works, the Board of Street Commissioners, acting under the provisions of chapter 389 of the Acts of 1896, and deeming it just and proper that such action should be taken on said application,

Ordered, That the amount hereinafter specified, being the annual apportionment of said assessment for the year undermentioned, be, and is hereby, abated.

Alleyne Street, lot 2, assessed March 8, 1934, 1933-21, Jennie Cassano, 1939, apportionment, \$10.40.

TO RELOCATE SUBWAY ENTRANCE.

Mayor Maurice J. Tobin, on October 31, requested the trustees of the Boston Elevated Railway to take the necessary steps to relocate at the building line of Summer street, the Subway entrance and ventilator which are now maintained in the north side of Summer street, east of Atlantic avenue. This request follows action by the Mayor's Conference on Traffic to relieve congestion in Summer street, approaching Dewey square, from Dorchester avenue, caused by the 8-foot jut-out of the sidewalk into the roadway.

The Gulf Refining Corporation has purchased the Hathaway property at the corner of Atlantic avenue and Summer street, opposite the South Station. They intend to tear down the building and erect a service station on the land. The demolition of this building makes possible the relocation of the subway entrance. The Gulf Refining Corporation has granted to the city for a nominal sum, an easement on their property, for sidewalk purposes.

When these structures are moved back to the building line of Summer street it will be possible to cut the sidewalk back 8 feet and straighten out the roadway between Dorchester avenue and Atlantic avenue, thus doing away with the bottleneck which now exists between the end of the Safety Zone and Atlantic avenue.

This proposal meets with the hearty approval of Albert M. Chandler, chairman of the Off-Street Parking Committee of the Mayor's Conference on Traffic, and Traffic Commissioner William P. Hickey. Commissioner Hickey estimates that the 7,000 vehicles using Summer street, approaching Dewey square from the east, will meet with a great deal less delay and that the whole of the Dewey square area will be greatly benefited.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner to raze the following structures as fire menaces or nuisances:

To raze the building at 258 Gold street, Ward 6.

To raze the building at 31 and 33 Woodward street, Ward 7, owned by the City of Boston, through tax foreclosure.

To raze the building at 30 Terrace street, Ward 10, which required emergency action, the New England Building Wrecking Company, 31 State street, Boston, was ordered to immediately enter the premises, shore up existing walls and floors to the extent that they could be razed, and raze the building. Razing operations have been completed in compliance with established regulations and a bill in the amount of \$225 submitted.

To raze the building at 176 Bolton street, Ward 6, owned by the City of Boston, through tax foreclosure.

To raze the building at 93 Oak street, Ward 3, owned by the City of Boston, through tax foreclosure.

To raze the building at 180 Marginal street, Ward 1.

To raze the building at 9 Marble street, Ward 9, owned by the City of Boston, through tax foreclosure.

To raze the building at 4 Cumston street, Ward 9.

To raze the building at 95 West Springfield street, Ward 9, owned by the City of Boston, through tax foreclosure.

POLICE DEPARTMENT ORDERS.

General Order No. 533.

The Superintendent of Police is hereby directed to make the following details for duty at the State and Presidential Election in this city on Tuesday, November 5, 1940.

1. Three patrolmen for duty in the office of the Board of Election Commissioners, 111 City Hall Annex, on arrival of ballots for the State and Presidential Election at about 10 o'clock a. m., Monday, November 4, 1940, such details to continue until all ballots cast at the election have been returned.

2. A detail of one patrolman for duty in parking area surrounding City Hall Annex at 6 o'clock p. m., Monday, November 4, 1940 (the night before election day), to keep this area clear for the following morning, so that motor trucks, coming to the Election Commissioners' office for ballots at early hours on election morning, will be able to park without interference or delay.

3. An officer of rank above that of sergeant for duty at the City Hall Annex, to supervise the police detail for motor trucks from 5 o'clock a. m., Tuesday, November 5, 1940, until relieved, and a patrolman from 8 o'clock p. m., on the same date, until relieved, for duty at the same place, to keep clear the approaches to the office of the Board of Election Commissioners for motor vehicles returning from the polling places with ballot boxes, etc.

4. The necessary number of patrolmen from the several police divisions to attend the several polling places in this city on State and Presidential Election Day, to preserve order and protect voters in the full exercise of their rights.

NOTE—The superintendent will arrange for an interchange of patrolmen at the respective polling places on State and Presidential Election Day, as the Board of Election Commissioners has written to the Police Commissioner it has found that arrangement to be most satisfactory.

5. Twenty-three sergeants, one to a motor vehicle, to report at the office of the Board of Election Commissioners in ample season, to be prepared to leave that office for their respective destinations, according to the following schedule, in such vehicle with ballot boxes, ballots, etc., and deliver such ballot boxes, ballots, etc., to the police officer detailed in each precinct.

SCHEDULE FOR HOURS OF DEPARTURE OF SERGEANTS SO DETAILED FROM OFFICE OF ELECTION COMMISSIONERS ON MORNING OF NOVEMBER 5, 1940.

One motor vehicle for each of the twenty-two wards, excepting Ward 1, East Boston, for which two trucks have been engaged.

Wards 1 to 7, both inclusive, 6 a. m.
Wards 8 to 10, both inclusive, 5.30 a. m.
Ward 11, 5 a. m.
Ward 12, 5.45 a. m.
Wards 13 to 17, both inclusive, 5.30 a. m.
Ward 18, 4.45 a. m.

Wards 19 and 20, 5.20 a. m.
Ward 21, 5.25 a. m.
Ward 22, 5.30 a. m.

6. For proper coordination in the delivery of ballot boxes, ballots, etc., by the sergeants, as herein set forth, to the police officers detailed at the various precincts, it is of the utmost importance that such sergeants leave the City Hall Annex promptly on time as per schedule.

7. One patrolman to report at each of three hundred and eighty-six precincts, as hereinafter set forth, on Tuesday, November 5, 1940, to receive ballot boxes, ballots, etc., from the sergeants detailed on motor trucks.

From the opening to close of the polls, there shall be detailed an additional police officer outside of each of the three hundred and eighty-six (386) polling places in the city. This provision is made to prevent alleged continued violations of the election laws relative to distribution of campaign literature within 150 feet of a polling place, and to remedy conditions at polling places, reported by the Board of Election Commissioners, which have brought complaints from voters to the effect that campaign workers and loiterers outside of the polls have hampered their progress to and from voting.

NOTE—The Board of Election Commissioners points out that a candidate running on stickers (or his representative) may stand at the entrance to the polling place to distribute his stickers.

In Ward 22, Precinct 3, from the opening to close of the polls, an additional officer will be detailed outside the polling place, making two officers in all, on the outside at that location.

SCHEDULE OF THE HOUR FOR OFFICER TO REPORT IN EACH OF THE PRECINCTS TO RECEIVE BALLOT BOXES, BALLOTS, ETC., FROM SERGEANTS DETAILED ON MOTOR TRUCKS.

Ward 1, Precincts 9 to 11, both inclusive; Precincts 13 to 19, both inclusive; and Precinct 22, 6.15 a. m.
Ward 1, Precincts 1 to 8, both inclusive; and Precincts 12, 20 and 21, 6.30 a. m.
Ward 2, 6.30 a. m.
Ward 5, 6.30 a. m.
Wards 3, 4, 6 and 7, 6.45 a. m.
Ward 8, Precincts 1 to 6, both inclusive, 6 a. m.
Ward 8, Precinct 7, 6.15 a. m.
Ward 8, Precincts 8 to 14, both inclusive, 6.20 a. m.
Ward 9, Precincts 1 to 6, both inclusive, 6 a. m.
Ward 9, Precincts 7 to 15, both inclusive, 6.30 a. m.
Ward 10, Precincts 2 to 4, both inclusive, 6 a. m.
Ward 10, Precincts 5 to 11, both inclusive, 6.15 a. m.
Ward 10, Precincts 12 to 16, both inclusive, 6.30 a. m.
Ward 11, Precinct 1, 5.45 a. m.
Ward 11, Precincts 2 to 4, both inclusive, 6 a. m.
Ward 11, Precincts 5 to 12, both inclusive, 6.15 a. m.
Ward 11, Precincts 13 to 16, both inclusive, 6.30 a. m.
Ward 12, Precincts 1 to 4, both inclusive, 6 a. m.
Ward 12, Precincts 5 to 8, both inclusive, 6.15 a. m.
Ward 12, Precincts 9 to 11, both inclusive, 6.30 a. m.
Ward 12, Precincts 12 to 19, both inclusive, 6.45 a. m.
Ward 13, Precincts 1 to 5, both inclusive, 6 a. m.
Ward 13, Precincts 6 and 7, 6.15 a. m.
Ward 13, Precincts 8 to 12, both inclusive, 6.30 a. m.
Ward 13, Precincts 13 to 16, both inclusive, 6.45 a. m.
Ward 14, Precincts 1 to 5, both inclusive, and Precinct 21, 6 a. m.
Ward 14, Precinct 6, 6.15 a. m.
Ward 14, Precincts 7 to 20, both inclusive, 6.30 a. m.

Ward 15, Precincts 1 to 4, both inclusive, and Precinct 13, 6 a. m.

Ward 15, Precincts 5 to 8, both inclusive, 6.15 a. m.

Ward 15, Precincts 9 to 12, both inclusive, 6.30 a. m.

Ward 15, Precincts 14 and 15, 6.45 a. m.

Ward 16, Precincts 1, 2, 5 and 15, 6.15 a. m.

Ward 16, Precincts 6 to 14, both inclusive, and Precincts 15 to 19, both inclusive, 6.30 a. m.

Ward 16, Precinct 20, 6.45 a. m.

Ward 16, Precincts 3 and 4, 7 a. m.

Ward 17, Precincts 1 to 6, both inclusive, 6 a. m.

Ward 17, Precincts 7 to 9, both inclusive, 6.15 a. m.

Ward 17, Precincts 10 and Precincts 12 to 15, both inclusive, 6.30 a. m.

Ward 17, Precincts 11 and 16 to 20, both inclusive, 6.45 a. m.

Ward 18, Precincts 1 to 4, both inclusive, 5.30 a. m.

Ward 18, Precincts 5, 6 and 15, 6 a. m.

Ward 18, Precinct 21, 5.45 a. m.

Ward 18, Precincts 13, 14 and Precincts 16 to 20, both inclusive, 6.15 a. m.

Ward 18, Precincts 8, 9 and 12, 6.30 a. m.

Ward 18, Precincts 7, 10 and 11, 6.45 a. m.

Ward 19, Precincts 1 to 4, both inclusive, 6 a. m.

Ward 19, Precincts 5 to 9, both inclusive; and Precinct 17, 6.15 a. m.

Ward 19, Precincts 10 to 12, both inclusive; and Precinct 16, 6.30 a. m.

Ward 19, Precincts 13 to 15, both inclusive, 7 a. m.

Ward 20, Precinct 2, 5.45 a. m.

Ward 20, Precincts 1, 3, 4 and 5, 6 a. m.

Ward 20, Precincts 6 to 9, both inclusive; and Precinct 22, 6.15 a. m.

Ward 20, Precincts 10 to 16, both inclusive; and Precinct 21, 6.30 a. m.

Ward 20, Precincts 17 to 20, both inclusive, 6.45 a. m.

Ward 21, Precincts 1 to 5, both inclusive, 6 a. m.

Ward 21, Precincts 6 to 11, both inclusive, 6.15 a. m.

Ward 21, Precincts 12 to 14, both inclusive; and Precincts 16 to 18, both inclusive, 6.30 a. m.

Ward 21, Precinct 15, 7 a. m.

Ward 22, Precincts 1 to 5, both inclusive, 6.15 a. m.

Ward 22, Precincts 6 to 9, both inclusive, 6.30 a. m.

Ward 22, Precincts 10 to 22, both inclusive, and Precincts 15 to 17, both inclusive, 6.40 a. m.

Ward 22, Precincts 13 and 14, 7 a. m.

8. Commanding officers are to take notice that it is of the greatest importance, also, that the patrolmen herein detailed report at the polling places in the various precincts promptly according to schedule.

Failure for any reason of an officer to be on hand at a polling place at the appointed time delays the sergeant in the motor vehicle in his delivery of the ballot boxes, ballots, etc., and interferes, as is plainly seen, with the balance of the delivery schedule.

9. This detail of patrolmen at the various precincts will continue until the ballots are counted and the results declared. The officers are then to bring the ballots and returns to the Election Commissioners' office.

10. Cards with the ward and precinct number and location of voting booth printed thereon will be forwarded to the several police divisions, on which the division commander will write the name, the division number, and the number of the officer detailed at the time stated on the morning of November 5, 1940, at the voting booth of each respective precinct on his division. This card, to be given to the officer so detailed at the voting booth, will be retained in his possession until delivered by him to an employee of the Board of Election Commissioners, who will arrive accompanying a sergeant on motor vehicle from the Election Commissioners' office on the morning of November 5, with the ballot boxes, ballots, etc., as hereinbefore stated.

This card, when returned by such em-

ployee to the office of the Election Commissioners will be its receipt that the ballot boxes, ballots, etc., have arrived at their proper destination.

11. On receipt by the patrolman from the sergeant, detailed on motor vehicle, as herein provided, of registering ballot box, ballots, voting lists and such other documents as may have been received from the Election Commissioners, the patrolman detailed at polling place will deliver same to the warden or clerk of the precinct, allowing no person to take or handle them before such delivery, and hand the key of the registering ballot box to the warden. On delivery of the ballots to the warden, the patrolman will take from him a receipt for the same, which receipt will be returned to the Election Commissioners.

12. After the warden has opened the box and allowed the election officers and the public to see that it is empty, the box is to be again locked and the key given to the patrolman who is to retain it until after the polls have closed, except that, at the request of the warden, the patrolman may allow him to open the box for the purpose of pressing down the ballots, in order to make room for more ballots after which the patrolman will see that the box is again locked, and the key returned to the police officer.

13. The patrolman will obtain from the warden copies of poster, which will be sent to the latter, in relation to smoking and the use of liquor in polling places, and post same in conspicuous places where they may be easily read. Tacks will be sent for the purpose.

14. The warden will deliver to the patrolman detailed at the polling place for his use at that place a copy of the descriptive voting list, which must be returned to the warden at the close of polls.

15. When the polls are opened, the patrolman will mark in the place indicated on tag attached to the key the figures which the register shows before any ballots are cast.

16. At 8 p. m., Tuesday, November 5, when the polls close, one sergeant will report in each of the twenty-two wards (excepting Ward 1, East Boston, for which two sergeants and two motor trucks are provided), to meet motor vehicle at last point of morning distribution; thence to proceed to each of the several precincts in his respective ward, and receive registering ballot box (which must be locked, and key thereof, voting lists envelope, signed by the warden and other election officers, receipts for ballots, unused ballot envelope,

(Continued on page 1198.)

POLICE DEPARTMENT ORDERS.

(Continued from page 1197.)

sealed and certified (containing unused and spoiled ballots), stamps for marking spoiled ballots, receipts for ballots, and check-lists, carry them to the Election Commissioners' office and deliver same to some member of the Board of Election Commissioners.

17. When the polls are closed, the patrolman will mark on the same tag the figures which the register shows after all ballots have been cast. He will then hand the key to the warden, who will open the box and take out all the ballots to be sorted and counted. The warden will then cause the voting lists, including the list used by the police officer, to be sealed up in an envelope and the envelope certified by the signatures of himself and the other election officers and the same returned to the Election Commissioners, as described in section 16 of this order. The patrolman will not allow this envelope to be put into the ballot box. The sergeant who will report on motor vehicle will keep it about his person until delivery at the office of the Election Commissioners. The unused and spoiled ballots are then to be put in the envelope for unused ballots and the envelope sealed and certified.

18. When returning from polls, all motor vehicles must drive to the easterly side of City Hall Annex, Court Square, where ballot boxes will be conveyed by chute to the basement.

19. It is important that the patrolman sees that the voting lists envelope is signed by the warden, clerk and all the inspectors. The patrolman will also see that the special book for signatures of voters is returned in the registering ballot box.

20. In case a patrolman is detailed to relieve another after the close of the polls, the commanding officer will see that he is properly instructed as to the duty of bringing the official returns, the box of ballots cast, and the press returns to the Election Commissioners' office as soon as they are delivered to him by the election officers.

21. When the ballots have all been counted, the ballots thus counted, tally sheets and nothing else, shall be placed by the warden in the leatheroid box for the purpose, which must be sealed up and signed by all the election officers. The patrolman will particularly see that this box is properly sealed up and that all the election officers have signed their names to the certificate on the box. The patrolman will then bring the box, official return, record book, and press return to the City Hall Annex, Court square, and deliver same to the Election Commissioners. The patrolman is directed not to allow the official return, press return or record book to be placed in the leatheroid box.

22. While the polls remain open, an officer of rank will visit the polling place in each division at stated intervals, to be designated by the captain, and in case of any disturbance will report the fact to the commanding officer of the station house without delay. If additional men are needed beyond the number available in that division the officer in charge will communicate immediately with headquarters.

23. Attention is called to the fact that the polls at the State and Presi-

dential Election on Tuesday, November 5, 1940, shall open at 8 o'clock a. m., and close at 8 o'clock p. m.

24. Commanding officers of divisions will see that the officers detailed for duty on State and Presidential Election Day are furnished with a copy of the circular issued by the Board of Election Commissioners, entitled: "Instructions to Police Officers on . . . Election Days."

25. The counting of ballots will be done on one table only with two inspectors counting and two inspectors watching the count.

Notes.

(A) Attention is again called to the last paragraph of the circular, "Instructions to Police Officers on . . . Election Days," which reads: "The police officer is directed not to allow the official return, press return or record book to be placed in the leatheroid box."

On this subject the Board of Election Commissioners writes:

" . . . This matter is very important and we have stressed it for years; still we have difficulty in respect to it at every primary and election. This year we are again giving our election officers special instructions, and we believe that if the officer is alert he can remind the precinct workers that the three items named . . . (official return, press return and record book) are to be given to him to return to the office of the Election Commissioners."

The officer of rank who will visit the polling places in each division (provided for in section 22 of this order), shall at an appropriate time, call to the attention of the police officer and of the warden on duty at the polls, that the official return, press return and record book are not to be placed in the leatheroid box.

They shall be handed to the police officer who will deliver them as set out in the paragraph immediately following:

(B) The officer going to the office of the Board of Election Commissioners with the leatheroid box, after the counting of the ballots, will take with him, in a separate package, the official return, press return and record book, which he shall safely deliver to the Election Commissioners with the leatheroid box, as provided in section 21 of this order.

(C) The police shall enforce the order that smoking is prohibited within the confines of the polling places, during the entire day, while the polls are open, as well as after they are closed.

The Board of Election Commissioners makes special request that the officers detailed at the 386 precincts be instructed to see that this is enforced.

As polling places and their approaches and exits are, in many instances, in buildings used for places of religious worship, to say nothing of the danger to valuable property from careless persons, the importance of these instructions is apparent.

Commanding officers will take notice, and provide means to correct, the following conditions set out in a paragraph of a letter received by the Police Commissioner from the Board of Election Commissioners.

"May we again call your attention to the law which prohibits smoking in any polling place, and ask you to have the officers who are detailed to the three

POLICE DEPARTMENT ORDERS.

(Continued from page 1199.)

hundred and eighty-six (386) precincts make a special effort to see that there is no smoking during the entire day, while the polls are closed as well as after they are open."

(D) The following matter was on a previous occasion brought particularly to the attention of the Police Commissioner in writing by the Board of Election Commissioners.

Commanding officers will see that this cause of complaint, if it again occurs, is corrected.

"During the hours from 6 p. m. to 8 p. m. there has been a large increase in the number of persons who congregate outside the polling places. This makes it disagreeable to voters who are entering and leaving the polling places. May we ask that the police use every effort to relieve this congestion?"

(E) Under date of October 27, 1939, the Board of Election Commissioners wrote to the Police Commissioner as follows:

"We also request that the officers assigned to the polls be reminded that it is the privilege of the voters to watch the count of votes cast; the law specifically states 'The voting lists and all ballots removed from the ballot box shall be kept in open view of the voters present until inclosed and sealed up, and all proceedings in the canvass and counting of votes shall be public and in open view of the voter.'

"It is understood, of course, that no disturbance or crowding is to be allowed and that the voters are to remain outside the rails."

(F) In letter dated October 29, 1940, to the Police Commissioner from the Board of Election Commissioners, on the subject of the coming State and Presidential Election, the following comments are included:

"... In writing to request a detail of officers for work in connection with this election, we find that there are a few matters which should be stressed in instructing the officers who are to be assigned to election duties.

"Important—The Board has voted to allow one representative of each of the two major political parties to act as checker for his party outside the rails in each polling place in the city on the day of the State and Presidential Election.

"We trust that all officers assigned to polling places will be advised that it is also the privilege of the State Committee of each of the two major parties to appoint a challenger in each polling place. (Chapter 275, section 85A of the Acts of 1937.) The challenger should be able to present a letter from his State Committee authorizing him to serve. He is to be permitted to locate himself where he can see and hear each voter as he presents himself. (Of course the appointment of challengers by the State Committees in no way affects the right of any voter to challenge another.)

"May we emphasize once more the necessity for instructing your men to handle the ballot boxes with care. Despite our persistent repetition of this warning, we still have boxes returned looking as if they had been thrown or kicked. Since ballot boxes represent an investment of a considerable amount of

money, we ask once more that you request your officers to do all they can to protect the boxes from mistreatment."

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 534.

General Order No. 533, dated October 31, 1940, is hereby amended by striking out paragraph 25 in its entirety and inserting in place thereof, the following new paragraph:

"The counting of ballots will be done on two tables. The warden will be in charge of one table and the clerk will be in charge of the other table. For the purpose of expediting the count, his Honor the Mayor has instructed the Board of Election Commissioners to place two additional inspectors in each polling place at six o'clock p. m., on election day, who are to remain there until the count is completed."

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 535

The commissioner desires to reiterate the importance of all officers paying particular attention to the following provisions of the election laws on election day, Tuesday, November 5, 1940.

From the opening to the close of the polls, there shall be detailed an additional police officer outside of each of the three hundred and eighty-six (386) polling places in the city. This provision is made to prevent alleged continued violations of the election laws relative to distribution of campaign literature within 150 feet of a polling place, and to remedy conditions at polling places, reported by the Board of Election Commissioners, which have brought complaints from voters to the effect that campaign workers and loiterers outside of the polls have hampered their progress to and from voting.

All officers detailed to the polls will be watchful and alert, and make prosecutions against any persons voting or attempting to vote illegally.

Commanding officers will see that these instructions are strictly complied with.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

CANOPY, ETC., AT MAVERICK SQUARE.

The Mayor has approved the following structure as requested by Col. T. F. Sullivan of the Transit Department:

BOSTON, Oct. 25, 1940.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR MR. MAYOR,—I return herewith your letter of October 15 from Mr. Edward Dana, relative to the erection of a canopy and new curbing at the Maverick square surface level of the East Boston Tunnel.

The attached plan is colored to show the new shelter and the addition to the bus platform.

The estimated cost of these alterations is \$6,500, which, if approved by you, will be added to the cost of the East Boston Tunnel and paid for in the form of increased rental.

The existing structure was erected previous to the operation of buses in the district, hence, no provision was made for the thousands of passengers who now have occasion to use the East Boston Tunnel car service daily.

Very truly yours,

THOMAS F. SULLIVAN,
Chairman.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be sixty (60) days, vehicles are excluded from the following streets, effective November 1, 1940:

Brent Street, Dorchester.

From Talbot avenue to Wainwright street.

Langdon Street, Roxbury.

From Dudley street to Norfolk avenue.

Medway Street, Dorchester.

From Adams street to the railroad bridge.

Sprague Street, Hyde Park.

From Milton street to the Boston-Dedham line.

Water Street, Dorchester.

From Lawley street to Taylor street.

Willow Street, West Roxbury.

From Centre street to Weld street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway construction, estimated to be ten (10) days, vehicles are excluded from the following street, effective November 5, 1940:

Massachusetts Avenue.

Southwest roadway, from Shawmut avenue to Tremont street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be sixty (60) days, vehicles are excluded from the following street, effective November 4, 1940:

Newark Street, Roxbury.

From Cedar street to the dead end.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer of 10-inch pipe and a surface drain of 15-inch pipe (W. P. A. Project 665-14-2-1167; Work Project 20-303) in Veterans of Foreign Wars Parkway (northerly side), between 140 feet east of La Grange street and 1,300 feet easterly, in the West Roxbury district, at an estimated cost of \$49,795.

A surface drain of 2-foot 6-inch and 2-foot 3-inch circular concrete and 20-inch and 24-inch pipe and rebuild five catch-basins (W. P. A. Project 665-14-2-1167; Work Project 20303) in Washington street, between Edgemere road and Weymouth Heights avenue, in the West Roxbury district, at an estimated cost of \$58,817.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence. The lists established as a result of these examinations will be used to fill all vacancies in these classifications in the various State departments.

CORRECTION OFFICERS AT STATE PRISON, MASSACHUSETTS REFORMATORY, STATE PRISON COLONY, BRIDGEWATER STATE FARM AND HOUSE OF CORRECTION, DEER ISLAND; GUARDS IN PUBLIC PARKS AND FERRIES, NOVEMBER 23, 1940.

For state, cities, and such towns as are classified under civil service.

Last date for filing applications, Saturday, November 9, 1940, at 12 noon.

As vacancies occur, the position of watchman will be filled from the list established as a result of this examination.

The entrance salary for correction officer is \$1,560 a year; the maximum salary is \$2,040 a year.

The salary range for guards is from \$5.50 a day to \$36 a week. The salary range for watchmen is from \$420 a year with room and board to \$35 a week without maintenance.

Duties, Correction Officer: Under supervision, to act as watch officer on the wall, at gates or on the grounds of the State Prison or Massachusetts Reformatory; to act as officer in charge of a section of the prison buildings either day or night; to assist officers of higher grades; on occasion to act as relief officer on work of higher grades; to assist in general guard duty; and to perform related work as required.

Duties, Watchman: Under general supervision, during an assigned shift, to guard buildings, grounds and movable property against trespass or damage by fire or other cause, and to care for fires, answer telephones, help with cleaning, or perform other incidental work assigned, during the tour of duty.

Entrance Requirements: General Laws, chapter 125, section 4A, provides: "In certifying the names of persons eligible to appointment as correction officers at the state prison, state prison colony, Massachusetts reformatory and state farm, the commissioner of civil service shall certify the names of persons over the age of twenty-two and under the age of forty." A certificate of date of birth must be filed with the application, unless one has been filed with a previous application.

Applicants for the aforementioned positions must be not less than 5 feet 7 inches in height and weigh not less than 135 pounds.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination and qualifying strength tests.

Applicants must obtain at least 70 per cent in the strength test in order to become eligible.

FEMALE PAROLE OFFICER, DEPARTMENT OF CORRECTION, NOVEMBER 30, 1940.

Last date for filing applications, Saturday, November 16, 1940, at 12 noon.

The entrance salary for female parole officer is \$1,500 a year; the maximum salary for female parole officer is \$2,040 a year.

Duties: Under general supervision, to follow up cases of prisoners and inmates paroled from penal or reformatory institutions and aid them in their readjustment to life in the community; to procure and serve warrants in cases of parole violations and return the parolees to institutions; to transfer prisoners between institutions; and to perform related work as required.

Applicants should be familiar with the statutes and parole board rules regulating the release procedure in this Commonwealth. These statutes include sections 128 to 151 of chapter 127 of the General Laws, also sections 85 and 86 of the same chapter.

Entrance Requirements: Applicants must have had at least one year of satisfactory full-time, paid experience in any or all of the following: (1) In work in a penal or correctional institution, department or agency, including training schools. (2) In work as probation officer. (3) In work in a social case work capacity with an acceptable agency dealing with family or individual problems of maladjustment on an intensive case work basis.

Substitution of Education for Experience: Graduation from a recognized college with major study in the social sciences may be substituted for the one year's paid experience.

Applicants who have not reached their twenty-second birthday or who have passed their fortieth birthday on the last date for filing applications will not be eligible to apply. A certificate of date of birth must be filed with the application, unless one has been filed with a previous application.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

FEMALE HEAD SOCIAL WORKER, WORCESTER STATE HOSPITAL, NOVEMBER 30, 1940.

Last date for filing applications, Saturday, November 16, 1940, at 12 noon.

The entrance salary, without maintenance, is \$2,160 a year; the maximum salary, without maintenance, is \$2,520 a year. The salary of the present vacancy is \$1,800 a year and maintenance.

Duties, Administrative: Planning the work of the department in coordination with that of other departments in the hospital; assignment of cases for investigation, supervision and therapy; supervision of case work of the four workers and students; supervision of family care—investigation of boarding homes, placement and supervision of patients.

Duties, Teaching: Instruction and supervision of social workers in order that the quality of work may constantly be improved and new techniques evaluated and adopted; to intelligently interpret to her subordinates the role of the social worker in the relationship to the client; instruction of graduate students from schools of social work who are

placed at the hospital for field work while getting their master's degree; instruction of graduate medical residents in psychiatry, internes and medical students in the theory of psychiatric social work and social service techniques; instruction of post-graduate and affiliate nurses in social problems and resources; instruction of occupational therapy students in social problems and resources.

Social Treatment: A thorough knowledge of the methods of social case work and attitude therapy.

Duties, Community Relationship: Cooperative planning with the heads of other agencies for student training; cooperative work with other social agencies on case work; lectures to community groups interested in the mental hygiene aspects of social work; and a comprehensive knowledge of community resources for the rehabilitation of mental patients.

Entrance Requirements: Applicants must have five years of satisfactory full-time paid experience in a social case work capacity in a recognized public or private social case work agency, of which at least three years shall have been in psychiatric social work.

Substitution of Education: Graduation from a two-year graduate course in an accredited school of social work may be substituted for two years of the above experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

MALE PSYCHOLOGIST, STATE FARM, NOVEMBER 30, 1940.

Last date for filing applications, Saturday, November 16, 1940, at 12 noon.

The entrance salary, with maintenance, is \$1,320 a year; the maximum salary, with maintenance, is \$1,800 a year. The entrance salary, without maintenance, is \$1,680 a year; the maximum salary, without maintenance, is \$2,160 a year. The salary of the present vacancy is \$1,680 a year without maintenance.

Duties: Under supervision, to examine patients in the State Hospital Department, prisoners, defective delinquents, inebriates and drug addicts for mental development; should know and apply the psychological methods of testing and measuring intelligence, and make an analytical interpretation of each case; to conduct special studies along psychological lines; and to perform related work as required.

Entrance Requirement: Applicants must have at least two years' experience in psychiatric work.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

CINCINNATI'S NEW SPORTS FIELD.

Cincinnati's outstanding recreational event of the past year has been the opening of its 200-acre Airport Sports Field—an instantaneous success. Although far from completion and lacking in many necessary facilities, it is already paying its own way. *American City Magazine.*

LOCATION OF STREET.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the location, direction, width and grade of the private way, in the Dorchester district, designated as Rangeley street, between Gallivan Boulevard and Rangeley street, as shown on a plan approved in writing by the Board of Street Commissioners and on file in the office of the Street Laying-Out Department, be, and the same hereby is, approved.

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE EXAMINERS OF ELECTRICIANS, 1940.

Examinations will be held at the following points and on the following dates:
Boston, Wednesday, November 13.
Lowell, Thursday, November 14.
Boston, Wednesday, December 4.
New Bedford, Thursday, December 5.
New Bedford, Friday, December 6.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes. Examination shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held and only those so notified will be examined on that day.

STEPHEN C. GARRITY,
WALTER F. DOWNEY,
ULYSSES J. LUPIN,
ALBERT FRANK,
WALTER J. KENEFICK,

State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 303, 14 Beacon street, Boston, Mass.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

NURSE, BOSTON HEALTH DEPARTMENT,
DECEMBER 7, 1940.

Last date for filing applications, Saturday, November 23, 1940, at 12 noon.

Salary: The entrance salary is \$1,400 a year; the maximum salary is \$1,800 a year. At the present time there are five permanent and four temporary vacancies.

Duties: To do public health nursing in the fields of communicable diseases, child hygiene, school nursing, tuberculosis and health service for day nurseries. These duties include both field and clinic services.

Entrance Requirements: Applicants must be registered nurses under the State Division of Registration of Nurses.

Applicants who have passed their forty-fifth birthday will not be eligible to apply. A certificate of date of birth must be filed with the application unless one has been filed with a previous application.

Applicants must have six months' experience in public health nursing or six months' experience on the staff of a public health nursing organization under qualified supervision.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

MEDICAL SOCIAL WORKER, LONG ISLAND
HOSPITAL, INSTITUTIONS DEPARTMENT,
DECEMBER 7, 1940.

Last date for filing applications, Saturday, November 23, 1940, at 12 noon.

Salary: \$1,200 per year and maintenance.

Duties: To assist the medical and administrative staff relative to the social adjustment of patients in the hospital, institution or in the community. To gather social data, analyze situations and assist in following out plans through the use of social resources and individual social treatment.

Entrance Requirement: Applicants must have at least one year's experience in medical social work in a hospital or in field work.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

NOTE.—Information concerning the results of this examination will not be available until at least sixty days after the examination has been held. If the eligible list is established in the meantime, all applicants will be notified.

Under the Civil Service Rules, a person whose name is on an existing eligible list may apply for and take a new examination for the same service if a new examination is held during his period of eligibility. His status, however, will be determined by the result of the later examination.

No specimen questions are available.

SEWAGE TREATMENT PLANT CONSTRUCTION ON THE INCREASE.

Owing to the economic conditions prevailing during the past year, there was but a relatively small volume of sewage treatment plant construction. Within recent months, however, there has been a decided impetus to new construction of this type growing out of the Public Works Administration allotments. Nearly 700 cities have received allotments of funds from the P. W. A. for sewerage or sewage treatment, involving an aggregate expenditure of well over \$200,000,000.

TO PROTECT MINORS.

Buffalo is considering an ordinance, similar to the one in effect in New York City, for the protection of minors in theaters. It permits children, unaccompanied by adults, only in theaters licensed as to adequate sanitary and safety provisions, sets aside a certain section for them and requires the presence of a licensed matron.

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about six thousand two hundred fifty (6,250) square feet of land on the southwesterly side of Garfield avenue, Hyde Park, and more fully described in a tax deed recorded with Suffolk Deeds, Book 5215, page 464, on Wednesday, November 13, 1940, at 10.30 a. m., on the premises, at a minimum price of one hundred twenty-five dollars (\$125).

A deposit required at the time and place of sale of fifty dollars (\$50), in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, 47 City Hall, Boston, Mass.

DANIEL M. DRISCOLL,
Custodian of Foreclosed Real Estate.

(Nov. 2-9.)

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about fifteen thousand four hundred square feet (15,400) of land on Bobolink street, West Roxbury, being lots 10a, 11a and 13, and more fully described in tax deeds recorded with Suffolk Deeds, registered Land Division Document No. 131067, noted on Certificate No. 28471; Document No. 131068, Certificate No. 28471; Document No. 119299, Certificate No. 28471 and No. 29031, on Wednesday, November 13, 1940, at 11 a. m., on the premises, at a minimum price of seventy-five dollars (\$75) for each lot.

A deposit required at the time and place of sale of fifty dollars (\$50) in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, 47 City Hall, Boston, Mass.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING LUMBER.

The Supply Department of the City of Boston invites proposals for furnishing lumber to the Boston City Hospital and Sewer Division, Public Works Department, as per specifications to be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex. *There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out.* The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston, if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. ENVELOPES CONTAINING BIDS TO BE SEALED AND PLAINLY MARKED "PROPOSAL FOR LUMBER." The bids will be publicly opened and read at 12 m., Friday, November 15, 1940, at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(Nov. 9.) Superintendent of Supplies.

CITY OF BOSTON.

EMPLOYEES' CREDIT UNION.

NOTICE OF ANNUAL MEETING.

BOSTON, MASS., November 9, 1940.

The twenty-sixth annual meeting of the City of Boston Employees' Credit Union will be held Tuesday, November 19, 1940, at 4.30 p. m., in Room 401, City Hall Annex, Boston.

JOHN J. CONNELLY,
(Nov. 9-16.) Clerk.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING HAY, GRAIN, STRAW AND POULTRY RATIONS.

The Supply Department of the City of Boston invites proposals for furnishing hay, grain, straw and poultry rations for city departments, as per specifications contained in forms which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. ENVELOPES CONTAINING BIDS TO BE SEALED AND PLAINLY MARKED "PROPOSAL FOR HAY, GRAIN, STRAW, ETC." *There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out.* The bids will be publicly opened and read Tuesday, November 19, 1940, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(Nov. 9.) Superintendent of Supplies.

SUPPLY DEPARTMENT.

The City of Boston invites proposals for furnishing fruits, vegetables, meats, butter, eggs and cheese.

Proposals for furnishing fruits and vegetables close at 11 a. m. daily at the Supply Department. Proposals for furnishing meats and butter, eggs and cheese close every Thursday at 2 p. m. Proposals for furnishing manufactured meat products close the last Thursday of each month at 2 p. m.

Proposals and specifications for the above may be obtained in Room 1001, City Hall Annex.

JOHN A. BREEN,
Superintendent of Supplies.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 32.

SATURDAY, NOVEMBER 16, 1940.

No. 46

MAYOR TOBIN WELCOMES NEW ENGLAND CONFERENCE OF CREDIT MEN — DISCUSSES PROBLEMS OF BUSINESS AND COMMERCE AS RELATED TO CREDIT — POINTS OUT IMPORTANCE COMMERCIAL OF DISTRICT AS CENTER OF NEW ENGLAND SHOPPING, AND SHOWS THE CONNECTING LINK BETWEEN CREDIT AND THE GREAT DEVELOPMENT OF THE COUNTRY IN THE PAST HALF-CENTURY — PRESENT WORLD CONDITIONS MAKING CONFERENCE OF VAST IMPORTANCE ALSO IN INTERNATIONAL TRADE RELATIONS, HE COMMENTS.

In his address of welcome to open the New England Credit Conference, on November 14, Mayor Tobin spoke in part, as follows:

I wonder if I am not eligible to membership in the Boston Credit Men's Association, which is the host body to this conference? The Mayor of Boston is, in effect, the city's credit manager, though in inverse ratio. It is your job to ascertain the reliability and financial responsibility of the individual or firm that wishes to transact business with your house; it is my responsibility to maintain such an administration that those who are thinking of investing in City of Boston bonds will feel sure that our financial condition is such that the investment will be lucrative. I am glad to state that Boston's credit rating now is such that we are able to borrow money at the lowest interest rates in the city's history.

In welcoming this conference to Boston, let me point out the commercial importance of this center of New England shopping. There are 10,649 retail stores in our city doing a volume of business approximating half a billion dollars a year and employing 60,968 persons, whose wages amount to nearly \$55,000,000 annually.

Backbone of Business.

Credit is the backbone of business and more so today, perhaps, than at any other time in our history. It crops up in many forms — instalment buying, budget plans, credit unions, co-operative banks, mutual savings banks, and many others. Retail stores are constantly widening credit activities so that the credit manager is assuming a more important role. Recently I heard of a fifty-nine-year-old food purveying business in the neighboring community of Watertown that passed out of existence because of a poorly-managed system of extending credit, and that was one object lesson of the need of supervision of that phase of the business.

The Federal Bureau of Foreign and Domestic Commerce has figures to show that in 1939 this country's business volume included \$25,376,000,000 in cash sales, \$8,414,000,000 in open credit, and \$4,160,000,000 in instalment purchases. In other words, approximately half of the total volume represented credit transactions.

Probably the greatest object lesson is automotive production. Because of credit, it has become America's Number One industry and the greater part of retail sales of both cars and trucks are made on credit. Of the new cars produced, 90 per cent wholesale at less than \$750 each, and this low cost is possible only because of the enormous volume which credit buying makes possible. Up to the end of the 1940 model year, the industry marketed 2,723,718 passenger cars and 520,560 commercial units and trucks. In that same period, the industry provided jobs for 6,500,000 workers, or one seventh of the total number of workers in the nation. The pay roll amounted to \$639,756,000, and capital invested is \$1,302,906,000. The auto factories use the products of farms, mines, glass factories, rubber factories, oil refineries and many other forms of business.

Function of Co-operative Banks.

Co-operative banks, which came into existence sixty-three years ago, represent another form of credit and provide a practical method for those of limited means to work toward a definite goal, both in accumulation of money and the purchase of homes. Massachusetts has 184 of these institutions, with total assets of \$387,000,000 and 338,000 members who own 3,600,710 shares. But it is the making possible of owning homes on credit that gives the co-operative bank such a position of importance. At present, more than 120,500 homes are being acquired on time, the loans averaging \$2,669.

Mutual savings banks of Massachusetts hold first-mortgage loans of nearly one billion dollars on real estate. It is interesting to note that the National Association of Mutual Savings Banks was organized in Boston nearly twenty years ago. In the entire country, these banks have entrusted to their care more than ten billions of dollars in fifteen and one-half millions of accounts.

(Continued on page 1207.)

"O Boston, fair City enthroned like a radiant queen,
From thy hill looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKEL DOLB.

CITY RECORD.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, November 18, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marqueses, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables slaughter-houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 73 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending Nov. 9, 1940.

Population as of July, 1940, Massachusetts State Census, 817,713; population estimated July, 1940, United States Census Bureau, 769,520; number of deaths (stillbirths excluded): Residents, 167; nonresidents, 42; total, 209.

Death rate per 1,000 of population: All deaths, 14.12; nonresidents deducted, 11.28.

Death rate per 1,000 of population:

Last week, 16.22; corresponding week last year, 11.14.

Deaths by age periods, sex, etc.: Under one year, 16; one year to four years, inclusive, 2; sixty years and over, 131. Total deaths: Male, 100; female, 109; deaths in hospitals and institutions, 114; deaths of colored, 3.

REPORTABLE DISEASES: CASES AND DEATHS.*

MAYOR WELCOMES CREDIT MEN.

(Continued from page 1205.)

There are 192 of these banks in this Commonwealth — more than in any other state. They hold \$2,136,934,623 in deposits, representing 2,820,601 accounts, this out of a total population of about 4,000,000. In Massachusetts they hold first-mortgage loans on real estate of nearly a billion dollars, and that represents credit in capital letters.

Another angle of the credit business hinges on Christmas clubs. It is generally accepted that the person who saves \$50 or \$100 by this means spends far more than that amount in purchasing Christmas gifts and purchases the balance on credit in our stores.

Mutual savings banks are one of the principal proponents of these clubs and this year they, alone, will distribute \$61,384,914 to 1,438,732 Christmas savers. Such banks in Massachusetts will hand out \$14,400,000 to 354,000 Christmas accounts. For the entire country, in all types of banks, the aggregate of Christmas Club savings is between \$250,000,000 and \$300,000,000, the property of approximately 5,000,000 subscribers, which means that probably half as much again will be expended in purchases that are "on the cuff." In the case of mutual savings banks the increase in such deposits this year over last amounts to about \$5,000,000.

THRIFT HABIT ENCOURAGED.

The credit union originated in this Commonwealth and is a typical Massachusetts contribution to the thrift habit which is gauged to help the wage earner. There are 386 of them in this state, which ranks second only to Illinois in that respect, but Massachusetts has the most members, 168,800, and is first in assets of credit unions, with \$20,831,000.

We have one of our own in City Hall. It has been in operation twenty-six years and in the past year loaned \$913,194 to city workers, the loans being insured by assignment of wages. There were 4,085 borrowers and the Union has 6,838 shareholders, whose shares pay 8 per cent interest.

I could go on for an hour detailing other instances of the extension of credit, but the examples I have cited are a sufficient object lesson of what credit means.

On looking over your program I notice you have scheduled talks on international trade relations, Government contracts, and other important subjects. It has long been evident that present world conditions will make your function more and more important. Rearmament and post-rearmament business will entail vast credit transactions, and the release of a flood of money to workers on the many projects involved in the present national program will mean the bursting of the dam that has held back mass retail buying for so long. Accordingly I feel that you are facing a herculean task in your various lines—a task that will enable you to more and more prove your worth to the nation's business.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A surface drain of 12-inch pipe and seven catch-basins (W. P. A. Project 665-14-2-1167; Work Project 20303) in Portina road, between Wiltshire road and 100 feet southwesterly of Colwell avenue, in the Brighton district, at an estimated cost of \$7,330.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, November 14:

The Mayor has approved the following promotions or adjustments in compensation:

FIRE DEPARTMENT.

James J. Cox, 30 Wendover street, Dorchester, from ladderman at \$2,100 a year to lieutenant at \$2,500 a year.

Edward F. McGlinchey, 50 Monument square, Charlestown, from lieutenant at \$2,500 a year to captain at \$2,700 a year.

John E. Broughton, 405 K street, South Boston, from hoseman at \$2,100 a year to lieutenant at \$2,500 a year.

Edward J. Welch, 40 Boutwell street, Dorchester, from hoseman at \$2,100 a year to lieutenant at \$2,500 a year.

James J. Flanagan, 98 Forest Hills street, Jamaica Plain, from apparatus operator at \$2,200 a year to lieutenant at \$2,500 a year.

Bartholomew F. Clements, 827 East Third street, South Boston, from hoseman at \$2,100 a year to lieutenant at \$2,500 a year.

Thomas P. Brennan, 15 Edison green, Dorchester, from aid to commissioner at \$2,300 a year to lieutenant at \$2,500 a year.

Francis A. Nicholson, 1580 Tremont street, Roxbury, from lieutenant (drill-master) at \$2,700 a year to captain (drill-master) at \$2,700 a year.

POLICE DEPARTMENT ORDERS.

General Order No. 536.

The following communication is published for the information and guidance of the department:

THE COMMONWEALTH OF MASSACHUSETTS,
DEPARTMENT OF CIVIL SERVICE AND
REGISTRATION,
DIVISION OF CIVIL SERVICE,
STATE HOUSE, BOSTON,
November 2, 1940.

To the Appointing Authorities of Police and Fire Departments.

DEAR SIR,—Pursuant to requests and recommendations that have been received from police and fire chiefs, and in order to protect in so far as it is possible the civil service rights of members of Police and Fire Departments who have been inducted into, or who have enlisted in the military or naval service of the United States for the duration of the Selective Service Act, I am submitting the following policies which have been approved by the Civil Service Commission, and which are subject to your approval as appointing authority:

(1.) If a regular patrolman or fireman is inducted into or volunteers for service in the military or naval service of the United States for the duration of the Selective Service Act, his position shall be covered by the employment of a member of the regular reserve force.

(2.) If a permanent vacancy occurs in the department through the death, resignation, or by any other cause, of a regular patrolman or fireman, and, if the reserve officer who would have been selected to fill this permanent position is inducted into or enlists in the military or naval service for the duration of the Selective Service Act, his name will be certified for the permanent appointment and such appointment shall be

made, if satisfactory to the appointing officer. In this event, his position as a member of the regular force will be covered by the employment of a member of the regular reserve force.

(3.) If a promotional examination becomes necessary and persons eligible to take it have been inducted into or have enlisted in the military or naval service of the United States for the duration of the Selective Service Act, notification will be sent to such eligible applicants of the date of the promotional examination, and, if they desire to take such examination, arrangements will be made by the Division of Civil Service so that the examination may be taken in whatever jurisdiction they may be located.

(4.) If such persons qualify on the list in a position to be certified, their names will be certified, and if the appointing officer desires to appoint them, such appointment will be approved by this division, and the position in the interim may be filled by a temporary appointment.

Very truly yours,

ULYSSES J. LUPINI,
Director of Civil Service.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of track reconstruction by the Boston Elevated Railway and roadway resurfacing in Tremont street, estimated to be thirty (30) days, the following rules are effective November 12, 1940:

Parking of vehicles is prohibited in the following streets:

Hampshire Street, Roxbury.

North side, from Ruggles street to Whittier street.

Whittier Street, Roxbury.

Both sides, from Hampshire street to Tremont street.

The following streets are one way in the direction indicated:

Cabot Street, Roxbury.

From Ruggles street to Tremont street.

Hampshire Street, Roxbury.

From Whittier street to Ruggles street.

Tremont Street, Roxbury.

From Cabot street to Whittier street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of activities connected with the draft registration in the South Armory, parking of vehicles is prohibited in the following street from November 18, 1940, to November 22, 1940, inclusive:

Irvington Street.

Both sides, from St. Botolph street to the railroad, 7 a. m. to 6 p. m.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be sixty (60) days, vehicles are excluded from the following street, effective November 14, 1940:

M Street, South Boston.

From East Fourth street to East Eighth street.

PARK LEAGUE CHAMPIONSHIP FOOTBALL GAME AT FENWAY PARK.

On Sunday afternoon, November 17, the championship football game of the Boston Park League will be played at Fenway Park, home of the Boston Red Sox, between the Mattapan Merchants and the St. Alphonsus Athletic Association of Roxbury, winners of the league's East and West divisional titles. There will be no admission charge of any kind, following the Park Department policy of last year when 27,000 persons attended to witness the Codmans and St. Lazarus deadlock 6-6.

Last year's record throng was the largest ever to attend an amateur football game in the East, and the clash won national recognition because of the size of the crowd attending.

More than 40,000 seats will be absolutely free. Red Sox General Manager Eddie Collins will turn over the entire Fenway plant to Park Commissioner Long and Bill Mullen for the classic and the Park officials will have available every facility which will be used the day before by Boston College and Georgetown.

The kick-off will be at 2.15 p. m. and the gates will be opened at one o'clock with Mayor Maurice J. Tobin, a member of the St. Alphonsus Association and an ardent Park League follower, presiding at the ceremonies prior to the opening whistle.

FIRE DEPARTMENT ORDERS.

• General Order No. 52.

I. JOHN J. MAGNER.

It is with deep regret that the Fire Commissioner announces the death, on October 30, 1940, of Hoseman John J. Magner of Engine Company 36. Hoseman Magner was appointed to the department on April 27, 1917.

The funeral was held from Reade's Funeral Parlor, 109 Warren street, Charlestown, at 9.15 a. m., Saturday, November 2, 1940, followed by services at St. Mary's Church, Warren street, Charlestown, at 10 a. m.

The chief of department detailed the Military Drill Company to act as a funeral escort and the members of Engine Company 36 were excused from duty in order to attend the services.

II. EXAMINATION FOR PROMOTION TO DEPUTY CHIEF.

The Department of Civil Service and Registration of the Commonwealth of Massachusetts announces that an examination for promotion to the grade of deputy chief in the Boston Fire Department, at \$4,500 per annum, will be held on December 7, 1940, and will be open to permanent district chiefs in the department who have served as such for at least six months immediately preceding the date of examination. Applicants who have been off duty for more than three months during the period prescribed may be admitted to the examination only by permission of the Director of Civil Service.

Duties: The regular duties of a deputy fire chief.

The subjects and weights of the examination are as follows:

Seniority, 3; report, 2; practical questions, 10; total, 15.

Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Application blanks may be obtained from the office of the Fire Commissioner. The vouchers on these blanks need not be filled out. When completed, applications should be sent to the Division of Civil Service, Room 143-152, State House, Boston. Applications must be placed on file not later than Saturday, November 23, 1940, at 12 noon.

Applicants will be notified of the time and place of examination.

Exchange of time off will be allowed so that officers desiring to take the examination will be allowed to do so without interfering with the efficiency of the department.

III. EXAMINATION FOR PROMOTION TO DISTRICT CHIEF.

The Department of Civil Service and Registration of the Commonwealth of Massachusetts announces that an examination for promotion to the grade of district chief in the Boston Fire Department, at \$4,000 per annum, will be held on December 14, 1940, and will be open to permanent captains in the department who have served as such, in accordance with Civil Service Rules, for at least two years immediately preceding the date of examination. Applicants who have been off duty for more than three months during the period prescribed may be admitted to the examination only by permission of the Director of Civil Service.

Duties: The regular duties of a district fire chief.

The subjects and weights of the examination are as follows:

Seniority, 3; report, 2; practical questions, 10; total, 15.

Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Application blanks may be obtained from the office of the Fire Commissioner. The vouchers on these blanks need not be filled out. When completed, applications should be sent to the Division of Civil Service, Rooms 143-152, State House, Boston. Applications must be placed on file not later than Saturday, November 30, 1940, at 12 noon.

Applicants will be notified of the time and place of examination.

Exchange of time off will be allowed so that the officers desiring to take the examination will be allowed to do so without interfering with the efficiency of the department.

V. G. A. C. ASSIGNMENTS.

The following signal numbers are to be added to the running cards of the General Alarm Corporation in this department:

Signal 188, R. H. White Company, 504-516 Washington street, Boston.

Signal 189, R. H. White Company, 518-536 Washington street, Boston.

Signal 191, R. H. White Company, 538-552 Washington street, Boston.

Signal 192, R. H. White Company, 36-48 Harrison avenue, Boston.

Signal 193, R. H. White Company, Norfolk place, Boston.

Apparatus to respond to signals 188 to 193, inclusive: Engine 7, Ladder 17, District Chief 5. Nearest box to all these signals is No. 12-1461.

VI. BOSTON AUTOMATIC SIGNALS DISCONTINUED.

The following signals of the Boston Automatic Fire Alarm Company have been discontinued, as of November 1, 1940:

Signal 166, Building, 506-516 Washington street, corner Bedford street.

Signal 643, Building, 518-536 Washington street.

Signal 646, Building, 538-552 Washington street, corner Norfolk place.

VII. CHANGE OF STREET NAMES.

Notices have been received of the following changes in street names:

Faunce road, Dorchester, formerly

Fremont place, from Fremont street to Cookson terrace.

Rockvale Circle, West Roxbury, formerly Reym Circle, from Washington street, southeasterly.

VIII. CHANGE OF FIRE ALARM BOX LOCATION.

Fire Alarm Box 3479 has been moved from Minot and Saranac streets to Minot and Branton streets, Dorchester.

Company commanders shall make the necessary correction on assignment cards for Box 3479.

By order of Fire Commissioner
WILLIAM ARTHUR REILLY.

SAMUEL J. POPE,
Chief of Department.

MAYOR TOBIN AT NATIONAL DEFENSE CONFERENCE.

Mayor Fiorello LaGuardia, President of the United States Mayors' Conference, has been requested by the National Defense Advisory Commission in Washington to designate two Mayors from the East to attend the meeting in Washington November 12 with the National Defense Advisory Commission to assist in a study of the part the municipal fire services should play in the Defense Program. Mayor LaGuardia has designated Mayor Tobin of Boston as one of the two Mayors. The Mayor will be accompanied by the Fire Commissioner, William Arthur Reilly.

TRANSFERS IN APPROPRIATIONS.

City Auditor Charles J. Fox announces the following transfers in appropriations in departments of the City of Boston, approved by his Honor the Mayor:

PUBLIC WORKS DEPARTMENT.

BOSTON, November 2, 1940.

FRANCIS X. LANG,

Budget Commissioner.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Public Works Department:

From the appropriation for Ferry Service, Item H, \$2,000; Sanitary Service, Item H, \$4,000; Bridge Service, Item H, \$5,000, to the appropriation for Paving Service, Item H, \$11,000.

To provide funds for Paving Service projects now in operation.

Respectfully,

GEORGE G. HYLAND,
Commissioner.

The above transfer was made by the City Auditor with the approval of the Mayor November 4, 1940.

PUBLIC WORKS DEPARTMENT (Highway Division).

BOSTON, October 24, 1940.

FRANCIS X. LANG,

Budget Commissioner.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Public Works Department, Highway Division:

From the appropriation for Street Lighting Service, B-8, Light, Heat and Power, \$2,000, to the appropriation for Paving Service, B-42, Miscellaneous Service, \$2,000.

A saving was made in the Lighting Service by changing 1500 C. P. lamps to 1000 C. P. Mazda lamps and it is imperative that the Paving Service do some emergency sidewalk work before the cold weather sets in.

Respectfully,

GEORGE G. HYLAND,
Commissioner.

The above transfer was made by the City Auditor with the approval of the Mayor November 4, 1940.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be sixty (60) days, vehicles are excluded from the following streets, effective November 7, 1940:

Easton Street, Brighton.

From Franklin street to Mansfield street.

Pratt Street, Brighton.

From Ashford street to Linden street.

Tilesboro Street, Dorchester.

From Farrell street to Neponset avenue.

Tufts Street, Charlestown.

From Bunker Hill street to Medford street.

Winborough Street, Hyde Park.

From Taunton street to Tileston street.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, the following street is one way in the direction indicated, effective November 6, 1940:

Decatur Street, Charlestown.

From Bunker Hill street to Medford street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway construction, estimated to be three (3) weeks, the following street is one way in the direction indicated, effective November 6, 1940:

Atlantic Avenue.

From Kneeland street to Beach street.

METROPOLITAN DISTRICT, 1938.

Total valuation of the 43 cities and towns in the Metropolitan District in 1938 was \$3,499,398,193 and the property tax on the same was \$130,474,309. The average tax rate was \$33.28. Strictly speaking, tax rates cannot be averaged. A rate of \$37.28 would be required to raise \$130,474,309 on a valuation of \$3,499,398,198. Of the total valuation, 44.37 per cent applied to property in Boston.

The total valuation of the 13 cities in the district was \$1,126,838,735 with a total property tax of \$42,494,084, requiring a tax rate of \$37.71.

Boston's tax rate of \$41.30 was exceeded by Chelsea (\$46.20), Revere (\$47.00), Saugus (\$46.00) and Somerville (\$43.90).

U. S. MARINE CORPS DAY PROCLAMATION.

Since its creation by an Act of Congress on November 10, 1775, the United States Marine Corps has served as our first line of defence and its record is one of glorious achievement.

In addition to its service in all our wars since it came into being, the Marine Corps has carried out difficult assignments on remote islands and in out-of-the-way places. Perhaps the greatest page in its history was written in blood in Belleau Wood.

The Marine Corps has always been the first unit called upon to maintain the Munroe Doctrine, which guarantees the Americas from foreign invasion or aggression and the motto of the Corps, "Semper Fidelis," has never been besmirched throughout its 165 years of history.

Now, therefore, I, as Mayor of Boston, direct that on Sunday, November 10, 1940, which will be Marine Corps Day, the flag be flown from all public buildings and ask that it be displayed from private homes and places of business.

And I ask that citizens who are interested in the affairs of our armed services attend the exercises which the Marine Corps League will hold in Faneuil Hall as a further tribute to the United States Marine Corps and its halloved dead.

MAURICE J. TOBIN,
Mayor of Boston.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

(STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence. The lists established as a result of these examinations will be used to fill all vacancies in these classifications in the various State departments.

JUNIOR ACCOUNTANT, AUDITOR'S DEPARTMENT, NOVEMBER 30, 1940.

Last date for filing applications, Saturday, November 16, 1940, at 12 noon.

Requisition is for a male, but the examination is open to both females and males.

The entrance salary is \$1,680 a year; the maximum salary is \$2,160 a year.

Duties: Under immediate supervision to perform all the work in connection with an audit of the accounts of a state department or a state institution and this may be described in a general way as follows: Reconciliation of cash; reconciliation of bank accounts; verification of footings; trial balances of ledgers, general ledger, accounts receivable ledger, stock books, etc.; reconciliation of appropriation, income and refund accounts with the records in the Comptroller's Bureau; accounting for income through use of serially numbered form; the actual counting of articles in the storeroom—physical inventories, the detail checking in connection with the examination of income, such as checking sales slips to the cash books, dates of admissions and discharges from weekly returns of accounts receivable ledger,

postings from books of original entry to ledgers; detail checking in connection with annual farm report, as, for instance, the reconciliation of farm products transferred to storeroom as shown by the farm report with the farms products actually received as reflected by the institution stock books, analysis of the monthly census reports of livestock; patients' funds, the detail checking of receipt vouchers to the cash book and detailed vouching of cash disbursements to canceled checks or proper vouchers; canteen, the taking of a physical inventory of merchandise on hand for sale and the valuing of same, vouching of disbursements to canceled checks or other proper vouchers; and trust funds, the detailed vouching of disbursements to canceled checks and checking of the income from savings bank books to the cash book.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

PLANT PEST SUPPRESSOR, BLISTER RUST CONTROL, DEPARTMENT OF AGRICULTURE, NOVEMBER 30, 1940.

Last date for filing applications, Saturday, November 16, 1940, at 12 noon.

The salary of this position ranges from \$4.12 to \$5.00 a day.

Duties: To examine lands for the purpose of locating wild and cultivated

currant and gooseberry bushes which act as agents in the spread of the white pine blister rust disease. To instruct and supervise property owners and others in the practice of control measures. To make out daily and weekly reports and to prepare field maps.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

PLANT PEST SUPPRESSOR, NURSERY INSPECTOR AND SCOUT FOR PESTS, DEPARTMENT OF AGRICULTURE, NOVEMBER 30, 1940.

Last date for filing applications, Saturday, November 16, 1940, at 12 noon.

The salary of this position ranges from \$4.12 to \$5.00 a day.

Duties: To inspect nurseries for insect pests and plant diseases and to give advice in controlling destructive plant pests that might be injurious to crops, orchards or forest plantings. To make field surveys and scout for dangerous pests, including those that have been brought into this country.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

NURSE, BOSTON HEALTH DEPARTMENT, DECEMBER 7, 1940.

Last date for filing applications, Saturday, November 23, 1940, at 12 noon.

Salary: The entrance salary is \$1,400 a year; the maximum salary is \$1,800 a year. At the present time there are five permanent and four temporary vacancies.

Duties: To do public health nursing in the fields of communicable diseases, child hygiene, school nursing, tuberculosis and health service for day nurseries. These duties include both field and clinic services.

Entrance Requirements: Applicants must be registered nurses under the State Division of Registration of Nurses.

Applicants who have passed their forty-fifth birthday will not be eligible to apply. A certificate of date of birth must be filed with the application unless one has been filed with a previous application.

Applicants must have six months' experience in public health nursing or six months' experience on the staff of a public health nursing organization under qualified supervision.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

MEDICAL SOCIAL WORKER, LONG ISLAND HOSPITAL, INSTITUTIONS DEPARTMENT, DECEMBER 7, 1940.

Last date for filing applications, Saturday, November 23, 1940, at 12 noon.

Salary: \$1,200 per year and maintenance.

Duties: To assist the medical and administrative staff relative to the social adjustment of patients in the hospital, institution or in the community. To gather social data, analyze situations and assist in following out plans through the use of social resources and individual social treatment.

Entrance Requirement: Applicants must have at least one year's experience in medical social work in a hospital or in field work.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

NOTE.—Information concerning the results of this examination will not be available until at least sixty days after the examination has been held. If the eligible list is established in the meantime, all applicants will be notified.

Under the Civil Service Rules, a person whose name is on an existing eligible list may apply for and take a new examination for the same service if a new examination is held during his period of eligibility. His status, however, will be determined by the result of the later examination.

No specimen questions are available.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence. The lists established as a result of these examinations will be used to fill all vacancies in these classifications in the various State departments.

CORRECTION OFFICERS AT STATE PRISON, MASSACHUSETTS REFORMATORY, STATE PRISON COLONY, BRIDGEWATER STATE FARM AND HOUSE OF CORRECTION, DEER ISLAND; GUARDS IN PUBLIC PARKS AND FERRIES, NOVEMBER 23, 1940.

For state, cities, and such towns as are classified under civil service.

Last date for filing applications, Saturday, November 9, 1940, at 12 noon.

As vacancies occur, the position of watchman will be filled from the list established as a result of this examination.

The entrance salary for correction officer is \$1,560 a year; the maximum salary is \$2,040 a year.

The salary range for guards is from \$5.50 a day to \$36 a week. The salary range for watchmen is from \$420 a year with room and board to \$35 a week without maintenance.

Duties, Correction Officer: Under supervision, to act as watch officer on the wall, at gates or on the grounds of the State Prison or Massachusetts Reformatory; to act as officer in charge of a section of the prison buildings either day or night; to assist officers of higher grades; on occasion to act as relief officer on work of higher grades; to assist in general guard duty; and to perform related work as required.

Duties, Watchman: Under general supervision, during an assigned shift, to guard buildings, grounds and movable property against trespass or damage by fire or other cause, and to care for fires, answer telephones, help with cleaning, or perform other incidental work assigned, during the tour of duty.

Entrance Requirements: General Laws, chapter 125, section 4A, provides: "In certifying the names of persons eligible to appointment as correction officers at the state prison, state prison colony, Massachusetts reformatory and state farm, the commissioner of civil service shall certify the names of persons over the age of twenty-two and under the age of forty." A certificate of date of birth must be filed with the application, unless one has been filed with a previous application.

Applicants for the aforementioned positions must be not less than 5 feet 7 inches in height and weigh not less than 135 pounds.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination and qualifying strength tests.

Applicants must obtain at least 70 per cent in the strength test in order to become eligible.

FEMALE PAROLE OFFICER, DEPARTMENT OF CORRECTION, NOVEMBER 30, 1940.

Last date for filing applications, Saturday, November 16, 1940, at 12 noon.

The entrance salary for female parole officer is \$1,500 a year; the maximum salary for female parole officer is \$2,040 a year.

Duties: Under general supervision, to follow up cases of prisoners and inmates paroled from penal or reformatory institutions and aid them in their readjustment to life in the community; to procure and serve warrants in cases of parole violations and return the parolees to institutions; to transfer prisoners between institutions; and to perform related work as required.

Applicants should be familiar with the statutes and parole board rules regulating the release procedure in this Commonwealth. These statutes include sections 128 to 151 of chapter 127 of the General Laws, also sections 85 and 86 of the same chapter.

Entrance Requirements: Applicants must have had at least one year of satisfactory full-time, paid experience in any or all of the following: (1) In work in a penal or correctional institution, department or agency, including training schools. (2) In work as probation officer. (3) In work in a social case work capacity with an acceptable agency dealing with family or individual problems of maladjustment on an intensive case work basis.

Substitution of Education for Experience: Graduation from a recognized college with major study in the social sciences may be substituted for the one year's paid experience.

Applicants who have not reached their twenty-second birthday or who have passed their fortieth birthday on the last date for filing applications will not be eligible to apply. A certificate of date of birth must be filed with the application, unless one has been filed with a previous application.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

FEMALE HEAD SOCIAL WORKER, WORCESTER STATE HOSPITAL, NOVEMBER 30, 1940.

Last date for filing applications, Saturday, November 16, 1940, at 12 noon.

The entrance salary, without maintenance, is \$2,160 a year; the maximum salary, without maintenance, is \$2,520 a year. The salary of the present vacancy is \$1,800 a year and maintenance.

Duties, Administrative: Planning the work of the department in coordination with that of other departments in the hospital; assignment of cases for investigation, supervision and therapy; supervision of case work of the four workers and students; supervision of family care—investigation of boarding homes, placement and supervision of patients.

Duties, Teaching: Instruction and supervision of social workers in order that the quality of work may constantly be improved and new techniques evaluated and adopted; to intelligently interpret to her subordinates the role of the social worker in the relationship to the client; instruction of graduate students from schools of social work who are placed at the hospital for field work while

getting their master's degree; instruction of graduate medical residents in psychiatry, internes and medical students in the theory of psychiatric social work and social service techniques; instruction of post-graduate and affiliate nurses in social problems and resources; instruction of occupational therapy students in social problems and resources.

Social Treatment: A thorough knowledge of the methods of social case work and attitude therapy.

Duties, Community Relationship: Cooperative planning with the heads of other agencies for student training; cooperative work with other social agencies on case work; lectures to community groups interested in the mental hygiene aspects of social work; and a comprehensive knowledge of community resources for the rehabilitation of mental patients.

Entrance Requirements: Applicants must have five years of satisfactory full-time paid experience in a social case work capacity in a recognized public or private social case work agency, of which at least three years shall have been in psychiatric social work.

Substitution of Education: Graduation from a two-year graduate course in an accredited school of social work may be substituted for two years of the above experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

MALE PSYCHOLOGIST, STATE FARM, NOVEMBER 30, 1940.

Last date for filing applications, Saturday, November 16, 1940, at 12 noon.

The entrance salary, with maintenance, is \$1,320 a year; the maximum salary, with maintenance, is \$1,800 a year. The entrance salary, without maintenance, is \$1,680 a year; the maximum salary, without maintenance, is \$2,160 a year. The salary of the present vacancy is \$1,680 a year without maintenance.

Duties: Under supervision, to examine patients in the State Hospital Department, prisoners, defective delinquents, inebriates and drug addicts for mental development; should know and apply the psychological methods of testing and measuring intelligence, and make an analytical interpretation of each case; to conduct special studies along psychological lines; and to perform related work as required.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

CINCINNATI'S NEW SPORTS FIELD.

Cincinnati's outstanding recreational event of the past year has been the opening of its 200-acre Airport Sports Field—an instantaneous success. Although far from completion and lacking in many necessary facilities, it is already paying its own way. *American City Magazine.*

PROCEEDINGS OF CITY COUNCIL.

Monday, October 28, 1940.

Regular meeting of the City Council in the Council Chamber, City Hall, at 2 p. m., Coun. WARD in the chair, acting temporarily for President Galvin. Absent, Coun. Englert, Hurley and Shattuck.

The meeting was opened with the salute to the Flag.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments, viz.:

Weighter of Coal: John J. McDevitt, 56 Lithgow street, Dorchester, Mass.

Weighters of Goods: Peter B. Keane, 170 Hamilton street, Dorchester, Mass.; Daniel J. Flynn, 100 Robey street, Dorchester, Mass.

Severally laid over a week under the law.

PLAYGROUND FOR SMALL CHILDREN, WARD 13.

The following was received:

City of Boston,
Office of the Mayor, October 26, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Park Department Chairman relative to your order of October 21, 1940, concerning the establishing of a playground for small children on the city-owned lot bounded by Dudley street, Howard avenue, Harlow and Folsom streets, Ward 13.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Park Department, October 25, 1940.
William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of October 23, with inclosure, order from the City Council regarding the possibility of establishing a playground for small children on city-owned land bounded by Dudley street, Howard avenue, Harlow and Folsom streets, Ward 13.

Please be assured an immediate engineering survey will be made of this area and a report submitted to his Honor the Mayor in the near future.

Very truly yours,
WILLIAM P. LONG, Chairman.

Placed on file.

SUPERVISION AND MEDICAL ATTENTION AT FOOTBALL GAMES.

The following was received:

City of Boston,
Office of the Mayor, October 28, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Park Department Chairman relative to your order of October 14, 1940, concerning the providing of more adequate police supervision at football games, conducted on local playgrounds, and to provide, also, proper medical attendance so that injuries requiring immediate attention may be cared for at once.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Park Department, October 23, 1940.
William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of October 22, with inclosure, order from the City Council requesting additional police supervision at football games, also proper medical attendance.

Please be assured every consideration will be given to this Council order.

The Park Department football games are supervised by Park Department officials—there is no necessity for additional police. Also, the Park Department employees have passed the first-aid examination and are capable of handling everything of an ordinary nature. Serious injuries have never taken place on our playgrounds while under our supervision (for which we are very thankful). In the event of such, they would be immediately rushed to the hospital.

Very truly yours,
WILLIAM P. LONG, Chairman.

Placed on file.

STEAMER FOR USE OF MILITARY PERSONNEL IN HARBOR.

The following was received:

City of Boston,
Office of the Mayor, October 28, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Penal Institutions Commissioner relative to your order of October 14, 1940, concerning the conferring with the commanding officer of the Harbor Defenses of Boston for the purpose of

contributing the services of the steamer "Perkins" to military personnel now stationed in Boston Harbor.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Penal Institutions Department,
October 24, 1940.

Mr. William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—I have your memorandum together with attached City Council order concerning the conferring with the commanding officer of the Harbor Defenses of Boston for the purpose of contributing the services of the steamer "Perkins" to military personnel now stationed in Boston Harbor.

About a month ago I talked with Captain McGraw of the Harbor Defenses, offering the services of the "Perkins" to the military personnel, and he informed me that they had secured a boat by the name of "Block Island" from Providence to take care of the transportation of their men.

Sincerely yours,
JOSEPH P. DONAHOE,
Penal Institutions Commissioner.
Placed on file.

RECONSTRUCTION OF WEST FIFTH STREET, WARD 7.

The following was received:

City of Boston,
Office of the Mayor, October 28, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of October 14, 1940, concerning the reconstruction of West Fifth street, from F to Dorchester streets, Ward 7, and install artificial stone sidewalks thereon, as a W. P. A. project.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
October 25, 1940.
To William T. Doyle, Chief Clerk, Mayor's Office.

From George G. Hyland, Commissioner, Public Works Department.
Subject: West Fifth Street, Ward 7.

I return herewith order in City Council that the Commissioner of Public Works reconstruct West Fifth street, from F to Dorchester streets, Ward 7, and install artificial stone sidewalks thereon, as a W. P. A. project.

I regret to inform you that, due to the lateness of the season, it would be impractical to submit any more projects for the reconstruction of streets and the installation of artificial stone sidewalks until the coming spring.

This street, therefore, will be given consideration for the submission for approval on a W. P. A. project in the early part of next year.

Respectfully,
GEORGE G. HYLAND,
Commissioner of Public Works.
Placed on file.

NOTIFICATION TO COUNCILORS RE HEARINGS.

The following was received:

City of Boston,
Office of the Mayor, October 28, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Board of Zoning Adjustment engineer relative to your order of October 21, 1940, concerning the notifying members of the City Council personally by mail when hearings are arranged with reference to matters affecting their respective wards.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Board of Zoning Adjustment,
October 25, 1940.
To William T. Doyle, Chief Clerk, Mayor's Office.
From Frank H. Malley, Engineer, Board of Zoning Adjustment.

In reply to your communication of October 23 inclosing the following City Council order:
"Ordered, That the Board of Appeal and Zoning Board be requested, through his Honor the Mayor, to notify members of the City Council personally by mail when hearings are arranged with reference to matters affecting their respective wards."
In City Council, October 21, 1940. Passed.

Attest:
W. J. DOYLE, City Clerk."

It has been the custom of this department since the enactment of the law to notify the Mayor, the councilor, representatives and senator of the district where a change in the zoning law is contemplated.

Very truly yours,
FRANK H. MALLEY,
Engineer, Board of Zoning Adjustment.
Placed on file.

FLOODING OF WARD 3 PLAYGROUNDS.

The following was received:

City of Boston,
Office of the Mayor, October 28, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Park Department Chairman relative to your order of October 21, 1940, concerning the making of definite plans for the flooding of all playgrounds in the Ward 3 district and particularly the tennis courts located on the Esplanade.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Park Department, October 25, 1940.
William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—I am acknowledging your memorandum of October 23 with inclosure, order from the City Council that the playground in Ward 3 be flooded for skating.

Please be assured, anywhere it is humanly possible to flood areas for skating in all sections of the City, the Park Department will be pleased to do same.

Very truly yours,
WILLIAM P. LONG, Chairman.

Placed on file.

CURVE AT OLD HARBOR TO MERCER STREETS.

The following was received:

City of Boston,
Office of the Mayor, October 26, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of September 30, 1940, concerning the taking of two or three feet off the sidewalk on East Eighth street, from Old Harbor to Mercer streets, for the purpose of eliminating the dangerous curve that exists at this location.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
October 21, 1940.
To William T. Doyle, Chief Clerk, Mayor's Office.
From George G. Hyland, Commissioner, Public Works Department.
Subject: Reducing the Width of Sidewalk on East Eighth Street.

I return herewith order in City Council that the Commissioner of Public Works take two or three feet off the sidewalk on East Eighth street, from Old Harbor to Mercer streets, for the purpose of eliminating the dangerous curve that exists at this location.

A study has been made of the sidewalk on this street and we intend to put a large radius curb at the bend, approximately eighty feet beyond Gates street. By so doing this will reduce the width of the sidewalk from nine to six feet for a distance of approximately sixty feet which will give the vehicular traffic approximately three more feet in the roadway at this point.

GEORGE G. HYLAND,
Commissioner of Public Works.
Placed on file.

NUTRITION CLASSES IN SCHOOLS.

The following was received:

City of Boston,
Office of the Mayor, October 28, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Boston School Committee Secretary relative to your order of September 16, 1940, concerning the reconsidering the decision to close nutrition classes in schools where they formerly existed with a view to restoring these classes for the school year 1940-41, and, at the same time, installing any additional classes that may be necessary in other schools throughout the city.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
School Committee, October 23, 1940.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,—At a meeting of the City Council held on September 16 the following order was passed:

"Ordered, That the Boston School Committee be requested, through his Honor the Mayor, to reconsider their decision to close nutrition classes in schools where they formerly existed with a view to restoring these classes for the school year 1940-41, and, at the same time, installing any additional classes that may be necessary in other schools throughout the city."

A somewhat similar order was passed by the Council on October 14, 1940.

The School Committee would respectfully inform the Council that because of the considerable expense of maintenance of these nutrition classes

which benefit but few children, it was felt that it will be better to distribute the money in such manner as will care for a greater number. Carrying out this policy, the School Committee, after careful consideration, discontinued nutrition classes in certain sections of the city where it seemed their continuance was not warranted under existing conditions.

Other ways have been devised for meeting the needs of the children who are found to be under-nourished; for example, free milk is to be furnished children reported by the Department of School Hygiene as under-nourished and needy. A careful check is being made at this time for the purpose of securing dependable statistics and the milk distribution will start at a very early date.

Five free school luncheon centers will be operating very shortly in sections of the city where it appears that the need is greatest. Thus the Committee is in effect extending the advantages which have been offered by the nutrition classes.

The Committee also would call the attention of the Council to the fact that the workers who were appointed to the nutrition classes that have been discontinued have been placed in cafeteria service without change of rank or salary.

Very truly yours,
ELLEN M. CRONIN, Secretary.

Placed on file.

ONE-WAY STREETS IN WARD 9.

The following was received:

City of Boston,
Office of the Mayor, October 28, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Traffic Commissioner relative to your order of August 19, 1940, concerning the making of the following streets in Ward 9 one way:

Roxbury street, from Shawmut avenue to Eliot square; Vernon street, from Washington street to Tremont street; Ruggles street, from Tremont street to Washington street; Cabot street, from Linden Park street to Tremont street; Kent street, from Vernon street to Roxbury street; Linden Park street, from Tremont street to Roxbury street.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Traffic Commission, October 21, 1940.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,—This will acknowledge receipt of Council order dated August 19, 1940, which reads as follows:

"Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to make the following streets in Ward 9 one way:

Roxbury street, from Shawmut avenue to Eliot square; Vernon street, from Washington street to Tremont street; Ruggles street, from Tremont street to Washington street; Cabot street, from Linden Park street to Tremont street; Kent street, from Vernon street to Roxbury street; Linden Park street, from Tremont street to Roxbury street."

At a meeting of this commission held on October 17, 1940, it was voted to make the above streets one way in the direction indicated.

Respectfully yours,
WILLIAM P. HICKEY, Commissioner.
Placed on file.

HARRISON AVENUE "THROUGH WAY."

The following was received:

City of Boston,
Office of the Mayor, October 28, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Traffic Commissioner relative to your order of September 30, 1940, concerning the advisability of making Harrison avenue a through way from Union Park street to Dudley street, with suitable signs to designate "Through Way."

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Traffic Commission, October 19, 1940.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,—This is in reply to Council order dated September 30, 1940, which reads as follows: "Ordered, That the Boston Traffic Commission be requested, through his Honor the Mayor, to consider the advisability of making Harrison avenue a through way, from Union Park street to Dudley street, with suitable signs to designate this 'Through Way.'"

Blue Hill avenue is the only "Through Way" in the City of Boston and there are more accidents in this street than in any other street in the city.

It has been our experience that making a street a "Through Way" increases the speed of vehicles in that street.

It is the opinion of our engineers that nothing should be done to increase vehicular speed through Harrison avenue.

Respectfully yours,
WILLIAM P. HICKEY, Commissioner.
Placed on file.

LOCAL FARES ON INTOWN BUS LINES.

The following was received:

City of Boston,
Office of the Mayor, October 23, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the President and General Manager of the Boston Elevated Railway relative to your order of July 1, 1940, concerning the local fares on four intown bus lines from five cents to ten cents, which in the opinion of the City Council is unwarranted and unfair to the citizens of Boston, that the Boston Elevated Railway Trustees be requested, through his Honor, the Mayor, to re-establish the five-cent local fare.

Respectfully,
MAURICE J. TOBIN, Mayor.
—
Boston Elevated Railway,
October 24, 1940.

Mr. William T. Doyle,
Chief Clerk, Mayor's Office.
Dear Sir,—The Board of Trustees have directed me to reply to the orders of the City Council relative to fares on certain downtown bus lines.

A careful analysis has been made of this entire situation. Before the change in fares on June 3, three of these lines were on a five-cent fare basis, operating at a loss which added just so much to the deficit paid by the taxpayers. Today these lines are not operating at a loss on the ten-cent fare basis.

In the case of the Massachusetts Station-Bowdoin Square line, it appears that without danger of a loss it will be possible to operate this line on the basis of two five-cent fare zones, namely, one from Massachusetts Station to Park Square and one from Park Square to Bowdoin Square, and the change will shortly be placed in operation.

Very truly yours,
EDWARD DANA,
President and General Manager.
Placed on file.

SHELTER IN CODMAN SQUARE.

The following was received:

City of Boston,
Office of the Mayor, October 28, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the President and General Manager relative to your order of October 21, 1940, concerning the making plans for the construction of a shelter in Codman square, Ward 17, which will protect passengers while waiting for transportation, since Codman square is a transfer point.

Respectfully,
MAURICE J. TOBIN, Mayor.
—
Boston Elevated Railway,
October 25, 1940.

Mr. William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—In reply to your letter of October 23 with order of the City Council requesting the construction of a shelter in Codman square, I would say that the matter of providing shelters at stopping places and transfer points on the system has been given careful consideration by the trustees, but in view of the expense involved, frequency of service, etc., they do not feel that shelters can be justified.

It will, of course, be readily appreciated that it would be very expensive to provide shelters at all points on our system where there is considerable transferring between lines or at points where patrons wait for a car or bus, and the maintenance of such shelters would add to the deficit.

EDWARD DANA,

REPAIR OF JOHNSON MEMORIAL, FENWAY.

The following was received:

City of Boston,
Office of the Mayor, October 28, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Park Department Chairman relative to your order of October 14, 1940, concerning the arranging for a thorough cleaning of the Johnson Memorial at the entrance of the Fenway and also to arrange for the replacement of the missing balusters in the balustrade of said memorial.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Park Department, October 23, 1940.
William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of October 22, with inclosure, order from the City Council that the Park Department arrange for a cleaning of the Johnson Memorial.

Please be informed, all memorials in the city come under the jurisdiction of the Art Commission. I will be glad to replace the missing balusters in the balustrade of the Johnson Memorial, upon request of said Art Commission.

Very truly yours,
WILLIAM P. LONG, Chairman.
Placed on file.

SIDEWALKS ON CALL STREET, WARD 11.

The following was received:

City of Boston,
Office of the Mayor, October 28, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of September 30, 1940, concerning the installation of sidewalks on Call street, between Bishop and Hall streets, Ward 11, under the W. P. A. type of construction.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department, October 25, 1940.
To William T. Doyle, Chief Clerk, Mayor's Office.
From George G. Hyland, Commissioner, Public Works Department.

Subject: Call Street, Ward 11.
I return herewith order in City Council that the Commissioner of Public Works install sidewalks on Call street, between Bishop and Hall streets, Ward 11, under the W. P. A. type of construction.

Please be advised that the installation of bituminous concrete sidewalks on this street will be given consideration for submission for approval on a W. P. A. Project during the early part of next year.

GEORGE G. HYLAND,
Commissioner of Public Works.
Placed on file.

RESURFACING BROADWAY, SOUTH BOSTON.

The following was received:

City of Boston,
Office of the Mayor, October 28, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of October 14, 1940, concerning the resurfacing with smooth pavement, Broadway, South Boston, from Dorchester avenue to L street, under the W. P. A. plan of construction.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
October 25, 1940.
To William T. Doyle, Chief Clerk, Mayor's Office.

From George G. Hyland, Commissioner, Public Works Department.
Subject: Broadway, South Boston.

I return herewith order in City Council that the Commissioner of Public Works resurface with smooth pavement, Broadway, South Boston, from Dorchester avenue to L street, under the W. P. A. plan of construction.

This street is now paved with smooth pavement, in fair condition, and can be taken care of by surface patching, and the district foreman has been instructed to take care of same.

GEORGE G. HYLAND,
Commissioner of Public Works.
Placed on file.

SALE OF LAND ON CHESTNUT HILL AVENUE.

The following was received:

City of Boston,
Office of the Mayor, October 26, 1940.
To the City Council.

Gentlemen,—I am forwarding herewith an order for the sale of city-owned land on Chestnut Hill avenue, Brighton, to the Temple B'nai Moshe.

The land in question comprises an area of 52,067 feet in one parcel and 8,074 square feet in another parcel, and is part of a site used by the Brighton district paving yard. This paving yard is to be abandoned and transferred to the Western avenue site in the Brighton district.

The proposed purchasers of this land now occupy adjoining land and have agreed to pay to the city \$5,000 for the two parcels referred to.

I am of the opinion that in view of the fact that the purchaser of this land is a religious organization which desires the land for necessary expansion purposes, that its offer to purchase these two parcels at the price agreed, i. e., \$5,000, should be accepted by the city without the customary sale by public auction.

I respectfully request approval of the accompanying order by your Honorable Body.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
October 26, 1940

Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—I am inclosing four copies of an order that have been prepared by the Law Department for transmittal to the City Council relative to the proposed sale, to the Temple B'nai Moshe, of a portion of a lot of land located on Chestnut Hill avenue, Brighton, that is under the jurisdiction of the Public Works Department.

The areas, shown as parcels C and D on the inclosed plan, are of no use to this department and, in view of this, it would be to the best interests of the city to dispose of them. They represent a comparatively small portion of the entire tract of land which is used, at the present time, as a site for the Brighton district paving yard. It is my intention to eventually abandon this location and transfer the paving yard to the Western avenue site, which is now used by the Water Division as a district yard.

The agreed selling price of \$5,000 is reasonable, taking into consideration that the purchaser is a religious organization and not an organization operating on a commercial basis.

I respectfully recommend approval of the order.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Whereas, The City of Boston owns in fee certain lands situated on the southeasterly side of Chestnut Hill avenue in the Brighton district of the City of Boston. The title to said lands was acquired by a deed dated July 21, 1882, recorded with Suffolk County Deeds, Book 1567, page 593; and

Whereas, Certain parcels of said lands, hereinafter described, are no longer needed for public purposes; and

Whereas, Temple B'nai Moshe, a religious corporation organized and existing under the laws of the Commonwealth of Massachusetts, is desirous of obtaining the ownership of the said parcels of land hereinafter described; now, therefore, it is hereby

Ordered, That his Honor the Mayor be, and he hereby is, authorized to convey to the said Temple B'nai Moshe by an instrument in writing satisfactory in form to the Law Department of the City of Boston and in consideration of the sum of five thousand (5,000) dollars to be paid to the City of Boston, all the City of Boston's right, title and interest in and to the said parcels of land hereinafter referred to and bounded and described as follows:

Parcel C.—Northwesterly by the southeasterly side line of Chestnut Hill avenue by two measurements, thirty-five (35) feet and two hundred twenty-eight and 54-100 (228.54) feet, respectively; northwesterly by the southwesterly side line of Ledgemere road two hundred thirty-eight and 26-100 (238.26) feet; southeasterly by the northwesterly side line of Burkland terrace, two hundred sixty-six and 15-100 (266.15) feet; southwesterly by the northeasterly side line of Atwood road, one hundred ninety and 35-100 (190.35) feet, containing fifty-two thousand sixty-seven (52,067) square feet, more or less.

Parcel D.—Northwesterly by the southeasterly side line of Chestnut Hill avenue, by two measurements, eight and 28-100 (8.28) feet and one hundred eleven and 72-100 (111.72) feet, respectively; northeasterly by land now or formerly of Temple B'nai Israel, seventy-two and 42-100 (72.42) feet; easterly by other land of the City of Boston, one hundred twenty (120) feet; southwesterly by the northeasterly side line of Ledgemere road, seventy-two and 42-100 (72.42) feet, containing eight thousand seventy-four (8,074) square feet of land, more or less.

Said lands, "Parcel C" and "Parcel D," are shown on a plan marked "City of Boston, Chest-

nut Hill Avenue, Brighton, October 15, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department."

Referred to Executive Committee.

SALE OF LAND IN DEDHAM.

The following was received:

City of Boston,
Office of the Mayor, October 26, 1940.
To the City Council.

Gentlemen,—The City of Boston is owner of a parcel of land situated in the town of Dedham, which is no longer needed by the city for any public purpose. Since 1911, the date of the annexation of Hyde Park, which town had ownership of this piece of land, this parcel of land has been in the custody of our city.

I am informed by the Commissioner of Public Works, whose communication is herewith attached, that the land is assessed for \$7,000, but that in his opinion a sale of the land will bring little more than \$1,000.

In view of the fact that the assessment of the town of Dedham on this parcel of land calls for the payment of approximately \$240 a year in taxes by our city, and in view of the fact that the said land is not needed for any public purpose and not proposed to be used for any public purpose, I am in agreement with the Commissioner of Public Works that the said lot of land should be sold at public auction.

I therefore transmit to your Honorable Body the inclosed order and recommend its passage.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
October 26, 1940.

Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—I am inclosing, for transmittal to the City Council for approval by that Body, four copies of an order that have been prepared by the Law Department authorizing, in substance, the sale, by the Commissioner of Public Works, of a parcel of land owned by the City of Boston and located in Dedham. For your further information and for the information of the councilors, I am also inclosing a blueprint copy of a plan of the land.

This land has been under the jurisdiction of the Water Division of this department since Hyde Park was annexed to Boston in 1911. Prior to that time the Hyde Park Water Department obtained its water from this source by means of a battery of wells that were located on the land. Subsequent to the annexation of Hyde Park to Boston all of the water consumed in Hyde Park has been furnished from the same source as the water used in other sections of the city, namely, by the Metropolitan District Commission.

The land is assessed for \$7,000 and we are obligated to pay to the town of Dedham an average of \$240 per year as taxes. It is not, and never will be, in my opinion, of use to the City of Boston and, in view of this, the sensible thing to do is to try and dispose of it, if for no other reason than to save the annual amount paid to Dedham as taxes.

Despite the amount of the assessment, I do not believe that we will receive much over \$1,000 for the land, and I therefore have established that amount as an upset price. There is a possibility, of course, that we will not receive any bids, as I have had a "For Sale" sign located on the lot for the past six months and only one person has made inquiries relative to it. On the other hand, because of the availability of an adequate supply of water at low cost, manufacturers that use a large amount of water in their business might be interested in purchasing the land and constructing a factory on it.

I feel that there is something to gain and nothing to lose in trying to dispose of the land in accordance with the provisions of the inclosed order.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Whereas, The City of Boston owns in fee a certain parcel of land situated on the northerly side of River and Milton streets in the town of Dedham, Massachusetts. The title to the said land was acquired by the inhabitants of Hyde Park by deed dated March 29, 1910, recorded with Norfolk Deeds, Book 1137, page 628, and vested in the City of Boston through the annexation of the town of Hyde Park to the City of Boston by the provisions of chapter 469 of the Acts of 1911; and

Whereas, The said parcel of land, hereinafter described, is no longer needed for public purposes; now, therefore, it is hereby

Ordered, That the Commissioner of Public Works of the City of Boston be, and he hereby is, authorized to sell at public auction at an upset price of one thousand (1,000) dollars the said parcel of land hereinafter described; and it is hereby further

Ordered, That his Honor the Mayor be, and he hereby is, authorized to execute and deliver in the name and behalf of the City of Boston to a purchaser at said public auction, a written instrument, satisfactory in form to the Law Department of the City of Boston, conveying said parcel of land, bounded and described as follows:

Southerly by River street, by two measurements, one hundred forty and 65-100 (140.65) feet and four hundred seventy-five and 58-100 (475.58) feet respectively; southwesterly by Milton street, by two measurements, five hundred twenty-four and 94-100 (524.94) feet, and fourteen and 65-100 (14.65) feet, respectively; westerly by lands now or formerly of George A. Marier and Joseph Montisano by two measurements one hundred fifty and 10-100 (150.10) feet, and two hundred twenty (220) feet, more or less, respectively; northerly by Mother Brook, so called, nine hundred seventy-five (975) feet, more or less; easterly by lands now or formerly of George M. Riley, Salvatore Eannella, and by Paradise lane, by six measurements, one hundred six (106) feet, more or less, ninety-one and 72-100 (91.72) feet, thirty-six and 80-100 (36.80) feet, one hundred eighty-five and 57-100 (185.57) feet, one hundred eighteen and 8-100 (118.08) feet, and one hundred eighteen and 64-100 (118.64) feet, respectively; containing eleven and 61-100 (11.61) acres, more or less.

Said land and all of said measurements are shown on a plan marked "City of Boston, Milton Street, River Street, Dedham, October 9, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department," on file in the office of said Street Laying-Out Department, City Hall Annex, Boston, Mass.

Referred to Committee on Public Lands.

OFFER OF LAND FOR PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, October 28, 1940.
To the Honorable the City Council.

Gentlemen,—Reverend George A. Conway, C. S. S. R., President of the Boston Society of Redeptorist Fathers, has offered to lease to the City of Boston for a term of years upon a nominal consideration two contiguous parcels of land owned by the said Society and situated on the southwesterly side of Alleghany street and on the northeasterly side of Cherokee street in the Mission Hill section of the Roxbury district of the City of Boston, for playground purposes.

The two contiguous parcels of land offered to the City of Boston contain approximately twenty-two thousand four hundred eighty-one (22,481) square feet and the location of this land is such that I believe it is ideally situated and suitable for playground purposes.

The acquisition of this land by the City of Boston will provide for the children of this congested area of our city space upon which they may enjoy recreation, play, sport, and physical education, and thereby tend to promote the health, safety and happiness of the youth of the district.

I am of the opinion that this most generous offer of the Boston Society of Redeptorist Fathers should be accepted by the City of Boston.

I therefore recommend passage of the accompanying order.

Respectfully,
MAURICE J. TOBIN, Mayor.

Whereas, The Boston Society of Redeptorist Fathers is the owner of two contiguous parcels of land, Lot A, containing approximately nineteen thousand six hundred fifty-eight (19,658) square feet, and Lot B, containing approximately two thousand eight hundred twenty-three (2,823) square feet, situated on the southwesterly side of Alleghany street and on the northeasterly side of Cherokee street in the Mission Hill section of the Roxbury district of the City of Boston; and

Whereas, The Boston Society of Redeptorist Fathers is desirous of leasing the said parcels of land for a nominal consideration to the City of Boston for playground purposes; now, therefore, it is hereby

Ordered, That his Honor the Mayor of the City of Boston be, and he hereby is, authorized to execute and accept in the name and behalf of the City of Boston an instrument in writing satisfactory in form to the Law Department of the City of Boston, whereby the Boston Society of Redeptorist Fathers lease to the City of Boston for playground purposes for the term of ten (10) years with the right of renewal for an additional period of ten (10) years and upon the consideration to be paid by the City of Boston of the sum of one (1) dollar per year, the said two parcels of land bounded and described as follows:

Lot A.—Northeasterly by Alleghany street, one hundred twenty-five and 93-100 (125.93) feet; southeasterly by Lot B, hereinafter described, one hundred sixty and 65-100 (160.65) feet; southwesterly by Cherokee street, one hundred twenty-five and 45-100 (125.45) feet; northwesterly by land now or formerly of Rebecca C. B. Liffier et al., one hundred fifty-two and 50-100 (152.50) feet, containing nineteen thousand six hundred fifty-eight (19,658) square feet of land, more or less.

Lot B.—Northeasterly by Alleghany street, seventeen and 50-100 (17.50) feet; southeasterly by land now or formerly of Alonzo W. Folsom heirs or devisees one hundred sixty-two (162) feet; southwesterly by Cherokee street, seventeen and 54-100 (17.54) feet; northwesterly by Lot A, hereinafter described, one hundred sixty and 65-100 (160.65) feet, containing two thousand

eight hundred twenty-three (2,823) square feet of land, more or less.

Lot A and Lot B and all said measurements are shown on a plan prepared by John H. Burroughs, C. E., dated February 12, 1925, and recorded with Suffolk Deeds, Book 4654, page 445; and it is hereby further

Ordered, That upon the execution of the foregoing authorized lease the said premises therein leased to the City of Boston are hereby placed in the care, custody and control of the Park Department of the City of Boston for playground purposes. Referred to Executive Committee.

TAX TITLE LOANS.

The following was received:

City of Boston,
Office of the Mayor, October 28, 1940.
To the City Council.

Gentlemen,—At the present time the total of tax titles in the possession of the city exceeds by over two million, three hundred thousand dollars (\$2,300,000) the total of outstanding loans secured from the Commonwealth by the pledging of tax titles. In accordance with the established financial policy of the city, I desire to use the major portion of this excess to support further borrowings from the Commonwealth, the proceeds of said borrowings to be applied to the payment of outstanding revenue anticipation notes. I submit herewith an order authorizing the City Treasurer to secure a loan of two million dollars (\$2,000,000) from the Commonwealth and respectfully recommend its adoption by your Honorable Body.

Respectfully submitted,

MAURICE J. TOBIN, Mayor.

Ordered, That under the provisions of chapter 49 of the Acts of 1933 as most recently amended by chapter 288 of the Acts of 1939 the City Treasurer be authorized to obtain the approval of the Emergency Finance Board to the issuance of two million dollars (\$2,000,000) in notes, bonds or certificates of indebtedness of the city, said notes, bonds or certificates to be sold at their face value to the Commonwealth and the proceeds be, and hereby are, appropriated for the purpose of meeting outstanding revenue loans.

Referred to the Committee on Finance.

TRANSFERS IN DEPARTMENTAL APPROPRIATIONS.

The following was received:

City of Boston,
Office of the Mayor, October 28, 1940.
To the City Council.

Gentlemen,—I am forwarding requests for transfers within and between departmental appropriations in the following departments and recommend adoption of the accompanying orders by your Honorable Body:

Hospital; Licensing Board; Public Works, Bridge Service; Public Works, Sewer Service; Suffolk County Court House, Custodian; Municipal Court, Brighton District; District Court of Chelsea, Soldiers' Relief.

Respectfully,
MAURICE J. TOBIN, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Hospital Department:

From the appropriation for C, Equipment, \$700, to the appropriation for E, Materials, \$700.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Licensing Board:

From the appropriation for D, Supplies, \$400, to the appropriation for C, Equipment, \$400.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Works Department, Bridge Service:

From the appropriation for A, Personal Service, \$5,925, to the appropriation for B, Contractual Services, \$1,550; D, Supplies, \$400; E, Materials, \$3,850; F, Special Items, \$125.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfers in the appropriations for Public Works Department, Sewer Service:

From the appropriation for C, Equipment, \$650, to the appropriation for D, Supplies, \$400; E, Materials, \$250.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Suffolk County Court House, Custodian, A, Personal Service, \$1,000, to the appropriation for Municipal Court, Brighton District, A, Personal Service, \$1,000

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Suffolk County Court House, Custodian, A, Personal Service, \$477, to the appropriation for District Court of Chelsea, B, Contractual Services, \$377; D, Supplies, \$100.

Referred to Executive Committee.

RESURFACING OF KINEO STREET.

The following was received:

City of Boston,
Office of the Mayor, October 28, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of October 14, 1940, concerning the resurfacing of Kineo street and having sidewalks constructed thereon, under the W. P. A. plan of construction.

Respectfully,

MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
October 25, 1940.

To William T. Doyle, Chief Clerk, Mayor's Office.
From George G. Hyland, Commissioner, Public Works Department.

Subject: Resurfacing and Sidewalk Construction on Kineo Street.

I return herewith order in City Council that the Commissioner of Public Works have Kineo street surfaced and sidewalks constructed, under the Works Projects Administration plan of construction.

Please be advised that this street is a private way and the Highway Division of the Public Works Department cannot do any street or sidewalk work in this street until such time as same has been accepted by the Board of Street Commissioners.

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

George C. Appleton & Son, for compensation for damage to property at 12 Cobb street, caused by city truck.

Boston Consolidated Gas Company, for compensation for damage to lamp post by city truck.

John W. Bradley, to be reimbursed for execution issued against him.

Charles A. Campbell, for compensation for damage to car by dump cart.

John Donlan, for compensation for loss of clothing at Curtis Hall.

Samuel Holtzman, for compensation for injuries caused by an alleged defect in Chatham row.

Edward Kelly, to be reimbursed for execution issued against him.

William J. Kelly, for daughter Florence, for compensation for injuries caused by alleged defect in Gaston School, South Boston.

Eugene Lynch, for compensation for damage to property at 27 Topliff street, caused by water being shut off.

James H. McDonald, to be reimbursed as result of accident which occurred while in performance of duty.

Martin J. McGovern, to be reimbursed as result of accident which occurred while in performance of duty.

Matthew Muliero, to be reimbursed as result of accident which occurred while in performance of duty.

Joseph F. Murphy, to be reimbursed for expenses incurred in laying service pipe at 22 Crockett avenue.

Thomas F. Norris, for compensation for damage to car by police car.

Alfred G. Ochs, for compensation for damage to car by city wagon.

Emma Sidell, for compensation for injuries caused by an alleged defect at 68 Nightingale street.

Anna E. Turnberg, for compensation for injuries caused by an alleged defect in Parsons street.

John H. Donahoe, for compensation for expenses incurred in relaying drainage pipes at 5 Fernald terrace, Dorchester.

Bertha Benkert, for compensation for loss of tooth at Boston City Hospital.

Committee on Licenses.

Petitions for driveway openings, viz.:

Roger W. Brown, 196 Old Colony avenue, Ward 7.

Rosa Berman, 160 and 162 Dover street.

Mason Neilon Regulator Company, 1194 Adams street, Ward 17.

Shell Oil Company, 1190 Massachusetts avenue.

Allan J. Wilson, 26-36 Miller street, Charlestown.

APPOINTMENT OF ROBERT CUTLER.

Notice was received from the Mayor of appointment of Robert Cutler, 41 Beacon street, to be Corporation Counsel for term ending April 30, 1944.

Placed on file.

REPORT OF COMMITTEE ON LICENSES.

Coun. FISH, for the Committee on Licenses, submitted the following reports on petitions for driveway openings, recommending that leave be granted, viz.:

Golden Dome, Inc. (referred September 30), 1085-1091 Columbus avenue, Ward 9.

Kendall Goodwin (referred September 30), 1348 Boylston street.

Reports accepted; petitions granted under usual conditions.

USE OF SIDEWALKS FOR PARKING.

Coun. CAREY offered the following:

Ordered that the Traffic Commissioner and Police Commissioner be requested, through his Honor the Mayor, to look into the practice indulged in by public parking spaces of using the sidewalk and street adjacent to the parking lot for the purpose of parking automobiles.

Coun. CAREY—Mr. President, I have introduced this order at this time because of the excessive liberty taken by owners of public parking places in parking automobiles on the sidewalks and streets adjacent to the parking lots. It is my belief that when a license is granted to an owner of a parking space the parking area is confined to the space that he owns or leases; that when he is granted a license to use such a parking area his use is confined to that area and that he is not allowed to park cars on the adjoining sidewalk or public street. It has been observed by me, however, time and time again, that such owners of parking spaces do take this liberty, and that it frequently leads to congestion in the streets and general inconvenience of the public. I noticed this sort of thing Friday evening of last week, at a parking space on Stuart street, cars being parked in places where they had no right to be parked under the license granted, evidently because of the parking there of an excessive number of cars. It results in interference with passage along the sidewalks and the streets in the vicinity, on Stuart street in that case, and on other streets in other cases, in addition to the fact that it results in cars standing two abreast on the street. I might say that at various times I have seen this practice indulged in at other parking places with resulting inconvenience to traffic. It seems to me, therefore, that it is time that steps should be taken by the Traffic Commissioner and the Police Commissioner to curb this sort of thing. I feel that the owners of these parking places should be confined to the area for which their license is granted.

The order was passed under suspension of the rule.

APPOINTMENT OF ADDITIONAL POLICE OFFICERS.

Coun. HUTCHINSON, SCANNELL and LINEHAN offered the following:

Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to consider the advisability of appointing 125 additional men to take the place of members of the force who may be called for selective service training.

Coun. HUTCHINSON—Mr. President, we know that there have been many retirements in the Police Department, resulting in a number of vacancies. We also know that there are to be a number of vacancies in the fire and police forces on account of the conscriptive training that is about to go into effect. It seems clear, therefore, that an additional number of men should be appointed in the Police Department to fill the vacancies that have resulted and that will result in the immediate future, I trust, therefore, that this order will pass.

Coun. GOODE—Mr. President, I heartily indorse this order of Councilor Hutchinson favoring the appointment of 125 additional young men from the list to the Police Department. We know that many of these young men are eligible to the draft, and that they will probably be called presently to active service. If there is no reservoir for replacement of men, and the present number of men in the Police Department, to which this order refers, is reduced, the force will necessarily suffer. It has been the custom in the past to appoint a number of men to take care of retirements, resignations and deaths in the department, at about the first of the year. I feel, therefore, that such a provision as suggested by this order should be made in the new budget for appointment of men to the Police Department, so that the department will not suffer from the draft.

Coun. TAYLOR—Mr. President, I, too, agree with the order, not only for the reasons stated, but for other reasons. I think that today our police force is entirely inadequate, and I say this because of what I see in my particular section. We have a great many holdups, due particularly to the fact that the lighting system in parts of the district is poor and also because we have inadequate police protection. There are, I understand, many men on the list, men of a high type, who have passed a very hard examination, and I am in favor of asking the Mayor, with the Police Commissioner, to take action that will help to preserve for them their standing.

Coun. CAREY—Mr. President, I too want to subscribe to the order that has been offered.

There are many men who will be called for the service draft, who might have been reached for police service if they were home, in ordinary times. Therefore, I believe they should be given proper protection. If they are away when their names come up, I believe the positions should be held for them when they come back again, that they should then be given an opportunity to get on the force with a regular standing.

The order was passed under suspension of the rule.

REQUESTED RECONSIDERATION OF BEANO BAN.

Coun. COFFEY offered the following:

Ordered, That his Honor the Mayor be requested to reconsider his action in banning Beano games and instruct the City Censor to issue licenses to charitable and veterans organizations for the conduct of such games throughout the city.

Coun. COFFEY—Mr. President, the reason why I offer this order today is because of the fact that Beano has now been discontinued for two and a half to three months. In my particular section, East Boston, each night there are probably eight or ten buses coming from outside the city to East Boston to take Beano patrons to outlying sections to play the game, and Boston, therefore, is not receiving its share, as the money paid by such patrons is leaving the city. We know, of course, that Beanos were closed in order to get at the racketeers who were alleged to be running Beanos in the city. I know that in my section the Moose, a bona fide organization, has been conducting Beanos for the last five years and that as a result of closing down the Beano games they have not only lost their rooms but the investment that they had made in their headquarters. They were able to pay the rent from the income derived from the Beano games, but are not now able to do so. I think everybody here will agree with me that there are few better or more charitable organizations than the same Moose. As a result, some 250 families will be deprived of baskets both on Thanksgiving and Christmas. Therefore, I urge the Mayor of Boston to grant Beano licenses to charitable and veteran organizations for the conduct of such games throughout the city, to such organizations as churches, the Moose, Knights of Columbus, and others. These organizations are thus enabled to turn most of the money they receive over to charity. I hope, therefore, that the Mayor will see fit to grant Beano licenses to such organizations.

The order was passed under suspension of the rule.

Coun. TAYLOR in the chair.

SIDEWALK ON GIBSON STREET.

Coun. FISH offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Gibson street, at Nos. 29 and 33, Ward 16, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

MAINTENANCE OF CIVIL SERVICE STANDING FOR MEN DRAFTED.

Coun. FISH and GOODE offered the following:

Ordered, That his Honor the Mayor be requested to petition the General Court at its next session for legislation that will provide that persons who are on civil service lists and eligible for appointment and who are called for service in the draft, shall, upon their return, be placed in as favorable a position as to appointment and eligibility as they would have been if their term of compulsory military service had not intervened.

Coun. FISH—Mr. President, briefly explaining the purpose of the order, a few moments ago the Council went on record as favoring the appointment, in order to fill vacancies caused by the draft, of 125 members of the police force. To that order I heartily subscribed. The purpose of this order is also for the protection of any young man who may be on the civil service list and who may be called in the draft to serve a year in the United States Army, so that he will not be passed over. Although naturally he could not serve during the period while he is on draft service, the idea is that he will, upon the expiration of that service, receive the appointment that he would receive if he were home.

Coun. GOODE—Mr. President, I am glad to join my colleague, Councilor Fish, in this order. I feel that these young men, if some such action is not taken, will lose and suffer because of the draft. After the years of study and effort that they have given, after their work to bring themselves to physical perfection, certainly that should all not be brought to naught because of their service to their country. They should be protected in their position. I believe the best way to do so would be to make an immediate appoint-

ment of these men. I understand that the police force is undermanned by more than 125 men, and I know that there are a little over 100 men on the list. So these men could be immediately appointed, or a provisional appointment could be made.

The order was passed under suspension of the rule.

TRANSFER TO POLICE RELIEF PROJECTS.

Chairman TAYLOR called up, under unfinished business, No. 3 on the calendar, viz.:

3. Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Hospital Department, Sanatorium Division, H. Relief Projects, \$8,080, to the appropriation for Police Department, H. Relief Projects, \$8,080.

On October 14, 1940, the foregoing order was read once and passed, yeas 19, nays 0.

The order was given its second and final reading and passage, yeas 18, nays 0.

CONFIRMATION OF CONSTABLE.

On motion of Coun. LANGAN the Council took from the table No. 2 on the calendar, viz.:

2. Action on appointment submitted by the Mayor, October 21, 1940, of Stanley Wollaston to be a Constable without power to serve civil process and to serve without bond, vice Willard O'Brien, resigned.

The question came on confirmation. Committee, Coun. Sullivan and Coffey. Whole number of ballots, 16, yeas 16, and the appointment was confirmed.

DEMOCRATIC SUPPORT FOR SENATOR WALSH.

Coun. WARD—Mr. President, I ask unanimous consent to make a statement.

Chairman TAYLOR—If there is no objection, the gentleman may proceed.

(No objection.)

Coun. WARD—Mr. President, I wish to say just a word because of a recent article appearing in one of the Boston newspapers. I probably have been as much opposed to injecting politics into this Body as any member who ever served here. I have opposed the indorsement of any candidate whose party appellation was the same as mine. But since a newspaper story just appeared in one of our papers emphasizing the fact that certain Democratic members of the Boston City Council were favoring a candidate not of our own party, and with the thought in mind that perhaps the people of Boston might be misguided, I want to say emphatically here and now that every Democratic member I have talked with has stated definitely that in the present fight for United States Senator he was for David I. Walsh. And I, as a Democratic member of this Body, want emphatically to state that that is my position and their position, regardless of that newspaper item. Therefore, I say to the papers now that I and all my Democratic friends with whom I have talked favor the re-election of David I. Walsh as United States Senator from Massachusetts.

Coun. M. H. SULLIVAN—Mr. President, I ask unanimous consent to make a statement.

Chairman TAYLOR—Is there objection?

(No objection.)

Coun. M. H. SULLIVAN—Mr. President, I was astounded to find that same or a similar article in a Boston Sunday newspaper yesterday—in an estimable journal that I have never before known to publish knowingly anything that lacked authenticity. Let me now state that I, like, I believe, the rest of the Democratic membership of the City Council, heartily indorse the candidacy of Senator David I. Walsh in his campaign for re-election. I feel that I should make that statement in view of the article I saw in that paper yesterday, although I do not feel that there is any need to state on this floor that the Democratic members of this Council, or the great majority of them,—

Coun. WARD—All of them.

Coun. M. H. SULLIVAN—As Councilor Ward says, all of them—favor the candidacy of Senator Walsh. I do wish, however, to state here publicly my position, that I heartily support the re-election of Senator David I. Walsh as United States Senator for Massachusetts.

Coun. CAREY—Mr. President, I ask unanimous consent to make a statement.

Chairman TAYLOR—If there is no objection, the gentleman may proceed.

(No objection.)

Coun. CAREY—Mr. President, since the statement that has been referred to has been brought out in a newspaper in this city, I believe the story so published should be corrected. I wish to say, therefore, that I am working for and am heartily in favor of the re-election of United States Senator David I. Walsh, and I want my friends throughout my own district and throughout the city to know it.

Coun. COFFEY—Mr. President, I ask unanimous consent to make a statement.

Chairman TAYLOR—Is there any objection? (No objection.)

Coun. COFFEY—Mr. President, I think I should repudiate the article in yesterday's paper although there is no need of my getting up here and stating so. I think every Democratic member of this Body feels that that story was absolutely unwarranted, and that all the Democratic members are heartily in favor of the re-election of Senator Walsh to the United States Senate. Certainly everybody who read the article in that newspaper knows that, as far as Coffey is concerned, he has been in favor right along of the re-election of Senator Walsh. You all know the statement I made here five months ago, last April, when I introduced the order here asking that a Corporation Counsel be appointed to fill the vacancy caused by the resignation at that time of Henry Parkman, Jr. I stated then that the job was being held up for Parkman after he was hopelessly defeated for the United States Senate. So I think I made my stand clear last April.

Coun. SCANNELL—Mr. President, I ask unanimous consent to make a statement.

Chairman TAYLOR—Is there any objection?

(No objection.)

Coun. SCANNELL—Mr. President, I, too, want to go on record as favoring the candidacy of United States Senator David I. Walsh for re-election.

Coun. RUSSO—Mr. President, I ask unanimous consent to make a statement.

Chairman TAYLOR—Is there any objection?

(No objection.)

Coun. RUSSO—Mr. President, I, too, feel the same as my colleagues who have previously spoken in this Body today in regard to our United States Senator, David I. Walsh. I do not really have to get up here and speak on the matter, because for the last few weeks I have espoused his cause throughout the Commonwealth, and I am continuing to do so throughout our city and elsewhere. I am heartily for David I. Walsh in his campaign for re-election to the United States Senate.

Coun. FISH—Mr. President, I ask unanimous consent to make a statement.

Chairman TAYLOR—If there is no objection, the gentleman may proceed.

(No objection.)

Coun. FISH—Mr. President, I did not read the article that has been referred to, but I want to thank the gentleman who wrote the article for writing it. I think he has done more good to David I. Walsh than any of the rest of us could do, in showing to the people of Boston and of the state that the Democratic members of the City Council stand unanimously for indorsement of David I. Walsh as United States Senator.

Coun. HUTCHINSON—Mr. President, I ask unanimous consent to make a statement.

Chairman TAYLOR—Is there any objection?

(No objection.)

Coun. HUTCHINSON—Mr. President, I want to subscribe to the words of my Democratic colleagues in indorsement of David I. Walsh as United States Senator, and I likewise want to make it clear that the Democratic members of the Boston City Council also indorse President Roosevelt, Vice President Wallace, and the whole Democratic ticket, from top to bottom.

Coun. WICKES—Mr. President, I would like to make a statement.

Chairman TAYLOR—Is there any objection?

(No objection.)

Coun. WICKES—Mr. President, I, too, as a Democratic member of the Council, from Ward 17, wish to say at this time, so that my friends and everybody else in my ward and in the City of Boston may understand it, that I have always as a Democrat been for David I. Walsh and that I shall continue to be with him in his campaign for re-election as Senator of the United States. I am at his service now and on Election Day.

Coun. GOODE—Mr. President, I ask unanimous consent to make a statement.

Chairman TAYLOR—Is there any objection?

(No objection.)

Coun. GOODE—Mr. President, in order that there may be no misunderstanding as to my position, I favor the re-election of United States Senator David I. Walsh. I have always been an admirer of Senator Walsh, have always held him in the highest esteem. He has had a wonderful record, and I heartily indorse his re-election to the United States Senate.

Coun. KELLY—Mr. President, I ask unanimous consent to make a statement.

Chairman TAYLOR—Is there any objection?

(No objection.)

Coun. KELLY—Mr. President, I also want to subscribe to, and indorse along with the other Democratic members of the City Council, the candidacy of Senator David I. Walsh for re-election to the United States Senate.

Coun. GOTTLIEB—Mr. President, I also wish to make a statement.

Chairman TAYLOR—Is there any objection?

(No objection.)

Coun. GOTTLIEB—I wish to go on record as a Democratic member of the City Council, like my other Democratic colleagues, in favor of the re-election of Senator David I. Walsh, along with President Roosevelt and the entire Democratic state and national ticket from top to bottom.

Coun. CHASE—Mr. President, I think this meeting is getting to be irregular. Our purpose here is not to indulge in politics, but to do the business of the city.

Chairman TAYLOR—Does the gentleman wish to make a statement?

Coun. CHASE—I do, Mr. President. I object to using this Body as a sounding board for politics.

Coun. GALVIN—Mr. President, I ask unanimous consent to make a statement.

Chairman TAYLOR—If there is no objection the gentleman may proceed.

(No objection.)

Coun. GALVIN—Mr. President, as a Democratic member of the Body I also want to indorse David I. Walsh and the entire Democratic ticket in the coming election.

Coun. LANGAN—Mr. President, I ask unanimous consent to make a statement.

Chairman TAYLOR—If there is no objection the gentleman may proceed.

(No objection.)

Coun. CHASE—Mr. President —

Chairman TAYLOR—For what purpose does the gentleman rise?

Coun. CHASE—Mr. President, I ask unanimous consent to make a statement.

Chairman TAYLOR—Councilor Langan has the floor.

Coun. LANGAN—Mr. President, I feel that it is almost unnecessary for Democratic members of this Body to rise and state, in view of the article that appeared in the paper, that they are for United States Senator David I. Walsh in the coming election, in spite of the fact that that article stated that some of the Democratic members are with the Republican candidate for the Senate. Still, since the question has arisen and since if I did not get up there might be an inference that I was not with the Democratic candidate, I simply wish to state, as my colleagues have done, that I am in favor of the re-election of the Democratic United States Senator, David I. Walsh.

Coun. CHASE—Mr. President, I ask unanimous consent to make a statement.

Chairman TAYLOR—If there is no objection, the gentleman may proceed.

(No objection.)

Coun. CHASE—Mr. President, I think this Body has gone beyond the scope of its original purpose. We are here today for the purpose of passing on purely municipal business. I did not previously object and ask unanimous consent to make a statement, realizing that certain Democratic members have probably been embarrassed by what appeared in one of the papers.

Coun. WARD—Mr. President, I ask the gentleman if his statement relates to the article which appeared yesterday in one of the papers?

Coun. CHASE—Mr. President, I do not yield. I did not rise before, because I realized that many members of the Body were embarrassed by the statement that appeared in one of the papers. Therefore, I did not object. But I think it is entirely unfair for this Body to continue in the way in which it has been going, using the Council Chamber as a sounding board for political purposes. Our sole and only purpose in gathering here is to pass on municipal business. I trust that the gentlemen here will recognize that fact and will no longer participate in this political debate, because it is very embarrassing to many people, especially to myself, and I feel that it is highly improper. Again I want to reiterate that my only reason for permitting these gentlemen to get up and talk on this matter was because I recognized the fact that they were embarrassed by a certain article in one of the papers, but you are going far beyond the bounds of our legitimate business, and I pray that you will get back to municipal business, and stop talking politics.

Coun. D. F. SULLIVAN—Mr. President, I ask unanimous consent to make a statement.

Chairman TAYLOR—Is there any objection?

(No objection.)

Coun. D. F. SULLIVAN—Mr. President, I want to agree with the other Democratic members of the Council, stating that I am wholeheartedly in favor of the re-election of Senator David I. Walsh.

Coun. LINEHAN—Mr. President, I ask unanimous consent to make a statement.

Chairman TAYLOR—Is there any objection?

(No objection.)

Coun. LINEHAN—Mr. President, I favor the re-election to the United States Senate of David I. Walsh, and will vote for him.

CALLS FOR SUBSTITUTE TEACHERS.

Coun. KELLY offered the following:

Ordered, That his Honor the Mayor confer with the members of the Boston School Committee relative to the advisability of changing the present ruling of the Committee whereby substitute teachers, instead of awaiting calls at home for work, will be allowed to go to the School Committee rooms for same as they formerly did.

Coun. KELLY—Mr. President, I want to bring to your attention something of importance that has done injury to many of our public school teachers. These are qualified and well-recommended teachers with the experience of the lower and the higher grades and have demonstrated their ability before the headmasters and superintendents in the Boston public schools already with confidence of all concerned. Many are on permanent lists, some are on substitute lists. In previous years the unemployed teachers went to the School Committee rooms each morning looking for work, and this was a very satisfactory procedure, as each teacher was able to keep tabs on what was going on and if calls came in they all knew what was going on. Recently the rules of getting employment were changed and an order restricting the teachers calling at the

School Committee rooms was accepted by the Committee in session and it became a law that the teachers would be notified by telephone each morning between the hours of eight and nine o'clock. If favoritism did not prevail, this law might be all right but, on the contrary, there is a great possibility of favoritism in the handling of these calls, and work belonging to one person can very easily be given to another, which is breaking the rule, and it is only by accident that this can be discovered. Now, Mr. President, these are hard times and no person should be deprived of work when, by law and by the list of the School Committee an individual teacher because of his or her standing on the list is entitled to that work, be it for a long or a short period.

The order was passed under suspension of the rule.

CHARITABLE POST-SEASON FOOTBALL GAME.

Coun. SCANNELL offered the following:

Ordered, That his Honor the Mayor be requested to confer with the Harvard and Boston College Athletic Associations with a view to arranging for a charitable post-season football game between the teams representing these two colleges at the Harvard Stadium, the proceeds of this game to be used for the Special Nursing Fund at the City Hospital and for Welfare Department requirements.

Coun. SCANNELL—Mr. President, the reason why I have presented this order is that, as I understand from Doctor Manary of the Boston City Hospital, the special nursing fund has run out. I believe if we could get these two great universities to agree to a post-season football game, it would supply a considerable amount for this fund and also possibly for Welfare Department requirements. The result would be the furnishing of much needed money for this special nursing fund at the City Hospital and, possibly, as I say, also add to the Welfare Department need. I trust, therefore, that the order will pass.

The order was passed under suspension of the rule.

REMOVAL OF CAR TRACKS, NORFOLK STREET.

Coun. WICKES offered the following:

Ordered, That the trustees of the Boston Elevated Railway Company be requested, through his Honor the Mayor, to have the car tracks on Norfolk street, at Codman square junction, removed.

Passed under suspension of the rule.

ENDORSEMENT OF DEMOCRATIC TICKET.

Coun. FISH offered the following:

Resolved, That the Democratic members of the Boston City Council go on record as favoring the election of President Franklin D. Roosevelt, Senator David I. Walsh, Attorney-General Paul A. Dever and the entire Democratic ticket.

Chairman TAYLOR—The Chair rules the order out of order.

RESURFACING OF WARD 17 STREETS.

Coun. WICKES offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to resurface with smooth pavement the following-named streets in Ward 17 under the W. P. A. plan of construction: Whitfield street, Thane street, Southern avenue, from Washington street to Talbot avenue.

Passed under suspension of the rule.

RESURFACING OF WARD 18 STREETS.

Coun. GOODE offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface with smooth paving the following streets in Ward 18, under the W. P. A. plan of construction:

Hopewell street, Winbrough street, Laval street, Coronado street, Belnel street, Third New way, Brockton street, Rockingham street, Sprague street, Lexington street.

Passed under suspension of the rule.

RECESS.

The Council voted at 3.20 p. m., on motion of Coun. RUSSO, to take a recess subject to the call of the Chair. The members reassembled at 3.55 p. m., and were called to order by Coun. TAYLOR.

EXECUTIVE COMMITTEE REPORTS.

Coun. LANGAN, for the Executive Committee, submitted the following:

1. Report on message of Mayor and order (referred October 21) for sale to Housing Authority

of fire house and land on Monument street, Charlestown—that same ought to pass.

Report accepted; said order given its first reading and passage, yeas 16, nays 0.

The order will take its second reading and passage in not less than fourteen days.

2. Report on message of Mayor and orders (referred today) for transfers within departmental appropriations—that same ought to pass.

Report accepted; said orders passed, yeas 16, nays, 0.

3. Report on message of Mayor and order (referred today) accepting lease of land in Mission Hill section for ten years from Boston Society of Redemptorist Fathers for playground purposes—that same ought to pass.

The report was accepted, and the question came on the acceptance of the order.

Coun. CAREY—Mr. President, I think the opportunity should not be allowed to pass of expressing a public word of commendation to the Reverend Father Conway, the head of the Mission Church and of the Redemptorist Fathers in Boston, for the very generous offer to the city of this land for playground purposes. I feel also that a word of commendation should be said of his Honor the Mayor, for his action in promptly submitting the order of acceptance to the Council for approval. I believe further that a word of thanks should be expressed to my colleagues of the City Council for their acceptance of the land. Through the action of the church authorities, the Reverend Father Conway, his Honor Mayor Tobin and the members of the City Council, the children of that immediate vicinity are going to have something that has been necessary there for a long time. We have a greater scarcity of good playground facilities in that immediate area than in practically any section of the city, and with the proposed housing project and other activities the congestion is going to be much greater. I think it was a very fine thing that this offer was made by the Mission Church, and I feel that if we had more such offers in different parts of the City of Boston, children in congested neighborhoods would have more nearly what they are entitled to in the way of playground facilities. There are now too few such facilities in many parts of our city. I trust also that upon the acceptance of this land the Mayor and the Park Commissioner will take immediate action to place the land in such condition that it can be used, so that the children may, as soon as possible, derive the benefits arising from this gift, which will have been made available to the children by the action of Father Conway, Mayor Tobin, and the gentlemen of the City Council.

The order was passed, yeas 16, nays 0.

4. Report on message of Mayor and order (referred today) for sale of land on Chestnut Hill avenue, Brighton, to Temple B'nai Moshe—that same ought to pass.

The report of the committee was accepted.

Coun. COFFEY—Mr. President, I now move that that order be referred to the Committee on Public Lands.

Coun. WARD—Mr. President, I think that motion is out of order.

Chairman TAYLOR—The motion is in order.

Coun. WARD—Mr. President, I see no reason for again referring it to the committee after the order has been reported by the committee, and has been favorably acted upon. I see no reason why it should be referred back to the Committee on Public Lands, under the circumstances.

Coun. COFFEY—Mr. President, the reason why I made the motion is because of the usual procedure, that all motions and orders of this kind should first go to the Committee on Public Lands. Therefore, I hope that will be done.

Coun. WARD—Where matters relate to religious organizations, it is customary to consider them in executive session and then to act upon them.

Coun. COFFEY—Mr. President, I must insist upon my motion, and I call for the yeas and nays.

The motion to refer to the Committee on Public Lands was lost, yeas 2, nays 11:

Yeas—Coun. Coffey, D. F. Sullivan—2.

Nays—Coun. Carey, Fish, Goode, Gottlieb, Hutchinson, Kelly, Linehan, Lyons, M. H. Sullivan, Taylor, Ward—11.

The order was passed, yeas 18, nays 0.

REPORT OF COMMITTEE ON PUBLIC LANDS.

Coun. RUSSO, for the Committee on Public Lands, submitted the following:

1. Report on message of Mayor and order (referred June 3) for sale of land on North Grove street to Massachusetts General Hospital—that same ought to pass.

The report was accepted, and the question came on the passage of the order.

Coun. COFFEY—Mr. President, if my memory serves me right, sometime ago the Massachusetts General Hospital Board of Trustees offered in the vicinity of \$150,000 for, I imagine, this same parcel of land. Therefore, I wish to go on record as not favoring the transfer at this particular time, without further information in regard to the matter.

Coun. HUTCHINS—Mr. President, I move that the matter lie on the table.

The motion to lay on the table was carried.

2. Report on message of Mayor and order (referred February 5) for sale of land on Old Centre street to Lillian Layden—that same ought to pass.

The report of the committee was accepted.
 Coun. COFFEY—Mr. President, I rise to a point of information. Does it say how much land is contained in that lot?

Chairman TAYLOR—4,568 square feet.

Coun. COFFEY—Mr. President, I move that this order be referred to the Committee on Public Lands.

Chairman TAYLOR—It came from the Committee on Public Lands.

Coun. LYONS—Mr. President, the Street Commissioners took some action on this matter, and as I have not had an opportunity to inquire into it I would like to have it laid on the table.

The order was laid on the table.

REPORT OF COMMITTEE ON CLAIMS.

Coun. GOTTLIEB, for the Committee on Claims, submitted the following:

1. Report on petition of Joseph P. Donnelly (referred September 9) to be reimbursed for amount of execution issued against him on account of his acts as operator of a motor truck belonging to Sanitary Division, Public Works Department—recommending passage of accompanying order, viz.:

Ordered, That the sum of seventeen dollars and twenty cents (\$17.20) be allowed and paid to Joseph P. Donnelly in reimbursement for amount of execution issued against him on account of his acts as operator of a motor truck belonging to the Sanitary Division, Public Works Department, said sum to be charged to the Contingent Fund.

Report accepted; said order passed.

2. Report on petition of Thomas F. O'Mally (referred September 9) to be reimbursed for amount of execution issued against him on account of his acts as operator of motor vehicle belonging to Traffic Department—recommending passage of accompanying order, viz.:

Ordered, That the sum of thirteen dollars and twenty cents (\$13.20) be allowed and paid to Thomas F. O'Mally, in reimbursement for amount of execution issued against him on account of his acts as operator of a motor vehicle belonging to the Traffic Department, said sum to be charged to the Contingent Fund.

Report accepted; said order passed.

EXPANSION OF FOOD STAMP PLAN.

Coun. GOODE and HURLEY offered the following:

Ordered, That the Mayor of Boston be requested to confer with Milo Perkins, Chief of Surplus Commodities, for the purpose of expanding the Food Stamp Plan in Boston to include persons not only receiving welfare aid, but old age assistance, mothers' aid and also those living on small pensions.

Passed under suspension of the rule.

LOW-COST SUBSIDIZED HOUSING PLAN.

Coun. GOODE and HURLEY offered the following:

Ordered, That the officials of the Boston Housing Authority be requested, through his Honor the Mayor, to confer with the National Housing Administration to consider a low-cost subsidized housing plan which will benefit persons receiving welfare aid, old age assistance, mothers' aid, and also those living on a small pittance from pensions.

Coun. GOODE—Mr. President, there is a very close affinity between these two orders which I have submitted to the City Council today. It has been brought to my attention that a large percentage of those living in the present housing units, and who are obliged to move, are persons receiving welfare, old age assistance, or mothers' aid. Many others are living on small pensions. Although I am aware of the splendid work being done by the Boston Housing Authority to help relocate these people, I believe that some plan should be worked out by the National Housing Authority along the lines of low-rent apartment rooms, at rental charge, not more than that now paid by these people. This humanitarian effort should be made at this time because people who benefit by the Food Stamp Plan can save enough extra money with which to enable them to pay for rooms in a housing site of this kind.

Coun. HUTCHINSON—Mr. President, I have an idea that the Housing Authority has plans to take care of cases on relief, those receiving welfare aid, old age assistance, mothers' aid, and so on, cases where the income is, say, \$14, \$17 and \$21 a week.

Coun. LINEHAN—I might add, for the benefit of the councilor from Ward 18 (Coun. Goode), that already at Old Harbor Village they have tenants who are on W. P. A., and I understand are starting with old age assistance and dependent cases. I think those things are being taken into consideration, and that the next housing project in Boston will get down to welfare cases. I understand that they are going to be admitted to the new South Boston site.

Coun. GOODE—I am glad to hear that old age assistance and mothers' aid cases are being considered. I still trust that this order will be passed, and that such cases as are referred to in the order will be given proper consideration.

The order was passed under suspension of the rule.

THE NEXT MEETING.

Coun. FISH—Mr. President, I move that when we adjourn today it be to meet on Monday, November 18.

Coun. COFFEY—Why is that?

Chairman TAYLOR—Next Monday is the day before election, and the following Monday is Armistice Day.

Coun. COFFEY—Well, I don't think it is necessary to adjourn for three weeks. I believe it is sufficient to adjourn for two weeks and one day, meeting on the Tuesday following Armistice Day. If we are going to adjourn for three weeks, we might as well adjourn for six months.

Coun. FISH—Mr. Chairman, I would certainly object to adjourning for six months.

Coun. WARD—If any necessity for a meeting arises in the meantime, the President can call a meeting of the City Council. Armistice Day is November 11. We certainly cannot meet then.

Coun. COFFEY—Well, I certainly hope that the motion to adjourn for three weeks will not prevail, and if that is defeated, I will then move that we meet two weeks from next Tuesday, on November 12.

Coun. Fish's motion to adjourn for three weeks was declared carried.

Coun. COFFEY doubted the vote, and asked for the yeas and nays. The motion was carried, yeas 11, nays 6.

Yeas—Coun. Fish, Goode, Gottlieb, Hutchinson, Kelly, Langan, Lyons, Scannell, D. F. Sullivan, Taylor, Ward—11.

Nays—Coun. Carey, Chase, Coffey, Linehan, Russo, M. H. Sullivan—6.

SALE OF MILK IN BOSTON SCHOOLS.

Coun. M. H. SULLIVAN offered the following:

Ordered, That his Honor the Mayor be requested to confer with the members of the Boston School Committee to request them to consider the advisability of undertaking full supervision of the sale of milk and milk products in the Boston schools.

Coun. M. H. SULLIVAN—Mr. President, the reason why I make this request that the School Committee consider the advisability of undertaking entire supervision of the sale of milk and milk products in the Boston schools is because here I have a communication from one of Boston's largest milk companies in regard to this matter, and I have authentic information at the present time that there is some milk being sold to the Boston schools that is not whole milk, but is labeled "skim milk" and is what is called "chocolate pep," containing but 2 per cent butter fat. That is not sold in accordance with the specifications of the contract entered into by the School Committee through its business manager, Mr. Alexander Sullivan, which provides for whole milk, which contains a minimum of 4 per cent butter fat. But there are certain schools which are supplied with this so-called chocolate milk 2 per cent butter fat—for example, the Lowell Mason School, on Cummins Highway, Mattapan, and the High School of Practical Arts, on Greenville street, Roxbury. Those are at least two schools which are thus supplied, and I understand that there are some others. This, however, is not in accordance with the contract entered into by the School Committee, but I understand that it is done through some of the teachers or officials in some of the local schools. Frank Mott, the milk inspector of the Health Department, informs me that it is not proper to sell milk as whole milk which contains less than 3.35 per cent of butter fat, and that Grade A milk contains 4 per cent of butter fat. But the children in the Boston schools are in some cases—and this is not the fault of the School Committee or of Business Manager Sullivan—getting milk containing but 2 per cent butter fat. Mr. Mott also informs me that the chocolate milk, containing 2 per cent butter fat, does not contain the equivalent additional food value of the 4 per cent in whole milk, and Doctor Keenan of the School Committee informs me that the milk furnished in all the schools should be whole milk and should contain—and this is the intention of the School Committee—4 per cent butter fat. Doctor Keenan is also of the opinion that the skim milk I have referred to, furnished in certain schools, the so-called chocolate milk, does not contain the proper food value for the smaller children in the schools. As I have said, the School Committee are not to blame, because their cafeteria contract calls for whole milk with 4 per cent butter fat, and that is the understanding that Alexander Sullivan, Business Manager of the School Committee, has of the kind of milk that should be furnished. So where this 2 per cent skim milk is furnished in certain schools, it is not with the authority of the School Committee or of its Business Manager, it being their understanding that nothing but whole milk with 4 per cent butter fat shall be furnished. Where it is

done, it is done by teachers or officials in some of the local schools. Therefore, I feel that the Mayor should confer with the members of the School Committee and request them to consider the advisability of undertaking full supervision of the sale of milk and milk products in the Boston schools. I think the mothers of our city demand that their children shall be given milk with the full food value, and not the so-called chocolate milk, a skim milk with but 2 per cent butter fat, the food value of which is not made up by the chocolate. Skim milk sells for five cents a bottle, and where this 2 per cent butter fat in skim milk is furnished at cafeterias the children are not getting the milk to which they are entitled and which they should have to maintain their health. I repeat, therefore, that I believe the School Committee should undertake full supervision of the sale of milk and milk products in the Boston schools, and prevent this sort of thing in any school, in the interest of our children.

The order was passed under suspension of the rule.

PREFERENCE TO MASSACHUSETTS CITIZENS.

Coun. CHASE offered the following:

Whereas, The contract awarded by the Federal Government for the building of millions of dollars worth of soldiers' barracks on Cape Cod was awarded to an Iowa contractor; and

Whereas, The Iowa contractor has brought into this state thousands of non-residents who were employed in preference to citizens of this state; and

Whereas, Thousands of Boston citizens sought employment from this contractor and were denied work; therefore, be it

Resolved, That the Massachusetts United States Senators and Congressmen are hereby urged to do everything in their power to see that this contractor gives preference to Massachusetts citizens and that in the future Massachusetts contractors will be selected; and be it further

Resolved, That copies of this resolution be sent to each Massachusetts Congressman and Senator.

Coun. CHASE—Mr. President, I have had a number of my constituents approach me during the past week and tell me very sad tales of their efforts to attempt to get work on the building of the soldiers' barracks on Cape Cod. One man had been out of work for four years, and hitchhiked to the scene of operations. He arrived penniless. He had worked for years at his trade, was a man well qualified to act as a carpenter, and was willing to do any type of work; a young man recently called by the United States Government to register and prepare to be drafted into the service of the American army, to defend our shores or to do whatever duty should be assigned to him. He is a young man willing and glad to do anything his country requires, and yet this young man, and others, who will be called upon at any moment to defend this country, are denied an opportunity to get work on projects of this kind, projects coming exclusively within the province of the Government. I am particularly annoyed by this. It is a sad state of affairs when funds set apart by our Government are so used that Massachusetts men and Boston men who are willing to work for their money, and who need the work, are denied the right to go to work, because of some unusual hook-up. This work is awarded to a contractor from outside of our state, from Iowa, and he has brought into the state thousands of non-residents who have been employed in preference to our own citizens. I sincerely trust that our Massachusetts United States Senators and Congressmen will take this matter up, and will do everything in their power to have the thing rectified, endeavoring to see that in the future Massachusetts contractors are selected for work of this kind and that preference on the work is given to Massachusetts citizens. Our young men are being drafted into the army, and yet those same young men are not given the privilege of going to work on Government projects. It is a shame that they are so denied, when there are thousands of men throughout the state willing to work and who are denied the opportunity. What kind of a condition is this?

The resolutions were referred to the Committee on Rules.

Coun. CHASE—Mr. President, I request suspension of the rule, for passage of the resolutions.

Chairman TAYLOR—The President has a right and it is his duty, under the rules, to refer it to the Committee on Rules. Therefore, he has made that reference.

Coun. CHASE—Mr. President, I ask unanimous consent to make a statement. I realize that you are handicapped in this matter by parliamentary rules, and that you have acted in accordance with the rules. Nevertheless, this is a matter which is very important and upon which some action should be taken. I know that each and every member of the Body will agree with me in saying that this condition should be remedied. Therefore, I call upon the Body to support me in my resolutions and to pass them.

Chairman TAYLOR—The motion is out of order.

Coun. COFFEY—Mr. President, I ask unanimous consent to make a statement.

Chairman TAYLOR—Is there any objection? (No objection.)

Coun. COFFEY—Upon this order offered by the councilor from the Back Bay I want to say simply this, in all fairness to those in authority in the camp. What those in charge of the camp have done in taking some of the men looking for employment off my shoulders has been a godsend, something that I have been looking forward to for several months. I can say that I have sent thirty-five men to the camp, and that twenty-three have been hired. I sent last week six men, and those six were hired. They are men who have had experience as carpenters, and they have been able to earn a little money to support themselves and their families. Some of them have worked at Camp Devens, and there has been practically no difficulty in their getting employment, as long as their dues were paid, and if they were not paid, \$25 was taken off each week's pay. I understand that they have to pay \$75 to the union, and where they are transferred from one city to another, \$50. So I merely want to say that I am contented with what has been done for the men that I have sent there.

CONSTRUCTION OF WARD 7 STREETS.

Coun. LINEHAN offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out the following streets in Ward 7 as public highways, under the W. P. A. plan of construction: Von Hillern street, Columbia street. Passed under suspension of the rule.

SIDEWALKS ON EAST SEVENTH STREET.

Coun. LINEHAN offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install granolithic sidewalks, to replace the present brick sidewalks, on East Seventh street, between L and M streets, Ward 7, as a W. P. A. project.

Passed under suspension of the rule.

WARD 6 IMPROVEMENTS.

Coun. SCANNELL offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to resurface with smooth pavement H street, Ward 6, from Fifth to Second streets, under the W. P. A. plan of construction.

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to install granolithic sidewalks on Emerson street, Ward 6, from Dorchester street to M street, under the W. P. A. plan of construction.

Severally passed under suspension of the rule.

Adjourned, on motion of Coun. HUTCHINSON, at 4:45 p. m., to meet on Monday, November 18, 1940, at 2 p. m.

MANY TYPES OF W. P. A. PROJECTS.

The Works Progress Administration has placed in operation a total of more than 300,000 projects. Except for the more pretentious types of construction, these projects have covered almost the whole field of American endeavor in meeting the primary objective of relieving unemployment. *The American City.*

SQUARE DEAL IN ASSESSMENTS FOR TAXATION.

Many cities are finding it greatly to their advantage to have their tax valuations periodically overhauled. The first criterion of any assessment is equity. For every citizen who wants through "pull" or however else to get off easy, there are twenty, nay a hundred who want a fair and square deal for all.

The appraisal of city real estate is a highly technical affair.

Few things are more important than the equalization of assessments. Particularly in cities that are cramped by an inflexible debt or tax limit, an honest, full value assessment may be a great boon. Without the slightest raise in the tax rate a substantially greater tax yield may be had.

PROCEEDINGS OF SCHOOL COMMITTEE.

Oct. 21, 1940

A regular meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 7:10 o'clock P. M., the Chairman presiding.

Present: Messrs. Lee, McDevitt, Norton and White.

APPROVAL OF MINUTES

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed.

DEATHS

The Superintendent reported the death of the following-named teacher:

Warren District—William R. Kramer, sub-master, Sept. 13, 1940. Placed on file.

The Superintendent reported the deaths of the following-named teachers who had been retired on pensions:

Oliver Wendell Holmes District—Kate S. Gunn, Sept. 11, 1940
William E. Russell District—Sarah E. C. McMahan, Aug. 25, 1940
Placed on file.

The Superintendent reported the deaths of the following-named member of the Boston Retirement System:

Trade School for Girls—Florence E. Leadbetter, principal emeritus, Jan. 30, 1940.
Placed on file.

RESIGNATIONS

The following resignations, reported by the Superintendent to take effect on the dates stated, were presented:

Girls' Latin School—Carolyn M. Gerrish, first assistant, head of department, Aug. 31, 1940.

Dorchester High School for Girls—Lillian L. Green, assistant, Aug. 31, 1940.

Hyde Park High School—Diana C. Horwitz assistant, Aug. 31, 1940. Emily G. Campana, industrial instructor, Oct. 4, 1940.

Jeremiah E. Burke High School for Girls—Frances E. Murphy, assistant, Sept. 30, 1940; Edythe Olins, assistant, Sept. 20, 1940; Mary E. Thompson, assistant, Aug. 31, 1940.

Roslindale High School—Anna F. Bell, Selma M. Gross, assistants, Aug. 31, 1940.

Trade School for Girls—Veronica A. Twiss, trade assistant, Aug. 31, 1940.

Charles Sumner District—A. Louise Foley, assistant, kindergarten, Aug. 31, 1940.

Francis Parkman District—Annie G. Libby, assistant, elementary, Aug. 31, 1940.

Gilbert Stuart District—Alice L. O'Neil, assistant, elementary, Oct. 4, 1940.

Grover Cleveland Intermediate District—Pauline Miller assistant, intermediate, Aug. 31, 1940.

Henry L. Pierce District—Mary J. O'Day, assistant, elementary, Oct. 11, 1940.

Julia Ward Howe District—Mary E. Fallon, assistant, elementary, Oct. 4, 1940.

Oliver Wendell Holmes Intermediate District—Mary Woronoff, assistant, intermediate, Aug. 31, 1940.

Department of Household Science and Arts—Margaret A. White, teacher of sewing, Aug. 31, 1940.

Department of Physical Education—Margaret E. Hennessey, assistant instructor, physical education, Oct. 4, 1940.

Speech Improvement Classes—Mary D. McCusker, assistant, Oct. 3, 1940.

Accepted.

The following resignation, reported by the Superintendent to take effect on the date stated, was presented:

Robert Gould Shaw Intermediate District—Loretta M. Phelps, clerical assistant, Sept. 30, 1940.

Accepted.

The following resignation, reported by the Superintendent to take effect on the date stated, was presented:

Department of School Hygiene—Mary O'Coin, assistant nutrition class attendant, Oct. 11, 1940.

Accepted.

RETIREMENTS ON PENSION

A communication was received from the Superintendent, under date of Oct. 21, 1940, reporting that at a meeting of the Boston Retirement Board held on Sept. 11, 1940, it was voted to rescind the retirement of Carolyn M. Gerrish, assistant, Girls' Latin School, as reported at the meeting of this Committee of Sept. 9, 1940 (see p. 132), for the reason that Miss Gerrish prefers the return of her accumulated deductions instead of a retirement allowance.

Placed on file.

A communication was received from the Superintendent, under date of Oct. 21, 1940, reporting the retirement from active service of the following-named members of the Boston Retirement System, to take effect on the dates indicated, as certified by the Boston Retirement Board:

Christopher Gibson District—Catherine F. Byrne, master's assistant, Sept. 30, 1940.

Gilbert Stuart District—Mary H. Brick, master's assistant, Aug. 31, 1940.

Hancock District—Margaret Mulligan, master's assistant, Aug. 31, 1940.

Rice District—Gabrielle Abbot, assistant, elementary, Sept. 30, 1940.

Department of School Hygiene—Alice B. Felton, school nurse, Sept. 30, 1940; Mary D. Morse, school nurse, Sept. 30, 1940.

Department of Vocational Guidance—Eleanor J. O'Brien, vocational assistant, Sept. 30, 1940.

Placed on file.

The Superintendent offered the following:

ORDERED, That the following-named teacher is hereby retired on pension in accordance with the pro-

visions of Chapter 589 of the Acts of 1908, as amended by Chapter 617 of the Acts of 1910, Chapter 569 of the Acts of 1912, and Chapter 304 of the Special Acts of 1915, the date of retirement and rate of pension to be as hereinafter specified:

Charles Sumner District—Edith C. Johnson, assistant, elementary, Oct. 4, 1940, \$600.

Emerson District—Mabel L. Joselyn, assistant, elementary, Sept. 30, 1940, \$600.

William E. Endicott District—Sabina F. Kelly, assistant, elementary, Oct. 4, 1940, \$600.

Passed, the four members present voting in the affirmative.

APPOINTMENTS

The following appointments by the Superintendent, certified by him as being in accordance with the rules and regulations, to take effect on the dates stated, were presented:

(BY PROMOTION)

Charlestown High School—Joseph H. Connors, Matthew F. Durgin, junior masters (from cooperative instructors,) Sept. 1, 1940.

East Boston High School—Charles F. Rothera, junior master (from cooperative instructor,) Sept. 1, 1940.

Jamaica Plain High School—Edward J. Donaghy, John W. McGuckian, Frederick W. Swan, Henry G. Wendler, junior masters (from cooperative instructors,) Sept. 1, 1940.

Roxbury Memorial High School (Boys)—Philip A. Bortnick, W. J. Irving Brown, Paul B. Crudden, John A. Rice, Edward Terrenzi, junior masters (from cooperative instructors,) Sept. 1, 1940.

South Boston High School—George B. VanDallinda, junior master (from cooperative instructor,) Sept. 1, 1940.

Vocational High and Opportunity School—George E. Shepherd, senior instructor (from division foreman,) Sept. 1, 1940.

Hyde Park High School—Lawton G. Meredith, instructor, mechanic arts, Sept. 12, 1940.

Mechanic Arts High School—Howard R. Baumeister, Arthur P. Maher, instructors, mechanic arts, Sept. 12, 1940; James J. Hesnan, instructor, mechanic arts, Oct. 7, 1940.

Roslindale High School—James S. Celeste, Paul V. Moloney, instructors, mechanic arts, Sept. 12, 1940.

Roxbury Memorial High School (Boys)—Matthew J. Gallahue, instructor, mechanic arts, Oct. 3, 1940.

South Boston High School—Frank J. Celona, Joseph E. Kenney, instructors, mechanic arts, Sept. 12, 1940; Benjamin Wolk, co-operative instructor, Sept. 12, 1940; Daniel S. Santry, co-operative instructor, Oct. 3, 1940; Paul Poskus, co-operative instructor, Oct. 4, 1940.

Boston Trade School—Arthur W. Roberts, trade instructor, Sept. 12, 1940; Edmund R. Tarallo, shop instructor, Sept. 20, 1940; James M. Woods, shop instructor, Sept. 23, 1940.

Trade School for Girls—Belle Bunsfield, Helen M. Craffey, Genevieve Dellagana, Anna Healy, Adeline A. Kanz, Theresa O'Connor, Veronica P. Simpson, Gladys L. Winchester, Bertha L. Zepf, trade assistants, Sept. 12, 1940; Eleanor F. Sullivan, student aid, Sept. 12, 1940.

Vocational High and Opportunity School—Felix J. Consilvio, James M. Woods, shop instructors, Sept. 12, 1940; Charles F. Day, Frank P. Perone, trade instructors, Sept. 16, 1940; Julia Falbo, trade assistant, Sept. 19, 1940; Vincent C. Breen, Stephen Higgins, shop instructors, Oct. 3, 1940; Forrest L. Regan, trade instructor, Oct. 11, 1940.

Department of Manual Arts—Frank J. Graham, Francis Hochmuth, John W. Lothrop, Ralph Rosenthal, assistants, manual training, elementary, Sept. 12, 1940; William T. Gabele, Daniel V. Lovett, Philip Wollock, shop instructors, Sept. 12, 1940; Frederick E. Bradley, assistant, manual training, elementary, Sept. 13, 1940; Felix J. Consilvio, assistant, manual training, elementary, Sept. 16, 1940; James M. Woods, instructor, manual training, special classes, Sept. 16, 1940; Matthew J. Gallahue, shop instructor, Sept. 16, 1940; Ambrose Battaini, Edmund Tarallo, assistants manual training, elementary, Sept. 17, 1940; Arthur F. Leddy, shop instructor, Sept. 17, 1940; Arthur F. Leddy, assistant, manual training, elementary, Sept. 18, 1940; Edmund Tarallo, shop instructor, Sept. 18, 1940; Joseph Tulimieri, assistant, manual training, elementary, Sept. 23, 1940; Frank J. Graham, instructor, manual training, special classes, Sept. 23, 1940; Francis W. Hochmuth, shop instructor, Sept. 23, 1940; James Hesnan, assistant, manual training, elementary, Sept. 25, 1940; James Hesnan, Daniel J. Nolan,

shop instructors, Sept. 26, 1940; Forrest L. Regan, shop instructor, Sept. 27, 1940; Daniel J. Nolan, assistant, manual training, elementary, Oct. 2, 1940; Howell D. Walley, assistant manual training, elementary, Oct. 3, 1940; John J. Nauyokas, Joseph Tulimieri, Robert E. Whoolley, shop instructors, Oct. 3, 1940; Daniel F. Lordan, shop instructor, Oct. 4, 1940; Stephen Higgins, shop instructor, Oct. 9, 1940.

Approved.

LIST OF TEACHERS APPROVED FOR TEMPORARY SERVICE

The Superintendent submitted, under the provisions of Section 265, paragraph 2 of the regulations, the following list of teachers approved by him from which assignments may be made for temporary service:

Day High Schools—Rose A. Aversa, Mary E. Barnes, Goldie Bazoll, Estelle S. M. Boselli, Joseph J. P. Boyle, Irma M. Bradley, Ermenagilda Bruno, Catherine A. Bunyon, Edith Campbell, Robert Carlyn, John G. S. Carmody, Myer S. Cohen, Mary E. Conlon, Ruth C. Cox, Frances C. Cronin, Paul G. Crotty, Beatrice H. Crump, Catherine C. Curran, Carolyn F. Dacey, Teresa A. Delaney, Rita J. DeLeo, Elizabeth Dempsey, Mary M. Devenny, William Devora, Dorothy G. Dewar, Elizabeth J. Doherty, Paul H. Donovan, Mildred Dungan, Samuel Feldman, Barbara A. Ferguson, Mary M. Flannelly, Adrienne M. Frazier, Dorothea M. Gardner, Dorothy A. Gaughan, Benjamin Geisinger, Catherine Gilligan, Valentina Glebow, Maxwell Goldings, Samuel Goldring, Yvonne A. Habert, Richard P. Harmon, Mildred G. Hayes, Mary P. Hernon, Sydney Jaffe, Mary J. Kelleher, John W. Kelley, Harry Kemelman, Jacqueline M. Lamarca, Bernice K. Langenfeld, Mary G. Laughlin, Carmela F. Lauro, Mary E. Martin, Mabel C. McAnany, Anna G. McCarthy, Margaret E. McCarthy, Edward McCrensky, Ruth A. McCue, Helen P. McKay, Southard Menzel, Margaret M. Moraville, Ann P. Norton, Mary E. Norton, Simon S. Olshansky, Paul E. Partridge, Katherine A. Powers, Ellen A. Regan, Barbara M. Riley, Mary K. Riley, John J. Riordan, Alfred H. Rosen, Rose Rubin, Rose Russo, Dorothy E. Salisbury, Peter Segaloff, Lena Shapiro, Hyman Sobell, Hilda E. S. Stenberg, Louis I. Strymish, Kathleen F. Sullivan, Ervinda C. Swirkal, Mary E. Thyne, Mary A. Tonougar, Anita D. Zepp, Herbert Zoll.

Day Intermediate Schools—Gertrude M. Ahearn, M. Frances Atkins, Rose A. Aversa, Selma R. Axelrod, Irene M. Bennett, Theresa M. Bergamini, Eleanor M. Bogan, Joseph J. P. Boyle, Aileen E. Broughan, John E. Burke, Margaret M. Callahan, Patricia Callanan, Matilda A. Camer, John J. Casey, Mary F. Catenacci, Charles J. Clame, Hilda Cohen, Charles B. Cohn, Mary P. Collieran, Mary A. Collins, Mary B. Conaty, Catherine M. Conroy, Mary T. Coppinger, Regina H. Cotter, Elinor M. Cronin, Elinor P. Cullen, Yolanda D'Alessandro, John T. Daley, Kathleen M. Deasy, Rita J. DeLeo, Angelo A. DiMattia, Ruth B. Dowd, Helen M. Dracos, Mildred R. Ducey, Dorothea A. Dunigan, Lucy F. Dwyer,

Alma G. Ellis, Liliann Epstein, Anne Finkelstein, Doris M. Finn, Mary L. Fitzgerald, Claire M. Fitzpatrick, John J. Fiumaro, Dorothy M. Flynn, Rose M. Fudale, James J. Foley, Catherine T. Frazier, Elizabeth H. Gilligan, Valentina Glebow, Arline B. Glen, Harriet Goldberg, June F. Goldberg, Helen T. Goodwin, Anna D. Gray, Madeline G. Green, Mary J. Green, Evelyn D. Griffin, Richard P. Harmon, Phyllis M. Harvie, Irene A. Hennessey, Anne P. Higgins, Mary A. Holland, Sydney Jaffe, Elizabeth R. Kearns, Joseph G. Kolodny, Herbert Kopins, Kathleen T. Larson, Marguerite M. Leary, Esther Levine, Dorothy Lewis, Rose R. Lynch, Patricia M. Lyons, Edna G. Mackenzie, Mary G. Marnell, Agnes M. Marsh, Charles L. McCarthy, Florence E. McCarthy, William J. McCarthy, Ruth A. McCue, Eleanor F. McEleney, Robert N. Mead, Mary G. Micciche, Gertrude Mikels, Bernice J. Miller, David Miller, Marguerite M. Minsky, Beulah F. Morse, Mary A. Mulcahy, Helen E. Murphy Rosalie M. Murphy, Christina Myrick, Louise Nalbandian, Freda S. Nathanson, M. Elizabeth Norton, John J. O'Brien, Miriam Ocnoff, Margaret R. O'Connell, Sara C. Oginsz, Margaret A. O'Leary, Kathleen G. Oxley, Rose Perez, Alice M. Phaneuf, Mary I. Pigott, Eben Rosenfield, Emilia M. Rubino, Edward Rudin, Marie J. Scanlin, Isabel R. Sefton, Sara F. Silverman, Ralph Simes, Helen M. Snaphy, M. Barbara Stevens, Sara D. Sugarberg, Mary G. Sullivan, Leo Tarutz, Lola S. Tassinari, Pauline A. Thompson, Mattie A. Thomson, Mary A. Tonougar, Eleanor G. Twomey, Marion L. Wagner, Thomas H. Wall, Martha F. Waugh, Dorothy Weiner, Eleanor S. Weiss, Simon L. Weker, Eunice M. Wilson, Vyna M. Wingood, Rose F. Winterson, Sophie Yukn.

Day Elementary Schools—Evelyn J. Abdelah, Mildred L. Alcott, Dorothea C. Ambrose, Helen E. Atwood, Louise T. Bailey, Eva Barnett, Naomi Bazol, Dorothy I. Blenkhorn, Doris Blotcher, Anna G. Boudwin, M. Eleanor Bowen, Mary E. Brennan, Rita B. Buckley, Marie G. Bulman, Louise C. Burke, Marie L. Burke, Catherine M. Butler, Mary G. Callahan, Ethel M. Campbell, June B. Campbell, Marie H. Campbell, Catherine P. Carty, Margaret M. Casey, Frances S. Cazanove, Mary L. Chapman, Agnes A. Clancy, Elizabeth M. Clancy, Helen F. Clark, Dorothy E. Cohen, Irene E. Collicott, Helen M. Collins, Katherine A. Collins, Claire P. Comey, Kathleen M. Concannon, Lucy E. Condon, Catherine B. Connors, Rita T. Conway, Janet L. Cook, Mabelle A. Coyne, Veronica A. Croke, Lillian L. Crosby, Helen F. Curley, Gertrude L. Cusack, Catherine A. Daly, Lilia C. Daly, Anna C. Damaino, Charlotte M. Davis, Mary A. Decareau, Theresa M. DeGrandis, Alice C. DeLorey, Anita M. Desautels, Ursula R. Dixon, Kathryn F. Doherty, Helen T. Donnelly, Mary C. Donovan, Pauline Ehrlich, Edith R. Eldracher, Alma L. Ellinger, Alice Eng, Frances Epstein, Julia M. Fallon, Loretta M. Feely, Reva R. Fellman, Anne G. Fennessey, Geraldine P. Ferris, Helen J. Finan, Helen Fine, Margaret E. Fisher, Margaret M. Fitzgerald, Rita F. Fitzgerald, Mary A. Fitzsimons,

Margaret F. Flaherty, Elizabeth M. Flanagan, Catherine A. Flynn, Mary J. Flynn, Thelma L. Fortunati, Rebecca Freeman, Wilma Friedberg, Beulah L. Fruean, Margaret H. Gabriel, Alice E. Gallagher, Elizabeth J. Gallagher, Ruth L. Gallant, Elizabeth I. Garvin, Ruth A. Glavin, Sara F. Goldberg, Christina L. Golden, Ruth L. Goldman, Eileen M. Goode, Lenore E. Gordon, Dorothy Gouzoule, Agnes R. Grant, Margaret E. Gray, Sadie M. Greenberg, Mary F. Halligan, Ann G. Halloran, Reva R. Halperin, Evelyn M. Harvey, Catherine B. Healy, Marie H. Herlihy, Mary A. Hurloran, Alice L. Humphrey, Anna T. Joyce, Adele R. Kaplan, Patricia F. Kelleher, Eileen A. Kelly, Sally W. Kelly, Gladys J. L. Kline, Antoinette Kouroyen, Isabelle A. Koury, Marion G. Lane, Frances R. Lappin, Marcella J. Laundrie, Margaret A. Lavin, Genevieve A. Lawler, Mary G. Lawless, Anna D. Leary, M. Virginia Leaver, Ruth A. Leddy, Miriam D. Levins, Margaret C. Limmer, Marguerite E. Lindsay, Mary J. Loughan, Barbara A. Lynch, Helen M. Lynch, Ruth E. Lynch, Mary A. Lyons, Mary P. MacIntyre, Margaret E. MacNeil, Mary E. Magennis, Marie B. Maggiore, Louise V. Maguire, Katherine E. Magulion, Rebecca M. Mahoney, Mary M. Manning, Mary S. Marco, Evelyn J. Martin, Mary T. Martin, Mary E. Mason, Alfred J. McCarthy, Clare L. McCarthy, Eileen M. McCarthy, Helen F. McCarthy, Mary F. McCarthy, E. Mary McCarty, Dorothy M. McCormack, Mary A. McDermott, Margaret B. McDonough, Helen McGillicuddy, Mary E. McGovern, Jane McLaughlin, Mary A. McNulty, Ruth C. McNulty, Eleanor M. McTernan, Mary B. McTiernan, Annie E. McWilliams, Mary M. Miller, Katherine G. Morgan, Mary G. Moran, Mary L. Moran, Mary E. Muldoon, Eileen M. Mullaney, Margaret M. Mullen, Mary A. Mullin, Margaret M. Murnane, Frances E. Murphy, Veronica R. Murphy, Elizabeth A. Murray, Dorothy S. Noonan, Kathleen M. Noonan, Virginia C. Noonan, Eileen H. Norton, Esther M. Nugent, Katherine E. Ochs, Mary M. O'Connell, Stella R. Ogonik, Margaret M. O'Hare, Mary E. O'Hare, Frances D. O'Leary, Rosalind G. Olim, Ruth R. Onigman, Doris Orkin, Frances P. O'Shea, Dorothy A. Owens, Amy L. Palladino, Mary K. Phelan, Mildred M. Price, Marion F. Purdy, Esther M. Rask, Elizabeth M. Reagan, Helen M. Redding, Helen Riddoch, Norma S. Rivkind, Betty Rosenfield, Florence E. Rubin, Esther B. Rudd, M. Gladys Rupp, Florence K. Russell, Mary A. Russell, Nadine E. Sander, Gertrude H. Schultz, Esther Schwartz, Marion H. Sheehan, Charlotte Sheingold, Lillian Shore, Helen F. Simonton, Alice V. Slater, Gertrude E. Smith, Theresa M. Spadazzi, Anita Stellar, Virginia S. Stone, Margarita M. Sturniolo, Mary E. Sullivan, Mary Joan Sullivan, Miriam H. Sullivan, Maybelle K. Supple, Gertrude A. Tarutz, Alice M. Tilley, Marion K. Tinker, Mary J. Tracy, Beverly R. Trundy, Pearl I. Tucker, Mary E. Twomey, Sophie B. Urban, Florence I. Walsh, Katherine T. Walsh, Doris A. Warner, Helen D. Watson, Irene B. Webber, Edith G. Weiner, Edith Weisberg, Loretta M. Wellings,

Vivian A. Wheaton, Gertrude F. Whelan, Ruth A. Whitmarsh. Kindergarten—Louise T. Bailey, M. Eleanor Bowen, Rita B. Buckley, Lucy E. Condon, Ursula R. Dixon, Geraldine P. Ferris, Lenore E. Gordon, Sadie M. Greenberg, Mar. F. Halligan, Marie H. Herlihy, Alice L. Humphrey, Frances R. Lappin, Jane McLaughlin, Mary E. Muldoon, Elizabeth A. Murray, Doris Orkin.

Boston Clerical School—Barbara M. Ames, Mary V. Carty, Mary L. Cassone, Thomas J. Connaughton, Mary M. Cunningham, Katherine M. Delaney, Mary M. Devenny, Elizabeth J. Doherty, Helen L. Fitzgerald, Mary M. Flannelly, Eleanor Friedberg, Dorothea M. Gardner, Dorothy M. Gookin, Florence R. Halpern, Catherine A. Herlihy, Annette N. Kanter, Marie E. Maguire, Margaret E. McCarthy, Mary A. McDonald, Ruth M. McLaughlin, Anna C. Minehan, Margaret M. Moranville, Peter J. Mullen, Ann P. Norton, Anne T. Phillips, Lena Shapiro, Esther G. Smith, Frances L. Sullivan, Helen F. Sullivan, Agnes W. Templeton, Mary A. Thompson, Eileen F. Wellings.

Boston Disciplinary Day School—Paul J. Boylan, Jeannette S. Casey, Ruth L. Goldman, Margaret M. Maguire, Mona M. McGrath.

Boston Trade School—Joseph T. Sheehan.

Trade School for Girls—Alice F. Casey, Beryl J. Roberts.

Classes for Conservation of Eyesight—Barbara A. McGrath, Mary C. E. Mooney.

Vocational High and Opportunity School—Frances E. Castleman, Paul G. Crotty, Allan J. Doherty, Catherine A. Faunce, William B. Hickey, Katherine K. Hilly, Abraham S. Levenson, Sam A. Midman, Muriel M. Page, Abraham Rosenfeld, Grace C. Wuard, Anita D. Zepp.

Department of Household Science and Arts—Jennie Gold, Lucille M. Guaragna, Aurelia M. Kelley, Alice M. Toomey, teachers of cookery; Alice V. Gallagher, Kathleen E. Harcourt, Evelyn N. Kelley, Catherine T. Kenney, Florence A. MacKenzie, Anna F. McDermott, Edith H. McPeake, Marie A. L. Pacht, Eleanor L. Prendergast, Josephine A. Sullivan, Frances A. Watson, Jennie Zinkowski, teachers of sewing; Mary O'Hara, teacher of bookbinding; Agnes Tierney, teacher of millinery; Minnie Darrow, teacher of printing.

Horace Mann School—Catherine M. Cuddy, Isabel A. Downey, Mary M. Goode, Mary R. Keefe, Agnes G. Kilduff, Anna M. Mulholland, Lillian J. O'Hare, Marjorie M. Williams.

Salesmanship—Clara W. Hill, Beatrice A. Lock, Mary I. Norris, Ruth VanNess.

Speech Improvement Classes—Rose M. Fitzgibbon, Margaret R. King, Rose Landy, Cecilia M. McCann, M. Barbara Spindler.

Lip Reading Classes—Mildred M. Kinnier.

Special Classes—Anna Andler, Margaret M. Dixon, Mary R. Donnelly, Sylvia P. Fox, Sylvia Freedman, M. Beatrice Goldberg, Ethel Hurwitz, Eleanor S. Jung, Anne L. Kenny, Katherine M. Lovett, Eleanor M. Noonan, Jennie M. Russo.

Department of Music—George T. Barrett, H. John Calabro, Victor Childers, Olive M. Day, Faith Don-

ovan, Lyman W. Freeman. Alice K. Gorman, Franz T. Hain, Arlie W. Latham, William Lindner, Juste Maurice, W. Raymond McClure, Joseph L. McHugh, Joseph J. McNamara, Harry E. Myhr, Albert Patch, Ruth Peacock, Theodore Romano, Irma Seydel, Herbert H. Silverman, Alson R. Whitcher.

Department of Physical Education—Ruth E. Ambrose Marie S. DeVizia, Elizabeth E. Dooley, James A. Dorsey, Jr., Rosalie E. FitzGerald, John B. Gibbons, Jr., Ruth E. Lougee, Berthe F. McNamara, Helen M. O'Dea.

CANDIDATES IN TRAINING

Day High Schools—Helen F. Burns, Ann L. Carroll, Mary F. Carroll, Mary A. Connolly, Helen R. Cotter, Harriet A. Dennison, Margaret M. Donnelly, Eleanor R. Geishecker, Patricia A. Gormley, Mary W. Healy, Mary Margaret Keefe, Ruth L. Kelly, Mary E. Kenney, Lillian F. Kredentser, Ruth Krock, Marie B. Leen, Beverly M. Leventon, Marion E. MacEwen, Julia M. Manning, Dorothy A. Martin, Elizabeth M. McCauley, Marjorie L. McDonnell, Anna V. McGinley, Mary R. McLaughlin, Mary P. Nolan, Marjorie J. O'Keefe, Doris M. Pratt, Helen E. Rooney, Eugenie Solimando, Dorothy C. Thain, Gertrude C. Ige, Gertrude I. Walsh, A. Dorothea Wool.

Day Intermediate Schools—Dorothy K. Becker, M. Eileen Bowers, Blanche M. Camia, Evalyn V. Channen, Helen G. Cullinane, Edith A. DeAngelis, Agathina L. diBella, Mary C. Donovan, Charlotte Fellman, Constance M. Gough, Mary T. Hern, Adele E. Hjerpe, Else J. Junker, Mildred C. Lief, Genevieve G. McCready, Mary St. John McNally, Mary E. O'Leary, Margaret E. Powell, Josephine J. Ricard, Mary E. Santry, Veronica M. Shea, Marjorie F. Timmine, Lillian E. Wernick, Mary A. Winston, Selma Younis.

Day Elementary Schools—Evelyn J. Abdelah, Joan D. Adler, Mildred L. Alcott, Naomi Bazol, Louise C. Burke, Margaret W. Connelly, Helen F. Curley, Rita F. FitzGerald, Dorothy M. Fredd, Margaret H. Gabriel, Virginia M. Galligan, Josephine A. Gilchrist, Margaret E. Green, Dorothy M. Houston, Edna M. Kahn, Gladys J. L. Kline, Isabelle A. Koury, Merle C. Lagamasino, M. Virginia Leaver, Kathleen Lyons, Virginia C. Noonan, Esther M. Nugent, Florence L. O'Shea, Dorothy M. Pearce, Clarina A. Russo, Maria R. Sarno, Charlotte E. Sheingold, Edyth E. Snow, Gertrude Spiegel, Mary Joan Sullivan, Mary L. Turley, Sophie B. Urban, Irene B. Webber.

Kindergartens—Frances L. Flaherty, Winifred M. Graves, Mary A. Hedstrom, Ruth M. Heerde, Anna D. MacArthur, L. Phyllis Madden, Julia M. Pezzuolo.

Special Classes—Marguerite P. Barry, Anne Gilman, Cathleen L. Hannon, Claire H. O'Brien, Constance G. Pulvirenti.

Approved.

EMERGENCY EMPLOYMENT OF SUBSTITUTE TEACHERS

6. ORDERED, That the follow-
ing-named dictionary, now author-
ized for reference use in all schools,

is hereby dropped from the list, no
further copies to be purchased:

Funk and Wagnalls. The High
School Standard Dictionary. Funk
and Wagnalls Company. cpt. 1935.
The six orders were laid over.

RE-ELECTIONS TO BOARD OF
TRUSTEES, TEACHERS RE-
TIREMENT FUND

The terms of Mr. McDevitt and
Mr. Norton as members of the
Board of Trustees of the Teachers
Retirement Fund having expired,
the School Committee proceeded to
fill the vacancies.

On roll call, the members re-
spectively stated that they voted to
fill the first vacancy as follows:

For Mr. McDevitt—Messrs. Lee,
Norton, and White—3.

Not voting—Mr. McDevitt—1.

Absent—Mr. Sullivan—1.

On roll call, the members re-
spectively stated that they voted to
fill the second vacancy as follows:

For Mr. Norton—Messrs. Lee, Mc-
Devitt, and White—3.

Not voting—Mr. Norton—1.

Absent—Mr. Sullivan.

The Chairman thereupon declared
Messrs. McDevitt and Norton re-
elected members of the Board of
Trustees of the Teachers Retirement
Fund for a term of two years,
ending October, 1942.

ELVIRA BUSH SMITH FUND

A communication was received
from the Secretary, under date of
Oct. 21, 1940, reporting the receipt
of a communication to the School
Committee from Mr. John E. Har-
rigan, Attorney, announcing a be-
quest to the School Committee in
the sum of \$500, to be known as the
Elvira Bush Smith Fund in Brigh-
ton High School; the income to be
used for purchasing books, pictures
or other educational material for
the History Department of the
Brighton High School for which the
School Committee of Boston will
not otherwise furnish the requisite
money. The decision to use the in-
come for said purpose and the di-
rection of its expenditure shall rest
in the Head Master, with the ap-
proval of the Head of the History
Department.

The gift was accepted by the
School Committee with the provi-
sion that the City Treasurer shall
be the custodian of the Fund, the
income of the Fund to be expended
in accordance with the terms of the
bequest.

The Secretary was directed to in-
form the attorney, Mr. John E.
Hannigan, that the Committee very
gladly accepts the gift to the school
from a teacher who worked un-
ceasingly for the good of the school
and whose great happiness was in
serving the school.

APPROPRIATIONS AND EXPEN-
DITURES TO OCT. 1, 1940

Communications were received
from the Business Manager submit-
ting statements showing the ap-
propriations, the expenditures, and
the balances for general school pur-
poses and special items for the first
eight and nine drafts of the current
fiscal year, the expenditures for the

first eight and nine drafts of the fiscal year 1939, and the increases and decreases in the several items. Placed on file.

LEAVE OF ABSENCE TO CUSTODIAN

A communication was received from the Schoolhouse Custodian, under date of Oct. 21, 1940, recommending that Gerard J. Harrington, custodian, Sophia W. Ripley School-house, be granted leave of absence on one-half net compensation for the period Oct. 11 to Nov. 11, 1940, because of personal illness. Placed on file and leave of absence on one-half net compensation granted for the period specified.

TRANSFERS OF CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of Oct. 21, 1940, recommending that the following-named custodians, who stand at the head of their respective lists, be appointed as indicated, to take effect Oct. 27, 1940: William E. Joyce from the Lafayette to the custodian of the Nathan Hale School-house. Morgan J. Kane from the Hugh Roe O'Donnell to the custodianship of the Patrick F. Lyndon School-house. John F. Mahoney from the Theodore Lyman to the custodianship of the Bowdoin School-house. Richard G. McCarthy from the Charles Bulfinch to the custodianship of the Minot School-house. Roderick R. Mitton from the James J. Storrow to the custodianship of the Robert Swan School-house. Thomas B. Morgan from the Bowditch to the custodianship of the Edmund P. Tileston School-house. Charles Rizzo from the Benjamin Cushing to the custodianship of the Cora L. Etheridge School-house. Placed on file and the appointments approved, to take effect on the date stated.

REPORTS ON AUDITS OF BOOKS AND ACCOUNTS

Communications were received from Andrew W. Welch and Company submitting three reports on the audit of the books and accounts of the Business Manager for the three-months' periods ending Dec. 31, 1939, Mar. 31, 1940, and June 30, 1940. Placed on file.

A communication was received from Andrew W. Welch and Company, under date of July 22, 1940, submitting their report on the audit of the books and accounts of the Secretary, the Treasurer of the Charlestown Free School Fund, the Mabel E. Adams-Hannah T. Osgood Bequest, and the Laura Fisher Taussig Memorial Fund for the year ended Dec. 31, 1939. Placed on file.

A communication was received from Andrew W. Welch and Company, under date of Aug. 5, 1940, submitting their report on the audit of the books and accounts

of the Boston Trade School, the Trade School for Girls, High School of Practical Arts (Munch account), and the Vocational High and Opportunity School, for the year ending Dec. 31, 1939. Placed on file.

A communication was received from Andrew W. Welch and Company, under date of Aug. 5, 1940, submitting report on the audit of the books and accounts of the coordinators in various co-operative industrial courses in day high schools for the year ended Dec. 31, 1939. Placed on file.

PUBLIC SCHOOL MEMBERSHIP, SEPT. 30, 1940

A communication was received from the Superintendent, under date of Oct. 21, 1940, submitting the following statement of the number of pupils belonging in the Boston public day schools, exclusive of the Continuation School, on September 30, 1940, together with a comparative statement of the number belonging on September 30, 1940, as follows: The total number belonging in the Boston public schools on September 30, 1940 was 120,447, which is 3,477 less pupils than were enrolled in the schools on September 30, 1939. The Teachers College of the City of Boston shows a decrease of 127 pupils; high and Latin a decrease of 821 pupils; in grades VII, VIII and IX, there is a decrease of 718 pupils; in grades I to VI there is a decrease of 2,622 pupils; in the kindergartens there is an increase of 394 pupils; and in the special schools an increase of 417 pupils.

In the Continuation School the membership on September 30, 1940 was 79 less than on September 30, 1939. On September 30, 1940, it was 53 as against 132 on September 30, 1939. In the Training School for Teachers of Mechanic Arts there was a membership of 24 pupils on September 30, 1940.

A distribution of the increases and decreases in membership for 1939 and 1940 is shown by the following table:

PROPOSED INSTRUCTION IN POLITICS

Mr. Lee: I would like to bring up a matter that I have not brought up formally in public meeting since this Committee took office last January. That is the suggestion that we give instruction in politics, as part of our government courses presumably, or as part of our civics courses, or elsewhere in the school program.

The point I want to urge on you in regard to this is that politics is one of the techniques of life, and just as much to be learned as English or arithmetic. If we are not ashamed of America we need not be ashamed to study the operation of politics by which America is governed.

I have felt that we taught the children in our schools that either American government was good and that we should not criticize it, or we have taught them that American politics is so bad that we should not go into it. The result has been that the child has not started to follow the path of how our government operates in actual practice.

It seems to me the obvious thing we should teach is that America is a sort of agreement among American citizens to live not by shoving each other around or dealing through a dictator, but by each person doing something for someone else for which he is paid and he in turn being in a position to pay someone else to do something for him. It is a plan where the consumer is in the saddle, and by that means the citizen governs the relationships of other people and himself as one of a country where people live by a voluntary exchange on that basis.

Because we do have a country like that, which lives not by slavery but by the use of money, when it comes to election, a man running for office, in order to pay for his election paraphernalia and his workers, must raise finances. That has led to a situation where the man who has served well and received the patronage of consumers and has built up a big corporation, is in a better position to contribute to campaigns. This has led to a hiatus in American life because the politician is faced with the double situation of appealing to the man who can contribute to his campaign and at the same time appealing to the voters. As I said two years ago, that often leads to the candidate taking an irregular or straddling position where he seeks to get contributions from the rich and votes from the poor on the promise of protecting each from the other.

That has gone down into our school system, and the school system has not felt comfortable in going into the question of how government runs, because there are those considerations which have to be gone into. So we have gone along teaching that the American form of Government is fine and that politics is bad or "controversial," and the student has come out of school not knowing which leg to stand on and being something of a moral zero, as far as being able to cope with the operation of his own government is concerned.

I think he has missed the drama, the excitement and the spirit of the chase which should come in the follow-up or study of his own government.

It would seem that in a nation of consumers living as we do by each person working for the other person and each in turn getting money to pay the other person to work for him, the man in public office is the referee who keeps in order the rules and regulations by which we keep this opportunity of earning a livelihood in operation.

In order to remedy that situation, two years ago I made various suggestions along the line that we try to get at the basic situations which govern the election to office of these men in public life who act as referees in this industrial world in which we live, and I pointed out that the Legislature or the Congress of the United States is primarily a dollars and cents proposition because it passes laws in a land where people live by dollars and cents rather than living by slavery or living under some dictator. When Congress or the Legislature passes a law, it hampers or encourages some group. It authorizes school systems that enable youngsters to compete in the trades and professions that exist, or fails to do that. It regulates industry so that the consumer knows what he is buying, or it fails to do that. The Government regulates contracts, so that, as between landlord and tenant, or between insurer and insured, or between banker and depositor, a fair exchange will prevail.

When I brought these points up before, it seems to me the Committee rather turned its face away from going into the problem. Now we have a new Committee since I presented this situation.

As to the exact subject matter that I recommend in teaching politics and government as it works, I would first of all describe the basic American situation, a situation where we live and govern each other by money transactions; we import things from California and California imports things from us; we pull freight trains across the continent and steamships across the Atlantic to meet our demands as consumers, and we make free arrangements, one working for the other, and we enable the other one to work for him. That fundamental American situation I would think should be the basis of instruction in politics. The man in public office is then a referee, governing and maintaining the rules by which that agreement to work together goes along.

I would point out how the Legislature and Congress does pass laws which affect favorably this group or that, and which affect different parties to contracts.

Then one would have to meet the question that, besides appealing to the mass of voters, a man seeking public office in a land which carries on by money or commerce rather than by tyranny, does have to raise contributions from groups which are able to pay. Even our newspapers are supported by the advertisements of those who have served the consumer well and, therefore, have earned enough to be able to advertise.

Even though these factors have to be examined, I do not think that is any reason for ducking away from the subject. On the contrary, an understanding of what the country is and what this land is for, an understanding of how money comes into the picture, an understanding of the necessity of election machinery, election expenditures and their sources, all would enable the average citizen to better understand the situation he is dealing with, to work with forces as they exist and to properly evaluate and appraise the factors which govern an election, to arm himself against paid propaganda and allow for that.

It seems to me our American system, with whatever faults it may have, is vastly better than any system devised by mankind since the birth of history. I do not believe we have to turn away from the American picture or the place of the politician in the American picture simply because under public apathy, men running for office may rely too much on high pressure campaigns that are well financed, or that public indifference or apathy may lead the candidate to tie-ups and support from racketeer groups who are willing to work more actively, with hope of reward.

By showing the child the whole situation I think it is possible to elect referees who will preserve the rules of this nation of ours, and I believe that the main thing to do is simply to plunge into the question of our government and how it works and what forces seem to work in our choice of men to office, and to point out that if the electorate is not informed as to the factors in the situation, some means must be taken by which the electorate will be supplied with the facts, so that the man running for office must talk sense and must sell himself in terms of benefitting the people who are living in a land dedicated to the right to earn a living.

That is the gist of the American situation as I see it, and the place of the politician in that American situation. I do not think we should be ashamed to discuss that machinery in our class rooms.

Another point is one brought up about politics by a former member of the School Committee, in a book on government, where he pointed out that two major parties always become alike. If one major party has a good plank the other major party will appropriate that good plank in its appeal to the voters. Witness the New Deal planks that Mr. Willkie has taken over, even though he is a member of a different party.

That similarity in party programs has made the voter say, "What is the difference? They are all alike."

Again, the voter might say, "This country runs itself by consumers buying things and producers selling things, and the main thing is to earn a living; the persons in politics do not make much difference. That is about 9-10 correct. Nevertheless, the people we elect to office are the referees who preserve to the citizen the right to earn a living, and, in the second place, the right to spend his money on products in the market knowing what he is buying.

The fact that the parties are alike and that most people should be concerned with making a living should not make the voter indifferent to who is elected, because if men are elected who will preserve those rules and encourage a more evenly distributed opportunity for all to participate in this American system, it redounds tremendously to the benefit of the citizen.

All these questions seem to be basic. I do not think we are going to get along if we do not go right after our main business here, which is earning a living and electing to office public referees to safeguard just rules. We ought to understand what are the adverse factors and we should not shrink from going into the various aspects of the practical, functional working of politics. I think we should follow the case system—along the lines that I suggested two years ago—in teaching this, so that it would not be too abstract.

Mr. Norton: I think we agree fundamentally with what Mr. Lee is trying to arrive at. We would all like to see a greater knowledge of our government by all of our citizens.

Chairman: The Chair would suggest that Mr. Lee's statement be given to the Board of Superintendents for study and report.

Mr. Lee: If the Board of Superintendents would take this into consideration it would be of value. It is a year since I presented this. At least I was a year younger and the Board of Superintendents were a year younger.

Superintendent: I hope you are not assuming that a good deal of this is not already being done in the class room?

Mr. Lee: I know it is to a great extent. At the same time I have talked to teachers who have not seemed to get what seems to me to be the essence of the kind of government we have here and who, frankly, seem quite out of water on the more practical questions of how our government and election practices function. I think we can take a long, broad step in that direction to very good advantage.

I know of nothing that turns me up any more than to see the radicals on the one hand and the reactionaries on the other—if you call people like Mr. Hitler a reactionary—paint their very lovely Utopian picture of what their system is like, when it seems to me that we have by far the best system here, in our little system of using money as a conveyor belt to draw products and machinery into being and into the use of the citizen. This is a marvelous thing especially as it makes the consumer a boss and does not make him a minion under the direction of some slave-driver or whip-holder.

After all, we have built a civilization where we cross the continent with a single band of steel that the train runs on. As the Poet Homer has said, we have winged words. We are winging our words instantaneously across the continent, a wholly miraculous thing. We have paper, previously unknown to history. We have watches, recently invented. We have vehicles propelling themselves on air cushioned inside of gum produced from South

American trees. We have skyscrapers taller than the great Blue Hills for which Massachusetts was named. We have this extraordinary land regulated through a market system, through what I call the conveyor belt of money, without the whip or the concentration camp.

With such a dynamic system we should be able to make our government work and our people should have an understanding of how it can work by electing the right men to office, and we should instill that into our children by giving them a smell of the grease and the fumes of the actual political machinery, so that it becomes as familiar as the operation of his automobile engine is to the man who works around a car.

Mr. Norton: I think, Mr. Chairman, we all agree that Mr. Lee has something there.

The Business Manager has suggested to me that in New York there is a forum for democracy. They are eventually coming into every state. Their idea is along the lines mentioned by Mr. Lee. As the result of Mr. Lee's agitation and the work of our own department heads, I think we are going to have this work done as it should be done under the circumstances.

Here is a book that has just come out, "Youth! Millions Too Many!" Dissatisfied youth brought Hitler into power. Dissatisfied youth brought Mussolini into power. Dissatisfied youth made of Russia the mad house that they have there today.

I am told that there are 1,750,000 youngsters coming out of the high schools and colleges each year and of that number only one in four has any conception of what kind of a job he or she wants or is prepared for.

There has been a recent study made of the unemployed youth of New York City. As the result of that study they find that half of the unemployed youth of New York City have been vocationally trained along lines for which there are no jobs. We must be careful not to grasp at panaceas. We should not make the mistake of training too many carpenters and finding after a short period that there are no jobs.

Only within a day or so Premier De Valera told the Irish Dail, "I have no panacea for Eire's problems." He does not suggest nationalizing transportation and he does not suggest public control of money. He says, "I think they raise new problems. I have no answer to the unemployment problem." I am not saying he is right. I am merely quoting that to show how international this problem is.

We all agree with Mr. Lee in his basic concept. We have the teachers who can teach these subjects and as a result of your agitation they are going to take more interest than ever in this important basic subject.

Mr. Lee: I think the Chairman made the suggestion that this be referred to the Board of Superintendents.

Chairman: A transcript of the statement will be referred to the Board of Superintendents for consideration and report back to the Committee.

VOICES OPTIMISTIC OUTLOOK FOR BOOT AND SHOE INDUSTRY IN 1941 — MAYOR TOBIN ADDRESSES MEMBERS OF TRADE AT DINNER OF BOOT AND SHOE CLUB — EXPRESSES HOPE FOR HARMONY BETWEEN WORKERS AND EMPLOYERS SO THAT PROSPECTS FOR PROSPERITY SHALL NOT BE SPOILED AND THAT NO DISTURBING FOREIGN ELEMENT OF THOUGHT SHALL BE ALLOWED TO INTRUDE, RETARD OR HAMPER PRODUCTION OR SPOIL OPPORTUNITY FOR MORE ABUNDANT LIFE THAT IS AT HAND.

The following is, in part, the address of Mayor Maurice J. Tobin before the members of the Boot and Shoe Club, Copley-Plaza Hotel, Wednesday evening, November 20, at 6.30 p. m.:

President Masterson, Members of the Boot and Shoe Club, and Guests.

While I have been sitting here I have been pondering over some figures that were brought to my attention. We have approximately 130,000,000 citizens in the United States. The boot and shoe production in America was approximately 420,000,000 pairs at the last check-up. That represents three and one quarter pairs for each citizen. I am wondering who gets the quarter pairs and what they do with them?

Let me say that I greatly appreciate the opportunity to break bread with representatives of one of the nation's largest industries. It is fitting that you have gathered in Massachusetts, for the American Shoe Industry was founded in this Commonwealth in 1630 when two shoemakers from England arrived to ply their trade and started work at Salem. That was the beginning of a great business which flourished during the ensuing two hundred years.

The first cobblers, as they were called locally, tanned hides of the local cattle to fashion clumsy but substantial boots which were what the colonists wanted. They had to be good and not fancy, and that inherent quality of long life has clung to New England footwear ever since.

A motor trip through many communities near Boston will reveal tiny buildings on many of the old farms. There they were erected as shoe shops. I am told that it was the custom for a farmer and his sons to peg shoes in these cubby-holes during the winter months when farm chores did not demand so much time. The cut stock was supplied by a dealer who paid the farmer a few cents a pair for the finished footwear.

Production Has Grown.

In that way the family income was eked out and probably much of the proceeds went into the purchase of some of the very cowhide boots that were turned out. Figures compiled in 1810 showed that eleven states reported a total production of more than five million pairs of shoes valued at \$4,680,000 with Massachusetts accounting for 40 per cent of the total.

An important change took place in the shoe industry in the nineteenth century when machinery was first used in the manufacture of footwear. For the first time in five thousand years shoes were being made by a method that differed from the one used by the Egyptians, Romans and mediæval craftsmen. The patents and the machinery for these revolutionary developments were perfected right here in New England, later to spread throughout this country and to other parts of the world.

Massachusetts placed a shoemaker in the vice presidency of the United States when Henry Wilson, the Natick cobbler, was elected in 1873. The tiny shop from which he went to the nation's capital still stands and is appropriately marked.

Having been invited to attend a shoe men's dinner I naturally was curious to know something about your business. I want to tell you that the figures startled me. I learned that Boston has ten shoe factories which employ 1,278 workers, with a pay roll of \$1,270,310 annually and a production valued at \$4,639,899. For all of Massachusetts the list shows 266 factories that provide a livelihood for 44,658 workers who turn out products valued at \$132,964,000 and are paid \$36,510,593. In the language of the street that isn't exactly "hay."

Plants in State.

There is more to it though. This state has 274 plants that produce cut stock and findings used in shoe manufacture. These give employment to 7,279 workers whose wages total \$6,754,549 and whose product has a value of \$47,350,318.

I don't want to bore you by reciting statistics that doubtless you already know, but further research showed me that in all New England there are 434 shoe factories which employ approximately 80,000 people, pay them \$70,000,000 in wages, and market production worth about \$265,000,000.

(Continued on page 1252.)

"O Boston, fair City enthroned like a radiant queen,
From thy hill looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKEL DOLB.

CITY RECORD.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, November 25, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables slaughter-houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To THE STATISTICS DEPARTMENT, 73 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending Nov. 16, 1940.

Population as of July, 1940, Massachusetts State Census, 817,713; population estimated July, 1940, United States Census Bureau, 769,520; number of deaths (stillbirths excluded): Residents, 153; nonresidents, 41; total, 194.

Death rate per 1,000 of population: All deaths, 13.11; nonresidents deducted, 10.34.

Death rate per 1,000 of population:

Last week, 14.12; corresponding week last year, 12.62.

Deaths by age periods, sex, etc.: Under one year, 14; one year to four years, inclusive, 1; sixty years and over, 107. Total deaths: Male, 103; female, 91; deaths in hospitals and institutions, 108; deaths of colored, 6.

DESTINIES OF CANADA AND UNITED STATES MORE FIRMLY BOUND TOGETHER IN RECENT MONTHS THAN EVER BEFORE, MAYOR TOBIN TELLS MEMBERS OF CANADIAN AMERICAN LEAGUE AT ANNUAL DINNER — POINTS WITH PRIDE TO PEACE, AMITY AND COOPERATION BETWEEN TWO COUNTRIES IN PAST AND PREDICTS A MORE GLORIOUS AND HEARTY FRIENDSHIP IN FUTURE AS NEIGHBORS FACING WHATEVER PROBLEMS PRESENT WAR IN EUROPE MAY OFFER — PRAISES SPIRIT AND QUALITIES OF CANADIAN CITIZENS IN BUILDING UP BOSTON AND NEW ENGLAND.

At the annual dinner of the Canadian American League, at the Continental Hotel, Cambridge, on Monday, November 18, Mayor Tobin spoke, in part, as follows:

President Campbell and Gentlemen.

I deeply appreciate the honor conferred on me by the invitation to be your guest. I know that the problems that face us as citizens of Boston and the United States also face you as citizens from our neighbor and friend, Canada. Canada and Boston and New England have long enjoyed a friendship and a relationship that makes for peace, amity and cooperation.

That spirit of friendship and amity was never more manifest than tonight as we sit at this table and exchange thoughts and wishes while looking into the future. The destinies of our two countries have been more firmly and indelibly bound together in the past few months than ever before.

There are 1,500 members of your organization. There are 750,000 Massachusetts residents of Canadian extraction and more than 200,000 of them reside in Greater Boston. I am sure that every one of them is as interested as I am in the manner in which relations between Canada and the United States may be affected by the outcome of the present war.

Plans for Defense.

There is little doubt but that the Federal and Dominion Governments are anticipating the eventualities and that the permanent Joint Board for the Defense of the United States and Canada is making its plans, but until the plans are announced publicly you and I and many thousands of others have much to think about.

If the war should transfer the seat of British Government to the senior Dominion, new and important intra-American questions would develop. America is vitally interested with Canada's status under complete British victory, under a negotiated peace or under the crushing of England by the Axis Powers. If the result of the conflict should cause Canada to assume independent status it would doubtless be under American auspices but however the problem may resolve itself, America has a job at hand — a job not only for the State Department but for the whole country — that of becoming much better acquainted with the neighbor who dwells north of the longest unfortified international boundary in the world — of learning more about her geography, economy, people and politics.

Including Newfoundland and its territory in Labrador, Canada covers 3,847,597 miles. It is about three per cent larger than Continental United States and two per cent smaller than the continent of Europe. Its topography varies from mountains in the west, through foothills and prairies, barrens above Lake Superior, the open lands of Ontario, the rocky Laurentian District in Quebec, fertile eastern townships south of it, then plains sloping to the sea in the east. Lakes abound and some of them are larger than the Great Lakes on the United States border. Both coastlines offer excellent harbor facilities and the climate of the Dominion corresponds to that of our northern states.

As in this country most of the developed area of Canada is devoted to agriculture and forestry, but its economy is largely industrial. Its chief crops are grain, principally wheat, though dairy and fruit products are also plentiful. In other fields of primary production, fishing, fur trapping, hydroelectric power and mining are important. Mining is a major industry and accounts for about ten per cent of the national income. The Dominion is the world's largest producer of nickel, platinum and asbestos, it ranks third in the output of copper, silver and zinc and fourth in lead and gold. Manufactures account for about a third of the national income, and of these the most important are paper and paper products, automobiles, iron and steel, textiles and refined petroleum products.

CANADIAN NEEDS.

Canada is more dependent on foreign trade than is the United States, around thirty per cent of its national output being exported against nine per cent of ours. Major items of export are wheat and flour, metals, lumber, wood pulp and newsprint, fish and meats, whisky and furs. From seventy to eighty per cent of Canadian foreign trade is conducted with the United Kingdom and the United States, with almost equal division between the two.

Expenditures of tourists represent more income to Canada than the proceeds from its entire wheat crop.

In its politics, Canada is one of the British Empire's five self-governing Dominions. Like the United States it is a federation with provincial governments similar to our state governments and with Ottawa corresponding to Washington. In the Parliament, however, members of the Senate are appointed for life by the Governor-General. Representatives are elected directly by the people for a term of five years. As in this country, there are two major political parties and a number of inconsequential smaller ones.

Other than its ties of allegiance to Great Britain, Canada, in almost every respect, is more like a part of the United States than a neighboring sovereign power. This is certainly true in economic and cultural matters. It is a dominant reason for the fostering of that deep-rooted friendship that has endured for so many years.

The Rush-Bagot Treaty of 1817 abolished armaments on the Great Lakes and removed the possibility of incidents. When the forts were dismantled it was as though a smile had replaced a frown. In 1864, when the United States became jittery over fear of a confederate invasion from Canada, there was a brief spell of cloudiness, but the sun soon shone again.

That undefended frontier has become a world wonder and both nations have grown too proud of it to wish to see it sacrificed. The International Joint Commission, authorized in 1909 and organized in Washington in 1912 as a body to adjust international border questions which previously could be solved only by diplomatic negotiation, or, in difficult cases, by reference to an outside tribunal, has been the active agent, where the unguarded frontier has been the passive agent in promoting Canadian-American good will.

Back of it all is the will of the people themselves to dwell in unity with the folks next door, and despite the strife and the suffering that totalitarian governments have brought to much of the rest of the world I am sure that the people of Canada and those of America want our present harmonious relationship to continue.

And if war is thrust upon us I am equally sure that the armed forces of both countries will join hands to beat back a common foe.

MAYOR TOBIN TENDERS DINNER TO BOSTON DRAFTEES CALLED INTO SERVICE.

The following is Mayor Tobin's address at his dinner to draftees in Faneuil Hall, Thursday evening, November 21:

Soldiers of the United States.

I have called you together tonight to tell you that Boston is proud of her sons who are with the Colors and no less proud of the fine spirit you have shown when called upon to make a complete change

from your usual routine and to undergo a year of intensive military training.

No one can truthfully say that it is pleasant or agreeable to be removed from one's usual comforts and conveniences and associations of everyday life and placed in an entirely different environment, but I am sure you fellows have the spirit necessary to surmount disagreeable features and to become good soldiers.

Every man should be willing to pay a price for the privilege of being a citizen of one of the free countries that remain. The terrible lesson that is being taught in Europe points that fact and makes it dominantly clear that if our democracy is to endure we must be ready to defend it if necessary, or better still to develop such a force of trained men with modern equipment that the forces of totalitarianism will never dare attack us.

You're in the Army now, but I am sure that the fine men in charge of your training will make it as easy for you as possible. You are being taught discipline which never has done harm to anyone. You will have opportunity to develop your talents in many ways. You will be well fed and well housed and every possible comfort, convenience and means of recreation and entertainment will be given you.

Above all you will make many fine friendships and form many worth-while associations among your comrades and when your training period is ended you will be better men, better equipped to face the world.

And if, God forbid, our nation is drawn into the conflict that now rages I know you will all do your full duty to our country's flag. I feel sure that that contingency will not develop, though, of course, the situation may change at a moment's notice.

The United States is going through a period of marked change. That is demonstrated in your cases. We are being tried in a great fire out of which a better nation of better people with better understanding will emerge.

My message to you is, "do your duty," whether it be only in the training camp or facing the foe. Boston's soldiers have always distinguished themselves in any war or any emergency. That record will persist in your case and whatever the future holds I feel sure that you soldiers of the Army of 1940 will be a credit to your families, your city, and your country.

God bless you!

NOTICE TO HEADS OF DEPARTMENTS.

In connection with the 1941 session of the Massachusetts General Court, I would appreciate it if you would give consideration to legislation which might prove beneficial to your department and to the City of Boston.

Possibly, a change in some existing statute might be advantageous or some problem that you have before you might be solved by new legislation.

In any event, I would like to receive your recommendations of legislation to be introduced at the 1941 session of the Massachusetts General Court on or before Monday, November 25, 1940.

I would appreciate your prompt cooperation in this important matter.

Sincerely,

MAURICE J. TOBIN, Mayor.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner to raze the following structures as fire hazards or menaces:

To raze the building at 275 and 277 Bolton street, Ward 6.

To raze the buildings at 137, 139 and 141 Bolton street, Ward 6.

To raze the building at 90 Oak street, Ward 3.

To raze the building at 93 Oak street, Ward 3.

Due to the structurally unsafe condition of the building at 396 Main street, Ward 2, owned by the City of Boston, through tax foreclosure, to enter the premises and remove the building.

Due to the dangerous condition, the structure at 29 Middlesex street and 25 Emerald street, Ward 5, from which several bricks had fallen from the Emerald street wall above the corbels, endangering the lives of pedestrians and necessitating the roping off of the street by the Police Department, to enter the premises and remove the remaining loose bricks, secure top sections of three window panels, remove partially broken sheets of glass on the street fronts, and cover coal holes, at an estimated cost of \$300.

TRANSFERS IN APPROPRIATIONS.

City Auditor Charles J. Fox announces the following transfers in appropriations in departments of the City of Boston, approved by his Honor the Mayor:

PUBLIC WORKS DEPARTMENT, BOSTON, November 5, 1940.

FRANCIS X. LANG,

Budget Commissioner.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Public Works Department:

From the appropriation for Bridge Service, H, Relief Projects, \$4,000, to the appropriation for Sewer Service, H, Relief Projects, \$4,000.

To cover payment of bills and for pay rolls.

Respectfully,

GEORGE G. HYLAND, *Commissioner.*

The above transfer was made by the City Auditor with the approval of the Mayor on November 7, 1940.

AMENDED DAMAGES.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of December 12, 1938, as amended, determining damages caused by the making of the public improvement consisting of the laying out of Newfield street, be, and the same hereby is, amended, by adding to said order the amount \$75 as an award to Marie R. Caruso; that the amount \$75 be, and the same hereby is, awarded to Marie R. Caruso for the damages so sustained.

FIRE DEPARTMENT—WIRE DIVISION.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

SCHOOL COMMITTEE.

The School Committee opened proposals for furnishing musical instruments for Boston public schools on Tuesday, October 1. Bids were received from the following concerns:

Boston Music Company, C. G. Conn, Ltd., Carl Fischer, Inc., Harris-Fandel Company, Inc., Charles W. Homeyer & Co., Inc., The Vega Company, Inc.

Purchase orders were awarded as follows:

Boston Music Company, C. G. Conn, Ltd., Harris-Fandel Company, Inc., Charles W. Homeyer & Co., Inc., The Vega Company, Inc.

SUPPLY DEPARTMENT.

Upon November 13 the Mayor approved a contract with the Automotive Distributors, Inc., for furnishing anti-skid chains, etc., for the city departments, as required, until December 31, 1940, with the privilege of purchasing on the same terms and conditions extended to March 31, 1941. The approximate amount of the contract was \$3,000. Bids, opened October 14, were as follows:

Item 1.—200 Pairs Anti-Skid Chains, Discount from Standard List.—Standard Auto Gear Company, Inc., 50-7 per cent, Claw; 50-10 per cent, Campbell; Goodrich Tire Service Company, 50-2 per cent; Automotive Distributors, Inc., 50-10-2 per cent*; Norwalk Tire and Battery Company, 50 per cent; Hub Auto Supply, Inc., 50-10 per cent.

Item 2.—20,000 Cross Chains, Discount from Standard List.—Standard Auto Gear Company, Inc., 50-7 per cent, Claw; 50-10 per cent, Campbell; Goodrich Tire Service Company, 50-2 per cent; Automotive Distributors, Inc., 50-10-2 per cent*; Norwalk Tire and Battery Company, 50 per cent; Hub Auto Supply, Inc., 50-10 per cent.

Item 3.—300 Pairs Chain Adjusters, Discount from Standard List.—Standard Auto Gear Company, Inc., 50-7 per cent, Claw; 50-10 per cent, Campbell; Goodrich Tire Service Company, 50-2 per cent; Automotive Distributors, Inc., 50-10-2 per cent*; Norwalk Tire and Battery Company, 50 per cent; Hub Auto Supply, Inc., 20 cents a pair.

Item 4.—1,000 Monkey Links, Discount from Standard List.—Standard Auto Gear Company, Inc., 50 per cent, Flower City Specialty; Goodrich Tire Service Company, 50-2 per cent; Automotive Distributors, Inc., 50-10-2 per cent*; Norwalk Tire and Battery Company, 50 per cent; Hub Auto Supply, Inc., 1.75 cents each, Taco Passenger Type.

Cash Discount, Ten Days.—Standard Auto Gear Company, Inc., 2 per cent, Claw; 2 per cent, Campbell; Goodrich Tire Service Company, 2 per cent; Automotive Distributors, Inc., 2 per cent; Norwalk Tire and Battery Company, 2 per cent; Hub Auto Supply, Inc., 2 per cent.

Brand of Chains, Adjusters and Monkey Links Upon Which Bid is Based.—Standard Auto Gear Company, Inc., Claw, Columbus-McKinnon Chain Corporation; Campbell, International Chain and Manufacturing Corporation; Goodrich Tire Service Company, Pyrene, 2 per cent discount represents excise tax; Automotive Distributors, Inc., Columbus-McKinnon, Claw; Norwalk Tire and

Battery Company, St. Pierre chains and adjusters, genuine monkey links; Hub Auto Supply, Inc., Taylor.

Item 5.—2,000 Feet Twist Link Chain, 9/10 100-Foot Lengths, 9 Links to Foot, Per C. Feet.—Standard Auto Gear Company, Inc., \$15.60; Goodrich Tire Service Company, \$13, 2 per cent; Automotive Distributors, Inc., \$15.60,* case hardened; \$11.70, soft; Norwalk Tire and Battery Company, \$15; Hub Auto Supply, Inc., 18 cents per foot, 9½ links to foot.

Item 6.—4,000 feet Twist Link Chain, 7/10 500-Foot Lengths, 7 Links to Foot, Per C. Feet.—Standard Auto Gear Company, Inc., \$12, 10½ or 11 links to foot; Goodrich Tire Service Company, \$10, 2 per cent; Automotive Distributors, Inc., \$12,* case hardened; \$9, soft; Norwalk Tire and Battery Company, \$11.80; Hub Auto Supply, Inc., 13 cents per foot, 8 links to foot, 100-foot lengths.

Item 7.—2,000 Feet Trace or Side Chain for 7/10 Cross Chain, Per C. Feet.—Standard Auto Gear Company, Inc., \$7.35, 5/16 welded; \$6.48, 5/16 weldless; Goodrich Tire Service Company, \$4.86, 2 per cent; Automotive Distributors, Inc., \$4.38* Norwalk Tire and Battery Company, \$5.65; Hub Auto Supply, Inc., \$7.50.

Item 8.—2,000 Cross Chain Hooks No. 6, Per C. Feet.—Standard Auto Gear Company, Inc., \$3.26; Goodrich Tire Service Company, \$2.50, 2 per cent; Automotive Distributors, Inc., \$3.09* Norwalk Tire and Battery Company, \$2.50; Hub Auto Supply, Inc., 6 cents each.

Item 9.—1,500 Feet No. 5 Side Chain, Galvanized, Per C. Feet.—Standard Auto Gear Company, Inc., \$9, 5/16 welded; \$8, 5/16 weldless; Goodrich Tire Service Company, \$4, 2 per cent; Automotive Distributors, Inc., \$4.13,* 5/10 electric welded rim chain, galvanized; Norwalk Tire and Battery Company, \$5.40; Hub Auto Supply, Inc., 6 cents per foot, bright.

Item 10.—10 Pairs No. 4 St. Pierre Giant Chain Pliers, Each.—Standard Auto Gear Company, Inc., \$2; Goodrich Tire Service Company, \$3.25, 2 per cent; Automotive Distributors, Inc., \$2* Norwalk Tire and Battery Company, \$2.60; Hub Auto Supply, Inc., \$3.

Items 5 to 10, Inclusive, Total.—Standard Auto Gear Company, Inc., \$1,159.20, Items 7 and 9, welded; \$1,126.80, Items 7 and 9, weldless; Goodrich Tire Service Company, \$881.71; Automotive Distributors, Inc., \$1,023.35, Items 5 and 6, case hardened; \$825.35, Items 5 and 6, soft; Norwalk Tire and Battery Company, \$1,042; Hub Auto Supply, Inc., \$1,270.

Cash Discount, Ten Days.—Standard Auto Gear Company, Inc., 2 per cent; Goodrich Tire Service Company, 2 per cent (2 per cent discount represents excise tax); Automotive Distributors, Inc., 2 per cent; Norwalk Tire and Battery Company, 2 per cent; Hub Auto Supply, Inc., 2 per cent.

* Contract awarded.

Upon November 14 the Mayor approved the following contract for furnishing fire apparatus to the Boston Fire Department.

To American LaFrance-Foamite Corporation; One 125-foot American-LaFrance Type 17 metal aerial ladder truck (tractor-drawn type), with standard equipment in accordance with specifications as contained in the proposal dated September 26, 1940, and superseding addenda, as provided by the Fire Department, \$25,000. Extras: Cab, 5-man

To Maxim Motor Company: One Maxim Model 357 quintuplet truck, consisting of 65-foot aerial ladder, 750-gallon rotary gear fire pump, 200-foot ground ladders, 100-gallon water tank and 1,000 feet hose body, with standard equipment, in accordance with specifications as contained in proposal dated September 26, 1940, and superseding addenda, as provided by the Fire Department, \$12,994.76. Extras: Cab, 3-man seating capacity, all-steel, mounted, or convertible cab, \$320. Total award, \$13,314.76.

Bids were opened September 25.

CLAIMS ALLOWED.

The Mayor, upon recommendation of the Corporation Counsel, has approved the following claims:

Publix Netoco Theatres Corporation, 60 Scollay square, Boston, in the sum of \$74 as refund of fees paid for marquee and signs on June 27, 1940, for the Warren Theatre, 270 Warren street, Roxbury, which projected only over their own property and which is not subject to the fees prescribed by the City of Boston.

Margaret B. Scott, 48 Montfern avenue, Brighton, in the sum of \$15, as compensation for damage to property in basement of above premises caused by leak in water meter, July 4, 1940.

Catherine Paulson, 15 Greenville street, Roxbury, in the sum of \$9.98, to be reimbursed for expenses incurred in digging to locate a water leak, which was later found to be on city property, November 13, 1939.

Mary R. Malfa, 754 Huntington avenue, Roxbury, in the sum of \$7.75, to be reimbursed for two windows which were broken in her premises during drilling by city employees in connection with the laying of water pipes in front of the above address, September, 1939.

Mr. and Mrs. John Davis, 18 East street, Dorchester, in the sum of \$25, as compensation for damage to boiler caused when water was shut off without proper notice, May 7, 1940.

Antonino Laquidara, 267 Roslindale avenue, Roslindale, in the sum of \$110.50, as compensation for damage to property in cellar of above premises caused by backing up of sewer, March 15, 1940.

Agnes M. O'Neil, 25 Mayfield street, Dorchester, in the sum of \$20.85, as compensation for damage to automobile caused by hole in highway on Broadway, near Harrison avenue, November 15, 1939.

Mary C. O'Keefe, 19 Princeton street, East Boston, in the sum of \$9.50, as compensation for damage to automobile caused by hole in highway in front of 311 Meridian street, January 10, 1940.

Celia J. Hozid, 64 Brighton avenue, Brighton, in the sum of \$40, as compensation for personal injuries caused by hole in sidewalk in front of 744 Washington street, Boston, May 6, 1940.

Celia H. Davis, 48 Piedmont street, Boston, in the sum of \$40, as compensation for personal injuries caused by hole in Bedford street, in front of employees' entrance to Jordan Marsh Company, July 17, 1940.

Angie F. Connor, 104 Foster street, Brighton, in the sum of \$35, as compensation for personal injuries caused by defective curbstone on Tremont street, at the corner of Dore street, June 28, 1939.

Tony Casella, Jr., 13 Pond Street court, Waltham, in the sum of \$10.50 as

compensation for damage to automobile caused by hole in highway in front of 170 Western avenue, Brighton, June 22, 1940.

Mario Nicefore, 13 Fleet street, Boston, in the sum of \$77.99, as compensation for personal injuries caused by protruding piece of wood on gangway of East Boston Ferry, April 19, 1940.

New England Transportation Company, 101 Union Station, Providence, in the sum of \$19.50, as refund on seventy-eight tickets for the Sumner Tunnel, which were returned to the

Public Works Department unused on August 12, 1940.

Walter E. Shaughnessy, 95 Howard avenue, Dorchester, to be reimbursed in the sum of \$16.70, for accident which occurred on February 16, 1940, while he was operating a snowplow belonging to the Park Department, which damaged automobile owned by one George W. Schryver.

Martin J. Giovannella, 196 Blue Hill avenue, Roxbury, in the sum of \$13.50, for reimbursement as the result of an accident which occurred on September 6, 1940, while he was operating truck belonging to the Sanitary Division, Public Works Department, on Blue Hill avenue, which collided with automobile owned by one Thomas L. Devine, of Middletown, Conn.

Martin J. Giovannella, 195 Blue Hill avenue, Roxbury, to be reimbursed in the sum of \$11.50, for accident which occurred on June 1, 1940, while he was operating a truck belonging to the Sanitary Division, Public Works Department, which collided with automobile owned by one John F. McCarthy.

MAYOR TOBIN PAYS TRIBUTE TO THOSE WHO HAVE ADVANCED SCIENCE OF GRAPHIC ARTS SINCE INVENTION OF PRINTING.

At the Graphic Arts Society dinner commemorating the 500th Anniversary of Printing, Copley-Plaza Hotel, 7 p. m. Thursday, November 21, Mayor Tobin spoke, in part, as follows:

Toastmaster Gordon, Governor Saltonstall, Mr. Sumner, Mr. McMurtrie, and Gentlemen.

Doubtless those who have already spoken while I was delayed at my party for the Boston Draftees have so thoroughly dissected the history of printing that I would be retracing their steps were I to speak along similar lines and yet this dinner signifies an event so momentous in world history that it does not seem enough can be said about it.

The other night Boston's transit system was paralyzed for a time. I think it an apt simile to say that if something happened that removed printing and the printed page out of our lives the loss to us would be similar to the loss of that power which operated our street cars and subway trains.

We who are accustomed to glean the news of the world from our newspapers, to read the opinions of famous authors in our magazines, and to gain knowledge and recreation from books probably cannot realize what it would have meant if the art of printing had not come into being. Also we would not have had the benefit of beautiful photographs and lithographs which are produced by a printing process.

We have had printing for the past 500 years. For 300 years it has been done in America. Boston has had a marked share in the advancement of the art and is a center of the printing and publishing industry.

At present it has 263 such plants which employ about 4,000 people with a pay roll totaling about five millions of dollars a year and a product valued at \$25,900,000 annually.

Here, in the 18th century, Benjamin Franklin, most famous of our printers, was born, and to Boston came Colonial America's first printing press on a ship from England. Evidently the local government thought that the place for such

an enterprise was as near as possible to Harvard College, so the equipment was taken to Cambridge and placed in operation under the direction of Stephen Day, who was both a printer and a locksmith.

Is there significance in the fact that the first thing run off on that press in 1640 was the "Freeman's Oath?" The Cambridge shop also produced the Bible translated into the Indian language by John Eliot, the Apostle to the Red Men.

Boston gave to the world the first American newspaper when the Boston *News Letter* made its appearance in 1704. It was here that Henry Ingram Blake, the first professional reporter, revolutionized news gatherings by putting out in a rowboat to meet ships inbound from Europe and getting the foreign news ahead of his rivals. Here in 1830, the *Transcript* pioneered by offering a year's subscription to a daily newspaper at the unheard of price of \$4 a year.

There are many other instances of this

old city being first in things pertaining to printing and publishing.

In closing, may I say that all of us owe a debt of gratitude to the men who have developed the art of transferring language and pictures to paper pages, thereby giving to mankind a priceless boon and making possible the dissemination of knowledge and news to all who can read.

NO COST CONTROL FOR REFUSE DISPOSAL.

American cities on the whole may be clean housekeepers, but they don't know how much it is costing them to be clean or whether they are spending too much. Only a few cities are able to report accurately the unit cost of removing garbage and other refuse and of cleaning streets, according to the Public Administration Service of Chicago, Ill., which further reports that at least 90 per cent of the cities in this country have no cost control over this service.

INSTRUCTIONS TO DEPARTMENT OFFICIALS AND EMPLOYEES.

NOVEMBER 22, 1940.

To Department Officials and Employees.

The following instructions relating to the closing of the financial records for 1940 are submitted for your consideration and information. It is requested that these instructions be brought to the attention of all employees assigned to budget and appropriation work. Additional copies may be secured at Room 20, City Hall.

CLOSING 1940 ACCOUNTS.

In order to assure a prompt closing of the accounts of the current fiscal year, this office will stop, at the close of business on December 21, certifying orders as proper charges against 1940. This rule will be strictly enforced, except where it is plainly evident that orders cover extreme emergencies, such as the purchase of food, fuel and medicinal supplies. This means that in the next few weeks, departments must anticipate their requirements for the balance of 1940, and in the case of purchases through the Printing and Supply Departments, arrange to send their requisitions to these departments on or before December 16. All orders issued subsequent to December 21 should be charged to the 1941 budget. Requisitions sent to the Printing and Supply Departments after December 16 should be plainly marked as 1941 obligations.

DECEMBER 31ST SUPPLEMENTARY DRAFT.

The "Dead Line" for submitting invoices or pay rolls to be paid on the December 31, 1940, supplementary draft has been fixed as January 18, 1941. Positively no bills or pay rolls chargeable against 1940 will be received after that date to be included in the final draft of the year.

When the December 31st Supplementary Draft is closed, every order or requisition issued during 1940 and applicable to the accounts of the current year should be closed out. This may be accomplished in one of two ways—by submitting for payment invoices resulting from the issuance of orders, or by cancellation of those orders or requisitions on which deliveries were not made. Where vendors are tardy or remiss in submitting invoices immediate contact should be made with such vendors and the contacts repeated until all missing invoices are actually in possession. *This policy, in fact, should be followed throughout the year.* The true status of departmental accounts cannot be determined if a large number of invoices remain outstanding for any considerable period of time. Any orders or requisitions on which deliveries or services have not been completed on December 31 must be canceled and new orders issued against 1941 to cover the unfilled portion. The new requisitions and orders should be plainly marked on their face to indicate that they cover unfilled portions of 1940 orders. These orders should be issued on or before January 1, 1941, wherever possible. Cancellation notice to the Auditing Department may be made by returning promptly the "Receiving Notice" copy with a notation thereon as to the portion of the order to be canceled.

ORDERS HELD IN SUSPENSE.

This department is now holding in suspense a large number of departmental purchase and service orders because of

the lack of adequate appropriations in the budget items against which these orders, if issued, would be charged. *All departments concerned have received notice from this office that the orders are being held.* In the event that adjustments in the budget items involved are not made on or before the date established for the closing of 1940 accounts, namely December 21, this office will be forced to return the orders to the departments involved with a notation that the orders cannot be handled as 1940 business. In short, all orders held in suspense because of lack of appropriations must be cleared from the files of this department not later than December 21. Failure on the part of departments to secure transfers or reallocation of appropriations before the 21st will result in the cancellation of the orders in so far as the accounts for 1940 are concerned.

PAY ROLL NOTICES.

When employees are granted leaves of absence without pay or deductions are made because of unauthorized absence from duty, this fact should appear on the departmental pay roll opposite the name of the individual employee. This information is required in order that the Auditing Department may properly check payments in a lesser amount than the regular compensation to which the employees would ordinarily be entitled.

MISCELLANEOUS.

1. The calendar year 1940 ends on a Tuesday, the same day the pay roll week of the city closes. Because of this fact, all regular pay rolls will be charged against the December 31st draft. Pay roll charges against the December 31st supplementary draft will be limited to those rolls which cover irregular or additional services.

2. The year 1941 being a regular calendar year, pay roll clerks in the preparation of pay rolls should use the regular Rate Table rather than the Leap Year Rate Table used in 1940.

3. The attention of department officials and employees is specifically directed to the necessity for the prompt return of Receiving Notices to the Auditing Department. Good business practice requires that within forty-eight hours after delivery has been made or services rendered Receiving Notices should be prepared and cleared from departmental offices. These notices should clearly indicate the essential details (such as dates, quantities, etc.) of every delivery or service. The use of terms such as "as above" or "as per order" is not satisfactory and will not be accepted by this department.

4. Departments submitting discount bills should use a special Statement of Invoice rather than the same form as used for regular bills. This special form has columns for the amount of the discount and the net amount to be paid the vendor. The Printing Department will supply these special forms on requisition.

5. In 1941 all municipal officials and employees will be required to file a Federal Income Tax Return, provided,

(1) If they are unmarried, their gross income during 1940 was in excess of \$800, and

(2) If married, their gross income during 1940 was in excess of \$2,000.

This requirement should be brought to the attention of all city, school and county employees.

CHARLES J. FOX,
Auditor of the City of Boston
and County of Suffolk.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

NURSE, BOSTON HEALTH DEPARTMENT,
DECEMBER 7, 1940.

Last date for filing applications, Saturday, November 23, 1940, at 12 noon.

Salary: The entrance salary is \$1,400 a year; the maximum salary is \$1,800 a year. At the present time there are five permanent and four temporary vacancies.

Duties: To do public health nursing in the fields of communicable diseases, child hygiene, school nursing, tuberculosis and health service for day nurseries. These duties include both field and clinic services.

Entrance Requirements: Applicants must be registered nurses under the State Division of Registration of Nurses.

Applicants who have passed their forty-fifth birthday will not be eligible to apply. A certificate of date of birth must be filed with the application unless one has been filed with a previous application.

Applicants must have six months' experience in public health nursing or six months' experience on the staff of a public health nursing organization under qualified supervision.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

MEDICAL SOCIAL WORKER, LONG ISLAND HOSPITAL, INSTITUTIONS DEPARTMENT,
DECEMBER 7, 1940.

Last date for filing applications, Saturday, November 23, 1940, at 12 noon.

Salary: \$1,200 per year and maintenance.

Duties: To assist the medical and administrative staff relative to the social adjustment of patients in the hospital, institution or in the community. To gather social data, analyze situations and assist in following out plans through the use of social resources and individual social treatment.

Entrance Requirement: Applicants must have at least one year's experience in medical social work in a hospital or in field work.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

NOTE.—Information concerning the results of this examination will not be available until at least sixty days after the examination has been held. If the eligible list is established in the meantime, all applicants will be notified.

Under the Civil Service Rules, a person whose name is on an existing eligible list may apply for and take a new examination for the same service if a new examination is held during his period of eligibility. His status, however, will be determined by the result of the later examination.

No specimen questions are available.

MAYOR'S ADDRESS ON BOOT AND SHOE INDUSTRY.

(Continued from page 1241.)

TRULY BIG BUSINESS.

On top of that there are 15,000 tannery workers in New England. This section produces 35 per cent of all the shoes made in the United States, I learn, 50 per cent of all women's shoes and 40 per cent of all men's shoes.

The breakdown as to per capita consumption is interesting. It shows that women average 3.62 pairs a year while poor father has to be satisfied with 1.05 pairs.

It is gratifying to know that Boston is the largest shoe and leather center in the world, and that 99 per cent of all shoe manufacturing machinery produced in the world is manufactured by the United Shoe and Compo Corporations, both of which have their home offices in this city.

But enough of figures, gentlemen! I can't give you a sales talk except in general terms. I am told that your business has been off about eight per cent in the first nine months of this year, but that the outlook is better for the year ahead.

NO ALIEN COMPETITION.

There is satisfaction for all of us, I am sure, in the knowledge that Czechoslovakian competition has been removed for all time and that any other ruinous foreign competition has been stalled by the war. There can no be place in American markets for manufactured goods of any kind that are turned out by European sweatshop methods.

The impetus that army contracts are giving to your business is bound to have a heartening effect; even if only about ten Massachusetts plants have benefited from them so far. It is to be regretted that more of our shoe factories are not equipped to turn out that kind of work.

It seems to me that the flood of rearmament wage money that is being released is going to have a beneficial result on the shoe industry, for it has been demonstrated before that when a working man is in funds his family and his home benefit immediately.

I am convinced that we are at the beginning of an era of much increased business in all lines. I am confident that the shoe industry will share in this increase to a large extent. Business, I believe, is getting into a happier frame of mind because of this prospect. Manufacturers, large employers, and those who work at the trades are in the throes of eager anticipation.

It is my earnest hope that as we move into a time of greater activity and prosperity for the boot and shoe trade as well as other lines there shall be harmony along all lines.

Let us resolve that there shall come to the surface no differences of opinion, no clashes of interest between labor and industry, no disputes that will halt the advance being made. Let us hope that peace and unity shall dwell among us to the end that no disturbing or foreign element of life can retard or hamper production, or spoil for any of us the opportunity to enjoy the more abundant life that is beckoning to us like the rising sun of a new day.

PROCLAMATION ON INVENTION OF PRINTING.

On November 15 Mayor Tobin issued the following Proclamation:

Whereas, The invention of printing gave to civilization its greatest boon and changed the lives of civilized mankind; and

Whereas, By the invention of printing the mind of man has been freed from the bonds of ignorance and narrowness of vision until now no part of the earth is without the printed word as the means for imparting intelligence and governing life's activities; and

Whereas, The greatest advances in the art of printing have been made in New England, since the first print shop in Colonial America was established in Cambridge in 1639; and

Whereas, Boston has peculiar interest in printing, in that it was the birthplace of Benjamin Franklin, the best-known printer this country has ever produced; and

Whereas, The present year marks the 500th anniversary of the printing from movable type by Johannes Gutenberg, the 400th anniversary of printing in the Americas and the 300th anniversary of printing in Colonial America; and

Whereas, The printers of the nation have banded to do full honor to the anniversary with appropriate exercises and public displays tending to demonstrate the great progress made in the art since those early days; now, therefore,

I, Maurice J. Tobin, Mayor of Boston, do proclaim the period of November 17 to 23 Graphic Arts Week, and invite all our citizens to visit the exhibits and participate in this educational and industrial commemoration.

MAURICE J. TOBIN,
Mayor of Boston.

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE EXAMINERS OF ELECTRICIANS, 1940.

Examinations will be held at the following points and on the following dates:

Boston, Wednesday, December 4.
New Bedford, Thursday, December 5.
New Bedford, Friday, December 6.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes. Examination shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held and only those so notified will be examined on that day.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, November 21:

HOSPITAL DEPARTMENT.

The following special nurses have been employed at \$4.50 a day:

Helen Barlow, 8 Hamilton street, Ruby Childs, 106 St. Stephen street, 1 day; Catherine Connelly, 52 Copeland street, 11 days; Ann Doherty, 35 Union street, 5 days; Joseph Doran, Brookline, 4 days; Georgiana Esa, 132 West Concord street, 1 day; Natalie Fitzharbert, 71 Gainsborough street, 2 days; Margaret Fitzpatrick, 36 Worcester square, Kathleen Gabriel, 646 Metropolitan avenue, Gertrude Gleason, 50 Charlesgate East, 1 day; Gladys Goulet, Queensberry street, 2 days; Mary Haskell, 105 Bay street, 1 day; Margaret Keegan, 402 Marl-

borough street, 1 1/2 days; Catherine McAndrews, 14 Worcester square, 1 day; Mary B. McAuley, 121 Saratoga street, 2 1/2 days; Sylvia Mould, 17 Helen street, Marjorie Nye, 94 Worcester street, Daphne Parks, 51 Hammond street, Genevieve Ploski, 36 Worcester square, Mary Pursley, 94 Florida street, Evelyn Sacaleau, 66 Fenway, 1 day; Helen C. Sullivan, 99 Draper street, 3 days; Catherine Tuxbury, 100 Queensberry street, 1 day; Agnes Ahern, 65 Wachusett street, 11 days; Helen Paul, 11 Forest street, Harry Plenty, 42 Worcester square, 1 day; Viva Snowden, 64 Westland avenue, 11 days.

The following persons were employed as substitutes for nurses out ill at the rate of \$1,200 a year:

Lillian Blackburn, 261 Everett street, for Dorothy Morse, Margaret Taylor, Carmella Messina, Nina Parker, Marguerite Sullivan. Total, 1 week.

Arlene Campbell, 69 Worcester square, for Margaret Kenney, Eileen Buckley, Dorothy McAndrews, Frances Simonin. Total, 4 days.

Eileen Delehanty, 233 Bennington street, for Anne Cooney, Margaret Caruso, Stella Schirck, Edith Bragg. Total, 4 days.

Georgiana Hankins, 35 Walter street, for M. V. Foley. Total, 1 week.

Madeline Jancaterino, Quincy, for Gertrude Brennick, Irene Dastague, Mary Ridge. Total, 3 days.

Martha Mellish, 110 St. Stephen street, for Anne Smith. Total, 1 day.

Mary Murphy, 779 East Fourth street, for Greta Hill, Madeline Jancaterino, Greta Hill. Total, 1 week.

Rose Pinell, 27 Wilmington street, for H. Francene Kelley. Total, 1 week.

Alice Rioux, Waltham, for Margaret A. Sullivan, Julia Gallagher, Eileen Buckley. Total, 1 week.

Vera Sedach, 64 Burbank street, for Claire English, Eva Durgin. Total, 1 week.

Dorothy Segal, 11 Crowell street, for Pauline Rivard, Helen Bruzzo, Arlene Case, Claire English. Total, 5 days.

Ruth Shaughnessy, 1129 Dorchester avenue, for Carmella Messina. Total, 1 day.

Florence Verry, 109 East Canton street, for Carmella Messina, Margaret Taylor. Total, 2 days.

Alice Anglin, 38 Westland avenue, for Millie Quan. Total, 1 day.

Vera Brabazon, 9 Whitten street, for Katherine Suplee. Total, 1 day.

Doris Bowden, 15 Worcester square, for Doris Boucher, Madeline McCaull, Catherine M. Sullivan, Mary Lawless. Total, 4 days.

Lucille Geme, 15 Worcester square, for Catherine M. Sullivan, Florence Marcus. Total, 3 days.

The monthly increases are as follows:

Ethel Allebury, Louise Caggiano, Marion Cobb, Catherine Costello, Margaret Cotter, Carolyn Crehan, Josephine Charland, Helen Berman, Mary E. Brawley, Ruth Byers, Frances DaCoste, Theresa Davies, Mary Doughy, Virginia Dawson, Mary Doherty, Lorraine Dionne, Hazel Flynn, Jean Fitzgerald, Marie Flaherty, Mary Fitzpatrick, Rita Fleming, Mary Gorsynski, Mildred Hodgkins, Kathleen Hurley, Bernice Hill, Mary Innocente, Mary Kiley, Margaret Keohane, Frances Krugel, Rita Kelliher, Ann Klimas, Evelyn Murray, Eleanor Miller, Anna MacDonald, Margaret Manning, Rita MacDonald, Josephine Murphy, Blanche Mankiewicz, Dorothy Nunes, Edna Manning, Elsie Morrissey, Mary E. O'Leary, Dorothea Norton, Jessie Pszemny, Helen Prevost, Jeanne Pelle, Helen Pogodcinski, Elizabeth Pinas, Libby Ross, Goldie Rodman, Ellen Roach, Helen Sampson, Mary Scott, Gertrude Savage, Helen Udich, Helen Usher, Ruth Wade, Marion Webber, Alice Whealan, \$10 to \$12.50 a month.

Jeanette Abdo, Louise Blanchard, June Blow, Ruth Boudreau, Ida Brugnetti, Mary Dunleavy, Margaret Donovan, Mary Driscoll, Helen Egner, Adele LeGrand, Isabel Murphy, Marie Mahan, Gertrude Mahn, Elizabeth Moore, Vera Melenchuk, Frances Monsour, Marguerite McLaughlin, Mary McInnis, Julia Osowski, Veronica Rybicki, An-

toinette Salvatore, Helen Sidlauskas, Pauline Sampson, Stacia Smith, Marie Cunningham, \$12.50 to \$16.67 a month.

The following persons have terminated their services in the Hospital Department:

Nora M. Burns, wardmaid, \$15 a week, retired; Eva Berger, social worker, \$1,800 a year, resigned; Michael J. Kelliher, housecleaner, \$21 a week, retired.

Florence Gale, floor nurse, is now Florence Marcus; Rita Richards, ward assistant, is now Rita Woodward.

The following persons were employed as substitutes for nurses out ill at the rate of \$1,200 a year:

Lillian Blackburn, 241 Everett street, for Marguerite Sullivan. Total, 1 week.

Margaret Costello, 344 Market street, for Irene Dastague. Total, 1 day.

Lucille Gemme, 15 Worcester square, for Florence Marcus, Mary P. Flaherty. Total, 6 days.

Georgiana Hankins, 35 Walter street, for M. V. Foley. Total, 1 week.

Mary Murphy, 779 East Fourth street, for Greta Hill. Total, 1 week.

STAMP PLAN TO OLD AGE ASSISTANCE RECIPIENTS.

Mayor Maurice J. Tobin on November 20 requested Mr. Kris P. Bemis, Regional Director of the Surplus Marketing Administration, to extend the benefits of the Stamp Plan to Old Age Assistance recipients who maintain their own domiciles and eat in their own homes. Under the present rules of the Surplus Marketing Administration, the United States Department of Agriculture, the benefits of the Stamp Plan are not extended to Old Age recipients. Many people receiving Old Age Assistance have sought the benefits of this plan and Mayor Tobin is anxious to have the plan extended to embrace them.

POLICE DEPARTMENT ORDERS.

General Order No. 537.

Whereas, It appears that Patrolman Robert Tucker of Division 18 has performed faithful service in the Police Department for twenty-one and one-twelfth years, and that the Medical Board, provided for by section 18 of chapter 521, Acts of 1922, has certified the said Patrol-

man Robert Tucker to be physically incapacitated for useful service on said force; therefore, it is hereby

Ordered, His Honor the Mayor having approved the same, that the said Patrolman Robert Tucker be retired from active service in the Police Department under the provisions of chapter 353, Acts of 1892, as amended by chapter 6, Acts of 1920, and chapter 387, Acts of 1930, and that his name be placed upon the department pension roll with pay at the rate of ten hundred and fifty (1,050) dollars per annum (to be paid monthly), said sum being one half of the amount of compensation received by him in the office from which he is retired; to take effect at 7.45 o'clock a. m., Saturday, November 16, 1940.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60)

days, the following street is one way in the direction indicated, effective November 21, 1940:

Texas Street, Roxbury.

From Elmwood street to Tremont street.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, parking of vehicles is prohibited in the following street, effective November 21, 1940:

Wilton Street, Brighton.

Both sides, from Cambridge street to Braintree street, twenty-four hours.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, vehicles are excluded from the following street from 7 a. m. November 17, 1940, to 7 a. m. November 18, 1940:

Boylston Street.

From Massachusetts avenue to Hemenway street.

Sullivan, Ward 18; Richard A. Walsh, Ward 18; Francis Durham, Ward 19; Edward W. Goodearl, Ward 19; Thomas S. King, Ward 19; William J. McDonald, Ward 19; Joseph Milano, Ward 19; J. Warren Mooney, Ward 19; Bartholomew J. O'Brien, Ward 19; John E. Sexton, Ward 19; Herbert E. Wiese, Ward 19; Daniel J. Devlin, Ward 20; John L. Fenton, Ward 20; Charles E. Hildebrand, Ward 20; Arthur W. Grinnell, Ward 20; Samuel J. Johnson, Ward 20; Walter H. Long, Ward 20; Eugene H. McLaughlin, Ward 20; John R. McLaughlin, Ward 20; Edward Morley, Ward 20; John J. Ryan, Ward 20; Joseph Ryan, Ward 20; Leonard J. Scanlon, Ward 20; Patrick J. Welsh, Ward 20; William D. Wise, Ward 20; John J. Cassidy, Ward 21; Arthur D. Smith, Ward 21; Arthur Springer, Ward 21; Samuel B. Weisenfeld, Ward 21; John Buchanan, Ward 22; Bernard J. Hurley, Ward 22; Edward E. Lawson, Ward 22; Andrew W. Pollock, Ward 22; Patrick J. Reilly, Ward 22; Thomas D. Reino, Ward 22.

One hundred and two traverse jurors, Superior Criminal Court, to appear December 2, 1940:

William D. Allie, Ward 1; William L. Cooney, Ward 1; Andrew J. Crotty, Ward 1; Alfred A. Deveau, Ward 1; Albert F. Keleher, Ward 1; Edward F. Lally, Ward 1; Salvatore Marotta, Ward 1; Anthony W. Nalen, Ward 1; Joseph A. Vitale, Ward 1; Olof A. Wingard, Ward 1; Ralph Zampitella, Ward 1; Leo Carey, Ward 2; William J. Green, Ward 2;

Francis L. Kane, Ward 2; Carmine F. Ciriello, Ward 3; Edmond M. Daly, Ward 3; Frank DiGregorio, Ward 3; Sebastian Gianino, Ward 3; Edward J. McGahan, Ward 3; George Nazzaro, Ward 3; Victor Rudom, Ward 3; Charles Veneziano, Ward 3; Harry Louis Zolov, Ward 3; Samuel E. Abbott, Ward 4; David J. Gillis, Ward 4; William E. Baker, Ward 5; Leonard Hutchinson, Ward 5; John West, Ward 5; Sidney D. Woollett, Ward 5; Patrick J. Cavanaugh, Ward 6; Harold T. Hatch, Ward 6; James E. O'Neil, Ward 6; Abraham Brown, Ward 7; Edward T. Cady, Ward 7; Walter J. Casey, Ward 7; Michael F. Flaherty, Ward 7; Frederick W. Hesse, Ward 7; Patrick J. Hogan, Jr., Ward 7; Thomas W. Moore, Ward 7; George L. McGlew, Ward 7; Thomas Needham, Ward 7; Walter M. Gill, Ward 8; John B. Glynn, Ward 8; Everett H. Kerr, Ward 8; Thomas Allen, Ward 9; Herbert C. Lane, Ward 9; Joseph F. Connell, Ward 10; Joseph W. Curry, Ward 10; Louis DeGregorio, Ward 10; Francis E. Doyle, Ward 10; Edwin W. Burns, Ward 11; James M. Casey, Ward 11; Thomas Douglas, Ward 12; Harold L. Miller, Ward 12; Richard M. O'Dwyer, Ward 12; Manuel A. Silver, Ward 12; Bernard D. Silverman, Ward 12; John M. Allen, Ward 13; Philip J. Hyder, Ward 13; Daniel J. Murphy, Ward 13; John McCarthy, Ward 13; John J. McCarthy, Ward 13; Morris Isaacson, Ward 14; Alexander Moneriff, Ward 14; Herbert E. W. Richardson, Ward 14; Walter E. Werner, Ward 15; Howard M. Wilson, Ward 15; George Edward Boyle, Ward 16; Thomas A. Holt, Ward 16; Francis J. Power, Ward 16; James H. Kankin, Ward 16; Ernest G. Witney, Ward 16; Anthony G. Berlo, Ward 17; Dennis J. Buckley, Ward 17; Herbert A. Dresser, Ward 17; Francis H. Foley, Ward 17; James H. Powers, Ward 17; Joseph E. Meader, Ward 18; Michael J. Nedder, Ward 18; John F. Baun, Ward 19; Edward F. Dolan, Ward 19; Francis T. DeLosh, Ward 19; Leslie M. Henry, Ward 19; Charles T. Callahan, Ward 20; Edward C. Cronin, Ward 20; Edward C. Eagan, Ward 20; Andrew J. Fay, Ward 20; Nils Emil N. Hertz, Ward 20; Joseph H. Hogan, Jr., Ward 20; John J. May, Ward 20; James M. McCabe, Ward 20; Alfred E. Row, Ward 20; Patrick M. Walsh, Ward 20; Arthur Glen, Ward 21; Carl A. Lundwall, Ward 21; Arthur L. Quigley, Ward 21; Joseph R. Smith, Ward 21; Edward G. Hartford, Ward 22; Francis Ahern, Ward 22; Arthur W. Holland, Ward 22; Richard F. Mannix, Ward 22; Michael J. Ryan, Ward 22.

President GALVIN—The purpose for which the meeting was called has been accomplished, and the Council now stands adjourned.

Adjourned to Monday, November 18, 1940, at 2 p. m.

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about four thousand three hundred fifty-two (4,352) square feet of land on the easterly side of Ward street, Roxbury, making the northeasterly corner of Vancouver street, and more fully described in a tax deed recorded with Suffolk Deeds, Registered Land Division, Document No. 116251, with Certificate No. 14715, on Thursday, December 5, 1940, at 10 a. m., on the premises, at a minimum price of one thousand dollars (\$1,000).

A deposit required at the time and place of sale of two hundred dollars (\$200), in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, 47 City Hall, Boston, Mass.

DANIEL M. DRISCOLL,
Custodian of Foreclosed Real Estate.
(Nov. 23-30.)

CITY OF BOSTON.

BOSTON TRAFFIC COMMISSION.

CHANGES IN TRAFFIC REGULATIONS.

Voted, That the Revised Traffic Rules and Regulations of the City of Boston are amended as follows, effective November 25, 1940:

Section 24, Part 1, is amended by striking out the following:

Charlesgate West.

From Beacon street to Newbury street.

Section 24, Part 1, is amended by adding the following:

Charlesgate West.

From Beacon street to Commonwealth avenue (south roadway).

WILLIAM P. HICKEY,
Commissioner.
(Nov. 23-30.)

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET,
OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR FURNISHING LARGE INCANDESCENT ELECTRIC LAMPS FOR THE PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing and delivering at the several school buildings, in accordance with orders, large incandescent electric lamps. Proposal forms are obtainable at the office of the Business Manager of the School Committee, tenth floor, 15 Beacon street. Envelopes containing proposals must be sealed and plainly marked "Proposal for Large Incandescent Electric Lamps." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check for \$100, payable to the City of Boston, must be left at the office of the Business Manager on or before 12 o'clock m. on Monday, December 2, 1940. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of the bids. The School Committee reserves the right to reject any or all bids, and to accept such bid or part of bid as may be deemed best for the interests of the city. The successful bidder will be required to furnish a bond for not less than 50 per cent of the amount of the contract.

ALEXANDER M. SULLIVAN,
Business Manager of the School Committee.
(Nov. 23.)

W. P. A.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING UNSCREENED R/B GRAVEL.

The Supply Department of the City of Boston invites proposals for furnishing gravel to the Park Department, as per specifications contained in forms which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. ENVELOPES CONTAINING BIDS TO BE SEALED AND PLAINLY MARKED "PROPOSAL FOR GRAVEL." There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out. The bids will be publicly opened and read Friday, November 29, 1940, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
Superintendent of Supplies.
(Nov. 23.)

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about three thousand two hundred sixty (3,260) square feet of land on the southwesterly side of Wensley street, Roxbury, with the buildings thereon, numbered thirty-two (32) and thirty-four (34) in the present numbering of said street, and more fully described in tax deed recorded with Suffolk Deeds, Book 5363, page 152, on Thursday, December 5, 1940, at 11.30 a. m., on the premises, at a minimum price of sixteen hundred and fifty dollars (\$1,650).

A deposit required at the time and place of sale of two hundred dollars (\$200), in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, 47 City Hall, Boston, Mass.

DANIEL M. DRISCOLL,
Custodian of Foreclosed Real Estate.
(Nov. 23-30.)

Superintendent of Supplies.
(Nov. 23.)

CITY OF BOSTON.
REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about five thousand (5,000) square feet of land on the easterly side of Grant place, Brighton, being Pt. Lot 22, and more fully described in a tax deed recorded with Suffolk Deeds, Book 5291, page 586, on Thursday, December 5, 1940, at 11 a. m., on the premises, at a minimum price of seventy dollars (\$70).

A deposit required at the time and place of sale of fifty dollars (\$50), in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, 47 City Hall, Boston, Mass.

DANIEL M. DRISCOLL,
Custodian of Foreclosed Real Estate.
(Nov. 23-30.)

POLICE DEPARTMENT (STATISTICS
FOR 1938).

Number of police force, December 1, 1938, was 2,229, viz., the superintendent, 4 deputy superintendents, 30 captains, 66 lieutenants, 4 lieutenant-inspectors, 187 sergeants and 1,937 patrolmen, distributed in 19 divisions and a traffic division. Signal service men, 16; clerks, janitors, etc., 163.

Cost of maintenance for 1938, \$5,997, 107 or \$16,491 less than in 1937.

Total number of arrests in year ending November 30, 1938, 97,187 or 1,239 more than in previous year; persons arrested on warrants, 14,745; without warrants, 52,490; summoned by the courts, 29,952; of those arrested, 6,931 were discharged and all others held for trial; foreign-born persons arrested, 12,116 or 12.46 per cent of total; boys under 17 years of age, 2,787; women and girls, all ages, 8,485; non-residents, 27,441, or 28.23 per cent of all arrested.

Drunkenness the cause of 40,815 arrests, an average of 111 per day or 42 per cent of total. This is 4,919 less than the number of such arrests in 1937 and 1,368 less than the average for the past five years. The prosecutions for homicide numbered 142; arrests for refusing to support family, 1,015; violation of automobile law, 15,544; violation of liquor law (State), 137; violation of City ordinances, 269; violation of street traffic regulations, 15,477; suspected persons, 5,400.

Sick and injured persons assisted, 9,410; insane persons taken in charge, 494; lost children restored to homes, 1,533; persons imprisoned, 7,017; persons fined, 17,957, the fines amounting to \$157,817; stolen property recovered, \$447,021.50; licenses issued, 21,356 (including 12,621 for dogs and 5,334 for vehicles and drivers), for which \$67,209 was received. Of 2,629 applications for licenses to carry loaded revolvers, 2,431 were granted.

Accidents from all causes in the streets, parks and squares caused death of 122 and injury to 7,289. Automobile accidents killed 76 and injured 4,431. The automobile fatalities were 62.3 per cent of the 122 deaths.

Annual salaries: Commissioner, \$8,000; superintendent, \$7,000; deputy superintendents, 4 at \$4,500 each; captains, \$4,000; lieutenants and lieutenant-inspectors, \$2,700; sergeants, \$2,500; patrolmen, \$1,600 the first year, with \$100 yearly increase until maximum of \$2,100 is reached. The Traffic Division numbered a force of 211 in 1938.

In 1938, the Police Charitable Fund amounted to \$207,550 and \$7,900 was paid to 54 beneficiaries during said year.

REVENUE BOND ACTS.

The 1936 issue of the "Municipal Index" contains a detailed study of the revenue bond acts in the thirty-three states which have enabling acts, and reports of all forty-eight states, showing what advantage has been taken of these acts by cities to finance the construction, operation and maintenance of sewerage systems and sewage treatment plants by service charges.

The table shows the status of revenue bond acts and other enabling acts in the different states, the dates when the acts became effective, and whether or not cities have taken advantage of the opportunity offered for financing bonds by service charges. In the case of states with no enabling acts, the table shows whether cities are charging sewer rentals under some other authority.

36,400 MOTOR DEATHS IN 1938.

According to the findings of the National Safety Council motor traffic deaths in 1935 totaled 36,400, compared with 1934's record of 36,000.

The only decrease was among school children up to fifteen years of age. Motor vehicle accidents to children have increased much less than those of adults since 1922, when safety education began on a national scale. October, November and December were the reddest months. Two-thirds of the accidents were in places under 10,000 population; more than 40 per cent of the victims pedestrians.

Thirteen states decreased traffic deaths 7 per cent or more: Delaware, Illinois, Kentucky, Massachusetts, Minnesota, Montana, North Dakota, Oregon, Rhode Island, Utah, Vermont, Wyoming and Washington.

METROPOLITAN DISTRICT, 1938.

Total valuation of the 43 cities and towns in the Metropolitan District in 1938 was \$3,499,398,193 and the property tax on the same was \$130,474,309. The average tax rate was \$33.28. Strictly speaking, tax rates cannot be averaged. A rate of \$37.28 would be required to raise \$130,474,309 on a valuation of

\$3,499,398,198. Of the total valuation, 41.37 per cent applied to property in Boston.

The total valuation of the 13 cities in the district was \$1,126,838,735 with a total property tax of \$42,494,084, requiring a tax rate of \$37.71.

Boston's tax rate of \$41.30 was exceeded by Chelsea (\$46.20), Revere (\$47.00), Saugus (\$46.00) and Somerville (\$43.90).

BOSTON AS A TOWN.

From its foundation until 1755, or a period of 125 years, Boston was not only the most outstanding but the most populous town in the American colonies. In 1760, Philadelphia's population was ahead, viz., 18,756, Boston's then being 15,631 and New York's about 14,000. In the last year of town government, viz., 1821, Boston's population was about 45,000 and its public debt \$100,000, all incurred for new county buildings.

The history of Boston as a town during a period of nearly two centuries surpasses in civic interest that of Boston as a city because of the untiring zeal and successful efforts of its townsmen to realize more of true democracy than had ever been attained before. Their obligations were held as sacred as their liberties.

SQUARE DEAL IN ASSESSMENTS FOR TAXATION.

Many cities are finding it greatly to their advantage to have their tax valuations periodically overhauled. The first criterion of any assessment is equity. For every citizen who wants through "pull" or however else to get off easy, there are twenty, nay a hundred who want a fair and square deal for all.

The appraisal of city real estate is a highly technical affair.

Few things are more important than the equalization of assessments. Particularly in cities that are cramped by an inflexible debt or tax limit, an honest, full value assessment may be a great boon. Without the slightest raise in the tax rate a substantially greater tax yield may be had.

BOSTON'S POPULATION ON APRIL 1, 1930.
BY WARDS.

Ward 1, 61,454; Ward 2, 31,663; Ward 3, 66,219; Ward 4, 31,010; Ward 5, 30,571; Ward 6, 34,689; Ward 7, 32,482; Ward 8, 31,943; Ward 9, 30,362; Ward 10, 29,694; Ward 11, 29,938; Ward 12, 36,123; Ward 13, 29,019; Ward 14, 55,914; Ward 15, 27,729; Ward 16, 31,329; Ward 17, 30,099; Ward 18, 41,152; Ward 19, 27,519; Ward 20, 31,540; Ward 21, 29,752; Ward 22, 30,987.

Total population by U. S. Census, 781,188.

WATER-SUPPLY DEVELOPMENT IN THE UNITED STATES.

In 1652 Boston introduced the first American public water supply. The first mechanical pumps were used in 1761 at Bethlehem, Pa., where Hans Christiansen, an American pioneer water-supply engineer, made his pumps work "after severe struggles." In 1850 there were only 100 water plants in the United States, and as late as 1875 only 243. In 1933 there were more than 11,000 public water supplies, some serving more than one community.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 32.

SATURDAY, NOVEMBER 30, 1940.

NO. 48

MAYOR TOBIN PAYS GLOWING TRIBUTE TO BOSTON PHILANTHROPIST, DR. SAMUEL GRIDLEY HOWE, WHOSE GENIUS DID SO MUCH TO LIBERATE BLIND FROM LIVING DARKNESS—DEDICATES MARKER ON SOUTH BOSTON SITE OF PERKINS INSTITUTE FOR THE BLIND—EXTOLS WORK OF DOCTOR HOWE AND GREAT BENEFITS THAT HAVE RESULTED FROM WORK HE UNDERTOOK AND PUSHED TO SUCH SUCCESS THAT AFFLICTED ALL OVER THE WORLD HAVE BEEN BLESSED—ALSO PRAISES SOUTH BOSTON CITIZENS ASSOCIATION.

The following is Mayor Tobin's address at dedication of marker on South Boston site of Perkins Institution for the Blind, Saturday, November 23:

Chairman Smart, Director Farrell, and Friends.

We are here gathered to dedicate a reminder to future generations that on this spot the first school for the blind in America expanded into the great educational enterprise that is the Perkins Institute and Massachusetts School for the Blind.

But what we are really doing is honoring the memory of a great and good man, Dr. Samuel Gridley Howe, a native of Boston, and the individual who, more perhaps than any other man, developed the methods by which the blind have been educated in this country.

Doctor Howe, who has been spoken of as Massachusetts' greatest philanthropist, not only labored in behalf of the blind, he worked to abolish slavery, to reform the discipline of prisons, to instruct the idiotic and to ameliorate the condition of the insane. As a young man he crossed the ocean to fight with the Greeks in their war against Turkish aggression.

Perhaps only those who have dwelt in a dark and voiceless world can truly realize the boon that Doctor Howe gave to humanity. But all of us who are blessed with our faculties have seen concrete examples of the great work that is carried on in this school, as well as in others that have copied its pioneering methods.

Opened New World.

Another commentator has said this of Doctor Howe: "He educated deaf, dumb and blind children, and restored to them that communication with their friends and with the world which others enjoy, but from which they were wholly debarred until his genius and benevolence found for them the key of language, accustomed it to their hands and thus gave them freedom instead of bondage and light for darkness."

Samuel Gridley Howe was born on Pleasant street, November 10, 1801; studied at Boston Latin School, Brown University and Harvard Medical School. He died in 1876, and the Great and General Court of Massachusetts adopted resolutions at his passing. South Boston has a school named for him, and his name is carved on the Boylston street outer wall of the Boston Public Library with those of Pestalozzi, Froebel, Mann and Harvard.

In 1831 he assented to becoming the first director of the first school for the sightless in America, and in 1832 he began his life work in his father's house on Hollis street, with a class of three children. Soon larger quarters were needed. Col. Thomas H. Perkins donated his house and grounds on Pearl street with the stipulation that the city must raise \$50,000 to aid the work. One of the methods by which the required sum was secured was a fair conducted by the ladies in Faneuil Hall.

Soon the school was again overcrowded and the new but idle Mt. Washington Hotel which stood on this spot was acquired. At that time South Boston was an open suburb. Colonel Perkins was honored when the school was named The Perkins Institution and Massachusetts Asylum for the Blind. In 1877 "School" was substituted for "Asylum" in the title.

In 1912 the institution was moved to its present beautiful location on the Charles River in Watertown. But before that change was made, for seventy-three years this site was the location of one of the greatest institutions of its kind the world has ever known.

South Boston has another reminder of the school, however, for its workshop is still located on Fourth street. It is interesting to know that this month, this shop is producing 117 tiny hair mattresses for the baby cribs at the Boston City Hospital. The shop does all that sort of work for the hospital as well as for the Fire Department. In addition Perkins piano tuners, who began their work from South Boston, have for nearly sixty years been servicing all pianos used in the Boston public schools. The workshop is observing its centennial this year as it was founded in 1840.

And so, as we dedicate this marker, which is also a tribute to the spirit and ideals of the South Boston Citizens Association, the occasion is a poignant reminder that once more Boston was a leader in a great philanthropic triumph, and that a son of Boston was the guiding spirit in developing that philanthropy, so that thousands of persons who otherwise would have been cut off from the world have become useful citizens.

"O Boston, fair City enthroned like a radiant queen,
From thy hill looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKEL DOLB.

CITY RECORD.

Published weekly in Boston by the Board of Trustees of the Statistics Department of the City of Boston, under the direction of the Mayor, in accordance with legislative act and city ordinance.

JOSHUA H. JONES, JR., Associate Editor.

Advertising.

A rate of \$2 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the City Record. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at the Statistics Department, 73 City Hall.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, December 2, at 2 p. m.
Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marqueses, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables slaughter-houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 73 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. TO Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending Nov. 23, 1940.
Population as of July, 1940, Massachusetts State Census, 817,713; population estimated July, 1940, United States Census Bureau, 769,520; number of deaths (stillbirths excluded): Residents, 165; nonresidents, 48; total, 213.
Death rate per 1,000 of population: All deaths, 14.39; nonresidents deducted, 11.15.

Death rate per 1,000 of population:
Last week, 13.11; corresponding week last year, 13.71.

Deaths by age periods, sex, etc.: Under one year, 17; one year to four years, inclusive, 3; sixty years and over, 120. Total deaths: Male, 119; female, 94; deaths in hospitals and institutions, 125; deaths of colored, 5.

REPORT OF THE CHAIRMAN AND THE BUSINESS MANAGER ON ATTENDANCE AT ANNUAL MEETING OF NATIONAL ASSOCIATION OF PUBLIC SCHOOL BUSINESS OFFICIALS, AT DETROIT, OCTOBER 14 TO 18.

The School Committee has received the following report from the Chairman and the Business Manager on their attendance at meeting of School Business Officials:

Boston, November 18, 1940.

To the School Committee of the City of Boston.

In compliance with the provisions of section 3 of chapter 274 of the Acts of 1914, the following report is hereby submitted:

On May 20, 1940, your Board passed an order authorizing the Chairman of the School Committee and the Business Manager to attend the annual meeting of the National Association of Public School Business Officials to be held at Detroit, Michigan, October 14 to 18, 1940.

Delegates were present from cities and towns in the United States and Canada. Sessions were held morning and afternoon. Papers were read and discussions took place on the following wide range of subjects:

ACCOUNTING.

1. Budget Preparation and Control.
2. Handling of Debt Service Items from the Standpoint of Uniform Reporting.
3. Expenditures Per Pupil for Operation of the Physical Plant in Large City School Systems.
4. Report of Research Committee on School Accounting Practice.
5. Supply and Equipment Inventory Records.
6. The Place of Office Machines in School Accounting.

OPERATION OF BUILDINGS AND GROUNDS.

1. The Care of Boilers When Not in Use.
2. The Care of Athletic Fields.
3. Vacuum Cleaning of Buildings.
4. Report of Research Committee on Electric Rates.
5. Selection of Building Service Personnel.

SPECIFICATIONS—PURCHASING.

1. Cooperative Buying as Carried On by the Educational Buyers Association.
2. Cooperative Buying in California.
3. The Development of a Handbook on Standardization of School Supplies and Their Procurement.
4. Food Specifications, Purchasing and Food Costs.
5. Standard Specifications for Color Materials and Chalks.

THE SCHOOL PLANT.

1. Fluorescent Lighting.
2. The Practical Aspects of Acoustics.
3. Modernization and Remodeling for Change of Use.
4. A Program of School Equipment Research.

MISCELLANEOUS PROBLEMS OF BUSINESS ADMINISTRATION.

1. Duplicating and Printing Problems of the School System.
2. Trends in Pupil Transportation.
3. Report of Research Committee on Cafeteria Costs.
4. Report of Research Committee on Insurance.
5. Report of Research Committee on Pupil Transportation.

MAINTENANCE AND NEW CONSTRUCTION.

1. Leaking Masonry Walls, Their Cause and Cure.
2. Landscaping of Public School Grounds.
3. Standards of Building Construction and Specifications as Affecting Maintenance.
4. Report of Liaison Committee with the National Council on School House Construction.
5. Report of Research Committee on Playground Surfacing.

IMPROVEMENT OF BUSINESS ADMINISTRATION.

1. Career Service in Public School Business Administration.
2. Community School Lunches with Surplus Foods.
3. Applied Plant Research and Its Importance to Costs and Personnel.
4. Improvement in Business Administration by In-Service Training of Principals.

Mr. Joseph C. White, Chairman of the School Committee, talked with many members of the association, urging them to hold their next annual convention in Boston. This convention would have come to Boston long ago, but the small membership from New England has been a great hindrance.

The officials of the association were very much pleased at the action of the School Committee in sending its chairman to the convention.

Respectfully yours,

JOSEPH C. WHITE,
Chairman of the School Committee.

ALEXANDER M. SULLIVAN,
Business Manager.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence. The lists established as a result of these examinations will be used to fill all vacancies in these classifications in the various State departments.

CIVIL ENGINEERS—GRADES I AND II, DECEMBER 27, 28, 1940.

Last date for filing applications, Friday, December 13, 1940, at 5 p. m.

These examinations are for the service of the State, all cities, and such towns as are classified under Civil Service.

An applicant must specify the grade for which he applies.

NOTE.—One year of technical college will be considered the equivalent of one year's experience.

Grade I—December 28, 1940.

The entrance salary is \$1,440 a year; the maximum salary is \$1,680 a year.

Junior Engineering Aides: Men who, under immediate supervision, assist on engineering work involving the least technical skill and responsibility.

Entrance Requirement: Applicants must have one year of practical experience in engineering work.

Subjects and Weights: Training and experience, 3; practical questions, including mathematics, 7; total, 10.

A supplementary test in drafting, which will be optional, will be given in connection with this grade.

Grade II—December 27, 1940.

The entrance salary is \$1,680 a year; the maximum salary is \$2,160 a year.

Senior Engineering Aides: Men who, under supervision, assist on engineering work involving some knowledge and training in engineering practice.

Entrance Requirement: Applicants must have one year of practical experience in engineering work.

Subjects and Weights: Training and experience, 4; practical questions, including mathematics, 6; total, 10.

A supplementary test in drafting, which will be optional, will be given in connection with this grade.

Passing Requirements (both grades): Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Supplementary Drafting Tests: At least 70 per cent in this subject in order to qualify.

NOTE.—A pamphlet for the guidance of applicants for these examinations, known as the "Civil Engineer's Manual," may be obtained from the Secretary of State, Room 116, State House, Boston, at ten cents a copy. It is desirable that applicants obtain a copy of this manual and study it carefully.

Important.—Experience sheets will be collected on the day of examination and will not be accepted at any other time. No amendments to the experience sheet will be permitted.

No specimen questions are available on the above examinations.

FIRE DEPARTMENT—WIRE DIVISION.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

SCHOOL COMMITTEE.

The School Committee has opened proposals for furnishing shop supplies and equipment for Boston public schools, Monday, August 5, from the following concerns:

General Hardware: Arion Steel Company, G. R. Armstrong Manufacturers Supplies, Inc., Chandler & Farquhar Company, Inc., Cutter Wood & Sanderson Company, H. M. Sanders Company, Warrenton Hardware Company.

Electrical Supplies: Allied Radio Corporation, American Electric Supply Company, Cooper Electric Supply Company, Inc., Eastern Company, Grainger-Rush Company, Graybar Electric Company, Inc., Littlefield Greene, Inc., Loman Electric Supply Company, Ralph Pill Electric Supply Company, Radio Shack Corporation, John A. Roebling's Sons Company, Wetmore-Savage Division, Westinghouse Electric Supply Company.

Automobile Equipment and Supplies: Graybar Electric Company, Inc., Littlefield Greene, Inc., Wetmore-Savage Division, Westinghouse Electric Supply Company.

Sheet Metal Supplies: Bay State Steel Company, Brown-Wales Company, Arthur C. Harvey Company, Herriek Company.

Steel and Angle Iron: Brown-Wales Company, Congress Steel Company, Inc., Arthur C. Harvey Company, P. F. McDonald & Co., Scully Steel Products Company, Stahleker Steel Corporation, Vanadium-Alloys Steel Company, Colonial Steel Division, Edgar T. Ward's Sons Company.

Painting Equipment and Supplies: Cutter Wood & Sanderson Company, National Boston Lead Company, George D. Wetherill & Co., Warrenton Hardware Company.

Paper, Rope and Twine: Carter Rice & Co. Corporation, Knight Allen & Clark, Inc., Storrs Bement Company.

Welding Supplies: Brown-Wales Company, Cutter Wood & Sanderson Company, Gas-Weld Equipment Company, Inc., P. F. McDonald & Co.

Plumbing Equipment and Supplies: Sheehan O'Brien Company, Warrenton Hardware Company.

Lead and Smelting Products: Brown-Wales Company, Raymond E. Henchey, National Boston Lead Company.

Pipe and Pipe Fittings: Sheehan O'Brien Company, Warrenton Hardware Company.

Printing Supplies: American Type Founders Sales Corporation, George H. Morrill Company, Division General Printing Ink Corporation, Lewis Roberts, Inc., Samuel Stephens and Wickersham Quoin Company.

Masonry Supplies: William Simpson, Inc.

Radio Supplies: Allied Radio Corporation, Eastern Company, Graybar Electric Company, Inc., Littlefield Greene, Inc., Radio Shack Corporation, Wetmore-Savage Division, Westinghouse Electric Supply Company.

Contracts were made with the following concerns:

American Type Founders Sales Corporation, \$1,623.78; G. R. Armstrong Manufacturers Supplies, \$1,938.08; Brown-Wales Company, \$1,453.68; Chandler & Farquhar Company, \$1,352.40; Cutter Wood & Sanderson Company, \$2,992.95; Eastern Company, \$1,170.02; Graybar Electric Company, \$1,053.11; Arthur C. Harvey Company, \$1,657.27; Raymond E. Henchey, \$1,119.84; Herriek Company, \$2,295.85; Loman Electric Supply Company, \$1,631.94; P. F. McDonald Company, \$1,303.47; H. M. Sanders Company, \$1,166.66; Stahleker Steel Corporation, \$904.64; Warrenton Hardware Company, \$1,765.28; J. A. Roebling's Sons Company, \$1,139.97.

Purchase orders were placed with the following dealers:

Allied Radio Corporation, American Electric Supply Company, Brown-Wales Company, Carter Rice & Co. Corporation, Cooper Electric Supply Company, Cutter Wood & Sanderson Company, Charles E. Johnson & Co., Knight Allen & Clark, Inc., Littlefield Greene, Inc., P. F. McDonald Company, National Boston Lead Company, Packard Paint and Varnish Company, Ralph Pill Electric Supply Company, Radio Shack Corporation, Sheehan O'Brien Company, William S. Simpson, Inc., Samuel Stephens & Wickersham Quoin, Storrs & Bement Company, Warrenton Hardware Company, Wetmore-Savage Division, Westinghouse Electric Supply Company.

TRANSIT DEPARTMENT.

Upon November 23 the Mayor approved a contract with the T. F. McCann & Sons Company for furnishing illuminated signs, Huntington Avenue Subway. Bids, opened November 7, were as follows: C. I. Brink, Inc., \$4,606; T. F. McCann & Sons Company, \$3,562.10.

Upon November 21 the Mayor approved a contract with Wills & Hill for hollow metal doors and frames, Huntington Avenue Subway. Bids, opened October 31, were as follows:

Jamestown Metal Corporation, \$3,240.15; Rubin-Burke Company, \$3,072; Aetna Steel Products Corporation, \$2,743.22; Wills & Hill, \$2,414.91.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms, contractors, etc., for furnishing supplies and merchandise as indicated. Communications from the several heads of departments interested were as follows:

PUBLIC WORKS DEPARTMENT.

BOSTON, November 18, 1940.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR MR. MAYOR,—Recently the department resurfaced Clinton street, in the market district, from North street to Atlantic avenue. In order not to impede the normal flow of traffic and so as to inconvenience to as little an extent as possible the businessmen of the section, the work was done on week-ends only.

The first week-end that section from North to Commercial streets was resurfaced with a bituminous concrete type of surfacing material, Class I, Type 1. The work consisted of laying this material on top of the existing granite block pavement, thereby making it necessary to run the new surfacing material to a "feather edge" in order to meet the grades of the existing granite block surface at the points where the new work met the existing street surfaces.

After inspecting the results of the work done over the first week-end, it was decided to lay a sheet asphaltic type of surfacing material over the remaining section of the street, as it was felt that on this particular type of resurfacing work this material would prove more satisfactory than a bituminous concrete type. I made arrangements, therefore, to allow the contractor, the Central Construction Company, to resurface the remainder of the street with sheet asphalt, at the price, namely, \$4.22 per ton, less 2 per cent for cash in ten days, that was submitted under competitive bidding by the John McCourt Company, on April 22 of the current year.

I respectfully request your approval to this procedure, with the express understanding that the total amount to be paid to the Central Construction Company for the sheet asphalt material will be less than \$2,000.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, November 5, 1940.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is respectfully requested to award a contract, without publicly advertising, to the Hersey Manufacturing Company, to deliver to the Meter Branch, 710 Albany street, Water Division, Public Works Department, the following:

Twenty 1½-inch Hersey Disc Type meters, Model HD, at \$36 each, \$720; fifteen 2-inch Hersey Disc Type meters, Model HD, at \$54 each, \$810. Total, \$1,530. Two per cent, ten days.

The Water Division has requisitioned for Hersey meters, and as the Hersey Manufacturing Company are the manufacturers, no advantage would be gained by publicly advertising.

Respectfully yours,

JOHN A. BREEN,
Superintendent of Supplies.

BOSTON, November 14, 1940.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is respectfully requested to award a contract, without publicly advertising for bids, to the Colson Corporation, 280 Park Square Building, Boston, for furnishing three food conveyors, as per specifications, to the Boston City Hospital, at a price of \$359.40 each, less a cash discount of 2 per cent for payment in ten days.

In view of the unsatisfactory results following the last purchase of this equipment after public advertising in September, 1939, and in view of the performance record of the conveyors furnished by the Colson Corporation, as well as the favorable price offered, I consider it to be in the best interests of the city that the above-requested permission be granted.

Respectfully yours,

JOHN A. BREEN,
Superintendent of Supplies.

BOSTON, November 18, 1940.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is respectfully requested to award a contract, without publicly advertising for bids, to the White Motor Company, 930 Commonwealth avenue, Boston, for furnishing to the Water Division of the Public Works Department the following:

One Model WA-14 White Super Power truck, in accordance with specifications on file in this department, delivery price, \$3,397; less allowance on White truck W-17, \$100. Net price, \$3,497.

This price does not include the Federal excise tax.

Inasmuch as the White Motor Company is direct agent of the manufacturer, no advantage would be gained by publicly advertising.

Respectfully yours,

JOHN A. BREEN,
Superintendent of Supplies.

BOSTON, October 28, 1940.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR MR. MAYOR,—On October 4, 1940, your Honor approved permission to award a contract to the Lorch Trading Company, Inc., the lowest bidder on the Supply Department specifications, for furnishing approximately 20,000 pounds Ceylon and India black tea to the city departments, as required, from October 1, 1940, to December 31, 1940, with the privilege of purchasing on the same terms and conditions extended to September 30, 1941, at a price of 29.4 cents per pound. Bids on this tea were publicly opened and read on September 13, 1940.

The writing in the proposal was not exactly clear, and the bid price was read 29.4 cents. The Lorch Trading Company, Inc., informed this office that the price quoted on the tea was 29.47 cents per pound, and after careful examination of the proposal containing the bid, I find that the price quoted was 29.47 cents per pound.

Therefore, I respectfully ask permission to award the contract to the Lorch Trading Company, Inc., the lowest bidder on the Supply Department specifications, for furnishing sample No. 1 tea, at a price of 29.47 cents per pound, less 2 per cent cash discount for payment in ten days, as quoted in the proposal.

The approximate amount of the contract will be \$5,894.

Respectfully yours,

JOHN A. BREEN,
Superintendent of Supplies.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner to raze the following structures as fire menaces or nuisances:

The building at 1229 and 1231 Washington street, Ward 3, owned by the City of Boston through tax foreclosure.

The building at 93 Marcella street, Ward 11, owned by Daniel A. McLaughlin of 2 Common street, Charlestown.

The building at 95 Marcella street, Ward 11, owned by Daniel A. McLaughlin of 2 Common street, Charlestown.

The building at 57 Austin street, Ward 2, owned by Alfonso F. Raynes of Portsmouth, New Hampshire.

The building at 61 Austin street, Ward 2, owned by Alfonso F. Raynes of Portsmouth, New Hampshire.

The building at 24 Sackville street, Ward 2, owned by Pearl C. Scottron of 45 Belmont street, Charlestown.

The building at 59 Austin street, Ward 2, owned by Alfonso F. Raynes of Portsmouth, New Hampshire.

The building at 70 Kendall street, Ward 9, owned by Matilda Skolnick of Lynn, Mass.

The building at 178 Rutherford avenue, Ward 2, owned by Alfonso F. Raynes of Portsmouth, New Hampshire.

The building at 22 Sackville street, Ward 2, owned by Pearl C. Scottron of 45 Belmont street, Charlestown.

The building at 9 and 11 Perkins street, Ward 2, owned by Mildred St. Charles, address unknown.

The building at 5 and 7 Perkins street, Ward 2, owned by Mildred St. Charles, address unknown.

The building at 107 Ruggles street, Ward 9, owned by the City of Boston through tax foreclosure.

The building at 398 Main street, Ward 2, owned by Alphonso F. Raynes of Portsmouth, New Hampshire.

The building at 10 Middlesex street, Ward 2, owned by Alphonso F. Raynes of Portsmouth, New Hampshire.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer of 10-inch pipe and a surface drain of 12-inch pipe (W. P. A. Project 665-14-2-1167, Work Project 20303) in Alabama street, between 445 feet southwest of Currier street and 57 feet southwesterly, in the Dorchester district, at an estimated cost of \$1,000.

A sanitary sewer of 12-inch pipe, a surface drain of 12-inch pipe and two catch-basins (W. P. A. Project 665-14-2-1167, Work Project 20303) in Halliday

street, between Stony Brook and Bourne street, in the West Roxbury district, at an estimated cost of \$21,760.

A surface drain of 8-inch and 12-inch concrete pipe and eight catch-basins (W. P. A. Project 665-14-2-1167, Work Project 20303) in Harvard street, 1,040 feet north of Cummins Highway and 950 feet northerly in land of City of Boston (Mt. Hope Cemetery), between Harvard street and 190 feet westerly to existing surface drain, in the Dorchester and West Roxbury districts, at an estimated cost of \$6,800.

A sanitary sewer of 10-inch pipe, a surface drain of 12-inch, 18-inch, 20-inch and 24-inch pipe and thirteen catch-basins, (W. P. A. Project 665-14-2-1167, Work Project 20303) in Williams avenue, between Highland street and Prospect street, in the Hyde Park district, at an estimated cost of \$41,487.

A 2-foot and 6-inch concrete conduit, a 12-inch and 24-inch pipe surface drain and six catch-basins (W. P. A. Project 665-14-2-1167, Work Project 20303) in Stow road, between Tiverton road and 620 feet southwesterly, in the Dorchester district, at an estimated cost of \$9,757.

A 2-foot and 6-inch concrete surface drain and one catch-basin (W. P. A. Project 665-14-2-1167, Work Project 20303) in Tiverton road, between Lorna road and Stow road, in the Dorchester district, at an estimated cost of \$6,870.

A surface drain of 2-foot and 6-inch and 2-foot and 3-inch circular concrete and 20-inch and 24-inch pipe and rebuild five catch-basins (W. P. A. Project 665-14-2-1167, Work Project 20303) in Washington street, between Edgemere road and Weymouth Heights avenue, in the West Roxbury district, at an estimated cost of \$58,817.

NATIONAL ART WEEK PROCLAMATION.

Whereas, As a result of the ravages of the war, historic art centers have been ruined and priceless art treasures have been lost which may never be replaced;

Whereas, The nations of the world that are at peace, especially the United States, must strive to make up for these great losses to the end that art may not perish from the world;

Whereas, We, the people of the United States, must preserve and develop art of all types in this country, for a nation without art is materialistic, without a sense of appreciation of the beautiful, and a world devoid of art is without life;

Whereas, There are many splendid examples of American art which should be appreciated and many striving artists at present in this country who must be encouraged if art is to survive;

Whereas, There are now on display in many parts of the United States fine examples of past and contemporary American art which should be appreciated; now, therefore,

I, in conjunction with other Mayors throughout the nation, proclaim the period between November 25 and December 1 as National Art Week in the City of Boston. I ask that our citizens give full support to the program as an expression of their appreciation of the richness of our American culture, that they attend the art exhibits and do everything possible to encourage the artists of America in their artistic endeavors.

MAURICE J. TOBIN,
Mayor of Boston.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Woodlawn avenue, Dorchester district, as a highway, from West Selden street to Delhi street, with the name of Wooddale avenue, or some other distinctive name, bounded and described as follows:

A highway named Wooddale avenue is hereby laid out, from West Selden street to Delhi street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southeasterly by West Selden street, fifty feet; southwesterly by the southwesterly line of Wooddale avenue, as hereby laid out, five hundred eleven and 49-100 feet; northwesterly by Delhi street, fifty and 12-100 feet; and northeasterly by the northeasterly line of said Wooddale avenue as hereby laid out, five hundred eight and 70-100 feet.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days, following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on Wooddale avenue, from West Selden street to Delhi street, will receive benefit or advantage beyond the general advantage to all real estate in said city from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Wooddale Avenue, Dorchester, Assessment Plan, September 23, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

SEWAGE TREATMENT PLANT CONSTRUCTION ON THE INCREASE.

Owing to the economic conditions prevailing during the past year, there was but a relatively small volume of sewage treatment plant construction. Within recent months, however, there has been a decided impetus to new construction of this type growing out of the Public Works Administration allotments. Nearly 700 cities have received allotments of funds from the P. W. A. for sewerage or sewage treatment, involving an aggregate expenditure of well over \$200,000,000.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be sixty (60) days, vehicles are excluded from the following streets, effective November 15, 1940:

Louis Mirisola, 53 Calumet road, Holyoke, in the sum of \$130.48, as compensation for personal injuries and damage to automobile caused by defect in highway on Columbia road, near Preble street, December 29, 1939.

Carmela Innella, 35 P street, South Boston, in the sum of \$25, as compensation for personal injuries caused by defect in highway on Columbia road, near Preble street, December 29, 1939.

FIRE DEPARTMENT ORDERS.

General Order No. 54.

I. ASSIGNMENT.

The following assignment, which took effect at 8 a. m. Friday, November 15, 1940, is hereby announced for the information of the department:

Member on Probation Richard P. McCormack to Ladder Company 29.

II. ELECTION OF OFFICERS—CHARITABLE ASSOCIATION.

The attention of the members of the department is called to Article 5 of the Constitution and By-Laws of the Charitable Association of the Boston Fire Department concerning nomination of trustees of this organization.

The Board of Chiefs and each district of the Fire-Fighting Force of the Boston Fire Department, including District 16 (so called) and the Boston Protective Department, shall submit the name of any candidate or candidates for the office of trustee of the association to the secretary, on or before the first Monday in December each year.

Attention of members is called to the fact that it does not mean a man from each house unless a member decides to be a candidate.

Nominations should be sent to the Secretary, Frank C. Jacobs of Ladder Company 10.

From the list of nominations received there shall be elected on the third Monday in December, one trustee to represent the Board of Chiefs, two trustees in each district to represent the Fire-Fighting Force and one trustee to represent the Boston Protective Department.

III. AMERICAN RED CROSS.

The Fire Commissioner calls the attention of all members of the department to the annual roll call of the American Red Cross, which is now being conducted throughout the nation. All members of the department are urged to renew their membership in this great organization.

In order that members of the department may renew their membership promptly, enrollment blanks are being forwarded with this order one to each company. Company commanders and heads of divisions will interview each member and solicit this membership. The enrollment blanks are to be returned to Miss Mary C. Kelley in the Fire Commissioner's office on or before Monday, December 2, 1940. Returns may be made before 12 noon on any day during the week. On receipt of membership fees, buttons, cards and pennants will be forwarded to company commanders.

It is hoped that every member of the department will become enrolled in the Red Cross contributing at least \$1.00 as the needs of the American Red Cross for relief purposes have been greatly increased this year because of the suffering caused by wars raging in a great part of the world.

IV. A. D. T. ASSIGNMENTS.

The following signal numbers are to be added to the running cards of the American District Telegraph Company in this department:

Signal 553, The Housh Company, Inc., 7-17 East Concord street. Sprinkler system. Apparatus to respond: Engine 23, Ladder 3, District Chief 7. Nearest Box is No. 1661.

Signal 613, Miller & Bloom, 326 Congress street. Sprinkler system. Apparatus to respond: Engine 39, Ladder 18, District Chief 6. Nearest Box is No. 7115.

V. BOSTON AUTOMATIC ASSIGNMENTS.

The following signal numbers are to be added to the running cards of the Boston Automatic Fire Alarm Company of this department:

Signal 295, First National Bank, 52 Temple place. Apparatus to respond: Engine 35, Ladder 17, District Chief 5. Nearest box is No. 1461.

Signal 318, First National Bank, 88 Summer street. Apparatus to respond: Engine 7, Ladder 17, District Chief 5. Nearest box is No. 1431.

VI. COMMENDATION.

Ladderman Fred J. Byrne of Ladder Company 11 is hereby commended for notifying the department of a fire and assisting Engine Company 41 to extinguish it on November 9, 1940, while off duty.

By order of Fire Commissioner
WILLIAM ARTHUR REILLY.

SAMUEL J. POPE,
Chief of Department.

VOTE FOR PRESIDENT IN BOSTON, NOVEMBER 3, 1936.

Vote in Boston for President: 199,504 for Roosevelt (Dem.); 85,789 for Landon (Rep.); 25,924 for Lemke (Union); 783 for Browder (Comm.); 637 for Thomas (Soc.); 220 for Aiken (Soc. Lab.); 133 for Colvin (Proh.); all others, 5; total vote for President, 312,995, or 2,572 more than total for Governor. Plurality for Roosevelt, 113,715.

STREET CONSTRUCTION.

The Mayor has approved the construction of the following-named streets:

Bangor street, West Roxbury, Russett road to Bonad road.

Daly street, Dorchester, King street southeasterly.

Deer street, Dorchester, Melvinside terrace to Savin Hill avenue.

Euston road, Brighton, Colborne road to Commonwealth avenue.

Garner road, Dorchester, Ashmont street northwesterly.

Goldsmith street, West Roxbury, Custer street to St. Joseph street.

Grotto Glen road, Roxbury, Day street westerly.

Tilesboro street, Dorchester, Neponset avenue to Worrell street.

Uperest road, Brighton, Brooks street to Dunboy street.

Winborough street, Hyde Park, Tileston street to Taunton avenue.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Dixwell street, West Roxbury district, as a highway, from Columbus avenue to School street, bounded and described as follows:

A highway named Dixwell street is hereby laid out, from Columbus avenue to School street, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following described land, exclusive of trees or structures standing upon or affixed thereto.

A parcel of land, supposed to belong to Anna Skwerak, bounded:

Southwesterly by School street, five feet; northwesterly by the northwesterly line of Dixwell street, as laid out under this order, one hundred five and 9-100 feet; northeasterly by Dixwell street, five feet; and southeasterly by the same, one hundred four and 96-100 feet, containing five hundred and twenty-five square feet, more or less.

The land, owners unknown, being the private way known as Dixwell street.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days, following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Said highway, as hereby laid out, is bounded:

Northeasterly by Columbus avenue, thirty and 1-100 feet; southeasterly by the southeasterly line of Dixwell street as hereby laid out, four hundred twenty and 17-100 feet; southwesterly by School street, thirty feet; and northwesterly by the northwesterly line of said Dixwell street, as hereby laid out, four hundred twenty-one and 8-100 feet.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Dixwell street, as laid out under this order, from Columbus avenue to School street, will receive benefit or advantage, beyond the general advantage to all real estate in said city from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and

the supposed owners thereof being shown on a plan marked "City of Boston, Dixwell Street, West Roxbury, Assessment Plan, September 25, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

LAND-TAKING IN SOUTH BOSTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Glover court, South Boston district, as a highway, from Woodward street southwesterly, bounded and described as follows:

A highway named Glover court is hereby laid out from Woodward street southwesterly for a distance of approximately one hundred and ninety feet, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northeasterly by Woodward street, twenty feet; southeasterly by the southeasterly line of said Glover court, as hereby laid out, one hundred eighty-nine and 25-100 feet; southwesterly by the southwesterly line of said Glover court, as hereby laid out, twenty and 6-100 feet; and northwesterly by the northwesterly line of said Glover court as hereby laid out, one hundred eighty-seven and 73-100 feet.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days, following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on the northwesterly, southeasterly, and southwesterly sides of Glover court as laid out under this order, will receive benefit or advantage beyond the general advantage to all real estate in said city from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Glover Court, South Boston, Assessment Plan, October 8, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out of Elwell road, West Roxbury district, as a highway, from Allandale street northwesterly, bounded and described as follows:

A highway named Elwell road is hereby laid out, from Allandale street northwesterly.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following described land, exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Mary B. Brandegee, bounded:

Southerly by Allandale street, twenty-seven and 78-100 feet; westerly by other land supposed to belong to said Brandegee, twenty-four and 51-100 feet on a curve of ten feet radius; and north-easterly by Elwell road, twenty-seven and 78-100 feet; containing one hundred and fifty-six square feet, more or less.

The land, owners unknown, being the private way known as Elwell road.

Said Elwell road as hereby laid out is bounded:

Southerly by Allandale street, one hundred twenty-six and 54-100 feet; westerly by the westerly line of said Elwell road, as hereby laid out, twenty-four and 51-100 feet on a curve of ten feet radius; southwesterly by the southwesterly line of said Elwell road, as hereby laid out, two hundred fifty-nine and 29-100 feet; northwesterly by the northwesterly line of said Elwell road, as hereby laid out, forty and 94-100 feet; northeasterly by the northeasterly line of said Elwell road as hereby laid out, by two measurements, three hundred eight and 21-100 feet and sixty-nine and 10-100 feet on a curve of one hundred feet radius.

Voted, That this Board determines that the undermentioned person sustains damages in her estate by the making of the public improvement consisting of the laying out of Elwell road, West Roxbury district, as a highway, from Allandale street northwesterly, under the order of the Board of November 20, 1940, in the amount hereinafter mentioned and awards said amount therefor.

Mary B. Brandegee, 156 square feet, \$1.00.

BUDGETARY CONTROL.

Prior to installing the present system of budgetary control, effective as of January 1, 1939, the city of Newark had no centralized accounting control over its budget commitments. The city's general ledger contained accounts for the various budget appropriations, and reflected disbursements out of the appropriations. However, commitments for work and material were not recorded in the city's accounts until after bills submitted by the vendors had been approved for payment by the Board of Commissioners. Consequently, financial reports could only show the amount of appropriated moneys that had not been disbursed out of any account. No recognition could be given in these reports to the unpaid purchase commitments, since the amount was not known. *The American City.*

PROCEEDINGS OF SCHOOL COMMITTEE.

Nov. 4, 1940

A regular meeting of the School Committee of the City of Boston was held in the Administration Building 15 Beacon Street, at 7:11 o'clock P. M., the Chairman presiding.

Present: Messrs. Lee, McDevitt, and White.

The Chairman stated that Mr. Norton had attended the conference upstairs, but was unable to remain for the public meeting.

APPROVAL OF MINUTES

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed.

DEATHS

The Superintendent reported the death of the following-named master emeritus:

Wells District—Anna A. Maguire, master emeritus, Nov. 2, 1940.

Placed on file.

The Superintendent reported the death of the following-named teacher who had been retired under the provisions of the Boston Retirement System:

Robert Gould Shaw District—Florence K. Glover, Nov. 2, 1940.

Placed on file.

The Superintendent reported the death of the following-named teacher who had been retired on pension:

Bowdoin District—Serena F. Perry, July 18, 1940.

Placed on file.

RESIGNATIONS

The following resignations, reported by the Superintendent to take effect on the dates stated, were presented:

English High School—Paul Keller, junior master, Oct. 31, 1940.

James A. Garfield District—Mary K. Donovan, assistant, kindergarten, Oct. 4, 1940.

Prince District—A. Mae Caffery, assistant, elementary, Oct. 25, 1940. Accepted.

RETIREMENTS ON PENSION

A communication was received from the Superintendent, under date of Nov. 4, 1940, reporting that in accordance with the provisions of Chapter 521 of the Acts of 1922, and the order passed Feb. 6, 1933 (see p. 19), he has made application for the retirement of Grace A. McGrath, assistant, Girls' High School, because of permanent disability.

Placed on file.

A communication was received from the Superintendent, under date of Nov. 4, 1940, reporting the retirement from active service of the following-named members of the Boston Retirement System, to

take effect Oct. 31, 1940, as certified by the Boston Retirement Board, under date of Oct. 30, 1940:

English High School—Norman A. Moss, master.

Girls' High School—Grace A. McGrath, assistant.

Placed on file.

The Superintendent offered the following:

ORDERED, That the following-named teacher is hereby retired on pension in accordance with the provisions of Chapter 589 of the Acts of 1908 as amended by Chapter 617 of the Acts of 1910, Chapter 569 of the Acts of 1912, and Chapter 304 of the Special Acts of 1915, the date of retirement and rate of pension to be as hereinafter specified:

Gaston District—Ella G. Fitzgerald, assistant, elementary, Aug. 31, 1940, \$600.

Passed, the three members present voting in the affirmative.

APPOINTMENTS

(TWO-SESSION KINDERGARTEN)

Mather District—Frances R. Sullivan, assistant, kindergarten, two sessions (from assistant, kindergarten, one session), Oct. 23, 1940. Laid over.

TEMPORARY TEACHERS

South Boston High School—Forrest L. Regan, co-operative instructor, Oct. 25, 1940.

Vocational High and Opportunity School—Grace Schifano, trade assistant, Oct. 22, 1940.

Boston Trade School—James J. Hesnan, Stephen C. Higgins, Forrest L. Regan, shop instructors, Oct. 28, 1940.

Trade School for Girls—Ann R. Gallivan, trade assistant, Oct. 21, 1940.

Approved.

LIST OF TEACHERS APPROVED FOR TEMPORARY SERVICE

The Superintendent submitted, under the provisions of Section 265, paragraph 2 of the regulations, the following additions to the list of teachers approved by him from which assignments may be made for temporary service:

Day High Schools—Elinor P. Ball, Helen J. Burns, Mary F. Catenacci, Mary A. Collins, Kathleen M. Deasy, Catharine A. Faunce, Helen T. Goodwin, Patricia A. Gormley, Ruth Krock, Israel M. Latkowitz, Eben Rosenfield, Marie J. Scanlin, Leo Tarutz, Mattie A. Thomson.

Day Intermediate Schools—Jeanette Cagan, Helen T. Clayton, Elizabeth F. Cunningham, Claire Dolby, Mary J. Flynn, Samuel Goldring, Agnes R. Grant, Alma R. Kitt, Ralph Simes.

Day Elementary Schools—Frances L. Flaherty, Virginia M. Gallivan, Sylvia L. Mogolisky, Mary E. Quigley, M. Barbara Stevens, Katherine E. Walsh.

Kindergartens—Mary C. Donovan, Beulah L. Fruean, Adele R. Kaplan, Beverly R. Trundy, Katherine E. Walsh, Gertrude F. Whelan.

Boston Clerical School—Eleanor G. Twomey.

Boston Disciplinary Day School—Mary F. Catenacci.

Boston Trade School—Paul J. Boylan.

Vocational High and Opportunity School—Helen J. Burns, Helen E. Corliss, Mildred G. Hayes, Mary J. Kenney.

Special Classes—Catherine P. Redican.

Approved.

CANDIDATES IN TRAINING

Day Intermediate Schools—Priscilla S. Collins, Annabelle C. O'Connor, Shirley E. Sargent.

Approved.

EMERGENCY EMPLOYMENT OF SUBSTITUTE TEACHERS

On motion of the Superintendent, it was

ORDERED, That the employment of the following-named persons is hereby authorized for emergency service on the dates indicated when no certificated person for the assignment was available:

Day High Schools—Lucille M. Guaragna, Oct. 7 to Oct. 11, 1940.

Day Elementary Schools—Mary E. Norton, Oct. 17, 1940.

Classes for Conservation of Eyesight—Sara C. Oginz, Oct. 14, 1940; Eleanor G. Twomey, Oct. 22 to Oct. 31, 1940; Dorothea A. Dunigan, Oct. 29, 30, 1940.

Department of Household Science and Arts—Anita D. Zepp, Oct. 29, 1940; teacher of cookery.

Vocational High and Opportunity School—Richard P. Harmon, Sept. 23, 1940; Marie A. L. Pacht, Oct. 11, 1940.

Department of Physical Education—Francis M. McGinn, Oct. 22, 23, 24, 1940; Elinor F. Weene, Oct. 21 to Oct. 29, 1940; Margaret Hazell, Oct. 22, 28, 29, 1940.

Speech Improvement Classes—June B. Campbell, Oct. 23, 24, 25, 1940.

Salesmanship—Carolyn R. Holt, Oct. 22, 1940.

STUDENT ASSISTANT

(New appointment)

High School of Practical Arts—Antoinette Corrao, student assistant, art department, Oct. 21, 1940.

Approved.

TOOLKEEPER

(New appointment)

East Boston High School—Vincent F. Comunale, Oct. 11, 1940.

Approved.

SPECIAL ASSISTANTS

Day School for Immigrants—Florence G. Beahan, Mary I. Lynch, Marion A. Warren, Oct. 28, 1940; Maxine H. Cohen, Oct. 29, 1940; Mildred P. Clausmeyer, Oct. 30, 1940.

Approved.

EVENING SCHOOLS

Term 1940-1941

Central Evening High School—Elmer S. Woodward, assistant, Oct. 31, 1940 (one evening).

Charlestown Evening Commercial High School—Agnes V. Denehy, assistant, Oct. 28, 1940; Daniel F. O'Connell, assistant, Oct. 29, 1940 (one evening).

Girls' Evening Commercial High School—Mary E. Graham, assistant, Oct. 31, 1940.

Brighton Evening School—Eleanor L. McGourty, assistant, Oct. 17, 1940.

Edward Everett Evening School—Mary J. Keefe, assistant, Oct. 7, 1940; John J. Carroll, assistant, Oct. 22, 1940.

Joseph H. Barnes Evening School—Bernice M. Atkins, assistant, Oct. 28, 1940.

Patrick F. Gavin Evening School—Hazel Toon, assistant, Oct. 24, 1940.

Roger Wolcott Evening School—Mary J. Petruzzelli, assistant, Oct. 22 to 31, 1940 (three evenings).

William Blackstone Evening School—Elizabeth A. Mackey, assistant, Oct. 24, 1940.

Boston Trade School (Evening Classes)—Henry Konet, assistant, Oct. 28, 1940; Arthur R. Nelson, Alfred A. Osterman, assistants, Oct. 29, 1940.

Evening Opportunity School—John F. O'Brien, assistant, Oct. 24, 1940 (one evening).

Approved.

On motion of the Superintendent, it was

ORDERED, That the employment of Thomas J. Murphy as acting principal in the East Boston Evening Commercial High School, from Oct. 21 to 31, 1940 (six evenings), is hereby authorized, and that he be paid for his services at the rate established for such rank in the salary schedule.

DEPARTMENT OF EXTENDED USE OF THE PUBLIC SCHOOLS

Term 1940-1941

A communication was received from the Superintendent, under date of Nov. 4, 1940, reporting that subject to the approval of the School Committee, he has assigned the following-named persons to serve in the Department of the Extended Use of the Public Schools for the term 1940-1941:

Club Leader—Frederick T. Teed, Oct. 2, 1940

General Helpers—Edward J. Bossi, Peter C. Carey, Henry J. Carlin, Francis R. Carroll, Paul J. Costello, Joseph J. Feeney, Frank E. Fleming, Albert W. Flynn, James F. Galvin, John E. Glennon, John J. Keegan, Francis E. Manning, John J. McCarthy, Frederick V. Paul, Albert E. Small, Arthur C. Sundell, Sept. 4, 1940; Stephen J. Connolly, Oct. 2, 1940; Myles J. Burke, James P. Farrell, Edward F. Lanergan, Oct. 21, 1940; Henry F. Bamberg, James M. Barry, John M. Boyle, Joseph F. Grady, William F. A. Graham, Walter E. Hooley, William L. Hughes, Albert J. Kelley, Samuel Levin, John F. McCarthy, Charles J. Moloney, Albert S. Murphy, James S. Norton, John M. Page, Stanley Sikora, David Wyman, James Zyntell, Nov. 16, 1940.

Helpers—Catherine B. Conroy, Mary I. Daley, May A. Doyle, Loretta E. McHugh, Annie Norris, Gertrude W. O'Connor, Catherine D. Russell, Anastasia Sheerin, Anna M. Weeman, Oct. 28, 1940; Anthony Capraro, John J. Connolly, William E. Gibbons, Gerard F. Houghton, John Keohane, John B. Martin, Ambrose Waul, Nov. 16, 1940.

Approved.

TRANSFERS

A communication was received from the Superintendent, under date of Nov. 4, 1940, reporting that subject to the approval of the

School Committee, he has made the following transfers of teachers, to take effect Nov. 1, 1940:

Mollie E. Collins, assistant instructor, manual arts, Roxbury Memorial High School (Girls), to the same position in the Charlestown High School

Rose A. Daly, assistant, Dorchester High School for Girls, to the same position in the Roslindale High School

Dorothy M. Ellis, assistant, intermediate, William Blackstone Intermediate District, to the same position in the Abraham Lincoln District.

Arthur Klein, junior master, Public Latin School, to the same position in the Mechanic Arts High School.

Cornelius A. O'Keefe, junior master, Dorchester High School for Boys, to the Jeremiah E. Burke High School for Girls.

Margaret M. Quinn, assistant, intermediate, William Blackstone Intermediate District, to the same position in the Abraham Lincoln District.

Mildred A. Rice, assistant, intermediate, Patrick T. Campbell Intermediate District, to the same position in the Mary E. Curley Intermediate District.

Helen L. Schmidt, assistant, intermediate, Patrick T. Campbell Intermediate District, to the same position in the Oliver Wendell Holmes Intermediate District.

Albert L. Taylor, junior master, Public Latin School, to the same position in the Jeremiah E. Burke High School for Girls.

Approved.

Barbara M. Ames, assistant, Charlestown Evening Commercial High School, to the same position in the Girls' Evening Commercial High School, Oct. 24, 1940.

Approved.

LEAVE OF ABSENCE

On the report of the Superintendent, leave of absence for military service was granted as follows:

Department of Manual Arts—Sumner W. Meredith, instructor, manual training, special classes, from Nov. 1, 1940 to June 26, 1941, without pay.

DESIGNATION

A communication was received from the Superintendent, under date of Nov. 4, 1940, reporting that he has made the following designation of a teacher to serve in the position indicated until such time as it shall be filled otherwise in accordance with the rules and regulations but not beyond Aug. 31, 1941:

Charlestown High School—Martin E. Keane, co-operative instructor, as acting co-ordinator, Sept. 1, 1940.

Placed on file.

APPRENTICESHIP AND JOURNEYMAN CLASSES

A communication was received from the Superintendent, under date of Nov. 4, 1940, reporting that subject to the approval of the School Committee and in accordance with the orders passed at the

meeting of Oct. 21, 1940 (See p. 157) he has appointed the following-named persons to the apprenticeship and journeyman classes for various trades, to take effect on the dates stated:

Francis J. Gormley, Alwyn K. Milch, Stephen T. Reilly, instructors, Oct. 19, 1940; Thomas A. Roche, instructor, Oct. 26, 1940; J. Walter Callahan, Charles Laird, instructors, Nov. 2, 1940; John P. Rogers, tool-keeper, Oct. 19, 1940; John A. Crotty, William P. Kelly, tool-keepers, Nov. 2, 1940.

Approved.

CLASSES IN DISTRIBUTIVE OCCUPATIONS

A communication was received from the Superintendent, under date of Nov. 4, 1940, reporting that subject to the approval of the School Committee and in accordance with the orders passed at the meeting of Feb. 12, 1940 (see p. 20), he has appointed the following-named person to the classes in distributive occupations, to take effect on the date stated:

Richard A. Heerde, assistant, Nov. 4, 1940.

Approved.

ASSIGNMENTS FOR CAFETERIA SERVICE

A communication was received from the Superintendent, under date of Nov. 4, 1940, reporting that subject to the approval of the School Committee, he has terminated the assignment to the cafeteria in the Patrick T. Campbell Intermediate School of Mary A. Conley, nutrition class attendant, Dorchester High School for Girls Annex, as of Nov. 5, 1940; and has assigned her to the cafeteria in the Roslindale High School, without change of rank or salary, to take effect Nov. 6, 1940, and to continue during the school year ending Aug. 31, 1941, unless earlier terminated by the Superintendent with the approval of the School Committee.

Placed on file, the termination of assignment and the assignment approved, to take effect on the dates stated.

A communication was received from the Superintendent, under date of Nov. 4, 1940, reporting that subject to the approval of the School Committee, he has assigned Mary R. Shallow, cafeteria attendant, Roslindale High School, as acting cafeteria manager in the Patrick T. Campbell Intermediate School, to take effect Nov. 6, 1940, and to continue during the school year ending Aug. 31, 1940, unless earlier terminated by the Superintendent with the approval of the School Committee.

Placed on file and the assignment approved.

On motion of the Superintendent, it was

ORDERED, That Mary R. Shallow, cafeteria attendant, Roslindale High School, be allowed and paid additional compensation at the rate of one dollar (\$1) per day of service during her assignment as acting cafeteria manager at the Patrick T. Campbell Intermediate School, to take effect Nov. 6, 1940.

ELIGIBLE LIST

A communication was received from the Board of Superintendents, under date of Nov. 4, 1940, transmitting the names of the successful candidates of the 1940 examinations for certificate IV. High School-Vocational Guidance—as reported by the Board of Examiners. These names should be inserted in School Document No. 3, 1940.

IV. HIGH SCHOOL
Vocational Guidance

Rating	Name	Certificate Expires
886	Joseph Lapidus	Dec. 31, 1947
Men		
312	Mary F. Nolan	Dec. 31, 1947
Women		
Placed on file.		

LEAVES OF ABSENCE

A communication was received from the Head Supervisor of Attendance, under date of Nov. 4, 1940, recommending that Daniel F. Sutton, supervisor of attendance, be granted leave of absence for the period Oct. 1 to Dec. 31, 1940, inclusive, because of personal illness.

Placed on file and leave of absence granted for the period specified.

A communication was received from the Schoolhouse Custodian, under date of Nov. 4, 1940, recommending that Colin M. McPherson, custodian, Copley School-house, be granted leave of absence on one-half net compensation for the period Nov. 1 to Dec. 1, 1940, because of personal illness.

Placed on file and leave of absence on one-half net compensation granted for the period specified.

A communication was received from the Schoolhouse Custodian, under date of Nov. 4, 1940, reporting that the Director of Civil Service has reinstated Martin W. Green as custodian, and recommending that he be assigned as custodian, George Bancroft School-house, to take effect Sept. 20, 1940.

Placed on file and the reinstatement approved, to take effect on the date stated.

TRANSFERS OF CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of Nov. 4, 1940, recommending the rescinding of the action of this Committee at the meeting of Oct. 21, 1940, which approved the transfer of Thomas B. Morgan, custodian, Bowditch School-house.

Placed on file and the action approving the transfer rescinded.

A communication was received from the Schoolhouse Custodian, under date of Nov. 4, 1940, recommending that the following-named custodians, who stand at the head of their respective lists, be appointed as indicated to take effect Nov. 10, 1940:

Edmund F. Kyle from the Martin Milmore to the custodianship of the Benjamin Cushing School-house.

William J. Maskill from the Everett to the custodianship of the Theodore Lyman School-house.

Frederick E. Saunders from the W. L. P. Boardman to the custodianship of the Lafayette School-house.

James L. Shaughnessy from the Frederic A. Whitney to the custodianship of the Charles Bulfinch School-house.

Francis J. Sheehan from the Benedict Fenwick to the custodianship of the Hugh Roe O'Donnell School-house.

William P. Toland from the Jefferson to the custodianship of the Edmund P. Tileston School-house.

Charles A. Wallace from the Elizabeth Peabody to the custodianship of the James J. Storrow School-house.

Placed on file and the appointments approved, to take effect on the date stated.

BUDGET OUTLOOK

Mr. Lee: I believe this Committee took a very noteworthy step last month in deciding to go into the budget this autumn, rather than after the new year. Perhaps because the Committee is a hold-over Committee and no new members are taking office this January and perhaps because I have been the advocate of a general policy on the budget and on our educational system before coming down to figures, the Committee suggested I bring in some notes as to how we might proceed toward our budget. For this year, with whatever modifications occurred to me.

As you will see, the following notes start with the general situation in the city, in the way of background, before coming down to two or three important proposals.

Boston Business

Boston found that it was difficult to get a living out of the soil, and that by doing particular things for particular people in particular ways they could get along better.

Consequently particular Boston firms, headed by particular individuals, made and did particular things for particular customers in particular parts of the world, and Boston citizens found employment that way. The line was mostly connected with our port.

Bank Borrowings

Most people are awfully sorry for bankers. They are sorry for them because they have to lend money. They are sorry for them now because they don't know where to lend money. Banks have been too scared to lend money individually, and they couldn't lend money concertedly, because they were too individualized,—so that since 1929 they have not lent money and the financing of production and business in America has stopped. Many people have stopped eating adequately.

It is now generally understood and accepted by the citizens that no private bank shall be expected to lend any money to any local state, municipality, or business, but they can all lend money in unison to the Federal Government in exchange for government bonds. People wanted to eat, and the Federal Government financed their eating by borrowing the people's idle money and the bankers' idle credit from the banks and putting

it into a work and wages program. Either it is right to borrow money for financing people's eating, or it is wrong. If it is right for the Federal Government to do it, how about the local government? I call for borrowing by State or City equal to the borrowing of the Federal Government in this depression. I call for this just as much as I call for a cessation of borrowing and a repayment of debts should recovery return and an inflation commence.

Our per capita Federal debt is \$350. Our per capita State debt is \$23. Our per capita Boston debt is \$160, or \$100 per capita not counting the subway debts. The State debt and Boston debt should keep pace with the Federal debt, so long as we are going to live by the principle of a business nation, whose power to conduct business needs to be financed.

Boston ought to borrow more.

Economy Groups

Economy groups and economy thinkers should not be taken seriously as a class. The head of the Special Commission to Study Boston Budget and Appropriation Procedures led the fight for a \$10,000,000 bill in the last session of the Legislature to finance a redispersion of sewage in the Charles River and Boston Harbor. Children don't get contaminated around here from the degree of sewage prevailing. They get contaminated from fresh water—fresh water such as we put in the Frog Pond, and which we have to change every two days because the children's bodies themselves pollute it. In no case has disease been traced by City or State authorities to pollution in the Charles River or Boston Harbor. When they are spotless, the water will still tend to be contaminated from other bathers' bodies. But there was danger that Mrs. Van Duke on her annual trip to Europe might see a piece of garbage floating in Boston Harbor. So the \$10,000,000 bill was passed—\$4,500,000 to come from a grant by the Federal Government. Thus an economy administration on Beacon Hill doesn't mind borrowing on a work and wages program so long as it makes Mrs. Van Duke feel better. I am more interested in 125,000 little Van Dukes in the Boston School System and I propose borrowing to build Boston school buildings for the present situation.

Do we need them?

Yes and no.

Distribution of Trained Graduates

This noon when I had lunch, I asked the restaurant proprietor to give me coffee without cream. He said that he couldn't do that; he would be glad to give me coffee without milk because he had plenty of milk on hand; but he did not have any cream left, so he did not have the cream to give me the coffee without. A man must be without some particular job. He must be an unemployed something. He cannot be just unemployed. He must be an unemployed bricklayer or an unemployed street-car conductor or an unemployed opera singer. Those men will some day get work. A man who is just plain unemployed will never get work.

I am fully cognizant that the preparation of youngsters, in due proportion, for the occupations that we have in Boston, would, under present conditions, give us a reservoir of unemployed people in each occupation. But it would give us an even reservoir of labor for each occupation. It would not overload and discriminate by huge waiting lines of employees for certain occupations and none for others. I urge upon the Committee the preparing of students for the jobs that exist in Boston in the proportion that they exist in Boston. (The job survey, based on questionnaires to those who left school eight years ago, now under completion, will help very materially our determination of these particular courses).

A New Mechanic Arts School and Trade School Specifically Needed

What money is needed? Complete equipment to train for every little occupation that exists in Boston is difficult, even if you have plenty of money,—especially with human beings and the judgment and poor judgment of children, as to what they want to follow in life, being what it is.

Two facts stand out in my mind in answer to the present problem. One is that the long waiting lines in the Mechanic Arts High School and Boston Trade School—even with all due allowances for recent stimulation from defense industries—nevertheless make it clear that at least we need another Trade School and another Mechanic Arts High School. I urge borrowing money to build two such schools right away. (The particular question of the type of school—whether to be more like Mechanic Arts High School or Boston Trade School—I would leave to the Board of Superintendents)

Case History Study of Boston Concerns

The second fact that stands out in my mind in preparing for the present difficult employment conditions is one which owes itself to the inspiration of School Committeeman Sullivan. This is the necessity of doing what we can in our present schools, irrespective of additional equipment and space. What we need here is orientation and sign posts—an industrial map of Boston. I would, then, call for instruction in Boston companies, trusteeships, partnerships, and corporations. It is a temptation to let our industrial picture rest on generalities. But I think it should be specific. Our employment opportunities in Boston exist and have existed for the last 300 years because particular companies managed by particular men did particular things for particular customers near or far in different parts of the world in a particular way. Any less degree of particularity meant the failure of the company or the loss of a surviving industry or avenue of employment. I propose, therefore, a course on Boston companies, partnerships, trusteeships, and corporations. I recommend composing a history of all such companies, partnerships, trusteeships, and corporations, under the terms of their specific char-

ters, written up by themselves. An editing by trade union people, and a final putting together by the school authorities—utilizing talented and creative members of our teaching staff—should be a final pre-requisite.

For example, our youngsters should know precisely how the largest trusteeship in the world—a Boston one by the way—namely, the Ludlow Associates was chartered, why it was chartered, who did it, what were the character and appearance of the originators, what was the rationale of the company, what did it set out to do, what were its policies, what were its customers, what was its machinery, how did it proceed, what were its obstacles, what are its relationships today with this State and with foreign governments and peoples. You will recall that the Ludlow Associates grows, imports, processes and manufactures jute into various utilitarian articles.

The New York, New Haven & Hartford Company would be another typical company every inch of which, and its functioning in the world, our student should understand. Mead, Morrison & Company, which made hoisting machinery and are now out of business would be another. Some of our wool importers and exporters would constitute other specific concerns to know about. These are the channels through which Boston keeps going. Their operation and function should be as clear as glass.

Cultural Subjects Less Crucial School Need Today

To make way for this case-history knowledge of Boston concerns, by which it lives, less time can be spent in the classroom on foreign languages and on some of the general sciences. Foreign and ancient cultures, once so vital a part in the educational system, when people lived in isolated communities and needed to keep up with the cultural life of other communities and the cultural continuity of history, are now in second place in the curriculum, because thoughts and cultures of other people and of the ancients are screamed at us by radio, by headline, twenty times a day, till we are overdosed, and need rather to decipher the problem of earning a living and maintaining the opportunity of earning a living in our present political industrialism.

Summary

I wouldn't hesitate to give the youngster this clear-wind-shield view of Boston concerns and their method and purposes by which we exist here.

I wouldn't hesitate to borrow money for additional mechanic arts high schools and other facilities as we needed them, as long as the depression lasts. When recovery returns—and by these methods it will sooner return—we can proceed on a pay-as-you-go and pay-off-as-you-go basis.

We have already, for the benefit of our classrooms, established courses in economics for the last five years of schooling.

Throughout all these adjustments and adaptations of our facilities and instruction, the prin-

ciple of guidance—and a heavier proportion of our budget for the Guidance Department—should be prominent. Incomplete returns, from our questionnaires to the eight-year-outs, indicate their greatest want was for teachers with understanding and personality, who would put their hand on their shoulder and help point the way.

You will see that my concrete proposals are in regard to borrowing for additional vocational schools, and in regard to orienting youngsters in existing classrooms toward the particular industrial and commercial channels through which we live, so that these will become live, personal concerns, and not mysteries, abstractions, or generalities. Any further details I will leave to the later discussions of this body. The concrete proposals are for these two schools and for an industrial "map" of the city.

Chairman: Any comments? (No response). I move that we submit the report, as stated by Mr. Lee, to the Board of Apportionment.

The motion was unanimously adopted.

The Committee adjourned.

Attest:

Secretary

ELLEN M. CRONIN,

POPULATION OF BOSTON, BY SEX, NATIVITY, ETC., 1930.

Total population, 781,188 (383,454 males and 397,734 females); ratio of males to females, 96.4 to 100 as against 97.2 to 100 in 1920. Native white, 529,400 (260,419 males and 268,981 females) or 67.77 per cent; sex ratio, 96.8 to 100. Of the 529,400 native whites, 200,130, or 37.80 per cent, are of native parentage; 248,653, or 46.97 per cent, are of foreign parentage and 80,617, or 15.23 per cent, are of mixed parentage (i. e., one half native). Foreign-born whites, 229,356 (111,261 males and 118,095 females) or 9,563 less than in 1920; sex ratio 94.2 to 100. The foreign-born whites are 29.36 per cent of total population. Negroes, 20,574 (10,223 males and 10,351 females) or 2.63 per cent of population; sex ratio, 98.8 to 100. The Negro population has increased 4,224 since 1920 and 4,993 since 1915. Other races, 1,858 (1,551 males and 307 females), or 0.24 per cent, comprise 1,595 Chinese, 69 Japanese, 43 Indian, 26 Mexican and 125 miscellaneous. Total foreign white stock, 478,009 (viz., 229,356 plus 248,653) which is 61.19 per cent of all inhabitants.

TAUNTON'S ASPHALT PLANT.

One of the functions of a city public works or street department is to operate as effectively as possible in the construction and maintenance of its streets and sidewalks and to produce the necessary materials for paving at the lowest possible cost. In some cities this is effected by the purchase of all paving materials in either the raw or the mixed stage. Taunton has used a city-owned 100-ton asphalt plant for street paving and maintenance and for sidewalk construction for ten years. Located in the city yard with the equipment repair shop and garage, the plant is housed in a 60 by 90 foot building with a 30 by 100 foot wing, which was formerly used as a foundry. *The American City.*

PROCEEDINGS OF CITY COUNCIL.

Monday, November 18, 1940.

Regular meeting of the City Council, held in the Council Chamber, City Hall, at 2 p. m., President GALVIN in the chair. Absent, Coun. Goode and Hurley.

The meeting was opened with the salute to the Flag.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments, viz.:

Weighers of Coal: Lloyd Moulton, 52 Dartmouth street, Everett, Mass.; Walter Everton, Jr., 67 Emerald street, Boston, Mass.; Fred Cameron, 47 Church street, Winchester, Mass. Weigher of Coal and Coke: John Walsh, 26 Norton street, Dorchester, Mass.

Laid over a week under the law.

INSTALLATION OF GRANOLITHIC SIDEWALKS, WARD 6.

The following was received:

City of Boston,
Office of the Mayor, November 18, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of October 28, 1940, concerning the installation of granolithic sidewalks on Emerson street, Ward 6, Dorchester street to M street, under the W. P. A. plan of construction.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
November 2, 1940.

To William T. Doyle, Chief Clerk, Mayor's Office.

From George G. Hyland, Commissioner, Public Works Department.

Subject: Sidewalks on Emerson street. I return herewith order in City Council that the Commissioner of Public Works install granolithic sidewalks on Emerson street, Ward 6, Dorchester street to M street, under the W. P. A. plan of construction.

Please be advised that this work will be given consideration for submission for approval as a W. P. A. project during the coming year.

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

INSTALLATION OF GRANOLITHIC SIDEWALKS, WARD 7.

The following was received:

City of Boston,
Office of the Mayor, November 18, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of October 28, 1940, concerning the installation of granolithic sidewalks, to replace the present brick sidewalks, on East Seventh street, between L and M streets, Ward 7, as a W. P. A. project.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
November 2, 1940.

To William T. Doyle, Chief Clerk, Mayor's Office.

From George G. Hyland, Commissioner, Public Works Department.

Subject: East Seventh Street.

I return herewith order in City Council that the Commissioner of Public Works install granolithic sidewalks on East Seventh street, between L and M streets, Ward 7, as a W. P. A. project.

This will advise you that this work will be given consideration for submission for approval on a W. P. A. project during the coming year.

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

TRAFFIC LIGHTS, WARD 8.

The following was received:

City of Boston,
Office of the Mayor, November 18, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Traffic Commissioner relative to your order

of October 14, 1940, concerning the installation of traffic signal lights at the junction of North and Brook avenues, Ward 8.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston.

Traffic Commission, November 15, 1940.

Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,—This will acknowledge receipt of Council order dated October 14, 1940, which reads as follows:

"Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to arrange for the installation of traffic signal lights at the junction of North and Brook avenues, Ward 8."

This is a "T" intersection. Our records show that there have been no accidents involving personal injuries at this intersection. There are no funds available for the installation of automatic traffic signals at this location.

Respectfully yours,

WILLIAM P. HICKEY, Commissioner.

Placed on file.

USE OF MONEY PAID BY HOSPITAL PATIENTS.

The following was received:

City of Boston,
Office of the Mayor, November 18, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Superintendent of the Boston City Hospital relative to your order of October 21, 1940, concerning the advisability of using the money paid to the hospital for treatment of patients for the maintenance of the hospital instead of placing same in the Sinking Fund.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston.

Hospital Department, November 8, 1940.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—At a meeting of the Board of Trustees held today, the following order of the City Council was presented:

"Ordered, That the trustees of the Boston City Hospital be requested, through his Honor the Mayor, to confer with the Budget Commissioner relative to the advisability of using the money paid to the hospital for treatment of patients for the maintenance of the hospital instead of placing same in the Sinking Fund."

After consultation with Mr. Charles J. Fox, City Auditor, the trustees feel that the suggestion, "that the money paid to the hospital for treatment of patients be used for the maintenance of the hospital instead of placing same in the Sinking Fund," is open to question on the following points:

1. Section 53 of chapter 44 of the General Laws requires that all departmental revenues shall be paid into the city treasury, and that before these receipts can be used for any specific purpose there must be a specific appropriation therefor. The suggested use in the Council order would appear to be a direct violation of this statutory provision.

2. The annual appropriation order adopted by the City Council provides in the last paragraph that no money shall be expended by any department for any purpose in excess of the amount appropriated for such purpose. In plain language, this means that the trustees of the City Hospital can only spend for the maintenance of the hospital the amounts which have been appropriated for such purposes. Use of the income as suggested would represent an expenditure in excess of the amounts appropriated and, therefore, would be a violation of the appropriation order.

Respectfully yours,
JAMES W. MANARY,
Superintendent.

Placed on file.

NOTIFICATION OF COUNCIL MEMBERS OF HEARINGS.

The following was received:

City of Boston,
Office of the Mayor, November 18, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Board of Appeal Chairman relative to your order of October 21, 1940, concerning the notifying members of the City Council personally by mail when hearings are arranged with reference to matters affecting their respective wards.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston.

Board of Appeal, November 12, 1940.
To William T. Doyle, Chief Clerk, Mayor's Office.

From William H. Ellis, Chairman, Board of Appeal.

Subject: Order of City Council Under Date of October 21, 1940, in re Notice of Hearings.

I return herewith order in City Council that the Board of Appeal and Zoning Board be requested, through his Honor the Mayor, to notify members of the City Council personally by mail when hearings are arranged with reference to matters affecting their respective wards.

Please be advised that in the past it has been the custom to send notices of hearings in any councilor's district to the clerk of the Council and he, in turn, would transmit same to particular councilor. No complaint has been registered with the Board up to the time the notice of the order was received, but since then it has been called to the attention of the Board that in some cases no notification was received.

To correct this condition the Board has given instructions to have the notices delivered to the Council Chamber and deposited in the councilor's personal mail boxes by one of the employees of the Board of Appeal.

Respectfully submitted,
FOR THE BOARD OF APPEAL,
by WILLIAM H. ELLIS,
Chairman.

Placed on file.

RESURFACING OF WARD 18 STREETS.

The following was received:

City of Boston,
Office of the Mayor, November 18, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of October 28, 1940, concerning the resurfacing with smooth paving, the following streets in Ward 18, under the W. P. A. plan of construction:

Hopewell street, Winborough street, Laval street, Coronado street, Belnel street, Third New Way, Brockton street, Rockingham street, Sprague street, Lexington street.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
November 2, 1940.

To William T. Doyle, Chief Clerk, Mayor's Office.

From George G. Hyland, Commissioner, Public Works Department.

Subject: Various Streets in Ward 18.

I return herewith order in City Council that the Commissioner of Public Works resurface with smooth paving the following-named streets in Ward 18, under the W. P. A. plan of construction:

Hopewell street, Winborough street, Laval street, Coronado street, Belnel street, Third New Way, Brockton street, Rockingham street, Sprague street, Lexington street.

Please be advised that all the above-named streets are on an approved W. P. A. project for construction, with the exception of Lexington street, which is on an approved project for the installation of bituminous concrete sidewalks.

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

RESURFACING OF WARD 17 STREETS.

The following was received:

City of Boston,
Office of the Mayor, November 18, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of October 28, 1940, concerning the resurfacing with smooth pavement the following-named streets in Ward 17 under the W. P. A. plan of construction: Whitfield street, Thane street, Southern avenue, from Washington street to Talbot avenue.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
November 2, 1940.

To William T. Doyle, Chief Clerk, Mayor's Office.

From George G. Hyland, Commissioner, Public Works Department.

Subject: Whitfield Street, Thane Street, Southern Avenue, from Washington Street to Talbot Avenue.

I return herewith order in City Council that the Commissioner of Public Works resurface with smooth pavement the following-named streets in Ward 17 under the W. P. A. plan of construction: Whitfield street, Thane street, Southern avenue, from Washington street to Talbot avenue.

Due to the lateness of the season it is not advisable to submit these streets for approval this year. However, this work will be given consideration for submission as a W. P. A. project during the year 1941.

GEORGE G. HYLAND,
Commissioner of Public Works.

RESURFACING OF WARD 6 STREETS.

The following were received:

City of Boston,

Office of the Mayor, November 18, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of October 28, 1940, concerning the resurfacing with smooth pavement H street, Ward 6, from Fifth street to Second street, under the W. P. A. plan of construction.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
November 2, 1940.

To William T. Doyle, Chief Clerk, Mayor's Office.

From George G. Hyland, Commissioner, Public Works Department.

Subject: H Street.

I return herewith order in City Council that the Commissioner of Public Works resurface with smooth pavement H street, Ward 6, from Fifth street to Second street, under the W. P. A. plan of construction.

Owing to the lateness of the season, please be advised that this work will be given consideration for submission for approval as a W. P. A. project during the coming year.

GEORGE G. HYLAND,
Commissioner of Public Works.

City of Boston,

Office of the Mayor, November 18, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of October 21, 1940, concerning the resurfacing with smooth pavement I street, Ward 6, from Sixth street to First street, and to install sidewalks on said street under the W. P. A. plan of construction.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
October 29, 1940.

To William T. Doyle, Chief Clerk, Mayor's Office.

From George G. Hyland, Commissioner, Public Works Department.

Subject: I Street.

I return herewith order in City Council that the Commissioner of Public Works resurface with smooth pavement I street, Ward 6, from Sixth street to First street, and to install sidewalks on said street under the W. P. A. plan of construction.

Please be advised that it is rather late in the season to submit any further projects and this work will be given consideration for submission on a W. P. A. project for approval during the coming year.

GEORGE G. HYLAND,
Commissioner of Public Works.

Severally placed on file.

RESURFACING OF WARD 19 STREETS.

The following were received:

City of Boston,

Office of the Mayor, November 18, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of October 21, 1940, concerning the arranging for early construction of sidewalks along Pondred circle, Ward 19, under the W. P. A. plan of construction.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
October 29, 1940.

To William T. Doyle, Chief Clerk, Mayor's Office.

From George G. Hyland, Commissioner, Public Works Department.

Subject: Pondred Circle.

I return herewith order in City Council that the Commissioner of Public Works arrange for early construction of sidewalks along Pondred circle, Ward 19, under the W. P. A. plan of construction.

Please be advised that it is rather late in the season to submit a project for the installation of artificial stone sidewalks and this

work will be given consideration for submission on a W. P. A. project for approval during the coming year.

GEORGE G. HYLAND,
Commissioner of Public Works.

City of Boston,

Office of the Mayor, November 18, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of October 21, 1940, concerning the resurfacing of Cheshire street, Ward 19, and installing tar sidewalks thereon, under the W. P. A. plan of construction.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
October 30, 1940.

To William T. Doyle, Chief Clerk, Mayor's Office.

From George G. Hyland, Commissioner, Public Works Department.

Subject: Cheshire Street, Ward 19.

I return herewith order in City Council that the Commissioner of Public Works resurface Cheshire street, Ward 19, and installing tar sidewalks thereon, under the W. P. A. plan of construction.

That portion of this street from Green street to No. 19 is public and the remainder of the street is a private way.

However, it is too late in the season now to submit this work on a W. P. A. project, but during the early part of next year this matter will be given consideration for submission for approval on a W. P. A. project.

The portion that is private will have to be accepted by the Board of Street Commissioners before the Highway Division of this department can do any work therein.

GEORGE G. HYLAND,
Commissioner of Public Works.

Severally placed on file.

RULING RE SUBSTITUTE TEACHERS.

The following was received:

City of Boston,

Office of the Mayor, November 18, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Boston School Committee Secretary relative to your order of October 28, 1940, concerning the advisability of changing the present ruling of the Committee whereby substitute teachers, instead of awaiting calls at home for work will be allowed to go to the School Committee rooms for same as they formerly did.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,

School Committee, November 15, 1940.
Hon. Maurice J. Tobin,

Mayor of Boston.

Dear Sir,—The School Committee is in receipt of the following order passed by the City Council, October 28, 1940:

"Ordered, That his Honor the Mayor confer with the members of the Boston School Committee relative to the advisability of changing the present ruling of the Committee whereby substitute teachers, instead of awaiting calls at home for work will be allowed to go to the School Committee rooms for same as they formerly did."

The School Committee would respectfully report that the change in policy referred to, which became operative upon the reopening of schools this year, was made by the School Committee because of repeated protests from young men and women seeking emergency substitute work, who were obliged to come to School Committee headquarters every morning sufficiently early for assignment to service, in response to the calls from the schools for substitutes. The cost of carfares was also cause of complaint, for it frequently happened that candidates came day after day when no assignments were available and consequently no compensation was received.

Finally, to meet the convenience of the applicants and the expressed desire of many, the School Committee asked the Director of Practice and Training to put the telephone notification system into effect. The plan was worked out by the director of the department with the cooperation of principals, and the Committee believes it is giving satisfaction.

The long-established procedure of assignment in the order of standing on the respective eligible lists continues. The only possible exception may be in case a call for a substitute comes to the office too late to permit of the teacher next on the list reaching the school building in time for class work. Under such conditions the director may assign the candidate next highest on the list who is within immediate reach of the school, but such cases are rare.

Candidates for emergency assignment are not obliged to remain in their homes to await calls. They are at liberty to come to the office daily and await opportunity for assignment if they so prefer.

Respectfully yours,

ELLEN M. CRONIN, Secretary.

Placed on file.

HEAVY TRAFFIC, WARD 20.

The following was received:

City of Boston,

Office of the Mayor, November 18, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Traffic Commissioner relative to your order of October 21, 1940, concerning the exclusion of heavy traffic from Lasell street, between Baker and La Grange streets, Ward 20, and that signs to this effect be installed at both the Baker and La Grange street end of Lasell street.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,

Traffic Commission, October 31, 1940.
Hon. Maurice J. Tobin,

Mayor of Boston.

Dear Sir,—I have received Council order dated October 21, 1940, which reads as follows:

"Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to exclude heavy traffic from Lasell street, between Baker and La Grange streets, Ward 20, and that signs to this effect be installed at both the Baker and La Grange street end of Lasell street."

The exclusion of heavy vehicles from Lasell street would force these vehicles to use other parallel streets between La Grange street and Baker street. At the present time there are about three of these streets and, even if we prohibited heavy trucking from these three streets, it would force all of these trucks onto Baker street or La Grange street for its entire length.

Many of the trucks using Lasell street originate in the Highland Sand and Gravel Company, located off Baker street in Newton. Newton prohibits heavy trucking in a portion of Baker street, beyond the Highland Sand and Gravel place, forcing all its trucks into Boston and when they want to head back into Newton and Brookline they use Baker street, Lasell street and La Grange street.

The matter of excluding vehicles is a serious one, because in the case of the Highland Sand and Gravel Company, if we excluded trucks from Baker street, it would put them out of business.

Very truly yours,

WILLIAM P. HICKEY, Commissioner.

Placed on file.

REMOVAL OF CAR RAILS, DORCHESTER AVENUE.

The following was received:

City of Boston,

Office of the Mayor, November 18, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Boston Elevated Railway President and General Manager relative to your order of October 21, 1940, concerning the removing of the street car rails from Dorchester avenue between Gibson street and Peabody square.

Respectfully,
MAURICE J. TOBIN, Mayor.

Boston Elevated Railway,
November 1, 1940.

Mr. William T. Doyle,

Chief Clerk, Mayor's Office.

Dear Sir,—In reply to your letter of October 23 with order of the City Council, requesting the removal of street car rails from Dorchester avenue between Gibson street and Peabody square, I would say that these tracks are necessary for the purpose of getting cars from Fields Corner, where they are housed, to Ashmont and Mattapan, from which they are operated, that is to say, cars from Mattapan to Egleston via Blue Hill avenue and from Mattapan to Ashmont via the high speed line must be inspected and repaired at Fields corner. Likewise, cars on the Talbot avenue and Washington street lines operated from Ashmont to Dudley street are housed, inspected and repaired at Fields Corner. It, therefore, will not at the present time be possible to comply with the request of the City Council.

Very truly yours,

EDWARD DANA,
President and General Manager.

Placed on file.

OPINION OF CORPORATION COUNSEL RE GRANTING OF LEAVE TO CERTAIN EMPLOYEES.

The following was received:

City of Boston,
Office of the Mayor, November 18, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Corporation Counsel relative to your order of September 9, 1940, concerning the opinion as to whether, or not it is permissible to grant leaves of absence to all city and county employees who enter the service of the armed forces of the United States, with or without their consent and whether drafted or enlisted for the duration of the present emergency.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Law Department, November 4, 1940.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—On September 9, 1940, the following order was passed by the City Council:

"That the Corporation Counsel be requested, through his Honor the Mayor, to render an opinion as to whether or not it is permissible to grant leaves of absence to all city and county employees who enter the service of the armed forces of the United States, with or without their consent and whether drafted or enlisted for the duration of the present emergency."

1. For the purposes of this opinion, it is assumed that the period of time involved in the type of leave of absence referred to in the Council's order would not be of less than six months' duration.

2. The request contained in the Council's order concerns two classes of city and county employees: Those holding outside of civil service and those holding under civil service.

3. In my opinion: (a) a city or county employee holding his position by appointment may be granted a leave of absence for any reasonable length of time, and I would not deem a period in excess of six months or a period of a year unreasonable under the circumstances; (b) a city or county employee holding his appointment under civil service may not, under existing law, be granted a leave of absence for a consecutive period of over six months without loss of rights, as more fully described below.

4. Because no serious question is presented in regard to granting a leave of absence to an employee holding his position under appointment, further comment in this connection is not necessary. The status of civil service employees involving a consideration of statutes and decision, I comment on the second part of my opinion above as follows:

5. G. L. (Ter. Ed.), c. 31, covers employment under civil service.

At section 46E (last amended by Acts of 1939, c. 238, s. 47), it is, in part, provided as follows:

"A leave of absence for a period of less than six months shall not be deemed a separation from the classified civil service, except with the assent of the person granted such leave."

The necessary implication from this statute is that a leave of absence for a period of six months or more is to be deemed a separation from the classified civil service.

See: *Farrante v. Higgiston* (1936), Mass. Adv. Sh. 2317.

It is my opinion that a series of successive leaves of absence, none of which is for a period of six months or more would be invalid as circumventing the spirit of said section 46E.

Under section 3 of said chapter 31 of the General Laws (as last amended, Acts of 1939, c. 498, s. 1), it is, in part, provided as follows:

"The commission (the civil service commission) shall, subject to the approval of the governor and council, from time to time, make rules and regulations which shall regulate the selection of persons to fill appointive positions . . . Such rules shall be of general or limited application, shall be consistent with law, . . ." (italics mine).

In order to provide that civil service employees might be given leaves of absence for the period of conscription or enlistment, the Civil Service Commission proposed early this fall the promulgation of the following rule:

"Section 5. Any person who, between August 1, 1940, and December 31, 1941, is granted a leave of absence or is separated from the classified public service of the Commonwealth or of any city or town therein, for the purpose of entering the military or naval

service of the United States, and who serves or is rejected for such service, shall, if he so requests of the appointing authority within three months after his honorable discharge from such military or naval service or release from active duty therein or rejection therefrom, and exhibits to the director his honorable discharge or release from active duty or certificate of rejection, and also the certificate of a registered physician that he is not physically disabled or incapacitated for the position, be reinstated in his former position, or an equivalent position, without civil service application or examination and without loss of seniority rights.

"This section shall apply also to such persons who left the classified service of the Commonwealth or of any city or town therein between June 1, 1940, and August 1, 1940, provided their positions had not already been permanently filled before August 1, 1940."

In an opinion of the Attorney-General, dated September 12, 1940, the commission was held to be without any power to adopt this proposed rule as being inconsistent with the below-stated law as to resumption of employment after service in the armed forces of the United States. With this conclusion I concur.

G. L. (Ter. Ed.), c. 31, at section 27, provides, in part, as follows:

"Any person who resigns from or leaves the classified public service of the commonwealth or of any city or town therein or who is . . . granted a leave of absence therefrom, for the purpose of serving in the military or naval service of the United States in time of war and who so serves, shall, if he so requests of the appointing authority within two years after his honorable discharge . . . be reappointed or re-employed, without civil service application or examination, in his former position . . ." (italics mine).

Section 28 of the same chapter provides as follows:

"A person whose name is on any eligible list or register of the division at the time of his entering the military or naval service of the United States in time of war shall be suspended from such eligible list or register, but upon his request, made at any time within two years after his honorable discharge from such service, or release from active duty therein, his name shall be restored thereto for the remainder of his period of eligibility, provided that he files with the division the certificate of a registered physician that he is not physically disabled or incapacitated for the position." (italics mine).

Inasmuch as these provisions of law relating to reinstatement and restoration of names are confined exclusively to "time of war," it is my opinion that special legislation is required to extend these provisions to those civil service employees serving their country in its armed forces in time of peace. If it is desirable to assure to the conscripted or enlisted city or county employee in time of peace that his civil service status will not be impaired by his service in the national defense, a bill covering this subject should be submitted to the next session of the Legislature.

6. For the added protection of any civil service employee who may enter the Federal military service, before the enactment of any further legislation, his leave of absence should be granted in the following form:

"This leave of absence is to be governed by the laws now in force and hereafter enacted affecting public employees serving in any branch of the service for the national defense of the United States under the jurisdiction of the President, Secretary of War, Secretary of Navy, or other authorized public body."

7. There is a matter cognate to the above issue, which for convenience I am referring to in this opinion, although it was not directly involved in the request in the Council order. No leave of absence to a city or county employee whether outside of or under civil service, for such a protracted period as over six months may be granted without loss of pay. In response to a request by the National Institute of Municipal Law Officers, the Law Department prepared a memorandum of law regarding the power of cities to provide by ordinance for continuation of compensation to city employees who are serving in the armed forces of the United States. I am inclosing herewith for your convenience a copy of this memorandum, dated September 9, 1940. This memorandum concludes that special legislation by the General Court is essential to enable municipalities to use public money for the payment of compensation to public employees serving with the armed forces of the United States.

Very truly yours,

ROBERT CUTLER,
Corporation Counsel.

Placed on file.

TRANSFER FROM PARKMAN FUND.

The following was received:

City of Boston,
Office of the Mayor, November 18, 1940.
To the City Council.

Gentlemen,—I am in receipt of the attached communication from the Board of Park Commissioners requesting the transfer of the sum of \$25,000 from the income of the George F. Parkman Fund to the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887.

I submit herewith an appropriation order and respectfully recommend its passage by your Honorable Body.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Park Department, November 4, 1940.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,—By vote of the Board of Park Commissioners you are respectfully asked to request the City Council to transfer from the income of the George F. Parkman Fund the sum of \$25,000 which is now available, to be expended under the direction of the Board of Park Commissioners, as follows:

Common and Parks in Existence on	
January 12, 1887, Maintenance and	
Improvement of.....	\$25,000

When making up the budget estimates for the year 1940, a sum equal to the total yearly income of the George F. Parkman Fund was deducted from Item A-1, Permanent Employees, with the understanding that this deduction was to be replaced by the total yearly income of said Parkman Fund for 1940, to be transferred as it accrued from time to time during the year to the regular maintenance appropriation of the Park Department.

Respectfully yours,
WILLIAM P. LONG, Chairman.

Ordered, That the sum of \$25,000 be, and hereby is, appropriated from the income of the George F. Parkman Fund, to be expended under the direction of the Park Commissioners, for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887, as follows:

Common and Parks in Existence on	
January 12, 1887, Maintenance and	
Improvement of.....	\$25,000

Referred to Executive Committee.

LOAN FOR PUBLIC WORKS AND PUBLIC WELFARE DEPARTMENTS.

The following was received:

City of Boston,
Office of the Mayor, November 18, 1940.
To the City Council.

Gentlemen,—I am advised by the Public Works Commissioner and the Overseers of the Public Welfare Department that the present balances for relief expenditures will not be sufficient to continue their operations for the balance of the year. I am, therefore, submitting herewith an order providing for the borrowing of such sums as appear to be reasonably adequate for filling the requirements of their respective programs for the balance of the year, and recommend adoption by your Honorable Body.

Respectfully,
MAURICE J. TOBIN, Mayor.

Ordered, That under the provisions of chapter 72 of the Acts of 1939, a loan in the sum of \$325,000, outside the debt limit, be, and hereby is, authorized, and that the City Treasurer, upon request of the Mayor, be authorized to issue bonds or notes therefor, and that the said sum of \$325,000 be, and hereby is, appropriated, to be expended in accordance with the provisions of chapter 72 of the Acts of 1939, for the following purposes:

Public Works Department.	
Paving Service.	
H. Relief Projects.....	\$120,000
Public Works Department.	
Sewer Service.	
H. Relief Projects.....	55,000
Public Works Department.	
Central Office.	
F. Special Items.....	150,000
	<u>\$325,000</u>

Referred to Executive Committee.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Herbert Blackden, for compensation for damage to car by hose wagon of Engine 2.

Francis L. Brink, for compensation for injuries caused by an alleged defect at 128 Wood avenue.

Harry Brown, for compensation for damage to car by city truck.

Arthur A. Callahan, for compensation for damage to car by city truck.

John J. Campers, Jr., for compensation for damage to car caused by an alleged defect in Dorchester avenue.

Cornelius J. Crowley, to be reimbursed as result of accident which occurred while in performance of duty.

James M. Currie, for compensation for injuries caused by an alleged defect at 121 Clinton street.

Ruth DeCoste, for compensation for damage to car caused by an alleged defect at 128 Wood avenue, Mattapan.

Gretta Denberg, for compensation for damage to car caused by an alleged defect in Carolina avenue.

Lillian C. Downey, for compensation for damage to car caused by an alleged defect in Charlestown Bridge.

Robert Feinburg, for compensation for damage to car by city car.

Morris Foran, for compensation for injuries caused by an alleged defect at 51 West Sixth street.

Hannah Frawley, for compensation for damage to boiler at 26 Ridgewood street, caused by water being shut off.

Rebecca Freedman, for compensation for injuries caused by an alleged defect at 318 Blue Hill avenue.

Ruth Hoppe, for compensation for injuries caused by an alleged defect in Boylston street.

A. N. Killgore, for compensation for damage to coat caused by an alleged defect at Chauncy and Summer streets.

Grace Lawless, for compensation for damage to coat caused by an alleged defect in Washington street.

Liggett Drug Company, Inc., for refund on marquee permit.

Joseph D. McGillivray, to be reimbursed for execution issued against him.

Joseph D. McGillivray, to be reimbursed for execution issued against him.

Richard D. McMullan, for compensation for damage to car caused by an alleged defect in Dover Street Bridge.

Mrs. James E. McNabb, for compensation for injuries caused by an alleged defect at 52 Bradford avenue.

Bertha Morton, for compensation for injuries caused by an alleged defect at 141 Charles street.

Musolino Loconte Company, for compensation for damage to truck by police wagon.

George O'Toole, for compensation for injuries caused by an alleged defect at 282 Bowen street.

Anna Pollack et al., for compensation for damage to property at 133 Norfolk street, caused by bursting of water pipe.

John Richards, for compensation for damage to car caused by an alleged defect at 251 Lamartine street.

George L. Shore, for refund on mover's license.

Alfred J. Torpey, to be reimbursed for injuries received while in performance of duty.

Doris M. Tracy, for compensation for damage to car caused by an alleged defect at Gainsborough street and Huntington avenue.

The T Wharf Lobster Company, for compensation for damage to car caused by firemen.

Amos J. Webster, for compensation for damage to car caused by an alleged defect in Tremont street.

Committee on Jitney Licenses.

Petition of Boston Elevated Railway for license to operate motor vehicles between junction of Commonwealth avenue and Chestnut Hill avenue and Cleveland Circle, over Chestnut Hill avenue and Cleveland Circle.

Committee on Licenses.

Petitions for driveway openings, viz.:

Albert Matthews, 48 Huntington avenue, Ward 4.

New England Deaconess Hospital, 80 Autumn street.

New England Deaconess Hospital, 175 Pilgrim road.

Jennie Gavegnano, 321 and 323 Bennington street.

Thomas P. Gormley, trustee, 2004-2012 Columbus avenue, Ward 11.

Kenneth F. Keyes, The Texas Company, 1380 Blue Hill avenue, Ward 8.

Sarah Yanopky, 1372 Blue Hill avenue, Ward 18.

RETIREMENT OF DOCTOR WATTS.

Notice was received from the Mayor of retirement of Dr. H. F. R. Watts, Health Commissioner.

Placed on file.

APPOINTMENTS BY THE MAYOR.

Notices were received of the following appointments by the Mayor, viz.:

Dr. G. Lynde Gately, 624 Bennington street, East Boston, to be Health Commissioner, for term ending April 30, 1944.

John Guarino, 25 Gladstone street, East Boston, as member of Board of Examiners, for term ending April 30, 1942.

Severally placed on file.

SIDEWALK ASSESSMENTS.

Communications were received from the Commissioner of Public Works together with orders assessing half cost of sidewalk construction as follows:

	Half Cost.
Falcon street, Ward 1.....	\$39 50
South Huntington avenue, Ward 10.....	61 85
Lake street, Ward 22, constructing edge-stone.....	24 80

The orders were severally passed.

PAYMENT OF AID TO SOLDIERS AND SAILORS.

Coun. ENGLERT, for the Committee on Soldiers' Relief, submitted report with accompanying order for payment of aid to soldiers and sailors and their families in the City of Boston for the month of November.

Report accepted; said order passed under usual conditions.

APPOINTMENT TO BENCH OF ROBERT GARDINER WILSON, JR.

Coun. CHASE offered the following: Resolved, That the Boston City Council, in regular meeting assembled, desires to commend the Chief Executive of this Commonwealth on the splendid and well merited appointment to the bench of Robert Gardiner Wilson, Jr., for twelve years an outstanding member of this city government; and be it further

Resolved, That a copy of this resolution be delivered to Governor Leverett Saltonstall immediately and to former City Councillor Robert Gardiner Wilson, Jr.

The resolutions were passed by a unanimous rising vote.

Later in the session Coun. CHASE said: Mr. President, I ask unanimous consent to make a statement.

President GALVIN—If there is no objection, the gentleman may proceed.

Coun. CHASE—Mr. President, I would like to comment briefly on the order I offered earlier, commending the Governor for his appointment of Robert Gardiner Wilson, Jr., to judgeship in the Probate Court. Councillor Wilson ably served Ward 17 of the City of Boston in this Body for many years. He is a man of unusual ability and integrity, and has proved himself one of Boston's outstanding public servants. I have had the great honor and pleasure of serving with him in this Body, along with other members, and I am sure that every councillor who has served with him will agree with me when I say that Robert Gardiner Wilson, Jr., will serve the citizens of Massachusetts on the bench in such a manner that everyone in this glorious city of ours will be proud of him.

Coun. WICKES—Mr. President, I ask unanimous consent to make a statement.

President GALVIN—If there are no objections, the gentleman may proceed.

Coun. WICKES—Mr. President, it is with the deepest regard that I take this occasion to congratulate my predecessor in the Boston City Council, the Honorable Robert Gardiner Wilson, Jr., on his recent and richly deserved appointment as a judge of the Probate Court in Suffolk County. It has been a pleasure and an honor to have followed Judge Wilson as a member of this Honorable Body and it is an added pleasure to recall that he has never, at any time been an opponent of mine. In fact, his presence at a testimonial dinner given me in February, 1939, by residents of Ward 17, honoring me upon my election as a member of this Honorable Body, and the excellent advice and encouragement he extended to me upon that occasion, are adequate evidence of the mutual regard in which we hold each other. In concluding my remarks I should like to congratulate his Excellency, Governor Saltonstall, on his wisdom in choosing a man of Robert Gardiner Wilson's rare executive ability and analytical judgment. The Governor had paid a well-deserved tribute to Judge Wilson and has greatly enriched the judiciary of Suffolk County.

Coun. LINEHAN—Mr. President, on behalf of the citizens of South Boston, and as a lawyer, I wish also to extend my congratulations not only to the Governor upon appointing Mr. Wilson to this high position,—a gentleman whose service in this Body deserves all the praise which has been given to him by our colleagues,—but I also want to congratulate the people of Boston and of Massachusetts upon this appointment to high and responsible position in our courts of a man who was born and brought up in South Boston. I certainly, like all the members of this Body, wish him all good luck.

Coun. TAYLOR—Mr. President, I too was gratified to learn through the newspapers of the appointment of Robert Gardiner Wilson to the judgeship of our Probate Court. I served here with Councillor Wilson for two years, and during that period of time, while I was not always in accord or agreement with him, I never lost my high respect for his judgment and ability. While at times opposing him in the City Council, I always recognized his grasp of any cause that he was espousing. He has a keen intellect, and I know that his high qualities will bring him further success in whatever future he may have in the political or legal field. Judge Wilson, as we now call him, will bring to his new office the same dignity and intelligence which he has always shown here, and I know that we will always be proud of our association with him in this Body. His recognition by the Governor in this appointment will also help to lift this great Body in the estimation of the people to the high position to which it is entitled.

Coun. M. H. SULLIVAN—Mr. President, my two years' experience with Judge Wilson in this Body taught me the highest respect for his great ability. I frequently differed with him, naturally, in regard to matters coming before the Body for consideration, and I frequently debated with him. But I never met a man in this Body, in spite of our occasional differences, whom I considered fairer. The keenness of his mind was the envy of each one of us. In all the differences and all the debates that we had in this Body, nobody questioned his fairness and honesty. I believe the Governor has performed a great service to the entire Commonwealth in the appointment of Robert Gardiner Wilson, Jr., as a judge of the Probate Court. I believe also that this Body, in which he served for so many years, is honored by the appointment, and we all know that the value of the appointment to the citizens at large will become more and more evident in his judicial work.

Coun. KELLY—Mr. President, I ask unanimous consent to make a statement.

President GALVIN—If there is no objection, the gentleman may proceed.

Coun. KELLY—Mr. President, I also wish to congratulate Gardiner Wilson on his recent appointment as judge in our Probate Court. As a fellow member of the City Council for two years, I always found him a man willing and glad to give advice to the younger members, and I always found him a man who kept his word. His unusual ability and the fact that he always kept his word were the reasons why the people of Ward 17 loved and respected him and kept him in office so many years. I believe that the Governor is to be congratulated upon making such an appointment, and that his record in his new position will be a credit to Massachusetts.

REGISTRATION FOR SNOW REMOVAL WORK.

Coun. CAREY offered the following: Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to make due announcement over the radio and in the daily press that those desiring employment on snow removal work must register at their local city yards during the period from November 18 to 23, inclusive.

Coun. CAREY—Mr. President, we have been informed that the Commissioner of Public Works has issued notice that those who desire employment on snow removal work must register at their local city yards during the period from November 18 to November 23, inclusive. That, as a matter of fact, is rather short notice, because today happens to be November 18. I have no desire to interfere with any plans the commissioner may have, but at this time I do wish to heartily agree with what an editorial writer in one of our newspapers said last week, to the effect that we, as a City Council, should help rather than hinder the removal of snow. I can see, of course, as we all can, that the order issued by the Commissioner of Public Works will be fraught with many difficulties unless something is quickly done to make it clear to the people of Boston. If it is going to work at all, it must be supplemented by the greatest publicity possible. With the qualifications stated by the commissioner for those who are to do this work I agree in part. I do think, however, that if the work is confined to citizens there may be a serious hardship to certain young men who are not of age and yet whose mothers may be widows, or through other circumstances may fairly be

entitled to receive what they can through such work of their sons on cold winter days. Many such young men are entirely fitted for this kind of work, and yet, if only citizens are employed on snow removal, would be seriously handicapped. I certainly feel that under such circumstances as I have referred to young men eighteen, nineteen or twenty years of age should be allowed to assist in snow removal, in order to help supply the needs of their families. What they would thus be able to earn would be of great assistance. I do not feel, certainly, that they should be entirely disqualified. Naturally, under the notice that has been issued, they could not register for this snow removal work, and I believe they are entitled to such an opportunity. Furthermore, I think there should be lists on file at the present time, that certainly as much notice as possible should be given. John Jones, for instance, might be one of the first called upon, and still, without proper notice, he might be outside the gates with no possibility of getting a shovel. I simply feel that this whole thing should be organized as completely as possible, so that there may be no misunderstandings and no slip-ups. I sympathize entirely with what the commissioner is trying to work out, but I think without proper preparation and publicity it may not work out at all.

Coun. KELLY—Mr. President, I heartily agree with Councillor Carey in much that he has said. I know that last year when men went to the city yards we were informed that no buttons were to be given out, and yet, much to my amazement, while I had no buttons I found out that another gentleman in my ward has received fifty, and this at the time when I was telling men coming to me and looking for work that no buttons were being given out. At that very time another gentleman had fifty buttons to give out. I still favor the councilors giving out the buttons. Some members have not wished to get buttons at all, but I know the people in my ward, those who need work, and I am perfectly willing to assume the responsibility of giving out the buttons, knowing that they will go into homes where this work is needed to support the family. I believe also, as Councillor Carey has pointed out, that there are in this district, and I think in all the districts of this city, young sons of widows, eighteen to twenty years of age, who will be deprived of a chance to get this work and to help out in the support of the family, if it is limited to those on the voting list. While some of the councilors may not favor having buttons, I repeat that I am one councilor who has always been in favor of the buttons, because I know the people in my ward, I know their needs, and I know where the buttons will help needy families.

Coun. GOTTLIEB—Mr. President, personally I am opposed to the practice of issuing buttons to anybody, and also to the practice of showing favoritism to some men who are looking for this work as against others, in different parts of the city and in the different yards. With all due deference to the councilor from Ward 15 (Coun. Kelly), I am, and have been, opposed to the giving out of the buttons by members of the Council, Representatives or Senators, or any official of the City of Boston. I feel that there is nothing wrong in the system of giving these jobs to men at the yard in the order in which they appear. When we have a line of fifty or one hundred men, they should be dealt with in the order in which they come, in my opinion, in the line, nobody being picked out or given any preference over others. I feel, personally, that that is the proper way of handling this matter. I believe it should be first come, first served.

Coun. COFFEY—Mr. President, I am heartily in accord with my colleague that first come should be first served. You all remember the situation that we had last year when 400 buttons were given out by our City Greeter, and when those buttons were sold in bar rooms. I made that charge last year, and I now repeat the charge. I say that that system was wrong from beginning to end. I don't think politics should be brought into any matter of this kind. I suppose it is all right for these men to register, but certainly no politics should be brought into the matter after we have this list in the Public Works Commissioner's office. There should certainly be no handling of it on the basis of those who are friendly or not friendly politically, but should simply be on the basis of whether they need the work or not. Certainly in the way that the buttons have been handled in the past politics have been brought in. I hope those who are registered will be given a number or a card, and that that will mean something, and that no foreman or anybody else will pick out somebody from back in the line. I think we should, as far as possible, make sure that there will be no repetition of what has happened in the past, but that everybody will

be given a square deal. If not, we should do something about it.

Coun. SCANNELL—Mr. President, I heartily agree with my colleague from Ward 14 (Coun. Gottlieb). Members of the City Council have been severely criticized in the past in connection with the giving out of this work, have been blamed where they should not have been blamed, and I hope it will not happen again this year. I certainly hope some agreement will be arrived at whereby, if the Public Works Commissioner sees fit to take this work into his own hands, it will be carried out in a better way than it has been in the past. Let him have it, Mr. President.

Coun. RUSSO—Mr. President, I am fully in accord with much that has been said by my colleagues, but I do wish to bring to the attention of the Commissioner of Public Works the fact, when this plan is limited to voters, that I have in my district men who are citizens of the United States, but who, probably through no fault of their own, are not registered voters, not knowing how to read, and therefore being unable to read the five lines that they would be called upon to read before they can become registered voters. I wish also to bring to the attention of the commissioner the fact that there are young men not of voting age whose families are in dire need, who would be perfectly capable of doing the work required in snow removal, and to whose families the compensation from such work would be of great assistance.

Coun. LINEHAN—Mr. President, I think all the members of the City Council will agree that the snow removal proposition is a terrible problem, not only to members of the City Council but also to the Public Works Department. I, for one, wish to commend the Commissioner of Public Works for being forehanded in this matter, not waiting until the snow falls. I believe that the commissioner will listen to any member of this Council on any fairminded proposition that may be offered. I, as one member, am tickled to death to see the commissioner starting in to make preparations at this time, instead of waiting until the snow actually falls.

Coun. CAREY—Mr. President, I trust that this matter will be sent to the Executive Committee, and that the commissioner will be asked to sit in with us, so that we may see if something satisfactory cannot be worked out.

The order was referred to the Executive Committee.

MOTHERS' AID, INSURANCE ALLOWANCE.

Coun. CAREY offered the following: Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to draft a bill for presentation to the incoming Legislature which will increase to at least \$1,000 the amount that a widow is allowed to retain from insurance benefits, or from any other means, left by her husband, where the children of said widow are eligible for Mothers' Aid.

Coun. CAREY—Mr. President, my purpose in introducing that order is in order to remedy a bad situation that exists at the present time, a situation that seriously embarrasses a widow left with several children, and whose husband might have left from an insurance benefit \$1,000, \$1,500 or \$2,000. When the widow has to apply for mother's aid for the children, she has to state that she has spent everything but \$300. Heaven knows, a widow left with three, four, five, six, seven or more children cannot look forward with a great deal of confidence or encouragement, when she applies for Mothers' Aid, if she must say to the officials, "I have spent everything but \$300." I think that amount is altogether too small. I believe that it should be at least \$1,000, and I hope the Mayor will have the Corporation Counsel draft a bill, to be presented to the incoming Legislature, enabling the widow to retain from insurance benefits or from any other means left by the husband \$1,000. Certainly the amount should not be made as small as it is today.

The order was passed under suspension of the rule.

FILING OF WIDOWS' TAX ABATEMENT APPLICATIONS.

Coun. CAREY offered the following: Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to draft a bill for presentation to the incoming Legislature which will do away with the necessity for widows to file the widows' tax abatement application on or before October 1st.

Coun. CAREY—Mr. President, the present law compels a widow filing widows' tax abatement application, to do so on or before October 1st. To my mind that is a very silly law. I cannot understand how such laws

are passed by people in public life. A widow now, under the law, must have filed her application before October 1st. Otherwise, she will have to go before the assessors and plead poverty under Clause 18. She is a widow 365 days in the year, whether this application is filed before the first of October or not, and even after one, two or more years, if she still remains unmarried, she is entitled to the consideration extended to a widow under such circumstances. I trust, therefore, that the Mayor will have the Corporation Counsel draft and file such a bill with the incoming Legislature, doing away with such a needless law.

The order was passed under suspension of the rule.

FURNISHING WELFARE RECIPIENTS WITH COAL AND FUEL OIL.

Coun. GOTTLIEB offered the following:

Whereas, The recent cold weather has created considerable suffering and hardship to the poor and needy residents of Boston; therefore be it

Ordered, That the Overseers of the Public Welfare be instructed, through his Honor the Mayor, to immediately furnish welfare recipients with coal and fuel oil.

Coun. GOTTLIEB—Mr. President, I have received many complaints from residents of my district who are recipients of welfare aid that, in spite of the recent cold weather, they are not receiving any fuel oil from the City of Boston. I am at a loss to understand why, under present circumstances, the Overseers of Public Welfare have not yet issued slips or orders for fuel or fuel oil, bearing in mind the fact that we have had during the past week cold, rainy weather which has worked a hardship on these people. I think when the City of Boston assumes such an obligation it should carry it out under the circumstances that have been recently confronting us, and the city has certainly assumed the obligation of not only providing these welfare recipients with food, but also with heat, when weather conditions require it. I think, therefore, that the Overseers of Public Welfare should immediately provide such fuel or fuel oil, and I think, especially, it should be provided earlier than usual under the weather conditions that we are experiencing at the present time. I trust that the order will pass.

The resolution and order were passed under suspension of the rule.

CLOSING OF SOUTH BOSTON EVENING SCHOOL CENTER.

Coun. SCANNELL and LINEHAN offered the following:

Ordered, That the School Committee be requested, through his Honor the Mayor, to immediately rescind the order closing the South Boston High School Evening Center from November 3 to January 3, 1941, and that a supplementary budget be immediately prepared to take care of this extension.

Passed under suspension of the rule.

REPAIRS TO RESERVATIONS ON BROADWAY.

Coun. SCANNELL offered the following:

Ordered, That the trustees of the Boston Elevated Railway Company be requested, through his Honor the Mayor, to make the necessary repairs to the inside reservations on Broadway, from Dorchester Avenue to L Street, South Boston.

Passed under suspension of the rule.

ELEVATORS, CITY HALL ANNEX.

Coun. SCANNELL offered the following:

Ordered, That the Building Commissioner be requested, through his Honor the Mayor, to have put in condition the elevator light signals in City Hall Annex and to appoint from the civil service list operators to fill the vacancies now existing on these elevators.

Coun. SCANNELL—Mr. President, the elevator light signals in City Hall Annex are a disgrace, and certainly they should promptly be put in condition. I have seen old women standing there trying for fifteen or twenty minutes to get into an elevator, and in the mean time elevators were going up and down. I have never seen elsewhere such a condition as exists there, and it is time that it was corrected. Also, there are vacancies now existing on the elevators, and it is high time that the Building Commissioner appointed men to fill the vacancies. Certainly, with the condition existing there, something should be done as soon

as possible. I trust, therefore, that the Building Commissioner, through his Honor the Mayor, will make such appointments from the civil service list.

The order was passed under suspension of the rule.

STAMP DISTRIBUTING STATION, WARD 7.

Coun. LINEHAN offered the following:

Ordered, That the Overseers of Public Welfare be requested, through his Honor the Mayor, to establish a stamp distributing station, in connection with the new Stamp Plan arrangement, in the Health Unit, South Boston, or in some other location in Ward 7.

Passed under suspension of the rule.

CHANGING NAME OF VALE STREET, WARD 7.

Coun. LINEHAN offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to change the name of Vale street, Ward 7, to Reverend Richard A. Burke street.

Passed under suspension of the rule.

BUS LINE FROM OLD HARBOR VILLAGE.

Coun. LINEHAN offered the following:

Ordered, That the trustees of the Boston Elevated Railway Company be requested, through his Honor the Mayor, to consider the advisability of establishing a bus line from Old Harbor Village, South Boston, to either the Andrew Square or Columbia Station.

Passed under suspension of the rule.

SIDEWALK CONSTRUCTION.

Coun. LINEHAN offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Dorset street, Nos. 29 and 45, vacant lot between Nos. 32 and 38, also Dorset street side of No. 160 Boston street, Ward 7, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edge-stones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

PROHIBITION OF SOUND WAGONS.

Coun. D. F. SULLIVAN offered the following:

An Ordinance Prohibiting Sound Wagons.

Be it ordained by the City Council of Boston, as follows:

Section 1. Chapter thirty-nine of the Revised Ordinances of 1925 is hereby amended by inserting after section thirty-seven the following new section:

Section 37A. No person owning, or having the care, custody or control of any vehicle equipped permanently or temporarily for the purpose of reproducing or magnifying musical or other sounds or the human voice, commonly called sound wagons, shall operate or permit the operation of such vehicle for such purpose in any street in the city; provided, however, that this ordinance shall not be construed to prohibit the use of a microphone or other sound magnifying device by a person speaking at a duly authorized open-air political meeting from a vehicle not in motion.

Section 2. Any person, firm or corporation violating the provisions of this ordinance shall be subject to a penalty not exceeding twenty dollars for each offence.

Referred to Committee on Ordinances.

CLEANING OF DORCHESTER STREETS.

Coun. FISH offered the following:

Ordered, That the Public Works Commissioner be instructed by the Mayor to issue immediate orders to clean the streets of Dorchester.

Ordered, That the Public Works Commissioner be instructed by the Mayor to add sufficient men to the Sanitary Division to keep the streets clean.

Severally passed under suspension of the rule.

POSITION OF STENOGRAPHER-CLERK TO CITY COUNCIL.

Coun. FISH offered the following:

Ordered, That the position of stenographer-clerk to the City Council, assigned to the Clerk of Committees Department, be, and hereby is, established at a salary of \$1,800 per year.

Referred to the Executive Committee.

TRAFFIC SIGNALS, GALLIVAN BOULE- VARD.

Coun. WICKES offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install automatic traffic signals at the intersection of Gallivan Boulevard and Washington street, Ward 17.

Passed under suspension of the rule.

FLOODING OF ROBERTS FIELD, WARD 17.

Coun. WICKES offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to make the necessary arrangements for the flooding of Roberts Field, Ward 17, for ice skating.

Passed under suspension of the rule.

MORE FREQUENT BUSES TO CITY HOSPITAL.

Coun. WICKES offered the following:

Ordered, That the trustees of the Boston Elevated Railway Company be requested, through his Honor the Mayor, to provide for more frequent buses from Savin Hill Station to the Boston City Hospital on Sundays and holidays, especially during the visiting hours.

Passed under suspension of the rule.

PARKING IN REAR OF CITY HALL.

Coun. WICKES offered the following:

Ordered, That the Police Commissioner be requested, through his Honor the Mayor to enforce the traffic regulations with reference to parking in the rear of City Hall and

alongside the City Hall Annex, in order that the space may be available for cars of City of Boston officials.

Passed under suspension of the rule.

SKIDDING ON WOODEN BRIDGES.

Coun. WICKES offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to take some steps to prevent automobiles from skidding on wooden bridges throughout the city.

Passed under suspension of the rule.

REPORT OF COMMITTEE ON FINANCE.

Coun. SHATTUCK, for the Committee on Finance, submitted the following:

1. Report on message of Mayor and order (referred October 28) that City Treasurer obtain approval of Emergency Finance Board for issuance of \$2,000,000 in notes, bonds or certificates of indebtedness for purpose of meeting outstanding revenue loans—that same ought to pass.

The report was accepted and the question came on the passage of the order.

Coun. SHATTUCK—Mr. President, this comes as a unanimous report of the committee. I wish, however, to make a statement from a letter which I received from Mr. Fox, the City Auditor, stating the reasons for this loan and giving some of the facts, which are of interest. Mr. Fox says:

"The two million dollar (\$2,000,000) tax title loan now pending before the City Council will undoubtedly be the final borrowing measure of the year to be submitted for Council approval. The proceeds of this loan will be utilized in connection with the redemption of a five million dollar (\$5,000,000) temporary loan of the city coming due on the twentieth of next month. As of the first of the current month, tax titles in the possession of the city totaled \$7,945,000. Against this amount the city had outstanding in loans from the Commonwealth the sum of \$5,445,000, thus leaving a free balance of \$2,500,000, to support the contemplated borrowing covered by the order before the Council. In so far as the net debt of the city is concerned, I anticipate that when the accounts of the city are closed at the end of this year a reduction of close to five million dollars (\$5,000,000) in all forms of outstanding debt will be evident. I submit the following tentative figures in support of this estimate:

TYPE OF DEBT	1939 Actual.	1940 Estimated.
Net Funded Debt.....	\$131,426,000	\$128,500,000
Tax Title Debt	7,627,000	7,000,000
Tax Anticipation Notes	12,500,000	11,500,000
Loans in Anticipation of Federal Grants	252,500	
	<u>\$151,805,500</u>	<u>\$147,000,000</u>

"I trust the foregoing statement may be of assistance to you and the members of your committee in the consideration of the pending loan order."

The order was passed, yeas 20, nays 0.

RESURFACING OF GUILFORD STREET.

Coun. WARD offered the following:

Ordered, That the Commissioner of Public Works be requested through his Honor the Mayor, to resurface Guilford street, Ward 21 under the W. P. A. type of construction.

Passed under suspension of the rule.

TRAFFIC LIGHT SYSTEMS FROM KEN- MORE SQUARE TO CLEVELAND CIRCLE.

Coun. WARD offered the following:

Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to make a survey of the traffic light systems from Kenmore square to Cleveland Circle on Commonwealth avenue and from Brighton avenue to Union square to determine the possibility of improving same.

Passed under suspension of the rule.

ACCEPTANCE OF MECHANIC STREET.

Coun. WARD offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the

Mayor, to accept and lay out Mechanic street, Ward 21, as a public way, under the W. P. A. plan of construction.

Passed under suspension of the rule.

TRAFFIC "STOP" SIGNS, WARD 21.

Coun. WARD offered the following:

Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to install a traffic "Stop" sign at Gordon and Cambridge streets, Ward 21.

Passed under suspension of the rule.

ARC LIGHT, MAHLER STREET.

Coun. LANGAN offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to install an electric arc light on Mahler street, Ward 19, to light the way to the election booth located on that street.

Passed under suspension of the rule.

SIDEWALKS, CALL STREET.

Coun. LANGAN and ENGLERT offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the

Mayor, to install sidewalks on Call street, Jamaica Plain, from McBride street to Green street.

Passed under suspension of the rule.

REDUCTION IN FOOD AND MEDICAL ALLOTMENTS.

Coun. M. H. SULLIVAN offered the following: Ordered, That the State Commissioner of Public Welfare, Arthur G. Rotch, be again requested to rescind the order that emanated from his office some months ago effecting a reduction in food and medical allotments to certain recipients of old age assistance.

Coun. M. H. SULLIVAN—Mr. President, some months ago this Body went on record in opposition to the reduction at that time emanating from the office of the State Commissioner of Public Welfare effecting a reduction in food and medical allotments to certain recipients of old age assistance. At that time I protested the reduction of 50 cents weekly in the medical allotment to these recipients throughout the Commonwealth. At the same time there was a reduction in the food allowance. At that time, the State Commissioner of Public Welfare denied the charges I made, but later the Boston Welfare authorities granted a certain amount, so that the allotment granted to old age assistance recipients should not be reduced. Through the exposure in this Body, we were able in that way to protect the welfare of the old people of Boston. That is, because of the action taken by the Council at that time, the recipients of old age assistance here were paid more. I understand, however, that new recipients of old age assistance are now being affected by the reduced amounts received from the state, that they are not receiving, for example, the amount of 50 cents weekly for medical supplies. Certainly 50 cents per week is small pittance for those poor people on welfare, to be deducted from the budget of these old age assistance recipients. I believe, therefore, that the State Commissioner of Public Welfare should be requested to rescind the order emanating from his office some months ago effecting a reduction in food and medical allotments to certain recipients of old age assistance. The amount formerly allotted under the state law should be immediately restored, both the \$34.50 and the 50 cents weekly for medical supplies. This should certainly be done in view of the inhuman attitude adopted by that gentleman.

The order was passed under suspension of the rule.

HOUSING AUTHORITY EMPLOYEES UNDER CIVIL SERVICE.

Coun. M. H. SULLIVAN offered the following: Ordered, That his Honor the Mayor be requested to confer with the Corporation Counsel and the members of the Boston Housing Authority to consider the advisability of introducing legislation at the next session of the General Court to place all employees of the Boston Housing Authority under the authority of the Civil Service.

Coun. M. H. SULLIVAN—Mr. President, I introduce this order with some hesitation, because of the splendid work, of which we are all aware, that is being done by the Boston Housing Authority at the present time. Of course, under the law the Housing Authority is really a separate corporation, but I do think legislation should be introduced, as a practical matter, to place all employees of the Boston Housing Authority, which is really a part of the city, under the authority of the Civil Service. I believe the employees there should not be political footballs. Possibly five years from now there may be a change in the Authority, and the employees might be ousted. I believe it is important, therefore, that the New Deal as it applies to this Authority should be maintained, so that the employees will not be hampered or threatened by such a possibility. Accordingly, I feel that the Mayor should be requested to confer with the Corporation Counsel and the members of the Boston Housing Authority to consider the possibility of introducing legislation at the next session of the General Court to place all the employees of the Housing Authority under the authority of the Civil Service. In that way, I think the housing work will be done more effectively than at the present time.

■ Coun. CAREY—Mr. President, I move that that order lie on the table.

The motion to lay on the table was declared lost, and Coun. CAREY doubted the vote and asked for the yeas and nays.

Coun. GOTTLIEB—Mr. President, would it be out of order to move reference of this matter to the Executive Committee?

President GALVIN—The question before us at the present time is laying on the table, and the clerk will call the roll.

The motion to lay on the table prevailed, yeas 11, nays 7.

Yeas—Coun. Carey, Coffey, Englert, Fish, Gottlieb, Kelly, Lyons, Russo, Scannell, D. F. Sullivan, Taylor—11.

Nays—Coun. Galvin, Hutchinson, Langan, Linehan, Shattuck, M. H. Sullivan, Ward—7.

WELFARE PAYMENT BY CHECK.

Coun. RUSSO offered the following:

Ordered, That the Director of the Public Welfare Department be requested, through his Honor the Mayor, to instruct the visitors and social workers in the Dependent Aid Division to mail out checks to those who are too old or unable to go to the department for them.

Coun. RUSSO—Mr. President, with all due respect for Commissioner O'Hare, who, in my judgment, is doing a very fine work, during the past week I have been called upon by some of my constituents, one man of 81 years of age, another 76, another 69, to try to have some such action as is proposed in this order taken. It was certainly a cruel sight to see one of these individuals come into my office, stating that he had been notified that if he called he would receive his check and that he would not receive it unless he did call. I don't believe that he did receive it. It seems to me that the social workers are taking too much authority upon themselves when they ask such men or women to call for their checks. The checks in such cases should be mailed out. I feel that these social workers should be instructed not to take this attitude. They should not take upon themselves such authority. Certainly they should be very lenient to these poor unfortunates, should not expect those who are suffering, as many of them do, to call for their checks. Apparently, if a man has been put in an insane asylum, they expect him to call for his check. I have been told of a wife, awhile ago, calling for her husband's check, and being unable to receive it. I certainly trust that, in the case of those who are old or unable to go to the department for their checks, they will be mailed.

The order was passed under suspension of the rule.

REPORT OF COMMITTEE ON LICENSES.

Coun. FISH, for the Committee on Licenses, submitted the following reports on petitions for driveway openings—recommending that permits be granted, viz.:

Albert Matthews (referred today) 48 Huntington avenue, Ward 4.

Rosa Berman (referred October 28), 160 and 162 Dover street.

Mason Neilon Regulator Company (referred October 28), 1194 Adams street, Ward 17.

Roger W. Brown (referred October 28), Old Colony avenue and Damrell street.

Allan J. Wilson (referred October 28), 26-36 Miller street.

Shell Oil Company, Inc. (referred October 28), 1190 Massachusetts avenue.

Reports accepted; permits granted under usual conditions.

LIGHTING SURVEY, WARD 12.

Coun. TAYLOR offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to make a complete survey of lighting conditions in Ward 12 with the view in mind to make such recommendations that will stop the crime wave of holdups and bag snatchings that have existed in this district during the last six months.

Coun. TAYLOR—Mr. President, Roxbury is one of the oldest sections of the City of Boston, and we have the old-fashioned gas lighting system in my part of Roxbury. During the past six months we have had a continual series of holdups and bag snatchings, so that practically every night I receive complaints from somebody in the district of such assaults on the streets, in which women have bags and money taken from them. I know that Captain Duggan, of Division 9, is doing the best he can with the insufficient number of men he has to patrol the district. I know also that the lighting conditions themselves are not the sole cause, but they are an invitation to people who desire to rob or steal to come to that particular district, knowing that apprehension will not be very easy. But, in order to alleviate present conditions, something must be done, so that the people of that district can be safe when they walk out at night. Many women do not venture out, as they are sick and tired of this threat of robbery and holdup. They do not venture out in the dark because they are afraid something will happen to them. I know that the Mayor is sympathetic, and I also realize that money is scarce, when it comes to carrying out complete programs. But I trust that the Public Works Commissioner will look into these conditions in that district, and determine what better lighting can be given; and I think with better lighting robbery can be stopped or curtailed.

The order was passed under suspension of the rule.

REPORT OF COMMITTEE ON CLAIMS.

Coun. GOTTLIEB, for the Committee on Claims, submitted the following:

1. Report on petition of Edward Kelly (referred October 28) to be reimbursed for amount of judgment issued against him on account of his acts as operator of motor vehicle belonging to Water Division, Public Works Department—recommending the passage of accompanying order, viz.:

Ordered, That the sum of two hundred forty-eight dollars and seventy-five cents (\$248.75) be allowed and paid to Edward Kelly in reimbursement for amount of judgment issued against him on account of his acts as operator of a motor vehicle belonging to the Water Division, Public Works Department, said sum to be charged to the Contingent Fund.

Report accepted, said order passed.

2. Report on petition of John F. Gallagher (referred October 14) to be reimbursed for amount of judgment issued against him on account of his acts as operator of motor vehicle belonging to Sanitary Division, Public Works Department—recommending passage of accompanying order, viz.:

Ordered, That the sum of eighty dollars (\$80) be allowed and paid to John F. Gallagher in reimbursement for amount of judgment issued against him on account of his acts as operator of a motor vehicle belonging to the Sanitary Division, Public Works Department, said sum to be charged to the Contingent Fund.

Report accepted; said order passed under suspension of the rule.

3. Report on petition of John W. Bradley (referred October 28) to be reimbursed for amount of judgment issued against him on account of his acts as operator of motor vehicle belonging to Weights and Measures Department—recommending passage of accompanying order, viz.:

Ordered, That the sum of thirty dollars (\$30) be allowed and paid to John W. Bradley in reimbursement for amount of judgment issued against him on account of his acts as operator of a motor vehicle belonging to the Weights and Measures Department, said sum to be charged to the Contingent Fund. Report accepted; said order passed.

RESURFACING OF DAVITT STREET.

Coun. HUTCHINSON offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to resurface, under the W. P. A. plan of construction, Davitt street in Ward 13.

Passed under suspension of the rule.

CONFIRMATION OF EXECUTIVE APPOINTMENTS.

President Galvin called up, under unfinished business, No. 2 on the calendar, viz.:

2. Action on appointments submitted by the Mayor October 28, 1940, of John J. McDevitt, to be a Weigher of Coal; and Peter B. Keane and Daniel J. Flynn, to be Weighers of Goods.

The question came on confirmation. Committee, Coun. Lyons and Russo. Whole number of ballots 14, yeas, 14, and the appointments were confirmed.

SALE OF LAND TO BOSTON HOUSING AUTHORITY.

President Galvin called up, under unfinished business, No. 3 on the calendar, viz.:

3. Whereas, The City of Boston is the owner of a certain parcel of land together with the building thereon situated on the northwesterly side of Monument street in the Charlestown district of the City of Boston. The said parcel of land hereinafter described was acquired by deed dated December 5, 1885, and recorded with Suffolk Deeds, Book 1703, page 622; and

Whereas, The said premises are no longer needed for public purposes; and

Whereas, The Boston Housing Authority is desirous of acquiring the said premises for its Charlestown housing project; now, therefore, it is hereby

Ordered, That his Honor the Mayor of the City of Boston be, and he hereby is, authorized to sell at a minimum price of twenty thousand (20,000) dollars, to the Boston Housing Authority the above-mentioned and herein-after described parcel of land with the building thereon, together with all appurtenances pertaining thereto, and to execute and deliver a deed thereof satisfactory in form to the Law Department of the City of Boston. The above-mentioned parcel of land is bounded and described as follows:

Southeasterly by Monument street, sixty and 6-100 (60.06) feet; southwesterly by a common passageway, ninety-seven and 47-100 (97.47) feet; northwesterly by land now or formerly of the Boston Housing Authority, sixty and 10-100 (60.10) feet; northeasterly by other land of the Boston Housing Authority, ninety-one and 47-100 (91.47) feet, containing 5,668 square feet of land, more or less. The above described parcel of land is shown on a plan marked "City of Boston, Monument

Street, Charlestown, June 25, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department," on file in the office of the Chief Engineer, Street Laying-Out Department, City Hall Annex, Boston.

On October 28, 1940, the foregoing order was read once and passed yeas 16, nays 0. The order was given its second and final reading and passage, yeas 18, nays 0.

SALE OF LAND IN BRIGHTON.

President GALVIN called up, under unfinished business, No. 4 on the calendar, viz.:

4. Whereas, The City of Boston owns in fee certain lands situated on the southeasterly side of Chestnut Hill avenue in the Brighton district of the City of Boston. The title to said lands was acquired by a deed dated July 21, 1882, recorded with Suffolk County Deeds, Book 1567, page 593; and

Whereas, Certain parcels of said lands, hereinafter described, are no longer needed for public purposes; and

Whereas, Temple B'nai Moshe, a religious corporation, organized and existing under the laws of the Commonwealth of Massachusetts, is desirous of obtaining the ownership of the said parcels of land hereinafter described; now, therefore, it is hereby

Ordered, That his Honor the Mayor be, and he hereby is, authorized to convey to the said Temple B'nai Moshe by an instrument in writing satisfactory in form to the Law Department of the City of Boston and in consideration of the sum of five thousand (\$5,000) dollars to be paid to the City of Boston, all the City of Boston's right, title and interest in and to the said parcels of land hereinbefore referred to and bounded and described as follows:

Parcel C.—Northwesterly by the southeasterly side line of Chestnut Hill avenue by two measurements, thirty-five (35) feet and two hundred twenty-eight and 54-100 (228.54) feet, respectively; northeasterly by the southwesterly side line of Ledgemere road, two hundred thirty-eight and 26-100 (238.26) feet; southeasterly by the northwesterly side line of Burkland terrace, two hundred sixty-six and 15-100 (266.15) feet; southwesterly by the northeasterly side line of Atwood road, one hundred ninety and 35-100 (190.35) feet, containing fifty-two thousand sixty-seven (52,067) square feet, more or less.

Parcel D.—Northwesterly by the southeasterly side line of Chestnut Hill avenue, by two measurements, eight and 28-100 (8.28) feet and one hundred eleven and 72-100 (111.72) feet, respectively; northeasterly by land now or formerly of Temple B'nai Israel, seventy-two and 42-100 (72.42) feet; easterly by other land of the City of Boston, one hundred twenty (120) feet; southwesterly by the northeasterly side line of Ledgemere road, seventy-two and 42-100 (72.42) feet, containing eight thousand seventy-four (8,074) square feet of land, more or less.

Said lands, "Parcel C" and "Parcel D," are shown on a plan marked "City of Boston, Chestnut Hill Avenue, Brighton, October 15, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department."

On October 28, 1940, the foregoing order was read once and passed yeas 18, nays 0.

The question came on second and final passage of the order.

Coun. COFFEY—Mr. President, before this order is voted on, I would like additional information upon it, if possible. I would like to find out whether this land is going to be used for a school playground.

(The clerk read the communication of the Mayor in regard to the matter, under date of October 12.)

Coun. COFFEY—Mr. President, that communication does not clear up anything in my mind. The order merely gives a description of the land, but does not state what the land is to be used for.

Coun. WARD—Mr. President, the land is to be used for school purposes, and only for school purposes. There is still a large portion of the property for sale, and the gentleman from East Boston, or anybody else, can go out there and buy it, if he has the money. I filed an order recently that a portion of the land be used as a playground. That order was passed by the Council, and if it is approved by the Mayor, the land may possibly be used for that purpose. But this piece of land referred to in the order is to be used for school purposes.

Coun. COFFEY—Mr. President, I would ask the gentleman who assured him that this land was going to be used for school purposes?

Coun. WARD—Rabbi Shubow, who is the head of the religious organization.

Coun. COFFEY—Mr. President, I would ask the Council to hold the order up until the Mayor acts on the other order which the gentleman has referred to, to use the additional land for a playground, the order which is now awaiting the Mayor's approval. I trust that we will delay action until the Mayor acts favorably upon or vetoes that order.

Coun. GOTTLIEB—Mr. President, I have no knowledge of the letter from his Honor the Mayor

in regard to this matter or the situation of the request for use of the additional land for playground purposes. But now that this order is before the Body, I feel that we should not hold it up. I cannot understand how this order in any way relates to the balance of the land which is proposed to be used for a playground. This order has nothing to do with that. As I understand it, under this order, there is simply to be an expansion of the school facilities of the religious organization. I think, therefore, that we should pass this order irrespective of the playground order, as this simply proposes an expansion of the school facilities of the organization.

Coun. M. H. SULLIVAN—Mr. President, I think we should pass this order, in the interest of this particular religious organization, irrespective of whether it is Catholic, Protestant or Jewish. I think we should cooperate with Rabbi Shubow in this matter. The gentleman happens to be a constituent of mine, and I happen to know of the many good social works in which he has been engaged in the Brighton-Allston district, and of the splendid work he has done. I certainly shall go along today in the passage of the order. I think anything in the way of school facilities which will reduce the educational costs of the city is also to be welcomed as a public service. Therefore, I shall vote for the order today.

Coun. COFFEY—Mr. President, I simply think that we are entitled to some information in regard to this matter, that the facts should be laid before us, no matter whether it concerns a synagogue, a Catholic church, or anything else. Here is this large tract of land, which it is proposed to sell for \$5,000, and we are given no information as to what it is going to be used for. I, for one, would like something more definite. I think if it is to be used for a school, that should be stated on the order on the calendar. But nothing has been stated, and we apparently can get no information now, as to what it is to be used for. Therefore, unless I am given some definite information, I shall ask that the order be not passed at this time.

Coun. SHATTUCK—Mr. President, according to the first part of the order there are 52,067 square feet of land involved, and in the second part of the order 8,074, making altogether about an acre and a half. I wonder if the City Council committee has visited the site, and can give any information in regard to the property and the purposes for which it is intended to be used?

Coun. WARD—Mr. President, this matter was thrashed out at the last meeting by the gentleman from East Boston (Coun. Coffey). The property had been abandoned by the city, and for a long time there has been a "For Sale" sign on the property. Anybody who wanted to buy it had the opportunity to do so, but apparently no buyers appeared. The city has the property on its hands. I don't know that it would be taxable if used for a school, but certainly at the present time it is not taxable, and if used as a school it would decrease the educational demands upon the city. The purpose, I understand, is to erect a school on the site. I certainly do not think any religious organization would use the property for any improper purpose. Personally I have known about the work of this organization for many years, as a representative and member of the community, and it is certainly a very worthy organization and of the very highest standing.

Coun. KELLY—Mr. President, I am going to move at this time that this be referred back to the Committee on Public Lands, that they may visit the location and bring back a full report to the Body, in order that we may know everything about it.

Coun. COFFEY—Mr. President, I would like to go along with the motion of the gentleman from Ward 15 (Coun. Kelly) in view of the fact that I do not believe the matter has been given proper consideration up to the present time. That was my feeling three weeks ago, that the order should first go to the Committee on Public Lands and then be referred to Executive.

Coun. Kelly's motion to refer the order to the Committee on Public Lands was declared carried. Coun. WARD doubted the vote and asked for the yeas and nays.

The motion was carried, yeas 11, nays 8:

Yeas—Coun. Carey, Chase, Coffey, Englert, Fish, Kelly, Langan, Russo, Shattuck, D. F. Sullivan, Wickes—11.

Nays—Coun. Galvin, Hutchinson, Linehan, Lyons, Scannell, M. H. Sullivan, Taylor, Ward—8

SALE OF LAND TO MASSACHUSETTS GENERAL HOSPITAL.

President GALVIN called up assignment, No. 5 on the calendar, viz.:

5. Order authorizing the sale to the Massachusetts General Hospital of 17,572 square feet of land on North Grove street for the sum of \$49,647 and the conveyance by said hospital to the City of Boston of land on Cambridge street containing 1,023 square feet.

President GALVIN—The question is on the passage of the order, and the clerk will call the roll.

Coun. COFFEY—Mr. President, I also opposed this three weeks ago, and I have an order here today that I intend to file with the clerk; that his Honor the Mayor be requested to inform the

City Council as to the amount originally offered by the trustees of the Massachusetts General Hospital for the land owned by the City of Boston on North Grove street. If this order is held up, I intend to introduce that order, because I understand that a much larger amount of money was offered than is offered this year. Therefore, I am going to ask that this order be laid on the table until I have time to introduce my order asking the Mayor to inform us as to the amount originally offered by the trustees of the Massachusetts General Hospital for the land owned by the City of Boston on North Grove street.

The motion to lay No. 5 on the table was declared carried. The vote was doubted and a roll called ordered.

The motion to lay on the table was lost, yeas 4, nays 15:

Yeas—Coun. Coffey, Englert, Kelly, D. F. Sullivan—4.

Nays—Coun. Carey, Chase, Fish, Galvin, Gottlieb, Hutchinson, Langan, Linehan, Lyons, Russo, Scannell, Shattuck, Taylor, Ward, Wickes—15.

The order was passed, yeas 18, nays 1:

Yeas—Coun. Carey, Chase, Englert, Fish, Galvin, Gottlieb, Hutchinson, Kelly, Langan, Linehan, Lyons, Russo, Scannell, Shattuck, D. F. Sullivan, Ward, Wickes—18.

Nay—Coun. Coffey—1.

SALE OF LAND ON OLD CENTRE STREET.

President GALVIN called up assignment, No. 6 on the calendar, viz.:

Order authorizing the sale to Lillian Layden of 4,568 square feet of land on Old Centre street for the sum of \$150.

The question came on the passage of the order.

Coun. COFFEY—Mr. President, in my ten months in the Council I consider this about the most ridiculous thing that ever came before this Body. The Council wants to sell some 4,568 square feet of land on Old Centre street for \$150. If my information is correct, I hear that Lillian Layden is to use the land for house building purposes. If that is the intention, I don't think the city should sell this land for any such amount. Therefore, I also make the motion that this lie on the table for a week.

Coun. LYONS—Mr. President, the city does not own the property and Lillian Layden does not own the property. The thing has been dragging along for seventy-five years. The whole thing is so questionable, that I understand the city will do well by taking \$150 for it. This is a piece of swamp land.

Coun. COFFEY—Mr. President, I never saw the land, and I don't know whether the Committee on Public Lands went out there and saw it or not. But, as far as its being a piece of swamp land is concerned, that is not the way I heard it. I understand that it is a fairly good piece of land, which can be used for housing purposes. If that is the case, I think the city ought to hold on to it rather than to get only \$150 for over 4,500 square feet of land.

Coun. LANGAN—Mr. President, I don't think the councilor has the facts on this situation. This piece of land is in the Land Court. Lillian Layden is claiming title in the Land Court, and the city is opposing that claim. The city has no direct claim to it, and I understand that the representative of the Corporation Counsel thinks the city will be making a good bargain in taking the \$150 instead of contesting it in the Land Court. I think the representative of the Law Department feels that the city will lose out in the Land Court. This is only a compromise order between the city and Lillian Layden, who claims title to the property, to compensate her to this extent and have the opposition by the city withdrawn.

Coun. RUSSO—Mr. President, I am glad that this matter has been brought up. As chairman of the Committee on Public Lands I had a talk in regard to the matter with the Assistant Corporation Counsel who has charge of it. I think he feels that if the case goes to court, the city will lose. I feel, therefore, that the city should give title under this order and receive the \$150.

Coun. COFFEY—Mr. President, I happen to have some information about this matter, but not much. If I am correctly informed, the city has been paying taxes on this for a great number of years. That is the situation, if I am not mistaken, and I believe that fact alone gives the city title to the land. I hope, therefore, that my motion will prevail, and that the Council will not at this time pass this order giving title to over 4,500 square feet of land for \$150.

Coun. LANGAN—Mr. President, I understand that there have been no taxes paid by the city on this land, and therefore no title rests in the city on that account. Even if there had been, those of us who follow the law know, the line with the Hetty Green case, that taxes paid over a number of years by the state, do not give title. So even that fact, even if the city had paid taxes, would not give the city any title.

Coun. COFFEY—Mr. President, I will simply answer the attorney that, so far as court proceedings are concerned, he gets a fee for what he does, and we get nothing.

Coun. LANGAN—Mr. President, I do sometimes get a fee when I appear in my legal capacity as an attorney, and sometimes I do not.

Coun. LINEHAN—Mr. President, I would like to ask whether the gentleman from Jamaica Plain

knows whether this woman has paid taxes on this particular property, now claiming that she owns it. Has she paid taxes?

Coun. LANGAN—Mr. President, but that is not a question at issue here. It does not become a matter at issue before the Land Court. So I don't think the question is material.

Coun. KELLY—Of course, I realize that there is a motion before the Body now, but I would like to make a motion that after that motion is voted on, we then refer the matter to executive session, calling Mr. Tobin of the Law Department in so that he can explain the situation, and we will know what we are voting upon.

Coun. FISH—Mr. President, as a humble layman of this Body, I would like to inquire what this property is assessed for?

Coun. TAYLOR—Perhaps the chairman of the Public Lands Committee can give us some information.

Coun. KELLY—I would like to see the land go to somebody who plans to develop it. At the same time, until I find the real value of the property, I think I will have to withhold my vote.

Coun. LANGAN—Mr. President, I understand that on one occasion they were down here from the Law Department and explained the matter thoroughly.

Coun. RUSSO—Mr. President, I wish to direct the attention of the Body here to the fact, as chairman of the Public Lands Committee, that every time a meeting is called we don't happen to have a quorum. So I hope that in the future every time when a meeting is called, the members will be present. In that case, I think we would get along much better. I have in my possession a blueprint which I will be glad to present in executive session, showing where the land is located. The Assistant Corporation Counsel, as I say, feels that if this goes to court, in the present situation, the city will lose the case, and, basing my judgment on his feeling in the matter, I believe that the order should pass.

The motion to lay the order on the table was carried.

CIVIL SERVICE RATINGS OF DRAFTEES

Coun. CHASE offered the following:

Ordered, That the Commissioner of Civil Service be requested, through his Honor the Mayor, to protect all Boston Army draftees who are on established civil service list by continuing their civil service ratings on all lists during the period that any draftee is in training and would have been eligible for appointment but for the fact that he was in training.

Coun. CHASE—Mr. President, there are thousands of young men in Boston today who will be affected by the new draft law, men who are on the established civil service lists. I know of scores in my own district. As a matter of fact, I had several approach me the other evening and tell me that if they were drafted and forced to go into army training, some head of a department of the City of Boston might in the mean time call for them from the civil service list, and they would simply be out of luck. Those young men would be denied their right or opportunity to be given work. Now, we all know that the majority of these thousands of young men on the civil service lists have put in many hours of preparation, and it does seem that they should be allowed to retain their places on the list, looking forward to the time when they will come back and when they would have an opportunity to be hired by the state or the city. Therefore, I think it is only right and fair that the Civil Service Commissioner should take some action which will protect these young men. As I say, many of them are called in the draft, and while they are serving, their names might be at the top of the list and they would, if present, have an opportunity to enter the service of some of our departments. They will be unable, however, in such a case to present themselves because they will be away performing their duty under the draft. I know that everybody here is interested in those young men and feels that some measure of protection should be given them. I hope, therefore, that we will pass the order.

The order was passed under suspension of the rule.

RECESS.

By direction of the President, the Council at 4 p. m. took a recess, subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order by President GALVIN at 5 p. m.

SALE OF LAND ON OLD CENTRE STREET.

Coun. LANGAN—Mr. President, I move that we take No. 6 from the table.

(No. 6, an assignment on the calendar, discussed earlier in the session and laid on the table, is as follows:

Order, authorizing the sale to Lillian Layden of 4,568 square feet of land on Old Centre street for the sum of \$150.)

Coun. Langan's motion to take from the table was carried, yeas 17, nays 1:

Yeas—Coun. Carey, Englert, Fish, Galvin, Hutchinson, Kelly, Langan, Linehan, Lyons,

Russo, Scanneil, Shattuck, D. F. Sullivan, M. H. Sullivan, Taylor, Ward, Wickes—17.

Nays—Coun. Coffey—1.

The question came on the passage of the order. Coun. COFFEY—Mr. President, on this order somebody suggested that we bring Mr. Tobin from the Law Department into executive session, but after he appeared there there was so much noise and confusion that I did not hear a word he said. I asked the councilor from Ward 19 (Coun. Langan) if there was any assessment on this land, and he said there was no assessment. Then, for my own information, I would like to find out how the city is paying taxes on this land, if there is no valuation?

Coun. LANGAN—Mr. President, I don't understand that there was any valuation, or assessment. I wonder if the councilor from Ward 20 knows about that. He stated at one of the past meetings that this was to save the city the money they were paying in taxes on this land.

Coun. LYONS—No. In what I said I was just quoting the Assistant Corporation Counsel in reference to the matter. I was informed that nobody had a title to it and, he being the Assistant Corporation Counsel, I figured that he knew something about it. He went on further to say that if this lady went to court, it would cost the City of Boston \$200 and that Boston would probably lose the case, anyway, and he thought it was well to accept the \$150 and clear the title. This lady has two or three lots out there, but cannot build until she has cleared the title. But the Assistant Corporation Counsel felt that if we went to court she would win in the Land Court anyway. In that case, the city would not only lose its case, but would be deprived of the \$150, the upset price on it now.

Coun. COFFEY—Mr. President, I still am going to oppose the order. I still cannot get it in my mind how the city is paying taxes on it when there is no valuation on it.

Coun. LANGAN—With Councilor Langan, I understand that no taxes have been paid on this land by the city. It was a public way up to the time when it was abandoned.

Coun. COFFEY—Still, the councilor from Ward 20 intimated that he had been informed by the Law Department that there were some taxes that had been paid by the City of Boston.

Coun. LYONS—No, Mr. President, that was a misunderstanding on the councilor's part. There is no misunderstanding as far as I am concerned about the taxes. Why should the City of Boston pay taxes on its own property? It is an abandoned street, and whom should they pay the taxes to?

Coun. TAYLOR—Mr. President, I move the previous question.

Coun. COFFEY—Never mind the previous question. That can be pulled at some other time, in some other debate. I think it should not be pulled here, especially when it is proposed to sell over 4,500 feet of land for \$150. First, we were told that it was swamp land, and then we were told that it was to be used for building purposes. I don't think that any swamp land in the City of Boston is being used for building purposes. Now, if this is taken to court, why should the city pay \$150, or why should it be at any expense for legal services? We have some good lawyers in our Law Department and that is their business. I don't think this should be put across. I think there is something rotten in Denmark, and that it ought to be killed.

President GALVIN—The clerk will read the original communication.

(The clerk read the communication as originally submitted by the Mayor, as follows (quoting from the Council Minutes of February 5, 1940):

City of Boston,

Office of the Mayor, February 2, 1940.

To the Honorable the City Council.

Gentlemen,—I submit herewith an order for transfer to Lillian Layden of Dedham, a certain parcel of land comprising forty-five hundred and sixty-eight (4,568) square feet, which is contiguous to and formerly the northerly and southerly boundaries of land now owned by the said Lillian Layden and situated on said Old Centre street, West Roxbury.

The Board of Street Commissioners have discontinued this parcel of land as a public highway and the Public Works Commissioner informs me that this parcel of land is no longer needed for public purposes. The Custodian of Foreclosed Real Estate has appraised this parcel of land and has placed a valuation thereon of one hundred and fifty (150) dollars.

The purpose of this transfer is to permit the said Lillian Layden to go forward with a home-building project upon this and adjoining land. As this property is no longer needed for public purposes, and the land will be used for the purposes of home construction, I am of the opinion that this transfer of the land should be made for the sum of one hundred and fifty (150) dollars. I therefore recommend the passage of the accompanying order.

Respectfully,

MAURICE J. TOBIN, Mayor

City of Boston,

Law Department, February 1, 1940.

Hon. Maurice J. Tobin,

Mayor of Boston.

Dear Mr. Mayor,—By an order of the Board of Street Commissioners of the City of Boston, approved by the Mayor of Boston on May 5,

1939, a portion of the highway named Old Centre street, West Roxbury, consisting of forty-five hundred and sixty-eight (4,568) square feet, was discontinued. This discontinuance is shown on a plan marked "City of Boston, Old Centre Street, West Roxbury, September 1, 1938, William J. Sullivan, Chief Engineer, Street Laying-Out Department." This discontinued portion of Old Centre street is contiguous to the property of one Lillian Layden of Dedham. Lillian Layden desires to obtain the ownership of this discontinued portion of Old Centre street. A copy of this plan is inclosed herewith.

In accordance with the request contained in letter from your office dated January 29, 1940, I inclose herewith an order to be introduced in, together with a letter of transmittal to, the City Council, if the same meets with your Honor's approval, authorizing the conveyance of all the city's right, title and interest in the said parcel of land to Lillian Layden.

Very truly yours,

HENRY PARKMAN, JR.,
Corporation Counsel.

Coun. TAYLOR—Mr. President, I don't know anything at all about this particular piece of land. The first time that it was brought to my attention was when it came into the Council. But I regret the fact that at any time when anything involving a sale of land is brought in here, it is assumed by some that there must be something wrong, something suspicious about it. We have had this matter explained to us by the Assistant Corporation Counsel. As any of us who follow the law know, if anybody holds a piece of property even against the true owner for twenty years, he is entitled to the property. This property is out in the woods, practically. When we are told about the property being valuable, I don't think the facts will bear that out, and I cannot for the life of me see why, after a satisfactory explanation, there should be suspicion on the part of anyone. To my mind, this is small potatoes, and I think the order should be passed by the Council without further delay.

Coun. COFFEY—Mr. President, it is too bad that the gentleman from Ward 12 takes the attitude that he does take at times on matters of this kind, when another member suggests that we should be careful and should not be in too much haste on matters coming before the Body. So far as my being suspicious is concerned, I think the position of the gentleman from Ward 12 is suspicious. Why did he get into the debate? Why didn't he keep his mouth shut? This is not a matter in his district and does not affect his constituents. The land is out in West Roxbury, and I don't see why the gentleman from Ward 12 should get into the debate at all. The fact that he does makes me more suspicious. I now feel that the order should be killed. If it was swamp land, that might be one thing, but it is land that is to be used for building purposes, containing over 4,500 feet, and it is proposed that the city shall get only \$150 for it. In view of the fact that it is to be used for home building purposes, I don't think we should sell it for such a low price. This land is going to be used for home-building purposes, and for that reason I don't see how anybody can favor selling it for \$150.

Coun. HUTCHINSON—Would your feeling change if you should find that adjoining property was assessed for two cents a square foot on each side of the roadway?

Coun. COFFEY—Mr. President, my position in this matter is simply based on the fact that we do not have the information we should. That is all I ask, and that is why I have raised the question. I think, therefore, that this ought to lie on the table until we get the information we should have.

Coun. HUTCHINSON—Mr. President, the Assistant Corporation Counsel testified to that fact in Executive Committee, stating that the property on each side was assessed for two cents a square foot, and that the city here was getting three cents a square foot.

Coun. SHATTUCK—Mr. President, I move the previous question.

The main question was ordered, and the order was passed, yeas 19, nays 1:

Yeas—Coun. Carey, Chase, Englert, Fish, Galvin, Gottlieb, Hutchinson, Kelly, Langan, Linehan, Lyons, Russo, Scanneil, Shattuck, D. F. Sullivan, M. H. Sullivan, Taylor, Ward, Wickes—19.

Nays—Coun. Coffey—1.

EXECUTIVE COMMITTEE REPORTS.

Coun. LANGAN, for the Executive Committee submitted the following:

1. Report on message of Mayor and order (referred today) for loan of \$325,000 for Public Works and Public Welfare Departments—recommending reference to the Committee on Finance.

Report accepted; said reference ordered.

2. Report on message of Mayor and order (referred today) transferring \$25,000 from income of George F. Parkman Fund—that same ought to pass.

Report accepted; said order passed, yeas, 19, nays 0.

3. Report on order (referred today) that Commissioner of Public Works make announcement over radio and through press that those desiring employment on snow removal work must register

at local city yards during period from November 18 to 23, inclusive—that same ought to pass.

Report accepted; said order passed.

4. Report on order (referred today) that position of stenographer-clerk to City Council, assigned to Clerk of Committees Department, be established at salary of \$1,800 per year—that same ought to pass.

Report accepted; said order passed.

CLASSIFICATION OF CHARWOMEN ON W. P. A.

Coun. D. F. SULLIVAN offered the following: Ordered, That his Honor the Mayor confer with the W. P. A. authorities to consider the advisability of abolishing the rating of charwoman on the W. P. A. and to re-classify those already working to another rating.

Coun. D. F. SULLIVAN—Mr. President, a charwoman is something that is unknown in our ordinary city classifications. Of course, we have scrubwomen. Now, as a matter of fact, under the rating of charwoman, some of them in cleaning walls have to climb on ladders from 4 to 12 feet. Our cleaners here under the regular civil service rating, in City Hall and in the State House, do not have to do anything of that sort. They have long-handled mops, of course, for cleaning. But I wonder how many of us would like to see our mothers or sisters up on a ladder 4 to 12 feet. Not only that, but on the ladder with them they have a bucket of water, and safety is endangered at all times. I trust that this order will pass, and that the W. P. A. officials will re-classify these women. When it comes to climbing ladders, it is a man's job, not a job for the women who scrub floors. They have a long-handled mop, such as is now being used in different institutions and buildings, and when ladders are brought in that is a man's work. I hope that the order will pass.

The order was passed under suspension of the rule.

AUTOMATIC TRAFFIC SIGNALS, WARD 10.

Coun. CAREY offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to include in his 1941 budget a sum sufficient to provide for the installation of automatic traffic signals at the intersection of Tremont and Parker streets, Ward 10.

Passed under suspension of the rule.

STATUS OF TEACHERS.

Coun. CAREY offered the following:

Ordered, That the School Committee be requested, through his Honor the Mayor, to consider the advisability of giving to those teachers who are engaged in home instruction work the same status that is enjoyed by teachers employed in temporary positions in the schools.

Coun. CAREY—There are in the city service forty or fifty teachers engaged daily in going into the homes of those who have some disability and who have to have the school brought to them. These teachers are supposed to furnish the same type of instruction as temporary teachers in the schools, and are naturally qualified to do so. But they are working at less pay and have to spend 40 or 50 cents a week in carfairs. They may have to go to Roxbury, East Boston or Brighton, that being something over which they have no control. Due to the fact that they are supposed to furnish the same kind of instruction as those employed in temporary positions in the schools, I feel that they should have the same status, be put on the same footing as temporary teachers. I trust that the School Committee will take action in the matter.

The order was passed under suspension of the rule.

POLLING BOOTH, PRECINCT 10, WARD 20.

Coun. LYONS offered the following:

Ordered, That the Board of Election Commissioners be requested, through his Honor the Mayor, to change the location of the polling booth for Precinct 10, Ward 20, from Falcon street to the corner of Washington and La Grange streets, on the opposite corner to where it was originally located.

Passed under suspension of the rule.

TRAFFIC SIGNALS, WARD 20.

Coun. LYONS offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install automatic traffic signals at the intersection of Baker and Spring streets, Ward 20, to safeguard and protect the lives of children in going to and coming from schools in this vicinity.

Passed under suspension of the rule.

PURCHASE OF FOOD STAMPS, WARD 20

Coun. LYONS offered the following:

Ordered, That the Overseers of Public Welfare be requested, through his Honor the Mayor, to find a suitable location in Ward 20 where welfare recipients may be able to purchase food stamps under the new Stamp Plan.

Coun. LYONS—Mr. President, last week the Welfare Department of the City of Boston arranged depots throughout the city where welfare recipients would be able to purchase food stamps under the new Stamp Plan. The only place they forgot was West Roxbury. The people of my district have to go several miles, to Hyde Park, to purchase stamps. So I hope the Welfare Department will take some action in this matter. They are doing a wonderful piece of work, but I have constituents who feel that there should be a suitable depot in West Roxbury for the people of that district.

The order was passed under suspension of the rule.

CLEANING OF JOHNSON MEMORIAL.

Coun. CHASE offered the following:

Ordered, That the Boston Art Commission be requested, through his Honor the Mayor, to arrange for a thorough cleaning of the Johnson Memorial at the entrance to the Fenway and also to arrange for the replacement of the missing baluster in balustrade of said memorial.

Passed under suspension of the rule.

TRAFFIC SIGNALS, BRIGHAM CIRCLE, WARD 10.

Coun. CAREY offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to include in his 1941 budget a sum sufficient to provide for the installation of automatic traffic signals at Brigham Circle, Ward 10.

Passed under suspension of the rule.

Adjourned, on motion of Coun. LINEHAN, at 5:25 p. m., to meet on Monday, November 25 1940, at 2 p. m.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said City; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly Dorchester and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Stow road, bounded:

Northeasterly by Tiverton road, seventeen and 11-100 feet; southeasterly by the southeasterly line of Stow road, two hundred eighty-six and 75-100 feet; southwesterly by another part of Stow road, seventeen feet; and northwesterly by easement taken by the City of Boston for sewerage purposes in Stow road, July 11, 1922, two hundred eighty-eight and 68-100 feet, containing forty-eight hundred and ninety-one square feet, more or less.

A parcel of land, owners unknown, being part of the private way known as Stow road, bounded:

Northeasterly by another part of Stow road, seventeen feet; southeasterly by

the southeasterly line of Stow road, three hundred forty-four and 18-100 feet; southwesterly by land supposed to belong to Smith, trustee, seventeen and 60-100 feet; and northwesterly by easement taken for sewerage purposes by the City of Boston in Stow road March 22, 1923, three hundred thirty-nine and 63-100 feet, containing fifty-eight hundred and twelve square feet, more or less.

A parcel of land, being part of the private way known as Stow road, bounded:

Northeasterly by Tiverton road, seventeen and 11-100 feet; southeasterly by easement taken by the City of Boston for sewerage purposes in Stow road July 11, 1922, and March 22, 1923, six hundred thirty-three and 38-100 feet; southwesterly by land supposed to belong to Smith, trustee, seventeen and 60-100 feet; and northwesterly by the northwesterly line of Stow road, six hundred thirty and 77-100 feet, containing ten thousand seven hundred and forty-five square feet, more or less.

A parcel of land, being part of the private way known as Doone avenue, bounded:

Southeasterly by land hereinbefore described as taken from owners unknown, Stow road, fifty feet; southwesterly by the southwesterly line of Doone avenue, eight feet; northwesterly by another part of Doone avenue, fifty feet; and northeasterly by the northeasterly line of said avenue, eight feet; containing four hundred square feet, more or less.

A parcel of land, owners unknown, being part of the private way known as Doone avenue, bounded:

Northwesterly by land hereinbefore described as taken from owners unknown, Stow road, twenty-two feet; northeasterly by another part of Doone avenue, eight feet; southeasterly by the same, twenty-two feet; and southwesterly by the southwesterly line of Doone avenue, eight feet, containing one hundred and seventy-six square feet, more or less.

A parcel of land, owners unknown, being part of the private way known as Doone avenue, bounded:

Northwesterly by land hereinbefore described as taken from owners unknown, Stow road, twenty-two feet; northeasterly by the northeasterly line of Doone avenue, eight feet; southeasterly by another part of Doone avenue, twenty-two feet; and southwesterly by the same, eight feet, containing one hundred and seventy-six square feet, more or less.

The sewerage works to be constructed are as follows:

One hundred and thirty-five linear feet of 2-foot 6-inch reinforced circular concrete conduit, four hundred and sixty-eight linear feet of 12-inch and 24-inch pipe surface drain, and six catch-basins.

No betterments are to be assessed for the making of the aforesaid improvement.

Voted, That this Board determines that no person sustains damages in his estate by the taking of an easement for sewerage purposes in Stow road, Dorchester district, under the order of the Board of November 20, 1940, and awards no damages therefor.

Owners unknown, 400 square feet.....Nothing
Owners unknown, 4,891 square feet.....Nothing
Owners unknown, 176 square feet.....Nothing
Owners unknown, 5,812 square feet.....Nothing
Owners unknown, 176 square feet.....Nothing
Owners unknown, 10,745 square feet.....Nothing

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence. The lists established as a result of these examinations will be used to fill all vacancies in these classifications in the various State departments.

ADDITIONAL INFORMATION *Re* CORRECTION OFFICERS, AND STATE FARM OFFICERS.

This is the examination scheduled to be held on November 23, 1940.

The entrance salary for Correction Officers (House of Correction, Deer Island) is \$1,600 a year and maintenance; the maximum salary is \$2,100 a year and maintenance.

The entrance salary for State Farm Officers (Bridgewater State Farm) is \$1,080 a year and maintenance; the maximum salary is \$1,320 a year and maintenance.

AMENDED NOTICE.

FEMALE PAROLE OFFICER, NOVEMBER 30, 1940.

NOTE.—The entrance salary is \$1,560 a year; the maximum salary is \$2,040 a year.

ASSISTANT PSYCHIATRIC SOCIAL WORKER, BOSTON STATE HOSPITAL, DECEMBER 21, 1940.

Last date for filing applications, Saturday, December 7, 1940, at 12 noon.

The minimum salary is \$1,380 a year; the maximum salary is \$1,680 a year.

Duties: Under immediate supervision, to perform the simpler kinds of social case work in connection with the care and treatment of psychiatric patients or inmates of State institutions or other case work involving individuals needing psychiatric social service investigation or after-care; and to perform related work as required.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

ASSISTANT DIETITIAN, QUINCY CITY HOSPITAL, DECEMBER 21, 1940.

Open to residents of State.

Last date for filing applications, Saturday, December 7, 1940, at 12 noon.

Salary: \$60 a month with maintenance.

Duties: To supervise the work of the diet kitchen, and make special diets; to supervise student nurses assigned to the diet kitchen; to supervise the writing of all special diets, and to relieve other dietitians.

Entrance Requirements: Applicants must have at least one year's experience as a dietitian in a hospital, cafeteria, lunchroom, hotel or other similar field.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE EXAMINERS OF ELECTRICIANS, 1941.

Examinations will be held at the following points and on the following dates:

Boston, Wednesday, January 8.
Lowell, Thursday, January 9.
Boston, Wednesday, February 5.
Worcester, Thursday, February 6.
Boston, Wednesday, March 5.
Fall River, Thursday, March 6.
Fall River, Friday, March 7.
Boston, Wednesday, April 2.
Springfield, Thursday, April 3.
Boston, Wednesday, May 7.
Worcester, Thursday, May 8.
Boston, Wednesday, June 4.
Boston, Wednesday, September 10.
Worcester, Thursday, September 11.
Springfield, Wednesday, October 15.
Pittsfield, Thursday, October 16.
Boston, Wednesday, November 5.
Lowell, Thursday, November 6.
Boston, Wednesday, December 3.
New Bedford, Thursday, December 4.
New Bedford, Friday, December 5.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held and only those so notified will be examined on that day.

FELLOWSHIP STUDIES IN TRAFFIC CONTROL.

Fifteen graduate fellowships, each with a stipend of \$1,200-plus up to \$200 for travel and field investigation have been announced by the Bureau for Street Traffic Research of Harvard University. The regular annual tuition fee of \$400 will be deducted from the fellowships, which have been made available through a gift to the University by the Automobile Manufacturers' Association. The officers of instruction are Miller McClintock, Director of the Bureau, and Maxwell Halsey, Assistant Director. Each of two full courses in street and highway traffic control consists of three one-hour periods a week, and additional problems, assignments and field work.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence. The lists established as a result of these examinations will be used to fill all vacancies in these classifications in the various State departments.

ASSISTANT CIVIL ENGINEER, METROPOLITAN SEWERAGE DIVISION, DECEMBER 21, 1940.

Last date for filing applications, Saturday, December 7, 1940, at 12 noon.

The entrance salary is \$2,940 a year; the maximum salary is \$3,480 a year.

Duties (P. W. A. Docket No. Mass. 1574F, D-204, Chap. 491): To prepare change orders, final estimates, cost estimates and specifications in connection with the closing up of a P. W. A. program involving an expenditure of four and a half million dollars in the construction of a relief sewer varying in size from 8 feet 6 inches in diameter to 11 feet 3 inches in diameter, through soft and hard ground, by open-cut and tunnel method of construction, some of which work requires compressed air operations, and at the end of which is being constructed a temporary pumping station in which will be installed one 36-inch centrifugal pump and one 42-inch centrifugal pump motivated respectively by 400 and 600 horse power electric motors.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

Important.—Experience sheets will be collected on the day of examination and will not be accepted at any other time. No amendments to the experience sheet will be permitted.

No specimen questions are available on the above examination.

PUBLIC HEALTH EDUCATION WORKER, DEPARTMENT OF PUBLIC HEALTH, DECEMBER 21, 1940.

Last date for filing applications, Saturday, December 7, 1940, at 12 noon.

This examination is open to females only.

The entrance salary is \$1,560 a year; the maximum salary is \$2,040 a year.

Duties: To visit representatives of such organizations as rotary clubs, labor unions, women's organizations, church societies, foreign groups, etc., to interest them in the Massachusetts Cancer Program to a sufficient extent to inspire them to work for the program; to work with committees of club members organized to conduct local lay education, and, occasionally, to do public speaking on the subject of the Massachusetts Cancer Program.

Applicants should have a knowledge of the public health aspects of cancer, and a basic knowledge of the disease itself.

Entrance Requirement: Applicants who have passed their fiftieth birthday on the last date for filing applications will not be eligible to apply. A certificate of date of birth must be filed with

the application, *unless* one has been filed with a previous application.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

Important.—Experience sheets will be collected on the day of examination and will not be accepted at any other time. No amendments to the experience sheet will be permitted.

No specimen questions are available on the above examination.

POLICE DEPARTMENT (STATISTICS FOR 1938).

Number of police force, December 1, 1938, was 2,229, viz., the superintendent, 4 deputy superintendents, 30 captains, 66 lieutenants, 4 lieutenant-inspectors, 187 sergeants and 1,937 patrolmen, distributed in 19 divisions and a traffic division. Signal service men, 16; clerks, janitors, etc., 163.

Cost of maintenance for 1938, \$5,997,107 or \$16,491 less than in 1937.

Total number of arrests in year ending November 30, 1938, 97,187 or 1,239 more than in previous year; persons arrested on warrants, 14,745; without warrants, 52,490; summoned by the courts, 29,952; of those arrested, 6,931 were discharged and all others held for trial; foreign-born persons arrested, 12,116 or 12.46 per cent of total; boys under 17 years of age, 2,787; women and girls, all ages, 8,485; non-residents, 27,441, or 28.23 per cent of all arrested.

Drunkenness the cause of 40,815 arrests, an average of 111 per day or 42 per cent of total. This is 4,919 less than the number of such arrests in 1937 and 1,368 less than the average for the past five years. The prosecutions for homicide numbered 142; arrests for refusing to support family, 1,015; violation of automobile law, 15,544; violation of liquor law (State), 137; violation of City ordinances, 269; violation of street traffic regulations, 15,477; suspected persons, 5,400.

Sick and injured persons assisted, 9,410; insane persons taken in charge, 494; lost children restored to homes, 1,533; persons imprisoned, 7,017; persons fined, 17,957, the fines amounting to \$157,817; stolen property recovered, \$447,021.50; licenses issued, 21,356 (including 12,621 for dogs and 5,334 for vehicles and drivers), for which \$67,209 was received. Of 2,629 applications for licenses to carry loaded revolvers, 2,431 were granted.

Accidents from all causes in the streets, parks and squares caused death of 122 and injury to 7,289. Automobile accidents killed 76 and injured 4,431. The automobile fatalities were 62.3 per cent of the 122 deaths.

Annual salaries: Commissioner, \$8,000; superintendent, \$7,000; deputy superintendents, 4 at \$4,500 each; captains, \$4,000; lieutenants and lieutenant-inspectors, \$2,700; sergeants, \$2,500; patrolmen, \$1,600 the first year, with \$100 yearly increase until maximum of \$2,100 is reached. The Traffic Division numbered a force of 211 in 1938.

In 1938, the Police Charitable Fund amounted to \$207,550 and \$7,900 was paid to 54 beneficiaries during said year.

REVENUE BOND ACTS.

The 1936 issue of the "Municipal Index" contains a detailed study of the revenue bond acts in the thirty-three states which have enabling acts, and reports of all forty-eight states, showing what advantage has been taken of these acts by cities to finance the construction, operation and maintenance of sewerage systems and sewage treatment plants by service charges.

The table shows the status of revenue bond acts and other enabling acts in the different states, the dates when the acts became effective, and whether or not cities have taken advantage of the opportunity offered for financing bonds by service charges. In the case of states with no enabling acts, the table shows whether cities are charging sewer rentals under some other authority.

36,400 MOTOR DEATHS IN 1935.

According to the findings of the National Safety Council motor traffic deaths in 1935 totaled 36,400, compared with 1934's record of 36,000.

The only decrease was among school children up to fifteen years of age. Motor vehicle accidents to children have increased much less than those of adults since 1922, when safety education began on a national scale. October, November and December were the reddest months. Two-thirds of the accidents were in places under 10,000 population; more than 40 per cent of the victims pedestrians.

Thirteen states decreased traffic deaths 7 per cent or more: Delaware, Illinois, Kentucky, Massachusetts, Minnesota, Montana, North Dakota, Oregon, Rhode Island, Utah, Vermont, Wyoming and Washington.

BOSTON AS A TOWN.

From its foundation until 1755, or a period of 125 years, Boston was not only the most outstanding but the most populous town in the American colonies. In 1760, Philadelphia's population was ahead, viz., 18,756, Boston's then being 15,631 and New York's about 14,000. In the last year of town government, viz., 1821, Boston's population was about 45,000 and its public debt \$100,000, all incurred for new county buildings.

The history of Boston as a town during a period of nearly two centuries surpasses in civic interest that of Boston as a city because of the untiring zeal and successful efforts of its townsmen to realize more of true democracy than had ever been attained before. Their obligations were held as sacred as their liberties.

WATER-SUPPLY DEVELOPMENT IN THE UNITED STATES.

In 1652 Boston introduced the first American public water supply. The first mechanical pumps were used in 1761 at Bethlehem, Pa., where Hans Christiansen, an American pioneer water-supply engineer, made his pumps work "after severe struggles." In 1850 there were only 100 water plants in the United States, and as late as 1875 only 243. In 1933 there were more than 11,000 public water supplies, some serving more than one community.

CITY CEMETERIES.

The Park Department has charge of twenty cemeteries, containing 212 acres, that are owned by the city. Mount Hope Cemetery is the largest. A number of these cemeteries are no longer available to the public for interments. In 1937 there were 2,075 interments in these cemeteries, or 77 more than in 1936. The interments in Mount Hope Cemetery in 1937 were 71.08 per cent of the total interments as against 74.57 per cent in 1936.

\$50,000,000 WATER-SUPPLY PROJECT IN CALIFORNIA.

The city of San Jose has entered into contract with the Water Properties Company, Ltd., of San Francisco, to provide the city water from the head waters of the American river in the vicinity of Lake Tahoe. The agreement is for thirty years, during which time the municipality will acquire title to the local distribution system and receive a proportionate share of the production and transmission systems.

METROPOLITAN DISTRICT, 1938.

Total valuation of the 43 cities and towns in the Metropolitan District in 1938 was \$3,499,398,193 and the property tax on the same was \$130,474,309. The average tax rate was \$33.28. Strictly speaking, tax rates cannot be averaged. A rate of \$37.28 would be required to raise \$130,474,309 on a valuation of \$3,499,398,198. Of the total valuation, 44.37 per cent applied to property in Boston.

The total valuation of the 13 cities in the district was \$1,126,838,735 with a total property tax of \$42,494,084, requiring a tax rate of \$37.71.

Boston's tax rate of \$41.30 was exceeded by Chelsea (\$46.20), Revere (\$47.00), Saugus (\$46.00) and Somerville (\$43.90).

SQUARE DEAL IN ASSESSMENTS FOR TAXATION.

Many cities are finding it greatly to their advantage to have their tax valuations periodically overhauled. The first criterion of any assessment is equity. For every citizen who wants through "pull" or however else to get off easy, there are twenty, nay a hundred who want a fair and square deal for all.

The appraisal of city real estate is a highly technical affair.

Few things are more important than the equalization of assessments. Particularly in cities that are cramped by an inflexible debt or tax limit, an honest, full value assessment may be a great boon. Without the slightest raise in the tax rate a substantially greater tax yield may be had.

BOSTON'S POPULATION ON APRIL 1, 1930, BY WARDS.

Ward 1, 61,454; Ward 2, 31,663; Ward 3, 66,219; Ward 4, 31,010; Ward 5, 30,571; Ward 6, 34,689; Ward 7, 32,482; Ward 8, 31,943; Ward 9, 30,362; Ward 10, 29,694; Ward 11, 29,938; Ward 12, 36,123; Ward 13, 29,019; Ward 14, 55,914; Ward 15, 27,729; Ward 16, 31,329; Ward 17, 30,099; Ward 18, 41,152; Ward 19, 27,519; Ward 20, 31,540; Ward 21, 29,752; Ward 22, 30,987.

Total population by U. S. Census, 781,188.

FOR AIDING BOYS.

In an effort to lend a helping hand to misfit and underprivileged boys and to stem the alarming flow of young men into penal institutions and lives of crime, Big Brother Bureaus are being organized by the police departments of various cities. The International Association of Chiefs of Police urges all police jurisdictions to join the Big Brother League.

MANY TYPES OF W. P. A. PROJECTS.

The Works Progress Administration has placed in operation a total of more than 300,000 projects. Except for the more pretentious types of construction, these projects have covered almost the whole field of American endeavor in meeting the primary objective of relieving unemployment. *The American City.*

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET,
OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR FURNISHING CANDY FOR THE BOSTON PUBLIC SCHOOL CAFETERIAS.

The School Committee of the City of Boston invites bids for furnishing and delivering at certain school buildings, in accordance with orders, candy for use in the Boston public school cafeterias. Proposal forms, for which a charge is made, are obtainable at the office of the Business Manager of the School Committee, tenth floor, 15 Beacon street. Envelopes containing proposals must be sealed and plainly marked "Proposal for Furnishing Candy." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check for \$50, payable to the City of Boston, must be left at the office of the Business Manager on or before 12 o'clock m. on Monday, December 9, 1940. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of the bids. The School Committee reserves the right to reject any or all bids and to accept such bid as may be deemed best for the interests of the city. The successful bidder will be required to furnish a bond for not less than 50 per cent of the amount of the contract.

(Nov. 30.)

RECEIPTS OF MILK IN BOSTON BY RAIL
STATISTICS FOR YEAR 1937.

Total, 201,115,222 quarts (including 21,533,437 quarts of cream) or 190,884,037 by the Boston & Maine Railroad; 9,304,589 by New York, New Haven & Hartford Railroad; 926,596 by Boston & Albany Railroad.

The said total exceeds that of 1936 by 2,233,863, but is 35,786,309 below the receipts in 1931 which was the highest on record.

The receipts in 1937 of the Boston & Albany Railroad are the lowest on record for that railroad.

The maximum receipts of milk and also of cream in 1937 were in August; the minimum in February.

CITY OF BOSTON.

BOARD OF OVERSEERS OF THE PUBLIC WELFARE.

PROPOSAL FOR LAUNDRY WORK.

The Overseers of the Public Welfare of the City of Boston invite proposals for laundry work (sheets pillow cases, bedspreads and blankets), according to specifications to be obtained from the office of the Board, first floor, 43 Hawkins street, Boston. There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out. Bidders must use the form of proposal to be obtained at this office and the successful bidder must furnish a bond for one fourth of the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. Bids, with a certified check for two hundred (200) dollars, payable to and to become the property of the City of Boston, if the proposal is not carried out, must be left at the office of the Board, first floor, 43 Hawkins street, before 12 m., Wednesday, December 11, 1940, at which time and place they will be publicly opened and read. A duplicate proposal, without check, must be left with the City Auditor prior to the time stated for opening the bids. The Board of Overseers of the Public Welfare reserves the right to accept or reject any or all bids or any part of the bid and to award the contract in whole or in part. All contracts made subject to appropriations to meet payments thereunder.

CITY OF BOSTON.

INSTITUTIONS DEPARTMENT.

PROPOSAL FOR COMPLETION OF ALTERATIONS TO TOILETS AND BATHS IN WARDS A, B, C, D AND WARD No. 6 AT LONG ISLAND HOSPITAL.

The Commissioner of Institutions of the City of Boston invites sealed proposals for the completion of alterations to toilets and baths in Wards A, B, C, D and Ward No. 6 at Long Island Hospital, Boston Harbor. Forms of proposals may be obtained at the office of the Commissioner, Room 809, City Hall Annex. Each proposal must be signed by the bidder, placed in an envelope, properly sealed, and marked "Proposal for Completion of Alterations to Toilets and Baths in Wards A, B, C, D and Ward No. 6 at Long Island Hospital," and left at the office of the Commissioner, Room 809, City Hall Annex, before 12 noon, December 13, 1940, accompanied by cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$500, to become and to be the property of the City of Boston as liquidated damages if, after an award is made to him, the bidder shall fail to enter into the contract therefor within ten days after notice of said award has been mailed or delivered to him. Bid bonds will not be accepted. Said proposals will then and there be publicly opened and read. Proposals must be made in duplicate, one with cash, certified check or certificate of deposit to be left as above, the other without cash, certified check or certificate of deposit to be filed with the City Auditor, City Hall, Boston, before the time stated above for the opening of proposals. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained without cost upon application therefor at the office of the Commissioner, Room 809, City Hall Annex. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. Plans and specifications may be obtained at the office of the Commissioner of Institutions, Room 809, City Hall Annex, Boston, on or after December 2, 1940. All plans and specifications must be returned in good condition to said office at the time of filing bids. A deposit of five dollars (\$5) in cash will be required for each set of plans and specifications taken out for estimating, said deposit to be refunded on the return of the plans and specifications in good condition. A bond of a surety company, approved by the Commissioner, in the full amount of the contract, to secure the due performance of the contract and the full protection of the city, will be required. The Commissioner reserves the right to reject any or all bids and to reject all sub-bids on any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

HUGH J. CAMPBELL,
(Nov. 30.) Commissioner of Institutions.

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about three thousand two hundred sixty (3,260) square feet of land on the southwesterly side of Wensley street, Roxbury, with the buildings thereon, numbered thirty-two (32) and thirty-four (34) in the present numbering of said street, and more fully described in tax deed recorded with Suffolk Deeds, Book 5363, page 152, on Thursday, December 5, 1940, at 11.30 a. m., on the premises, at a minimum price of sixteen hundred and fifty dollars (\$1,650). A deposit required at the time and place of sale of two hundred dollars (\$200), in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, 47 City Hall, Boston, Mass.

DANIEL M. DRISCOLL,
Custodian of Foreclosed Real Estate.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR RUBBER TILE, ETC.

The Supply Department of the City of Boston invites proposals for furnishing to the Boston City Hospital, rubber tile, etc., as per specifications, to be delivered as required. The bidder must use the form of proposal to be obtained at the office of the Supply Department, Room 1001, City Hall Annex, and leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston, if the proposal is not carried out, at the above-mentioned office. There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. ENVELOPES CONTAINING BIDS TO BE SEALED AND PLAINLY MARKED "PROPOSAL FOR RUBBER TILE, ETC." Bids will be publicly opened and read Friday, December 6, 1940, at 12 o'clock noon. The successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(Nov. 30.) Superintendent of Supplies.

CITY OF BOSTON.

HOSPITAL DEPARTMENT.

PROPOSALS FOR EXTERMINATION OF VERMIN.

The Trustees of the Boston City Hospital invite sealed proposals for the extermination of all vermin, including rats and mice, in the entire Main Department, South Department and East Boston Relief Station, Boston City Hospital, for the year 1941, in accordance with the specifications. A bond of a surety company in the sum of 45 per cent of entire contract price will be required for the faithful performance of the contract. In their proposals bidders must quote rate per month. Only proposals obtained at the office of the Superintendent of the Boston City Hospital, 818 Harrison avenue, Boston, signed by the bidder and left before 12 o'clock noon of Wednesday, December 11, 1940, at the office of the Superintendent with a certified check for \$200, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bids must be made in duplicate, the one with the check to be left as above, the other to be filed with the City Auditor, City Hall, before 12 o'clock noon on the date given above for receiving proposals. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required before the award of said contract. Proposals are to be addressed "Proposal for Extermination of Vermin at Boston City Hospital." The Trustees reserve the right to reject any and all proposals.

TRUSTEES OF THE BOSTON CITY HOSPITAL,

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING LUMBER (MERCHANTABLE SPRUCE).

The Supply Department of the City of Boston invites proposals for furnishing lumber to the Sewer Division, Public Works Department, as per specifications contained in forms which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. *There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out.* The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Thursday, December 5, 1940, at 12 m., at Room 1001, City Hall Annex. ENVELOPES CONTAINING BIDS TO BE SEALED AND PLAINLY MARKED "PROPOSAL FOR LUMBER." The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(Nov. 30.) *Superintendent of Supplies.*

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about four thousand three hundred fifty-two (4,352) square feet of land on the easterly side of Ward street, Roxbury, making the northeastern corner of Vancouver street, and more fully described in a tax deed recorded with Suffolk Deeds, Registered Land Division, Document No. 116251, with Certificate No. 14715, on Thursday, December 5, 1940, at 10 a. m., on the premises, at a minimum price of one thousand dollars (\$1,000).

A deposit required at the time and place of sale of two hundred dollars (\$200), in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, 47 City Hall, Boston, Mass.

DANIEL M. DRISCOLL,
Custodian of Foreclosed Real Estate.
(Nov. 23-30.)

CITY OF BOSTON.

HOSPITAL DEPARTMENT.

PROPOSALS FOR THE PURCHASE OF TRIMMINGS, BONES AND GREASE.

The Trustees of the Boston City Hospital invite sealed proposals for the purchase of the following materials from the Main Department and South Department of the Boston City Hospital, for the year 1941:

Trimmings, 1,000 pounds per month, more or less.

Bones, 1,500 pounds per month, more or less.

Cods, 100 pounds per month, more or less.

Suets, 100 pounds per month, more or less.

Grease from kitchen, 1,000 pounds per month, more or less.

Grease from traps, 200 pounds per year, more or less.

The price offered is to be the price per pound on each of the above items, which is to include removal of grease from traps. The purchaser is to provide proper receptacles and remove these materials from the Main and South Department kitchens, daily except Sunday, before 11 o'clock a. m., and the grease from the traps whenever notified by the Hospital to do so. Payments for materials taken are to be made monthly. A bond in the sum of 45 per cent of estimated contract price will be required for the faithful performance of the contract. Bids are to be accompanied with a certified check for \$100, payable to the city if the proposal is not carried out. Bids must be made in duplicate, the one with the check to be left at the office of the Superintendent of the Boston City Hospital, 818 Harrison avenue, Boston, not later than 12 o'clock noon of Wednesday, December 11, 1940, at which time and place proposals will be publicly opened and read. The duplicate bid must be filed with the City Auditor, City Hall, not later than 12 o'clock noon on the date given above for receiving proposals. Proposals are to be addressed "The Boston City Hospital, Proposal for Trimmings, Bones and Grease." The Trustees reserve the right to reject any and all proposals.

TRUSTEES OF THE BOSTON CITY HOSPITAL,
CARL DREYFUS,
(Nov. 30.) *President.*

CITY OF BOSTON.

HOSPITAL DEPARTMENT.

PROPOSALS FOR THE PURCHASE AND REMOVAL OF GARBAGE FROM MAIN DEPARTMENT, BOSTON CITY HOSPITAL.

The Trustees of the Boston City Hospital invite sealed proposals for the purchase and removal of garbage from the Main Department, Boston City Hospital, for the year 1941. Garbage is to be removed before 8 a. m. daily, excepting Sundays and holidays. The contractor is to use his own barrels and trucks. In their proposals bidders must quote rate per month. A bond of a surety company in the sum of 45 per cent of entire contract price will be required for the faithful performance of the contract. Bids are to be accompanied by a certified check for \$300, payable to the city if the proposal is not carried out. Bids must be made in duplicate, the one with the check to be left at the office of the Superintendent, Boston City Hospital, 818 Harrison avenue, Boston, not later than 12 o'clock noon of Wednesday, December 11, 1940, at which time and place proposals will be publicly opened and read. The duplicate bid must be filed with the City Auditor, City Hall, not later than 12 o'clock noon on the date given above for receiving proposals. The Trustees reserve the right to reject any and all proposals.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 32.

SATURDAY, DECEMBER 7, 1940.

No. 49

MAYOR TOBIN PAYS EULOGISTIC TRIBUTE TO ABILITY AND CHARACTER OF BOSTON COLLEGE'S OUTSTANDING FOOTBALL HERO FOR 1940, CHARLES O'ROURKE — IS CHIEF SPEAKER AT BANQUET TENDERED MALDEN ATHLETE BY 1,200 OF HIS FRIENDS AND ADMIRERS — POINTS TO ACHIEVEMENTS AND BEARING OF YOUNG MAN AS MODEL YOUTH OF LAND MIGHT WELL EMULATE — DESCRIBES SACRIFICES MADE TO ATTAIN HEIGHT REACHED AND PREDICTS BRILLIANT FUTURE IN WHATEVER FIELD OF ENDEAVOR HE MAY CHOOSE AS LIFE WORK.

At the Charley O'Rourke dinner, in Malden Armory, on Tuesday evening, December 3, Mayor Tobin delivered the following address:

Rev. Father Sheehan, Mayor Hastings, Coach Leahy, Other Distinguished Guests, and Friends and Neighbors of Charley O'Rourke.

It is an honor for an outsider to be asked to take part in the festivities when a community pays tribute to one of its most famous sons. In this case I believe the tribute is doubly deserved, for, despite the glamour the world of sports has thrown around Charley O'Rourke, he remains unspoiled — in every way a model for the youth of this or any other city.

Perhaps some of you before me think it is no great task for a boy to keep his head and his mental poise when, week after week, columns are written about him in newspapers the length and breadth of the land, and when movie theaters throughout the country unroll films showing him engineering his team to victory after victory, but let me remind you there have been plenty of cases where such adulation has turned a boy's head and caused him to make regrettable mistakes. That Charley has avoided such a pitfall speaks well for his mental balance and is a bright reflection of his inherent modesty.

Another thing, his athletic fame hasn't been acquired at the expense of scholastic standing. They tell me at the Heights that O'Rourke is a better than average student, with a rating of at least 75. It is to be regretted that Charley's devotion to football has kept Boston College from benefiting by his ability as a baseball player. I know he is a good outfielder — it seems strange that he isn't a pitcher — and maybe next spring he will go out for the team, even though early football practice interferes with baseball practice.

Charley is a good hand on a basketball court, too, and I suppose if Boston College had a crew we'd see him pulling an oar somewhere in the Shell.

Envies Coolness Under Pressure.

I envy Charley his ability to refrain from becoming excited. What an asset to a mayor a poker face like his would be. That he is cool and calm under about every circumstance has been demonstrated time and again when he was under fire. But don't let that poker face lead you to believe that O'Rourke doesn't like fun and jokes. He is intensely human.

It is somewhat ironical to remember that he literally had to force his way into Boston College football. When, as a sophomore, he reported for practice, gloomy Gil Dobie, then head coach, threw up his hands. "He's too light to play, even high school football," Gil said. "Why, he'd be getting hurt all the time." But Charley plugged away, showed his wares and finally gained recognition. I believe it was as a substitute for another Malden boy, Fella Gintoff, that he got his first real opportunity. The rest is history.

In other words, Charley O'Rourke refused to become discouraged in the face of a "show me" attitude on the part of his coach. He believed in himself and proved his belief.

On the playing field he abides by rules, takes his orders from the quarterback and never plays the part of a prima donna.

These attributes should carry him far in life. By grapevine telegraph I am informed that while Charley may play professional football, his real desire is to become a coach. That, I suppose, is why he is majoring in education — teaching, if you will — while working for his Bachelor of Science degree. I'll prophesy that within a few years we will see some crackajack teams turned out somewhere under the guidance of Mr. O'Rourke of the faculty of that school.

Able, modest, human and clean. Collectively those words comprise a worth-while eulogy for any man, but they mean more when applied to a *young* man who is unspoiled by the accolade which the American sports public has bestowed on him and who has a singleness of purpose that seems sure to attain for him his heart's desire.

Charley O'Rourke, I salute you, and my wish for you is that life will give you the things you are reaching for.

"O Boston, fair City enthroned like a radiant queen,
From thy hill looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKEL DOLE.

CITY RECORD.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, December 9, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables slaughter-houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 73 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

PROCLAMATION BY MAYOR TOBIN ON JUNIOR BOOK FAIR.

Through the initiative of the Proparvulus Book Club and under the auspices of a group of public-spirited citizens of Metropolitan Boston, there has been organized a congress of authors, speakers, literary leaders and various organizations known as the Junior Book Fair.

In virtue of my office as Mayor of Boston, I hereby give full approval to the efforts of those who promoted this truly cultural endeavor, that so intimately concerns the younger generation. The ideals acclaimed by the builders of the Junior Book Fair are achievements dear to the heart of every intelligent patriotic American.

It is right that this Junior Book Fair be initiated in Boston. For here, within the environs of Boston and of the neighboring towns and cities, were the origins of our authentic American literature. The oldest and the purest English within the confines of our United States was created here about us. The greatest literary geniuses have been born and flourished in our neighborhood. So that Boston is fittingly called the Cradle of the Intellect, the Home of Fine Arts, and the Temple of Culture.

There is another reason why Boston should welcome the Junior Book Fair. For here in our city and the surrounding areas has American history been made. Deeds of patriotism and courage have been performed here that have thrilled the people of our nation. From the dawn of the American colonies till the birth of the thirteen United States, from the First Continental Congress till the close of the present seventy-seventh Congress, the sons and daughters of Massachusetts, under the leadership of the capital city of Boston, have been pre-eminent in our national life. They have been heroes and heroines, of whom we are proud and to whom we pay the highest of tributes, that of making them the ideals and models of our own lives and those of our young.

A third reason, out of many more reasons, why the Junior Book Fair should be held in Boston. Through all the decades of our corporate existence, the citizens of Boston have been concerned with the preservation of the decencies and the moralities of our national civilization. Our local efforts to keep ourselves free from defilements in books and periodicals, and from the vileness that sometimes lurks in the theater and the motion pictures, have been criticized and satirized by many of the propagandists for a lower state of morals and a debased instinct. We of Boston, however, have always striven for the nobler in art and the more elevated in taste. We have, under God, tried to create a public environment in which were observed the laws of God.

The Junior Book Fair, then, gives promise of promoting and intensifying these characteristics of Boston. In the first place, it will recall to the minds of our boys and girls the fact that they are the direct heirs to a rich and fruitful literary heritage. It will familiarize them with books and authors, it will dramatically focus their attention on the ideals of literature, and it may inspire them to write, in their own maturer years, companion volumes to those of their famous ancestors.

The Junior Book Fair, in the second place, will answer the longing of the young heart for heroes. The boys and

girls who live imaginatively through books with heroes will strive to bring heroism into their own expanding minds and souls. The ideals of the noble gentleman and the beautiful-souled lady will become their ideals. In the days of national change that will be upon us because of the conflict in the world today, we shall need a new generation that will be as courageous and as heroic and as high-minded as the patriots of our state and of all history.

The Junior Book Fair, finally, will in a positive manner guarantee the preservation of the reputation of Boston as the champion of health and vigor in literature. Only the best and the inspiring books and illustrations will be put before the eyes of our cherished children. If they are familiar with the finest, and at home with the best, they will never seek the evil. For wise men agree that the eradication of a vile literature is more effectively brought about by the inculcation of virtuous thoughts, by the elevation of artistic tastes and by the promotion of inspiring literature.

For the reasons that I have briefly outlined, I commend the Junior Book Fair to the citizens of Boston, to parents who have love for their children, to teachers who have charge of our boys and girls, to religious teachers of all denominations, to all men and women with a sense of civic duty and pride. Therefore, I proclaim, as Mayor of your City, the Junior Book Fair to be a vitally important event in the young lives of our citizens of tomorrow.

MAURICE J. TOBIN,
Mayor of Boston.

EXTENSION OF TUNNEL TOLL RATES.

The Mayor has approved the following request of the Public Works Department:

BOSTON, December 2, 1940.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR MR. MAYOR,—I respectfully request your approval to extend, from January 1, 1941, to December 31, 1941, inclusive, the present schedule of tolls and charges in connection with the use by vehicles of the Sumner Tunnel. The present schedule expires on December 31, 1940.

As required by law, it will be necessary for this department to obtain the approval for such extension from the Department of Public Utilities, and, upon receipt of your Honor's authority, a request for such approval will be made to the Public Utilities Commission. This schedule is as follows:

SINGLE TRIP TUNNEL TOLL RATES.

Truck or tractor with trailer over ten tons capacity.....	2 00
Bus.....	1 50

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

The schedule of tolls and charges for 1941 for the Sumner Tunnel transmitted by the Corporation Counsel to the Board of Public Utilities was accompanied by the following letter:

December 4, 1940.

DEPARTMENT OF PUBLIC UTILITIES, State House, Boston.

GENTLEMEN,—Your approval is respectfully requested, pursuant to the provisions of section 9 of chapter 297 of the Acts of 1929, as most recently amended by section 2 of chapter 455 of the Acts of 1935, of the inclosed schedule of tolls and charges established by the Public Works Department of the City of Boston for the use of the vehicular tunnel between Boston Proper and East Boston. This schedule continues in effect the schedule of tolls and charges operative for the period which began January 1, 1940, and which ends December 31, 1940, which was approved by the Department of Public Utilities by order dated December 29, 1939.

We are prepared to submit at any hearing which your department may order on the proposed schedule, or before if requested, a detailed statement of the reasons for the specific tolls and charges enumerated in the schedule.

Yours very truly,

ROBERT CUTLER,
Corporation Counsel.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commission to raze the following structures as fire menaces or nuisances:

The building at 36 Cliff street, Ward 12, owned by Gertrude Hitchins of 94 Franklin street, Peabody.

The building at 349 Newbury street, Ward 5, owned by the City of Boston through tax foreclosure.

The building at 396 Main street, Ward 2.

The building at 398 Main street, Ward 2.

The buildings at 57, 59 and 61 Austin street, and 176 Rutherford avenue, Ward 2.

The building at 273 Highland street, Ward 11, owned by Thomas J. Reddington *et al.*, of 231 Manthorne road, West Roxbury.

The building at 10 Middlesex street, Ward 2.

The building at 31 and 33 Woodward street, Ward 7.

The building at 107 Ruggles street, Ward 9.

Approval requested to enter the premises and vacate the building at 59 Fremont street, rear, Ward 18, which is being occupied in violation of the provisions of the Building Law.

Approval requested to enter the premises and vacate the building at 17 Oswego street, Ward 3.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

PUBLIC WORKS DEPARTMENT.

Upon November 23 the Mayor approved a contract with W. H. Ellis & Son Company for constructing a snow dump wharf at the North Ferry, at an estimated cost of \$29,945. The following bids were received October 28:

* Contract awarded.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, the temporary regulation which was adopted November 10, 1940, and was effective November 21, 1940, the provisions of which prohibited parking in both sides of Wilton street, Brighton from Cambridge street to Braintree street, twenty-four hours, is hereby rescinded, and for a trial period of sixty (60) days, parking of vehicles is prohibited in the following street, effective November 22, 1940:

Wilton Street, Brighton.

Southwest side, from Cambridge street to Braintree street, twenty-four hours.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway construction, estimated to be sixty (60) days, the following rules are effective December 2, 1940:

Vehicles are excluded from the following street:

Parker Street, Roxbury.

From Prentiss street to Tremont street.

The one-way rule in the following street is suspended and it is a two-way street:

Station Street, Roxbury.

From Columbus avenue to Parker street.

Parking of vehicles is prohibited in the following street:

Prentiss Street, Roxbury.

South side, from Columbus avenue to Parker street.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, the Revised Traffic Rules and Regulations of the City of Boston are amended as follows, effective December 9, 1940:

Section 24, Part 1, is amended by striking out the following:

Mt. Hood Road, Brighton.

From Commonwealth avenue to Corey road.

Section 24, Part 1, is amended by adding the following:

Mt. Hood Road, Brighton.

From Corey road to Commonwealth avenue.

RETIREMENT BOARD REPORT.

John J. Murphy, paver, salary at time of retirement \$1,872 a year.

SCHOOL DEPARTMENT.

Gertrude C. Grohe, assistant, salary at time of retirement \$2,496 a year.

Frankie E. Sullivan, first assistant, salary at time of retirement \$3,936 a year.

Attest:

WILFRED J. DOYLE,
Chairman.

NEW YORK STUDIES BOSTON'S FOOD STAMP PLAN.

On November 27 the Mayor issued the following statement:

Mayor Fiorello LaGuardia of New York City sent a delegation to Boston today to study the methods of the City of Boston Welfare Department of handling Food Stamp Plan distribution which is different from any other city in the country, and which was recently described by Surplus Marketing Administration officials as the most efficient in the eastern area.

These men are to study the Boston method with the idea of possible use in connection with the Stamp Plan in New York City. The names of the committee are as follows: Mr. Clifford McAvoy, Deputy Commissioner of New York City; H. J. Rosner, Assistant to the Commissioner of New York City; Mr. R. Curtiss, Examiner of Methods and Procedure, State Department of Social Welfare, New York; Mr. J. McCabe, Principal Accountant, New York State Department of Social Welfare, and Mr. John A. McAuliffe, District Supervisor, Surplus Marketing Administration, Brooklyn, New York.

The plan used in Boston on Food Stamps involves centralized control of the issuance of Food Stamp authorizations to participants. This is a method similar to that used in the issuance of Welfare checks.

BUILDING DEPARTMENT.

APPLICATIONS RECEIVED BY THE BUILDING COMMISSIONER TO DO GAS FITTING, FOR THE WEEK ENDING DECEMBER 4, 1940.

BOSTON AWARDED PRIZE FOR CARE OF PUBLIC PARK.

Upon December 2 the Mayor issued the following statement:

Mayor Maurice J. Tobin has been informed in a letter by E. I. Farrington, Secretary of the Massachusetts Horticultural Society of Boston, that this society has voted a special award to the City of Boston for the excellent way in which the Boston Public Garden has been maintained over a long period of time. The letter from the Massachusetts Horticultural Society says:

"It gives me pleasure to inform you that this society, acting through the Board of Trustees, has voted a special award to the City of Boston for the excellent way in which the Boston Public Garden has been maintained over a long period of time. Although some details have been criticized, the committee appointed by the trustees to consider this matter feels that the Boston Public Garden has taken a high place among all the gardens maintained by municipalities throughout the country. Particular commendation is given to the manner in which the trees have been cared for and labeled. This award will take the form of an illuminated scroll and will be delivered as soon as the work on the scroll has been completed."

BOSTON HOUSING AUTHORITY TO DEVELOP NEW LOW-RENT HOUSING SITE IN SOUTH END.

Chairman John A. Breen of the Boston Housing Authority announced that by a unanimous vote the Authority had taken by eminent domain an area in the South End district, bounded substantially by Harrison avenue, East Brookline, Mystic and Malden streets, for the development of a low-rent housing project.

This makes the sixth area so taken. The previous areas taken were in Charlestown, South Boston and the Lenox street, Mission Hill and Heath street districts of Roxbury.

A legal document setting forth the complete details of the action and accompanying plans were filed at the Registry of Deeds for Suffolk County on November 29.

Chairman Breen pointed out that prior to the taking the majority of the owners of the parcels taken had given voluntary options to the Authority, which it had accepted and exercised. He pointed out that the taking in no way affected the dealings by the Authority and the owners of property whose options have been exercised, and that each such owner was being so notified. The owners will be paid amounts agreed upon as quickly as the Authority staff can complete the tremendous amount of legal and clerical work involved. The taking was made to expedite the work of the Authority by clearing title to the area and thereby simplifying closings and bank procedure.

The Authority expects removals to start promptly. Demolition will begin immediately after the properties are vacated and construction will follow closely thereafter.

Mr. Breen stated that the location had been announced previously by the Boston Housing Authority as a site for a 500 dwelling unit project to be constructed at a cost of approximately \$3,000,000.

DAMAGES AWARDED.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That this Board determines that the undermentioned person sustains damages in her estate by the making of the public improvement consisting of the laying out and construction of Dixwell street, West Roxbury district, as a highway, from Columbus avenue to School street, under the order of the Board of October 24, 1940, in the amount hereinafter mentioned and awards said amount therefor.

Anna Skwarek, 525 square feet, \$1.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Glover court, South Boston district, as a highway, from Woodward street southwesterly for a distance of approximately one hundred and ninety feet, under the order of the Board of November 18, 1940, and awards no damages therefor.

POLICE DEPARTMENT ORDERS.*General Order No. 538.*

Patrolman George J. Harnden, Division 4, is commended for meritorious police duty performed on November 22, 1940, while on crossing duty in the South End, occasioned by the stopping of a runaway horse attached to a wagon.

The commissioner is pleased to recognize and commend Patrolman Harnden for his fearless response and devotion to duty shown on this occasion, which may have prevented serious injury or perhaps loss of life to some school child.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

FIRE DEPARTMENT ORDERS.*General Order No. 55.***I. CIVILIAN AUXILIARY FORCE.**

Members of the Boston Fire Department Civilian Auxiliary Force have been assigned to the following companies in this department:

DIVISION I.

District 1, Engine Company 5, 9, 11.
District 2, Engine Company 27, 32.
District 4, Engine Company 4.
District 5, Engine Company 25, 26.

DIVISION II.

District 6, Engine Company 1, 2, 43, 38.
District 7, Engine Company 3, 22, 33.
District 8, Engine Company 13, 37.
District 11, Engine Company 29, 41.

DIVISION III.

District 9, Engine Company 12, Ladder Company 23.
District 10, Engine Company 17.
District 12, Engine Company 28, 42.
District 13, Engine Company 30, 45.
District 14, Engine Company 46, 52.
District 15, Engine Company 19, 48.

Civilian Auxiliary Force members assigned to the above-named companies will report to these company quarters in case of emergency. In the event that the company is absent from quarters, the first Civilian Auxiliary Force mem-

ber to report shall telephone the Fire Alarm Office for instructions.

Civilian Auxiliary Force members must report twice a month for drill, that is, the first and fifth drill day of each month. These members have been instructed to report on the two drill dates for December, at 7.30 p. m. The company commanders shall announce the drill dates for the coming months in 1941 to the members. They shall be given the regular company drill, and a record of attendance shall be kept.

Deputy chiefs and district chiefs shall cooperate with Deputy Chief Dennis J. Coughlin in charge of the Civilian Auxiliary Force, by visiting the houses where drills are being conducted to see that they are executed in an efficient manner.

By order of Fire Commissioner
WILLIAM ARTHUR REILLY.

SAMUEL J. POPE,
Chief of Department.

*General Order No. 57.***I. RECALL SYSTEM ESTABLISHED IN CASE OF EMERGENCY.**

The following system for recalling members off duty is hereby established, effective 8 a. m., Monday, December 2, 1940. Upon orders of the chief of department or acting chief of department to the Fire Alarm Office the special recall signal (10)—2-2, will be struck two rounds on all tappers throughout the city. This will be a notification that an emergency exists and all members off duty are to report to duty immediately. This will include all members off duty, including vacation, sick, or injured leave. Members shall respond to their own company quarters if possible; if impossible to do this, they shall respond to the nearest company quarters and await instructions by special signal or from the Fire Alarm Office.

In each company quarters on top of the company commander's desk, the names and addresses of all members residing in the sub-district will be kept in a manila envelope suitably marked. It will be the duty of the company commander whose company is in quarters or covering at any other company quarters, when this signal has been sounded, to have called by messenger all members residing in that sub-district. This calling is not to be done over the department telephone.

Whenever a member of the Fire Prevention Division is a resident in the sub-district, he should be called first and directed by the company commander to make subsequent calls. Members on sick or injured leave reporting to company quarters can perform similar duty. Each member of the Fire Prevention Division has been assigned to a district and shall carry at all times the names and addresses of all members they have been assigned to call. Members of the Fire Prevention Division shall be on the alert for any emergency that might warrant the striking of the emergency signal. When aware of the fact that the emergency signal has been sounded they will abandon all other work and proceed to carry out the duties assigned to them by the sounding of the recall. Messengers who are detailed to notify members of the recall signal, may, in order to expedite notification, use the telephone. (Department telephones must not be used.)

Fire Alarm Office.—Upon the striking of the recall signal the Fire Alarm Office will notify the Bureau of Operations of the Boston Police Department who have made arrangements to assist in every way in notifying members of the recall. The Fire Alarm Office shall also request the radio stations to make an announcement over their stations, at intervals, that all Boston firemen are called back to duty.

Each company officer shall make a duplicate copy of the names and addresses of the members residing in his sub-district. Members shall not delay in reporting any change of address or telephone number on Form 5. When a member has changed his address he shall notify the company commander of the sub-district he is leaving and the one he is entering in order that the address may be kept accurate. In addition, he shall incorporate the names of the company officers so notified in his report sent to Headquarters. Company commanders shall make the necessary changes on these address cards.

All members of the department are required to memorize the special signals. Company officers, deputy chiefs and district chiefs shall question members at various times to make certain this is being done. A list of the special signals shall be posted at the patrol desk.

It is expected that when men are off duty they will be on the alert for any unusual condition that might require their services, before being called, and that they will respond with the same spirit that has been traditional in the Boston Fire Department.

In connection with the recall system the following special signals have been established:

SPECIAL SIGNALS ON ALL TAPPERS.

Ten (10) consecutive blows followed by the special signal will be struck two (2) rounds on all tappers:

- (10)—21 All members remain on duty.
- 22 Recall all members off duty.
- 23 All recalled men form their own companies.
- 24 Followed by box number. Recalled men go to box designated.
- 25 Release recall, emergency over.
- 26 Divide engine companies into two units.
- 27 Normal operation of engine companies.

By order of Fire Commissioner
WILLIAM ARTHUR REILLY.

SAMUEL J. POPE,
Chief of Department.

*General Order No. 58.***I. RETIREMENTS.**

The following retirements, which will take effect at 8 a. m., Wednesday, December 4, 1940, are hereby announced for the information of the department:

Capt. John H. Leary of Ladder Company 12.

Capt. Joseph P. Hanton of Engine Company 33.

Hoseman William H. Connor of the Fire Prevention Division.

The following retirement, which will take effect at 8 a. m., Monday, December 9, 1940, is hereby announced for the information of the department:

District Chief Charles A. Donohoe of District 13.

District Chief Donohoe was appointed to the department on May 17, 1893. He was promoted to the grade of lieutenant on September 16, 1910, to captain on December 1, 1916, and to district chief on May 1, 1922.

Captain Leary was appointed to the department on April 2, 1896. He was promoted to the grade of lieutenant on September 16, 1940, to captain on December 1, 1916, and to district chief on May 1, 1922.

Captain Hanton was appointed to the department on February 10, 1899. He was promoted to the grade of lieutenant on October 24, 1913, and to captain on January 2, 1920.

Hoseman Connor was appointed to the department on March 15, 1911.

All the foregoing members leave the department with the best wishes of their associates.

II. GEORGE D. ROBERTSON.

It is with deep regret that the Fire Commissioner announces the death, on November 23, 1940, of Hoseman George D. Robertson of Engine Company 48. Hoseman Robertson was appointed to the department on March 16, 1928.

The funeral was held from the funeral home of Joseph E. Carroll, 1117 River street, Hyde Park, at 2 p. m., Tuesday, November 26, 1940.

The Chief of Department detailed the Military Drill Company to act as a funeral escort and the members of Engine Company 48 were excused in order to attend the services.

III. NEW FIRE ALARM BOX.

A new fire alarm box, 12-5185, will shortly be established in St. Clement's Hall, 205 Foster street, Brighton, and will be connected into Circuit 64.

Company commanders shall make the necessary entry on the assignment card for Box 5185.

IV. A. D. T. ASSIGNMENTS.

The following signal numbers are to be added to the running cards of the A. D. T. Company in this department:

Signal 645, Home for Aged Men, 133 West Springfield street. Sprinkler System. Apparatus to respond: Engine 13, Ladder 12, District Chief 7. Nearest box is 13-1677.

Signal 646, Paine Furniture Company, 81 Arlington street. Sprinkler System. Apparatus to respond: Engine 26, Ladder 13, District Chief 7. Nearest box is 1519.

V. BOSTON AUTOMATIC CARD.

A new card, page 12, dated November 14, 1940, is being issued today for the Boston Automatic Assignment Book. This card will replace old page 12, dated December 7, 1935, which should be returned to Headquarters in the envelopes provided on or before Monday, December 9, 1940.

By order of Fire Commissioner
WILLIAM ARTHUR REILLY.

SAMUEL J. POPE,
Chief of Department.

MANY TYPES OF W. P. A. PROJECTS.

The Works Progress Administration has placed in operation a total of more than 300,000 projects. Except for the more pretentious types of construction, these projects have covered almost the whole field of American endeavor in meeting the primary objective of relieving unemployment. *The American City.*

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A surface drain of 12-inch pipe and seven catch-basins, W. P. A. Project 665-14-2-1167, Work Project 20303, in Portina road, between Wiltshire road and 100 feet southwest of Colwell avenue, in the Brighton district, at an estimated cost of \$7,330.

CONTRACT AMENDED.

The Marine Company has been allowed to amend the contract for the removal of Nordberg engine, generator, etc., from the Boston Public Library and reinstalling same in engine room, City Hall Annex, by striking out "July 26, 1940," as appearing on agreement approved by his Honor the Mayor on June 14, 1940, and inserting in place thereof "October 26, 1940."

EXTENSION OF CONTRACT.

The Warren Foundry and Pipe Corporation has been granted an extension of the completion date of the contract for furnishing approximately 100,000 pounds E iron castings (9 by 9 flanged frames) to the Water Division, Public Works Department, from December 31, 1940, to March 31, 1941. This extension has been recommended for the reason that sufficient time was not allowed to perform the work.

METROPOLITAN DISTRICT, 1938.

Total valuation of the 43 cities and towns in the Metropolitan District in 1938 was \$3,499,398,193 and the property tax on the same was \$130,474,309. The average tax rate was \$33.28. Strictly speaking, tax rates cannot be averaged. A rate of \$37.28 would be required to raise \$130,474,309 on a valuation of \$3,499,398,198. Of the total valuation, 44.37 per cent applied to property in Boston.

The total valuation of the 13 cities in the district was \$1,126,838,735 with a total property tax of \$42,494,084, requiring a tax rate of \$37.71.

Boston's tax rate of \$41.30 was exceeded by Chelsea (\$46.20), Revere (\$47.00), Saugus (\$46.00) and Somerville (\$43.90).

REVENUE BOND ACTS.

The 1936 issue of the "Municipal Index" contains a detailed study of the revenue bond acts in the thirty-three states which have enabling acts, and reports of all forty-eight states, showing what advantage has been taken of these acts by cities to finance the construction, operation and maintenance of sewerage systems and sewage treatment plants by service charges.

The table shows the status of revenue bond acts and other enabling acts in the different states, the dates when the acts became effective, and whether or not cities have taken advantage of the opportunity offered for financing bonds by service charges. In the case of states with no enabling acts, the table shows whether cities are charging sewer rentals under some other authority.

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE EXAMINERS OF ELECTRICIANS, 1941.

Examinations will be held at the following points and on the following dates:

Boston, Wednesday, January 8.
Lowell, Thursday, January 9.
Boston, Wednesday, February 5.
Worcester, Thursday, February 6.
Boston, Wednesday, March 5.
Fall River, Thursday, March 6.
Fall River, Friday, March 7.
Boston, Wednesday, April 2.
Springfield, Thursday, April 3.
Boston, Wednesday, May 7.
Worcester, Thursday, May 8.
Boston, Wednesday, June 4.
Boston, Wednesday, September 10.
Worcester, Thursday, September 11.
Springfield, Wednesday, October 15.
Pittsfield, Thursday, October 16.
Boston, Wednesday, November 5.
Lowell, Thursday, November 6.
Boston, Wednesday, December 3.
New Bedford, Thursday, December 4.
New Bedford, Friday, December 5.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held and only those so notified will be examined on that day.

STEPHEN C. GARRITY,
WALTER F. DOWNEY,
ULYSSES J. LUPIN,
ALBERT FRANK,
WALTER J. KENEFICK,
State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 303, 14 Beacon street, Boston, Mass.

PROCEEDINGS OF CITY COUNCIL.

Monday, November 25, 1940.

Regular meeting of the City Council held in the Council Chamber, at 2 p. m., President GALVIN in the chair. Absent, Coun. Goode and Hurley. The meeting was opened with the salute to the Flag.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments, viz.: Weighers of Coal: Louis Novick, 55 Pasadena road, Dorchester, Mass.; Dorothy Novick, 55 Pasadena road, Dorchester, Mass.; Arthur J. Sangster, 16 Wampatuck road, Quincy, Mass. Weigher of Goods: William J. Kelly, 515 Beacon street, Boston, Mass. Severally laid over a week under the law.

CAR TRACKS, NORFOLK STREET.

The following was received:

City of Boston,
Office of the Mayor, November 22, 1940.
To the City Council.

Gentlemen,—I transmit herewith communication from the President and General Manager of the Boston Elevated Railway relative to your order of October 28, 1940, concerning the removal of the car tracks on Norfolk street, at Codman square junction.

Respectfully,
MAURICE J. TOBIN, Mayor.

Boston Elevated Railway,
November 22, 1940.

Mr. W. T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—Since the receipt of your letter of October 31, with order of the City Council requesting the removal of car tracks in Norfolk street, at Codman square, Councilor Wickes has been contacted, and what he desires would involve the removal of 381 linear feet of single track.

We have no objection to the removal of this track but it is customary to remove track not required for transportation purposes in connection with the repaving of the street, as the railway is not obligated to restore the pavement after the removal of the track. This expense would devolve upon the City of Boston if our track is removed in Norfolk street, at Codman square.

Very truly yours,
EDWARD DANA,
President and General Manager.

Placed on file.

FEDERAL HOUSING PROJECTS IN CHARLESTOWN.

The following was received:

City of Boston,
Office of the Mayor, November 22, 1940.
To the City Council.

Gentlemen,—I transmit herewith communication from the chairman of the Boston Housing Authority relative to your order of September 9, 1940, concerning the making of a survey and report the possibility of additional Federal Housing Projects in Charlestown.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Boston Housing Authority,
October 4, 1940.

Mr. William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—This will acknowledge receipt of your communication of recent date, concerning the City Council order of September 9, 1940,

"That the Boston Housing Authority be requested, through his Honor the Mayor, to make a survey and report the possibility of additional Federal Housing Projects in Charlestown."

You are respectfully advised that when additional funds are available, this Authority will give every consideration to the possibility of additional housing projects in Charlestown.

Respectfully,
JOHN A. BREEN, Chairman.

Placed on file.

RESURFACING DORCHESTER AVENUE.

The following was received:

City of Boston,
Office of the Mayor, November 22, 1940.
To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works relative to your order of October 21, 1940, concerning the resurfacing of Dorchester avenue, from the Rapid Transit Bridge to Peabody square, Ward 16, under the W. P. A. plan of construction.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
November 18, 1940.

William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—This is in reference to the following order that was passed in the City Council on October 21, 1940:

"Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to resurface Dorchester avenue, from the Rapid Transit Bridge to Peabody square, Ward 16, under the W. P. A. plan of construction."

Due to the season of the year and the proximity of the anticipated inclement weather, it would be impractical to start any of the above-referenced resurfacing work at the present time.

When preparing the W. P. A. street construction program for 1941, however, careful consideration will be given to complying with the provisions of the above order.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

ANNOUNCEMENT OF SNOW REMOVAL REGISTRATION ON RADIO.

The following was received:

City of Boston,
Office of the Mayor, November 25, 1940.
To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works relative to your order of November 18, 1940, concerning the making due announcement, over the radio and in the daily press, that those desiring employment on snow removal work must register at their local city yards during the period from November 18 to November 23, inclusive.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
November 25, 1940.

Mr. William Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—This is in reference to the following order that was passed in the City Council on November 18:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to make due announcement, over the radio and in the daily press, that those desiring employment on snow removal work must register at their local city yards during the period from November 18 to 23, inclusive."

I wish to take this opportunity to express my appreciation for the splendid cooperation extended to this department by the City Hall representatives of the press and by the officials of the local radio stations in connection with the subject matter of the above order.

The publicity given this matter in the newspapers and over the radio was a most important factor in the success of the snow registration week, during which time 10,730 persons registered at the various district yards for snow removal work.

Very truly yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Leonard J. Beckwith, for compensation for damage to car caused by an alleged defect in Ruggles street.

Cecilia Burke, for compensation for injuries caused by an alleged defect at 427 Washington street.

Albert H. Curran, for compensation for injuries caused by fire apparatus.

Henry Doherty, to be reimbursed for accident occurring in performance of duty.

G. F. Fredericks, for compensation for damage to car by car of Health Department.

Charles McCarthy, to be reimbursed for accident occurring while in performance of duty.

William M. Miller, for compensation for damage to car by police car.

Andrew Murphy, to be reimbursed for accident which occurred while in performance of duty.

Lorraine Ness, for refund on dog license.

Emily A. Quinn, for compensation for damage to property at 11 Water street, Neponset, caused by bursting water pipes.

Dora Rochman, for compensation for injuries caused by an alleged defect in Woodrow avenue.

Louise H. Schaff, for compensation for injuries caused by an alleged defect in Dorchester street.

Mary Shiels, for compensation for injuries caused by an alleged defect in Eggleston square.

Christopher W. St. George, for compensation for damage to clothing caused by an alleged defect in Frankfort street, East Boston.

Mary C. Smith, for compensation for collapse of water boiler at 42 Rill street.

Committee on Licenses.

Petitions for driveway openings, viz.:
Claire Reese Knight, 64 Stratford street.
Margaret Scannell, 240 Medford street, Ward 2.

ELECTION RETURN OF VOTES ON LICENSE.

The following was received:

City of Boston,
Board of Election Commissioners,
November 15, 1940.

Wilfred J. Doyle, Esq.,
City Clerk.

Dear Sir,—We hereby certify that at the State Election held November 5, 1940, the vote upon the license questions in this city was as follows:

1. Shall licenses be granted in this city (or town) for the sale therein of all alcoholic beverages (whisky, rum, gin, malt beverages, wines and all other alcoholic beverages)? Yes, 203,387. No, 50,545.

2. Shall licenses be granted in this city (or town) for the sale therein of wines and malt beverages (wines and beer, ale and all other malt beverages)? Yes, 197,069. No, 43,649.

3. Shall licenses be granted in this city (or town) for the sale therein of all alcoholic beverages in packages, so called, not to be drunk on the premises? Yes, 203,609. No, 38,536.

Very truly yours,
WILLIAM A. MOTLEY, JR.,
FREDERIC E. DOWLING,
FRANCIS B. MCKINNEY,
HILDA HEDSTROM QUIRK,
Board of Election Commissioners.

Placed on file.

APPROVAL OF TAX TITLE LOAN.

Notice was received from the Emergency Finance Board of vote passed November 22, 1940, approving renewal of tax title loan of \$1,500,000. Placed on file.

MINORS' LICENSES.

Applications for minors' licenses were received from nine newboys and six boothblacks. Leave granted on usual conditions.

ELECTION OF STENOGRAPHER-CLERK

Coun. FISH offered the following:
Ordered, That the City Council now proceed to the election of a stenographer-clerk.

The order was passed.
President GALVIN—The clerk will call the roll and each councilor, as his name is called, will announce his choice.

Coun. LINEHAN—Mr. President, I would like to ask a question for information. I would ask the President if this refers to the matter that we discussed last week?

President GALVIN—Yes.
Coun. LINEHAN—Nothing new?
President GALVIN—No.

Coun. SHATTUCK—Mr. President, I am not opposed to the appointment of this particular person, and it may be that we need additional stenographic assistance. But I think we ought to consider the question in connection with the services to the Council as a whole. We still have before us another proposed position, a first assistant city messenger, that has been on the table here for a long time, and we have not decided what action we are going to take on that. Another difficulty is the fact that we have an employee on part-time service where probably we should get full-time service. I should like, therefore, to see the entire situation as to the various attachés and their duties considered as a whole, taking up the question of whether they are fully employed in their duties and whether or not we could get along perhaps without filling this vacancy, with more efficient service from those who are here now. For that reason, as this matter now comes up for a "Yes" or "No" vote, I shall vote "No," because I think we ought to review the entire situation so far as these services are concerned and the duties in connection with them.

Coun. GOTTLIEB—Mr. President, I feel that the suggestion of the councilor from the Back Bay is an excellent one, and I agree with him that we should in the future review the activities of the attachés of the City Council. But I feel that it is fairly obvious that the duties of the other attachés of the Council, as they are revealed to us, do not in any way affect the value of this particular appointment. This appointment deals with the services of a stenographic clerk, and we all know that the services that we as members of the City Council need most are the services of a stenographer. The young man for whom this appointment is considered, for whom the position was created, is one who can do stenographic work, and, regardless of what we may decide about the other positions, this is an appointment that I believe should be made. It may be that, in regard to other assistance, it might be obtained from the regular civil service stenographic lists, in order that members of the Council may have

the assistance they should have in taking care of the letters that must be sent to their respective constituents. I do feel, however, that this appointment should be made.

Coun. CAREY—Mr. President, I am inclined to agree with what Councilor Shattuck has said, although I want it understood that I have no objection to the young man here referred to in this order. This young man—Alfred C. Holland, of 77 Park street, Dorchester—is a capable young man, who has already displayed his ability to the members of the Council. While I have no objection whatever to the young man personally, I think I must subscribe to the remarks that have been made by Councilor Shattuck, to the effect that the whole subject of the attachés rendering assistance to the members of the Council should be considered at one time. I feel, therefore, that I will have to pass on this vote at this particular time.

President GALVIN—The clerk will call the roll, and the members as their names are called will rise and declare their choice.

On the roll call, the following members voted for Alfred C. Holland, of 77 Park street, Dorchester:

Coun. Coffey, Englert, Fish, Galvin, Gottlieb, Hutchinson, Kelly, Langan, Linehan, Lyons, Russo, Scannell, D. F. Sullivan, M. H. Sullivan, Taylor, Ward, Wickes—17.

No—Coun. Shattuck—1.

When Coun. Shattuck's name was called he said: Mr. President, I rise partly to make an inquiry. I am not in favor of filling this position at this time. Is there any form in which I should vote under those circumstances?

President GALVIN—The question is on filling the position. That is the chief question.

Coun. SHATTUCK—And I do not wish to fill the position at this time. So, if that is the proper way to state my position, I shall vote "No."

President GALVIN—Seventeen members having voted for Mr. Holland, he is appointed to the position.

Coun. LINEHAN—Mr. President, as I understand the situation, our vote simply means that the city is not spending one dollar more for the services rendered by this man; that he has been paid for the services we have been receiving at a return of \$1,800 a year?

President GALVIN—That is correct.

CONFIRMATION OF EXECUTIVE APPOINTMENTS.

President GALVIN called up, under unfinished business, No. 2 on the calendar, viz.:

2. Action on appointments submitted by the Mayor November 18, 1940, of Lloyd Moulton, Walter Everton, Jr., Fred Cameron and John Walsh to be Weighers of Coal.

The question came on confirmation. Committee, Coun. Ward and Chase. Whole number of ballots 17; yes 16, no 1, and the appointments were confirmed.

PERMANENT OPERATOR, CITY HALL ELEVATOR.

Coun. COFFEY offered the following:

Ordered, That the Superintendent of Public Buildings be requested, through his Honor the Mayor, to appoint a permanent operator on the elevator on the west side of City Hall.

Coun. COFFEY—Mr. President, the situation referred to in this order was brought to our attention here several weeks ago. At the present time they are using welfare recipients to operate the elevator.

The order was passed under suspension of the rule.

REPORT OF COMMITTEE ON FINANCE.

Coun. SHATTUCK, for the Committee on Finance, submitted the following:

Report on message of Mayor and order (referred November 18) for loan of \$325,000 for Public Works and Public Welfare Departments—that same ought to pass.

The report was accepted and the question came on the passage of the order.

Coun. SHATTUCK—Mr. President, when the \$2,000,000 title loan was up, last Monday, I read a letter from the City Auditor concerning the state of the indebtedness and the probable further issues that might be made during the balance of the fiscal year, and in that letter it appeared that the auditor did not have in mind this welfare loan, that his forecast did not include a loan for welfare purposes. I now have before me a letter from the Budget Commissioner, who keeps track of these things, and he says that this will be the last borrowing for welfare for the current year and that the borrowing for this year will be smaller than for last year, and that "the financial officers of the city have high hopes of reducing the requirements considerably in the coming year." I also have another letter from the City Auditor in which he gives a somewhat closer estimate of the city debt, and the figures show that the condition of the city will at any rate be a little better than it was at the end of the last fiscal year. At the committee meeting last Thursday we had present the City Auditor, Mr. O'Hare

and Mr. Murphy of the Welfare Department, and Budget Commissioner Lang, and the amount stated in the order has received the approval of your committee. I think any further comment is unnecessary.

The letters referred to by Coun. Shattuck are as follows:

City of Boston,
Budget Department, November 22, 1940.
Hon. Henry L. Shattuck, 50 Federal Street,
Boston, Mass.

Dear Councilor Shattuck,—I have talked with City Auditor Fox concerning his letter to you of November 15, and undoubtedly he had borrowing other than for relief purposes in mind when he wrote you. The present order pending before the Council for W. P. A. and Welfare funds, barring some remote contingency (which is highly improbable), will furnish the city with sufficient

Net Debt, October 31, 1940.....	\$130,021,783 95
Plus debt issued as of November 1, 1940.....	867,000 00
	\$130,888,783 95
Less:	
Debt due and payable December 1, 1940.....	\$2,313,000
Debt due and payable December 31, 1940.....	283,500
Estimated betterment collections.....	50,000
	2,646,500 00
Estimated net debt December 31, 1940.....	\$128,242,283 95

The above computation has been made without any reference to the debt measure now under consideration by your committee. Since the approval of the City Council and the Emergency Finance Board must be secured for this measure I have not felt it desirable to include it in my calculations. Assuming it is eventually approved and the debt actually issued, the net debt figure shown in the foregoing table will be correspondingly increased.

Very truly yours,

CHARLES J. FOX,
City Auditor.

The report was accepted and the order passed, yes 19, nays 0.

SUPERVISOR OF NURSES, CITY HOSPITAL.

Coun. WICKES offered the following:

Ordered, That the Board of Trustees of the Boston City Hospital be requested, through his Honor the Mayor, to inform the Boston City Council whether or not "a serious situation in the nursing school in 1936-37," referred to in the "Report on Hospital by Finance Commission April 6, 1939," has since been sufficiently remedied to the extent that a Boston City Hospital graduate nurse can be considered as eligible for the position of supervisor of nurses; be it further

Ordered, That if the information given by the Board of Trustees answers the above request affirmatively, that the said Board of Trustees be requested, through his Honor the Mayor, to immediately discharge the newly-appointed supervisor of nurses and appoint a Boston City Hospital graduate nurse as acting supervisor until such time as a permanent supervisor be appointed.

Passed under suspension of the rule.

CONGRATULATIONS TO BOSTON COLLEGE EAGLES.

Coun. SCANNELL offered the following:

Whereas, The Boston College Eagles, not alone by the success that has marked their efforts on the gridiron but by the caliber of sportsmanship and splendid manhood manifested by Coach Leahy's team on every occasion, has rendered a distinctive service to the city whose name the team bears; therefore be it

Resolved, That the Boston City Council's membership congratulate the coaching staff and playing squad and express the sincere hope that the Boston College team as the No. 1 football aggregation of the nation may be selected as the competitor for the Rose Bowl game.

Passed under suspension of the rule.

NAMING OF TRAFFIC CIRCLE AT ANDREW SQUARE.

Coun. LINEHAN offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to name the new traffic circle at Andrew square, Ward 7, Count Casimir Pulaski Circle, and that same be suitably marked with signs.

Passed under suspension of the rule.

CONDITION OF PARKS AND PLAY GROUNDS.

Coun. LINEHAN offered the following:

Ordered, That the Budget Commissioner be requested, through his Honor the Mayor, when considering the Park Department budget for 1941

funds to continue its relief and welfare programs for the balance of the year.

This borrowing results in an over-all total of less than last year, and the financial officers of the city have high hopes of reducing the requirements considerably in the coming year.

Very truly yours,

FRANCIS X. LANG,
Budget Commissioner.

City of Boston,
Auditing Department, November 22, 1940.
Hon. Henry L. Shattuck, 50 Federal Street,
Boston, Mass.

Dear Councilor Shattuck,—For your information and consideration, I am submitting the following table, which shows in more exact form than the estimate submitted to you in my letter of the 15th instant of the probable net debt of the city at the close of the current year:

to allow a sum sufficient to place all the parks and playgrounds throughout the city in proper condition.

Coun. LINEHAN—Mr. President, earlier in the year I filed an order asking his Honor the Mayor to request the Park Commissioner to place in proper condition the various, what I call sand-lot, playgrounds. I have been informed since then that there was insufficient money in the budget of the Park Department to do that, but that probably some time in the near future it might be taken care of. I certainly realize that if we are going to have it done next year some plan must be devised so that the Park Commissioner will have sufficient money in his budget to take care of the needs of the playgrounds throughout the city. I have had occasion to see about six park football games this last fall, and I know that many players have been injured due to the fact that there was not grass enough on the playgrounds, and that the players fell on hard, stony ground. While I have noticed that, particularly on a playground in South Boston, I think the same thing applies to every playground in the city. Certainly such a condition should be remedied. I realize that it is going to cost money to get such improvements, but I also know that a tremendous amount of money is being spent on beautiful places like the Public Garden and the Fens. Of course, we all realize the importance of having such beautiful places, but they do not help to build up the bodies of the youngsters of the city. We all know that at the present time the selective draft is in operation, and that they are calling on young men from twenty-one to thirty-five in that draft. I certainly feel that when these youngsters get to the age of twenty-one, they will be in better shape to go successfully through a year of the draft if they have proper playground facilities afforded them. That will certainly place them in better physical condition, and it seems to me exceedingly important, therefore, that the playing conditions in the athletic fields throughout the city should be improved. I intended to wait until next year before filing such an order for South Boston and other parks or playgrounds, but I think it would be better to act upon the matter now than it would be to wait until the incoming year, so that proper attention may be given to the matter and it can be taken care of. If action is taken at this time, something can undoubtedly be done in the way of properly preparing the city playgrounds in the near future. If the result should be that we spend a little less money on the Public Garden and other so-called beauty spots, and spend somewhat more in this way so that the youngsters can have proper playing facilities, I think we will have healthier youngsters to build up the citizenry of the City of Boston. I sincerely hope, therefore, that the matter will be brought to the attention of his Honor the Mayor in this way. I know that he would like to do it, and we can at least request the Budget Commissioner, through his Honor the Mayor, to allow a sum sufficient for this purpose.

The order was passed under suspension of the rule.

SUPERINTENDENT OF NURSES, CITY HOSPITAL.

Coun. KELLY—Mr. President, I ask unanimous consent to make a statement.

President GALVIN—If there is no objection, the councilor may proceed.

Coun. KELLY—Mr. President, we learn that Miss Busche has been appointed Director of the City Hospital School of Nursing and Superintendent of the Nurses' Service, succeeding Miss Laura Logan. Mr. President, you and I were members of the Council in 1938, when the hospital budget was submitted to the members of the City Council,

and there was then an order introduced to cut the hospital budget \$15,000, which sum would include the salaries of Miss Logan and others of her staff. I realized, as other members did at that time, that such a reduction could not be applied by us to such specific cases, that it would simply mean a cut in the total amount for the City Hospital, and that it did not necessarily mean that the cut would affect Miss Logan and her assistants. One year later I was going to introduce a similar order, but the trustees promised me that if I would lay off, not giving publicity to the matter in the City Council, Miss Logan's services would be dispensed with, and a graduate of the City Hospital Nursing School would get the position. Naturally, I did not push the matter further at that time. So later on their promise to me was made good, as we all know, so far as Miss Logan was concerned. But, lo and behold, what did they do? Instead of appointing one of the Nursing School graduates, they insulted the intelligence of the Boston City Hospital Nursing School graduates, who are certainly qualified for this position in the City Hospital, by appointing Miss Logan's assistant, Miss Busche, thereby discouraging every girl there who has gone through the City Hospital School of Nursing. What more discouraging thing could be done, under the circumstances, than the appointing of Miss Logan's assistant, instead of giving the job to a Boston girl and a graduate of that nursing school? Certainly, such a girl is entitled to the position and is qualified to fill the position.

(See later in session, under same heading.)

PAYMENTS OF WELFARE RECIPIENTS ON WEDNESDAY.

Coun. D. F. SULLIVAN offered the following:
Ordered, That the Overseers of Public Welfare be requested, through his Honor the Mayor, to consider the possibility of paying recipients of welfare, Mothers' Aid, and old age pension, who usually receive their allotment on Friday, on Wednesday, as Thursday is Thanksgiving.

Passed under suspension of the rule.

NO DUMPING OF SNOW ON PLAY- GROUNDS.

Coun. D. F. SULLIVAN offered the following:
Ordered, That the Park Commissioner be instructed, through his Honor the Mayor, to allow no snow to be dumped in the various playgrounds throughout the city; and be it further

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to notify all contractors of same.

Passed under suspension of the rule.

PROHIBITION OF NOISE.

Coun. M. F. SULLIVAN offered the following:

Unnecessary Noise: Punishment.

Be it enacted, etc.

(A) Subject to the provisions of this ordinance the creation of any unreasonably loud, disturbing and unnecessary noise in the city is prohibited. Noise of such character, intensity and duration as to be detrimental to the life or health of any individual is prohibited.

(B) The following acts are declared to be loud, disturbing and unnecessary noises in violation of this section:

1. The sounding of any horn or signal device on any automobile, motorcycle, bus, street car or other vehicle while not in motion, except as a danger signal if another vehicle is approaching apparently out of control, or if in motion only as a danger signal after or as brakes are being applied and deceleration of the vehicle is intended; the creation by means of any such signal device of any unreasonably loud or harsh sound; and the sounding of such device for an unnecessary and unreasonable period of time.

2. The playing of any radio, phonograph or any musical instrument in such a manner or with such volume, particularly during the hours between 11 p. m. and 7 a. m. as to annoy or disturb the quiet, comfort or repose of persons in any dwelling, hotel or other type of residence.

3. The keeping of any animal which by causing frequent or needlessly long continued noise shall disturb the comfort and repose of any person in the vicinity.

4. The use of any automobile, motorcycle, street car or vehicle so unreasonably out of repair, so loaded in such a manner as to create loud and unnecessary grating, grinding, rattling or other noises.

5. The blowing of any steam whistle attached to any stationary boiler except to give notice of the time to begin or stop work or as a warning of danger.

6. The discharge into the open air of the exhaust of any stationary internal combustion engine, automobile motor or motor boat engine except through a muffler or other device which will effectively prevent loud or explosive noises therefrom.

7. The erection, including excavating, demolition, alteration or repair of any building other than between 7 a. m. and 6 p. m. on week days; except in case of urgent necessity in the interest of public safety or welfare and then only with a permit from the commissioner of police, which permit may be renewed for a period of three days or less while the emergency continues.

* 8. The creation of any excessive noise on any street adjacent to any school, institution of learning or court while the same is in session, or adjacent to any hospital, which unreasonably interferes with the workings of such institution, provided conspicuous signs are displayed in such streets indicating that the same is a school, hospital or court street.

9. The creation of a loud and excessive noise in connection with loading or unloading any vehicle or the opening and destruction of bales, boxes, crates and containers.

10. The use of mechanical loud speakers or amplifiers on trucks or other moving vehicles for advertising or other purposes except upon specific permit therefor from the commissioner of police.

(C) Violations: Any person who shall violate any of the provisions of this section shall be punished as follows: Upon conviction for the first offense, by a fine of one dollar or by imprisonment for one day; upon conviction for the second offense within one year from the commission of the first offense, by a fine of two dollars or by imprisonment for two days; upon conviction for a third offense within one year from the commission of the first offense, by a fine of ten dollars, or by imprisonment for ten days.

Coun. M. H. SULLIVAN—Mr. President, I understand that there is among the City Ordinances today an ordinance relating to noise in the City of Boston, but I believe this is a more comprehensive ordinance on that subject. Some time ago Mayor LaGuardia had an ordinance passed in New York relating to noise in that city, and this ordinance I now present is based on the ordinance submitted by Mayor LaGuardia at that time, and it has been taken up by one of the Boston newspapers, and as I have presented it here it is substantially as it appeared in the editorial columns of that paper. I believe that the provisions of the New York ordinance, as here submitted, cover the subject better than our present ordinance, but, of course, it can be submitted to Councilor Lyons' committee, the Committee on Ordinances, and they can examine it.

Coun. LYONS—Mr. President, will the councilor explain what noises there are now in Boston that are not covered by our present ordinance.

Coun. M. H. SULLIVAN—The Council meetings on Monday. (Laughter.)

The ordinance was referred to the Committee on Ordinances.

REPORT OF COMMITTEE ON PUBLIC LANDS.

Coun. RUSSO, for the Committee on Public Lands, submitted the following:

Report on message of Mayor and order (referred November 18) for sale of land on Chestnut Hill avenue—that same ought to pass.

The report was accepted, and the question came on the passage of the order.

Coun. COFFEY—Mr. President, this is the same order that we tabled last week. I should like to have somebody in charge give us some information with regard to it. I thought that I might be asked to sit in with the Committee on Public Lands, to see what they were going to do with this matter of the sale of this land. If it is just the same to the chairman of the Committee on Public Lands (Coun. Russo), I would like to have him explain what happened.

Coun. RUSSO—Mr. President, on November 20 we had a meeting of the Committee on Public Lands. There were present at that meeting Rabbi Shubov, Jacob Fisher, and Mr. Jacob B. Learner, as men interested in this particular parcel of land. They stated at the time that the land would be used for the erection of a synagogue and what was termed a room for study. They are willing to incorporate that in the bill of sale, so that there will be no question in anybody's mind of the land being used for any other purposes.

The order was passed, yeas 20, nays 0.

"STOP" SIGNS, WARD 10.

Coun. CAREY offered the following:
Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install "Stop" signs at the junction of Lamartine and Mozart streets, Ward 10.

Passed under suspension of the rule.

EMERGENCY DELIVERY OF FUEL.

Coun. CAREY offered the following:
Ordered, That the Overseers of the Public Welfare be requested, through his Honor the Mayor, to make immediate arrangements for the emergency delivery of fuel to recipients of welfare aid, Mothers' Aid, and Old Age Assistance.

Coun. CAREY—Mr. President, as I understand the basis of numerous complaints received over the week-end, there has been no delivery made

of fuel to Mothers' Aid and Welfare cases, although I hear that there have been a few deliveries to recipients of old age assistance. It is pretty late in the year, today for example is very cold, and we have had cold weather for the past few days, with the holiday coming along on Thursday. But it seems that these recipients, through no fault of their own, must wait. I don't think his Honor the Mayor is to be blamed for it. Clearly, however, immediate action should be taken. There is necessarily, of course, some delay in mailing out orders and getting deliveries; so it becomes all the more important that action be taken at once. Certainly, with such weather as we are having today, these people are entitled to fuel. Certainly, some plan should be made whereby emergency deliveries can be completed between now and the next forty-eight hours. It is certainly better, even if they were to look at it merely from the economical standpoint, that these Mothers' Aid, Welfare and Old Age Assistance cases should be taken care of by prompt deliveries of fuel, rather than have these people obliged to go to the City Hospital or to Long Island. I hope the order will be passed today and that these people will be taken care of immediately.

The order was passed under suspension of the rule.

Coun. M. H. SULLIVAN in the chair.

ROPING OFF STREETS THANKSGIVING DAY.

Coun. GALVIN offered the following:
Ordered, That the City Messenger be directed to do the necessary roping in connection with the Thanksgiving Day Parade to be conducted on Thursday, November 28, the expense of same to be charged to the City Council appropriation for Flags, Ropes and Stakes.

Passed under suspension of the rule.

SCHOOL PROPERTIES AVAILABLE FOR PLAYGROUNDS, WARD 21.

Coun. WARD offered the following:
Ordered, That the Department of School Buildings be requested by his Honor the Mayor to make a survey of all unused school properties available for playground purposes in Ward 21.

Passed under suspension of the rule.

ARC LIGHT, BELLVISTA ROAD, WARD 21.

Coun. WARD offered the following:
Ordered, That the Public Works Department be directed to place an arc light on Bellvista road, corner of Allston street, Ward 21.

Passed under suspension of the rule.

BUS SHELTER, WARD 19.

Coun. GOTTLIEB, for Coun. Langan, offered the following:

Ordered, That his Honor the Mayor request the Park Commissioner to consider the advisability of building a bus shelter on Centre street, Ward 19, in front of the Poor Clare Convent.

Passed under suspension of the rule.

PEDESTRIAN LIGHT, WARD 19.

Coun. GOTTLIEB, for Coun. Langan, offered the following:

Ordered, that his Honor the Mayor request the Traffic Commissioner to consider the advisability of installing a pedestrian light at the traffic circle at Pond street and the Arborway, Ward 19, when same is erected.

Passed under suspension of the rule.

OPPOSITION TO PROPOSED LUXURY TAX.

Coun. HUTCHINSON offered the following:
Whereas, The so-called luxury tax proposed by the State Tax Commissioner is obviously misnamed, affecting as it does the prices of several necessities of life; and

Whereas, This new tax militates against the interests of citizens of modest income who are least able to pay this additional expense; therefore be it

Resolved, That the membership of the Boston City Council voice their opposition to this proposed plan for additional taxes.

Referred to the Committee on Rules.

RECESS.

On motion of Coun. COFFEY, the Council at 3.15 went into executive session, subject to the call of the Chair. The members reassembled and were called to order by Coun. M. H. SULLIVAN at 3.36 p. m.

REPORT OF COMMITTEE ON LICENSES.

Coun. FISH, for the Committee on Licenses, submitted the following:

1. Report on petitions for driveway licenses, recommending that leave be granted, viz.:

New England Deaconess Hospital (referred November 18), at 175 Pilgrim road.

New England Deaconess Hospital (referred November 18), at 30 Autumn street, Ward 4.

H. P. Hood & Sons, Inc. (referred September 16), Saratoga street, Ward 1.

Jennie Gavegnano, 321 and 323 Bennington street.

Erhardt Schatz (referred September 30), 76 Norton street.

Report accepted; licenses granted under usual conditions.

2. Petition of Modern Bus Lines, Inc. (referred June 24), to operate five motor vehicles commencing at Boston-Dedham line at Spring street, over Spring street, over State Route 1 to Boston-Dedham line. Also commencing at Boston-Dedham line at Washington street, over Washington street to Forest Hills elevated station and return—that same ought to pass.

Report accepted; license granted under usual conditions.

USE OF TAX LIEN PROPERTIES FOR PLAYGROUNDS.

Coun. CHASE offered the following:

Ordered, That the proper authorities be requested, through his Honor the Mayor, to make a survey of all old and dilapidated buildings in the congested areas of the city, which were taken for non-payment of taxes, with a view to converting same into playgrounds under a W. P. A. plan.

Coun. CHASE—Mr. President, there are many old and dilapidated buildings in certain areas of the city which are nothing but firetraps and hazards to public safety. The City of Boston now has title to these properties. They are absolutely valueless and a liability to the city. In view of the fact that the city is constantly thinking of ways and means to use W. P. A. money to keep the idle employed, I think this is a place where many people might be employed, razing these old buildings, which are nothing but eyesores and fire risks, and thereby creating space for playgrounds for the children. One of the old stories is that the city cannot afford to continue to carry on these playgrounds, because it necessitates the placing of playground supervisors in them. You and I know that in many congested areas of the city the children are compelled to play on the streets and sidewalks, with practically no protection whatever. It would be much better to have them in a safe place, in a confined area, without supervision, than in the middle of the streets, where they are constantly in jeopardy, from automobile traffic and other menaces. The city could convert such properties, even small areas, into safety zones for the children, walled or protected in other ways, thus allowing the children to enjoy these safety zones, even if sufficient money could not be appropriated to equip them for playgrounds and to supervise them. I hope his Honor the Mayor will consider this matter, because I know he is very much interested in providing playground areas for the children.

Coun. GALVIN—Mr. President, I am in full accord with the councilor in his proposition to tear down these old, dilapidated buildings. I know that we have in Charlestown many that might be torn down by Jim Mooney, furnishing playing areas for the children and at the same time furnishing employment. I think Jim Mooney's department might well tear down these dilapidated structures throughout the city, and at least a part of the expense might be charged up in many cases to the owners.

Coun. TAYLOR—Mr. President, I also wish to agree with the councilor from the Back Bay (Coun. Chase) in this matter, and we are all glad to see the councilor coming around to the democratic view of things! That seems to be one good influence that the councilor's Democratic surroundings in this Body have had upon him. He is coming to see the light, to appreciate the position of the poor people, who have not been able to receive all the good things in life, some of which he is now willing to give to them!

Coun. SHATTUCK—Mr. President, it might possibly be pleasing to the gentleman who has just taken his seat to know that I have observed certain parts of my district, more particularly towards the South End, where there are many dilapidated buildings. I have on several occasions been in conference with Mr. Mooney and others connected with the city government in regard to the matter, and I think the proposed action would also be very helpful to the people who are keeping up their buildings, and would be a stimulating influence in many districts where buildings have fallen down, got into bad condition, and should be removed, the spaces thereby being made available for playground purposes, instead of being haunts of vice and being used for various undesirable purposes.

Coun. CAREY—Mr. President, I heartily agree with the order and with the remarks made in connection with it, but I certainly do hope that, if there is going to be any demolition of big buildings, the foundations will be razed to the surface of the ground and that "No Dumping" signs will be placed thereon. I have in my district several places where buildings have been demolished

by the Building Department or private individuals, where the foundations have not been razed to the surface of the ground. There is such a place in particular opposite the Mission Church, which is a disgrace to the locality. I see youngsters playing around the lot, making fires and throwing rocks, doing all these things to which there is such a temptation, because the job has not been completed. I feel, therefore, that where there is such demolition of dilapidated buildings throughout the city an effort should be made to make the final report presentable to the public.

The order was passed under suspension of the rule.

SUPERINTENDENT OF NURSES, CITY HOSPITAL.

Coun. KELLY—Mr. President, I ask unanimous consent to make a statement.

Chairman SULLIVAN—If there is no objection, the gentleman may proceed.

Coun. KELLY—Mr. President, in addition to the remarks I have already made in regard to the appointment of a new Superintendent of Nurses in the Boston City Hospital, I am going to further ask that this piece in regard to the Training School, printed in the "Association News," published by the Boston City Hospital Employees' Association, be printed in our minutes as a matter of record.

(The article referred to by Coun. Kelly, published under date of October, 1940, is as follows:

"THE TRAINING SCHOOL."

"No humanly created institution can assume a position of eminent success in its field of endeavor until it has withstood the tempering of the years. The test of true art, of a truly great book, of an inspiring drama, or of a heart-stirring melody, is not the immediate emotional furor and stir caused by its presentation to the public. If, however, a generation passes and still the work of art has power to uplift the soul of those who come in contact with it then, by that test of time, and there is no more severe test in all the world, by that test does the work put on the cloak of eternal fame.

"The Boston City Hospital Training School for Nurses is an institution which has withstood the eroding effects of time. Far from detracting from the reputation of eminently successful service which its graduates have brought it in the past, the fleeting years have but enhanced its glory and added crown after crown to its laurels of the past.

"Sixty-two long years have come and gone since the establishment of the Boston City Hospital Training School for Nurses. The sixty-two years of testing have placed it among the recognized leaders in this field of human endeavor. A great deal of the success of the nursing school is due to the wisdom, efficiency and depth of character of its first superintendent, Miss Linda Richards, R. N. The traditions inculcated by her have developed into an esprit de corps which has stamped the graduates of the Boston City Hospital School of Nursing wherever they happen to be. Since the first superintendent, a long list of names occur of graduates of this training school who have succeeded her in charge of the school and who have never once let fall from their hands the torch of nursing perfection which she placed there. Names such as Lucy L. Drown, Emma M. Nichols, Mary Alice McMahon and Ellen C. Daly are typical of the graduates of the Boston City Hospital Training School into whose care was later placed the superintendency.

"From South Africa to the Philippines, from Boston to San Juan Hill and Chateau Thierry and back again to Boston, have our own graduates wended their way, courageously following the beckoning finger of duty. No matter where they have been, nor what the circumstances of their service, they have never let the hospital down. Many of them have brought international honors and awards back to the institution which sent them forth. As a result of her work in directing the first Harvard Hospital Unit (overseas) in the first World War, Marion G. Parsons, one of the Boston City Hospital graduates, was awarded the Royal (British) Red Cross Medal by George V. of England. She also received a medal of honor from the Republic of Czechoslovakia. A former superintendent, the late Doctor Rowe, once said, 'One of the greatest achievements of the Boston City Hospital is its output of nurses.'

"For a short time recently the direction of the training school was taken out of the hands of its own graduates and placed in the hands of a stranger. There has been to date no signs of any remarkable success accruing from this procedure. At the time of the writing of this article the position of Superintendent of Nurses is vacant. We note of recent years a tendency in the educational world on the part of the directors of universities to install their own graduates as heads of departments and as presidents. For example, while there must have been more than one man qualified to fill the position of President of Harvard University, we note that Dr. James B. Conant was chosen for that position and at the time of his inauguration was the youngest college president in the country.

"Now, although this paper is the official organ of the Boston City Hospital Employees' Association, we have, as a rule, refrained from any interference or even a display of interest in the conduct of the training school. But on this occasion a

sincere interest in the welfare of the hospital as a whole and a wholesome respect for the capabilities and the traditional success of its graduates, lead us to comment upon the possibilities of the choice of a new head of the training school. Surely sixty years of leadership in the field of nursing has not drained the Alumnae of nurses capable of carrying on the glories of the school as their predecessors have done.

"For the sake of the hospital as a whole, for the sake of the continuance of the glories of the past and for the sake of the nurses to be and the sick and the maimed who will be in their charge, we would like to see a graduate of the Boston City Hospital Training School for Nurses elevated to the post of Superintendent of Nurses. That the ladies who have carried the lamp in the past may see that same lamp carefully borne by one of their own, its wick nicely trimmed and its flame casting a cheerful gleam through the gloomy shadows of the valley of the sick and dying, is the heartfelt desire of the Boston City Hospital Employees' Association."

Coun. KELLY—I would also like to have printed in our minutes a quotation from the *Globe* of November 24, headed, "New Superintendent of Nurses' Service at Boston City Hospital."

(The newspaper article referred to is as follows:

"NEW SUPERINTENDENT OF NURSES' SERVICE AT BOSTON CITY HOSPITAL."

"Miss Margaret J. Busche has been appointed director of the City Hospital School of Nursing and superintendent of the nurses' service, succeeding Miss Laura Logan, whose dismissal was sought by the City Council for two years, Dr. James W. Manary, superintendent of the institution, announced yesterday.

"Miss Logan submitted her resignation in August, to become effective last Friday, and the trustees of the hospital voted to elevate Miss Busche from the post of first assistant superintendent at a recent meeting. The job of Superintendent of Nurses carries a salary of \$4,000 a year, which will be an increase of \$1,595 for the new official.

"The new superintendent, like her predecessor, is from out of state. She is a native of Ohio and before coming to Boston as Miss Logan's assistant three years ago spent ten years at the Stanford School of Nursing in California. She trained at the Cincinnati General Hospital and was graduated from the School of Nursing and Health of the University of Cincinnati.

"Miss Busche was one of the assistants Miss Logan brought to the hospital with her. The City Council, in its long fight against Miss Logan, raised objections to the large number of out-of-state nurses she had in supervisory positions. Miss Logan and her assistants were defended by the trustees."

Coun. KELLY—Mr. President, I would like to add a few words, simply stating that it is surprising to me at this time, after the trustees of the City Hospital, following their promise to me, laid off Miss Logan, that they should then appoint in her place her assistant, showing how regardless they are of the feelings of the City Council. They simply have taken matters into their own hands and, lo and behold, when Miss Logan has resigned, her assistant becomes the new superintendent. I say that this is something to which we should vigorously protest, as the Boston City Council. Miss Welch and Miss Sullivan are assistant superintendents of nurses in the Boston City Hospital, graduates of the City Hospital School of Nursing, and certainly their records have been good enough for them to deserve promotion. What chance is there, what encouragement for nurses who have thus come up in the Boston City Hospital, when they are thus absolutely ignored and when, in such an event as the resignation of Miss Logan, instead of giving consideration to the just expectations of these other City Hospital trained nurses, they appoint in her place her assistant, Miss Busche, a native of Ohio, and trained at the Cincinnati General Hospital? When such things can happen there is nothing for these Boston nurses to look forward to. Certainly Miss Welch or Miss Sullivan had a right, under the circumstances, as Boston trained nurses, to expect some such consideration at the hands of the trustees.

Adjourned, on motion of Coun. D. F. SULLIVAN, at 3:50 p. m., to meet on Monday December 2, 1940, at 2 p. m.

VOTE FOR PRESIDENT IN BOSTON, NOVEMBER 3, 1936.

Vote in Boston for President: 199,504 for Roosevelt (Dem.); 85,789 for Landon (Rep.); 25,924 for Lemke (Union); 783 for Browder (Comm.); 637 for Thomas (Soc.); 220 for Aiken (Soc. Lab.); 133 for Colvin (Proh.); all others, 5; total vote for President, 312,995, or 2,572 more than total for Governor. Plurality for Roosevelt, 113,715.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING TRAFFIC SIGNAL EQUIPMENT TO THE BOSTON TRAFFIC COMMISSION.

The Supply Department of the City of Boston invites proposals for furnishing traffic signal equipment, as per specifications contained in forms which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. ENVELOPES CONTAINING BIDS TO BE SEALED AND PLAINLY MARKED "PROPOSAL FOR TRAFFIC SIGNAL EQUIPMENT." There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out. The bids will be publicly opened and read Friday, December 13, 1940, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(Dec. 7.) Superintendent of Supplies.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING FLOUR.

The Supply Department of the City of Boston invites proposals for furnishing flour for city departments, as per specifications contained in forms which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. ENVELOPES CONTAINING BIDS TO BE SEALED AND PLAINLY MARKED "PROPOSAL FOR FLOUR." There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out. The bids will be publicly opened and read Tuesday, December 17, 1940, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

CITY OF BOSTON.

INSTITUTIONS DEPARTMENT.

PROPOSALS FOR INSTALLATION OF NEW GENERATING UNIT IN POWER HOUSE, LONG ISLAND, BOSTON HARBOR, INCLUDING NECESSARY ADDITIONS AND ALTERATIONS.

The Commissioner of Institutions of the City of Boston invites sealed proposals for the installation of new generating unit in power house, Long Island, Boston Harbor, including necessary additions and alterations. Forms of proposals may be obtained at the office of the Commissioner, Room 809, City Hall Annex. Each proposal must be signed by the bidder, placed in an envelope, properly sealed, and marked, "Proposal for Installation of New Generating Unit in Power House, Long Island, Boston Harbor, Including Necessary Additions and Alterations," and left at the office of the Commissioner, Room 809, City Hall Annex, before 12 noon, December 20, 1940, accompanied by cash or certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$2,500, to become and to be the property of the City of Boston as liquidated damages if, after an award is made to him, the bidder shall fail to enter into the contract therefor within ten days after notice of said award has been mailed or delivered to him. Bid bonds will not be accepted. Said proposals will then and there be publicly opened and read. Proposals must be made in duplicate, one with cash, certified check or certificate of deposit to be left as above, the other without cash, certified check or certificate of deposit to be filed with the City Auditor, City Hall, Boston, before the time stated above for the opening of proposals. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained without cost upon application therefor at the office of the Commissioner, Room 809, City Hall Annex. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. Plans and specifications may be obtained at the office of the Commissioner of Institutions, Room 809, City Hall Annex, Boston, on or after December 9, 1940. All plans and specifications must be returned in good condition to said office at the time of filing bids. A deposit of ten dollars (\$10) in cash will be required for each set of plans and specifications taken out for estimating, said deposit to be refunded on the return of the plans and specifications in good condition. A bond of a surety company, approved by the Commissioner, in the full amount of the contract, to secure the due performance of the contract and the full protection of the city, will be required. The Commissioner reserves the right to reject any or all bids and to reject all sub-bids on any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

HUGH J. CAMPBELL,
(Dec. 7.) Commissioner of Institutions.

CITY OF BOSTON.

REAL ESTATE DIVISION.

(Dec. 7.)

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 32.

SATURDAY, DECEMBER 14, 1940.

No. 50

BOSTON EMPLOYEES' CREDIT UNION SHOWN TO BE IN HIGHLY FLOURISHING CONDITION DESPITE DEMANDS MADE UPON ITS RESOURCES—REPORTS MADE AT ANNUAL MEETING SHOW MEMBERSHIP OF 6,838 MEMBERS, WITH 1,379 DEPOSITORS AND 4,085 BORROWERS—AMOUNT LOANED IN YEAR REACHES SUM OF \$913,194.32, AND SUM LOANED SINCE STARTED NOW AMOUNTS TO \$7,365,942.55.

According to the report of the committees of the Boston Credit Union, as made to the members at the annual meeting, the organization is in a highly flourishing condition, with 6,838 members and 1,379 depositors.

That the Union is filling a very important place in the affairs of the city employees is shown by the fact that there are 4,085 borrowers recorded as of October 31 of this year. The amount loaned in the year is shown to be \$913,194.32, and the amount loaned since the organization was started is \$7,365,942.55.

The reports of the treasurer and the Credit Committee are as follows:

CHARLES J. SCANLON.	

AUDITING COMMITTEE.

JOSEPH F. DALY,	ELMER J. CASEY,
ARTHUR J. O'KEEFE.	

"O Boston, fair City enthroned like a radiant queen,
From thy hill looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by

NATHAN HASKEL DOLE.

CITY RECORD.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, December 16, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables slaughter-houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 73 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

Total, \$1,341.14.

POLICE DEPARTMENT ORDERS.

General Order No. 539.

A trial board, consisting of Captains Grace, Donovan and Haggerty, having heard by reference a complaint against Patrolman Warren F. Dole, Division 11, charging him with neglect of duty, has reported to the commissioner a finding of guilty as charged. In accordance with which, the said Patrolman Warren F. Dole was on November 30, 1940, at 7.45 o'clock a. m., dismissed from the Police Department.

Due written notice of such dismissal with the reasons therefor was duly and specifically given in hand on November 29, 1940, to the said Warren F. Dole.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

CONSTRUCTION WORK.

The Mayor has approved the following construction work at the request of the Public Works Commissioner:

A surface drain of 12-inch pipe and four catch-basins, W. P. A. Project 665-14-2-1167, Work Project 20303, in Milton avenue, between Summit street and 943 feet southwesterly, in the Hyde Park district, at an estimated cost of \$7,937.

A sanitary sewer of 10-inch pipe, W. P. A. Project 665-14-2-1167, Work Project 20303, in Riverview street, from existing sewer 250 feet north of Upland street and 785 feet southerly, in the West Roxbury district, at an estimated cost of \$9,200.

A surface drain of 12-inch pipe, W. P. A. Project 665-14-2-1167, Work Project 20303, in Milton avenue (to be built in old taking), between Summit street and Reservoir street, in the Hyde Park district, at an estimated cost of \$2,520.

A sanitary sewer of 12-inch pipe, a surface drain of 24-inch pipe and thirteen catch-basins, W. P. A. Project 665-14-2-1167, Work Project 20303, in West street, between existing sewer 300 feet northwest of DeForest street and West Roxbury line, in the Hyde Park district, at an estimated cost of \$39,440.

A surface drain of 12-inch, 15-inch and 18-inch pipe and three catch-basins, W. P. A. Project 665-14-2-1167, Work Project 20303, in Blake street, between 385 feet northwest of River street and Taunton avenue, in the Hyde Park district, at an estimated cost of \$13,870.

A surface drain of 18-inch pipe, W. P. A. Project 665-14-2-1167, Work Project 20303, in Locust street (to be built in old taking), between Tileston street and Blake street, in the Hyde Park district, at an estimated cost of \$3,690.

A sanitary sewer of 12-inch pipe, a surface drain of 12-inch, 15-inch and 20-inch pipe, and twelve catch-basins, W. P. A. Project 665-14-2-1167, Work Project 20303, in Poplar street, between Hyde Park line and Beech street, in the West Roxbury district, at an estimated cost of \$61,000.

A surface drain of 12-inch and 20-inch pipe and eight catch-basins, W. P. A. Project 665-14-2-1167, Work Project 20303, in Almont street, between Savannah avenue and Walk Hill street, in the Dorchester district, at an estimated cost of \$27,165.

A surface drain of 12-inch and 20-inch pipe and eight catch-basins, W. P. A. Project 665-14-2-1167, Work Project 20303, in Almont street, between Savannah avenue and Walk Hill street, in the Dorchester district, at an estimated cost of \$27,165.

A surface drain of 12-inch pipe, two catch-basins and one dry well, W. P. A. Project 665-14-2-1167, Work Project 20303, in Tampa street, between Cummins Highway and 255 feet southwesterly, in the Dorchester district, at an estimated cost of \$4,500.

HOSPITAL TRUSTEES REPLY TO CITY COUNCIL.

CITY COUNCIL, City Hall, Boston, Mass.

GENTLEMEN,—In the absence from the city of Mr. Carl Dreyfus, President of the Board of Trustees of the Boston City Hospital, I am acknowledging the receipt, through his Honor the Mayor, of three communications dated December 3d relating to the appointment of Miss Margaret J. Busche as Director of the City Hospital School of Nursing and Superintendent of Nurses.

The sole power and responsibility for the appointment of the employees and the care and conduct of the City Hospital is vested by law in the Board of Trustees.

In filling the position of Superintendent of Nurses, the trustees exercised their best judgment, having in mind the welfare of the patients and the interests of the hospital. Any member of the City Council, of course, is at liberty to disagree with their action, but inasmuch as the responsibility belongs to the trustees, we do not consider that any public purpose would be served either by rescinding the appointment or by discussing our action with the members of the City Council.

Respectfully,

GEORGE A. PARKER,
Acting President, Board of Trustees.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

SUPPLY DEPARTMENT.

Upon November 23 the Mayor approved a contract with the General Electric X-Ray Corporation for furnishing X-ray material for the Boston City Hospital.

In this connection there was a recommendation from Dr. Thomas Hale Ham, Associate Director, to Dr. Paul F. Butler, of the X-ray Division of the Boston City Hospital, in which both Doctors Butler and Ham recommended the acceptance of the second lowest bid, namely, that of the General Electric X-Ray Corporation of \$1,023.54. This recommendation is based on the fact that the General Electric X-ray equipment had a long and thorough trial by Doctor Butler and has proven satisfactory in every particular, with the added advantage of immediate service being available in the matter of repairs to machines.

Bids, opened October 29, were as follows:

Requisition No. 26.

1 Vertical Roentgenoscope, with Orthodiagraphic Attachment, Complete with X-Ray Generating Unit, Fluoroscopic Screen, Foot Switch, and X-Ray Tube, General Electric, or Equal, as Per Specifications, Delivered Complete.—Westinghouse X-Ray Company, Inc., \$1,045; Standard X-Ray Sales Corporation, \$840.94; Picker X-Ray Corporation, \$1,030; \$50 extra if XP tube is desired; General Electric X-Ray Corporation, \$925 with RB tube; \$970 with XP tube.*

Cash Discount, Ten Days.—Standard X-Ray Sales Corporation, 2 per cent.

Net Total.—Westinghouse X-Ray Company, Inc., \$1,045; Standard X-Ray Sales Corporation, \$824.12, this price includes roentgenoscope, aprons, gloves and goggles; Picker X-Ray Corporation, \$1,030; \$50 extra if XP tube is desired; General Electric X-Ray Corporation, \$925 with RB tube; \$970 with XP tube.

Requisition No. 27.

2 Protective Aprons for Fluoroscopy, as Per Specifications, Each.—Westinghouse X-Ray Company, Inc., \$9.60; Standard X-Ray Sales Corporation, \$10, included in above price; Picker X-Ray Corporation, \$9.60; General Electric X-Ray Corporation, \$17.*

1 Pair Protective Goggles for Fluoroscopy, as Per Specifications.—Westinghouse X-Ray Company, Inc., \$14.40; Standard X-Ray Sales Corporation, \$12, included in above price; Picker X-Ray Corporation, \$14.40; General Electric X-Ray Corporation, \$15.30.*

2 Pairs Operators' Fluoroscopic Goggles, as Per Specifications, Per Pair.—Westinghouse X-Ray Company, Inc., \$2; Standard X-Ray Sales Corporation, \$2, included in above price; Picker X-Ray Corporation, \$2.25; General Electric X-Ray Corporation, \$2.12.*

Total.—Westinghouse X-Ray Company, Inc., \$37.60; Standard X-Ray Sales Corporation, \$36, included in above price; Picker X-Ray Corporation, \$38.10; General Electric X-Ray Corporation, \$53.54.

Cash Discount, Ten Days.—Standard X-Ray Sales Corporation, 2 per cent.

Net Total.—Westinghouse X-Ray Company, Inc., \$37.60; Standard X-Ray Sales Corporation, \$35.28, included in above

* Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms and contractors for furnishing supplies, appurtenances, etc. Communications from the several departments concerned were as follows:

SUPPLY DEPARTMENT.

BOSTON, November 21, 1940.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is respectfully requested to award a contract without public advertising for bids to the Clark-Wilcox Company, 118 Western avenue, Allston, for furnishing to the Paving Division of the Public Works Department three one-way, roll-type snowplows, Model No. R1-28, at a price of \$290 each, less 5 per cent cash discount for payment in ten days.

This equipment has been examined by the Commissioner of Public Works and he feels that it is best suited to the needs of the department. Inasmuch as the Clark-Wilcox Company is the direct agent of the manufacturer, no advantage would be gained by publicly advertising.

Very truly yours,

JOHN A. BREEN,
Superintendent of Supplies.

BOSTON, November 21, 1940.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is respectfully requested to award a contract to the E. W. Systrom Company, 15 North Beacon street, Watertown, for the following:

Eight Walsh-Holyoke Model WHD1, snowplows, standard specifications, at \$270 each, \$2,160. Less 10 per cent cash discount for payment in ten days.

These snowplows were furnished to the Public Works Department by the E. W. Systrom Company during last February's blizzard and have been found satisfactory in every respect.

Inasmuch as the Systrom Company is the direct agent of the manufacturer, no advantage would be gained by publicly advertising for bids.

Very truly yours,

JOHN A. BREEN,
Superintendent of Supplies.

BOSTON, November 23, 1940.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR MR. MAYOR,—Attached is tabulation of bids for furnishing steamfitting supplies to the Boston City Hospital. These bids were publicly opened and read in this department November 4, 1940.

Permission is respectfully requested to award a contract to Sheehan-O'Brien Company, low bidder on Supply Department specifications, at a total lump price of \$2,925, less 2 per cent cash discount for payment in ten days.

Respectfully yours,

JOHN A. BREEN,
Superintendent of Supplies.

NEW FIRE APPARATUS FOR BOSTON.

In connection with the awarding by the city of contracts for two new aerial ladder trucks for the Fire Department, Mayor Tobin, on December 3, made it known that it was the first time in the history of Boston that the municipality has been able to award a contract of this nature to a Massachusetts firm.

The Maxim Motor Company, of Middleboro, builder of fire apparatus, was the low bidder on one of the trucks, which will be equipped with a 65-foot aerial ladder. The Maxim estimate was \$13,314.76. That firm did not bid on the second truck, which will carry an aerial ladder 125 feet in length, the first of its kind in the East. Low bidder in that case was the American LaFrance Company of Elmira, New York, with a figure of \$22,800.

Mayor Tobin said, "It is gratifying to me, purchasing such important equipments, that the city does not have to spend all the money outside the Commonwealth. I only regret that the Maxim Company was not in position to bid on the larger fire truck. These pieces of apparatus will be the most modern in the world and will give added efficiency to our Fire Department."

The truck which the Maxim factory will turn out is really a self-contained fire department. In addition to the aerial ladder, it carries 220 feet of regulation, or ground, ladders and for the first time Boston fire fighters will have aluminum ladders which are lighter and far stronger than the wooden type. As a comparison, a wooden ladder 28 feet long weighs 135 pounds; its aluminum counterpart weighs but 68 pounds. The new truck will carry 1,000 feet of regulation 2½-inch hose, will have a 150-gallon chemical tank with 250 feet of booster hose; a motor pump with a capacity of 750 gallons a minute and will also be rigged for use as a water tower. This is possible through permanent installation on the aerial ladder of a hose with a swivel nozzle and connections to the truck's own pump or to hydrants.

CIRCULAR LETTER NO. 20.

CITY OF BOSTON,
MAYOR'S OFFICE, December 1, 1940.

To Heads of Departments.

GENTLEMEN,—The Mayor's annual address to the City Council will be delivered on Monday, January 6, 1941. In the preparation of this address certain information from departmental sources will be of invaluable assistance. I am directed, therefore, by his Honor the Mayor to request all department heads to forward to the writer information relative to department accomplishments during the year 1940 which might be of use in the preparation of the annual address.

This information should not be in the nature of an annual report of your department activities, rather it should pertain to matters of more or less extraordinary interest. Routine matters should not be included in your communication.

Will you kindly prepare this information at your earliest convenience, so that in any event it will be in my hands not later than December 10, 1940.

Respectfully,

WILLIAM J. WALLACE,
Secretary.

FIRE DEPARTMENT ORDERS.

General Order No. 60.

I. LIEUTENANT JOHN J. BARRY.

It is with deep regret that the Fire Commissioner announces the death, on December 5, 1940, of Lieut. John J. Barry of Ladder Company 27. Lieutenant Barry was appointed to the department on February 24, 1913, and was promoted to the grade of lieutenant on May 31, 1929.

The funeral was held from his late residence, 87 Olney street, Dorchester, at 8.30 a. m., Monday, December 9, 1940, followed by services at St. Peter's Church, Bowdoin street, Dorchester, at 9 a. m.

The Chief of Department detailed the Military Drill Company to act as a funeral escort and the members of Ladder Company 27 were excused from duty in order to attend the services.

II. EXAMINATION FOR PROMOTION TO CAPTAIN.

The Department of Civil Service and Registration of the Commonwealth of Massachusetts announces that an examination for promotion to the grade of captain in the Boston Fire Department at \$2,700 per annum will be held on January 11, 1941, and will be open to permanent lieutenants in the department who have served as such for at least two years immediately preceding the date of examination. Applicants who have been off duty for more than three months during the period prescribed may be admitted to the examination only by permission of the Director of Civil Service.

Duties: The regular duties of a fire captain.

The subjects and weights of the examination are as follows: Seniority, 3; report, 2; practical questions, 10; total, 15.

Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Applicants should be familiar with Part II of the Fire Manual, copies of which may be obtained from the Public Documents Division, Room 116, State House, Boston, for twenty-five cents each.

Application blanks may be obtained from the office of the Fire Commissioner. The vouchers on these blanks need not be filled out. When completed, applications should be sent to the Division of Civil Service, Rooms 143-152, State House, Boston. Applications must be placed on file not later than Saturday, December 28, 1940, at 12 o'clock noon.

Applicants will be notified of the time and place of examination.

Exchange of time off will be allowed so that officers desiring to take the examination will be allowed to do so without interfering with the efficiency of the department.

III. TRANSFERS.

The following transfers are hereby announced to take effect at 8 a. m., Tuesday, December 10, 1940:

Capt. William J. Magner, from Engine Company 32 to Engine Company 33.

Ladderman Daniel G. Ford, from Ladder Company 12 to Ladder Company 21.

IV. FIRE ALARM BOX REMOVED FROM SERVICE.

Box 12-6243, located in the Boston, Revere Beach and Lynn Railroad shops, Orient Heights, East Boston, has been removed from service and company commanders shall make the necessary correction on the assignment card for Box 6243.

V. CHANGE IN LOCATION NAME OF FIRE ALARM BOX.

The location for Box 12-3756 now reads "Condit Electrical Mfg. Company, 1344 Hyde Park avenue."

Company commanders should correct the location of this box to read, "Allis Chalmers Mfg. Company, 1344 Hyde Park avenue."

VI. CHARITABLE ASSOCIATION OF THE BOSTON FIRE DEPARTMENT.

The attention of members of the Charitable Association of the Boston Fire Department is called to the fact that the 1940 election of trustees will be held on Monday, December 16, 1940. Ballots have been distributed and should be returned to the secretary, Frank C. Jacobs, at Ladder Company 3, Headquarters Building, before 1 p. m., December 16, 1940.

VII. CHANGE IN NAME OF PRIVATE WAY.

The name of the private way known as Petrel street, from 94 Cottage avenue, West Roxbury, has been changed to Stearns road.

VIII. 1941 FEDERAL INCOME TAX.

Attention of members of the department is called to the fact that in 1941 all municipal officials and employees will be required to file a Federal income tax return, provided:

1. If they are unmarried and their gross income during 1940 was in excess of \$800; and
2. If married and their gross income during 1940 was in excess of \$2,000.

IX. TIME OFF FOR CHRISTMAS SHOPPING.

From Tuesday, December 10, up to and including December 24, 1940, all members of the fire-fighting force will be granted two hours' leave in addition to their regular meal period during one of their twenty-four-hour tours of duty in order that they may have an opportunity to do Christmas shopping.

Company commanders shall grant the additional time off at their discretion.

By order of Fire Commissioner
WILLIAM ARTHUR REILLY.

SAMUEL J. POPE,
Chief of Department.

NOTICE TO HEADS OF DEPARTMENTS.

OFFICE OF THE MAYOR,
December 10, 1940.

To All Department Heads.

At the direction of his Honor the Mayor, I am reaffirming the appointment schedule of the Mayor.

Monday of each week is set aside for the City Councilors. Wednesday and Friday mornings, between 10.30 a. m. and 1 p. m., are devoted to necessary business to be taken up with the Mayor by department heads. It is to be assumed that only matters that are important and require the attention of the Mayor will be placed before him on these dates. Kindly advise me in advance each week, if possible, if it is your desire to see the Mayor on any Wednesday or Friday.

Tuesday and Thursday mornings are devoted to the public. The afternoons of each week, with the exception of Monday and Saturdays, are devoted to conferences with the departmental officials and others, said appointments to be scheduled.

Your cooperation with this program, I am sure, will be conducive to a greater dispatch of city business.

Respectfully,

WILLIAM J. WALLACE, *Secretary.*

CIRCULAR LETTER NO. 21.

CITY OF BOSTON,
MAYOR'S OFFICE, December 3, 1940.

To the Heads of City and County Departments.

GENTLEMEN,—Chapter 263 of the Acts of 1938 provides that every officer and board in charge of a department of the city or county shall on or before the sixth day of January in each year prepare and furnish to the City Auditor a list of the officials and employees under said officer or board and paid by the city or county on the first day of January preceding, giving the name, residence by street and ward, designation, compensation and date of election or appointment of each of said officials and employees and the date when each first entered the employ of the city or county.

In order to facilitate compliance with the provisions of this law, uniform blanks have been prepared to be used by every department making the return required. A supply of these blanks may be obtained at the office of the City Auditor.

The preparation of these lists is a matter of considerable importance and should command your personal attention.

Respectfully,

MAURICE J. TOBIN, *Mayor.*

Last date for filing applications, Saturday, January 4, 1941, at 12 noon.

Salary: The entrance salary is \$2,400 a year; the maximum salary is \$3,000 a year.

Duties: To prepare, under the direction of the Executive Secretary and Consultant, a Master Plan for the City of Boston, including the study of depreciated areas, street patterns, parks and playgrounds, public building sites, public reservations, zoning, public utilities and pierhead and bulkhead lines; to assemble and coordinate data relative to the above and to interpret the same for the use of the City Planning Board; to assist in the preparation of the Capital budget for the city.

Entrance Requirement: Applicants must have had three years' experience in active planning work or its equivalent in city planning training in a recognized institute.

Subjects and Weights: Training and experience, 2; practical questions, 3; total 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

NOTE.—Information concerning the results of this examination will not be available until at least sixty days after the examination has been held. If the eligible list is established in the meantime, all applicants will be notified.

Under the Civil Service Rules, a person whose name is on an existing eligible list may apply for and take a new examination for the same service if a new examination is held during his period of eligibility. His status, however, will be determined by the result of the later examination.

No specimen questions are available.

MALE JUNIOR PLANNING ASSISTANT,
BOSTON CITY PLANNING BOARD,
JANUARY 18, 1941.

Last date for filing applications, Saturday, January 4, 1941, at 12 noon.

Salary: The entrance salary is \$1,800 a year; the maximum salary is \$2,300 a year. At the present time there are two permanent vacancies.

Duties: To assist the Senior Planning Assistant, under the direction of the Executive Secretary and Consultant, in the preparation of a Master Plan for the City of Boston, including the study of depreciated areas, street patterns, parks and playgrounds, public building sites, public reservations, zoning, public utilities and pierhead and bulkhead lines; to assemble and coordinate data relative to the above and to interpret the same for the use of the City Planning Board; to assist in the preparation of the Capital budget for the city.

Entrance Requirement: Applicants must have had two years' experience in active planning work or its equivalent in city planning training in a recognized institute.

Subjects and Weights: Training and experience, 2; practical questions, 3; total 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

NOTE.—Information concerning the results of this examination will not be available until at least sixty days after the examination has been held. If the eligible list is established in the meantime, all applicants will be notified.

Under the Civil Service Rules, a person whose name is on an existing eligible list may apply for and take a new examination for the same service if a new examination is held during his period of eligibility. His status, however, will be determined by the result of the later examination.

No specimen questions are available.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the Christmas period, parking of vehicles is prohibited in the following street from December 5, 1940, to December 24, 1940, inclusive:

Myrtle Street, West Roxbury.

North side, from Centre street to a point eighty (80) feet west of Centre street.

Voted, That as urgently required by considerations of public safety and convenience, the temporary rules, which were adopted November 7, 1940, making the following streets one way in the direction indicated, for a trial period of sixty (60) days, are hereby amended by changing the effective date from February 15, 1941, to December 5, 1940:

Brookledge Street, Roxbury.

From Blue Hill avenue to Elm Hill avenue.

PROCEEDINGS OF CITY COUNCIL.

Monday, December 2, 1940.

Regular meeting of the City Council in the Council Chamber, City Hall, at 2 p. m., President GALVIN in the chair. Absent, Coun. Goode.

The meeting was opened with the salute to the Flag.

JURORS DRAWN.

Jurors were drawn under the law, Coun. TAYLOR presiding at the box in the absence of the Mayor, as follows:

Twenty-two grand jurors, Superior Criminal Court, to appear January 6, 1941:

Nicholas Frasca, Ward 1; Vincent Scaramella, Ward 1; Robert G. Johnson, Ward 4; Gerald McGowan, Ward 6; Edward J. O'Brien, Ward 6; Walter T. Carlson, Ward 7; James J. Gormley, Ward 7; James E. Morrill, Ward 7; John J. Halloran, Ward 8; Robert B. Higgins, Ward 10; Lloyd L. Doyle, Ward 13; Harry R. Studley, Ward 14; Edward S. Healy, Jr., Ward 15; Philip J. Hennessey, Ward 16; Robert H. Dean, Ward 17; John Doherty, Ward 18; Frederick D. King, Ward 18; Charles F. McCormick, Ward 19; Thomas F. Mahoney, Ward 20; John J. Kennedy, Ward 21; George H. Carleton, Ward 22; George F. Ross, Ward 22.

Thirty-five additional traverse jurors, Superior Civil Court, to appear December 5, 1940:

Angelo Staffier, Ward 1; William F. Herlihy, Ward 2; Leo J. Gaudette, Ward 3; John Leverone, Ward 3; Hugh B. Wood, Ward 5; Harold L. Montgomery, Ward 6; Samuel J. Segol, Ward 6; John J. Kelly, Ward 9; Chauncey E. Washington, Ward 9; Henry P. Carr, Ward 11; John Charles Karcher, Ward 11; James F. Travers, Ward 11; Frank L. Murphy, Ward 13; Robert A. Southworth, Ward 13; Joseph Atkin, Ward 14; Robert W. Atwood, Ward 14; Benjamin Smulovitz, Ward 14; James D. McClosky, Ward 15; James A. Donnelly, Ward 16; Robert P. Fagan, Ward 17; Henry D. Lane, Ward 17; Frank P. Lyons, Ward 17; James Needham, Ward 17; Philip L. Grabau, Ward 18; John P. Campbell, Ward 19; Robert L. Dunn, Ward 20; Daniel J. Fitzgerald, Ward 20; William L. Healy, Ward 20; Thomas C. Kelly, Ward 20; Marks Albert, Ward 21; Daniel J. Driscoll, Ward 21; John F. Reardon, Ward 21; John A. Dolan, Ward 22; Thomas F. Duffy, Ward 22; Charles F. Sullivan, Ward 22.

Eighty-seven traverse jurors, Superior Criminal Court, to appear January 6, 1941:

Umberto Cirilli, Ward 1; John W. Garcia, Ward 1; Anthony C. Iorio, Ward 1; Henry Leno, Ward 1; Walter F. Marley, Ward 1; Ray F. Stillings, Ward 1; J. Anthony Cerella, Ward 2; Leo F. McKendry, Ward 2; Michael Murphy, Ward 2; William F. Shaw, Ward 2; James Clifford, Ward 3; Alfred Corsiglia, Ward 3; Philip D'Alessandro, Ward 3; A. George E. Hemmenway, Ward 3; John W. Hughes, Ward 3; Joseph King, Ward 3; Alphonso Lucacio, Ward 3; Samuel Maloof, Ward 3; Herbert S. Carley, Ward 4; John R. Stevens, Ward 4; William L. Walker, Ward 4; Frank J. Bezdek, Ward 5; Frank L. Davis, Ward 5; Henry Fitzgerald, Ward 5; Frederick J. Adley, Ward 6; Joseph E. Devine, Ward 6; Joseph M. McKenna, Ward 6; John W. McPhee, Ward 6; Roderick F. Steele, Ward 6; John J. Whelton, Ward 6; Joseph F. Collins, Ward 7; Frank Crane, Ward 7; Roger L. Donovan, Ward 7; Charles J. Glaskaws, Ward 7; Peter J. Tremlett, Ward 7; James Deban, Ward 8; Calvin B. Robbins, Ward 8; Roy E. Burrill, Ward 9; Leo R. Collins, Ward 10; Robert A. Miceli, Ward 10; Joseph F. Weiler, Ward 10; Denis E. Crane, Ward 11; Philip J. Curran, Ward 11; Michael Wyman, Ward 12; John J. Allen, Ward 13; Ralph N. Eaton, Ward 13; John T. Spinelli, Ward 13; Edward C. Welch, Ward 13; Robert Cohen, Ward 14; Israel Convicer, Ward 14; George Goldstein, Ward 14; Eugene P. Hickey, Jr., Ward 14; Charles Natelson, Ward 14; Mark Rich, Ward 14; Samuel J. Waldman, Ward 14; Harry A. Zimmerman, Ward 14; Joseph Burns, Ward 15; George J. Partridge, Ward 15; William Bauer, Ward 16; George E. Danielson, Ward 16; Michael A. Ramsey, Ward 16; George F. Robertson, Ward 16; George J. Walters, Ward 16; Frank D. O'Hearn, Ward 17; Harry S. Sawyer, Ward 17; Francis S. Troy, Ward 17; Jeffrey A. Boudrot, Ward 18; John F. Griffin, Ward 19; George K. Sumpter, Ward 19; David Whelan, Ward 19; Irving K. Clark, Ward 20; William M. Cratty, Ward 20; Henry L. Emrich, Ward 20; Carl C. Gifford, Ward 20; John P. MacDonald, Ward 20; Andrew J. Moranville, Ward 20; Albert J. O'Keefe, Jr., Ward 20; Leo O'Leary, Ward 20; John J. Reen, Ward 20; Thomas A. Sheehan, Ward 20; John P. Anderson, Ward 21; Arthur B. Campbell, Ward 21; Joseph Levin, Ward 21; John W. McNamara, Ward 21; Herbert J. Silver, Ward 21; Samuel Waldstein, Ward 21; Michael F. Doyle, Ward 22.

One hundred sixteen traverse jurors, Superior Civil Court, to appear January 6, 1941:

Santino P. Addorio, Ward 1; Abraham I. Aronson, Ward 1; Alfred Campagna, Ward 1; Domenic Caruso, Ward 1; Harold L. Caton, Ward 1; James W. Hafey, Ward 1; Emilio Marino, Ward 1; Victor Palladino, Ward 1; John E. Penta, Ward 1;

Joseph H. Casey, Ward 2; Earl Woods, Ward 2; George E. Wyllie, Ward 2; Angelo DeLeo, Ward 3; Philip DeMarco, Ward 3; George A. Joseph, Ward 3; Anthony A. Kodzis, Ward 3; R. Harold Lockhart, Ward 3; Allen W. Hussey, Ward 4; Frederick J. Knost, Ward 4; Edward G. Riley, Ward 4; William H. Thompson, Ward 4; Malcolm Bancroft, Ward 5; James A. Burgess, Ward 5; Edward H. Callaghan, Ward 5; Paul F. McDevitt, Ward 5; John J. Beatty, Ward 6; John J. Doyle, Ward 6; Edward F. Faunt, Ward 6; Frank J. Butera, Ward 7; John J. Connolly, Ward 7; William J. McCarthy, Ward 7; James B. Clark, Ward 8; Herman F. Johnson, Ward 8; John J. O'Brien, Ward 8; Benjamin L. Stevens, Ward 8; Edmond S. Fitzpatrick, Ward 9; Frank H. Gormley, Ward 9; Fred W. Lurvey, Jr., Ward 9; Arthur J. Paul, Ward 9; Fred A. Reiner, Ward 9; John A. Cleary, Ward 10; Patrick A. Cronin, Ward 10; James J. Dunn, Ward 10; Charles R. Ely, Ward 10; Charles F. Fitzsimmons, Ward 10; Charles F. Hennessey, Ward 10; James Kelly, Ward 10; William J. Leonard, Ward 10; Andrew Carey, Ward 11; Harry Hirschburg, Ward 11; Edmund F. Hohmann, Ward 11; Augustin John Fay, Ward 12; Robert W. Hodge, Ward 12; Thomas J. Kelly, Ward 12; Morris J. Slotnick, Ward 12; Benjamin Zweigman, Ward 12; Frank J. Quinn, Ward 13; Daniel J. Tobin, Ward 13; Abraham Goldstein, Ward 14; Leopold Gorinkle, Ward 14; Abraham E. Harris, Ward 14; Lewis D. Karas, Ward 14; Louis Maister, Ward 14; Hyman H. Sandler, Ward 14; Samuel Saver, Ward 14; Harry Silverstein, Ward 14; Philip Simmons, Ward 14; David Sisson, Ward 14; Paul J. Allard, Ward 15; John W. J. Davidson, Ward 15; Luke Leahy, Ward 15; William M. Bearse, Ward 16; Edward J. McElaney, Ward 16; James Nugent, Ward 16; John H. Smith, Ward 16; George F. Stanley, Ward 16; William M. Thornton, Ward 16; James W. Allen, Ward 17; Patrick J. Curley, Ward 17; Charles B. Daly, Ward 17; Harry L. Lavine, Ward 17; Joseph A. Moran, Ward 17; Cornelius J. O'Brien, Ward 17; John T. Somerville, Ward 17; Jeremiah P. Sullivan, Ward 17; John F. Sullivan, Ward 17; Arthur J. Andrews, Ward 18; Henry F. Carnes, Ward 18; John J. Connors, Ward 18; William J. Donohoe, Ward 18; Gerard F. Freiburger, Ward 18; Alfred Haigh, Ward 18; Allan B. Maxwell, Ward 18; George A. Nilson, Ward 18; Leo L. Tolland, Ward 18; James M. Devlin, Ward 19; Robert J. Stutz, Ward 19; Richard J. Cronin, Ward 20; Henry W. Cusick, Ward 20; Morgan J. Ferris, Ward 20; George Flynn, Ward 20; Arthur R. Humphrey, Ward 20; Robert A. Kennedy, Ward 20; William A. Killam, Ward 20; Thomas A. Mitchell, Ward 20; Edward F. Reddington, Ward 20; Francis M. Baggott, Ward 21; William E. Doherty, Ward 21; Lester H. Lyon, Ward 21; George C. Miller, Ward 21; Herbert W. St. Ives, Ward 21; William Wollins, Ward 21; Robert F. Beattie, Ward 22; Harry Dean, Ward 22; Patrick James Rooney, Ward 22; Francis M. Schroeder, Ward 22.

APPOINTMENT BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointment, viz.:
Weigher of Coal: Louise Cashman, 1017 Columbus avenue, Boston, Mass.

Laid over a week under the law.

TRANSFER OF LAND TO PARK DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, December 2, 1940.
To the City Council.

Gentlemen,—I submit herewith an order for the transfer of 67,585 square feet of land at Folsom, Harlow streets and Howard avenue from the possession and management of the Custodian of Foreclosed Real Estate to the care and custody of the Park Department.

I am informed by the Custodian of Foreclosed Real Estate that this property has been in his hands since 1938 and that there is no apparent demand for its use by private sources. I am, therefore, of the belief that property of this character can be well put to public use in the form of playgrounds or play areas, and the purpose of this transfer is to permit the Park Department to develop the land for playground purposes.

I recommend adoption of this order by your Honorable Body.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Real Estate Division, November 27, 1940.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—I am inclosing for transmittal to the City Council, for approval by that Body, four copies of an order that have been prepared by the Law Department.

The land consists of 67,585 square feet, bounded by Folsom, Harlow streets and Howard avenue. It is owned by the City of Boston by virtue of foreclosure. We have had this property since 1938 and have had no interest manifested by the public for its development. The property is

located near schools and is now used as an unofficial recreation area by the children in that neighborhood.

After consulting with Commissioner Long of the Park Department and City Councilor Hutchinson as to the wisdom of developing this as an official playground, I am presenting for your approval the transfer of this property to the Park Department.

Inclosed is a blueprint of the area.

Very truly yours,
DANIEL M. DRISCOLL, Custodian.

Whereas, The City of Boston by a decree of the Land Court, Suffolk Registry District, dated December 27, 1938, foreclosed a right of redemption under a tax deed recorded with Suffolk Deeds, Book 5442, page 293, on about seventy-three thousand eight hundred eighty-five (73,885) square feet of land on the southwesterly side of Dudley street; and

Whereas, The Park Commission of the City of Boston has been requested by an order passed in the City Council on October 21, 1940, to establish a playground for small children on the said parcel; now, therefore, it is hereby

Ordered, That the Custodian of Foreclosed Real Estate of the City of Boston be, and he hereby is, authorized, with the approval of the Mayor of the City of Boston, to transfer to the Park Department of the City of Boston for playground purposes, the care, custody, control and management of that portion of the said parcel of land bounded and described as follows:

Southwesterly by Harlow street, two hundred ninety-six and 32-100 (296.32) feet; northwesterly by Howard avenue, two hundred seventy-eight and 76-100 (278.76) feet; northeasterly by land now or formerly of The Standard Oil Company, eighty-three and 37-100 (83.37) feet; by other land of the City of Boston, ninety-seven and 59-100 (97.50) feet; and by land now or formerly of Shell Eastern Petroleum Products, Incorporated, eighty-five (85) feet; southeasterly by Folsom street, one hundred ninety-nine and 27-100 (199.27) feet; containing sixty-seven thousand five hundred eighty-five (67,585) square feet of land, more or less.

All of said measurements are shown on a plan marked "Assessors Plan, Ward 13, Blocks 34B-2, 34C, 34D, Pt. Block 31J, Scale, 1 inch=30 feet, May, 1933, T. B. Kenney, C. E."

Referred to Executive Committee.

APPROPRIATION FOR DUPLICATION OF CITY RECORDS.

The following was received:

City of Boston,
Office of the Mayor, November 27, 1940.
To the City Council.

Gentlemen,—I submit herewith a communication from the City Clerk requesting an appropriation of \$1,000 to begin the work of duplicating 156 volumes of city records.

It appears from the communication that this is a very necessary expenditure, and I accordingly recommend the passage of the accompanying order.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
City Clerk Department,
November 27, 1940.

Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,—The records of the Town of Boston from 1634 to 1822 have been copied and printed in the Record Commissioner's Reports, and beginning in 1915 this office has made all records in duplicate.

No copies or duplicates have ever been made of the records of the city for the years beginning with 1822 and ending with 1914, mainly on account of the very great cost of copying and verifying the copies.

Recent advances in the art of photography have made it possible, however, to have this series of 156 volumes of records duplicated by the microfilm process at an estimated expense of about \$3,000, which is less than the cost of preparing and printing two volumes of the Record Commissioner's Reports.

If this appropriation is provided, upon the completion of the work we will have copies of the town and city records from 1634 to the present year sufficiently authenticated to replace the originals if they should happen to be destroyed.

It is evident that this precaution will be of little value unless the copies and duplicates are stored in a location far enough removed from the storage place of the originals as to make it improbable that both would be destroyed in the event of a conflagration or other catastrophe. It is my intention, therefore, with the consent of the Library Trustees, to store a complete set of duplicate records in the Public Library Building, thereby reducing to a minimum the possibility of the destruction of both the originals and the duplicates.

This matter has been too long neglected, and in order to make an immediate start on this very necessary work I respectfully request that your Honor and the City Council provide this year a special appropriation of \$1,000 from the Contingent Fund, to be expended by the City Clerk

for the Care and Preservation of Old Records and Historic Papers. This sum will be sufficient, in my opinion, to duplicate the records from 1822 to 1870.

Respectfully,
W. J. DOYLE, City Clerk.

Ordered, That the sum of one thousand dollars be, and hereby is, appropriated, to be expended by the City Clerk for the Care and Preservation of Old Records and Historic Papers, said sum to be charged to the Contingent Fund.
Referred to Executive Committee.

APPROPRIATION FOR REAL ESTATE DIVISION.

The following was received:

City of Boston,
Office of the Mayor, December 2, 1940.
To the City Council.
Gentlemen,—The Real Estate Division of the Public Buildings Department has substantially increased its rental collections this year over 1939. This increase in rental collections has, of necessity, expanded the activities of the division, and correspondingly increased its operating expenditures. In order to meet this increase in expenditures an additional appropriation of \$2,600 will be necessary, and I am forwarding herewith an order appropriating this sum and respectfully recommend adoption by your Honorable Body.

Respectfully,
MAURICE J. TOBIN, Mayor.

Ordered, That to meet the current expenses payable during the financial year beginning with the first day of January, 1940, an additional sum of \$2,600 be, and the same hereby is, appropriated from the income of the Real Estate Division, exclusive of proceeds from the sale of foreclosed property, for the following purpose:

Real Estate Division, Repairs, etc.
Special Appropriation.....\$2,600
Referred to Executive Committee.

SALE OF LAND ON CHESTNUT HILL AVENUE.

The following was received:

City of Boston,
Office of the Mayor, December 2, 1940.
To the City Council.
Gentlemen,—I transmit herewith communication from the Commissioner of Public Works in which he recommends the sale of two parcels of land located on Chestnut Hill Avenue in the Brighton section of Boston.

These two parcels of land, comprising a total of about thirty thousand square feet of land, are part of a large tract of land formerly used as a district yard by the Public Works Department. The attached communication of the Public Works Commissioner states that this land is no longer needed for public purposes. Recently, your Honorable Body gave approval to the sale of a portion of this tract to the Temple B'nai Moshe.

I am of the opinion that the two parcels of land in question should be sold, first, because the character of the neighborhood requires additional land facilities for commercial pursuits, and, second, because the sale of this land will not only increase the general income of the city, but will also result in additional taxes annually to the city.

In view of the offers received by the Commissioner of Public Works, I am of the belief that a sale of these parcels at an upset price of thirty-five cents per foot is equitable to all concerned.

After the sale of these two parcels of land there will remain in the original tract approximately four hundred and fifty thousand square feet of land. A study will be made concerning the desirability of utilizing a major portion of the remainder for playground and other public purposes. At any rate, it is not the present intention of the city to dispose of the remaining portions of this original tract.

I recommend adoption of the accompanying orders by your Honorable Body.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
October 14, 1940.

Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—I respectfully recommend that an order, four (4) copies of which are inclosed, be introduced in the City Council, authorizing the sale of two (2) parcels of land located on property that is under the jurisdiction of this department, at Chestnut Hill Avenue, Brighton.

I have received several offers for the above referenced parcels, varying in price from 30 cents to 35 cents per square foot, and I therefore have established 35 cents per square foot as an upset price. The land in question is of no use whatsoever to this department, and has not been used for any purpose over a long period of years.

In my opinion, it is to the best interests of the city to dispose of this land in accordance with the procedure as described in this communication.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Whereas, The City of Boston owns in fee certain lands situated on the southeasterly side of Chestnut Hill Avenue in the Brighton district of the City of Boston. The title to the said lands was acquired by a deed dated July 21, 1882, recorded with Suffolk Deeds, Book 1567, page 593; and

Whereas, Certain parcels of said lands, hereinafter described, are no longer required for public purposes; now, therefore, it is hereby

Ordered, That the Commissioner of Public Works of the City of Boston be, and he hereby is, authorized to sell at public auction at an upset price of thirty-five (35) cents a square foot two parcels of said lands, hereinafter described; and it is hereby further

Ordered, That his Honor the Mayor of the City of Boston be, and he hereby is, authorized to execute and deliver in the name and behalf of the City of Boston to a purchaser, at said public auction, a written instrument, satisfactory in form to the Law Department of the City of Boston, conveying said two parcels of land, bounded and described as follows:

Parcel A: Northwesterly by the southeasterly side line of Chestnut Hill Avenue, one hundred twenty-nine and 80-100 (129.80) feet; northeasterly by the southwesterly side line of a proposed street, as shown on the plan hereinafter referred to, one hundred (100) feet; southeasterly by the northwesterly side line of a common passageway as shown on the plan hereinafter referred to, one hundred fourteen and 51-100 (114.51) feet; southwesterly by land now or formerly of Evangelos C. Despotis one hundred one and 16-100 (101.16) feet; containing twelve thousand two hundred and fifteen (12,215) square feet of land, more or less. Containing, also, as appurtenant thereto, the right to use in common with others the sixteen (16) foot common passageway situated in the rear of said parcel together with the right of passage in, through and upon the proposed street, as shown on the plan hereinafter referred to.

Parcel B: Northwesterly by the southeasterly side line of Chestnut Hill Avenue one hundred eighty-seven and 93-100 (187.93) feet; northeasterly by land of the City of Boston one hundred (100) feet; southeasterly by the northwesterly side line of a common passageway as shown on the plan hereinafter referred to, one hundred eighty-seven and 93-100 (187.93) feet; southwesterly by the northeasterly side line of a proposed street, as shown on the plan hereinafter referred to, one hundred (100) feet; containing eighteen thousand seven hundred ninety-three (18,793) square feet of land more or less. Containing, also, as appurtenant thereto, the right to use in common with others the sixteen (16) foot common passageway with the right of passage in, through and upon the proposed street, as shown on the plan hereinafter referred to.

Said lands, Parcel A and Parcel B, are shown on a plan marked "City of Boston, Chestnut Hill Avenue, Brighton, September 18, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department," on file in the office of said Street Laying-Out Department, City Hall Annex, Boston, Mass.

Referred to Committee on Public Lands

SALE OF LAND, SARATOGA STREET.

The following was received:

City of Boston,
Office of the Mayor, November 25, 1940.
To the Honorable the City Council.

Gentlemen,—I submit herewith an order for transfer to Roger A. Phinney of a parcel of land containing approximately 12,562 square feet. This parcel of land is owned by the City of Boston and was prior to its discontinuance a part of the public highway known as Saratoga street, East Boston.

In order that your Honorable Body be informed of the reasons for the submission of this order I present for your consideration the following facts relative to this parcel of land:

1. Saratoga street, East Boston, laid out and extended to Winthrop line (center of channel, Belle Isle Inlet) August 7, 1848, straightened February 1, 1862.

2. In order to straighten out Saratoga street in 1862, the trustees under the will of Richard F. Breed, the owners of Breeds Island conveyed to the City of Boston in fee a certain parcel of land (the parcel of land described in the accompanying order is a part thereof) 50 feet in width and 3,160 feet in length as a way on Breeds Island to Belle Isle Inlet. The deed given to the City of Boston is dated February 26, 1862, and is recorded with Suffolk Deeds, Book 811, page 141.

3. By the provisions of chapter 412 of the Acts of 1913 the City of Boston was authorized and directed to construct a new bridge between East Boston and Winthrop over Belle Isle Inlet.

4. Saratoga street at that part approaching Belle Isle Inlet and the location of the new bridge was relocated and ordered constructed by an order

of the Board of Street Commissioners of the City of Boston approved by the Mayor of Boston, March 23, 1914.

5. It is ascertained from the records of the Board of Street Commissioners of the City of Boston of the hearings held on the relocation and construction of Saratoga Street in 1914, that the following facts and beliefs were in evidence:

A. The Metropolitan Coal Company (predecessor in title to Roger A. Phinney) was the owner of a parcel of land abutting on Belle Isle Inlet and on old Saratoga street. The Metropolitan Coal Company would have no entrance to the relocated Saratoga street.

B. The East Boston Company was the owner of the parcel of land between old Saratoga street and the relocated Saratoga street.

C. A Mr. McConnell representing the Metropolitan Coal Company at the hearings held by the Board of Street Commissioners of the City of Boston stated "if they (Metropolitan Coal Company) could obtain the triangular tract of land opposite their property at a reasonable cost they would not expect any damages from the city. Without this piece of land they would be bottled up in a dead-end street, which would be injurious to business."

D. The East Boston Company agreed to sell to the Metropolitan Coal Company the triangular piece of land between the old and new locations of Saratoga street and to release their rights in their one-half interest in old Saratoga street.

E. The Metropolitan Coal Company agreed to release to the City of Boston any claim for damages for the discontinuance of Saratoga street, on condition that there be no betterments assessed.

F. It was the belief of all parties concerned in the hearings held before the Board of Street Commissioners of the City of Boston (Metropolitan Coal Company, the East Boston Company and the Board of Street Commissioners) that the City of Boston had only an "easement" for highway purposes in old Saratoga street and that the relocation and construction of Saratoga street automatically discontinued old Saratoga street, and the land thereof reverted to the abutting owners (Metropolitan Coal Company and the East Boston Company) free and clear.

G. The belief of all parties concerned in the hearings held before the Board of Street Commissioners was due to mutual mistake of fact and of law. It may well be that there were no mutual mistakes and were this portion of old Saratoga street legally discontinued by an order of said Board at that time the Metropolitan Coal Company would have demanded and it would have been entitled to compensation for the damages sustained caused by said discontinuance. The relocation of Saratoga street and the discontinuance of this portion of said street deprived the Metropolitan Coal Company of a then existing entrance to a public highway.

6. In view of the foregoing it is reasonable to believe that the Metropolitan Coal Company and the City of Boston would have agreed that in lieu of damages caused by the said discontinuance being paid to the said company, the City of Boston would have conveyed the said portion of discontinued highway to the said company without compensation therefor.

7. It was the belief of L. K. Rourke, Commissioner of Public Works of the City of Boston, that old Saratoga street was discontinued and the land thereof reverted to the Metropolitan Coal Company. This belief is evidenced by a letter from L. K. Rourke, Commissioner of Public Works, to Hon. John A. Sullivan, Corporation Counsel of the City of Boston, dated April 5, 1915, and reads, in part, as follows:

"In laying out the new bridge the Street Commissioners discontinued the old bridge and the highway approach to said bridge, whereby the land and flats over which the old bridge was located, reverted to the owners of the original estates. It is the understanding of this department that the Metropolitan Coal Company has now secured the title to the premises in question."

8. The relocation and construction of Saratoga street did not result in a discontinuance of old Saratoga street.

A. The discontinuance of a public highway in the City of Boston requires affirmative action to that end in accordance with the provisions of chapter 393 of the Acts of 1906 as amended by chapter 536 of the Acts of 1913.

9. The relocation and construction of Saratoga street did not result in the land of old Saratoga street reverting back to the abutting owners (the Metropolitan Coal Company and the East Boston Company).

A. The City of Boston owns the fee of the land in old Saratoga street and affirmative action by the Mayor and the City Council of the City of Boston under the provisions of chapter 486 of the Acts of 1909 is required to transfer this title out of the City of Boston.

10. The portion of old Saratoga street, the subject matter of the accompanying order, has not been used for public highway purposes from 1914 to the present time, nevertheless, there resided in the City of Boston the legal duty and obligation to keep this part of a public highway in a safe and passable condition and, also a corresponding legal liability to respond in damages for injury to person or property due to the failure of the City of Boston to maintain this part of the public highway in a safe and passable condition.

11. The Board of Street Commissioners of the City of Boston by an order approved by the Mayor of Boston, November 21, 1940, discontinued this portion of old Saratoga street as a public highway.

A. The Board of Street Commissioners have administratively determined that this land is of no use to the City of Boston for highway purposes in that it is a dead-end street bounded at one end by the waters of Belle Isle Inlet and bounded at the other end by a private way known as Benner street.

B. This parcel of land is no value to the City of Boston for any public purpose, and, likewise, this parcel of land is of no value to any person for any private purpose due to its being bounded by privately owned land and therefore having no access to a public highway other than by crossing over land of private owners.

12. Roger A. Phinney in 1938 acquired title to the land abutting on both sides of this discontinued portion of old Saratoga street. Mr. Phinney has offered to the City of Boston the sum of \$500 in order to acquire whatever right, title or interest the City of Boston retains in this parcel of land.

It is my opinion, from a careful consideration of all the facts concerning this matter, that a conveyance of this parcel of land to Roger A. Phinney for the stated consideration of \$500 should be made. A conveyance of this land at this time will complete a transaction that all parties concerned in the hearings held by the Board of Street Commissioners in 1914 thought was completed at this time.

I therefore respectfully recommend passage of the accompanying order.

MAURICE J. TOBIN, Mayor.

Whereas, The Board of Street Commissioners of the City of Boston, by an order approved by the Mayor of Boston November 21, 1940, discontinued a portion of the public highway named Saratoga street, East Boston. The discontinued portion of Saratoga street, the subject matter of this order, contains approximately 12,562 square feet of land; and

Whereas, The City of Boston is the owner in fee of said discontinued portion of Saratoga street; and

Whereas, Roger A. Phinney is the owner of the land abutting on both sides of this discontinued portion of Saratoga street and is desirous of obtaining ownership of the same; and

Whereas, The said discontinued portion of Saratoga street is no longer needed for public purposes; now, therefore, it is hereby

Ordered, That his Honor the Mayor of the City of Boston be, and he hereby is, authorized to convey in the name and behalf of the City of Boston to the said Roger A. Phinney, by an instrument in writing satisfactory in form to the Law Department of the City of Boston, and upon the consideration of five hundred (500) dollars paid to the City of Boston, all the City of Boston's right, title and interest in and to the said discontinued portion of Saratoga street, bounded and described as follows:

Northeasterly by land formerly of the Metropolitan Coal Company and now of Roger A. Phinney, two hundred seventeen and 30-100 (217.30 feet); northerly by other land formerly of the Metropolitan Coal Company and now of Roger A. Phinney, eighty (80) feet; easterly by Belle Isle Inlet, twenty-seven (27) feet; southerly by other land formerly of the Metropolitan Coal Company and now of Roger A. Phinney, one hundred twenty-nine (129) feet; southwesterly by other land formerly of the Metropolitan Coal Company and now of Roger A. Phinney, one hundred eighty and 70-100 (180.70) feet; westerly by the easterly side line of Benner street, a private way, fifty (50) feet; containing twelve thousand, five hundred sixty-two (12,562) square feet of land more or less.

All of said measurements are shown on a plan marked "City of Boston, Saratoga Street, East Boston and Winthrop, November 1, 1913, F. O. Whitney, Chief Engineer, Street Laying-Out Department, Note: Figures Enclosed thus (34.84) added December 5, 1939, William J. Sullivan, Chief Engineer, Street Laying-Out Department," on file in the office of said department, City Hall, Boston, Mass.

Referred to Committee on Public Lands.

RECONVEYANCE TO CITY OF PART OF NORWAY STREET.

The following was received:

City of Boston,
Office of the Mayor, November 18, 1940.
To the Honorable the City Council.

Gentlemen,—I submit herewith an order whereby the Trustees of Shawmut Realty Trust reconvey to the City of Boston that part of Norway street between Falmouth street and Huntington avenue conveyed to the Trustees of the Shawmut Real Estate Trust by deed dated June 25, 1918, under an order of the City Council of the City of Boston passed February 18, 1918, and passed again March 4, 1918, and approved by the Mayor of Boston March 5, 1918; and whereby the City of Boston reconveys to the Trustees of Shawmut Realty Trust that part of the proposed extension of Dalton street between Falmouth street and Huntington avenue conveyed to the City of Boston by deed dated March 15, 1918.

The Trustees of Shawmut Realty Trust are the holders of the record title of the property of

The First Church of Christ Scientist in Boston and their predecessors in title the Trustees of the Shawmut Real Estate Trust in February, 1918, proposing to enlarge the park fronting said church, petitioned the City of Boston to discontinue Norway street between Falmouth street and Huntington avenue as a highway and to convey the discontinued portion of Norway street to the said trustees; and in exchange for said discontinuance and conveyance the said trustees requested that Dalton street be extended as a highway between Falmouth street and Huntington avenue over land owned by said trustees and which land the trustees agreed to convey to the City of Boston.

Norway street was discontinued as a highway and the conveyance of said discontinued portion was conveyed by the City of Boston to the Trustees of the Shawmut Real Estate Trust. Dalton street was extended and laid out over land of the Trustees of the Shawmut Real Estate Trust by order of the Board of Street Commissioners of the City of Boston and a conveyance of said land within the extension of Dalton street was made to the City of Boston by the Trustees of the Shawmut Real Estate Trust.

Norway street was and has been continuously used for all public highway purposes. Dalton street as extended was never entered upon for the purposes of construction and the land thereof, together with the buildings thereon, has been used by the Trustees of the Shawmut Real Estate Trust and the taxes on said land and buildings have been assessed to and paid each year by the said Trustees of the Shawmut Real Estate Trust and their successors, the Trustees of Shawmut Realty Trust.

The proposed plan of enlargement of the church park has been abandoned by the Trustees of the Shawmut Realty Trust.

The Trustees of Shawmut Realty Trust have petitioned the Mayor of Boston, respectfully requesting the City of Boston to accept a reconveyance of that part of Norway street conveyed to said trustees, and for the City of Boston to reconvey to said trustees that part of the proposed extension of Dalton street conveyed to the City of Boston.

The Board of Street Commissioners of the City of Boston have, by an order approved by the Mayor of Boston October 25, 1940, relaid out as a public highway the discontinued portion of Norway street between Falmouth street and Huntington avenue, and have by another order of same date discontinued as a public highway the proposed extension of Dalton street between Falmouth street and Huntington avenue.

Accompanying this letter please find a report of this matter prepared by the Law Department under date of June 7, 1940, together with a plan of the premises.

I respectfully recommend passage of the inclosed order.

MAURICE J. TOBIN, Mayor.

Whereas, By an order of the Board of Street Commissioners of the City of Boston, approved by the Mayor of Boston April 11, 1918, the highway named Norway street was discontinued from Falmouth street to Huntington avenue; and

Whereas, By an order of the City Council of the City of Boston passed February 18, 1918, and passed again March 4, 1918, and approved by the Mayor of Boston March 5, 1918, the Mayor of Boston was authorized in the name and behalf of the City of Boston to release and convey the said discontinued portion of Norway street to the Trustees of the Shawmut Real Estate Trust for a nominal consideration; and

Whereas, By a deed dated June 25, 1918, recorded with Suffolk Deeds, Book 4093, page 416, the City of Boston did release and convey to the Trustees of the Shawmut Real Estate Trust all the City of Boston's right, title and interest in the said discontinued portion of Norway street; and

Whereas, By an order of the Board of Street Commissioners of the City of Boston, approved by the Mayor of Boston April 11, 1918, a public improvement consisting of the laying-out and construction of an extension of Dalton street, as a highway, from Falmouth street to Huntington avenue was authorized; and

Whereas, By a deed, March 15, 1918, recorded with Suffolk Deeds, Book 4080, page 613, the Trustees of the Shawmut Real Estate Trust did release and convey to the City of Boston for a nominal consideration, all the right, title, interest and estate of the said trustees in and to the proposed extension of Dalton street; and

Whereas, No entry was or has been made by the City of Boston for the purposes of laying out and constructing the said proposed extension of Dalton street; and

Whereas, The said discontinued portion of Norway street has been and is being utilized for public highway purposes; and

Whereas, By an order of the Board of Street Commissioners of the City of Boston, approved by the Mayor of Boston October 25, 1940, an extension of the highway named Norway street (the said discontinued portion of Norway street) was laid out as a highway from Falmouth street to Huntington avenue; and

Whereas, By an order of the Board of Street Commissioners of the City of Boston, approved by the Mayor of Boston October 25, 1940, the highway named Dalton street (the said proposed

extension of Dalton street) was discontinued as a highway from Falmouth street to Huntington avenue; and

Whereas, The Trustees of Shawmut Realty Trust, successors in title to the Trustees of the Shawmut Real Estate Trust, have by petition addressed to the Mayor of the City of Boston requested the City of Boston to accept a reconveyance of the fee of that part of Norway street conveyed to the Trustees of the Shawmut Real Estate Trust by deed dated June 25, 1918; and have further requested the City of Boston to reconvey the fee of that part of Dalton street conveyed to the City of Boston by deed dated March 15, 1918; and

Whereas, The land conveyed by the Trustees of the Shawmut Real Estate Trust to the City of Boston by deed dated March 15, 1918, for the then proposed extension of Dalton street, is no longer needed for public purposes; now, therefore, it is hereby

Ordered, That his Honor the Mayor of the City of Boston be, and he hereby is, authorized in the name and behalf of the City of Boston to accept by an instrument in writing satisfactory in form to the Law Department of the City of Boston a reconveyance of that portion of Norway street conveyed by the City of Boston to the Trustees of the Shawmut Real Estate Trust by deed dated June 25, 1918, and bounded and described as follows:

Northwesterly by Falmouth street, fifty (50) feet; northeasterly by the northeasterly side line of Norway street as laid out by order of the Board of Street Commissioners of the City of Boston, October 25, 1940, two hundred twenty-five and 1-100 (225.01) feet; southeasterly by Huntington avenue, fifty (50) feet; southwesterly by the southwesterly side line of Norway street as laid out by order of the Board of Street Commissioners of the City of Boston, October 25, 1940, two hundred twenty-five and 1-100 (225.01) feet.

All the above measurements are shown on a plan hereinafter referred to.

and, it is hereby further,

Ordered, That his Honor the Mayor of the City of Boston be, and he hereby is, authorized in the name and behalf of the City of Boston to reconvey to the Trustees of Shawmut Realty Trust, by an instrument in writing satisfactory in form to the Law Department of the City of Boston, the parcel of land conveyed to the City of Boston by the Trustees of the Shawmut Real Estate Trust for the proposed extension of Dalton street by deed dated March 15, 1918, and bounded and described as follows:

Northwesterly by Falmouth street, fifty (50) feet; northeasterly by the northeasterly line of Dalton street as discontinued by order of the Board of Street Commissioners of the City of Boston, October 25, 1940, two hundred twenty-five (225) feet; southeasterly by Huntington avenue, fifty (50) feet; southwesterly by the southwesterly line of Dalton street as discontinued by order of the Board of Street Commissioners of the City of Boston, October 25, 1940, two hundred twenty-five (225) feet.

All of the above measurements are shown on a plan marked "City of Boston, Dalton Street, Norway Street, January 2, 1918, Roxbury, F. O. Whitney, Chief Engineer, Street Laying-Out Department, Note: Norway Street, Relaid out October 25, 1940, Dalton Street, Discontinued October 25, 1940," on file in the office of the Street Laying-Out Department, City Hall, Boston, Mass.

Referred to Committee on Public Lands.

TRUSTEE UNDER WILL OF MICHAEL FRANCIS CAHILL.

Notice was received from Mayor Tobin and Oscar W. Haussermann (named by Boston Chamber of Commerce), being trustees under will of Michael Francis Cahill, of selection as third trustee of John C. Kiley, 285 Commonwealth avenue, Boston.

Placed on file.

SECURITY FOR LAND-TAKINGS.

A communication was received from the Boston Housing Authority giving notice of security for land-takings.

Placed on file.

SIDEWALK ASSESSMENTS.

A communication was received from the Commissioner of Public Works together with order assessing half-cost of constructing artificial stone sidewalks, viz.:

Half-Cost.
VanWinkle street, Ward 16. \$361 10
The order was passed.

INTEREST IN CONTRACT.

Notice was received from William H. Ellis, member of the Board of Appeal, of interest in contract for constructing snow dump wharf at North Ferry.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz:

Claims.

Brighton Motors, Inc., for refund on used car dealer's license.

Eleanor Callahan, for compensation for injuries caused by an alleged defect in sidewalk at Hemenway and Haviland streets.

Morris Chernoff, for compensation for injuries caused by city car.

William A. Hogan, for compensation for damage to car by city truck.

M. B. Trucking Company, Inc., for compensation for damage to car by city car.

A. F. Rowe, for refund on building permit.

Committee on Licenses.

Petition of Boston Elevated Railway for license to operate motor vehicles from junction of River street and Fairmount avenue at Logan square, Hyde Park, over Fairmount avenue, Highland street, Pond street, Williams avenue, Summit street, Washington street, Chittick road, Neponset Valley Parkway and Fairmount avenue to River street, in either direction.

PAYMENT OF AID TO SOLDIERS AND SAILORS.

Coun. ENGLERT, for the committee on Soldiers' Relief, submitted report recommending passage of order for payment of aid to soldiers and sailors and their families in the City of Boston for the month of December.

Report accepted; said order passed.

LOCKERS, CHARLES RIVER BEACH.

Coun. RUSSO offered the following:

Ordered. That his Honor the Mayor be requested to instruct the Park Commissioners to make a survey of the Charlesbank Beach with the view to erecting bathroom lockers for the convenience of bathers using the beach of the Charles river at Charles and Cambridge street, Ward 3.

Coun. RUSSO—Mr. President, some time ago I put in a similar order, to erect a locker room on the Charles river beach, at Charles and Cambridge streets, Ward 3, but the summer passed by without having anything in that direction done. Therefore, I now put in this order, so that there will be sufficient time to consider this in connection with the incoming budget, and so that something may be done looking to the erection of such lockers in that location. You and I, Mr. President, know, and any of the members of the Council who may at times pass by there know, that the people using the beach naturally undress themselves right there, and it is really a shameful sight at times, when you go by, to see bathers, particularly women, taking off their clothes when they are about to put on their bathing suits, and taking off their bathing suits after they have been in the water. I know that his Honor the Mayor will be very much interested to see that lockers are placed there in order to obviate that condition; and I certainly hope that by next summer such provision will be made, so that bathers can go there and enjoy themselves and dress and undress properly. Naturally, when they have been in bathing they wish to take off their bathing suits before dressing, and many of us in that section do not have proper facilities for taking a bath at home. I trust, therefore, that this order will pass. The order was passed under suspension of the rule.

HOUSING PROJECTS FOR WARD 3.

Coun. RUSSO offered the following:

Ordered. That the Boston Housing Authority be requested, through his Honor the Mayor, to petition the Federal Housing Administration to formulate plans for housing projects in the North, West and South End districts of Ward 3.

Coun. RUSSO—Mr. President, during the past eleven months, since I have been a member of the Boston City Council, I have had several conversations with the Housing Authority along this line, having in mind that housing projects are very much needed in Ward 3, and that the West End, North End and South End need such projects. I very much appreciate the fact that several days ago one of our outstanding newspapers in Boston editorially emphasized, what I think we all know, that if any additional housing projects are to be undertaken the places where they are most needed are the West End, the North End and the South End. We have there many homes that have no facilities for bathing, and where two and three families must use the same toilet. Having that situation in mind, I feel that it is about time that something should be done in the way of erecting housing projects in those areas. There is no question in my mind that his Honor the Mayor and the Housing Authority are very much interested to see that these projects are formulated in my district and these other districts, but one of the excuses we seem to be confronted with is that the price of land is much higher than the Federal Government allows in places where such housing projects go. You and I know,

Mr. President, that many of our homes today may be overassessed, but I still agree with the editorial of a few days ago, in the Boston Post, that if there are any sections of the City of Boston that greatly need such projects they are the North, West and South Ends, that those are the places where these homes should be erected. I hope, therefore, that his Honor the Mayor, will take proper steps to formulate and expedite this suggestion, urging the Federal Housing Authority to do something along this line. I trust, therefore, that some such action will be taken in my district and in these other districts for the welfare and convenience of the poor people of the city.

The order was passed under suspension of the rule.

APPOINTMENT OF MARGARET J. BUSCHE.

Coun. HURLEY offered the following:

Ordered. That the trustees of the City Hospital be requested, through his Honor the Mayor, to rescind their recent order authorizing the appointment of Miss Margaret J. Busche as Director of the City Hospital School of Nursing and Superintendent of Nurses, and appoint only a resident of Boston and graduate of the City Hospital School of Nursing to this position.

Coun. HURLEY—Mr. President, I have been absent for two meetings, and when I returned I heard that the trustees of the Boston City Hospital had appointed a Miss Busche Superintendent of Nurses at the hospital. When I received that information I was certainly amazed. As chairman of the City Council Committee on Hospitals I feel it my duty to present this order here today requesting the trustees of the City Hospital to rescind their recent order whereby they appointed to the position of Superintendent of Nurses a non-resident of the City of Boston. While I have no complaint to make of the qualifications, experience or education of Miss Busche, we who are familiar with the workings of the hospital know full well that there are many girls and women in our city who are fully qualified by education, training, experience and length of loyal service to fill this high salaried position. I say to you the members of the Council, and to the public of the City of Boston, that these qualified women should be given the opportunity of being considered for this position. What outlook has the student nurse, the young graduate nurse and the nurse of long-time service? What outlook for the future have they, if persons resident outside of our city and state are placed in positions of importance over their heads? Whom do they look to for support? Yes, they look to us, their representatives in city government, to plead their case, and I, for one, intend to do all physically and politically possible to place within the reach of every one of these qualified girls the opportunity of advancement to a higher position. I feel that this is only just and fair. I do not think the trustees would have to try very hard to find in our city and in our City Hospital a capable, educated, talented nurse, a graduate of the Nursing School to fill this position. I certainly hope, therefore, that the trustees will see fit to rescind that order and select one of the graduates of the school at our City Hospital, thereby encouraging our other nurses.

Coun. SHATTUCK—Mr. President, in all the discussion upon this order as upon other orders introduced at the last meeting, I have not heard one word about the welfare of the patients of the City Hospital. Yet, that is the primary consideration,—not where a Superintendent of Nurses comes from, not where she has been trained, but whether she is highly competent, and whether her appointment is for the welfare of the patients. The gentleman who has just spoken says he has nothing against Miss Busche, who has been appointed to this position. I have heard no criticism of her competence or of her administration of her office as assistant before her appointment. In the absence of any criticism of her competence, it would seem to me that the matter should be left to the Board of Trustees, who are appointed for that purpose and who do have the welfare of the patients at heart.

Coun. RUSSO—Mr. President, I heartily agree with the councilor from Ward 8 (Coun. Hurley), having in mind that one month before the resignation of the previous Superintendent of Nurses at the Boston City Hospital I was confronted with a situation where a girl from my district, a student at the Boston City Hospital, passed an examination, receiving 96 or 98 per cent, and that she was put in a ward working alone. But, mind you, after she had performed that service, for three weeks, and had gone to the expense of buying uniforms, books and other necessary things, she was let go by Miss Logan from the Boston City Hospital, she telling the girl that, from the standpoint of ability and a nurse, she was not qualified. I had a conversation with his Honor at that time. I have kept it quiet until now, because a resignation was forthcoming, but I cannot help stating at this time that if those are the tactics that Miss Logan used in the case of a young girl who was a student and who was only allowed three weeks on the practical side of nursing, then being told that she was not qualified, that sort of thing is not right. When I called Miss Logan up and explained the situation to her, she told me that I as a member of the City Council had nothing to do with the Boston City Hospital. Well, I feel, Mr. President, that every councilor

here is interested in the Boston City Hospital. Our constituents are the ones who are brought to the Boston City Hospital, and it certainly is our affair to see that the proper services are given to patients at the hospital and that the student nurses are given a chance to graduate in that hospital. Therefore, I urge that the trustees of the Boston City Hospital be requested, through his Honor the Mayor, to rescind their recent order authorizing the appointment of Miss Busche as director of the City Hospital nursing and Superintendent of Nurses, appointing a resident of Boston and a graduate of the City Hospital Nursing School to the position.

Coun. GOTTLIEB—Mr. President, I think that the councilor from the Back Bay (Coun. Shattuck) overlooked the most important question involved in the appointment of Miss Busche as Superintendent of Nurses when he said that there was no criticism of her qualifications for the position and that the welfare of the patients in the hospital should be the first consideration. Of course, I agree with the councilor in that respect, but I am curious to find out why, after three years of Miss Logan, no nurse in the Boston City Hospital has been able to receive sufficient knowledge, through Miss Logan or her subordinates, such as Miss Busche, to qualify a single one of them for this position. It seems to me it is a sad commentary on the ability of Miss Logan or Miss Busche, in dealing with the student nurses, not to produce any nurse capable to fill the position from the Boston City Hospital School of Nurses. That, to my mind, is the most important thing for the trustees of the hospital to consider in connection with Miss Logan or Miss Busche. If Miss Logan, after three years, was unable to give the proper training to the nurses under her charge, it seems to me that Miss Busche would not be able to do any better, because she will follow the course prescribed for her by Miss Logan. I certainly think the trustees of the Boston City Hospital ought to advise the City Council what is wrong with the nursing system in the Boston City Hospital.

Coun. WARD—Mr. President, I do not believe that this Body, being, as it is, a political body, should interfere in any way with the administration of the City Hospital. The responsibility for carrying on the hospital, with reference to the nurses and otherwise, does not rest upon us, but upon the trustees of the City Hospital. If I had my choice in naming a superintendent of nurses, I should choose somebody who would not necessarily be friendly to me, but who, of all things, would have the interests of the patients at heart. It is not our responsibility. Slogan after slogan has been used in our city, in School Committee contests, for example, about keeping the schools out of politics. I think it is about time that we kept the Boston City Hospital out of favoritism and out of politics.

Coun. RUSSO—Mr. President, while I do not wish to continue at length the City Hospital argument, and while I agree with some of the members here that there should not be political interference with the proper workings of the Boston City Hospital, I do say here that if there is any ground for criticism of the Boston City Hospital Trustees it should be brought out here, because, after all, nobody is right all the time, and if we give the trustees power and they are not open to criticism by us, who is going to criticize them at times when criticism may be warranted? I believe that if the City Hospital Trustees feel that they have made a right appointment in the appointment of Miss Busche, we should give them a chance to come here and state their position. If there is any just ground for criticism of the trustees of the Boston City Hospital, I say, let us give them that criticism in this Body.

Coun. FISH—Mr. President, if the rumor I have heard in regard to the whole situation is true, the political angle is with the trustees. The rumor I heard was that Miss Logan would tender her resignation on the condition that the girl she brought here from Chicago, Miss Busche, was to be appointed in her place. So I think the politics of the matter is not in this Body but in the trustees of the City Hospital.

Coun. LYONS—Mr. President, about three years ago we had this same thing brought up about Miss Logan by Councilor Dowd, and his argument at that time was that Boston jobs should be given to Boston girls. The councilor from Ward 21 (Coun. Ward) has referred to us as a political body. I do not consider myself as a politician here, but as one elected by the people to represent them. Of course, the five trustees of the City Hospital should be competent to appoint anybody they see fit, or make any appointments down there. Where lives are at stake and where nurses and doctors are to be employed, the appointments to be made are not like political appointments, because the safety and welfare of the patients has to be considered, and the appointments must be made subject to Massachusetts standards. Just because a person lives in Massachusetts it does not follow that he or she should be appointed to a position at the head of a City Hospital department. So I think it would be wise on our part, instead of attacking the trustees without knowing the facts, to invite them to come here and defend their appointment, after which we can argue the matter to our heart's content in executive session or in this Body. If any compromise is arrived at, and they do not see fit to carry out the terms of the compromise, it seems to

me it will then be high time for us to have a debate on the matter. So, as I say, I believe we should have a hearing with the trustees of the hospital, having the trustees and possibly the superintendent up here, and if we desire an explanation of why certain appointments were made, I think they will give the explanation to us.

Coun. WICKES—Mr. President, I am sorry that I do not agree with the gentleman from Ward 21 (Coun. Ward). I believe it is our business. I think it is our business to know what is going on in the City Hospital, no matter what it may be. I believe that we as elected members of this Body are supposed to find out and to know what is going on in the hospital. We are going there constantly, and when we see something going on that we do not like, that we do not think is right, I believe it is our business to call attention to it and to comment upon it. I know that in my visits to the hospital I have seen plenty going on down there that you and I would like to know more about. I am sure that if you or I do not care to see things going on that we would not wish to have our brother or our sister subjected to in the hospital, and if such things are going on, why should we keep quiet? I certainly do not propose to, not by a long shot. In 1935 or 1936, the Finance Commission made a report in regard to the City Hospital which contained certain criticisms, suggesting that certain ones be discharged, and asking the trustees to give a more complete report on their financial condition. I don't know what has been accomplished since that time, about five years past; but it seems to me if the Board of Trustees is a body that has done certain things that are to be condemned or criticized, they should be thrown out as a group. So I believe the Council should get behind such an issue. It is not a question of politics. It is a question of whether the hospital is properly run as we, from time to time, have occasion to see it in our visits. And I believe it is not political for us to ask to have a graduate of the Nursing School of the City Hospital appointed to the job of superintendent. We have a nursing school down there, and it is supposed to fit graduates for just that sort of thing.

The order was passed.

PROPOSED LOANS.

President GALVIN called up, under unfinished business, Nos. 3 and 4 on the calendar, viz.:

3. Ordered, That under the provisions of chapter 72 of the Acts of 1939, a loan in the sum of \$325,000, outside the debt limit, be, and hereby is, authorized, and that the City Treasurer, upon request of the Mayor, be authorized to issue bonds or notes therefor, and that the said sum of \$325,000 be, and hereby is, appropriated, to be expended in accordance with the provisions of chapter 72 of the Acts of 1939, for the following purposes:

Public Works Department. Paving Service.....	\$120,000
Public Works Department. Sewer Service.....	55,000
Public Works Department. Central Office.....	150,000
F. Special Items.....	<u>\$325,000</u>

On November 25, 1940, the foregoing order was read once and passed, yeas 19, nays 0.

4. Ordered, That under the provisions of chapter 49 of the Acts of 1933 as most recently amended by chapter 288 of the Acts of 1939 the City Treasurer be authorized to obtain the approval of the Emergency Finance Board to the issuance of two million dollars (\$2,000,000) in notes, bonds or certificates of indebtedness of the city, said notes, bonds or certificates to be sold at their face value to the Commonwealth and the proceeds be, and hereby are, appropriated for the purpose of meeting outstanding revenue loans.

On November 18, 1940, the foregoing order was read once and passed, yeas 20, nays 0.

The orders were given second and final reading and passage, yeas 19, nays 0.

SALE OF LAND TO MASSACHUSETTS GENERAL HOSPITAL.

President GALVIN called up, under unfinished business, No. 5 on the calendar, viz.:

5. Whereas, The City of Boston is the present owner of a certain parcel of land, together with the buildings thereon, situated on the westerly side of North Grove street in the City of Boston, and more fully described and shown as "Parcel A" on a plan hereinafter referred to; and

Whereas, The said premises, "Parcel A," are no longer needed for public purposes; and

Whereas, The Massachusetts General Hospital, a corporation duly organized under the laws of the Commonwealth of Massachusetts, is the owner of a certain parcel of land situated on the northerly side of Cambridge street and on the westerly side of North Grove street in the City of Boston and more fully described and shown as "Parcel C" on a plan hereinafter referred to, and

a contiguous parcel of registered land situated on the westerly side of said North Grove street, more fully described and shown as "Parcel D" on a plan hereinafter referred to; and

Whereas, The said the Massachusetts General Hospital desires to purchase for hospital purposes said "Parcel A" and has offered to the City of Boston as consideration therefor the sum of forty-nine thousand six hundred forty-seven (49,647) dollars, and to grant to the City of Boston said "Parcel C" and said "Parcel D"; now, therefore, it is hereby

Ordered, That his Honor the Mayor of the City of Boston be, and he hereby is, authorized to sell at private sale to the said the Massachusetts General Hospital all the City of Boston's right, title and interest in and to said "Parcel A" together with the buildings thereon for the sum of forty-nine thousand six hundred forty-seven (49,647) dollars and the grant to the City of Boston of said "Parcel C" and said "Parcel D"; and it is further

Ordered, That his Honor the Mayor of the City of Boston be, and he hereby is, authorized to execute and deliver in the name and behalf of the City of Boston an instrument in writing, satisfactory in form to the Law Department of said City of Boston, wherein the said City of Boston conveys to the said the Massachusetts General Hospital all the City of Boston's right, title and interest in and to said "Parcel A" together with the buildings thereon, bounded and described as follows:

Northerly by land of the Massachusetts General Hospital, one hundred forty-seven and 20-100 (147.20) feet; easterly by North Grove street, twenty-five (25) feet; southerly by land of the City of Boston, fifty-one (51) feet; easterly again, by other land of the City of Boston, ninety-seven and 62-100 (97.62) feet; easterly again, by other land of the Massachusetts General Hospital, twenty-eight and 27-100 (28.27) feet; southerly by other land of the Massachusetts General Hospital, forty-five and 94-100 (45.94) feet; easterly again, by other land of the Massachusetts General Hospital, twenty-nine and 80-100 (29.80) feet; southerly again, by other land of the City of Boston, fifty-four and 80-100 (54.80) feet; westerly again, by other land of the City of Boston, one hundred seventy-six and 47-100 (176.47) feet; containing seventeen thousand five hundred seventy-two (17,572) square feet of land, more or less.

All of said measurements shown on a plan marked "City of Boston, North Grove Street, Boston Proper, February 7, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and designated as "Parcel A" thereon, upon the payment by the said the Massachusetts General Hospital to the City of Boston of the sum of forty-nine thousand six hundred forty-seven (49,647) dollars and the delivery to the City of Boston by the said the Massachusetts General Hospital of a deed satisfactory in form to the Law Department of the City of Boston, whereby the said the Massachusetts General Hospital conveys to the City of Boston all the said hospital's right, title and interest in and to said "Parcel C", bounded and described as follows:

Northerly by land of the Massachusetts General Hospital, twelve and 85-100 (12.85) feet; easterly by other land of the Massachusetts General Hospital, sixty-eight and 28-100 (68.28) feet; southerly by Cambridge street, fourteen and 11-100 (14.11) feet; westerly by Cambridge Street avenue, forty-six and 50-100 (46.50) feet; northerly again, by land of the City of Boston, one and 34-100 (1.34) feet; westerly again, by other land of the City of Boston, twenty-three and 25-100 (23.25) feet; containing nine hundred thirty-seven (937) square feet of land, more or less; and said "Parcel D" a parcel of registered land, Certificate of Title No. 8111, recorded with Suffolk Land Registrations, Book 36, page 111, bounded and described as follows:

Northerly by land of the Massachusetts General Hospital, twelve and 89-100 (12.89) feet; easterly by other land of the Massachusetts General Hospital, six and 42-100 (6.42) feet; southerly by other land of the Massachusetts General Hospital, twelve and 85-100 (12.85) feet; westerly by land of the City of Boston, seven (7) feet; containing eighty-six (86) square feet of land, more or less.

All of said measurements are shown on a plan marked "City of Boston, North Grove Street, Boston Proper, February 7, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and designated as "Parcel C" and "Parcel D" thereon.

On November 18, 1940, the foregoing order was read once and passed, yeas 18, nays 1.

The order was given its second and final reading and passage, yeas 18, nays—Coun. Coffey—1.

SALE OF LAND TO LILLIAN LAYDEN.

President GALVIN called up, under unfinished business, No. 6 on the calendar, viz.:

6. Whereas, The Board of Street Commissioners of the City of Boston by a resolve and order approved by his Honor the Mayor of Boston, May 5, 1939, discontinued a part of the highway named Old Centre street, containing forty-five hundred and sixty-eight square feet, more or less, and situated near the Dedham boundary line, and contiguous to the premises of Lillian Layden; and

Whereas, Lillian Layden of Dedham is desirous of obtaining the ownership of said forty-five hundred and sixty-eight feet; and

Whereas, The said forty-five hundred and sixty-eight square feet of land are no longer needed for public purposes; now, therefore, it is hereby

Ordered, That his Honor the Mayor be, and he hereby is, authorized to convey to the said Lillian Layden, by an instrument in writing, satisfactory in form to the Law Department of the City of Boston, and in consideration of the sum of one hundred fifty (150) dollars paid to the City of Boston by the said Lillian Layden, all the City of Boston's right, title and interest in the said forty-five hundred and sixty-eight square feet discontinued as aforesaid, and bounded and described as follows:

Northerly by land of Lillian Layden by four measurements, seventy-two and 41-100 (72.41) feet; fourteen and 92-100 (14.92) feet; twenty-one (21) feet, and fifteen and 83-100 (15.83) feet; easterly by the westerly line of Old Centre street by two measurements, twelve and 76-100 (12.76) feet and sixty-seven and 91-100 (67.91) feet; southerly by other land of Lillian Layden by two measurements, thirty-four and 14-100 (34.14) feet and fifty-eight and 23-100 (58.23) feet; and westerly by the boundary line between the City of Boston and the town of Dedham, thirty-eight and 82-100 (38.82) feet, containing forty-five hundred and sixty-eight (4,568) square feet and shown on a plan showing the discontinuance of a part of Old Centre street, West Roxbury, near the boundary line between Boston and Dedham and marked "City of Boston, Old Centre Street, West Roxbury, September 1, 1938, William J. Sullivan, Chief Engineer, Street Laying-Out Department," deposited in the office of the Street Laying-Out Department, City Hall Annex, Boston.

On November 18, 1940, the foregoing order was read once and passed, yeas 19, nays 1.

The order was given its second and final reading and passage, yeas 17, nays—Coun. Coffey—1.

CONFIRMATION OF EXECUTIVE APPOINTMENTS.

President GALVIN called up, under unfinished business, No. 2 on the calendar, viz.:

2. Action on appointments submitted by the Mayor November 25, 1940, of Louis Novick, Dorothy Novick, Arthur J. Sangster, to be Weighers of Coal, and William J. Kelly, to be a Weigher of Goods.

The question came on confirmation of the appointments. Committee, Coun. Taylor and Englert. Whole number of ballots 16; yeas 16, and the appointments were confirmed.

REFLECTOR LIGHTS, WARD 11.

Coun. ENGLERT offered the following:

Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to make arrangements for the installation of reflector lights on Washington street, Ward 11, at the junction of Forest Hills street and Montebello road.

Passed under suspension of the rule.

APPOINTMENT OF MISS MARGARET J. BUSCHE.

Coun. KELLY offered the following:

Ordered, That the President of the City Hospital Trustees be requested, through his Honor the Mayor, to appear before the Executive Committee of the City Council at its next meeting to explain the reason for appointing Miss Margaret J. Busche to the position of Superintendent of Nurses instead of a qualified graduate of the Boston City Hospital School of Nursing.

Coun. KELLY—Mr. President, of course I realize that there has been a lot of discussion of this matter pro and con, but I have had this order drawn up for some time, and I wish to talk a little upon it. I realize, also, that as members of the City Council we continually have brought to our attention matters connected with the City Hospital, that we frequently have occasion to visit the hospital on behalf of our constituents, and that we are called upon each year to pass upon the hospital budget. I realize also that the hospital was established in 1860, eighty years ago, and that since that time, up to three years ago, every Superintendent of Nurses who was appointed was a graduate of the Boston City Hospital. Three years ago, for some reason, the trustees did not seem to think that there was one nurse in the hospital qualified to be Superintendent of Nurses. Under the present set-up of the Boston City Hospital a Boston girl has not had a chance for the past ten or twelve years. Why do I say that? Because when Miss Logan came she brought with her seven assistants from North Carolina, Oklahoma, Chicago, Tennessee and New York. I remember asking one of the Board of Trustees at one of our hearings about her qualifications, and he said that in his opinion Miss Logan was the best qualified person to be Superintendent of Nurses at the City Hospital. I said, "Well, suppose I should agree with you in regard to Miss Logan's ability, isn't it a fact that there are seven girls in the hospital capable of

serving under her and learning her ways, so that when she resigns and goes on her way it will be possible to fill her place with one of those girls?" But he did not think that we had a girl in Boston capable of that. Now, Mr. President, I am going to name a girl to the trustees. I have here the educational and professional background of such a girl, and I am going to name the young lady and ask the chairman of the trustees to explain to the City Council what qualifications Miss Busche has that this Boston City Hospital graduate has not got. I name Miss Mary Ann Sullivan, and I propose to give her professional and educational background. Starting with her educational background, she graduated from Our Lady of Perpetual Help School, Roxbury, Mass., and from the Girls' Latin School of Boston. She took courses in Boston University and a University Extension course in Appreciation of Music. She took an international course in leadership at Bedford College, London, England, and got a degree from Simmons College of Boston. At Boston University she is studying now for an M. A. degree. She took a Red Cross course for instruction in First Aid, and studied organization at Camp Edith Macy, New York. Taking her professional background, I am surprised that the trustees overlooked the fact that she is a graduate of the Boston City Hospital School of Nursing, and I am particularly surprised that they should feel that with that, and her other background and qualifications, she was not considered as an appointee for Superintendent of Nursing at the City Hospital, before appointing Miss Busche to the position. They can hardly claim, in view of her graduating from the City Hospital School of Nursing, with her other professional and educational qualifications, she was not considered equal to that position. To recapitulate Miss Sullivan's professional background, she is a graduate of the Boston City Hospital School of Nursing; was assistant superintendent at York, Maine, for three years; did special nursing at the Boston City Hospital for six winters. References: Dr. Tracy Putnam, Professor of Neurosurgery, Columbia University; Dr. Soma Weiss, Physician-in-Chief, Peter Bent Brigham Hospital; Dr. Walter Wegner, Neurosurgery, Boston City Hospital; Dr. Joseph Shortell, Orthopedic Surgeon, Boston City Hospital. Assistant director and camp nurse, Maine and New Hampshire, for five summers; administration study, Children's Hospital; resident nurse Isle of Shoals, two summers; Red Cross instructor of home hygiene; instructor of child nursing, home nursing and first aid for Business and Professional Women's Club in Maine; Girl Scouts and Leaders, Portsmouth, New Hampshire; Girl Scouts and Leaders, Maine. Founder and leader of Girl Scout troops for cardiac children at Good Samaritan Hospital, Boston. References: Miss Marian Fraser, Chestnut Hill, Miss Laura Coleman, Dr. Margaret Lewis, Mrs. Louis Burlingham. Now developing Girl Scouting in conjunction with School of Occupational Therapy for the care of rheumatic cardiac child isolated in the home. She has been connected with health research and statistical study at Washington Girl Scout Camp for National Girl Scouts, Incorporated, at Mount Solon, Virginia, financed by Child Foundation of America. Secretary of M. S. N. A., District 5, Private Duty Section. Founder of Boston City Hospital Private Duty Section. Director of Boston City Hospital Alumnae, two years. President of the Boston City Hospital Alumnae, two years. Instructor of Surgical Nursing, Dowling Building, Boston City Hospital. I have many letters here, which I will not take the time to read, but which I will ask to have incorporated in the record.

(The letters are as follows:

"Berwick, Maine,
November 12, 1940.

To Whom It May Concern.

This is to certify that having worked with Miss Mary Ann Sullivan, I found her a capable, efficient, willing worker possessed of unquestionable administrative ability.

OLIVE G. STONE,
Superintendent of New York Hospital."

Miss Sullivan was assistant superintendent there.

"Tracy Jackson Putnam, M. D.,
Neurological Institute,
700 West 168th Street,
New York, N. Y.

Professor of Neurology
and Neurosurgery,
Columbia University.

February 14, 1940.

To Whom It May Concern.

This is to certify that I was much pleased with the work Miss Mary Ann Sullivan did for Jack Fies and Bobby Hirsch under extremely difficult circumstances. Both cases were neurosurgical ones, and demanded great care and attention. I can recommend her for any position.

Respectfully,
TRACY J. PUTNAM, M. D."

"Soma Weiss, M. D.,
Peter Bent Brigham Hospital,
Boston.

February 14, 1940.

To Whom It May Concern.

This is to state that Miss Mary Ann Sullivan took care of a private patient of mine in 1936. At that time I learned to know her as a person of

ability and fine sensibility. She did her work excellently, and I can recommend her for the position for which she is applying.

SOMA WEISS, M. D.,
Hersey Professor of the Theory
and Practice of Physic, Harvard
University; Physician-in-Chief,
Peter Bent Brigham Hospital."

"The Boston City Hospital,
Department of Neurosurgery.

March 8, 1940.

To Whom It May Concern.

I wish to state that I am well acquainted with the nursing abilities of Miss Mary Ann Sullivan, who has taken care of a number of my patients. Her work has been of the highest quality, both from the standpoint of the doctor and the patient. Aside from taking care of the routine prescribed duties, she has shown a desirable quality of initiative while at the same time showing due respect and appreciation of authority.

I would recommend Miss Sullivan highly for a position in her chosen field.

Very truly yours,
WALTER WEGNER, M. D."

"C. W. Kinghorn, M. D.,
426 State Street,
Portsmouth, N. H.

November 4, 1940.

To Whom It May Concern.

I have had the opportunity in the past to observe both the ability and the results in the work of Miss Sullivan.

I can sincerely say that she is efficient and has excellent administrative ability.

Very truly yours,
C. W. KINGHORN, M. D."

"A. M. Bragdon,
Insurance and Real Estate,
Realty Building, York Village, Maine.

November 7, 1940.

To Whom It May Concern.

This is to certify that Mary Ann Sullivan was employed by the York Hospital for several years previous to May, 1931, and she was a very efficient nurse and showed a good amount of executive ability and was quite popular in this community.

A. M. BRAGDON,
Trustee, York Hospital."

"Edward M. Cook, M. D.,
York Harbor, Maine.

November 15, 1940.

To Whom It May Concern.

Miss Mary Ann Sullivan was for some years a nurse in the York Hospital, York, Maine, with which I am associated. She also did private duty nursing in the vicinity.

It is a pleasure to recommend her without reservation for any nursing position. She is faithful, kind, ardently self-sacrificing to the point of foolhardiness, and professionally very intelligent.

Any further information that would aid you I would be only too glad to give.

EDWARD M. COOK, M. D."

"London, England.

Four captains in United States Girl Scouting were chosen to represent the United States at an International Training Course at Bedford College, London, England. Because of outstanding volunteer work with cardiac children, to whom she introduced scouting at the Good Samaritan Hospital, Boston, Miss Sullivan was chosen to go to England. She also began the first Home Scouting Troop in the United States. This took scouting to the isolated child in her home.

As I said on the floor of the City Council last week, a year ago April when this was going to come up, I was assured by a member of the Board of Trustees of the Boston City Hospital that if I kept quiet, Miss Logan was on her way out and was to be replaced by a City Hospital girl, a graduate of the Boston City Hospital School of Nursing. Well, we all know what happened, in spite of that promise,—that Miss Busche, a protégé of Miss Logan, was appointed to the position when Miss Logan resigned. I trust, therefore, that the chairman of the trustees of the hospital will appear before the executive session of the City Council at our next meeting and explain the whole situation to the Council. I think we would all like to know what has been going on in the hospital. We are all interested in the hospital, and we all have occasion to visit there a great deal in the interests of our constituents. It is not politics; we all simply take a natural human interest in the hospital and in what is going on down there. I don't see anything political in our going down to the City Hospital. We all go there for legitimate reasons. We all know, as a matter of history, how the hospital has been run in this respect since its establishment in 1860, that up to three years ago its superintendents of nurses have been taken from the hospital staff itself. Certainly the practice since 1860 up to three years ago cannot be wrong. That was the system, and there was no criticism of any superintendent of nurses until three years ago, from 1860 to 1937. And then suddenly there was this change and Miss Logan was brought on from outside and appointed superintendent of nurses, bringing with her assistants from North Carolina, Oklahoma, Chicago, Tennessee and New York. So I don't see how it can be claimed that in taking the position we do here on this floor, under the circumstances, we are indulging in politics. If our own sisters had been involved, we certainly would not want to see them lose the opportunity to go forward, being deprived of a proper chance to rise in their profession. Here are these girls, Boston girls, graduates of this school of nurses, well qualified, who do not get the opportunity to which they are properly entitled. I have stated here the professional and educational background of Miss Mary Ann Sullivan, and it must be evident from what I have read that she is well qualified. I trust, therefore, that the chairman of the trustees will appear at our executive session next week and explain why Miss Busche was appointed to this position.

Coun. WARD—Mr. President, I think it would be wise to strike from our records the remarks that have been made in regard to Miss Sullivan. I think those remarks, appearing as a matter of record, will hurt the young woman in obtaining any position to which she might aspire. I believe, therefore, that that motion is in order, that the remarks be stricken from the record.

Coun. KELLY—Why should the remarks be stricken from the record?

Coun. WARD—Because, Mr. President, I believe it would be no recommendation to a nurse to have her name brought in in a political debate in this way, that it would hurt Miss Sullivan to drag her name through this meeting and have it appear in our records in this manner.

Coun. KELLY—Mr. President, if I might answer the councilor, I would certainly object to any such action. I remember when I asked the question in a previous year, the trustees told me that there was no other person at the time than the one whom they had selected who was qualified for the position. Therefore, I want to have Miss Sullivan's name included in the record. I have talked with her about the matter within three weeks, and she is willing to sacrifice anything she might lose by the publicity, in order to have the facts stated to the public. I was promised some eighteen months ago that when Miss Logan got through this position would be given to a Boston girl, a graduate of the hospital school of nurses, and Miss Sullivan is now willing to sacrifice any chance she might have for the position in order to have the facts stated publicly, as they have now been stated in this Council. The order was passed under suspension of the rule.

WELFARE OF PATIENTS PRIMARY CONSIDERATION

Coun. SHATTUCK offered the following:
Ordered, That the trustees of the Boston City Hospital be advised, through his Honor the Mayor,

that in the opinion of the Boston City Council the welfare of the patients of the hospital should be the primary consideration on all questions of appointment and promotion.

The question came on the passage of the order. Coun. COFFEY—Mr. President, I did not want to get into this discussion, but I see no way out of it, as the matter stands. About three months ago I filed an order but the day before the hearing took place some member of the Committee on Hospitals told the members of the Board of Trustees that it was not necessary for them to appear before the Hospital Committee. Who did that I don't know. There are only five members on that committee. Whether it was some individual member of the committee, or whether the chairman took the authority into his hands I don't know, but why they did not at least notify me, who filed the order, is beyond comprehension. However, what took place that day was this: When I appeared at the committee hearing, there were only three or four members who appeared, and they then went to the City Hospital to have the hearing there with the trustees. There was much talk that same day about politics being injected into the hospital. Well, I have heard that talk about the injection of politics a good many times. Of course, the excuse was made that day that it would be more convenient for the trustees if they went to the hospital. There has been something said about Miss Logan being forced out of office. Well, surely we know what took place three years ago, when Councilor Dowd went into this matter and when a cut was made in the hospital's appropriation, with the idea of getting Miss Logan out. But at that time the trustees simply saw fit to transfer the funds to make good the cut from one department of the hospital to another, so that she would get her money. Surely, now, the trustees must admit that they made a mistake in appointing her in the first place, because if they did not realize that, why did they force her resignation? And when it comes to responsibility for the committee going to the hospital, I might refer to the gentleman from Ward 21 (Coun. Ward), because in my opinion it was he who engineered the thing, taking the hearing away from the place where it should take place, here in City Hall, to the City Hospital, on the ground that it would be more convenient for the trustees. But when they talk about its being convenient for the trustees to have the hearing at the hospital, I am told, through some who have been working there for twenty years, that they have yet to see the Board of Trustees at the hospital make one visit to that hospital. So I think it is safe for me to say that, so far as going to the City Hospital is concerned, there was politics in it. It was three months ago that my order was put in, and it was my intention to bring the members of the Board of Trustees here, and to ask them why Miss Logan was being forced to resign at that time. The idea was to give any member of the City Council an opportunity to ask their intentions. Of course, going down to the City Hospital was intended to prevent that, so that the fact would not be brought out that another outsider was to be appointed Superintendent of Nurses. Speaking of bringing politics in, there is the case that I referred to, of a woman who died at the hospital, upon which I have the records. This woman went to the hospital and a nurse assistant for her was paid for. What I said was misrepresented. I did not say at the time that the woman died without a nurse, but the nurse who was paid for was taken from her and put on another case one afternoon, and the girl died the following morning, and the superintendent and the trustees made a statement that the girl did not die without a nurse. I did not say that she died without a nurse, but they made it appear that I did, saying that I was wrong and didn't know what I was talking about. The first day that I attended the hearing I was told by the superintendent that it was a good thing to keep politics out of the hospital, and I agreed with him. But I would like to know if the appointment of Miss Busche was not a political appointment. I think that about anything that is done nowadays is politics. Everybody knows that appointments throughout the state and the city are political. I don't care whether it is a laborer's job or the appointment of a department head, or a superintendent of the City Hospital. Politics is behind it all, always has been and always will be. Now I would like to hear from the gentleman from Ward 21 (Coun. Ward).

Coun. WARD—Mr. President, I suppose I am the gentleman from Ward 21 whom the speaker has incorporated in his speech. The gentleman does not realize what a shrinking violet the gentleman from Ward 21 is, as he will find by looking through the records of the committee meetings. I want to inform him that, instead of engineering these things as the speaker has said, the gentleman from Ward 21 had nothing to do with having the members of that committee go to the trustees' room in the Boston City Hospital. If I remember correctly, I did not go to the Boston City Hospital. I came directly to City Hall, feeling that the committee, of course, was going to meet at City Hall for the purpose of discussing Councilor Coffey's order, that had been referred to the committee. Councilor Coffey was present, sitting in that room, when the committee was asked if there was objection to going to the City Hospital. If I remember rightly, I did object, because the committee meeting was called for City Hall, but I was willing to yield if the com-

mittee wished to go to the hospital. Councilor Coffey was invited to go, but refused to ride in an automobile to the City Hospital to attend that meeting, where the hearing was to be held. And I would refer to the members who were present at that meeting. Councilor Coffey has deliberately misled the members of the Council by the false statement which he has asked to have incorporated in the record.

Coun. CAREY—Mr. President, while I have the utmost respect for the councilor from Ward 5 (Coun. Shattuck), who has introduced this order, I am afraid it might be inferred as implying that the City Council as a body approved the recent action of the trustees. I don't think we should go on record as doing that until, as suggested by Councilor Kelly, the trustees appear before the executive meeting of the Council. After all, they are the trustees of the City Hospital, but the members of the Council are trustees of the City of Boston. Since the appointment of Miss Busche was made I have heard many complaints throughout the city because of the treatment accorded in this matter the City of Boston nurses. There is a decided opinion amongst people of the city that where Boston girls have been trained in the hospital school for nurses, those girls should be considered and recognized in appointments of this sort before outsiders are brought in. I think, therefore, instead of taking the action suggested by the councilor from the Back Bay this time we should hold the matter up until the trustees have an opportunity to come here and tell the story. We can then, if it is deemed desirable, pass the order.

Coun. SHATTUCK—Mr. President, the order is very simple. It simply states that in the opinion of the Council the welfare of the patients is the primary consideration. I ask the gentleman who has just spoken, who says that at the present time he will vote against it, does he feel that the welfare of the patients is not the primary consideration? I think that the welfare of the patients should be uppermost in our minds, and I don't think that question at the moment has anything more to do with the appointment of Miss Busche as Superintendent of Nurses than it would have had to do with the appointment of a graduate nurse to the position. I come from a district where we have numerous hospital cases from day to day, and the welfare of the institution is very near to my heart. I don't see how any member of this Body can find fault with an order which says that the welfare of the patients at the hospital is the primary consideration. I don't think that is a question that rests solely on the shoulders of the nurses, or that the passage of such an order can be construed as a criticism of the actions of the trustees or anybody else. I don't see how any member can object to the passage of such an order.

Coun. GOTTLIEB—Mr. President, the question has been raised that the appointment of Miss Busche might be the result of a deal connected with the resignation of Miss Logan. I think it would be for the welfare of the patients at the hospital and of everybody if we went into that general question with the Trustees and with Superintendent Manary. I feel that the Board of Trustees would not consider making the appointment of a superintendent of nurses without the recommendation of the Superintendent of the Boston City Hospital. I think we can take it for granted that Doctor Manary must have recommended the appointment of Miss Busche to the trustees. If he did, I think he ought to come in and tell us why he favored Miss Busche. I see no reason why in considering a superintendent of the hospital, for instance, we should go to California, or why we should go south, west or north for a superintendent of nurses. I would suggest, therefore, that the Superintendent of the City Hospital be invited to a conference with the Executive Committee, together with the trustees of the City Hospital.

Coun. SHATTUCK—Mr. President, I think in this order we are dealing with an entirely different question. The order does not deal with persons, but with the simple question of the welfare of the patients. That is all the order stands for, and I am surprised that any member of the Council should oppose it.

Coun. COFFEY—Mr. President, I think I ought to have an opportunity to answer the councilor from Ward 21 (Coun. Ward).

President GALVIN—The motion before the house is on Councilor Carey's motion to refer the matter to the Executive Committee.

Coun. COFFEY—Then I think, Mr. President, that the remarks of the councilor from Ward 21 should be stricken from the record, if I am not to have an opportunity to answer them.

President GALVIN—The councilor can ask unanimous consent later.

Coun. COFFEY—Mr. President, speaking on the motion, I think this order is simply a double-meaning order, intended to put the councilors on the spot. Of course, it is only natural that our first interest is the welfare of the patients at the hospital, and I personally am heartily in agreement with that idea. Of course, everybody here is of the opinion that the welfare of the patients should come first. But the order seems to me to be simply an attempt to take care of some nurse who comes from Chicago. As far as either Miss Sullivan or Miss Busche are concerned, I know neither of them. They are probably both capable, but if I have anything to do with it, I will always

favor the appointment to a position of this kind of a capable Boston girl. But I don't suppose we will really have anything to do with it. We are only considered a debating society, anyhow. If we do get the trustees and the superintendent down here, we may get some information as to the reason for their action, but we can only do so when we do get them down here.

Coun. CAREY—Mr. President, we seem to be doing two things today. We have before us the proposition to have the matter come before the Executive Committee, and Councilor Shattuck has filed his order. I don't think we can do the two things at the same time, and be consistent. I think Councilor Shattuck's order should be referred to the Hospital Committee or at least tabled until they have had an opportunity to hear from the trustees.

President GALVIN—The question before the house is reference of the order to the Committee on Hospitals.

The order was declared referred to the Committee on Hospitals. Coun. SHATTUCK doubted the vote, and the question came on solving the doubt.

Coun. FISH—Mr. President, I would like to amend the order.

President GALVIN—That motion is out of order at this time. The roll call will be taken to solve the doubt.

The motion to refer to the Hospital Committee was carried, yeas 14, nays 4:

Yeas—Coun. Carey, Chase, Coffey, Englert, Fish, Galvin, Gottlieb, Hurley, Hutchinson, Kelly, Lyons, Russo, D. F. Sullivan, Wickes—14.

Nays—Coun. Shattuck, M. H. Sullivan, Taylor, Ward—4.

DEMOLITION OF BUILDING, BROOKS STREET.

Coun. M. H. SULLIVAN offered the following: Ordered, That the Superintendent of Public Buildings be requested, through his Honor the Mayor, to tear down the derelict and dilapidated former library building located on Brooks street, Ward 22.

Passed under suspension of the rule.

SUPPLEMENTAL CAR AND BUS SERVICE, WARD 22.

Coun. M. H. SULLIVAN offered the following: Ordered, That the Board of Trustees of the Boston Elevated Railway be requested, through his Honor the Mayor, to supplement all street car and bus service in Ward 22, Brighton.

Passed under suspension of the rule.

ELIMINATION OF COBBLESTONES ON STREETS.

Coun. M. H. SULLIVAN offered the following: Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to take immediate steps to eliminate all cobblestone streets in Boston and to replace them with smooth pavement, under W. P. A. construction.

Passed under suspension of the rule.

NAMING OF ALICE E. GALLAGHER PLAYGROUND.

Coun. M. H. SULLIVAN offered the following: Ordered, That the Park Commission be requested, through his Honor the Mayor, to name the new playground at Chandler's pond, Brighton, the Alice E. Gallagher Playground, in tribute to the memory of a lady who for years was a constant friend to, and untiring sponsor of many matters affecting the best interests of, the people of the district, and the late wife of the former President of the Boston City Council, Edward M. Gallagher, and to mark that site with a suitable commemorative monument.

Coun. M. H. SULLIVAN—Mr. President, I introduced this order for the sole purpose of paying a fitting tribute to the memory of a good, gentle, gracious and inspiring woman, who for years was the First Lady of the Ward 22 district of Boston. I knew Mrs. Gallagher to be eminently fair on all matters, to have served for many years as an unpaid social worker constantly striving for the welfare of the poor, the sick, the needy and the afflicted of the district which her husband represented. I know that she was a lasting inspiration for the good of the Brighton-Allston district and a constant friend of the people of that district and the people of the city as a whole who cherish her memory as they cherished her. I know that she was the motivating factor behind many of the matters affecting their welfare and I respectfully solicit the unanimous approval of this Council in naming the new playground surrounding Chandler's pond the Alice E. Gallagher Park.

The order was passed under suspension of the rule.

EXTENSION OF KENMORE SUBWAY AND UNDERPASS.

Coun. WARD and M. H. SULLIVAN offered the following:

Ordered, That his Honor the Mayor be requested to confer with the Traffic and Transit Commissioners and the trustees of the Boston Elevated Railway for the purpose of considering the advisability of extending the Kenmore square subway to the Brighton line and constructing an underpass at Cottage Farm Bridge to relieve traffic congestion at that point.

Passed under suspension of the rule.

RECESS.

President GALVIN declared a recess at 4.18, subject to the call of the Chair. The members reassembled and were called to order by President GALVIN at 4.44.

EXECUTIVE COMMITTEE REPORTS.

Coun. LANGAN, for the Executive Committee, submitted the following:

1. Report on message of Mayor and order (referred today) appropriating \$2,600 for Real Estate Division—that same ought to pass.

2. Report on message of Mayor and order (referred today) that \$1,000 be appropriated to be expended by City Clerk for care and preservation of old records and historic papers—that same ought to pass.

The reports were accepted, and the question came on the passage of the orders. The orders were passed, yeas 18, nays 0.

3. Report on message of Mayor and order (referred today) transferring land at Folsom and Harlow streets and Howard avenue from Custodian of Foreclosed Real Estate to Park Department—that same ought to pass.

The report was accepted and the question came on the passage of the order.

Coun. HUTCHINSON—Mr. President, I want to thank his Honor the Mayor and Trustee Mr. Driscoll, and the members of this Council for our being able to get this playground in Ward 14. It is something that many mothers have asked for for years, and the youngsters will now have a chance to play in this fine area.

The order was passed.

4. Report on petition of Eleanor Alexander (referred October 30, 1939) to be paid an annuity on death of her husband, Ernest L. Alexander, late member of Fire Department—recommending passage of following order, said petition having been approved by the Medical Board, viz.:

Ordered, That under the provisions of chapter 340 of the Acts of 1933, an annuity of twenty-one hundred dollars be allowed and paid to Eleanor Alexander, widow of Ernest L. Alexander, a member of the Fire Department, who died on September 22, 1939, on account of injuries received in the performance of his duty; said annuity being made up of allowances as follows:

For the widow, Eleanor Alexander, so long as she remains unmarried, \$1,000 per annum.

For the benefit of the following-named seven children during such time as he or she is under the age of eighteen or over said age and physically or mentally incapacitated from earning, \$1,000 per annum: Doris Alexander, born March 28, 1923; Ernest L. Alexander, born December 24, 1924; Rosemary Alexander, born May 6, 1926; Lorraine Alexander, born January 28, 1928; Ann R. Alexander, born March 15, 1930; Joan Alexander, born October 31, 1934; Robert Alexander, born April 17, 1938.

Provided, however, that when the number of children eligible to this benefit is reduced to five the allowance for them shall be reduced to \$1,000 per annum and thereafter further reduced by \$200 per annum as each of the remaining children shall become ineligible, the payments to date from September 22, 1939, and to be charged to the appropriation for Fire Department, Pensions and Annuities.

Report accepted; order passed.

HIRING OF MEN ON WELFARE.

Coun. FISH offered the following:

Ordered, That the National Defense Commission be requested, through his Honor the Mayor, to instruct those who receive defense contracts, to fully cooperate with the Welfare Department in the hiring of men with a view to reducing the welfare load.

Coun. FISH—Mr. President, just a brief word on this order. I was prompted to introduce it through listening to a radio broadcast last week by Fulton Lewis, Jr., from San Francisco, in which he stated that that city has received about half a billion in defense contracts, and as a sidelight he mentioned the fact that San Francisco, because of these contracts, had reduced its welfare load from 11,000 to 3,000. There is no question, even if we do not have half a billion dollars in defense contracts, that we do have sizeable contracts. I do not say that the National Defense Commission will not or have not co-

operated here to the fullest extent, but the purpose of the order is that we may lose no opportunity to lighten our welfare load.

The order was passed under suspension of the rule.

LIGHTENING OF WELFARE LOAD BY DEFENSE PREPARATIONS.

Coun. FISH offered the following:

Ordered, That the Director of Public Welfare be requested to appear at the executive session of the Boston City Council to inform them what effect, if any, the Defense Program has had towards the lightening of our welfare load.

Coun. FISH—Mr. President, I trust that this order will be referred to the Executive Committee. I shall speak upon it for just a moment at this time. I simply don't know how much the welfare load has been lightened, and I think it would be well for the Council to get that information from the Director of Public Welfare.

The order was referred to the Executive Committee.

SIDEWALK, CLEVELAND CIRCLE PLAYGROUND.

Coun. WARD offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to make immediate repairs on the sidewalk around the Cleveland Circle Playground.

Passed under suspension of the rule.

JOHN BOYLE O'REILLY BOULEVARD.

Coun. WARD offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to name the Fenway from Charlesgate West to Ruggles street the John Boyle O'Reilly Boulevard.

Passed under suspension of the rule.

RACE TRACK BREAKAGE FOR STATE.

Coun. HUTCHINSON offered the following:

Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to draft a bill for presentation to the incoming Legislature providing that the breakage at all race tracks in the Commonwealth be turned over to the State to be apportioned to the cities and towns for welfare purposes.

Coun. HUTCHINSON—Mr. President, I understand that in New York, in connection with these tracks, money left in the treasury of the race tracks where the people do not collect their winnings is kept for years so that the people can come and cash in. But after many years, where these people do not come back for the money, in New York—the period there being after five years—the welfare department of the city gets the money. I feel that if we had such a plan in Massachusetts cities and towns, it would lighten the welfare burden.

The order was passed under suspension of the rule.

TRAFFIC CONDITIONS, BRIGHAM CIRCLE.

Coun. CAREY offered the following:

Ordered, That the Commissioner of Public Works, the Traffic Commission and Transit Commission be requested, through his Honor the Mayor, to make an immediate survey of traffic conditions at Brigham Circle, Ward 10, with a view to determining some means for the protection of pedestrians.

Passed under suspension of the rule.

WIDENING OF DORCHESTER AVENUE.

Coun. LINEHAN and SCANNELL offered the following:

Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to draft a bill for presentation to the incoming Legislature providing for the widening and repaving of Dorchester avenue, from Old Colony avenue to Fort Point Channel, to eliminate the bottleneck at Broadway and Dorchester avenue, as provided for in Item 10 of House Bill 58 of 1938.

Passed under suspension of the rule.

SWIMMING POOLS IN HIGH SCHOOLS.

Coun. CHASE offered the following:

Ordered, That the Boston School Committee be requested, through his Honor the Mayor, to consider the advisability of sponsoring a W. P. A. project for the construction of swimming pools in all high schools in Boston where possible.

Coun. CHASE—Mr. President, as I understand it, various state officials are having some difficulty in thinking up projects whereby unem-

ployed men in Boston will be put at work. The Huntington Avenue Subway is on the verge of being finished within a month, and the men who were employed there will be idle unless they are put to work on some W. P. A. project. I know of no better project for the citizens of Boston, our young citizens who attend the high schools, than to put in swimming pools in the various high schools. Each swimming pool should be constructed at a very low cost, and many men will be put at work through such a project. I know that his Honor the Mayor is interested in the welfare of the young prospective citizens of Boston, and that he will be interested in this proposition. I trust, therefore, that the Council will pass the order.

The order was passed under suspension of the rule.

WELFARE OF HOSPITAL PATIENTS.

Coun. FISH offered the following:

Ordered, That the trustees of the Boston City Hospital be advised, through his Honor the Mayor, that in the opinion of the Boston City Council the welfare of the patients of the hospital should be and is its primary consideration.

Coun. FISH—Mr. President, we have had a lot of discussion in regard to the hospital this afternoon, and it is not my intention to prolong it any further. The reason for this order is simply that I wish now to say that I don't feel that any member of the Council wishes to question the fact that the primary consideration at the City Hospital is the welfare of the patients. As I was a little late in my attempt to amend the order that we acted upon earlier, along that line, and because of some conflict in the orders that were introduced concerning the appointment of Miss Busche, I feel that this order, as it stands, will tell the people of Boston definitely that our primary consideration always has been, is and should be the welfare of the patients in the hospital.

The order was referred to the Committee on Hospitals.

TIME OFF, HOSPITAL EMPLOYEES.

Coun. HURLEY offered the following:

Ordered, That the trustees of the City Hospital be requested, through his Honor the Mayor, to grant to wardmaids and ward helpers one day off in seven, to replace the present schedule of one day off in fourteen.

Coun. HURLEY—Mr. President, we have had a long day here, and I don't wish to be tiresome. But this is a most important order. It concerns those in the lowest four brackets at the City Hospital, who work a twelve-hour-day week in and week out, with the exception of a day off in fourteen, under the present schedule. I believe that these people, the wardmaids and ward helpers, should have one day off in seven. With all the talk we had today about lifting the morale of the hospital employees, I think there can be no better way of doing so than through improvement of working conditions. I think we all feel that something should be done, particularly for those who work long hours and who are in the low-paid brackets, and there are more of such in the City Hospital than in any other department of the city. Not only do they do hard work, but also dangerous work. Therefore, I trust that they will be allowed one day off in seven. I hope the order will pass.

Coun. SHATTUCK—Mr. President, here is an order for the benefit of the employees and also for the welfare of the patients. I am for it.

The order was passed under suspension of the rule.

Adjourned at 5 p. m., on motion of Coun. HURLEY, to meet on Monday, December 9, 1940, at 2 p. m.

FELLOWSHIP STUDIES IN TRAFFIC CONTROL.

Fifteen graduate fellowships, each with a stipend of \$1,200-plus up to \$200 for travel and field investigation have been announced by the Bureau for Street Traffic Research of Harvard University. The regular annual tuition fee of \$400 will be deducted from the fellowships, which have been made available through a gift to the University by the Automobile Manufacturers' Association. The officers of instruction are Miller McClintock, Director of the Bureau, and Maxwell Halsey, Assistant Director. Each of two full courses in street and highway traffic control consists of three one-hour periods a week, and additional problems, assignments and field work.

NOTICE TO CONTRACTORS.

HELP ABSORB THE UNEMPLOYED.

Workers for all branches of industry or business can be secured at the Municipal Employment Bureau, 25 Church street, Boston. Tel. LiBerty 8607-08-09.

STEPHEN J. HUGHES, *Director.*

FREE SERVICE TO EMPLOYERS AND APPLICANTS.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR COLLECTING AND REMOVING GARBAGE AND REFUSE IN THE BACK BAY AND DUDLEY DISTRICTS.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for collecting and removing garbage and refuse, between January 1, 1941, and December 31, 1941, including the removal of all household refuse during the spring cleaning period between April 1, 1941, and May 15, 1941, and shall also remove grass, garden refuse and leaves during the entire term of the contract, in the Back Bay and Dudley Districts and giving bond therefor of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. In each proposal the bidder will list the location and ownership of the dumps he proposes to use, and furnish satisfactory proof to the Commissioner as to his legal right to use them. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Collecting and Removing Refuse and Garbage," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Monday, December 23, 1940, with a certified check for 5 per cent of the total amount bid for each district, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. *There will be a minimum charge of two dollars (\$2) for each set of specifications taken out.* The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interests of the city so to do.

GEORGE G. HYLAND,

Commissioner of Public Works.

(Dec. 14-21.)

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about seven thousand five hundred fifty-one (7,551) square feet of land on the northeasterly side of Talbot avenue, Dorchester, being lot B, and more fully described in a tax deed recorded with Suffolk Deeds, Book 5366, page 439, on Wednesday, December 18, 1940, at 10 a. m., on the premises, at a minimum price of seven hundred fifty-five dollars (\$755).

A deposit required at the time and place of sale of one hundred dollars (\$100), in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, 47 City Hall, Boston, Mass.

DANIEL M. DRISCOLL,

Custodian of Foreclosed Real Estate.

(Dec. 7-14.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING HAY, GRAIN, STRAW AND POULTRY RATIONS.

The Supply Department of the City of Boston invites proposals for furnishing hay, grain, straw and poultry rations for city departments, as per specifications contained in forms which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. **ENVELOPES CONTAINING BIDS TO BE SEALED AND PLAINLY MARKED "PROPOSAL FOR HAY, GRAIN, STRAW, ETC."** *There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out.* The bids will be publicly opened and read Monday, December 23, 1940, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,

(Dec. 14.) *Superintendent of Supplies.*

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING ONE (1) 1941, MODEL 90, BUICK SEDAN, OR EQUAL.

The Supply Department of the City of Boston invites proposals for one (1) Buick sedan, or equal, to the Park Department, as per specifications contained in forms which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. **ENVELOPES CONTAINING BIDS TO BE SEALED, AND MARKED "PROPOSAL FOR BUICK SEDAN, OR EQUAL."** *There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out.* The bids will be publicly opened and read Wednesday, December 18, 1940, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,

(Dec. 14.) *Superintendent of Supplies.*

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about seven thousand two hundred ninety-one (7,291) square feet of land, with buildings thereon, on Josephine and Ditson streets, Dorchester, numbered 31 Josephine street and 14 and 18 Ditson street, and more fully described in tax deeds recorded with Suffolk Deeds, Book 5364, pages 250, 246, 247, respectively, on Wednesday, December 18, 1940, at 11 a. m., on the premises, at a minimum price of seven thousand dollars (\$7,000).

A deposit required at the time and place of sale of fifteen hundred dollars (\$1,500), in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, 47 City Hall, Boston, Mass.

DANIEL M. DRISCOLL,

Custodian of Foreclosed Real Estate.

(Dec. 7-14.)

CITY OF BOSTON.

FIRE DEPARTMENT.

PROPOSALS FOR LAUNDRY WORK.

The Fire Commissioner of the City of Boston invites proposals for the laundering of the linen of the Boston Fire Department, consisting of sheets, pillow slips, towels, bedspreads, etc., commonly known as "flat work," and red, gray and blue blankets, both single and double, for the year 1941. The linen, blankets, etc., to be called for and delivered one day each week at the various fire stations of the Boston Fire Department. Samples of the linen, etc., may be seen at the Fire Department Headquarters, 60 Bristol street, Boston, where a copy of the contract and specifications may also be examined. The amount of work to be done is approximately as follows: Five thousand five hundred and eighty (5,580) sheets per month; five thousand one hundred and forty-five (5,145) pillow slips per month; nineteen hundred and seventeen (1,917) towels per month; one hundred and seven (107) bedspreads per month; blankets, gray and blue, one thousand (1,000) annually. Estimates must be submitted on a price per piece basis only. Proposals submitted on any other basis will not be considered. Proposals will be received at the office of the Fire Commissioner, 60 Bristol street, Boston, until 12 m. December 20, 1940, at which time and place they will be publicly opened and read. Proposals must be sealed and marked "Proposals for Laundry Work," and must be made in duplicate, one to be deposited with the City Auditor, City Hall, previous to the time stated for the opening of the bids; the other containing a certified check for two hundred (200) dollars, made payable to the City of Boston, is to be deposited at the office of the Fire Commissioner, said check to be the property of the city if the accepted proposal is not carried out. A bond of an approved surety company doing business in the Commonwealth of Massachusetts will be required for the faithful performance of the contract by the successful bidder in the sum of 40 per cent of the estimated total amount of the contract. The contract is made subject to appropriation to meet payments thereunder. The Fire Commissioner reserves the right to reject any and all proposals and to award the contract as he deems best.

WILLIAM ARTHUR REILLY,

(Dec. 14.) *Fire Commissioner.*

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REMOVING MANURE.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for removing manure from the stables and yards in the various divisions of the Public Works Department, between January 1, 1941, and December 31, 1941, and giving bond therefor of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Removing Manure," and left at Room 508, fifth floor, City Hall Annex, Boston, before 12 m. on Friday, December 20, 1940, with a certified check for two hundred (200) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. *There will be a minimum charge of two dollars (\$2) for each set of specifications taken out.* If the price bid appears to the Commissioner to be abnormally high or low, it may lead to the rejection of the proposal containing such price. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interests of the city so to do.

GEORGE G. HYLAND,

(Dec. 14.) *Commissioner of Public Works.*

SUPPLY DEPARTMENT.

The City of Boston invites proposals for furnishing fruits, vegetables, meats, butter, eggs and cheese.

Proposals for furnishing fruits and vegetables close at 11 a. m. daily at the Supply Department. Proposals for furnishing meats and butter, eggs and cheese close every Thursday at 2 p. m. Proposals for furnishing manufactured meat products close the last Thursday of each month at 2 p. m.

Proposals and specifications for the above may be obtained in Room 1001, City Hall Annex.

JOHN A. BREEN,
Superintendent of Supplies.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING LARGE INCANDESCENT LAMPS.

The Supply Department of the City of Boston invites proposals for furnishing large incandescent lamps, as per specifications contained in forms which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. ENVELOPES CONTAINING BIDS TO BE SEALED AND MARKED "PROPOSAL FOR INCANDESCENT LAMPS." *There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out.* The bids will be publicly opened and read Monday, December 23, 1940, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
Superintendent of Supplies.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING TURKEYS.

The Supply Department of the City of Boston invites proposals for furnishing turkeys for city departments, as per specifications to be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. *There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out.* A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. ENVELOPES CONTAINING BIDS TO BE SEALED AND MARKED "PROPOSAL FOR TURKEYS." The bids will be publicly opened and read Friday, December 20, 1940, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
Superintendent of Supplies.

CIVIL SERVICE EXAMINATIONS.
(STATE.)

STATE EXAMINERS OF ELECTRICIANS, 1941.

Examinations will be held at the following points and on the following dates:

Boston, Wednesday, January 8.
Lowell, Thursday, January 9.
Boston, Wednesday, February 5.
Worcester, Thursday, February 6.
Boston, Wednesday, March 5.
Fall River, Thursday, March 6.
Fall River, Friday, March 7.
Boston, Wednesday, April 2.
Springfield, Thursday, April 3.
Boston, Wednesday, May 7.
Worcester, Thursday, May 8.
Boston, Wednesday, June 4.
Boston, Wednesday, September 10.
Worcester, Thursday, September 11.
Springfield, Wednesday, October 15.
Pittsfield, Thursday, October 16.
Boston, Wednesday, November 5.
Lowell, Thursday, November 6.
Boston, Wednesday, December 3.
New Bedford, Thursday, December 4.
New Bedford, Friday, December 5.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held and only those so notified will be examined on that day.

STEPHEN C. GARRITY,
WALTER F. DOWNEY,
ULYSSES J. LUPIN,
ALBERT FRANK,
WALTER J. KENEFICK,

State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 303, 14 Beacon street, Boston, Mass.

STATE REFERENDA RESULTS, 1936.

A question of public policy "Shall the Representative in the General Court from this district be instructed to vote in favor of amending the State Constitution for the purpose of limiting the amount of taxes, for all purposes, which may be legally levied against any real estate within the Commonwealth to a sum not exceeding \$25 for each one thousand dollars of assessed valuation?" was voted on by only a portion of the Representative Districts. In Boston, six districts did not vote on it.

The totals for the districts and parts of districts, including Boston districts, were 310,715 in favor; 113,594 against and 203,277 blanks. For Boston alone, the totals for the sixteen districts that voted were 114,184 in favor; 46,689 against and 79,827 blanks.

In Boston, there were three referenda on sales of alcoholic beverages.

First, "Shall licenses be granted in this city for the sale therein of all alcoholic beverages (whiskey, rum, gin, malt beverages, wines and all other alcoholic beverages)?" Totals, 190,353 in favor, 45,402 against and 84,732 blanks.

Second, "Shall licenses be granted in this city for the sale therein of wines and malt beverages (wines and beer, ale and all other malt beverages)?" Totals, 185,213 in favor, 40,164 against and 95,110 blanks.

Third, "Shall licenses be granted in this city for the sale therein of all alcoholic beverages in packages, so called, not to be drunk on the premises?" Totals, 187,877 in favor, 37,139 against and 95,471 blanks.

THE MUNICIPAL WATER-WORKS TREND.

In 1800 there was but one municipally-owned water-works plant in the United States. Now there are 7,853 municipally-owned installations, or 72.8 per cent of the entire number. In the United States there are ninety-four cities of over 100,000 population. All but eleven of these own their water works. Municipal plants serve 96.1 per cent of the population of the ninety-four cities, while private plants serve only 3.9 per cent.

BOSTON'S LIABILITY FOR METROPOLITAN DEBT, 1937.

Boston's liability for this contingent debt of the State (*i. e.*, in the form of annual assessments for sinking funds and interest) incurred for Metropolitan parks, sewers, water, etc., was \$28,559,995 (net) on July 1, 1937, or \$1,283,454 more than in 1936 and \$6,473,404 more than in 1927. It is divided thus: Water debt, \$10,314,274; Park debt, \$904,738; Sewer debt, \$1,639,878; Charles River Basin debt, \$701,105. The percentages paid by Boston in 1937 were 63.4515 on Water Debt; 48.6623 on most of the Park Debt; 36.25 on most of the Sewer debt, and on Charles River Basin debt the same as on Park debt.

Metropolitan assessments paid by Boston in 1937 amounted to \$4,752,277.22, of which 64.23 per cent was for debt requirements and 35.77 for maintenance. Water assessment, \$3,282,201 (usually paid from water revenue); park, \$786,974; sewer, \$470,545; Charles River Basin, etc., \$212,557.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables slaughter-houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To THE STATISTICS DEPARTMENT, 73 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending Dec. 7, 1940.
Population as of July, 1940, Massachusetts State Census, 817,713; population estimated July, 1940, United States Census Bureau, 769,520; number of deaths (stillbirths excluded): Residents, 177, nonresidents, 38; total, 215.
Death rate per 1,000 of population: All deaths, 14.53; nonresidents deducted, 11.96.

MAYOR TOBIN WELCOMES TO CITY JUDGE RUFUS E. FOSTER, COMMANDER-IN-CHIEF OF THE UNITED SPANISH WAR VETERANS — EXPRESSES FERVENT HOPE THAT NATION MAY REMAIN AT PEACE AND SOON SEE END OF TURMOIL AND STRIFE THAT IS WRACKING WORLD — PAYS TRIBUTE TO VETERAN ORGANIZATION FOR VALOR SHOWN ON BATTLEFIELD AND IN ITS SHARE IN PRESERVATION OF OUR COMMON COUNTRY — SEEKS CONVENTION FOR NEXT SESSION IN BOSTON.

The following is Mayor Tobin's address at the luncheon tendered by him to Judge Rufus E. Foster, Commander-in-Chief of the United Spanish War Veterans, at the Parker House, Saturday, December 14:

Commander Foster, Mrs. Bassett, Colonel Tyler, Ladies and Gentlemen.

It is always a pleasure to greet the men who have served in the armed forces of our country and who have helped to establish and maintain its supremacy on land and sea.

Our Grand Army of the Republic is fast disappearing into the Great Beyond and you men who fought in the war that liberated Cuba comprise the next oldest organization of veterans. Your ranks, too, are thinning as the years take their toll, but you represent one of the most important phases in our history — you are the men who fought a war in which both North and South were united by a common bond — the desire for independence and fair play. I might add that that war was probably closer and more personal to Americans than the World War.

The result was that in ten weeks the United States wrested an empire from Spain, though that country had nearly 200,000 soldiers in Cuba before the war began. No one will ever forget the "Maine," Hobson and the "Merrimac," Dewey at Manila, Schley at Santiago, or the other highlights of the campaign, but comparatively few are aware that you men who volunteered endured almost unbelievable hardships.

In a military sense the United States was almost entirely unprepared, despite patriotic fervor. The volunteers were armed with old-type Springfield rifles that shot black powder. There was a shortage of khaki and many of you were forced to wage a summer campaign in Cuban climate, while wearing winter-weight uniforms of blue. Sanitation was poorly handled and for each of the 289 men killed in battle thirteen died of disease. The work of transporting 18,000 of you to Cuba entailed more confusion than the transportation across the Atlantic of two millions of our soldiers in the World War.

GLORIOUS PAST.

No less a person than General Miles recorded his impressions thus, "some of the volunteer regiments came here without arms and some without blankets,

tents, or campaign equipage. Fifteen carloads of uniforms were sidetracked twenty-five miles from Tampa and remained there for weeks while the troops were suffering for clothing. Artillery and ammunition, which would be needed immediately on landing, were scattered through hundreds of cars on the side tracks."

Yet you won the war and when the peace terms laid down by President McKinley, and which included the immediate evacuation and definite relinquishment of Cuba and the cession of Puerto Rico, were accepted, Spain lamented, "this demand strips us of the very last memory of a glorious past and expels us from the Western Hemisphere."

There is another important phase of your organization. This year there are few places in the world in which the spirit of peace and good will prevails. That the United States is one of them is due in part to the fact that no less than 55,000 of you Spanish-American War Veterans offered yourselves for service in the World War and thus helped to preserve those things that our nation has always stood for. You have always been keenly interested and active in matters pertaining to national defence and our country can rest assured that as long as there is a single member of

your group remaining he will do his best to point the way to the younger generation.

One of an illustrious line of soldiers, lawyer, judge, educator, and, since 1927, dean emeritus of the College of Law of Tulane University you, Commander Foster, are the highest type of American citizen and patriot. A man who would resign his commission of adjutant-general to enlist as a private in order to see service in the war with Spain is truly a soldier. It was fitting that your qualifications were quickly recognized and your commission restored.

I am sure that under your guidance the United Spanish War Veterans will enjoy one of the best years in the history of the organization and I wish for you long life and continued success.

To you, Mrs. Bassett, as head of the Auxiliary, I give my wish for a successful administration in the important affairs that you handle.

And to all of you I extend the warmest greeting that Boston can give, with a premature Christmas wish for happiness and a better and brighter New Year. And I am sure that all of you join with me in the fervent hope that our nation may remain at peace and that we shall soon see an end to the turmoil and strife that is wracking the world.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Rosselerin road, Dorchester district, as a highway, from Train street to Daly street, bounded and described as follows:

A highway named Rosselerin road is hereby laid out, from Train street to Daly street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Easterly by Train street, thirty and 1-100 feet; southerly by the southerly line of said Rosselerin road, as hereby laid out, three hundred eighty-seven and 38-100 feet; westerly by the westerly line of said Rosselerin road, as hereby

laid out, thirty and 2-100 feet; and northerly by the northerly line of said Rosselerin road, as hereby laid out, three hundred eighty-seven and 84-100 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on the northerly side of Rosselerin road, as laid out under this order, will receive benefit or advantage beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it, said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Rosselerin Road, Dorchester, Assessment

Plan, November 27, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

MAYOR TOBIN GREETES COLORED CATHOLICS OF BOSTON AT COMMUNION BREAKFAST—OUTLINES WORK DONE IN INTEREST OF DARKER RACES NOT ONLY IN AMERICA BUT ALL OVER WORLD—PAYS TRIBUTE TO KNIGHTS OF PETER CLAVER AND OTHER SIMILAR ORGANIZATIONS ENGAGED IN RELIGIOUS WORK OF CATHOLIC FAITH—URGES THANKS THAT NO DICTATOR HAS LAID DOWN RULES AS TO WHAT FAITH CHRISTIAN PEOPLE MAY ADHERE TO.

Reverend Clergy and My Brothers of the Roman Catholic Faith.

I bring you the warm greetings of the City of Boston.

The Catholic Church is more than ever awakening to the great field for organization among the colored people of the United States although the work dates back more than 300 years when priests and brothers began the work of gaining converts among the earliest slaves.

It became more effective in Baltimore, in 1871, when the Church of St. Francis Xavier was placed in charge of the fathers of the American branch of the Society of St. Joseph. Cardinal Vaughan, founder of the missionary society, the Josephites, visited this country and was permitted to send over four of his priests to devote their entire attention to religious work among Negroes in the interest of Catholics of the United States.

The prelates of the Council of Baltimore, in 1884, awakened new enthusiasm for the work by decreeing that a collection be taken and instruction on race relationships be given in all Catholic churches in the country, on the first Sunday in Lent.

In 1907, a Board of Archbishops was established to have charge of this branch of Catholic missionary activity. It was incorporated under the laws of Tennessee as the Catholic Board for Mission Work Among the Colored People. Headquarters of the Board are now at 154 Nassau street, New York. Since its establishment ninety-five new missionary centers have been started in the South and 25,000 have been added to the number of colored children attending parochial schools, making the total enrollment about 36,500.

In September, 1920, at the suggestion of Pope Benedict XV, the fathers of the Divine Word, at Greenville, Mississippi, opened the first ecclesiastical seminary in the United States to train colored boys for the priesthood. There now are five Negro priests in this country, while a number of young men are studying for the priesthood. Records show that there have been a total of sixteen Negroes ordained as priests, twelve of whom were assigned to work in the United States. Father Augustus Tolton was the first colored priest in this country. He was ordained in the Propaganda, at Rome, in 1881, and was pastor of St. Monica's parish, in Chicago, until his death in 1902.

At present there are more than 270,000 Negro Catholics in the United States, with from 250 to 300 priests devoting themselves exclusively to mission work among colored people. There are 221 exclusively colored parishes, 214 Catholic

Negro schools, 28 Catholic Negro high schools in which all high school grades are taught, 13 Negro Catholic schools in which all grades are not represented, nine Catholic Negro industrial schools, 10 homes, 32 sisterhoods represented in Negro work, with 1,000 sisters engaged exclusively in Negro work as well as 279 lay teachers. There are 95 schools receiving aid from the Catholic Board of Missions and there is one Negro Catholic college, Xavier University, at New Orleans, with an enrollment of 823 students, under the direction of Mother Katherine Drexel and the Sisters of the Blessed Sacrament.

Out of the colored race has come one saint, St. Benedict the Moor, pronounced blessed in 1743 and canonized in 1807. Blessed Martin de Porres, a lay brother of the Dominican order, who lived in Lima, Peru, 1579 to 1639, is the subject of the prayers of thousands of Catholics who wish to see him canonized. He was beatified in 1836 for his good works among the sick and the poor and for his exemplary life. He was born in Messina, Italy, of Ethiopian slaves and rose from lay brother of the Franciscan Friars to superior of Sicily's Monastery of Santa Mariana de Jesus at Palermo in 1807.

Catholic colleges have given America some noted athletes. I recall Ralph Metcalf, the sprinter, and Eddie Tolan, the jumper, both of Marquette, Cornelius Johnson of Villa Nova, another jumper of fame, Lou Montgomery, football and track star at Boston College, and "Cappy" Walker, another fast track man enrolled at that same institution, and there are many others.

No group of our citizenship offers a more fertile field for missionary work than the Negro race, by nature religious and of deep faith. No religion has a greater appeal for your race than the Catholic faith, with its foundation of true Christianity, its deep belief in the brotherhood of man and its teachings of simplicity and humility as exemplified in the life of Christ and the Apostles.

Surely America needs deep religious faith in times such as these and we should give thanks that no dictator has laid down rules as to what faith we may or may not adhere to. It is a time for Christian people to practice their religion and to follow its tenets and it is my hope that what the Knights of Peter Claver and other similar organizations are doing will be duplicated all over this country and all over the world, until we shall all be one under the guidance of God, who is the Father of us all.

GREATER BOSTON 1941 COMMUNITY FUND CAMPAIGN NOTICE.

OFFICE OF THE MAYOR,
December 16, 1940.

To the Heads of All Departments.

APPOINTMENTS.

I have asked the Hon. William Arthur Reilly, Fire Commissioner, to be chairman, the Hon. J. Joseph McCarthy, City Treasurer, to be treasurer, and Mr. William L. Dowling of Mr. McCarthy's office to be associate treasurer of the City Employee Group of the Greater Boston 1941 Community Fund Campaign. Each one has acceded to my request and I have appointed them to these positions.

APPOINTMENT OF VICE CHAIRMEN.

We would like to have each department head act as vice chairman of the City Employee Group in charge of his own department. Enclosed is an enrollment card for your acceptance of this position. If you are willing to serve with me in this humane work, please sign the inclosed card and return it to me within the next few days.

ENROLLMENT OF SOLICITORS.

Every person in the employ of the city is entitled to know of the work carried on by the Greater Boston Community Fund before making a gift to that fund. One of the most effective dispensers of this information is the solicitor. No solicitor should be assigned more people than he or she can effectively handle. Experience has shown that twenty persons is the average number of persons who can be effectively solicited by one person. Inclosed are sufficient enrollment cards to enroll one solicitor for each twenty persons in your department. I would appreciate it if you would take the responsibility of enrolling these solicitors and of having their enrollment cards returned to me by December 19, 1940.

MEETINGS.

From December 26, 1940, to January 15, 1941, we plan to have group meetings for each large building housing city employees, where short talks will be given and the campaign film shown to city employees on the 1941 Community Fund Campaign. The presiding officer at each meeting will be either Corporation Counsel Robert Cutler, Fire Commissioner William Arthur Reilly, or myself. We hope to limit these meetings to about twenty-five minutes each. I want every city employee who can possibly do so to attend one of these meetings and to hear of the good work being done by the Community Fund.

Let me know by December 19 the number of meetings you will need to cover all your employees, the number who will attend each meeting and the most convenient building in which to hold each one of your meetings. In those departments where the time of the meeting is important, such as departments where the employees work outside the office, the department head will notify me as to the most convenient time for meetings to cover these employees.

In those sub-divisions of the city where it is impossible to have all the employees attend at least one of these meetings, I would like to have the department head notify me promptly and I will arrange to have the film alone shown to these employees at a time and place convenient for the employees anywhere in Boston.

Sincerely,

MAURICE J. TOBIN, Mayor.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, December 19:

200 Boxes Khaki, No. 3914.—Cranska Thread Company, \$1.62.

Total.—Cranska Thread Company, \$5,184.

Cash Discount, Ten Days.—Cranska Thread Company, 3 per cent.

Net Total.—Cranska Thread Company, \$5,028.48.

All thread to be No. 50, 3-cord, left-twist, soft finish; all color numbers are according to American Thread Company's Standard Color Card. Samples of thread quoted upon shall be submitted to the Project Supervisor, 22 Simmons Street, Roxbury.

* Contract awarded.

Upon November 23 the Mayor approved a contract with Marshall & Co., Inc., for furnishing cable for the Sumner Traffic Tunnel, at a price of \$2,794.65 net with reels extra and returnable for full credit.

The bid of General Cable Corporation of \$2,805.23 less \$126 credit for return of reels in good condition within twelve months is lower, but the specifications contain a clause making it mandatory that three separate inspection tests be made of this cable before delivery at the manufacturer's plant. The bid of Marshall & Co., Inc., is based on delivery of cable manufactured by the Simplex Wire and Cable Company, whose plant is in Cambridge. The other bids which are lower are based on cable manufactured in Perth Amboy and Paterson, New Jersey. The extra expense incurred by sending inspector or some qualified expert to inspect this cable at the New Jersey plants would be in excess of \$115.42.

Bids, opened November 1, were as follows:

10,639 Feet Single Conductor, 300,000 C. M. Special Rubber Jacketed Grounding Cable, 600 V. W. P. as Per Specifications, Per M. Feet.—Marshall & Co., Inc., \$264; total, \$2,808.69; F. M. Ferrin, \$264; total, \$2,808.69; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$265; total, \$2,819.34; Simplex Wire and Cable Company, \$264; total, \$2,808.69; Graybar Electric Company, Inc., \$264; total, \$2,808.69; General Cable Corporation, \$265; total, \$2,819.34; The Okonite Company, \$265; total, \$2,819.34; alternate bid, \$397; total, \$4,223.68; General Electric Company, \$422; total, \$4,489.65.

Cash Discount, Ten Days.—Marshall & Co., Inc., one half of 1 per cent; F. M. Ferrin, one half of 1 per cent; Wetmore-Savage Division of Westinghouse Electric Supply Company, one half of 1 per cent; Simplex Wire and Cable Company, one half of 1 per cent; Graybar Electric Company, Inc., one half of 1 per cent; General Cable Corporation, one half of 1 per cent; The Okonite Company, one half of 1 per cent; General Electric Company, one half of 1 per cent.

Net Total.—Marshall & Co., Inc., \$2,794.65; F. M. Ferrin, \$2,794.65; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$2,805.23; Simplex Wire and Cable Company, \$2,794.65; Graybar Electric Company, Inc., \$2,794.65; General Cable Corporation, \$2,805.23; The Okonite Company, \$2,805.23; alternate bid, \$4,202.56; General Electric Company, \$4,467.20.

Remarks.—F. M. Ferrin, reels extra; Wetmore-Savage Division of Westinghouse Electric Supply Company, price includes seven reels at \$18—\$126, for which full credit will be allowed if returned within twelve months, see inspection note; Simplex Wire and Cable Company, reels extra and returnable, see inspection note; General Cable Corporation, price includes seven reels at \$18—\$126, for which full credit will be allowed if returned within twelve months; The Okonite Company, alternate, Hazasheath, see specifications, Okosheath, price includes seven reels at \$18—\$126, for which full credit will be allowed if returned within twelve months; General Electric Company, alternate bid, see specifications, price includes seven reels at \$18—\$126, for which full credit will be allowed if returned within twelve months, see inspection note.

Upon December 9 the Mayor approved a contract with Joseph Columbo & Sons for furnishing 3,000 cubic yards unscreened run of bank gravel to be delivered at Arborway, Prince and Pond streets, Jamaica Plain, Park Department, at a price of 60 cents per cubic yard, less 5 per cent cash discount for payment in ten days. The approximate amount of the contract was \$1,800. Bids, opened November 29, were as follows:

3,000 Cubic Yards Unscreened Run of Bank Gravel, Per Cubic Yard.—George H. Noone Sand and Gravel Company, 81 cents; total, \$2,430; Joseph Columbo & Sons, 60 cents; total, \$1,800.

Cash Discount, Ten Days.—George H. Noone Sand and Gravel Company, 3 per cent; Joseph Columbo & Sons, 5 per cent.

Net Total.—George H. Noone Sand and Gravel Company, \$2,357.10; Joseph Columbo & Sons, \$1,710.

Upon December 11 the Mayor approved a contract with the George J. Barker Lumber Company for furnishing lumber (merchantable spruce) to be delivered at Stow road, Dorchester, Sewer Division, Public Works Department, at a price of \$46 per M. square feet, less 2 per cent cash discount for payment in ten days. The approximate amount of the contract was \$1,058. Bids, opened December 5, were as follows:

11,000 Square Feet Merchantable Spruce, 2 Inches by 8 Inches by 10 Feet, Per M. Square Feet.—Blacker & Shepard Company, \$51; Wasco Lumber and Supply Company, Inc., \$48.20; George McQuesten Company, Inc., \$52.50; George J. Barker Lumber Company, \$46.*

5,000 Square Feet Merchantable Spruce, 2 Inches by 8 Inches by 12 Feet, Per M. Square Feet.—Blacker & Shepard Company, \$51; Wasco Lumber and Supply Company, Inc., \$48.20; George McQuesten Company, Inc., \$52.50; George J. Barker Lumber Company, \$46.*

7,000 Square Feet, 6 Inches by 6 Inches by 16 Feet, Merchantable Spruce, Per M. Square Feet.—Blacker & Shepard Company, \$52; Wasco Lumber and Supply Company, Inc., \$48.20; George McQuesten Company, Inc., \$52.50; George J. Barker Lumber Company, \$46.*

Total.—Blacker & Shepard Company, \$1,180; Wasco Lumber and Supply Company, Inc., \$1,108.60; George McQuesten Company, Inc., \$1,207.50; George J. Barker Lumber Company, \$1,058.

Cash Discount, Ten Days.—Blacker & Shepard Company, 2 per cent; Wasco Lumber and Supply Company, Inc., 2 per cent; George McQuesten Company,

Inc., 2 per cent, 10th proximo.; George J. Barker Lumber Company, 2 per cent.

Net Total.—Blacker & Shepard Company, \$1,156.40; Wasco Lumber and Supply Company, Inc., \$1,086.43; George McQuesten Company, Inc., \$1,183.35; George J. Barker Lumber Company, \$1,036.84.

* Contract awarded.

Upon December 11 the Mayor approved a contract with low bidders as indicated for furnishing hay, grain and straw, as required, to city departments during December, 1940. The approximate totals of awards were as follows:

Curley Grain and Fuel Company, \$1,017.09; John J. White Company, \$933.80; The Whittemore Company, \$14.20. Total, \$1,965.09.

Bids, opened November 19, were as follows:

50,000 Pounds Hay, Per Hundredweight.—Gordon-Dawson Company, \$1.02; John J. White Company, \$1*; Curley Grain and Fuel Company, \$1.50.

20,000 Pounds Oats, No. 2, Per Hundredweight.—John J. White Company, \$1.735*; Curley Grain and Fuel Company, \$1.74; The Whittemore Company, \$1.72.

1,000 Pounds Straw, Per Hundredweight.—John J. White Company, \$1.35; Curley Grain and Fuel Company, \$1.26*.

1,000 Pounds Bran, Per Hundredweight.—John J. White Company, \$1.70; Curley Grain and Fuel Company, \$1.64*; The Whittemore Company, \$1.75.

500 Pounds Cracked Corn, Per Hundredweight.—John J. White Company, \$1.95; Curley Grain and Fuel Company, \$1.89; The Whittemore Company, \$1.85*.

300 Pounds Sunflower Seed, Per Hundredweight.—John J. White Company, \$6.70; Curley Grain and Fuel Company, \$6.23*; The Whittemore Company, \$6.75.

300 Pounds Buckwheat, Per Hundredweight.—John J. White Company, \$2.10; Curley Grain and Fuel Company, \$1.78; The Whittemore Company, \$1.65*.

200 Pounds Hempseed, Per Hundredweight.—John J. White Company, \$7.90; Curley Grain and Fuel Company, \$7.89*; The Whittemore Company, \$8.75.

6,000 Pounds Cracked Oats, Per Hundredweight.—John J. White Company, \$1.78*; Curley Grain and Fuel Company, \$1.85; The Whittemore Company, \$2.20.

To Be Delivered in New, Clean Bags, as Required, at Deer Island via Shirley Gut, Winthrop, 100-Pound Bags.

Cash Discount, Ten Days.—Gordon-Dawson Company, 2½ per cent; John J. White Company, 1 per cent; Curley Grain and Fuel Company, 1 per cent.

* Contract awarded.

CIRCULAR LETTER NO. 22.

CITY OF BOSTON.

MAYOR'S OFFICE, December 11, 1940.

To All Department Heads.

GENTLEMEN,—Department heads may excuse from work for one afternoon up until December 25, 1940, employees in their department in order that said employees may do their Christmas shopping, provided that such excuse from work is consistent with the efficient and economical conduct of the city's business.

Respectfully,

MAURICE J. TOBIN, Mayor.

POLICE DEPARTMENT ORDERS.

General Order No. 549.

A Board of Merit, consisting of Superintendent Edward W. Fallon, Deputy Superintendents John M. Anderson, James R. Claffin, Benjamin A. Wall and William J. Carey, has brought to the attention of the Police Commissioner the following outstanding cases in which police officers of this department have especially distinguished themselves in the performance of their duty. The commissioner, therefore, makes the following awards:

The Walter Scott Medal for Valor for 1940 and a Department Medal of Honor to Sergt. James L. Culleton of Division 6.

Sergt. James L. Culleton of Division 6, detailed to Division 4, is hereby awarded the Walter Scott Medal for Valor for 1940 and a Department Medal of Honor for courageous and meritorious police duty performed on February 21, 1940, in connection with the capture of an armed man who had shot and killed another man and had fled to his home where he was in hiding. Sergeant Culleton entered the house, thus endangering his own life, and was shot by the fugitive before he was captured with the assistance of other officers.

Department Medals of Honor.

Patrolmen Thomas F. Meagher and Leo R. Lombard, both of Division 2, and Patrolmen John J. Barry and Maurice A. Breen, both of Division 4, are each hereby awarded a Department Medal of Honor for courageous and meritorious police duty performed in connection with the capture on February 21, 1940, of an armed man who had just previously shot and killed another man and had fled to his home armed with a loaded revolver.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 541.

The following transfers are hereby ordered to take effect Saturday, December 14, 1940, at 7.45 o'clock a. m.:

Patrolman Napoleon R. Amelotte, from Division 8 to Division 18.

Patrolman Arthur F. Wall, from Division 18 to Division 8.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 542.

Deputy Superintendent William J. Carey is commended for his untiring

efforts and enthusiastic spirit of cooperation shown in connection with the activities and successful operation of the Boston Junior Police Corps.

It is most gratifying to note the substantial decrease in juvenile delinquency in the City of Boston, which I believe can be attributed in great measure to the elevating influence which has been established by the excellent supervision of Deputy Superintendent Carey.

The large increase in the membership of the corps since its organization on October 14, 1938, is a manifestation of the popularity of the undertaking and also demonstrates that boys can be attracted to wholesome recreational and educational pursuits which are bound to reap beneficial results to the members of the corps in later life.

I am pleased to recognize and commend Deputy Superintendent William J. Carey for the splendid results achieved in making the Junior Police Corps a successful and permanent fixture in the Boston Police Department.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 543.

Policewoman Margaret M. McHugh, attached to the Bureau of Criminal Investigation, is commended for efficient police duty performed in connection with the recovery of several valuable microscopes which had been stolen in different sections, and the recovery of a valuable chalice which had been broken up for old gold.

The commissioner is pleased to recognize and commend Policewoman McHugh for her keen observation and alertness shown in performing this splendid police duty which led to the apprehension of the criminal.

In addition, it is hereby ordered that Policewoman McHugh be given three days' additional vacation.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 544.

Acting under provisions of chapter 521, Acts of 1922, as amended, creating the Contributory Retirement System, the Boston Retirement Board has notified this department that it has approved for retirement on account of accidental disability, Patrolman Edmund P. Reid, Traffic Division, who is a member of said Contributory Retirement System; such retirement to take effect at the close of business as of Tuesday, December 31, 1940.

Wherefore, in view of this operation of law, the Police Commissioner states that on and after December 31, 1940, at the hour stated, the said Patrolman Edmund P. Reid shall no longer be an active member of this department, and it is hereby ordered that its records be so amended.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the discontinuance of Bonair street, West Roxbury district, as a highway, from Veterans of Foreign Wars Parkway to Brook Farm road, bounded and described as follows:

The highway named Bonair street is hereby discontinued from Veterans of Foreign Wars Parkway to Brook Farm road.

Said part of said highway as hereby discontinued is bounded:

Southeasterly by Veterans of Foreign Wars Parkway, forty and 8-100 feet; southwesterly by the southwesterly line of said Bonair street as hereby discontinued, one hundred ninety-three and 13-100 feet; northerly by Brook Farm road, forty-four and 68-100 feet; and northeasterly by the northeasterly line of said Bonair street as hereby discontinued, one hundred seventy-five and 81-100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the discontinuance of part of Bonair street, West Roxbury district, as a highway, from Veterans of Foreign Wars Parkway to Brook Farm road, under the order of the Board of December 2, 1940, and awards no damages therefor.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, the temporary rule which was adopted September 23, 1940, and was effective October 7, 1940, for a trial period of sixty (60) days, is hereby extended for a further trial period of sixty (60) days from December 7, 1940:

The following street is one way in the direction indicated:

Corbet Street, Dorchester.

From Norfolk street to Morton street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, estimated to be ten (10) days, vehicles are excluded from the following street, effective December 9, 1940:

Massachusetts Avenue.

Northeast roadway, from Columbus avenue to Tremont street.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule which was adopted October 9, 1940, and was effective October 14, 1940, for a trial period of sixty (60) days, is hereby extended for a further trial period of sixty (60) days from December 13, 1940:

Parking of vehicles is prohibited in the following street:

Brookline Avenue.

Northwest side from Fullerton street to Park Drive, 7 a. m. to 6 p. m.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rules which were adopted October 10, 1940, and were effective October 14, 1940, for a trial period of sixty (60) days, are hereby extended for a further trial period of sixty (60) days from December 13, 1940:

Parking of vehicles is prohibited in the following streets:

Chelsea Street, Charlestown.

Southeast side, from Wapping street to the Chelsea south drawbridge, twenty-four hours.

McBride Street, West Roxbury.

Both sides, from Call street to Washington street, twenty-four hours.

Voted, That as urgently required by considerations of public safety and convenience, during the period of Christmas shopping in the retail store district, the following rules are effective from December 12, 1940, to December 30, 1940:

The driver of a vehicle shall not make a left turn from Washington street into Winter street, westerly.

The driver of a vehicle shall not stop, stand or park a vehicle in Washington street, either side, from Avery street to Franklin street, between the hours of 10 a. m. and 4.30 p. m., except when necessary to avoid conflict with other traffic or in compliance with the direction of a police officer, official traffic sign or official traffic signal.

Voted, That as urgently required by considerations of public safety and convenience, during the Christmas period, parking of vehicles is prohibited in the following street, effective December 12, 1940, to December 26, 1940, inclusive:

Nashua Street, Downtown Boston.

West side, from Causeway street to Cotting street.

East side, from a point opposite Cotting street to a point two hundred and fifty (250) feet northwest of opposite Minot street.

LOCATION OF STREET.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the location, direction, width and grade of the private way in the Dorchester district designated as Beatrice street, from three hundred and eighty feet west of Clearwater Drive to Groveland street, as shown on a plan approved in writing by the Board of Street Commissioners and on file in the office of the Street Laying-Out Department, be, and the same hereby are, approved.

DISCONTINUANCE OF STREETS.

The Mayor has approved the following votes of the Board of Street Commissioners:

Ordered, That due notice be given that this Board is of the opinion that in said city, public improvements should be made, consisting of:

The discontinuance of Heath place, Roxbury district, as a highway, from Heath street to Minden street;

The discontinuance of Minden street, Roxbury district, as a highway, from Walden street to Bickford street;

The discontinuance of Posen street, Roxbury district, as a highway, from Minden street southerly to its southerly end;

The discontinuance of Arklow street, Roxbury district, as a highway, from Walden street to Posen street;

The discontinuance of Ulmer street, Roxbury district, as a highway, from Minden street to the northerly side of Arklow street;

The discontinuance of Ulmer street, Roxbury district, as a highway, from the southerly side of Arklow street to the southerly end of Ulmer street;

substantially as shown on plans in the office of this Board, that it intends to pass orders for making said improvements, and that it appoints 11 o'clock a. m. of November 21, 1940, and the office of this Board, 401 City Hall Annex, as the time and place for public hearings in the matters.

A true copy of an order passed by said Board on said day.

Attest:

CORNELIUS A. REARDON,
Secretary.

In Board of Street Commissioners of the City of Boston, December 10, 1940.

Ordered, That this Board, having passed the order of notice relating to the public improvements hereinafter described, and having caused a copy of said order to be published November 8, 9, 1940, and November 12, 13, 1940, in the Boston Post and Boston American, two daily newspapers published in the City of Boston, and having given the public hearing, notice of which was given in said order, and being of the opinion that public convenience so requires, does hereby order the making, in said city, of the public improvements shown on a plan marked "City of Boston, Heath Place, Arklow Street, Minden Street, Posen Street, Ulmer Street, Roxbury, October 17, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department," deposited in the office of the Street Laying-Out Department of said city, and named, bounded and described as follows:

The highways hereinafter named are hereby discontinued.

Heath Place.

The highway named Heath place is hereby discontinued from Heath street to Minden street. Said highway as hereby discontinued is bounded and described as follows:

Northerly by Heath street, twenty-five and 18-100 feet; easterly by the easterly line of Heath place, as it at present exists, three hundred thirty-two and 88-100 feet; southerly by Minden street, twenty-five and 64-100 feet; and westerly by the westerly line of Heath place as it at present exists, three hundred thirty-five and 61-100 feet.

Minden Street.

The highway named Minden street is hereby discontinued from Walden street to Bickford street. Said highway as hereby discontinued is bounded and described as follows:

Westerly by Walden street, thirty and 12-100 feet; northerly by the northerly line of Minden street, as it at present exists, by three measurements, seven hundred thirteen and 23-100 feet, thirty-eight and 76-100 feet on a curved line and forty-one and 13-100 feet; easterly by Bickford street, thirty feet; and southerly by the southerly line of Minden street, as it existed previously to this discontinuance, by three measurements, forty-one and 8-100 feet, twenty-nine and 78-100 feet on a curved line and seven hundred fourteen and 73-100 feet.

Posen Street.

The highway named Posen street is hereby discontinued, from Minden street southerly to its southerly end. Said highway as hereby discontinued is bounded and described as follows:

Northerly by Minden street, twenty feet; easterly by the easterly line of Posen street as it existed previously to this discontinuance, one hundred and sixty-eight feet; southerly by the southerly line of Posen street, as it existed previously to this discontinuance, twenty feet; and westerly by the westerly line of said Posen street as it existed previously to this discontinuance, one hundred and sixty-eight feet.

Arklow Street.

The highway named Arklow street is hereby discontinued from Walden street to Posen street. Said highway as hereby discontinued is bounded and described as follows:

Westerly by Walden street, twenty feet; northerly by the northerly line of Arklow street as it existed previously to this discontinuance, five hundred nine and 40-100 feet; easterly by Posen street, twenty feet; and southerly by the southerly line of said Arklow street as it existed previously to this discontinuance, five hundred ten and 47-100 feet.

Ulmer Street.

The highway named Ulmer street is hereby discontinued from Minden street to the northerly side of Arklow street. Said highway as hereby discontinued is bounded and described as follows:

Northerly by Minden street, forty feet; easterly by the easterly line of Ulmer street as it existed previously to this discontinuance, one hundred and forty-eight feet; southerly by Arklow street, forty feet; and westerly by the westerly line of said Ulmer street as it existed previously to this discontinuance, one hundred and forty-eight feet.

Ulmer Street.

The highway named Ulmer street is hereby discontinued from the southerly side of Arklow street to the southerly end of Ulmer street. Said highway as hereby discontinued is bounded and described as follows:

Northerly by Arklow street, forty feet; easterly by the easterly line of said Ulmer street as it existed previously to this discontinuance, seventy-six and 20-100 feet; southerly by the southerly line of Ulmer street, as it existed previously to this discontinuance, forty feet; and westerly by the westerly line of said Ulmer street as it existed previously to this discontinuance, seventy-six and 6-100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvements consisting of the discontinuances, as highways, of the following streets:

Heath place, Roxbury district, from Heath street to Minden street;

Minden street, Roxbury district, from Walden street to Bickford street;

Posen street, Roxbury district, from Minden street southerly to its southerly end;

Arklow street, Roxbury district, from Walden street to Posen street;

Ulmer street, Roxbury district, from Minden street to the northerly side of Arklow street;

Ulmer street, Roxbury district, from the southerly side of Arklow street to the southerly end of Ulmer street;

under the order of the Board of December 10, 1940, and awards no damages therefor.

36,400 MOTOR DEATHS IN 1935.

According to the findings of the National Safety Council motor traffic deaths in 1935 totaled 36,400, compared with 1934's record of 36,000.

The only decrease was among school children up to fifteen years of age. Motor vehicle accidents to children have increased much less than those of adults since 1922, when safety education began on a national scale. October, November and December were the reddest months. Two-thirds of the accidents were in places under 10,000 population; more than 40 per cent of the victims pedestrians.

Thirteen states decreased traffic deaths 7 per cent or more: Delaware, Illinois, Kentucky, Massachusetts, Minnesota, Montana, North Dakota, Oregon, Rhode Island, Utah, Vermont, Wyoming and Washington.

CHRISTMAS TREE LIGHTING.

Upon December 12 Mayor Tobin made the following announcement:

Departing from a custom that has existed for many years of lighting the Christmas tree on Boston Common the night before Christmas, this year this huge tree will be lighted at five o'clock, Saturday, December 21. The Mayor felt that many people, who ordinarily would like to witness the ceremonies in turning on the lights for this tree, stay at home on Christmas Eve and therefore, are deprived of this pleasure. By advancing this date this year for the first time people from Boston and suburban Boston will be able to witness the ceremonies while they are in downtown Boston on shopping tours. To many people anticipation of Christmas brings almost as much enjoyment as Christmas Day, itself, and a tree lighted a few days before Christmas carries more Christmas cheer than if it were merely lighted the night before.

MAURICE J. TOBIN,
Mayor of Boston.

The tree is 80 feet 6 inches to the top of the star. Eight hundred single trees were used in building this one tree. The height of the single trees vary from 6 feet to 28 feet 6 inches. There are ninety lights in the star and a total of 1,200 lights in the streamers.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Riverview street, bounded:

Northerly by another part of Riverview street, thirteen and 35-100 feet; easterly by easement taken by the City of Boston in Riverview street May 6, 1936, thirteen and 62-100 feet; again northerly by the same, six feet; westerly by the same, fourteen and 92-100 feet; again northerly by another part of Riverview street, twenty and 60-100 feet; easterly by the easterly line of Riverview street, by four measurements, two hundred seventy-four and 7-100 feet on a curve of four hundred sixty-three feet radius, sixty-eight and 92-100 feet, three hundred ninety-eight and 2-100 feet and forty-eight and 29-100 feet on a curve of six hundred ninety-eight and 62-100 feet; southerly by another part of Riverview street, forty and 68-100 feet; and westerly by the westerly line of Riverview street, by four measurements, fifty-two and 73-100 feet

on a curve of six hundred fifty-eight and 62-100 feet radius, four hundred twenty-two and 32-100 feet, ninety-three and 10-100 feet and two hundred thirty-three and 67-100 feet on a curve of five hundred and three feet radius, containing thirty-one thousand nine hundred and thirty square feet, more or less.

Included in the above-mentioned taking are parts of the following named parcels of land registered in the Land Court; said parcels being shown on the plan hereinbefore referred to and said parts being the portions of said registered parcels which lie between the middle line of said street and the easterly and westerly lines of said street.

Voted, That this Board determines that the following persons sustain damages in their estate by the taking of an easement for sewerage purposes in Riverview street, West Roxbury district, under the order of the Board of December 5, 1940, and awards no damages therefor.

Owners unknown, Riverview street, 31,930 square feet, nothing.

PITTSBURGH'S TRAFFIC SAFETY RECORD.

Pittsburgh has been adjudged the safest city in the United States in 1932, and the second safest in 1933 and 1934 among cities with populations over 500,000. Registrations in the city increased 4.4 per cent, gasoline consumption 7.7 per cent. In 1935, despite a 2.4 per cent decrease in traffic volume, adult fatalities increased 30 per cent, total fatalities 24 per cent, as compared with 1934.

PROCEEDINGS OF CITY COUNCIL.

Monday, December 9, 1940.

Regular meeting of the City Council in the Council Chamber, City Hall, at 2 p. m., Coun. SHATTUCK, senior member, presiding in the temporary absence of President Galvin. Absent, Coun. Goode.

The meeting was opened by a salute to the Flag.

APPOINTMENT OF SUPERINTENDENT OF NURSES.

The following was received:

City of Boston,
Office of the Mayor, December 9, 1940.
To the City Council.

Gentlemen,—I transmit herewith a communication from the trustees of the Boston City Hospital in answer to the orders of your Honorable Body relative to the appointment of a superintendent of nurses.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Hospital Department, December 7, 1940.
To the City Council.

Gentlemen,—In the absence from the city of Mr. Carl Dreyfus, President of the Board of Trustees of the Boston City Hospital, I am acknowledging the receipt, through his Honor the Mayor, of three communications, dated December 3, relating to the appointment of Miss Margaret J. Busche as Director of the City Hospital School of Nursing and Superintendent of Nurses.

The sole power and responsibility for the appointment of the employees and the care and conduct of the City Hospital is vested by law in the Board of Trustees.

In filling the position of Superintendent of Nurses, the trustees exercised their best judgment, having in mind the welfare of the patients and the interests of the hospital. Any member of the City Council, of course, is at liberty to disagree with their action, but inasmuch as the responsibility belongs to the trustees, we do not consider that any public purpose would be served either by rescinding the appointment or by discussing our action with the members of the City Council.

Respectfully,
GEORGE A. PARKER,
Acting President, Board of Trustees.
Placed on file.

CLOSING OF SOUTH BOSTON HIGH SCHOOL EVENING CENTER.

The following was received:

City of Boston,
Office of the Mayor, December 9, 1940.
To the City Council.

Gentlemen,—I transmit herewith communication from the Secretary of the Boston School Committee relative to your order of November 18, 1940, concerning the rescinding the order closing the South Boston High School Evening Center from November 3, 1940, to January 3, 1941.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
School Committee, December 6, 1940.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,—The School Committee has received an order passed by the City Council November 18, 1940, requesting the School Committee, through your Honor, to immediately rescind the order closing the South Boston High School Evening Center from November 3, 1940, to January 3, 1941, and asking that a supplementary budget be immediately prepared to take care of this extension.

The School Committee would respectfully report that the evening centers were closed early because the appropriation for the conduct of the Department of Extended Use of Public Schools was exhausted and there were no funds then available for transfer to the department for the purpose of continuing the centers into December.

The School Committee regretted the necessity for closing and hopes that another year it will be possible to arrange for a later closing even if it shall be necessary to delay the fall opening of the centers.

Respectfully yours,
ELLEN M. CRONIN,
Secretary.
Placed on file.

STATUS OF HOME INSTRUCTION TEACHERS.

The following was received:

City of Boston,
Office of the Mayor, December 9, 1940.
To the City Council.

Gentlemen,—I transmit, herewith letter from the Secretary of the Boston School Committee

relative to your order of November 18, 1940, concerning the advisability of giving to those teachers who are engaged in home instruction the same status that is enjoyed by teachers in temporary positions in the schools.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
School Committee, December 5, 1940.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,—The Committee has received the order passed by the City Council November 18, 1940, requesting the Committee, through your Honor, to consider the advisability of giving to those teachers who are engaged in home instruction the same status that is enjoyed by teachers in temporary positions in the schools.

The School Committee would respectfully report that the Committee is at the present time considering the status of all per diem employees in the department and this study will include the status of teachers of physically handicapped children.

Respectfully yours,
ELLEN M. CRONIN,
Secretary.

Placed on file.

RESURFACING GUILFORD STREET, WARD 21.

The following was received:

City of Boston,
Office of the Mayor, December 9, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Commissioner of Public Works relative to your order of November 18, 1940, concerning the resurfacing of Guilford street, Ward 21, under the W. P. A. type of construction.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
December 3, 1940.
To William T. Doyle, Chief Clerk, Mayor's Office.

From George G. Hyland, Commissioner, Public Works Department.
Subject: Guilford Street.

I return herewith order in City Council that the Commissioner of Public Works resurface Guilford street, Ward 21, under the W. P. A. type of construction.

Please be advised that this work will be submitted for approval on a W. P. A. project during the early part of next year.

GEORGE G. HYLAND,
Commissioner of Public Works.
Placed on file.

RESURFACING DAVITT STREET, WARD 13.

The following was received:

City of Boston,
Office of the Mayor, December 9, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Commissioner of Public Works relative to your order of November 18, 1940, concerning the resurfacing, under the W. P. A. plan of construction, of Davitt street in Ward 13.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
December 3, 1940.

To William T. Doyle, Chief Clerk, Mayor's Office.
From George G. Hyland, Commissioner, Public Works Department.
Subject: Davitt Street.

I return herewith order in City Council that the Commissioner of Public Works resurface, under the W. P. A. plan of construction, Davitt street in Ward 13.

Please be advised that this street will be given consideration for submission for approval on a W. P. A. project during the coming year.

GEORGE G. HYLAND,
Commissioner of Public Works.
Placed on file.

SIDEWALKS ON CALL STREET.

The following was received:

City of Boston,
Office of the Mayor, December 9, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Commissioner of Public Works relative to your order of November 18, 1940, concerning the installation of sidewalks on Call street, Jamaica Plain, from McBride street to Green street.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
December 3, 1940.
To William T. Doyle, Chief Clerk, Mayor's Office.
From George G. Hyland, Commissioner, Public Works Department.
Subject: Call Street.

I return herewith order in City Council that the Commissioner of Public Works install sidewalks on Call street, Jamaica Plain, from McBride to Green streets.

Please be advised that the installation of bituminous concrete sidewalks on this street will be given consideration for submission for approval on a W. P. A. project during the early part of next year.

GEORGE G. HYLAND,
Commissioner of Public Works.
Placed on file.

POLLING PLACE, WARD 20.

The following was received:

City of Boston,
Office of the Mayor, December 9, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the chairman of the Board of Election Commissioners relative to your order of November 18, 1940, concerning the change in polling place, Ward 20, Precinct 10.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Election Department, December 2, 1940.
To William T. Doyle, Chief Clerk, Mayor's Office.

From William A. Motley, Jr., Chairman, Board of Election Commissioners.
Subject: City Council Order of November 18 Regarding Change in Polling Place, Ward 20, Precinct 10.

The matter of finding a new location for the polling place in Ward 20, Precinct 10, has been referred to our assistant in charge of polling places. After the completion of the recount he and Commissioner Dowling, who takes charge of such matters for the Board, will look into this matter.

It is our understanding that the location suggested by the City Council is on state-owned property and would not be available for our occupancy. We shall make every effort, however, to find a location more agreeable to the voters of the precinct before the date of the next election.

May we assure you that it is our intention to cooperate in every possible respect.

BOARD OF ELECTION COMMISSIONERS,
by WILLIAM A. MOTLEY, JR.,
Chairman.

Placed on file.

FLOODING ROBERTS FIELD, WARD 17.

The following was received:

City of Boston,
Office of the Mayor, December 9, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the chairman of the Park Department relative to your order of November 18, 1940, concerning the making of the necessary arrangements for the flooding of Roberts Field, Ward 17, for ice skating.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Park Department, December 2, 1940.
William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of November 29, with inclosure, order of the City Council concerning arrangements for the flooding of Roberts Field, Ward 17, for ice skating.

Please be assured that if it is possible to flood Roberts Field immediately, it will be taken care of. If not, additional filling will have to be placed there to prevent the water from seeping away.

However, the field will be flooded at the earliest opportunity.

Very truly yours,
WILLIAM P. LONG, Chairman.
Placed on file.

BUS SHELTER, CENTRE STREET.

The following was received:

City of Boston,
Office of the Mayor, December 9, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the chairman of the Park Department relative to your order of November 25, 1940, concerning the advisability of building a bus shelter on Centre street, Ward 19, in front of the Poor Clare Convent.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Park Department, December 2, 1940.
William T. Doyle,
Secretary, Mayor's Office.

CITY COUNCIL PROCEEDINGS.

(Continued from page 13 '3.)

cerning the advisability of building a bus shelter on Centre street, in front of the Poor Clare Convent. It is very inadvisable for many reasons to build a bus shelter at this point. The matter has come up again and again and invariably it is turned down because of the many objections raised against it.

Very truly yours,
WILLIAM P. LONG, Chairman.

Placed on file.

SKIDDING OF AUTOMOBILES ON WOODEN BRIDGES.

The following was received:

City of Boston,
Office of the Mayor, December 9, 1940.
To the City Council.
Gentlemen,—I transmit herewith letter from the Commissioner of Public Works relative to your order of November 18, 1940, concerning the taking some steps to prevent automobiles from skidding on wooden bridges throughout the city.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
December 6, 1940.

Mr. William T. Doyle,
Chief Clerk, Mayor's Office.
Dear Sir,—This will acknowledge receipt of your communication dated November 29, 1940, concerning City Council order of November 18, 1940, "That the Commissioner of Public Works be requested, through his Honor the Mayor, to take some steps to prevent automobiles from skidding on wooden bridges throughout the city."

For many years wooden spruce planks were used for roadway surface coverings on highway bridges, and in replying to this Council order I assume that the term "wooden bridges" is used in reference to the surface covering of the roadway in each instance.

With the large number of fast-moving vehicles today and as a matter of safety, wood for surface covering does not aid or fulfill all requirements for safe driving, especially when roadway surfaces are wet or frozen. It then becomes necessary to use some sort of abrasive, a material to counteract skidding, by the spreading of sand or cinders over the surfaces. This aids materially, and this practice is followed on drawbridges and on all other bridges where possible.

There are still more than thirty-five bridges owned and maintained by the City of Boston with wooden surface coverings, and as fast as any renewals or major repairs are necessary, some other type of surface covering is substituted to try and minimize skidding as far as possible. In addition, there are a few bridges owned and maintained wholly by railroad corporations, with wooden surface coverings. As it is their responsibility, I shall endeavor to get their cooperation in eliminating this hazard as far as possible.

Very respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

BUSES FROM SAVIN HILL STATION.

The following was received:

City of Boston,
Office of the Mayor, December 9, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the President and General Manager of the Boston Elevated Railway relative to your order of November 25, 1940, concerning more frequent buses from Savin Hill Station to the Boston City Hospital on Sundays and holidays, especially during visiting hours.

Respectfully,
MAURICE J. TOBIN, Mayor.

Boston Elevated Railway,
December 6, 1940.

Mr. William T. Doyle,
Chief Clerk, Mayor's Office.
Dear Sir,—The trustees have previously considered the request contained in order of the City Council, accompanying your letter of November 29, for more frequent buses from Savin Hill Station to the Boston City Hospital on Sundays and holidays, especially during visiting hours.

A bus line is now operated on weekdays and Saturdays between Savin Hill Station and Northampton and Washington streets, which serves the hospital, but it would not be sufficiently well patronized on Sundays and holidays to meet operating expenses. We at one time experimented with bus service on Sundays between Edward Everett square and the hospital during visiting hours but were obliged to discontinue it due to lack of patronage.

Residents in the Savin Hill section now have service to the hospital on Sundays and holidays via bus line to Andrew square and car line from Andrew square. The running time via this route, without allowance for transfer at Andrew square, is only twelve and a half minutes, compared with thirteen minutes on the weekday bus line.

As previous experience has indicated that the requested Sunday and holiday bus service would not be self-supporting and would increase the deficit, the trustees do not feel that its operation can be justified.

Very truly yours,
EDWARD DANA,
President and General Manager.
Placed on file.

CLEANING DORCHESTER STREETS.

The following was received:

City of Boston,
Office of the Mayor, December 9, 1940.
To the City Council.
Gentlemen,—I transmit herewith letter from the Commissioner of Public Works relative to your orders of November 18, 1940, concerning the cleaning of the streets in Dorchester, and the adding of sufficient men to the Sanitary Division forces to keep the streets clean.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
December 5, 1940.

To Mr. William T. Doyle, Chief Clerk, Mayor's Office.
From George G. Hyland, Commissioner, Public Works Department.
Subject: Order in Council, Under Date of November 18, 1940, Concerning Adding Men to Sanitary Division Forces to Keep the Streets Clean.

Order in Council, Under Date of November 18, 1940, Concerning Issuing Immediately Orders to Clean the Streets of Dorchester.
Receipt is acknowledged of your memoranda of November 18, 1940, concerning the above-described orders in Council.

Within the last month additional men have been employed from Civil Service lists to augment the regular Sanitary Division employees, and it is expected that these men will continue to be employed in the Sanitary Division until the end of 1940, which will release additional welfare men for street cleaning work. While street cleaning is necessarily curtailed during snow periods, this work is resumed at the earliest practicable moment.

The foremen in charge of the Dorchester street cleaning districts report that in that section the main streets are cleaned at least twice a week, and some of these are cleaned every day. The sections around Uphams Corner, Fields Corner and Gallivan Boulevard are cleaned additionally twice a day with a push cart patrol. Secondary main streets are cleaned twice a week, and side streets at intervals ranging from eight to fourteen days, depending upon the number of welfare men furnished.

All smooth pavement streets are swept with motor sweeper once a week in Dorchester.

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

APPROPRIATION FROM PARKMAN FUND.

The following was received:

City of Boston,
Office of the Mayor, December 9, 1940.
To the City Council.
Gentlemen,—I am in receipt of the attached communication from the Board of Park Commissioners requesting the transfer of the sum of \$13,000 from the income of the George F. Parkman Fund to the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887.

I submit herewith an appropriation order and respectfully recommend its passage by your Honorable Body.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Park Department, December 2, 1940.

Hon. Maurice J. Tobin,
Mayor of Boston.
Dear Sir,—By vote of the Board of Park Commissioners you are respectfully asked to request the City Council to transfer from the income of the George F. Parkman Fund the sum of \$13,000 which is now available, to be expended under the direction of the Board of Park Commissioners as follows:

Common and Parks in Existence on
January 12, 1887, Maintenance and
Improvement of..... \$13,000

When making up the budget estimates for the year 1940, a sum equal to the total yearly income of the George F. Parkman Fund was deducted from Item A-1, Permanent Employees, with the understanding that this deduction was to be replaced by the total yearly income of said Parkman Fund for 1940, to be transferred as it accrued from time to time during the year to the regular maintenance appropriation of the Park Department.

Respectfully yours,
WILLIAM P. LONG, Chairman.

CITY COUNCIL PROCEEDINGS.

(Continued from page 1365.)

Ordered, That the sum of \$13,000 be, and hereby is, appropriated from the income of the George F. Parkman Fund, to be expended under the direction of the Park Commissioners, for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887, as follows:

Common and Parks in Existence on January 12, 1887, Maintenance and Improvement of..... **\$13,000**

Referred to Executive Committee.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Joanna Aldrich, for compensation for damage to coat caused by an alleged defect in Pershing road.

Mary P. Burke, for compensation for damage to car caused by an alleged defect at 58 Kilmarnock street.

Harold P. Connors, for compensation for damage to car caused by an alleged defect at 975 Tremont street.

Jerome Derenzo, for compensation for damage to car by city truck.

Patrick A. Gargan, to be reimbursed for execution issued against him.

John J. Kelliher, Jr., for compensation for damage to car by city truck.

Charles W. Manty, for compensation for damage to car caused by an alleged defect in Chelsea Street Bridge.

Edward and Samuel J. McLaughlin, for compensation for injuries and damage to car by fire engine.

Edmund O'Brien, for compensation for injuries caused by bullet fired by police.

A. Simeon, for compensation for damage to car by city wagon.

Mrs. A. Stucinski, for compensation for injuries caused by city truck.

Mrs. Hugo Weinstock, for compensation for injuries caused by an alleged defect in Tremont street.

James J. Welch, for compensation for damage to car by city truck.

Benjamin J. Young, to be reimbursed for accident which occurred while in performance of duty as employee of Fire Department.

Committee on Licenses.

Petition of Superintendent of Construction, Department of School Buildings, for driveway opening at Brookline avenue.

FOOD STAMP PLAN.

Coun. CAREY offered the following:

Ordered, That the Overseers of Public Welfare be requested, through his Honor the Mayor, to immediately confer with officials of the Surplus Marketing Administration with a view to readjusting to a lower level the amounts that those on Dependent Aid, Mothers' Aid and W. P. A. are required to spend for food stamps out of their allowances.

Coun. CAREY—Mr. President, I think we all realize that the purpose of the food stamp plan is a splendid one, but with the present increasing high cost of living it is impossible for a large number of people to participate in it. For example, those referred to in the order, getting Mothers' Aid, receiving, say, \$29 every two weeks, if they have to spend \$12 for stamps have but \$17 left for rent, light and other necessities of life that cannot be purchased with food stamps. I feel, therefore, that some adjustment should be made so that those on Mothers' Aid or W. P. A., for whom this plan is designed, may find it possible to spend as little as \$2 or \$3 at a time. I trust, therefore, that some pressure will be brought on the Surplus Marketing Administration, through the Overseers of Public Welfare, so that some such adjustment may be made. Otherwise, large numbers who might benefit will be barred from such benefit.

The order was passed under suspension of the rule.

SURVEY OF BETTERMENT ASSESSMENTS.

Coun. CAREY offered the following:

Ordered, That his Honor the Mayor be requested to have a survey made of all betterment assessments apportioned by the Board of Street Commissioners with a view to having a more equitable consideration shown all abutting owners, especially where the improvement made is for the benefit of the general public.

Coun. CAREY—Mr. President, my purpose in introducing this order is to bring to light a situation that seems to me unfair and one that I know his Honor the Mayor will be only too glad to have remedied when it is brought to his attention relative to assessments made on property owners on streets where the improvement is really for the benefit of the general public. I have in mind a street recently built by the Public Works Department in my district. For years there has been

general disturbance in the neighborhood because of the slope, so that every time when it rained water would fill the catch-basin with the result that there would be an overflow and people going down Mission Hill had to deal with a very unsafe condition, especially in the winter time. It seemed to me at the time that the construction of the street was definitely for the general public good. It also saved the city considerable money in keeping the catch-basins clean, and expense in other ways. That is, it was a general improvement, and the immediately abutting property owners should be more equitably assessed, having in mind that it was a general public betterment. There are also cases where streets have been widened to improve traffic conditions, to eliminate traffic congestion, and yet the abutting owners have had to bear the assessments for that general improvement. It is my understanding at the present time, in the case of all such street improvements, the abutting property owners bear the assessment for the benefit. I believe where a street is widened to improve traffic conditions or otherwise, the abutting property owners should not have to bear the entire expense of the betterment, but that the matter should be dealt with on equitable lines. Therefore, I would like to have a survey made of all betterment assessments apportioned by the Board of Street Commissioners with a view to having a more equitable consideration shown abutting owners in such cases, especially where the improvement made is for the benefit of the general public.

The order was passed under suspension of the rule.

SURVEY OF INCREASED VALUATIONS, WARD 10.

Coun. CAREY offered the following:

Ordered, That the Board of Assessors be requested, through his Honor the Mayor, to have a survey made of the increases which were made in the assessed valuations in Ward 10 during the past year with a view to reducing same to their former assessment.

Passed under suspension of the rule

APPROVAL OF "BABY PLAYGROUNDS."

Coun. WICKES offered the following:

Resolved, That the Boston City Council go on record as approving "the latest plan of Police Commissioner Timilty" in the establishment of fifty "baby playgrounds" on city-owned vacant lots throughout Boston.

Coun. WICKES—Mr. President, having been vitally interested in the welfare, especially of the young people and children of Dorchester, for a period of more than fourteen years, experience has taught me the tremendous amount of potential value contained in the Police Commissioner's plan. This potentiality should become an actuality with as little delay as possible. In Ward 17 we are badly in need of just such facilities. I introduced an order sometime back to have a playground of this type erected at the Dorchester High School for Girls on land which has been unused for years. I am still waiting for action on this matter and I sincerely hope that the Police Commissioner's plan will be the cause of bringing about ideal facilities for the children in all districts of Boston, and thereby realizing, in actuality, the ideals of many others besides myself. I wish to congratulate the editor of the Boston Post upon his editorial in today's Post approving Commissioner Timilty's plan. I trust that the order will pass, under suspension of the rule.

Coun. CHASE—Mr. President, last week I suggested tearing down dilapidated buildings and forming a children's playground area plan similar to that formulated by Police Commissioner Timilty. I, too, feel that the young citizens of Boston, the little children who are forced to play on the public highways, should be given consideration, that they should be protected from automobile traffic and the everyday hazards that exist upon our streets. We all know that there have been a number of bad and fatal accidents for this reason during the last year on our highways. I feel that the plan suggested by the Police Commissioner is a very fine one. We know that on many occasions councilors, men in public office, have advocated new playgrounds or play areas for the children, and our plans have been shunted aside simply because of the old cry that they would like to put in playgrounds, but that the city could not afford placing supervisors in those playgrounds. The Police Commissioner provides for that through a junior police department, and I feel that it is a very excellent plan. I trust that the Council will pass the resolution introduced by Councilor Wickes.

The resolution was passed under suspension of the rule.

GRANOLITHIC SIDEWALKS, TEMPLETON STREET.

Coun. FISH offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to construct granolithic sidewalks on both sides of Templeton street, Ward 16, as a W. P. A. project.

Passed under suspension of the rule.

CITY COUNCIL PROCEEDINGS.

(Continued from page 1367.)

RESURFACING WARD 16 STREETS.

Coun. FISH offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface Wrentham street, Ward 16, under the W. P. A. plan.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface Mallet street, Ward 16, under the W. P. A. plan.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface Lonsdale street, Ward 16, under the W. P. A. plan.

Severally passed under suspension of the rule.

PROFITEERING IN FOODS.

Coun. GOTTLIB offered the following:

Whereas, The price of food has been greatly increased in the past few weeks; and

Whereas, Foods which are considered surplus commodities are increasing greatly in price; therefore, be it

Resolved, That the Director of the Division of the Necessaries of Life and the Federal Surplus Commodities Division be requested to investigate and prohibit further profiteering in staple and necessary foods by wholesale and retail merchants.

Coun. GOTTLIB—Mr. President, my reason for introducing this resolution is that I have noticed in the past few weeks that foods, particularly those foods that are considered necessary to life, have substantially increased in price. I quote, for illustration, the fact that butter in most places has risen in price from 33 to 47 cents a pound; that tomato juice, in the standard cans, has risen from 19 cents to 23 cents, within a comparatively short time; that nearby henry eggs have gone up from 39 to 50 cents. These figures show what a rise has taken place in the cost of the necessities of life within three weeks, for example, when we see the unusual rise of 11 cents in the price of a dozen eggs. It is particularly interesting to note the increase in American canned goods. For example, let me refer to salmon, which has jumped in price from 25 to 29 cents a can. There certainly appears to be no reason why canned goods in this country, produced by American manufacturers and canners, should jump in price merely because of a war in Europe. I can understand why sardines that may have come from Norway, or canned goods from other European countries, might rise in price, because of the difficulty of importing different types of foreign merchandise. But there can certainly be no reason for raising the price of American-produced foods and canned goods at this particular time, and the only explanation would seem to be profiteering. I feel strongly that if we permit wholesale and retail merchants to arbitrarily raise the prices of their food stuffs there will be an alarming raising of prices in the very near future, which will seriously affect low-income families. Certainly, if something is not done immediately to prevent profiteering in the necessities of life, the effect will be very serious. I believe, therefore, that the Director of the Division of Necessaries of Life and the Federal Surplus Commodities Division should be requested to investigate the matter and to take action that will curb and prohibit profiteering and racketeering in foodstuffs here in Boston. I certainly trust that the resolution will pass.

Coun. M. H. SULLIVAN—Mr. President, I think the resolution that has been introduced by the councilor is a very timely one. I have myself noticed the rapid increase recently in the price of eggs, butter and other commodities, and that rise seems to have come along at just the time when the Federal Food Stamp Plan is being introduced. I think, therefore, that the Directors of the Division of the Necessaries of Life and the Federal Surplus Commodities Division should investigate and take steps to prevent such rise in the price of foods in this city. I think any dealer who does improperly profit in any such way should have the stamps taken away from him. This practice certainly militates against the successful operation of the Food Stamp Plan, and therefore I feel that the Federal representatives of that plan and the Director of the Division of Necessaries of Life should take action which will stop such improper practices throughout the city. I think also that the Retail Grocers Association should take active steps in this matter, assisting the legitimate grocers of the city who are trying to conduct their business in a proper manner. Certainly, those on welfare and those having difficulty getting along in these days should not be subjected to such racketeering. The Food Stamp Plan was intended to benefit our poor people, and not bring about any such rises in prices as have been brought to our attention. There should be a check made by the Welfare Department on the prices being charged, and where it is found that there is racketeering, where action is being taken that militates against the welfare of the beneficiaries of this Surplus Commodity Plan, the food stamps should be

taken away from those who are guilty of such action.

The resolution was passed under suspension of the rule.

PRISONER'S CAGE, ROXBURY MUNICIPAL COURT.

Coun. TAYLOR offered the following:

Ordered, That the Superintendent of Public Buildings be requested, through his Honor the Mayor, to install a prisoner's cage in the Roxbury Municipal Court.

Coun. TAYLOR—Mr. President, that order may sound amusing at first reading, but I have occasion to go into the Roxbury Court many times, and since the building has been renovated, I find that there is no prisoner's cage for criminals brought before the Court. I can visualize that in the future some desperate criminal might make a break in the Roxbury Court and get away from the proper authorities. I feel that this is something absolutely essential, that such a cage should be placed in the Roxbury Municipal Court.

The order was passed under suspension of the rule.

INDUSTRIAL INSURANCE CHARGES.

Coun. TAYLOR offered the following:

Whereas, Life insurance companies doing business in the Commonwealth of Massachusetts are charging rates for industrial insurance which are far out of proportion with the rates charged for other forms of life insurance; and

Whereas, Low-income families carry the greatest portion of industrial insurance; and

Whereas, Many of these low-income families are carrying more of this type of insurance than they can afford; be it

Resolved, That the City Council of Boston request his Excellency the Governor to initiate legislation that will

(1) Compel life insurance companies to reduce the rates on industrial insurance.

(2) That the amount of industrial insurance that can be sold to low-income families be limited and regulated.

(3) That each industrial insurance policy shall have a cash surrender value within three years after issuance of said policy.

Coun. TAYLOR—Mr. President, at the very outset I wish to state that I am a great believer in insurance. I believe in affording the security that a man can feel in the fact that after he passes away those who depend upon him, his beloved ones, will be financially taken care of for some time after his decease. But there are certain things done by life insurance companies that, it appears to me, have deteriorated into a racket. I refer particularly to industrial insurance. To those who perhaps are not familiar with the term "industrial insurance," let me say that it is the type of insurance sold to the very poor class of people, from whom is collected week after week the nickels, dimes and half-dollars for insurance of a low amount. It is different from the various forms of insurance sold to people who are more successful in life, who have a decent income, and who obtain the ordinary term life insurance, straight life and otherwise. In their case, of course, the rates are controlled by the Commissioner of Insurance. But the people who obtain this small industrial type of insurance are people who frequently don't know what it is all about, whether the rates are reasonable or not. However, anybody connected with the insurance business will tell you that the rates charged by the insurance companies for this form of insurance are far out of proportion to what are charged in the ordinary form. Now, speaking generally, the insurance companies are large and stable organizations which have gone successfully through panics for the last twelve or more years, where many bankers have been forced to close their doors. I know of no insurance company that has been in that position. The reason is, of course, the amount of money that they earn through the industrial insurance. I know how the insurance companies work in this matter. For instance, they will have an office on State street, and all the agents will get together in one place, saving space, and then a man will get up and make a beautiful speech enthralling the agents, urging them to go out and sell to poor people who cannot afford it this type of industrial insurance. And they go out and paint a beautiful picture to these poor people. They go into a home on Welfare or W. P. A. whose income is from \$7 to \$15 a week, a family finding it very hard to buy the necessities of life, and point out the beauties of this industrial insurance, that when a child dies a certain amount will be provided for burial, and so on. They prevail upon these poor people to take this insurance and they will pay out \$2 to \$3 a week from their small income, when it would be better used for purchasing the necessities of life, feeding their children properly and not having them die because they are getting insufficient food. And we all know what happens when these small policies lapse and when they lose entirely the benefits that have been so alluringly pictured for them. But the big thing I am trying to put over is this. These people are induced to spend \$2 or \$3 a week out of their meager income, with the object of obtaining sufficient for decent burial of one of their family, when if that \$2 or \$3 were

used to provide milk, eggs and other food, the question of provision against death would not arise. That is what is taking place in connection with this industrial insurance business, and a check-up will prove to you that the rates are exorbitant. As a matter of fact, the insurance companies spent millions every year in connection with the carrying forward of this business, which they are able to carry on because these people are unable to buy the insurance that is available to small well-to-do people, and are therefore persuaded by the propaganda of the insurance companies to take up with this so-called industrial insurance. I say that there should be some legislation put through at the State House and perhaps initiated by the Governor so that the insurance companies would not sell to these poor families more insurance than they reasonably require. We all know what the probable length of life is, as estimated by the actuaries. Today it is close to sixty years. So it is much wiser for these poor people, instead of spending money they can ill afford to pay for burial of children who will live for years and years, to pay for decent food for their families. Why take all this money from these people? It is because the insurance companies play on their emotions. I say that legislation should be enacted so that these people should not be persuaded by the companies to spend more money than is reasonably required for this form of insurance, thereby reducing the budget for family food and perhaps causing death. Furthermore, the ordinary policy issued by any life insurance company in the state has a cash surrender value after three years. On the policies issued by these industrial insurance companies in Massachusetts the time limit is five years, while in the case of some of the companies operating outside of Massachusetts it is ten years before companies are forced to give a cash surrender value. There is no reason, simply because these people get these small industrial insurance policies, why they should not have a right to a cash surrender value at the end of three years, instead of waiting for five or ten years. I say that the insurance companies have been built up on what they have made out of this type of policy; that they are unfair to poor people, and that they should be restricted in their operations with the low-income group who, when they take these policies, are not able to provide decently for their families. Because of high pressure salesmanship these people carry more insurance than they require. I say that a cash surrender value should certainly be allowed on that type of insurance at the end of three years. I trust that something will be done by the Governor in behalf of this class of people, who are having thrust upon them more insurance of this kind than they need, thereby reducing their ability to provide proper food and necessities of life for their families. That is what is taking place today, and something should be done about it.

Coun. RUSSO—Mr. President, with some of the ideas that the previous speaker has outlined, I am perhaps in accord, but with some of them I am certainly not in agreement, not because I want to take a stand against the insurance companies, but, being an ex-insurance man, I know the benefits that insurance means to every family, not only in cases where the families would not otherwise be able to meet the obligations of burial expenses, but there is also a further benefit when the child reaches a certain age, at which time there may be enough money provided under the policy to give him a chance to go to college and be able to make something out of himself. I am in hearty accord with the suggestion that there be a surrender value not at the end of five or ten years, but in three years, so that when that time has expired, if the family is unable to continue there will be a cash surrender value to the policy. But when it comes to putting a limit on what they can really spend, I feel that the family or the individual should know how much insurance they will be able to carry. So, while I am in accord with the order in some respects, I am not in accord with some of the statements that the gentleman has made here.

Coun. TAYLOR—Mr. President, that is exactly the point I want to bring out. I am not against insurance. As I stated at the outset, I favor insurance, but I am against any family taking out insurance to an extent that their income will not warrant proper food for their children, simply so that a large part of their money will eventually go into the hands of the undertaker. I say right now that the money of a family should be used for building up the physique of the children and that that will, to a large extent, obviate the importance of laying by an undertaking fund.

Coun. RUSSO—Mr. President, why hit the undertaker. I happen to be an undertaker. I would let the gentleman know that in many instances the undertaker is the friend of the family, because in my own experience I have to bury people for nothing, in many cases, people who cannot afford to pay the burial expense. I might also say that this insurance in many cases keeps people from welfare, because they are thereby enabled to save money to pay their debts without adding to the expenses of the City of Boston. I am, therefore, fully in accord with the insurance idea, and I say that the people of the City of Boston should themselves know how much they are able to pay for insurance, which is one of the greatest things I can think of.

The order was passed under suspension of the rule.

REPLACING OF SEDANS BY COUPES FOR POLICE.

Coun. HUTCHINSON offered the following:

Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to reconsider his recent decision to replace the sedan type of cruising cars with coupes.

Coun. HUTCHINSON—Mr. President, the Police Commissioner recently decided to replace the sedan type of cruising cars with coupes, for the police. We all know that in case of emergency, where you have an accident of some kind, if an ambulance is not available at the scene, a cruising car is used to take an injured person to the hospital, possibly saving life. If we have coupes, I don't believe lives could be so readily saved as by cruising cars. Then, when there is a riot call, we know that in certain cases a squad of police officers go to the scene in a cruising car. A coupe would not be able to take a squad of officers. I ask, therefore, that the Police Commissioner reconsider his decision to replace the sedan type of cruising cars with coupes.

The order was passed under suspension of the rule.

SUPERINTENDENT OF NURSES, CITY HOSPITAL.

Coun. KELLY—Mr. Chairman, may I ask unanimous consent to make a statement?

Chairman SHATTUCK—If there is no objection, the gentleman may proceed.

Coun. KELLY—Mr. President, and members of the Council, in regard to the answer from one of the members of the Board of Trustees of the Boston City Hospital which we received today, it was very amusing to me to hear that the chairman of the Board of Trustees of the City Hospital was suddenly called out of town, although before that he had ample time to give a statement to two Boston newspapers. On December 3 this appeared in the *Boston American*:

"The trustees of the Boston City Hospital, in a statement signed by Carl Dreyfus, President, insisted the appointment of Miss Margaret J. Busche as head nurse was obviously the best selection and recalled that the City Council is prohibited from interference in hospital management."

"In his letter Dreyfus cited a report of the Finance Commission, dated April 6, 1939, defending the conduct of the hospital by the trustees and pointing out that City Councilors are prohibited from interfering except on inquiry into appropriations."

"The Dreyfus statement was the result of a resolution adopted at yesterday's Council meeting demanding removal of Miss Busche as head nurse and asking for an explanation of her appointment over the heads of hospital graduates."

"Dreyfus pointed out that Miss Busche had been Acting Superintendent for four years and that the trustees felt that their action in appointing her as head nurse was for the best interests of patients and the hospital."

"In the Finance Commission report quoted by Dreyfus it was stated the periodical outbursts of City Councilors had failed to harm the medical reputation of the hospital."

"But, it was added, every outburst makes it more difficult for appointed executives to carry on their work in orderly comfort."

"Then this appeared in the *Boston Evening Record* of the following evening, in which Mr. Dreyfus quotes the Boston Finance Commission's report of April 6, 1939. I am not going to read all of it, but only a part of it:

"It has become the habit for some of the employees to complain from time to time to City Councilors of claimed irregularities of pay, of hours, of labor, etc. Unfortunately at times these complaints have been publicly aired in Council meetings before investigation."

"That is the part I want. There is no need of investigation as to the appointment of Miss Busche by the Council because a year ago last April, one of the trustees of the City Hospital promised me, along with other members of the City Council, that when Miss Logan resigned, the position would be given to a Boston girl. As a matter of fact, employees of the Boston City Hospital have not approached me. I have approached them. After Miss Busche was appointed I went down there about every day in the week and I found that there was a Boston girl there well able to be Superintendent of Nurses in the Boston City Hospital. We have been told today that the whole matter was none of our business, but some time ago when we saw fit to go after Miss Logan, they then considered that it was none of our business, and told us not to give the matter publicity, but that they would take care of it themselves. Of course, the conduct of the hospital is vested by law in the Board of Trustees. We understand that. And the first consideration of the hospital, on which we all agree, nobody differing, is the care of the patients. Every member here agrees that our first interest is the care of the patients. But, as long as the chairman of the Board of Trustees has seen fit to quote the Finance Commission's

report in another connection, I would like to add a word, quoting from that report, as to the required curriculum for nurses, with the hours stipulated, in different hospitals. Agreeing, of course, that the first consideration is the care of the patients, upon which everybody agrees, let us see what appears in the table from the Finance Commission's report, as set forth in our records on page 181 of April 17, 1939, giving the comparative curriculum of nurse students, with the hours stipulated, in different hospitals. The recommendation of the National League of Nursing Education of New York City for nursing arts, is 135 hours; in the Boston Children's Hospital, 175; in the Massachusetts General Hospital, 272; in the Peter Bent Brigham Hospital, 250; in the Deaconess Hospital, 150; in the Worcester City Hospital, 180; in the Cooley Dickinson Hospital in Northampton, 162; in the Massachusetts Memorial Hospitals, 200;—and in our hospital, where the first consideration is the care of the patients, the low number of 106 hours is required. That you will find in the Finance Commission's report in a table on page 181 of the Minutes of April 17, 1939. And so I say to the Board of Trustees that there is no member of the City Council who is simply looking after publicity in this matter, as has been intimated. Many of us feel that there has been a wrong committed, so far as City of Boston nurses are concerned. From 1850 to 1937 the Superintendent of Nurses in the City Hospital was always a Boston girl, and there was never any trouble in the hospital on that account. In all those years a Boston girl was always appointed to this position. What are we now supposed to believe? From 1850 to 1937 that the Superintendents of Nurses in the Boston City Hospital were girls who were not qualified to fill that position? Of course, that was not the case. And so I say to the trustees that in the past few years there has been no condition that would warrant their action in appointing an outsider to the position of Superintendent of Nurses of the City Hospital, and there is nothing that now warrants the appointment of Miss Busche to that position. Not criticizing Miss Busche's qualifications, I still insist, and believe the record shows, that there are available in the City Hospital Boston girls as fully qualified for the duties of the position, one of whom should have been appointed to it, and when a Boston girl is not appointed under such conditions it certainly offers no encouragement to our Boston-trained nurses.

CONFIRMATION OF WEAIGER OF COAL.

Chairman SHATTUCK called up, under unfinished business, No. 2 on the calendar, viz:

2. Action on appointment submitted by the Mayor December 2, 1940, of Louise Cashman, to be a Weigher of Coal.

The question came on confirmation. Committee, Coun. Kelly and Linehan. Whole number of ballots 20, yes 20, and the appointment was confirmed.

PROPOSED REVISION OF CIVIL SERVICE RULES.

Coun. HURLEY offered the following:

Ordered, That the Civil Service Commissioner be requested to forward to all members of the City Council forthwith a copy of the proposed revision of the Civil Service Rules.

Coun. HURLEY—Mr. President and members of the Council, in presenting this order I have before me, printed in the *Boston Herald* of Saturday, November 30, under "Legal Notices," in fine type and without any heading that would call attention to it, a notice that a public hearing is to be given on the proposed revision to the Civil Service Rules on Monday, December 16, at ten a. m., in the Gardner Auditorium at the State House. There then follows a list of definitions, classification, qualifications, and so forth, setting, in a way that does not at all attract the attention of the ordinary reader, the proposed revision of the rules of the Civil Service Commission. In that connection I would call your attention to Rule 27, Section 2, of the Massachusetts Civil Service Commission proposed rules, which appeared in the *Boston Herald* on Saturday, November 30, 1940.

"Whenever any positions not already in the classified service are placed therein or whenever the Commonwealth or any city or town takes over work previously done by a contractor, which work included positions designated or classified in the civil service by statute or rule, the director may recommend to the commission that the incumbents of these positions be included under civil service and if such recommendation is approved by four affirmative votes of the commission the names of the persons shall be recorded as properly employed under civil service."

This section continues: "The seniority date in such cases will be determined as follows: 'Credit will be given for each consecutive calendar year next prior to the classification under civil service during which the incumbent had been employed for a total period of one hundred and fifty days or more a year and any fraction of the period immediately prior to the preceding calendar year that he had been employed at the same rate per annum.'

Section 3 of Rule 27 states, "There shall be no probationary period required for persons so recorded, provided that they have actually been employed and have performed the duties of the position for a period of at least two years immediately preceding the date of their being recorded under civil service. Now, gentlemen, assume the City of Boston decides to take over work now being done by a private contractor, this rule provides that the Director of Civil Service may recommend to the Civil Service Commission that the employees of this contractor may be placed under civil service, without any request from the proper authorities of the City of Boston. The rule goes further and would give to the employees of the private contractor, foremen and laborers alike credit in seniority with the City of Boston for the same length of time they were employed by the contractor without having to pass any physical or written examination and they would precede a number of regular city employees who had passed examinations as well as defeating the changes of those now on eligible lists in the Civil Service Department. Those who had been employed for at least two years by the contractor would not have any probationary period to serve, although this would be their first employment with the city. I would like to cite for example and for the records of this Council that it would be possible, if this rule were enacted into law, for the contractor doing work for the city, which work the city decided to take over, and whose employees number three foremen and twenty laborers, for these men to be included under civil service and be given seniority dates in accordance with their employment with the private contractor. Let us now take the case of the three foremen of the contractor. All of them have been employed for at least fifteen years by the contractor, and have never been employed by the city before. These men would be given a seniority date of around 1925 with the city. They would supersede all foremen now employed by the city and who not only had to pass a competitive civil service examination to secure positions but had to be at the top of the list. In case of any suspension that might take place in the department, regular civil service foremen would be suspended while these former employees of the contractor would be retained. I wonder what their status would be as far as retirement rights are concerned and I am also considering what the liability of the city would be for an aggravation of a former injury which may have occurred during their service with the contractor. I also wonder how persons now on eligible lists, waiting for opportunity to secure employment with the city, feel towards this present Director of Civil Service who has proposed such a rule. Under the law (G. L., chapter 31, section 2) the Director of Civil Service is required to administer his division in such a way as to develop a career service based on merit. Where is there merit in this rule giving seniority credit with the city for former employment with a contractor. I believe that this Council should take appropriate action to protect the rights of the employees of the City of Boston as well as those now on eligible lists waiting for an opportunity to be appointed to a position with the City of Boston, and I feel that this Body should appear at the hearing to be held next Monday, December 16, at the Gardner Auditorium and protect not only employees of the City of Boston but thousands of applicants, residents of Boston who are now on eligible lists or who will take future examinations.

Taking the standing under these rules of men employed by a private contractor, if such a contractor has been doing work for fifteen years for the City of Boston, with forty men, and after that time the city decides to take over the work, the Director of Civil Service, with the consent of four members of the commission, can order all these men put under civil service—these forty men employed by the contractor doing the work. They are then under civil service, under Commissioner Hyland, along with the other employees of the department. But suppose he does not have a big enough budget to take care of such a large group, and has to lay off a number, the permanent members of his force would have no better future standing, after they had been laid off, than the former contractor's men. They would all be equally protected by civil service. I don't think that is a fair ruling. I think these rules as outlined cover a lot of deception, in other words. Men who have been on the list a number of years are not given a fair chance, lose their civil service rating, and may have to take a written examination. And even women who do cleaning work, and who understand that work, may have to take one of these civil service examinations that have nothing whatever to do with their job—for instance, in geography, telling what states bound Pennsylvania. I think it may well behoove us to appear at this meeting next Monday and protest vigorously against these rules and regulations being railroaded through without our at least having a chance to study them and to be able to express an intelligent opinion of what they mean and how they will work. There is certainly no great need for rushing them through. They seem intended to upset a situation that has been going on for years. I may be wrong, but it is my idea that the plan is, knowing that the Democrats are to be in the majority in the incoming Governor's Council, to act now, while the Republicans still have a majority. At present, every man employed by the city serves a probationary period of six months, but under these rules there

will be no probationary period for any person doing these types of work for two years. So I hope we will get copies of the rules down here immediately and that the members will give them as much study as possible in the next few days. Every member has constituents on civil service, and if this goes through there will not be much chance for men at the top of the labor lists. Those who thought they had a contract will find that they were mistaken. It will have to be renewed every year, and there is no assurance when your name reaches the top that you will be selected. You may find that, for the ordinary position, you may have to answer questions in chemistry, ancient history, and lots of silly stuff having no connection with the work you are supposed to do in the different departments of the city. I hope the order will pass.

Coun. TAYLOR—Mr. President, I would like to ask whether the councilor can read all the rules, if he has them before him?

Coun. HURLEY—Yes, if it is desired. It would probably take about four hours.

Coun. GOTTLIEB—Mr. President, under the circumstances I think that we will all appreciate it if the rules are not read at this time.

The order was passed under suspension of the rule.

GRANOLITHIC SIDEWALKS, WARD 6.

Coun. SCANNELL offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to install granolithic sidewalks on West Third street, Ward 6, from Dorchester street to A street.

Passed under suspension of the rule.

RETENTION OF INSURANCE POLICIES BY OLD AGE RECIPIENTS.

Coun. CHASE offered the following:

Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to urge the State Legislature to enact the necessary laws whereby the recipients of old age assistance will be enabled to retain \$300 life insurance policies even though they were contracted for within the five-year period.

Coun. CHASE—Mr. President, under the present law, as I understand it, concerning old age assistance, the applicants must turn in their life insurance policies if they were contracted for within five years after the period for which the original application for old age assistance was made. I have an experience that brought this matter strongly to my mind this last week, when I was told by a constituent of mine, an elderly man nearly seventy years of age, that he was forced to relinquish his life insurance policy, amounting to \$300, which was contracted for within three and a half years of the date on which he made application for old age assistance. This elderly gentleman was a good American citizen, who had worked hard during much of his earlier life, and who was later obliged to take advantage of the welfare system. He was a former taxpayer of the Commonwealth, but through economic circumstances he was one of many who were forced to accept old age assistance, and he was looking forward to the time when he might have to pass on to his wife the duty of burying him in a good, Christianlike manner. But he was forced to surrender his small \$300 life insurance policy before he could secure old age assistance. I am sure every member will agree with me when I say that such business is picayune and unfair to these old age assistance applicants, forcing them to sacrifice everything before they can receive the small pittance of \$7.50 a week in the way of old age assistance. I am sure that the Legislature must have overlooked such cases as this when the law was passed, because it is not human to expect old people to go to the Paupers' Field or starve. That is, at the present time these applicants for old age assistance are forced to give up even a small life insurance policy in order to receive a \$75 burial. We know that a \$75 burial is not one that you or I would care to have for our mothers or fathers. I certainly trust that something will be done about it. Certainly the money that the city saves through such transactions is very small. It does not amount to one-tenth of one per cent on the tax rate. So why should the state expect these people to make such a sacrifice, particularly when, as a matter of fact, such an applicant may retain his life insurance policy provided it was contracted for at least five years before he makes application for old age assistance. If these applicants for old age assistance have policies that have been contracted for within four years, they are forced to cancel them. Certainly it is not fair, and something should be done about it. I know that each member of the Council will heartily agree with me in that. I trust, therefore, that this order will be passed, and that the incoming Legislature will pass the necessary laws to do away with this condition from which old age assistance applicants are now suffering.

Coun. D. F. SULLIVAN—Mr. President, about three months ago I introduced an order similar to this which was referred to Public Welfare. I had in mind at the time a couple who had been well-to-do in earlier life, and who had been forced to apply for old age assistance. The man had \$190 insurance, two years old, and the wife

\$250 that was three and a half years old, and these people, before they could get old age assistance, had to sell their insurance policies. Last week the man in that particular case died, and the city allows only \$75 for burial in such cases, and certainly no undertaker can bury anyone decently for \$75. We can use our imagination as to how these people get buried. Apparently in the administration on Beacon Hill at the time that provision of this law was overlooked, compelling applicants for old age assistance who had taken out insurance to surrender the policies, if they had been taken out within five years, although prior to the five years every applicant was allowed to hold his insurance. Certainly there should be an amendment of the old age assistance law as it stands on our statute books today.

The order was passed under suspension of the rule.

EAST BOSTON RELIEF STATION.

Coun. COFFEY offered the following:

Ordered, That the trustees of the Boston City Hospital be requested, through his Honor the Mayor, to open the East Boston Relief Station on Sundays and holidays throughout the year.

Coun. COFFEY—Mr. President, this is about the eighth order that I have introduced this year looking to an opportunity to further extend the usefulness of the East Boston Relief Station. The reason why I have introduced this order at this time is that last Thanksgiving Day two children coasting over there struck an automobile in the Condon street section of East Boston. The motorist picked them up and took them to the doors of the hospital, but the Relief Station was closed, and it was about an hour before they could be taken over to the city and given hospital attention. In view of the controversy we have recently had in regard to the activities of the Boston City Hospital, I now add this item showing the importance of additional hospital facilities over in East Boston. Accidents are continually happening over in our section, but the Relief Station is only open from ten in the morning until seven in the evening on week days, with the result that there is no provision many times for taking care of serious cases that need attention. I ask, therefore, that that station be kept open on Sundays and holidays, because, and in this I think most of the members will agree with me, accidents are most likely to happen at such times, when the schools are closed and when people are more apt to be out on the streets.

The order was passed under suspension of the rule.

REPAIR OF NORTH SLIP, SOUTH FERRY.

Coun. COFFEY offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to make immediate repairs on the north slip on the Boston side of the South Ferry.

Passed under suspension of the rule.

SERVICE ON EAST BOSTON FERRY.

Coun. COFFEY offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to maintain twenty-four-hour-a-day service on the East Boston Ferries.

Passed under suspension of the rule.

REPAIR OF CLOCK IN FERRY TOWER.

Coun. COFFEY offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repair the clock in the ferry tower on the East Boston side.

Coun. COFFEY—Mr. President, as bearing on this particular order I simply want to read an article that appeared on Saturday last in one of the East Boston papers:

"The South Ferry is a subject of much complaint. The time schedule is unsatisfactory. It is getting to be tiresome to be calling attention to conditions. Officials seem to be indifferent alike to service and the criticism that it provokes. The latest shout comes from the Naval Reserves quartered in the vicinity to the number of several hundred, and who use the ferry daily. They point to the ferry tower clock, long out of repair. Now, it would seem that a clock would not cost much to repair, but there it is stopped. The necessity for a going clock is that the schedule is never better than fifteen minutes, and mostly on the half-hour basis. The Naval Reserves are thinking of passing a tin dipper to secure the pennies necessary to repair the clock."

As a matter of fact, aside from the amusing angle, about three weeks ago a prospective passenger on the ferry noticed the time as set forth by the clock, and saw that apparently he had some time to spare before he went to work. But when he afterwards decided to go to work, he found that he was an hour late and lost his job. So when he returned to East Boston he went home, went to the ferry with a pistol, and put four bullets in the clock, so that it will probably cost \$50 to repair it. I have, therefore, introduced

this order requesting the Commissioner of Public Works, through his Honor the Mayor, to repair that clock in the ferry tower on the East Boston side.

The order was passed under suspension of the rule.

ALLOWANCE FOR CHRISTMAS BASKETS.

Coun. COFFEY offered the following:

Ordered, That the Overseers of Public Welfare be requested, through his Honor the Mayor, to provide an additional allowance of \$5 to each family receiving welfare assistance for the purpose of purchasing a Christmas basket.

Coun. COFFEY—Mr. President, my reason for introducing that order is this. I will explain, as perhaps some of the members did not grasp the importance of the order. It asks the Overseers of Public Welfare, through his Honor the Mayor, to provide an additional allowance of \$5 to each family receiving welfare assistance for the purpose of purchasing a Christmas basket. The reason is that I have received in the past few weeks many requests, as no doubt other members have also received such requests, for Christmas baskets, and I thought the only answer would be for the Overseers of Public Welfare to give to each family receiving welfare assistance an additional allowance of \$5 for this purpose. That could be included in the welfare check. It would certainly be very welcome in times like these, with the great need of our welfare recipients. In my district so far I have received thousands of requests for Christmas baskets, and I don't know where the money can be obtained, except in this way. Of course, the Salvation Army does its best, and also the Volunteers of America, but there is still great need of an additional amount. I realize, of course, that we have had an economy program for the last three years, but this, it seems to me, is a case where his Honor the Mayor might well be asked to do something such as is suggested in the order. Of course, the Moose and the Knights of Columbus do their best. If beans were running over there, I would know where I could have everybody in the district taken care of. But I trust that this order will be passed.

The order was passed under suspension of the rule.

USE OF VACANT LAND FOR PLAY GROUNDS.

Coun. D. F. SULLIVAN offered the following:

Ordered, That his Honor the Mayor be requested to take up with the departments concerned the proposal of the Police Commissioner to utilize for playgrounds for small children vacant land owned by the city.

Coun. D. F. SULLIVAN—Mr. President, I read in yesterday's paper the recommendation made by Police Commissioner Timilty to take over fifty vacant lots throughout the city and transform them into play areas for the small children. I have introduced orders having the same idea asking for W. P. A. projects along this line, but I find that the W. P. A. authorities will not allow their money to be used for properties which are up for sale at all times. I also thought the matter might be taken care of through the Michael Francis Cahill Fund, but I have found that the fund is not available for this purpose. The idea of the Police Commissioner seems to be the first suggestion for really handling this matter, and it can be done at very small expense. I believe that these vacant lots of land can be transferred to the Police Department, although the city will at all times still own them. I trust that the Mayor will go along with the Police Commissioner and see that this idea is carried through, so that we may have a number of play areas for the small children. I trust that the order will pass.

The order was passed under suspension of the rule.

REPORT OF COMMITTEE ON LICENSES.

Coun. FISH, for the Committee on Licenses, submitted the following:

Report on petitions for driveway openings:

1. Superintendent of Construction, Department of School Buildings (referred today) at Brookline avenue—that license be granted under usual conditions.

Report accepted; said license granted under usual conditions.

2. Heirs of Joshua Bennett (referred August 19) for driveway opening at Cambridge street—that license be granted under usual conditions.

The report was accepted and the question came on granting the license.

Coun. RUSSO—Mr. President, on this proposed driveway opening I wish to offer a minority report as a member of the Committee on Licenses, objecting to the granting of this driveway opening at 296 Cambridge street, Boston. Some time ago, in the early part of last summer, a petition was presented to the Street Commissioners for a gasoline station permit, the station to be erected at that particular number. At that time I, as a representative of the district, and various people of my district, went down to the Street Commissioners' department, objecting to this license being granted. But, behold, after three or four months, I am confronted with this driveway opening petition seeking such an opening at this

place, and this is the first time that I knew the permit had been granted. With all due respect to the councilor from Ward 5 (Coun. Shattuck) in whose district this permit is supposed to be granted, although it adjoins my district, concerning property of which an estate of which a Congressman is a trustee, I wish to state now that I have been opposing this permit because that is the only weapon for me to fight with, because I hope that no other gasoline station will be permitted either on Cambridge street, or any part of my district. We have already on that particular street eight or more gasoline stations. It seems to me that the highway is apparently being used only for the purpose of a gasoline dump, and I am simply trying to see that the people of my district may have their lives and their welfare protected. That is the reason why, in spite of all the pressure brought upon me to pass this order, I am opposing it, because I believe there are already enough gasoline stations on this highway, and God forbid that there be any such occurrence there as has just taken place in Cambridge, placing the lives and property of the people of the district in danger. I hope, therefore, that this permit will not pass through this Council, because that is the only weapon I have in trying to see that no more gasoline stations are erected in my district or on property adjoining my district, because the people now on Cambridge street feel that this is within my jurisdiction as their councilor. I trust, therefore, that this permit will not be granted.

Coun. SHATTUCK (Taking the floor)—I understand that this petition was originally filed back in August. It has been before the Committee on Licenses for several months, although it only came to my attention a short time ago. Apparently it was being held in committee with the idea that it was within the district of the gentleman from Ward 3 (Coun. Russo), who opposed it. As a matter of fact, it is not in his district but in mine, on Myrtle street. I have heard no objection to the granting of the license, and I have no objection to granting it. I think it should be granted, and all I regret is that there has been so much delay in acting upon it. Now that action has been taken by the committee, I think it should be granted forthwith.

Coun. FISH—Mr. President, I will state plainly that the reason for delay is because of the courtesy we extend to each councilor of making a study of any such petition coming up in his district, to see whether granting the petition would or would not be beneficial. I have been negligent myself in not taking it up, but I took the word of the councilor from Ward 3 (Coun. Russo) that it was in Ward 3. It was only last week that the councilor from Ward 5 (Coun. Shattuck) informed me that it was in Ward 5, and not in Ward 3.

Coun. RUSSO—Mr. President, I wish to inform the Council that this is not Myrtle street, but 296 Cambridge street, which adjoins property in my district, and I wish to enlighten the Council by saying, in regard to this particular property where this privilege is asked, that there were people living there at the time who have been forced to vacate, because the building has been torn down. I had felt that action would be taken by the trustees of the property from which the people of the district would derive some benefit and that they would not ask for a permit for a gasoline station. This adjoins my district, and I say again that if this is passed, you are putting in one more gasoline station adjoining my district where there are already more than we should have at the present time. I might again remind the members of the awful happening in Cambridge recently, where a gasoline station blew up.

The report was accepted, and leave was granted on the usual conditions. Coun. RUSSO doubted the vote, and asked for the yeas and nays.

The permit was granted on the usual conditions, yeas 12, nays 2.

Yeas—Coun. Carey, Coffey, Englert, Fish, Gottlieb, Kelly, Langan, Linehan, Shattuck, D. F. Sullivan, Taylor, Ward—12.

Nays—Coun. Russo, M. H. Sullivan—2.

TIME OFF FOR CHRISTMAS SHOPPING.

Coun. FISH and SCANNELL offered the following:

Ordered, That his Honor the Mayor be requested to advise the various department heads to grant one half day off without loss of pay to all city employees to permit them to do their Christmas shopping.

Passed under suspension of the rule.

PARKING ON ONE SIDE OF WASHINGTON STREET.

Coun. WICKES offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to consider the advisability of restricting parking to only one side of Washington street between Fuller and Bailey streets, Ward 17.

Passed under suspension of the rule.

INVESTIGATION OF VOTING MACHINES.

Coun. TAYLOR offered the following:

Ordered, That the President appoint a committee of five members of the City Council to

investigate the advisability of installing voting machines for the city election next November.

Coun. TAYLOR—Mr. President, the recent election for Governor has convinced many people of the necessity of having voting machines in the City of Boston. The gubernatorial situation has cost the city a considerable amount of money for recounting the votes, having shown a great many inaccuracies in our present system. The town of Brookline has demonstrated that these machines are a great help, particularly in a recount, because the vote of that town, with 15,000 voters, was recounted in about seventeen minutes. Many of the large cities of the United States have voting machines, and they have proved themselves very effectual. It will not cost the City of Boston a large amount, and the expense, if the machines are installed, will be spread over a period of ten or fifteen years. I am sure that the people of Boston would benefit immensely by the introduction of these voting machines.

The order was referred, on motion of Coun. SCANNELL, to the Executive Committee.

[REPORT OF COMMITTEE ON CLAIMS.

Coun. GOTTLIEB, for the Committee on Claims, submitted the following:

1. Report on petition of Joseph D. McGillivray (referred November 18) to be reimbursed for amount of execution issued against him on account of his acts as operator of motor vehicle belonging to Police Department—recommending passage of accompanying order, viz.:

Ordered, That the sum of one hundred dollars (\$100) be allowed and paid to Joseph D. McGillivray in reimbursement for amount of execution issued against him on account of his acts as operator of a motor vehicle belonging to the Police Department, said sum to be charged to the Contingent Fund.

Report accepted, said order passed.

2. Report on petition of Joseph D. McGillivray (referred November 18) to be reimbursed for amount of execution issued against him on account of his acts as operator of motor vehicle belonging to Police Department—recommending passage of accompanying order, viz.:

Ordered, That the sum of one hundred and fifty dollars (\$150) be allowed and paid to Joseph D. McGillivray in reimbursement for amount of execution issued against him on account of his acts as operator of a motor vehicle belonging to the Police Department, said sum to be charged to the Contingent Fund.

Report accepted; said order passed.

NAMING OF TRAFFIC CIRCLE, ANDREW SQUARE.

Coun. LINEHAN offered the following:

Ordered, That the new traffic circle at Andrew square, Ward 7, be named Casimir Pulaski Circle, and that suitable signs be installed designating same.

Passed under suspension of the rule.

NAMING OF SQUARE FOR REVEREND PATRICK B. MURPHY.

Coun. LINEHAN and SCANNELL offered the following:

Ordered, That the Boston Housing Authority be requested, through his Honor the Mayor, to name a square or way in the new South Boston housing project in honor of Reverend Patrick B. Murphy, late Pastor of the Holy Rosary Church and veteran of the Spanish-American War.

Passed under suspension of the rule.

RECESS.

The Council voted at 4.23 p. m., on motion of Coun. WARD, to take a recess, subject to the call of the Chair. The members reassembled and were called to order by Coun. SHATTUCK at 4.26 p. m.

President GALVIN in the chair.

EXECUTIVE COMMITTEE REPORTS.

Coun. SHATTUCK, for the Executive Committee, offered the following:

1. Report on message of Mayor and order (referred fund) that \$13,000 be appropriated from Parkman Fund for Maintenance and Improvement of Common and Parks in Existence on January 12, 1887, that same ought to pass.

Report accepted; said order passed, yeas 19, nays 0.

2. Report on order (referred today) that President appoint committee of five members of Council to investigate advisability of installing voting machines for city election next November—that same ought to pass.

Report accepted; said order passed.

The President appointed as said committee, Coun. Taylor, Hurley, Lyons, Shattuck, Chase.

POSTPONEMENT OF CIVIL SERVICE REGULATION CHANGES.

Coun. FISH and HURLEY offered the following: Ordered, That the Civil Service Commission be

requested, through his Honor the Mayor, to postpone for two months the hearing on changes of civil service regulations which the commission has had under consideration for over a year.

Coun. FISH—Mr. President, we know through the discussion of Councilor Hurley's order in the Executive Committee that the proposed action by the Civil Service Commission on these rules—and specific instances were brought out—will work a hardship on our civil service employees. I believe, therefore, that such an important matter should be given more than a week's consideration. This is merely a request to the Civil Service Commission to postpone for two months the changes on civil service regulations which the commission has had under consideration for over a year.

Coun. HURLEY—Mr. President, I am in favor of the order introduced by Councilor Fish and myself, and I welcome Councilor Fish's aid in the matter. I did not want to introduce the original order alone. But I did see the blind way this thing was set forth in the Boston Herald, and I simply asked that copies of the commission's proposition be furnished to members of the Council so that we would have an opportunity to study the thing, if possible, before the hearing took place. The young lady in the office, however, told me that copies are not available to members of the Council, that there were some sent to Senators and Representatives, members of Boards of Aldermen, but not to Councilors. The intent of the order was simply that we might inform ourselves upon the matter.

Coun. M. H. SULLIVAN—Mr. President, I think the Council should be given an opportunity to study this matter before it is heard, and I believe when the hearing comes up before the Civil Service Commission our Corporation Counsel, Assessors, Election Commissioners and members of this Council should be present. It is clear that more publicity should be given to the matter and certainly we, as the Board of Directors of the City of Boston, have a right to be considered.

Coun. FISH—Mr. President, just one more thought. Is that hearing to be next Monday afternoon?

President GALVIN—It is to be on Monday, December 16, at 10 a. m.

The order was passed under suspension of the rule.

REPORT OF COMMITTEE ON PUBLIC LANDS.

Coun. RUSSO, for the Committee on Public Lands, submitted the following:

Report on message of Mayor and order (referred December 2) for exchange of land by trustees of Shawmut Realty Trust and City of Boston, on Norway and Dalton streets—that same ought to pass.

Report accepted; said order passed, yeas 19, nays 0.

ACCEPTANCE OF WARD 11 STREET.

Coun. ENGLERT offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out as a public street the passageway and stairway leading from Olmstead street to Park lane, Ward 11.

Passed under suspension of the rule.

ADULT DENTAL CLINIC.

Coun. GALVIN and RUSSO offered the following:

Ordered, That his Honor the Mayor be requested to present to the trustees of the George Robert White Fund a plan for the establishment of an adult dental clinic in Boston, the cost of the construction of same to be expended from the funds of the George Robert White Fund.

Coun. RUSSO—Mr. President, the reason why Councilor Galvin and myself have introduced this order is because we have in mind that there is no adult dental clinic today in the City of Boston. I feel that if something of this kind could be worked out in the city, a place where people could go and have their teeth taken care of,—also having in mind that every time when you go to a doctor for examination the first thing he does is to examine your teeth,—it would be a good thing for the people of Boston. I believe we should have an adult dental clinic in this city. The order was passed under suspension of the rule.

ACCEPTANCE OF WARD 20 STREETS.

Coun. LYONS offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out the following streets in Ward 20, as W. P. A. projects: Spinney street, Heldun street.

Passed under suspension of the rule.

RESURFACING OF ROCKLAND STREET.

Coun. LYONS offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the

Mayor, to resurface Rockland street, Ward 20, and install sidewalks thereon, the work to be done as a W. P. A. project.

Passed under suspension of the rule.

DISPOSITION OF GEORGE ROBERT WHITE FUND.

Coun. LINEHAN—Mr. President, I rise to a point of information. I would ask you, Mr. President, as a member of the trustees of the George Robert White Fund, if you can tell us when the trustees are coming in with a report following the hearing held a couple of months ago as to the disposition of that particular fund.

President GALVIN—At the last meeting held by the trustees there were various proposals before the trustees of the George Robert White Fund, and they are still under consideration.

Coun. LINEHAN—And you could not give me information as to when a report will probably be made?

President GALVIN—On matters coming before the trustees we have at least three months.

RESTRICTIONS ON PARK FRONTAGES.

Coun. WARD offered the following:

An Ordinance Concerning Restrictions on Park Frontages.

Be it ordained by the City Council of Boston, as follows:

Chapter forty of the Revised Ordinances of 1925 is hereby amended in section 20 by striking out in the 10th, 11th and 12th lines of said section the words, "and from a line parallel to and one hundred and thirty-five feet south of the southerly line of Washington street to the Newton line" and inserting in place thereof the words, "and from a line parallel to and one hundred and thirty-five feet south of the southerly line of Mount Hood road as extended across Commonwealth avenue to the Newton line."

Referred to the Committee on Ordinances.

Adjourned at 4.46 p. m., on motion of Coun. M. H. SULLIVAN, to meet on Monday, December 16, 1940, at 2 p. m.

CORRECTION.

In the December 2, 1940, meeting, in discussion of "Appointment of Margaret J. Busche," on page 432, the following remarks, credited to Coun. Russo, were made by Coun. Scannell:

"Mr. President, while I do not wish to continue at length the City Hospital argument, and while I agree with some of the members here that there should not be political interference with the proper workings of the Boston City Hospital, I do say here that if there is any ground for criticism of the Boston City Hospital Trustees it should be brought out here, because, after all, nobody is right all the time, and if we give the trustees power and they are not open to criticism by us, who is going to criticize them at times when criticism may be warranted? I believe that if the City Hospital Trustees feel that they have made a right appointment in the appointment of Miss Busche, we should give them a chance to come here and state their position. If there is any just ground for criticism of the trustees of the Boston City Hospital, I say, let us give them that criticism in this body."

REVISION OF ASSESSMENT.

The Mayor has approved the following order of the Board of Street Commissioners:

In the matter of application for revision of assessment levied on account of the construction of sewerage works, the Board of Street Commissioners, acting under the provisions of chapter 359 of the Acts of 1896 and deeming it just and proper that such action should be taken on said application,

Ordered, That the amount hereinafter specified, being the annual apportionments of said assessments for the years undermentioned, be, and the same are hereby, abated.

Margaret L. O'Brien, 94 Sanborn avenue, West Roxbury, lot 54, assessed October 4, 1929, 1929-9, 1936 apportionment, \$9.30; 1937 apportionment, \$8.85; 1938 apportionment, \$8.40; 1939 apportionment, \$7.95.

The real estate taxes for the foregoing years were abated by the Board of Assessors.

LAND-TAKING IN HYDE PARK.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Danbury road, Hyde Park district, as a highway, from Wood avenue to George street, bounded and described as follows:

A highway named Danbury road is hereby laid out from Wood avenue to George street and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows.

Westerly by Wood avenue, sixty and 8-100 feet; northerly by the northerly line of said Danbury road, as hereby laid out, by three measurements, twenty-four and 18-100 feet on a curve of sixteen and 14-100 feet radius, three hundred twenty-one and 48-100 feet, and twenty-four and 21-100 feet on a curve of sixteen and 21-100 feet radius; easterly by George street, sixty and 9-100 feet and southerly by the southerly line of Danbury road, as hereby laid out, by three measurements, twenty-two and 87-100 feet on a curve of thirteen and 68-100 feet radius, three hundred seventeen feet and twenty-two and 92-100 feet on a curve of thirteen and 95-100 feet radius.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days, following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Danbury road, from Wood avenue to George street, will receive benefit or advantage beyond the general advantage to all real estate in said city from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it, said lots and the supposed owners thereof being shown on a plan marked "Danbury Road, Hyde Park, Assessment Plan, September 11, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Lot.	Amount.
1. Pasqualina Lorscheider.....	\$87 56
2. John A. Donahue et al.....	114 36
3. Mary T. Quinn.....	113 31
4. Patrick A. Collins et al.....	112 41
5. George A. Stelzer et al.....	111 21
6. James A. Burke et al.....	86 20
7. John Lorscheider.....	75 44
8. John E. Conner et al.....	103 77
9. Richard Erwin et al.....	95 46
10. Daniel T. Doyle et al.....	112 92
11. Daniel J. Harrington et al.....	111 66
12. John W. Danner et al.....	76 50
Total.....	\$1,200 80

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Danbury road, from Wood avenue to George street, under the order of the Board of December 10, 1940, and awards no damages therefor.

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE EXAMINERS OF ELECTRICIANS, 1941.

Examinations will be held at the following points and on the following dates:

- Boston, Wednesday, January 8.
- Lowell, Thursday, January 9.
- Boston, Wednesday, February 5.
- Worcester, Thursday, February 6.
- Boston, Wednesday, March 5.
- Fall River, Thursday, March 6.
- Fall River, Friday, March 7.
- Boston, Wednesday, April 2.
- Springfield, Thursday, April 3.
- Boston, Wednesday, May 7.
- Worcester, Thursday, May 8.
- Boston, Wednesday, June 4.
- Boston, Wednesday, September 10.
- Worcester, Thursday, September 11.
- Springfield, Wednesday, October 15.
- Pittsfield, Thursday, October 16.
- Boston, Wednesday, November 5.
- Lowell, Thursday, November 6.
- Boston, Wednesday, December 3.
- New Bedford, Thursday, December 4.
- New Bedford, Friday, December 5.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held and only those so notified will be examined on that day.

STEPHEN C. GARRITY,

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING STRUCTURAL STEEL.

The Supply Department of the City of Boston invites proposals for furnishing structural steel to the Bridge Division, Public Works Department, as per specifications and plans which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. *There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out and (\$2) for plans (not returnable).* The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Monday, December 30, 1940, at 12 m., at Room 1001, City Hall Annex. ENVELOPES CONTAINING BIDS TO BE SEALED AND PLAINLY MARKED "PROPOSAL FOR STRUCTURAL STEEL." The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(Dec. 21.) Superintendent of Supplies.

CITY OF BOSTON.

TRANSIT DEPARTMENT.

PROPOSALS FOR GRANITE SLABS FOR COPING AND FENCE POSTS, HUNTINGTON AVENUE SUBWAY.

The Transit Department of the City of Boston, Room 936, 294 Washington street, invites proposals for furnishing and delivering on Huntington avenue, near Opera place, granite slabs for coping and fence posts for the surface car incline. The granite must be cut and dressed in Massachusetts. Specifications may be obtained at the office of the Department on and after Monday, December 23, 1940. A deposit of \$5, in cash or certified check, will be required for detail plans and two sets of specifications. Mutilation of them will be deemed sufficient cause for the forfeiture of said deposit. The bids will be publicly opened and read at 12 o'clock noon, Friday, January 3, 1941. A properly certified check, in the sum of five hundred (500) dollars, payable to the city, must accompany the proposal. The Department reserves the right to reject any or all bids and to award the contract as it deems for the best interests of the city.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT.

WILLIAM T. DOYLE,
(Dec. 21.) Secretary.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR COLLECTING AND REMOVING GARBAGE AND REFUSE IN THE BACK BAY AND DUDLEY DISTRICTS.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for collecting and removing garbage and refuse, between January 1, 1941, and December 31, 1941, including the removal of all household refuse during the spring cleaning period between April 1, 1941, and May 15, 1941, and shall also remove grass, garden refuse and leaves during the entire term of the contract, in the Back Bay and Dudley Districts and giving bond therefor of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. In each proposal the bidder will list the location and ownership of the dumps he proposes to use, and furnish satisfactory proof to the Commissioner as to his legal right to use them. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Collecting and Removing Refuse and Garbage," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Monday, December 23, 1940, with a certified check for 5 per cent of the total amount bid for each district, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. *There will be a minimum charge of two dollars (\$2) for each set of specifications taken out.* The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interests of the city so to do.

GEORGE G. HYLAND,
(Dec. 14-21.) Commissioner of Public Works.

VOTE OF METROPOLITAN DISTRICT IN 1936.

In the election of 1936 for Governor, the 43 municipalities (including Boston) cast 371,481 Republican votes and 418,341 Democratic, showing a Democratic excess of 46,860. The eight cities, *i. e.*, Boston, Cambridge, Chelsea, Everett, Lynn, Revere, Somerville and Woburn, and the towns of Canton, Hull, Norwood and Watertown, showed a Democratic plurality of 125,064 while the six other cities and all but the four above-mentioned towns opposed with a Republican plurality of 78,204.

DEBTS AND ASSESSMENTS OF SPECIAL DISTRICTS. STATISTICS FOR YEAR 1937.

The gross Metropolitan debt (included in contingent debt of State) for water, parks, sewers and Charles River Basin improvements on July 1, 1937, amounted to \$87,494,640; sinking funds, \$38,059,240; net debt, \$49,435,400, or \$1,418,176 more than on July 1, 1936. The division of this net debt was: Water District, \$39,895,469; Sewer District, \$6,263,644; Park District, \$1,848,093; Charles River Basin, \$1,428,194. Of the latter \$228,503 is paid by Boston for Charles River Bridge. Besides the net Metropolitan debt shared by the forty-three cities and towns, a net debt of \$18,397 was shared by the counties of Norfolk and Plymouth and by the Bay State Street Railway Company. Total Metropolitan assessments in year 1937 for debt requirements and maintenance, \$9,155,444, of which Boston paid 51.90 per cent, the thirteen other cities paid 30.30 per cent, the towns 17.80 per cent.

Boston paid 63.45 per cent of Metropolitan Water assessment; 43.74 per cent of Parks and Boulevards assessments; 26.92 per cent of Sewer (North and South Systems) assessments and 48.83 per cent of Charles River Basin assessment.

ASSESSMENTS CANCELLED.

The Mayor has approved the following order of the Board of Street Commissioners:

Whereas, An order of the Board of Street Commissioners, approved by the Mayor on January 27, 1939, and recorded in Suffolk Registry of Deeds February 13, 1939, provided for the laying out and construction of Bonair street, West Roxbury district, as a highway, from Dwinell street to Brook Farm road; and

Whereas, The Commissioner of Public Works, under date of September 20, 1940, informed this Board that it was not practicable at this time to construct that part of Bonair street between Veterans of Foreign Wars Parkway and Brook Farm road; and

Whereas, An order of the Board of Street Commissioners, approved by the Mayor on December 9, 1940, provided for the discontinuance of that part of Bonair street between Veterans of Foreign Wars Parkway and Brook Farm road; it is

Ordered, That the assessment liens created by said order of January 27, 1939, be, and the same hereby are, cancelled on the abutting lots of land on Bonair street, between Veterans of Foreign Wars Parkway and Brook Farm road.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 32.

SATURDAY, DECEMBER 28, 1940.

No. 52

MAYOR TOBIN BROADCASTS GREETINGS OF SEASON TO ALL CITIZENS AT INAUGURATION OF HOLIDAY SEASON — CONTRASTS CONDITIONS OF PEOPLE OF UNITED STATES WITH THOSE IN EUROPEAN AND OTHER LANDS, POINTING OUT THE FREEDOM ENJOYED UNDER THE ÆGIS OF DEMOCRACY AND BECAUSE OF FREEDOM FROM HELL OF WAR — ASSURES PUBLIC THAT NO UNFORTUNATE PERSON OR FAMILY WOULD BE UNCARED FOR ON CHRISTMAS DAY — WISHES HAPPINESS AND JOY FOR ALL.

Mayor Tobin's Christmas Eve radio talk, Tuesday evening, December 24, from the Parkman Bandstand at Boston Common, was as follows:

Good Evening, Friends.

It is Christmas Eve again. Much of the civilized world is in chains, and there is doubt and misgiving as to the outcome of the conflict across the ocean. In this country thousands of family circles have been broken, as young men have been conscripted for military training, and the energy of industry is taxed to produce the armament necessary to defend our flag. War clouds lower ominously and that part of our National picture is gloomy.

But there is a better and brighter side which, when analyzed, makes us realize that we have much to be thankful for and innumerable blessings.

We are a free people with a voice in our own government. No dictator has laid a heavy hand upon us. We are free to worship as we choose. Our food is not rationed, nor are our amusements curtailed by the edict of a tyrant.

Our people are not forced to spend long nights in subways or damp bombproof shelters while enemy airplanes fly back and forth, raining death and destruction from the skies. There are no dreary hordes of refugees driven from their homes and forced to wander aimlessly. There are no piles of rubbish and waste where once prosperous communities and neat homes stood. We are not facing the menace of epidemics of disease brought on by the hardships attendant on the grim business of war, nor do our people scan newspapers and bulletin boards for casualty lists.

This is still the land of the free, where all individuals stand on equal footing.

Tomorrow marks one of the most important festivals of the Christian faith. It commemorates the birth of our Redeemer, an event which I believe is best typified by this verse, which today seems singularly appropriate:

"Unshaken in a world where conflict rages,
Unchanging in the midst of change and strife,
The birth of Christ remains, throughout the ages,
God's gift to man of power and of life."

In a few hours it will be Christmas Day — a day of merriment for the young people, of contentment to those who hold family reunions, and of joy to those, cut off from family and friends, who have been remembered through the various agencies.

I can assure you that no unfortunate who is in the City's care, either in a hospital or an institution, nor any of those families who are dependent upon the municipality for assistance, has been overlooked. No wanderer will be permitted to go hungry or without shelter. To each and every one there has been extended Christmas cheer, so that life's burden will be lighter and the day more glad.

Regardless of your faith I ask that everyone within the sound of my voice send up a prayer of thanksgiving for our blessings and a further petition to the Almighty that, ere long, the war hatred will be purged from the hearts of men and their minds opened once again to the truth and beauty embodied in the age-old message that so many in the world apparently have forgotten — peace on earth — to men good will.

And to you all I extend a heartfelt wish that your Christmas will be a day of happiness, and that the New Year will be the best you have ever known. Thank you, and good night.

"O Boston, fair City enthroned like a radiant queen,
From thy hill looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKEL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, December 30, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables slaughter-houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To THE STATISTICS DEPARTMENT, 73 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending Dec. 21, 1940.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

MALE SENIOR PLANNING ASSISTANT, BOSTON CITY PLANNING BOARD, JANUARY 18, 1941.

Last date for filing applications, Saturday, January 4, 1941, at 12 noon.

Salary: The entrance salary is \$2,400 a year; the maximum salary is \$3,000 a year.

Duties: To prepare, under the direction of the Executive Secretary and Consultant, a Master Plan for the City of Boston, including the study of depreciated areas, street patterns, parks and playgrounds, public building sites, public reservations, zoning, public utilities and pierhead and bulkhead lines; to assemble and coordinate data relative to the above and to interpret the same for the use of the City Planning Board; to assist in the preparation of the Capital budget for the city.

Entrance Requirement: Applicants must have had three years' experience in active planning work or its equivalent in city planning training in a recognized institute.

Subjects and Weights: Training and experience, 2; practical questions, 3; total 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

Note.—Information concerning the results of this examination will not be available until at least sixty days after the examination has been held. If the eligible list is established in the meantime, all applicants will be notified.

Under the Civil Service Rules, a person whose name is on an existing eligible list may apply for and take a new examination for the same service if a new examination is held during his period of eligibility. His status, however, will be determined by the result of the later examination.

No specimen questions are available.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

SUPPLY DEPARTMENT.

Upon December 6 the Mayor approved a contract with lowest bidders as indicated for furnishing light iron, structural steel, reinforcing steel, steel stairs and sash, laundry chute and caisson work for the Boston City Hospital, 754 Albany street, which bids were publicly opened and read on November 14, 1940. The approximate totals of awards were as follows:

Progressive Iron Works, Inc.: Item 1, Requisition 8, light iron, \$143, 1 per cent, ten days.

Groisser & Shlager Iron Works: Item 2, Requisition 1, structural steel, \$6,295, price net.

H. H. Damon, Agent, Truscon Steel Company: Item 3, Requisition 2, reinforcing steel, \$300, 1 per cent, ten days.

West End Iron Works: Item 4, Requisition 3, steel stairs, \$2,995, price net.

Lambert-Sawyer Company: Item 5, Requisition 6, laundry chute, \$515, 1 per cent, ten days.

Thomas Cavanagh: Item 6, Requisition 4, caisson work, \$3,450, 2 per cent, ten days.

Bids, opened on November 14, were as follows:

Item 1, Requisition 8. All Light Iron Necessary to Meet Specifications, Estimate Not to Include Erection, Bidder Must Submit Shop Drawings with Proposal.—Progressive Iron Works, Inc., total, \$143*; cash discount, ten days, 1 per cent; American Architectural Iron Company, \$280 per ton; cash discount, ten days, 2 per cent; bid irregular, no copy filed at City Auditor's office.

Item 2, Requisition 1. All Structural Steel Necessary to Meet Plans and Specifications, Erection not Included, Allow \$2 Per Ton for Checking Shop Drawings, All Steel to be Delivered as Required, Shop Drawings to be Submitted with Proposal.—Groisser & Shlager Iron Works, \$92.60 per ton*; total, \$6,295; West End Iron Works, \$94 per ton; total, \$6,580.

Item 3, Requisition 2. All Reinforcing Steel, as Per Plans and Specifications, Bidder Must Submit Shop Drawings with Proposal, Allow \$2 Per Ton for Checking Drawings.—H. H. Damon, Agent, \$62 per ton*; total, \$300; cash discount, ten days, 1 per cent; Northern Steel Company, \$66 per ton; (4.7 tons); total, \$310.20; cash discount, ten days, one half of 1 per cent.

Item 4, Requisition 3. All Steel Stairs and Basement Sash as Per Plans and Specifications, Bidder Must Submit Shop Drawings with Proposal, Allow \$2 Per Ton for Checking Shop Drawings.—Groisser & Shlager Iron Works, \$420 per ton; total, \$5,500; West End Iron Works, \$380 per ton*; total, \$2,995; Progressive Iron Works, Inc., total, \$3,360; American Architectural Iron Company, \$280, stairs only, bid irregular, no copy filed at City Auditor's office; Stahl Iron Works, \$170; total, \$3,400.

Cash Discount, Ten Days.—Progressive Iron Works, Inc., 1 per cent; American Architectural Iron Company, 2 per cent.

Net Total.—Groisser & Shlager Iron Works, \$5,500; steel stairs only; West

End Iron Works, \$2,995; no sash included; no erection included; Progressive Iron Works, Inc., \$3,326.40; Stahl Iron Works, \$3,400; stairs only furnished and erected.

Item 5, Requisition 6. One Laundry Chute, Complete as Per Plans and Specifications, Bidder Must Submit Shop Drawings with Proposal, Chute to be Delivered when Requested.—Burgess & Blacher Company, \$525; Lambert-Sawyer Company, \$515*; cash discount, ten days, 1 per cent; freight paid to destination; one standard Haslett aluminum laundry chute according to plans; see bulletin and specifications.

Item 6, Requisition 4. All Caisson Work, Including Excavating, Hauling, etc., as Per Specifications and Plans, Grade of Bottom of Bell of All Caissons to be 25 Feet Below Basement Floor of Building.—Thomas Cavanagh, \$3,450*; cash discount, ten days, 2 per cent; in the event of any unforeseen contingency which might require excavation of lesser or greater depth, bidder is requested to indicate herewith allowance per cubic yard for caisson less than 25 feet, \$7; additional per cubic yard for caisson more than 25 feet, \$14.

* Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms and contractors for furnishing supplies, appurtenances, etc. Communications from the several departments concerned were as follows:

PUBLIC LIBRARY.

December 6, 1940.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is respectfully requested to award without public advertising a contract to the Rent-A-Truck Company, Inc., 1926 Columbus avenue, Roxbury, in the amount of \$133.50 per week for the transportation of books and other materials between the Central Library and the branch libraries during the calendar year 1941.

Such permission is requested for the following reasons:

(1) The nature of the work to be performed, and particularly the fact that a substantial portion of it has to be done daily before or after the library staff in the branch libraries are on duty, makes it desirable to continue if possible without the necessity of training three new drivers into its routine.

(2) Public advertising for bids in 1937 resulted in the submission of four bids, in 1938 three bids, in 1939 two bids, and in 1940 only one bid.

(3) The Rent-A-Truck Company, Inc., has been the holder of the Contract for the last two years at the rate of \$133.50 per week and upon inquiry by the library has indicated that it would engage to render the same service at the same rate of \$133.50 per week for 1941.

(4) This company, operating either under the name of Egleston Square Auto Livery, Inc., or Rent-A-Truck Company, Inc., has held the contract for this work as the lowest eligible bidder in public advertising in five of the last eight years (1933-1940, inclusive).

(5) This company has a thorough familiarity with the work to be performed and has given satisfactory service under preceding contracts.

For these reasons it is believed that it will be to the best interest of the city

and of the library to award this contract for 1941 without public advertising for bids.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
by F. W. BUXTON, President.

PUBLIC WORKS DEPARTMENT.

December 12, 1940.

The contract for collecting and removing garbage and refuse in the Dorchester and Elm Hill districts for the current year was awarded to the firm of Coleman Brothers Corporation, 245 State street, Boston, on the basis of and as a result of bids submitted on proposals that were opened on Monday, December 18, 1939, after publicly advertising therefor.

The work of this contractor has been satisfactory in every respect, and, it is my unqualified opinion that the interests of the city would be best served by awarding a contract, without publicly advertising for bids, to the above-referenced firm for the year 1941, at the same contract price for which the work is being done this year. The contractor is agreeable to accepting a contract under such conditions and in accordance with the provisions of the contract document in effect at the present time.

This type of contract provides for the performing of work that is of vital importance to the community, in that it affects, to a certain extent, the health and well-being of the residents. This kind of contract should be awarded only to a contractor who, we would be reasonably assured, would give proper service to the public and would pay to his employees the wages as required under the provisions of the contract. The contractor referred to above has beyond a question of doubt given satisfactory service, and has, to the best of my knowledge and belief, paid his employees in accordance with the rates of wages specified in the contract document.

There would be no advantage in publicly advertising for bids, as the bid price on a contract of this type is of secondary importance. Satisfactory service to the public and the payment of the required wages to the employees are factors of primary consideration in awarding a contract of this type. We have in the contracting firm of Coleman Brothers Corporation a firm that has fulfilled the latter two important provisions in every detail and the price for which it is doing the work is fair and reasonable. As a matter of fact, the group of contractors who are doing this type of work in the various contract districts of the city at the present time are, in my opinion, performing the work more satisfactorily, with particular reference to proper service to the public, than any other group of contractors over a period of years, and it is my intention to recommend that all of them be awarded contracts for doing this work in 1941, without publicly advertising for bids, at the same contract prices that they are now receiving for the work which were received in 1939, as a result of publicly advertising for proposals.

I respectfully request your approval to the awarding of a contract to the contracting firm of Coleman Brothers Corporation, of 245 State street, Boston, for the collecting and removing of garbage and refuse in the Dorchester and Elm Hill districts, without publicly advertising for bids, for the sum of \$13,000 per month in the Dorchester district and \$1,300 per month in the Elm Hill dis-

trict, the work to be performed in accordance with the provisions of the existing contract document in effect at the present time.

GEORGE G. HYLAND,
Commissioner of Public Works.

December 12, 1940.

The contract for collecting and removing garbage and refuse in the East Boston and Charlestown districts for the current year was awarded to the firm of Edward J. McHugh & Son, of 1095 Saratoga street, East Boston, on the basis of and as a result of bids submitted on proposals that were opened on Monday, December 18, 1939, after publicly advertising therefor.

The work of this contractor has been satisfactory in every respect, and it is my unqualified opinion that the interests of the city would be best served by awarding a contract, without publicly advertising for bids, to the above-referenced firm for the year 1941, at the same contract price for which the work is being done this year. The contractor is agreeable to accepting a contract under such conditions and in accordance with the provisions of the contract document in effect at the present time.

This type of contract provides for the performing of work that is of vital importance to the community, in that it affects to a certain extent the health and well-being of the residents. This kind of contract should be awarded only to a contractor who, we would be reasonably assured, would give proper service to the public and would pay to his employees the wages as required under the provisions of the contract. The contractor referred to above has beyond a question of doubt given satisfactory service and has to the best of my knowledge and belief paid his employees in accordance with the rates of wages specified in the contract document.

There would be no advantage in publicly advertising for bids as the bid price on a contract of this type is of secondary importance. Satisfactory service to the public and the payment of the required wages to the employees are factors of primary consideration in awarding a contract of this type. We have in the contracting firm of Edward J. McHugh & Son a firm that has fulfilled the latter two important provisions in every detail and the price for which it is doing the work is fair and reasonable. As a matter of fact the group of contractors who are doing this type of work in the various contract districts of the city at the present time are in my opinion performing the work more satisfactorily with particular reference to proper service to the public, than any other group of contractors over a period of years, and it is my intention to recommend that all of them be awarded contracts for doing this work in 1941, without publicly advertising for bids, at the same contract prices that they are now receiving for the work which were received in 1939, as a result of publicly advertising for proposals.

I respectfully request your approval to the awarding of a contract to the contracting firm of Edward J. McHugh & Son of 1095 Saratoga street, East Boston, for the collecting and removing of garbage and refuse in the East Boston and Charlestown districts, without publicly advertising for bids, for the sum of \$2,899 per month in the East Boston district and \$1,499 per month in the Charlestown district, the work to be

performed in accordance with the provisions of the existing contract document in effect at the present time.

GEORGE G. HYLAND,
Commissioner of Public Works.

December 12, 1940.

The contract for collecting and removing garbage and refuse in the Hyde Park District for the current year was awarded to the firm of Thomas E. Bryan, 951 Canterbury street, Roslindale, on the basis of and as a result of bids submitted on proposals that were opened on Monday, December 18, 1939, after publicly advertising therefor.

The work of this contractor has been satisfactory in every respect, and it is my unqualified opinion that the interests of the city would be best served by awarding a contract, without publicly advertising for bids, to the above-referenced firm for the year 1941, at the same contract price for which the work is being done this year. The contractor is agreeable to accepting a contract under such conditions and in accordance with the provisions of the contract document in effect at the present time.

This type of contract provides for the performing of work that is of vital importance to the community, in that it affects, to a certain extent, the health and well-being of the residents. This kind of contract should be awarded only to a contractor who, we would be reasonably assured, would give proper service to the public and would pay to his employees the wages as required under the provisions of the contract. The contractor referred to above has beyond a question of doubt given satisfactory service, and has, to the best of my knowledge and belief, paid his employees in accordance with the rates of wages specified in the contract document.

There would be no advantage in publicly advertising for bids, as the bid price on a contract of this type is of secondary importance. Satisfactory service to the public and the payment of the required wages to the employees are factors of primary consideration in awarding a contract of this type. We have in the contracting firm of Thomas E. Bryan a firm that has fulfilled the latter two important provisions in every detail, and the price for which it is doing the work is fair and reasonable. As a matter of fact, the group of contractors who are doing this type of work in the various contract districts of the city at the present time are, in my opinion, performing the work more satisfactorily with particular reference to proper service to the public, than any other group of contractors over a period of years, and it is my intention to recommend that all of them be awarded contracts for doing this work in 1941, without publicly advertising for bids, at the same contract prices that they are now receiving for the work which were received in 1939, as a result of publicly advertising for proposals.

I respectfully request your approval to the awarding of a contract to the contracting firm of Thomas E. Bryan of 951 Canterbury street, Roslindale, for the collecting and removing of garbage and refuse in the Hyde Park District, without publicly advertising for bids, for the sum of \$849 per month, the work to be performed in accordance with the provisions of the existing contract document in effect at the present time.

GEORGE G. HYLAND,
Commissioner of Public Works.

December 12, 1940.

The contract for collecting and removing garbage and refuse in the West Roxbury district for the current year was awarded to the John J. Moore Company of 106 Child street, Jamaica Plain, on the basis of and as a result of bids submitted on proposals that were opened on Monday, December 18, 1939, after publicly advertising therefor.

The work of this contractor has been satisfactory in every respect, and it is my unqualified opinion that the interests of the city would be best served by awarding a contract, without publicly advertising for bids, to the above-referenced firm for the year 1941, at the same contract price for which the work is being done this year. The contractor is agreeable to accepting a contract under such conditions and in accordance with the provisions of the contract document in effect at the present time.

This type of contract provides for the performing of work that is of vital importance to the community, in that it affects, to a certain extent, the health and well-being of the residents. This kind of contract should be awarded only to a contractor who, we would be reasonably assured, would give proper service to the public and would pay to his employees the wages as required under the provisions of the contract. The contractor referred to above has beyond a question of doubt given satisfactory service, and has, to the best of my knowledge and belief, paid his employees in accordance with the rates of wages specified in the contract document.

There would be no advantage in publicly advertising for bids, as the bid price on a contract of this type is of secondary importance. Satisfactory service to the public and the payment of the required wages to the employees are factors of primary consideration in awarding a contract of this type. We have in the contracting firm of Anthony J. Ryan a firm that has fulfilled the latter two important provisions in every detail, and the price for which it is doing the work is fair and reasonable. As a matter of fact, the group of contractors who are doing this type of work in the various contract districts of the city at the present time are, in my opinion, performing the work more satisfactorily, with particular reference to proper service to the public, than any other group of contractors over a period of years, and it is my intention to recommend that all of them be awarded contracts for doing this work in 1941, without publicly advertising for bids, at the same contract prices that they are now receiving for the work which were received in 1939, as a result of publicly advertising for proposals.

I respectfully request your approval to the awarding of a contract to the contracting firm of Anthony J. Ryan, 942 Washington street, Dorchester, for the collecting and removing of garbage and refuse in the Brighton district, without publicly advertising for bids, for the sum of \$2,995 per month, the work to be performed in accordance with the provisions of the existing contract document in effect at the present time.

GEORGE G. HYLAND,
Commissioner of Public Works.

PITTSBURGH'S TRAFFIC SAFETY RECORD.

Pittsburgh has been adjudged the safest city in the United States in 1932, and the second safest in 1933 and 1934 among cities with populations over 500,000. Registrations in the city increased 4.4 per cent, gasoline consumption 7.7 per cent. In 1935, despite a 2.4 per cent decrease in traffic volume, adult fatalities increased 30 per cent, total fatalities 24 per cent, as compared with 1934.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, December 26:

INSTITUTIONS DEPARTMENT.

John H. Macquarrie, 57 Codman park, Roxbury, staff nurse, \$960 a year and maintenance at Long Island Hospital.

Thomas F. Gilgunn, 256 Main street, Charlestown, attendant, \$600 a year and maintenance at Long Island Hospital.

John J. Hannon, 169 Washington street, Dorchester, attendant, \$600 a year and maintenance at Long Island.

Dr. Isaac H. Schleser, Long Island Hospital, Boston Harbor, assistant resident physician, \$1,200 a year and maintenance at Long Island.

PENAL INSTITUTIONS DEPARTMENT.

James J. Hallahan, 504 Bennington street, East Boston, engineer-assistant, \$45 a week.

PRINTING DEPARTMENT.

Edward L. Buckley, 300 Marginal street, East Boston, cylinder press feeder, \$36.60 a week.

Frederick T. Barbour, 31 Montcalm avenue, Brighton, cylinder press feeder, \$36.60 a week.

REGISTRY DEPARTMENT.

Leonida E. Onofri, 15 Bennett street, Brighton, emergency typist, \$3 a day.

Rita Bell, 63 Wellesmere road, Roslindale, emergency (clerk) typist, \$3 a day.

The Mayor has approved the following promotions or adjustments in compensation:

INSTITUTIONS DEPARTMENT.

Ann Repetto, 89 Falcon street, East Boston, from staff nurse, temporary, at \$960 a year and maintenance at Long Island Hospital to staff nurse, permanent, at \$960 a year and maintenance at Long Island Hospital.

Edward P. Wood, 13 Centre court, Dorchester, from attendant, temporary, at \$600 a year and maintenance at Long Island Hospital to attendant, permanent, at \$600 a year and maintenance at Long Island Hospital.

Roy A. Wilson, 20 Gay Head street, Jamaica Plain, from engineer at \$1,800 a year to engineer and watchman at \$1,800 a year.

Eleanor Kennedy, 4 Cherokee street, Roxbury, from helper, occupational therapy, at \$600 a year and maintenance at Long Island to helper, occupational therapy, at \$900 a year and maintenance at Long Island.

The Mayor has approved the following transfers:

PUBLIC WORKS DEPARTMENT.

Gerald J. Stuart, 16 Burney street, Roxbury, from Institutions Department as deckhand at \$1,700 a year to Public Works Department (Ferry) as deckhand, permanent, at \$32.60 a week.

John J. Fagan, 24 Leyland street, Dorchester, from Institutions Department as deckhand at \$1,700 a year to Public Works Department (Ferry) as deckhand, permanent, at \$32.60 a week.

Fred W. Casey, 10 Galena street, Roxbury, from Institutions Department as inland mate at \$2,000 a year to Public Works Department (Ferry) as gateman-tollman at \$2,000 a year.

CLAIMS ALLOWED.

The Mayor, upon recommendation of the Corporation Counsel, has approved the following claims:

Martin J. Smith, 19 Harvard street, Dorchester, in the sum of \$45.25, as compensation for damage to property at above address caused when water boiler collapsed because of a leak in the water main, July 26, 1940.

Marguerite F. O'Neil, 231 Foster street, Brighton, in the sum of \$50, as compensation for personal injuries caused by defective crosswalk on Huntington avenue, at Fenwood road, April 16, 1937.

First National Stores, Inc., 5 Middlesex avenue, Somerville, in the sum of \$37, as refund on awning and sign permits for stores in various locations throughout the city which had been closed and which were included on their list through error.

George J. Gearin, 33 Lyon street, Dorchester, in the sum of \$25, as compensation for damage to property in cellar of above premises caused by leak in water meter, September 27, 1940.

Samuel Gross, 167 O street, South Boston, in the sum of \$15, as compensation for damage to property caused by backing up of sewer, October 14, 1940.

Samuel Holtzman, 124 Woodrow avenue, Dorchester, in the sum of \$85, as compensation for personal injuries caused by protruding granite block in crosswalk on Chatham row, at corner of State street, September 12, 1940.

Frances Bleden, 9 Roxton street, Dorchester, in the sum of \$75, as compensation for personal injuries caused by hole in sidewalk in front of 147A Harvard street, Dorchester, July 8, 1940.

Liggett Drug Company, Inc., 140 Brighton avenue, Allston, in the sum of \$16, as refund on renewal fee paid for marquee permit at above location, which was included in their list through error as the marquee had already been removed from this store.

Alfred J. Torpey, 875 Huntington avenue, Roxbury, in the sum of \$1.85, as reimbursement for the result of an accident which occurred on August 21, 1940, when a truck belonging to the Water Division, which he was operating, collided with car owned by one Raymond P. Foster.

William J. McCarthy, 7 Larkin street, Roxbury, in the sum of \$39.40, as reimbursement for the result of an accident which occurred on July 2, 1940, when the city compressor belonging to the Sewer Division, which he was operating, struck automobile owned by one Douglas J. McNeil.

Marilyn Sidell, 60 Nightingale street, Dorchester, in the sum of \$35, as compensation for personal injuries caused by defective curbstone on Nightingale street, corner of Wales street, May 20, 1940.

Emma Sidell, 60 Nightingale street, Dorchester, in the sum of \$90, as compensation for personal injuries caused by defective curbstone on Nightingale street, corner of Wales street, May 20, 1940.

Joseph G. P. Ashman, 26 Knowlton street, South Boston, in the sum of \$25, as compensation for personal injuries caused by hole in sidewalk in front of 26 Knowlton street, August 22, 1940.

LAND-TAKING BENEFITS IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for determining the value of the benefit, or advantage to each and every parcel of real estate, beyond the general advantage to all real estate therein from the public improvement, consisting of the laying out and construction of Halborn street, Dorchester, as a highway, from West Selden street to Delhi street, exclusive of the cost of sewerage works and exclusive of the cost of water pipes, gas pipes and their connections to be \$5,095.72, and assesses on each such parcel so benefited a proportional share of the cost of the improvement, said share not exceeding the value of the benefit heretofore estimated or herein determined, as the amounts that this Board deems just and determines should be assessed.

All the parcels of real estate which have received benefit or advantage as aforesaid, are numbered and shown on a plan in the office of the Street Laying-Out Department of said city, marked "City of Boston, Halborn Street, Dorchester, Assessment Plan, October 20, 1938, William J. Sullivan, Chief Engineer, Street Laying-Out Department." Said parcels, the supposed owner of, and the value of the benefit or advantage as so determined and the amount of said assessment for, each parcel are as follows:

No. of Parcel.	Determined Benefits.	Assessments.
1. John J. Lane.....	\$80 30	\$80 30
2. Margaret M. Dixon....	126 75	126 75

AMENDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of December 12, 1938, as amended, determining damages caused by the making of the public improvement consisting of the laying out of Newfield street, be, and the same hereby is, amended, by adding to said order the amount \$70 as an award to Albert E. Heimann and Emma T. Heimann, husband and wife, as tenants by the entirety; that the amount \$70 be, and the same hereby is, awarded to Albert E. Heimann and Emma T. Heimann, husband and wife, as tenants by the entirety, for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of June 28, 1938, as amended, determining damages caused by the making of the public improvement consisting of the laying out of Savannah avenue, be, and the same hereby is, amended, by adding to said order the amount \$15 as an award to Randolph Ross; that the amount \$15 be, and the same hereby is, awarded to Randolph Ross for the damages so sustained.

LAND-TAKING IN BRIGHTON.

The Mayor has approved the order of the Board of Street Commissioners of the City of Boston for determining the value of the benefit, or advantage to each and every parcel of real estate, beyond the general advantage to all real estate therein from the public improvement, consisting of the laying out and construction of Kilsyth terrace, Brighton, as a highway, from Kilsyth road southerly, exclusive of the cost of sewerage works and exclusive of the cost of water pipes, gas pipes and their connections to be \$2,226.47, and assesses on each such parcel so benefited a proportional share of the cost of the improvement, said share not exceeding the value of the benefit heretofore estimated or herein determined, as the amounts that this Board deems just and determines should be assessed.

All the parcels of real estate which have received benefit or advantage as aforesaid, are numbered and shown on a plan in the office of the Street Laying-Out Department of said city, marked "City of Boston, Kilsyth Terrace, Brighton, Assessment Plan, May 15, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department." Said parcels, the supposed owner of, and the value of the benefit or advantage as so determined and the amount of said assessment for, each parcel are as follows:

No. of Parcel.	Determined Benefits.	Assessments.
1. Abraham D. Grossman,	\$94 18	\$94 18
2. Bertha I. Driscoll.....	160 14	160 14
3. Arthur L. Griffin.....	205 41	205 41
4. Nellie C. Dodd.....	149 97	149 97
5. Leone P. Welch.....	124 20	124 20
6. Terrace Properties, Inc.	748 00	748 00
Total.....	\$1,481 90	\$1,481 90

ADDITIONS TO CONTRACT.

The Mayor has approved the following request of the Penal Institutions Commissioner:

BOSTON, November 26, 1940.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR SIR,—The Bethlehem Steel Company was awarded a contract on October 25, 1940, to do repairs on the steamer "Michael J. Perkins" in the sum of three thousand five hundred and eighty dollars (\$3,580).

While repairs were going on certain other items were of such an emergency nature that Capt. Matthew L. Kelly of the steamship requested that the Bethlehem Steel Company attend to them, and he assures me that the prices charged for this work is absolutely reasonable.

Subject to your permission, therefore, I request that these items listed below be allowed as an addition to the contract.

Furnish and fit seven (7) steel fireroom floor plates approximately 36 inches by 66 inches by 5/16 inch, two hundred and fifty dollars, \$250; install special switch and wiring as directed by United States Steamboat Inspection Service, in generator room, eighty dollars, \$80. Total, \$330.

Very truly yours,

JOSEPH P. DONAHOE,
Penal Institutions Commissioner.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Churchill road, West Roxbury district, as a highway, from St. Theresa avenue northeasterly, bounded and described as follows:

A highway named Churchill road is hereby laid out, from St. Theresa avenue northeasterly, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southerly by St. Theresa avenue, sixty-one and 15-100 feet; northwesterly by the northwesterly line of said Churchill road, as hereby laid out, by two measurements, two hundred sixty-one and 14-100 feet and one hundred eighty-three and 4-100 feet; northeasterly by the northeasterly line of said Churchill road, as hereby laid out, forty and 4-100 feet; and southeasterly by the southeasterly line of said Churchill road, as hereby laid out, by two measurements, one hundred eighty feet and two hundred eighteen and 20-100 feet.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days, following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on Churchill road, as laid out under this order, will receive benefit or advantage beyond the general advantage to all real estate in said city from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it, said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Churchill Road, West Roxbury, Assessment Plan, December 10, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Lot.	Amount
1. Elizabeth Whorf Hazer.....	\$62 69
2. Mary A. Lambert.....	141 24
3. Mary M. Hines.....	153 39
4. John M. Hayes, Catherine A. Hayes.....	156 48
5. John J. McCarthy, Mary A. McCarthy.....	162 26
6. Grace V. Good.....	161 88
7. Andrew J. Moranville, Nellie A. Moranville.....	175 56
8. Thomas P. Buckley.....	58 82
9. Edward J. Fitzgerald, Ruth B. Fitzgerald.....	81 80
10. Henry F. Barry.....	172 56
11. Henry T. Hartmere, Edith E. Hartmere.....	163 80
12. Mary C. Rhatigan.....	163 80
13. William J. Vaho, Frances J. Vaho.....	144 36
Total.....	\$1,799 54

Voled, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Churchill road, West Roxbury district, as a highway, from St. Theresa road northeasterly, under the order of the Board of December 12, 1940, and awards no damages therefor.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Lee street, West Roxbury district, as a highway, from Carolina avenue to McBride street, bounded and described as follows:

A highway named Lee street is hereby laid out, from Carolina avenue to McBride street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Part between Carolina avenue and Child street:

Northerly by Carolina avenue, thirty feet; easterly by the easterly line of said Lee street, as hereby laid out, three hundred twenty and 25-100 feet; southerly by Child street, thirty and 1-100 feet; westerly by the westerly line of said Lee street, as hereby laid out, three hundred twenty-one and 2-100 feet.

Part between Child street and McBride street:

Northerly by Child street, thirty and 1-100 feet; easterly by the easterly line of said Lee street, as hereby laid out, two hundred ninety and 93-100 feet; southerly by McBride street, thirty feet; and westerly by the westerly line of said Lee street, as hereby laid out, two hundred eighty-nine and 41-100 feet.

Trees or structures standing upon or affixed to the afore described land shall be removed therefrom within sixty days, following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Lee street, from Carolina avenue to McBride street, will receive benefit or advantage, beyond the general advantage to all real estate in said city from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it, said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Lee Street, West Roxbury, Assessment Plan, October 31, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Lee street, West Roxbury district, as a highway, from Carolina

avenue to McBride street, under the order of the Board of December 12, 1940, and awards no damages therefor.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Temple terrace, West Roxbury district, as a highway, from Temple street to Perham street, bounded and described as follows:

A highway named Temple terrace is hereby laid out from Temple street to Perham street and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southwesterly by Temple street, forty feet; northwesterly by the northwesterly line of said Temple terrace, as hereby laid out, two hundred forty-four and 30-100 feet; northeasterly by Perham street, forty feet; and southeasterly by the southwesterly line of said Temple terrace, as hereby laid out, two hundred forty-four and 30-100 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days, following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Temple terrace, from Temple street to Perham street, will receive benefit or advantage beyond the general advantage to all real estate in said city from the improvement herein ordered each of said lots to the amount hereinafter respectively set against it, said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Temple Terrace, West Roxbury, Assessment Plan, November 12, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

POLICE DEPARTMENT ORDERS.*General Order No. 545.*

In order to assure the closest possible degree of cooperation between the Police Department and the Department of Public Works in the matter of snow removal work, the following program has been adopted.

Every member of the department is directed to cooperate to the fullest extent with the officials, employees and agents of the Public Works Department to expedite and facilitate sanding, snow plowing and snow removal work.

Sanding and Plowing.

Icy or slippery conditions existing on roadway areas should be immediately reported to the local district paving yard. Sanding crews will be in readiness at all of the district yards designated below from 8 a. m. to 5 p. m. during the normal work day, and during all other hours of the day and night (including Sundays and holidays) when the necessity for sanding is obvious.

Streets that have not been plowed within a reasonable time after the cessation of a storm should also be reported to the local district foreman whose name follows:

DISTRICT AREA.	Telephone.	Foreman.	Yard Location.
City Proper, Back Bay, South, North and West Ends.	Ken. 7150. Line 17. Line 32. Hig. 3988. Gar. 2990.	John R. Power. Thomas J. McDonald. J. Joseph Farrell. J. Joseph Farrell.	636 Albany street. 624 Albany street. 280 Highland street. Ward street, at Halleck street (sand hopper).
East Boston.....	Eas. 0441.	Thomas A. Norton.	East Eagle street, corner Condor street.
Charlestown.....	Cha. 0942.	Joseph Malloy.	261 Rutherford avenue.
Brighton.....	Sta. 6606.	Thomas E. Burke.	160 Chestnut Hill avenue.
Jamaica Plain, West Roxbury and Roslindale.	Arn. 3150.	John F. Gilmore.	11 Child street.
Hyde Park.....	Hyd. 0143.	P. Henry Fallon.	8 Dana avenue.
South Boston.....	Hig. 6126.	Thomas F. Spellman.	101 Southampton street.
Lower Dorchester (South to Talbot avenue, Codman and Peabody squares).	Col. 0264.	Joseph F. McLean.	162 Hancock street.
Upper Dorchester (Talbot avenue and Ashmont street to Milton line).	Tal. 0640	Al. T. King.	Rear 16 Matthew street.

The reporting of slippery conditions that constitute a menace to vehicular traffic might result in *saving a life*.

Snow Removal.

Trucks engaged on snow removal work are to be given every reasonable right of way and the vehicular traffic in the vicinity of the snow dumps is to be kept moving. The deputy superintendent in charge of traffic is to assign additional traffic officers to the downtown area and particularly in the vicinity of the dumps, to control the movement of traffic during and subsequent to the termination of storms.

The principal dumping locations are as follows:

Fort Point Channel, rear of South Station.

Fort Point Channel, between Summer and Congress streets.

Abandoned North Ferry Wharf, Battery street, at Commercial street.

Charlestown High Bridge, near Keany square.

Warren Bridge, near Beverly street.

Lomasney park, Nashua street, at the Charles River Dam.

Manhole on Charles street, near Pinckney street.

Manhole on Beacon street, at Arlington street.

Harvard Bridge, Massachusetts avenue, at the Boston end of bridge.

Dover Street Bridge, near Albany street.

The failure of an owner or tenant to remove the snow from the sidewalk abutting his premises within a reasonable time after the cessation of a storm, is a violation of a city ordinance (chapter 39, section 44). The captains in charge of the various divisions are to see that this ordinance is enforced.

The throwing or plowing of snow from private property into the street areas (which includes the sidewalk and roadway areas) in the downtown district, that is, the district north of Massachusetts avenue, is also forbidden by the Revised Ordinances of 1925 (chapter 39, section 44, as amended by Ordinances of 1939, chapter 4). The principal violators of this ordinance are owners and operators of gasoline stations and parking areas. Members of the department assigned to the in-town divisions are to strictly enforce this ordinance, as its violation tends to obstruct the free movement of traffic, due to the large volumes of snow stored in the roadway areas in front of the above-mentioned gas stations and parking areas. Owners and operators are to be advised to make their own arrangements for the disposal of snow that accumulates on their premises.

Arrangements have been made with the Police Commissioner to furnish two police officers with every snow removal unit. The duty of the officers thus assigned will be to precede the unit and

1. Prevent cars from parking;
2. Contact the owners or operators of parked cars, and request them to move them;
3. Divert traffic or exclude it from sections of streets, if necessary, in order to speed up snow removal work.

The earnest cooperation of all members of the department will result in increased efficiency in handling this work, and be highly beneficial to the residents and the business men of the entire city.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 546.

The commissioner extends to all members of the department his heartiest wishes for a very Merry Christmas and a Happy New Year.

The commissioner desires that all officers be permitted to enjoy the Christmas holiday at home in so far as it can be done without impairing the efficiency of the department.

Division commanders will divide their day personnel in half so that day officers will be able to take their morning or afternoon off on Christmas Day, Wednesday, December 25, 1940.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 547.

Acting under provisions of chapter 521, Acts of 1922, as amended, creating the Contributory Retirement System, the Boston Retirement Board has notified this department that it has approved for retirement on account of accidental disability, Patrolman Harry E. Beatty, Traffic Division, who is a member of said Contributory Retirement System; such retirement to take effect at the close of business, as of Tuesday, December 31, 1940.

Wherefore, In view of this operation of law, the Police Commissioner states that on and after December 31, 1940, at the hour stated, the said Patrolman Harry E. Beatty shall no longer be an active member of this department, and it is hereby ordered that its records be so amended.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of Christmas Carol singing, vehicles are excluded from the following streets, from 6 p. m. to 10.30 p. m. on December 24, 1940:

Branch Street, Downtown Boston.

From Charles street to Spruce street.

Chestnut Street, Downtown Boston.

From Charles street to Walnut street.

Mt. Vernon Street, Downtown Boston.

From Charles street to Bowdoin street.

Pinckney Street, Downtown Boston.

From Anderson street to Charles street.

Spruce Street, Downtown Boston.

From Chestnut street to Beacon street.

Walnut Street, Downtown Boston.

From Beacon street to Mt. Vernon street.

West Cedar Street, Downtown Boston.

From Pinckney street to Chestnut street.

Willow Street, Downtown Boston.

From Chestnut street to Mt. Vernon street.

CONSTRUCTION WORK.

A sanitary sewer of 20-inch pipe (old sewer to be rebuilt) in Commercial street, 65 feet northwest of Battery street and 55 feet northwesterly, in the City Proper district, at an estimated cost of \$900.

FIRE DEPARTMENT ORDERS.

General Order No. 61.

I. RETIREMENTS.

The following retirements which will take effect at 8 a. m., Wednesday, December 18, 1940, are hereby announced for the information of the department:

Deputy Chief Thomas H. Downey of the Fire Prevention Division.

Hoseman Daniel P. Daley of Engine Company 45.

Hoseman Rupert E. Hutchinson of Engine Company 52.

Deputy Chief Downey was appointed to the department on January 7, 1898, and his promotions were as follows: to lieutenant, December 18, 1909; to captain, December 24, 1915; to district chief, February 1, 1924; to deputy chief, February 3, 1928.

Hoseman Daley was appointed to the department on September 3, 1909, and Hoseman Hutchinson was appointed on November 18, 1921.

The foregoing members leave the department with the best wishes of their associates.

II. ACTING DISTRICT CHIEF.

Capt. John J. Blakeley of Ladder Company 6 has been designated as Acting District Chief of District 15, effective as of December 9, 1940.

III. G. A. C. ASSIGNMENTS.

The following signal numbers are to be added to the running cards of the General Alarm Corporation in this department:

Signal 194, 614 Washington street (Keith-Boston Theatre). Wet System. Apparatus to respond: Engine 7, Ladder 17, District Chief 5. Nearest box is 12-1471.

Signal 195, Hayward place and Harrison Avenue Extension (Washington-Essex Building).

Signal 196, Hayward place and Washington street (Washington-Essex Building).

Signal 197, Washington and Essex streets (Washington-Essex Building).

Signal 198, Essex street and Harrison Avenue Extension (Washington-Essex Building).

All the foregoing are sprinkler systems. Apparatus to respond to foregoing signals: Engine 7, Ladder 17, District Chief 5. Nearest box is 1471.

Signal 199, Joseph P. Manning Company, 500 Atlantic avenue. Sprinkler System. Apparatus to respond: Engine 25, Ladder 8, District Chief 5. Nearest box is 1292.

IV. A. D. T. SIGNALS.

The following signal number is to be added to the running cards of the A. D. T. Company in this department:

Signal 647, Buxton Preserving Company, 716 Columbus avenue, Boston. Sprinkler System. Apparatus to respond: Engine 13, Ladder 12, District Chief 8. Nearest box is 221.

Notice has been received that the following A. D. T. signals have been discontinued and they should be eliminated from the running cards of this department:

Page 9, Box 264, Hayward place and Harrison Avenue Extension (Washington-Essex Building).

Page 9, Box 265, Hayward place and Washington street (Washington-Essex Building).

Page 9, Box 266, Washington and Essex streets (Washington-Essex Building).

Page 9, Box 267, Essex street and Harrison Avenue Extension (Washington-Essex Building).

Page 12, Box 366, 31-37 Beach street (Francis Building).

Page 15, Box 445, 409 Commercial street (Proctor & Gamble District Company).

Page 15, Box 447, Foot of Lewis street (Commonwealth Pier No. 1).

V. AMERICAN RED CROSS DONATION.

The Fire Commissioner wishes to acknowledge with thanks the receipt of \$1,042.75 from members of the department as their contribution to the annual roll call of the American Red Cross for the year 1940.

This is a substantial increase over the amount contributed to the Red Cross in 1939.

VI. COMMENDATIONS.

Hoseman Lawrence P. Burke of the Fire Prevention Division is hereby commended for extinguishing a fire in a yard at 1020 Harrison avenue, Roxbury, on December 11, 1940, while off duty.

Ladderman William J. Winn of Ladder Company 6 is hereby commended for responding to and working at fire, still alarm, 4 Mt. Pleasant place, Roxbury, at 10.33 a. m., December 7, 1940, while off duty.

By order of Fire Commissioner WILLIAM ARTHUR REILLY.

SAMUEL J. POPE,
Chief of Department.

General Order No. 62.

I. RETIREMENTS.

The following retirements which will take effect at 8 a. m., Wednesday, December 25, 1930, are hereby announced:

District Chief William H. McCorkle of District 9.

District Chief John F. Watson of District 5.

District Chief McCorkle was appointed to the department on April 17, 1896, and his promotions were as follows: To lieutenant January 4, 1907; to captain December 24, 1915; to district chief April 20, 1923.

District Chief Watson was appointed to the department on May 7, 1897, and his promotions were as follows: To lieutenant, June 9, 1909; to captain March 12, 1915; to District Chief, February 1, 1924.

Both of the foregoing officers leave the department with the best wishes of their associates.

II. RESIGNATION.

The following resignation which took effect at 8 a. m., Saturday, December 21, 1940, is hereby announced:

Assistant Operator Joseph F. O'Brien of the Fire Alarm Division.

Assistant Operator O'Brien was appointed to the department on December 21, 1923.

III. A. D. T. ASSIGNMENTS.

The following signal numbers are to be added to the running cards of the American District Telegraph Company in this department:

Signal 647, Buxton Preserving Company, 716 Columbus avenue; Apparatus to respond: Engine 13, Ladder 12, District Chief 8. Nearest box is No. 2213.

Signal 648, 89-117 Bickford street Buildings A. B and G. Nearest box is No. 14-2411.

Signal 649, 307 Centre street. Buildings, C, D and E.

Signal 651, park entrance from Walden street. Buildings F, J and K.

Signal 652, 89 Bickford street. Buildings H, I and M.

Signals 648, 649, 651 and 652 are sprinkler alarms at Thomas G. Plant Corporation, Bickford and Centre streets. Apparatus to respond to foregoing signals: Engine 14, Ladder 30, District Chief 12. Nearest box to signals 649, 651, 652, is No. 12-2411.

IV. BOSTON AUTOMATIC SIGNALS.

The following signal numbers are to be added to the running cards of the Boston Automatic Fire Alarm Company in this department:

Signal 493, building 280-286 Commercial street. Water flow.

Signal 494, building 288-292 Commercial street. water flow.

Apparatus to respond to both foregoing signals: Engine 8, Ladder 1, District Chief 4. Nearest Box is No. 1242.

V. ACTING DISTRICT CHIEFS.

Capt. Paul L. Doherty of Ladder Company 26 and Capt. William J. Nolan of Rescue Company 2 have been designated as Acting District Chiefs of District 8, effective as of December 18, 1940.

VI. CHANGE IN LOCATION OF FIRE ALARM BOX.

The location for Box 4161 is now given on assignment cards as "Bunker Hill and Carney Streets." This location should be changed to read "Bunker Hill Street, opposite Concord."

By order of Fire Commissioner WILLIAM ARTHUR REILLY.

SAMUEL J. POPE,
Chief of Department.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of sewerage construction, estimated to be thirty (30) days, vehicles are excluded from the following street, effective December 11, 1940:

Walter Street, Hyde Park.

From Pierce street to Davison street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of water main repairs, estimated to be four (4) days, the following streets are one way in the direction indicated, effective December 19, 1940:

Hereford Street.

From Boylston street to Commonwealth avenue.

Massachusetts Avenue.

From Newbury street to Boylston street.

Newbury Street.

From Hereford street to Massachusetts avenue.

TRANSFERS IN APPROPRIATIONS.

City Auditor Charles J. Fox announces the following transfers in appropriations in departments of the City of Boston, approved by his Honor the Mayor:

MAYOR'S OFFICE.

BOSTON, November 18, 1940.

FRANCIS X. LANG,
Budget Commissioner.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Mayor, Office Expenses:

From the appropriation for Available Sources (Reserve Fund), \$3,615.76, to the appropriation for C-4, Motor Vehicles, \$3,297.65; D-1, Office, \$318.11.

Respectfully,

MAURICE J. TOBIN,
Mayor.

The above transfer was made by the City Auditor with the approval of the Mayor November 20, 1940.

BOSTON, November 18, 1940.

FRANCIS X. LANG,
Budget Commissioner.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Mayor, Office Expenses:

From the appropriation for B-4, Transportation of Persons, \$514.48, to the appropriation for A-1, Permanent Employees, \$514.48.

Respectfully,

MAURICE J. TOBIN,
Mayor.

The above transfer was made by the City Auditor with the approval of the Mayor November 20, 1940.

ELECTION DEPARTMENT.

BOSTON, November 14, 1940.

FRANCIS X. LANG,
Budget Commissioner.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Election Department:

From the appropriation for Available Sources (Reserve Fund), \$11,000, to the appropriation for A-2, Temporary Employees, \$11,000.

This transfer is necessitated by the great volume of work which we have had here since June, which has made it necessary for us to keep the temporary assistant registrars employed continuously, and by the great interest in the Presidential Election which made it necessary to employ two additional election officers in each precinct of the city. Under date of August 26 we wrote his Honor the Mayor requesting an additional appropriation of \$8,035 for our A-2 item; this appropriation was not granted, and to it we have now added the amount necessary to cover the salaries of the extra election officers. Since we feel that the department would have been open to severe criticism if we had not hired extra election officers and if we did not plan to keep our temporary assistant registrars through the anticipated state-wide recount, we respectfully request your favorable consideration of this matter.

Respectfully,

WILLIAM A. MOTLEY, JR.,
Chairman.

The above transfer was made by the City Auditor with the approval of the Mayor November 20, 1940.

PENAL INSTITUTIONS DEPARTMENT (House of Correction).

BOSTON, October 23, 1940.

FRANCIS X. LANG,
Budget Commissioner.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following re-

quest for transfer within the appropriations of the Penal Institutions Department, House of Correction:

From the appropriation for Available Sources, Penal Institution, Office Expenses, A-1, Permanent Employees, \$791, to the appropriation for A-4, Unassigned, \$141; D-4, Forage and Animal, \$300; E-13, General Plant, \$350.

The amount requested in A-4 is to provide for two officers from Deer Island who are working on the Municipal Survey Board, they receive \$300 and maintenance when on the Island and are receiving cash while working with the Survey Board. (Daniel Coughlin, John Hoban.)

D-4, for forage.

E-13, to provide for purchase of valves which are urgently required for the upkeep of the heating plant.

Respectfully,

JOSEPH P. DONAHOE,
Commissioner.

The above transfer was made by the City Auditor with the approval of the Mayor November 20, 1940.

PUBLIC CELEBRATIONS.

BOSTON, November 7, 1940.

FRANCIS X. LANG,
Budget Commissioner.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Public Celebrations:

From the appropriation for Other Available Sources (Reserve Fund), \$1,500, to the appropriation for Public Celebrations, \$1,000; Conventions and Distinguished Guests, \$500.

Owing to unforeseen conventions that have come into our city this year, and received appropriations has consumed the money in the convention budget. On Public Celebrations owing to the patriotic spirit, expenditures have exceeded the appropriations.

Respectfully,

LOUIS J. BREMS,
Director.

The above transfer was made by the City Auditor with the approval of the Mayor November 20, 1940.

PUBLIC WORKS DEPARTMENT (Water Division).

BOSTON, November 8, 1940.

FRANCIS X. LANG,
Budget Commissioner.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfers within the appropriations of the Public Works Department, Water Division:

From the appropriation for C-13, \$850, to the appropriation for D-2, \$850.

From E-5, \$10,000, to B-39, \$10,000.

From E-5, \$2,300, to B-42, \$2,300.

D-2, money needed for reason of increased cost of icing fountains.

B-39, increase in general repairs expenditures, mains and services.

B-42, paving cost of Beacon street not anticipated.

In all instances, the credit item shows a balance at this time which is not in fact a surplus.

Respectfully,

GEORGE G. HYLAND,
Commissioner.

The above transfers were made by the City Auditor with the approval of the Mayor November 20, 1940.

DISTRICT COURT OF CHELSEA.

BOSTON, November 1, 1940.

FRANCIS X. LANG,
Budget Commissioner.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriation of the District Court of Chelsea:

From the appropriation for Available Sources (Granite Avenue Bridge, B-39, General Repairs), \$76; to the appropriation for C-10, Library, \$11; D-1, Office Supplies, \$65.

In C-10, library, there are two bills now outstanding one for City of Chelsea Directory, \$8; one for Massachusetts reports, \$3.

In the D-1 item, I ask for this additional amount to be used for postage. I have \$51 now outstanding and estimate the balance to be used from now to December 31, 1940.

Respectfully,

EDWARD F. CANAVAN,
Clerk of District Court of Chelsea.

The above transfer was made by the City Auditor with the approval of the Mayor November 20, 1940.

ASSESSMENTS CANCELLED.

The Mayor has approved the following order of the Board of Street Commissioners:

Whereas, An order of the Board of Street Commissioners, approved by the Mayor, December 12, 1938, and recorded in Suffolk Registry of Deeds December 15, 1938, Libro 5763, page 24, provided for the laying out and construction of LaRose place, Brighton district, as a highway, from Monastery road northwesterly; and

Whereas, The Public Works Department, under date of December 14, 1940, has informed this Board that said LaRose place was not entered for construction within two years specified by law; it is hereby

Ordered, That the assessment liens created by said order of December 12, 1938, be, and the same hereby are, cancelled.

INTERSTATE MUNICIPAL COOPERATION.

At a recent meeting in New York City a new type of interstate municipal cooperation was launched by officials of cities in New York, New Jersey, and Pennsylvania. The plan is based on direct cooperation among officials of a region on pressing problems of local government.

PARKS.

Cincinnati has one of the most beautiful park systems in the United States and the public approval of these parks is indicated by the large attendance in all the parks throughout the year.

The total area now under the control of the Park Board is 4,270 acres. Of this, the Public Recreation Commission operates approximately 1,000 acres for supervised and directed play. Important additional acreage has been acquired by the City during the year, including approximately 22 acres purchased on the south side of Columbia Parkway, and 47 acres in College Hill presented as a gift for park purposes by a civic-minded citizen.—*Cincinnati City Bulletin.*

PROCEEDINGS OF CITY COUNCIL.

Monday, December 16, 1940.

Regular meeting of the City Council in the Council Chamber, City Hall, at 2 p. m., President GALVIN in the chair. Absent, Coun. Ward.

The meeting was opened with the salute to the Flag.

ELIMINATION OF COBBLESTONES.

The following was received:

City of Boston,
Office of the Mayor, December 16, 1940.
To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works relative to your order of December 2, 1940, concerning the taking of immediate steps to eliminate all cobblestone streets in Boston and to replace them with smooth pavement, under W. P. A. construction.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
December 14, 1940.
To William T. Doyle, Chief Clerk, Mayor's Office.
From George G. Hyland, Commissioner.
Subject: Public Works Department. Replacing of Cobblestone Streets with Smooth Pavement.

I return herewith order in City Council that the Commissioner of Public Works take immediate steps to eliminate all cobblestone streets in Boston and to replace them with smooth pavement under W. P. A. construction.

I regret to advise that an undertaking of this order would be too great to consider at this time. Further, all cobblestone streets do not need resurfacing. When it is necessary to reconstruct this type of street the cobblestones are replaced with smooth pavement.

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

ARC LIGHT, MAHLER STREET.

The following was received.

City of Boston,
Office of the Mayor, December 16, 1940.
To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works relative to your order of November 18, 1940, concerning the installation of an electric arc light on Mahler street, Ward 19, to light the way to the election booth located on that street.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
December 13, 1940.
To William T. Doyle, Chief Clerk, Mayor's Office.
From George G. Hyland, Commissioner, Public Works Department.

Subject: Electric Light on Mahler Street, Ward 19.
I return herewith order in City Council that the Commissioner of Public Works install an electric arc light on Mahler street, Ward 19, to light the way to the election booth located on that street.
I regret to advise you that at the present time there are no funds available in the budget for the installation of this light.

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

"STOP" SIGNS, WARD 10.

The following was received:

City of Boston,
Office of the Mayor, December 16, 1940.
To the City Council.

Gentlemen,—I transmit herewith communication from the Traffic Commissioner relative to your order of November 25, 1940, concerning the installation of "Stop" signs at the junction of Lamartine and Mozart streets, Ward 10.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Traffic Commission, December 12, 1940.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,—I am in receipt of Council order dated November 25, 1940, which reads as follows: "Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install 'Stop' signs at the junction of Lamartine and Mozart streets, Ward 10."

Our experience with "Stop" signs in locations comparable to this one has been very unsatisfactory.

We have noted that in every case where these signs have been installed motorists who habitually

use the main street become aware of the fact that motorists entering from the side street are supposed to stop before proceeding through the intersection and, consequently, drive past the intersection at higher rates of speed than obtained previous to the erection of the sign.

This practise has invariably resulted in increasing the number of accidents occurring at these intersections. It is our opinion, therefore, that "Stop" signs should not be erected in the intersection of Lamartine and Mozart streets.

Respectfully yours,

WILLIAM P. HICKEY, Commissioner.
Placed on file.

"STOP" SIGN, WARD 21.

The following was received:

City of Boston,
Office of the Mayor, December 16, 1940.
To the City Council.

Gentlemen,—I transmit herewith communication from the Traffic Commissioner relative to your order of November 18, 1940, concerning the installation of a traffic stop sign at Gordon and Cambridge streets, Ward 21.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Traffic Commission, December 12, 1940.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,—This is in reply to Council order dated November 18, 1940, which reads as follows: "Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to install a traffic 'Stop' sign at Gordon and Cambridge streets, Ward 21."

Our experience with "Stop" signs in locations comparable to this one has been very unsatisfactory.

We have noted that in every case where these signs have been installed motorists who habitually use the main street become aware of the fact that motorists entering from the side street are supposed to stop before proceeding through the intersection and, consequently, drive past the intersection at higher rates of speed than obtained previous to the erection of the sign.

This practise has invariably resulted in increasing the number of accidents occurring at these intersections. It is our opinion, therefore, that "Stop" signs should not be erected in the intersection of Cambridge and Gordon streets.

Respectfully yours,

WILLIAM P. HICKEY, Commissioner.
Placed on file.

SURVEY OF TRAFFIC LIGHTS.

The following was received:

City of Boston,
Office of the Mayor, December 16, 1940.
To the City Council.

Gentlemen,—I transmit herewith communication from the Traffic Commissioner relative to your order of November 18, 1940, concerning the making of a survey of the traffic light system from Kenmore square to Cleveland Circle, on Commonwealth avenue, and from Brighton avenue to Union square to determine the possibility of improving same.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Traffic Commission, December 11, 1940.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,—I have received the following Council order, dated November 18, 1940:

"Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to make a survey of the traffic light systems from Kenmore square to Cleveland Circle, on Commonwealth avenue, and from Brighton avenue to Union square to determine the possibility of improving same."

Our traffic signals are checked frequently and changes are made from time to time in accordance with any changes in the traffic flow.

We would be happy to consider any specific suggestions for improvements in the method of operation of any or all of the traffic signals in these areas.

Respectfully yours,

WILLIAM P. HICKEY, Commissioner.
Placed on file.

TRAFFIC CONDITIONS, BRIGHAM CIRCLE.

The following was received:

City of Boston,
Office of the Mayor, December 16, 1940.
To the City Council.

Gentlemen,—I transmit herewith communication from the Traffic Commissioner relative to your order of December 2, 1940, concerning the making of an immediate survey of traffic conditions at Brigham Circle, Ward 10, with a view to determining some means for the protection of pedestrians.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Traffic Commission, December 12, 1940.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,—I am in receipt of Council order dated December 2, 1940, which reads as follows:

"Ordered, That the Commissioner of Public Works, Traffic Commission and Transit Commission be requested, through his Honor the Mayor, to make an immediate survey of traffic conditions at Brigham Circle, Ward 10, with a view to determining some means for the protection of pedestrians."

I have ordered the engineers of this commission to make a survey at Brigham Circle with a view of installing channelizing islands within the intersection and possibly of signaling same.

Respectfully yours,

WILLIAM P. HICKEY, Commissioner.
Placed on file.

SUPERVISION OF MILK SALES, BOSTON SCHOOLS.

The following was received:

City of Boston,
Office of the Mayor, December 16, 1940.
To the City Council.

Gentlemen,—I transmit herewith communication from the Secretary of the School Committee relative to your order of October 28, 1940, concerning the consideration of undertaking full supervision of the sale of milk and milk products in the Boston schools.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
School Committee, December 11, 1940.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,—At a meeting of the City Council on October 28, 1940, an order was passed requesting your Honor to confer with the members of the School Committee "to request them to consider the advisability of undertaking full supervision of the sale of milk and milk products in the Boston schools."

The Committee understands that in the discussion concerning the order reference was made to the furnishing of skim milk in a chocolate beverage which is sold in some of the schools.

After careful investigation, the Committee finds that no chocolate beverage with skim milk as a base is served in any of the elementary schools of the city. The same is true of the cafeterias in the intermediate and high schools—those operated by the Women's Educational and Industrial Union and those operated by the School Committee. In the nutrition classes no chocolate beverage with skim milk is served.

It was found that in one or two of the smaller lunch rooms, a chocolate drink with skim milk base had been served but that particular chocolate drink has been discontinued and only whole milk or chocolate milk with whole milk as a base now is served.

Reference is made in the City Council order to "full supervision of the sale of milk and milk products." The School Committee would respectfully report that there is and has been supervision of such sale. The Committee now has under consideration a plan which probably will mean closer supervision of all cafeteria service.

Respectfully yours,
ELLEN M. CRONIN, Secretary.

Placed on file.

RENOVATION OF JOHNSON MEMORIAL.

The following was received:

City of Boston,
Office of the Mayor, December 16, 1940.
To the City Council.

Gentlemen,—I transmit herewith communication from the chairman of the Art Commission relative to your order of November 18, 1940, concerning the arranging for a thorough cleaning of the Johnson Memorial at the entrance to the Fenway and also to arrange for the replacement of the missing baluster in balustrade of said memorial.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Art Commission, December 12, 1940.
To Office of the Mayor.
Subject: City Council Order of November 18, 1940.

Action.
Estimates have been obtained and we are requesting the additional sum of \$435 to budget Item B, 39, for repairs demanded to Johnson Memorial Gates at the Westland entrance to the Fenway.

ROBERT P. BELLOWES, Chairman.

Placed on file.

BUS LINE, OLD HARBOR VILLAGE.
The following was received:
City of Boston,
Office of the Mayor, December 16, 1940.
To the City Council.
Gentlemen,—I transmit herewith communication from the President and General Manager of the Boston Elevated Railway Company relative to your order of November 18, 1940, concerning the advisability of establishing a bus line from Old Harbor Village, South Boston, to either the Andrew Square or Columbia Stations.
Respectfully,
MAURICE J. TOBIN, Mayor.
Boston Elevated Railway,
December 12, 1940.

Mr. William T. Doyle,
Chief Clerk, Mayor's Office.
Dear Sir,—The trustees considered at their meeting yesterday the order of the City Council received with your letter of November 29 concerning the advisability of establishing a bus line from Old Harbor Village, South Boston, to either the Andrew Square or Columbia Stations.
Old Harbor Village lies between these two stations and it is less than 0.4 of a mile from the center of the village to either station. There is also a bus line which operates via Dorchester avenue to Andrew Square Station, with a stopping place at Kemp street, but it is used by comparatively few of those living at the village. Under these circumstances the trustees do not feel that additional bus service would be self-supporting and its operation would add to the deficit.
Very truly yours,
EDWARD DANA,
President and General Manager.
Placed on file.

APPOINTMENTS BY THE MAYOR.
Subject to confirmation by the Council, the Mayor submitted the following appointments, viz.:
Weigher of Goods: William F. Heavey, 37 Cabot street, East Milton, Mass.
Weighers of Coal: Patrick Shanahan, 112 Sawyer avenue, Dorchester, Mass.; Edna Levine, 14 Hildreth street, Dorchester, Mass.
Severally laid over a week under the law.

SIDEWALK REPAIRS, CLEVELAND CIRCLE.
The following was received:
City of Boston,
Office of the Mayor, December 16, 1940.
To the City Council.
Gentlemen,—I transmit herewith communication from the chairman of the Park Department relative to your order of December 2, 1940, concerning the immediate repairs on the sidewalks around the Cleveland Circle Playground.
Respectfully,
MAURICE J. TOBIN, Mayor.
City of Boston,
Park Department, December 13, 1940.
William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of December 6 with inclosure, order of the City Council that the Park Commission be requested to make immediate repairs on the sidewalks around the Cleveland Circle Playground.
Upon investigation I find that the sidewalk around the circle is in good condition, also the sidewalk on Beacon street near the pumping station is in good condition, both walks being made of concrete. Between the sidewalk in front of the pumping station and the walk around the circle is a sidewalk constructed of crushed stone and gravel. Naturally at certain periods of the year this type of walk becomes soft and soggy.
There is no doubt that since the opening of the new theater the walk on Beacon street adjacent to the playground must be used extensively, and at this time of year with prevailing snow and wet conditions a gravel walk is not ideal.
I will prepare a project to have a concrete walk constructed at this point.
Very truly yours,
WILLIAM P. LONG, Chairman.
Placed on file.

MARKER FOR SITE OF FIRST SCHOOL FOR BLIND.
The following was received:
City of Boston,
Office of the Mayor, December 16, 1940.
To the City Council.
Gentlemen,—In conformity with the order of the City Council adopted at the meeting of September 9, I am pleased to submit herewith an order for the appropriation of \$645 from the income of the Phillips Street Fund, for the purpose of erecting a permanent marker on the South Boston Municipal Building designating the original site of the first School for the Blind.
I am informed that there is sufficient income available in the Phillips Street Fund for this purpose and I am heartily in favor of the proposal

to erect a suitable marker to commemorate the founding of the first school for this very worthy purpose.
I respectfully recommend passage of the accompanying order.
Respectfully,
MAURICE J. TOBIN, Mayor.
Ordered, That the sum of \$645 be, and the same hereby is, appropriated, to be expended under the direction of the Art Department, for the erection of a permanent marker to be placed on the South Boston Municipal Building designating the original site of the first School for the Blind, said amount to be charged to the income of the Phillips Street Fund.
Referred to the Executive Committee.

APPROPRIATION FOR ADDITIONAL ARMORY EXPENSES.
The following was received:
City of Boston,
Office of the Mayor, December 16, 1940.
To the City Council.
Gentlemen,—Under the provisions of section 31 of chapter 33 of the General Laws, the Commonwealth reimburses cities and towns for payments made from municipal funds for the rent and maintenance of armories other than those provided by the State. This year the amount again paid to Boston for this purpose has been increased \$7,000. It now develops that this increase was made for the purpose of meeting additional rental and maintenance expenses at the armory located at the corner of Arlington street and Columbus avenue, occasioned by the expansion under War Department orders of the militia detachment stationed therein. The Superintendent of Public Buildings has received a bill for these additional charges, but before payment may be made it is necessary that an appropriation be provided. I submit herewith an order providing for an appropriation to meet this expense, said appropriation to be met from the additional payment already received from the Commonwealth.
Respectfully,
MAURICE J. TOBIN, Mayor.

Ordered, That the sum of \$7,000 be, and the same hereby is, appropriated, from the income received from the Commonwealth under the provisions of section 31 of chapter 33 of the General Laws, said sum to be expended for the following purpose:
Public Buildings Department.
F. Special Items..... \$7,000
Referred to Executive Committee.
APPROVAL OF LOAN OF \$325,000.
Notice was received from the Emergency Finance Board of vote passed December 11, 1940, approving loan of \$325,000 for Public Works Department and Public Welfare Department.
Placed on file.
APPROVAL OF TAX TITLE LOAN.
Notice was received from the Emergency Finance Board of vote passed December 11, 1940, approving tax title loan of \$2,000,000 for payment of outstanding revenue loans.
Placed on file.

PETITIONS REFERRED.
The following petitions were received and referred to the committees named, viz.:
Claims.
Joseph Betty, to be reimbursed for damage to property at 29 Vinton street.
Rita Bissonnette, for compensation for injuries caused by an alleged defect at Asylum street and Washington street.
Frank S. Bonney, for compensation for injuries caused by an alleged defect in Irvington street.
Timothy P. Callahan, to be reimbursed for accident which occurred in performance of duty.
Charles V. Campbell, to be reimbursed for execution issued against him.
Louis DeMaggion, for refund on awning license.
Economy Glass Service, for rebate on sign permit.
Louis Fiorentino, for compensation for damage to car caused by ball thrown from park, Medford and Chelsea streets.
Charles L. Fowler, Jr., for compensation for injuries caused by city motor vehicle.
Anna L. Lappin, for compensation for injuries caused by an alleged defect at 55 Summer street.
Arthur E. Mayo, to be reimbursed for execution issued against him.
Anna A. Pray, for compensation for injuries and damage to clothing, caused by alleged defect at 140 and 142 Portland street.
Catherine F. Quigley, for compensation for injuries caused by an alleged defect in Quincy street.

Mary A. Rossetti, for compensation for damage to car caused by an alleged defect in Washington street.
B. G. Saunders, for compensation for injuries caused by an alleged defect at 41 Friend street.
Marie Sisto, for compensation for injuries caused by an alleged defect in City Hall Annex.
Carrie Spencer, for compensation for injuries caused by an alleged defect in Winter street.
Stephen Kaminski, for compensation for injuries caused by police car.

COMMENDATION OF ELECTION COMMISSION.
Coun. CHASE offered the following:
Resolved, That the Boston City Council, in regular meeting assembled, desires to commend the Boston Election Commission, the regular employees of the Election Department and the precinct officers for the splendid work done in the counting and tabulation of votes cast in the recent state election; and be it further
Resolved, That a copy of this resolution be sent to the Boston Election Commissioners.
Coun. CHASE—Mr. President, as I understand it, the recount which was conducted in Boston of votes cast in the gubernatorial election was finished this afternoon, resulting in a net change of 422 votes out of a total vote of 348,000. That was the total change, 422, out of that large number of 348,000 votes. To my way of thinking, such a small change as shown by a recount is most remarkable, and I am amazed that the precinct officers, with the pressure under which they worked, made such a fine record on election day. It is particularly remarkable when you consider that they worked from eight o'clock in the morning until eight at night in receiving the votes, and that they were occupied in counting the votes until six or seven o'clock in the morning. It must have been, of course, quite a strain on the precinct officers in Boston, and the fact that they made such an accurate count is most amazing and is certainly deserving of commendation. I have, therefore, introduced this resolution commending the Election Commissioners, the employees of the department and the precinct officers for their splendid work in the counting and tabulation of votes cast in the recent state election. I believe their work is certainly deserving of commendation.
The resolutions were passed under suspension of the rule.

ANTI BIRTH CONTROL RESOLUTION.
Coun. GOODE and FISH offered the following:
Whereas, A petition to sanction the practice of birth control under legal status is now in circulation throughout the Commonwealth; and
Whereas, This petition is a vicious attempt to encroach upon the family life and personal liberties of the people of our Commonwealth; and
Whereas, This proposed legislation offends every normal sense of decency; and
Whereas, Every God-fearing individual and group has, in the past, gone on record as opposed to this practice; therefore be it
Resolved, That the City Council of Boston hereby records its opposition to the enactment of any legislation during the incoming session of the Massachusetts Legislature which has for its purpose the legalizing or the distribution of contraceptive information, implements or other aids to birth control.
Coun. GOODE—Mr. President, as at the present time there is being circulated throughout the Commonwealth an initiative petition asking the Legislature to enact legislation which, in plain language, would legalize birth control, I have introduced this resolution. The right to petition is the greatest privilege we, as American citizens have. It was something recognized by the fathers of this democratic country and incorporated into the original Bill of Rights of the Constitution of these United States. At the present time an initiative petition, in plain language a petition to legalize birth control, is being circulated among the electorate of our Commonwealth. Under Article 48 (XLVIII) of the amendments to the Constitution of the Commonwealth this petition will have to be acted on by the Legislature before the first Wednesday of June, 1941. If this petition is rejected by the Legislature regardless of whether action is taken or not the sponsors may have the question placed on the ballot at the next state election by securing 5,000 additional signatures and filing these before the first Wednesday of August, 1941. It may be the opinion of the sponsors that this petition is so designed as to protect morality and marital security, but this is not so. I realize that support of this petition does not imply support of either the methods or philosophy of birth control. It means only the support of the principle, but the principle is wrong. It is doing evil to end evil. If the present statute which makes it a crime punishable by fine or imprisonment to advertise or publish birth control information is repealed or amended then we will see a return of pre-miscellaneous contraceptive information, spread throughout our city and state. We will see the return of the birth control clinics recently outlawed by the Massachusetts Supreme Court. If the present statute which makes it a crime

punishable by fine or imprisonment to give away, exhibit, offer or advertise any drug, medicine, instrument or other article for the prevention of conception, is repealed or amended, then we will see more laws favoring birth control, more bootleg dealers in contraceptives, more and more illegal practitioners. The present law in Massachusetts as it now stands is a credit to a state which has often set the pattern for other states to follow morally, intellectually and culturally. This law was made not because any particular church group opposed it. The real opposition is founded on grounds independent of any religious group. Contraceptive birth control is out of harmony with human nature and intrinsically wrong and forbidden by natural law. I realize that this petition is signed by some outstanding medical men, but medical men do not make the laws of healthful living, but study human life, analyze it and then tell us the laws of health written in human nature. Doctor Arthur Vernon Davies of England, before the English House of Commons, recently said that "competent medical opinion in this country is overwhelmingly against birth control." To conclude, may I suggest publicly to the Birth Control Leagues and to those groups of undomesticated club women preaching birth control that they immediately discontinue their untimely activities. That they band together immediately during this Christmas season and turn over all lecture halls, their organization and other facilities to the American Red Cross in one real great humanitarian effort to succor the embittered, shattered, hungry and debilitated mothers in war-torn Europe.

Coun. RUSSO—Mr. President, I wholeheartedly agree with the councilor in his order. There seems to be certain people in our city and in our state who are not only encouraging boys in running around loose in the streets but who are also advocating such un-Christian practices as the control of birth. They seem to be trying to preach disregard of the functions and principles established by God, our Supreme Father, of God who made man in His image, and they are trying to encourage and to teach birth control and other subversive things in our community. They are deliberately flying in the face of our Supreme Ruler, the invisible God, who could extend His hand and strike us all to earth in a second, but who still allows such thoughts of mankind to go on. As an employer has to make an accounting of his business at the end of a year, so each one of us has to render his accounting to God. This is certainly one of the things of which we should take cognizance, and upon which we should act. I therefore hope that this resolution against birth control will be adopted unanimously by the City Council.

Coun. CAREY—Mr. President, I personally would like to commend the sponsors of the resolution. I think it is a mighty fine thing for the City Council to act in such a manner when a petition of this sort is being circulated throughout the state for presentation to the Legislature. I am wholeheartedly against the dissemination of such information, and I trust that the resolution will be unanimously passed.

Coun. M. H. SULLIVAN—Mr. President, I want to commend the councilors from Wards 16 and 18 for presenting such a resolution at this time in the Body with such a vital issue confronting the people of the state. I think the sentiment of this Body should be heard upon such a vital matter. I realize that it is a matter for the Legislature to consider and act upon, but I believe every member of the Council has the right and duty to state his opposition to the passage of such legislation at the present time. Whenever such action is proposed, I believe every Christian should take a stand in definite opposition to it, and that we should make an active and vigorous fight against it.

The resolution was passed under suspension of the rule.

HEALTH UNIT, WARD 15.

Coun. KELLY offered the following:

Ordered, That the trustees of the George Robert White Fund be requested, through his Honor the Mayor, to establish a Health Unit in the Ward 15 section of Dorchester.

Coun. KELLY—Mr. President, I read in the newspapers the other day that the trustees of the George Robert White Fund are being urged to buy a big art collection; that a group of Greater Boston citizens, including art authorities, educators, clergymen and civic leaders, have petitioned the trustees to purchase for Boston the Abbaye, a collection of eleventh and twelfth century religious sculpture and architecture. There is, I understand, a collection of 700 pieces assembled by the late George Grey Barnard, sculptor and art connoisseur, considered the finest of the kind in the Western Hemisphere. While this is undoubtedly a very worthy object, I think there is a question of whether it comes within the provisions of the will of George Robert White. There can certainly be no doubt that the establishment of health units would come within the provisions of the will, and that they would make a very fine addition to our Boston activities, in the interest of the health and welfare of our citizens. I understand that the trustees are to meet very soon, and I have, therefore, introduced this order asking them to establish

a health unit in the Ward 15 section of Dorchester. I ask that the newspaper article be incorporated in our record.

(The newspaper article referred to is as follows:

"WHITE FUND TRUSTEES URGED TO BUY BIG ART COLLECTION."

"A group of Greater Boston citizens, including art authorities, educators, clergymen and civic leaders, have petitioned the trustees of the George Robert White Fund to purchase for Boston, the Abbaye, a collection of the 11th and 12th century religious sculpture and architecture.

"The collection of 700 pieces was assembled by the late George Grey Barnard, sculptor and art connoisseur, and is considered the finest of its kind in the Western Hemisphere. The Boston group seeking the collection says that steps to effect the purchase of the Abbaye as a unit must be made before next Monday as the pieces will then be sold separately to settle the Barnard estate.

"Provided for in Will."

"Reliable legal opinion, the petitioners also say, believes that the project comes within the provisions of the White will, which stipulates that the income of the fund be used for important civic improvements which Boston does not possess and which are not joint undertakings.

"The plans of the Boston group call for the removal of the collection from the chapel-like building in New York that first housed the Cloisters, Barnard's collection of Renaissance sculpture, which John D. Rockefeller, Jr., purchased for the Metropolitan Museum of Art in 1925. Its proposed Boston home would be erected on city-owned land on Muddy river in the Fenway, west of the reflecting pool.

"Included in the collection are a tabernacle valued at \$125,000, similar to the one in the Cathedral of Chartres; an extended Gothic wooden roof 140 feet long, a frescoed 15th century ceiling painted by a pupil of Leonardo da Vinci, the only 6th century cloister in America, complete with all plinths, columns, etc., from Toulouse; a 14-foot wide Triptych, a great oak crucifix, and a rare figure of the Ecce Homo Christ. The collection also includes a recumbent knight, several madonnas, carved capitals, arches and stained-glass windows.

"Petition Trustees."

"Among citizens of greater Boston who have petitioned the White Fund Trustees for the purchase of the Abbaye are:

"Ralph Adams Cram, authority on mediaeval art; Dr. William Emerson, architect; Dr. Kenneth J. Conant, professor of architecture at Harvard; the Rev. Michael J. Ahern, S. J., president of Weston College; the Rev. William J. Murphy, S. J., president of Boston College; Dr. Daniel L. Marsh, president of Boston University; Dr. Ada L. Comstock, president of Radcliffe College; Dr. Bancroft Beatley, president of Simmons; Dr. Harlow Shapley, director of the Harvard Observatory; Mrs. Alexander Steinert, president of the Women's City Club; Mrs. Vincent Greene, president of the League of Catholic Women; Miss Beatrice Woodman, president of the College Club; Dr. Henry Lefavour, president-emeritus of Simmons College; Mrs. Charles Burton Gulick, president of the Women's Republican Club; Dr. Siraprie Der-Nersessian, chairman of the art department, Wellesley College; Prof. W. Alexander Campbell, M. F. A., archeologist at Wellesley College; Milton E. Lord, director, Boston Public Library.

"Among other petitioners are Joseph H. Soliday, E. Sohler Welch, Justice Stanley E. Qua, Ralph Barton Perry, Benedict Fitzgerald, the Rev. Phillips Endecott Osgood, the Rev. Palfrey Perkins, the Rev. Russell H. Stafford, Mr. and Mrs. Gorham Brooks, Mrs. Fiske Warren, Judge Frank Leveroni, Jerome D. Greene, Mrs. James J. Storror, Sr., Samuel Codman, the Rev. John M. McCann, William James, Mark A. DeWolfe Howe, the Misses Frances, Harriet and Isabella Curtis, David Cheever, M. D., former Judge Kenneth Johnson, Mrs. Carl Dreyfus, MacFie Campbell, M. D., and Charles Collins, architect for 'The Cloisters.'")

Coun. TAYLOR—Mr. President, I am heartily in accord with Councilor Kelly's order, particularly after the opportunity that the Council was given to see the other day moving pictures in this chamber, shown by the Health Nursing Association of the Health Department of the City of Boston. These moving pictures and the lecture with them were very illuminating as showing the good work now being performed by the Health Department, particularly in so far as health units are concerned. I feel that those at that particular meeting, irrespective as to whether the money in the fund could be provided for the purchase of these art objects were all convinced from the pictures shown to us, that the money could not be better spent than upon these health units. With such wonderful work along tuberculosis and other lines, as was shown, work now being done and that can be very much added to, I am sure that the members of the Council present were convinced, and I feel that the trustees themselves, as represented by our President on that day, will be convinced, that this money should be spent, not for museum pieces, statues or otherwise, but for more health units in the City of Boston.

Coun. GOTTLEB—Mr. President, I am greatly pleased that the councilor from Ward 12

(Coun. Taylor) shows such enthusiasm for the order introduced by the councilor from Ward 15 (Coun. Kelly). The councilors from Wards 12 and 15 represent districts which are not dissimilar to the district I represent, where many people are engaged in so-called occupational trades and where men and women work in closed shops, with poor ventilation, and live in homes where they receive very little attention so far as their health needs are concerned. This order brings to my mind a mass meeting held in this very chamber not very long ago where the George Robert White Fund Trustees obtained the opinion of representatives of the public as to what the money provided under the will of George Robert White should be expended for, in accordance with the provisions of the will, whether for purposes of utility or beauty. I believe the opinions of the public as expressed at that meeting showed very clearly that, generally speaking, not a single penny of money from the George Robert White Fund should be spent for the purchase of art objects or for building an art museum, so long as one child in the City of Boston was not receiving proper health aid and attention. I know that there are children in Boston today—and I do not refer simply to my own ward, but to many wards of the city—where the people are badly in need of medical care and attention, there being many cases of children who cannot be taken by their mothers to the central hospital, but who do seriously need medical care, and who might well be taken to so-called health units or clinics established in various parts of the city. Why not have more of these baby clinics and White health units than there are at the present time? For example, dental units where people can have their teeth looked after, it being generally recognized that the care of the teeth has such an important bearing on health; where mothers in need of pre-natal care and protection can go from their homes and receive necessary and vital attention? I feel that there is great need of health centers, baby clinics, things of that kind, and I am so expressing myself because it is a matter very dear to me; and I would impress on the Body the fact that there is a definite connection between our Boston City Hospital and the health clinics. I strongly believe that money spent for these health units will lead to a lessened cost of the Boston City Hospital, probably with the result that there will be no greater cost to the City of Boston, and that the people will be far healthier if we provide these units. I sincerely hope that before 1940 passes away, his Honor the Mayor will see fit to sit down with the trustees of the George Robert White Fund and perhaps pioneer in this field of preventive medicine.

Coun. HUTCHINSON—Mr. President, in my section also the need for a health unit is great. We certainly found out through the motion pictures that were furnished by the Health Department that that is one of the biggest fields for intelligent effort and work that can be provided in any city. We were informed also that a health unit costs only \$20,000 a year to maintain. With these facts before us I don't see why the trustees should not go ahead and put in such a health unit as is proposed in Dorchester, and possibly these other sections of our city. It will help the children and their mothers, and will help other people also, and it is certainly time that they had one out there in Ward 15.

Coun. WICKES—Mr. President, I want to go on record, as the councilor from Ward 17, as favoring such a health unit as this order proposes. We have a health service in Ward 17, and I know something about the work it performs. It is in Codman square, and they are taking care of babies. Every week you see a great many mothers taking their babies there of an afternoon, and I have had frequent occasion to see what is going on there. For a quarter of a mile you will see mothers, rain or shine, with their baby carriages, from Codman square to Norfolk street, going there and waiting for treatment. I have been asking for further facilities along the same line, but have not got them yet. But the people of Dorchester, within easy reach of that unit, are certainly going there and taking advantage of it. It was some time, however, before the people of Dorchester got this unit. About the time of my election I had been trying to have something done, but was told that there was no money. Shortly afterward my father was killed near the same spot, and then it was put in. Of course, the taxpayers' league, or whatever it may be called, is always against this sort of thing, and against lights, in fact, a great many things that the people really need. So I trust that we will have some of these health units in Dorchester, including another one in Ward 17, and I just want to go on record today as saying that I expect both of these next year. I hope the Honorable Body, when I put the order in for the fourth time, will vote in favor of it. I know that a number of members of the Council feel that we should have this, and the people of Dorchester say that we should have it, but somebody has previously said that we should not have it. I trust that the Council will vote unanimously in favor of this and other health units in different parts of the city. I don't care where the money comes from, whether from the George Robert White Fund or through W. P. A., but I do trust that we will have them as soon as possible.

The order was passed under suspension of the rule.

SHUTTING OFF WATER.

Coun. GOTTlieb offered the following:
 Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to investigate the shutting off of water for 1940 bills without sufficient notice.
 Passed under suspension of the rule.

HON. DAVID M. OWENS, LEGISLATIVE AGENT.

Coun. D. F. SULLIVAN—Mr. President, I wish at this time to compliment his Honor, Mayor Maurice J. Tobin, for appointing the Honorable David M. Owens of Ward 9 to the position of Legislative Agent for the City of Boston. The citizens of Ward 9 join with me in indorsing this well-merited appointment. David M. Owens represents the type of person living in Ward 9. His scholastic record at Boston Latin School, Harvard College and Harvard Law School are the highest. His legal and legislative experience mark him as ably qualified to represent the city's interest at the State House. In honoring David M. Owens the Mayor has not only honored Ward 9, but has brought credit to himself throughout the City of Boston.

PAYMENT IN ADVANCE OF CHRISTMAS.

Coun. D. F. SULLIVAN offered the following:
 Ordered, That the Director of Public Welfare be instructed, through his Honor the Mayor, to pay all recipients of Welfare, Aid to Dependent Children and Old Age Assistance before Christmas; and be it further

Ordered, That the City Treasurer, through his Honor the Mayor, be instructed to pay all regular municipal employees before the Christmas holidays.
 Passed under suspension of the rule.

APPROPRIATION FOR SOCIAL LAW LIBRARY.

Coun. TAYLOR offered the following:
 Ordered, That there be allowed and paid to the proprietors of the Social Law Library the sum of one thousand dollars (\$1,000) for the maintenance and enlargement of said library, said sum to be charged to the appropriation for County of Suffolk, Social Law Library.

Coun. TAYLOR—Mr. President, this is a customary order, passed every year. The appropriation has already been made. Other counties do the same thing, so far as their libraries are concerned, and the City of Boston has done it for many years, for the purpose of keeping up the Social Law Library of Suffolk County.

The order was passed under suspension of the rule.

NOTIFICATION TO COUNCIL OF LIQUOR LICENSE HEARINGS.

Coun. COFFEY offered the following:
 Ordered, That the Boston Licensing Board be requested, through his Honor the Mayor, to comply with the request contained in the City Council order of May 6, 1940, with reference to notifying members of the City Council of all hearings to be held by said Board on applications for liquor licenses in their respective districts.

Coun. COFFEY—Mr. President, on May 6 this Council passed an order requesting the Licensing Board to notify members of the Council of any hearings to be held on the granting of licenses in their respective districts. As I say, that order was adopted. Every newspaper in my district came out with the story last week that the Orient Heights section, one of the nicest sections of the City of Boston, although now known as "Rum Row,"—which has already had twelve liquor licenses granted within a radius of 500 yards,—is now to have a thirteenth license granted. In that very vicinity is one convent, one Catholic school, three public schools and three churches, and still, as I say, within the past week the Licensing Board have granted a thirteenth license in that very vicinity. Of course, I was not notified about it and did not know about it until the license was granted and the place prepared to open. Some time ago I went before the Licensing Board and opposed a license they had granted to a man who had been a bootlegger, a convicted dope peddler, who was an alien and involved in a \$50,000 robbery. Still, Miss Driscoll and the members of that Board saw fit to grant the license. Only last week Miss Driscoll chastised a member of the Legislature for appearing against a Sunday license for a restaurant, after criticism based on the fact that an investigation showed that it was a haven for a number pool racket and all that sort of thing. Still, after that she went ahead and granted the license. I think if the members of the Council were notified in regard to hearings coming before the Board on applications for liquor licenses in their respective districts, they would be of a good deal of help in the matter, because they would be familiar with the abuses, with what was carried on in such places, and their

assistance in the matter would be very helpful where somebody was trying to put something over. I think 50 per cent or better of the men who have obtained liquor licenses from the Board have been bootleggers, convicted dope peddlers, or aliens. When prohibition went out, these licenses for liquor places went to anybody who had the price to hire the right attorneys. I made the statement before the Legislature, and had proof, that the licenses were always sold to the highest bidder. When the Licensing Board first granted the licenses, a certain number were supposed to be granted in each section, and, of course, everybody who wanted a license, and was willing to pay certain attorneys, would obtain a license in a particular district. I think myself that Miss Driscoll and the members of the Board should be investigated, because the same condition must exist now that existed then. Nobody in the district, a Representative or otherwise, is notified, when a hearing is to be held, as the result of which a license will be granted. No notice whatever is given. But when we have twelve rum joints within a radius of 500 yards, and when there is now to be a thirteenth license in that same district, I think it is time that something should be done about it. I think when these licenses are asked for and a hearing is to be given, the Licensing Board should not only notify members of the Council but also members of the Legislature representing the immediate vicinity where the granting of the license is proposed. Certainly, something is wrong when, I reiterate, 50 per cent of the licenses that have been granted in Boston have been granted to bootleggers, convicted dope peddlers, rum runners or aliens. When the licenses were first granted, they were taken out in the name of some bartender working for the man who was looking for the license, or some name other than his own was used. They now usually take the name of somebody else, but if you investigate you will find that more than fifty per cent of those holding the licenses are former bootleggers, convicted dope peddlers or aliens.

Coun. CHASE—Mr. President, I had about a year ago a very sad experience. The officers of the Licensing Board considered granting a license for a liquor store directly opposite Trinity Church, possibly thirty feet away. The Licensing Board had one hearing, and there was objection from the Y. W. C. A., the John Hancock Life Insurance Company and various representatives of the district, including myself, and quite a number of residents in the district wrote to the Licensing Board to the effect that the license should not be granted, that the whole thing was very unsatisfactory. They waited three or four weeks, and then did a very unusual thing. They held a second hearing, and at that time Trinity Church was represented by Robert Treat Paine, who appeared and most strenuously objected to the granting of the license. That license would have been granted, Mr. President, without that earnest and substantial protest. I believe that the Boston Licensing Board abuse their discretionary power in granting licenses in the near vicinity of churches, schools and the like, and that in doing so they are guilty of gross mismanagement of their office. Mr. President, it is only proper that the members of this City Council should be given notice of any pending application for such a license before the Boston Licensing Board. Those duly elected to be members of this Body represent the people in their respective communities, and I know that each member here is better qualified to voice the opinions of the people of his district as to whether or not certain licenses should be granted than anybody else. I know that in many sections of my district there are licenses which have been granted which any reasonable man would say represented a gross abuse of the Licensing Board's discretionary power. Therefore, I sincerely hope that in the future the Licensing Board will endeavor to obtain the opinion of the people in the respective communities where applications for licenses are pending. I trust that they will not only notify the members of the City Council but the Representatives and Senators at the State House, and also each and every church in the district. I think it is only proper that the Boston Licensing Board should try to ascertain the sentiment of the people where a license is pending before voting to even consider an application.

Coun. SCANNELL—Mr. President, for the benefit of the Council I want to say that, in regard to any application for a new license or a change in my district, I have been informed by the Licensing Board.

Coun. COFFEY—Mr. President, I would ask how you were notified in regard to the hearing.

Coun. SCANNELL—I was notified by mail of any hearing that might come up.

Coun. COFFEY—In that particular case it might be an instance of somebody applying for a license where the circumstances were such that they may have seen fit to notify the councilor from the district. That is, it might have been a section where there would not be opposition. But in this section I have mentioned, in East Boston, within a radius of 500 yards, we now have twelve places dispensing liquor, and in that immediate section we have one Catholic and three public schools, a convent and three churches, and within the past week the Licensing Board has granted a thirteenth license in that vicinity. That is the reason why I object so strenuously. Then, take a liquor store which has just transferred a license. I did not mention that. But there are also three such

cases in my district where licenses have been granted within the past month, and I have not received any notice of it. I think, also, the councilor from Ward 18 can verify the fact that there has been a similar case in his district.

Coun. LYONS—Mr. President, I don't know why the councilor from Ward 1 (Coun. Coffey) has not gone up to the Licensing Board and asked them to notify him of such cases, because when I went up there they put my name on the list, and I am to be so notified. I think each member here can do the same thing, and you will then be notified that the hearing is to be held on a certain day in a certain room. I believe they are very courteous up there at all times. I have found them so, and my name is on the list. So I think the other members here, if they are not so notified, can do the same thing. Miss Driscoll is a very lovely woman, and I know that she will do everything she can to help the Representatives in the House or the Senate or the members of the Boston City Council in this matter.

Coun. CHASE—Mr. President, if I remember correctly, the Chase order, which has been referred to, requested the Board to notify each member of the Council of applications for licenses in his ward. Is that correct?

President GALVIN—That is correct.
 Coun. CHASE—Well, then, the Licensing Board has seen fit to ignore the City Council's request.

Coun. LYONS—Mr. President, I don't think the law requires them to do it, but I would suggest that those who want to go up there and request that it be done will be notified.

Coun. CHASE—Well, Mr. President, I suggest that, inasmuch as we have requested that we be notified,—we, the people representing the people of Boston in their respective wards,—the Licensing Board should positively pay some attention to the reasonable request of this Body. I think we are at least entitled to the courtesy of notification, especially when the Body has requested notification.

Coun. COFFEY—Mr. President, of course I cannot sit here quietly and have the gentleman from Ward 20 suggest that we personally go up to the Licensing Board and ask Miss Driscoll to notify us of these hearings when we know that those having the price can get a license to sell liquor without any trouble from that Board. I don't know why we should be expected to go up there and see her. We are supposed to be an executive body passing on everything that comes before us pertaining to city affairs. But it seems that we haven't even the power to award ourselves a two-cent stamp. We cannot even summon the head of a department here and try to get him to come before us without being abused. And none of them will come unless they feel so disposed. We cannot even have the trustees of the City Hospital come down here before one of our committees, but have to go up there before them, and they would not even pay any attention to us if they then were not so disposed. And in the meantime, so far as Miss Driscoll is concerned, under her nose one member of the Licensing Board is selling licenses at \$1,000 or \$1,200, without any reference to the Board. I don't know how that happens, but within a few months liquor licenses have been sold unknown to the members. I would like to know who some of the attorneys are who are now working with their Licensing Board and getting licenses or transfers for their so-called clients, as I suppose they call them, and I would again repeat, what I have already said, that more than half of the licenses that have been issued have been issued to bootleggers, convicted dope peddlers and aliens.

Coun. HURLEY—Mr. President, so far as Miss Driscoll is concerned, I have always found her more than fair to everybody, and I believe she has that general reputation. In regard to illegal acts going on under her nose, I think she and other members of the Board, when they find anything improper going on, would be the first to call the attention of the authorities to it; and, so far as liquor licenses being sold by any individual member of the Board, without reference to the other members, certainly the councilor is wrong in that matter. Are they rubber stamps? I think not.

Coun. COFFEY—Mr. President, of course we can take the remarks of the gentleman from Ward 8 (Coun. Hurley) with a grain of salt, inasmuch as he is in the liquor business and will come up for a license within a month.

The order was passed under suspension of the rule.

REPORT OF COMMITTEE ON ORDINANCES.

Coun. LYONS, for the Committee on Ordinances, submitted the following:

Report on ordinance (referred November 25) prohibiting unnecessary noise that same ought to pass.

Report accepted; ordinance passed.

REPORT OF COMMITTEE ON SOLDIERS' RELIEF.

Coun. ENGLERT, for the Committee on Soldiers' Relief, submitted report recommending passage of order for payment of aid to soldiers

and sailors and their families in the City of Boston for the month of December.

Report accepted; said order passed.

AMENDMENTS TO CIVIL SERVICE REGULATIONS.

Coun. HURLEY offered the following:

Whereas, The hearing conducted this morning in the Gardner Auditorium of the State House relative to proposed changes and amendments in Civil Service Rules, was conducted by the Civil Service Commission contrary to the General Laws of the Commonwealth; therefore be it

Resolved, That the members of the City Council urge the Governor of the Commonwealth and the members of the Executive Council to withhold any action on these proposed changes of civil service regulations until such time as the matter is properly advertised and public hearings conducted as required by law.

Coun. HURLEY—Mr. President, I introduced an order here last week asking that the members of the Boston City Council be furnished copies of the proposed changes in the Civil Service Rules. I find that nobody has received a copy of these proposed rules. At the hearing this morning, when it was opened by the chairman, a meeting at which the full membership of the Board was not present, after the hearing has gotten under way, I rose and objected to the hearing being held. I objected on the ground that the meeting was illegal as much of the proposed regulations had not been advertised legally, the more so, inasmuch as after arriving at the Gardner Auditorium we were presented with this paper, pointing out "Typographical Errors to be Corrected in the Proposed Revision of the Civil Service Rules," meaning that after the previous newspaper publication the commission, at its meeting on December 10, voted to correct the typographical errors in the proposed revision of the Civil Service Rules, as printed, without any further notification to the public.

(Coun. Hurley had inserted in the minutes the paper referred to, as follows:

"Typographical Errors to be Corrected in the Proposed Revision of the Civil Service Rules.

December 10, 1940.

"The Civil Service Commission at its meeting on December 10 voted to correct the following typographical errors in the proposed revision of the Civil Service Rules, as printed:

"Rule 3, Class 39. To be amended by inserting after the word 'except' in the last line the words 'female reformatory officer in the,' so that the last clause will read as follows: 'except female reformatory officer in the Reformatory for Women.'

"Rule 3, Class 43, referring to the Fire Department in Boston, should be numbered Class 42.

"Rule 3, Class 47. The titles in the various grades in Class 47 should be separated into three groups, so as to read as follows:

"Class 47. Examiner of claims, analyst, and employment registrar.

Grade 1. Examiner of claims.

Grade 2. Superintendent of claims.

Grade 3. District superintendent of claims.

Grade 4. Supervisor of claims, assistant unemployment compensation and employment service supervisor.

Grade 5. Assistant director of claims.

Grade 6. Director of claims.

Grade 1. Junior unemployment compensation analyst.

Grade 2. Unemployment compensation analyst.

Grade 3. Senior unemployment compensation analyst.

Grade 4. Assistant supervisor of unemployment compensation analysts, assistant unemployment compensation and employment service supervisor.

Grade 5. Supervisor of unemployment compensation analysts.

Grade 1. Junior employment registrar.

Grade 2. Senior employment registrar.

Grade 3. Employment office manager.

Grade 4. Employment service district superintendent, assistant unemployment compensation and employment service supervisor.

Grade 5. Employment service supervisor.

"Rule 3, Class 64. Strike out the words 'industrial accident investigator, motor fuel sales investigator,' which are included in Class 49 and in Class 50, respectively.

"Rule 19, Section 5. Insert the word 'successive' after the word 'two' and before the word 'calendar.'

"Rule 30, Class 7. The word 'dishers' should be 'dieners.'

"Rule 30, Class 12. The words 'except those in other classes' should be stricken out.

"Rule 30, Class 13. Insert after the word 'maids' in the first line the words 'except those in other classes.'

A true copy. Attest:

JOHN C. GILBERT,
Executive Secretary.")

Coun. HURLEY—So far as the suggestion or motion made to postpone the hearing was con-

cerned, the chairman said that the full Board was not sitting at the time, and that he would have to wait for the full Board to be present before he could act on the motion. He then immediately proceeded to call witnesses, and three or four made their appearance. But the sitting members of the Board still remained three, he then saying that those sitting could make a decision, and they rejected the motion of Councilor Hurley that the hearing be postponed, ruling that it must go on,—notwithstanding the fact that under the civil service law, General Laws, chapter 13, in section 3, it is provided that:

"No rule or regulation, and no change in any rule or regulation shall be submitted for approval by the Governor and Council hereunder until after a public hearing relative thereto has been held by the commission. Not later than fifteen days before such hearing the commission shall send notice thereof to each member of the General Court and to the Mayor of each city and the selectmen of each town to which such rule, regulation or change relates, and shall also publish the same in one or more newspapers."

This ad, to which I referred last week, regarding the proposed change of rules, was set forth in the Boston Herald on November 30, and this sheet that has been given out, to which I have just referred, is dated December 10. This reads, under date of December 10, 1940:

"The Civil Service Commission at its meeting on December 10 voted to correct the following typographical errors in the proposed revision of the Civil Service Rules, as printed."

It then goes on to tell what the amendments are and also to add to the rules and regulations. I think the law states clearly that all rules and regulations must be published. This was not published, although it is amending and adding to the Civil Service Rules, in which so many people in Boston and in other parts of the state are interested. There is a rumor going around that the meeting of the Council tomorrow will be the last meeting of the Republican-controlled Council. They had this hearing today and are going to continue it and finish it before the Democratic Council comes in, so that at the meeting of the Governor and Council tomorrow or Wednesday, they will submit these rules, passed by the commission and signed by the Governor and approved by the Council, turning the whole thing over to the incoming Legislature, after the rules as they have stood will be changed to suit Mr. Lupien. As I stated last week, the poor women who do scrubbing work and who really had a contract with the state that was renewed every year will now find that their position is changed, that they will no longer have the standing that they have had, and they may have to take an examination. We all know the number of people in Boston on the civil service who are asking how their names stand on the list. I have them coming to my home constantly, asking how they stand, and under these proposed rulings the commission may ask the women to submit to a written examination. That certainly is not fair or just. All through these proposed rules are loopholes favoring Mr. Lupien. Those who have set out to hamper people on civil service, whatever their intention was, have certainly done a masterly job. On this page that I referred to last week, in the Boston Herald, setting forth these rules, in type that would never attract the attention of the ordinary reader, it says "Legal Advertisement," and then goes on. I spoke to Representatives and Senators from Boston this morning, asking whether it was called to their attention, and those who did get the Boston Herald on that morning and who glanced at the advertisement, simply thought it was an application for a liquor license. If they intended to deceive the people, it was certainly a great job. This matter has been under consideration by the commission for a year and a half, and yet they expect the ordinary lay person to understand it in two weeks. It would take a very sharp, clever attorney to go over the thing and get a fair idea of it even in two months. It is an apparent attempt to defeat the purpose of the civil service, and in spite of the request this morning that the hearing be postponed, the members of the Board present—and it was not the full Board—turned down that motion and decided to go on. They intend to finish the thing up this week, tomorrow or Wednesday, at the last meeting of the Republican Council, and after the first of January, when the Democrats will have a majority in the Council, they cannot help themselves. I certainly trust that the Council will pass this resolution, asking the Governor and the Executive Council to withhold any action on these proposed changes of civil service regulations until such time as the matter is properly advertised and public hearings conducted as required by law.

Coun. CAREY—Mr. President, I heartily agree with the resolution offered by the gentleman from Ward 8. Although a Democrat, I have a great deal of confidence in the spirit of fair play that has always been shown by Governor Saltonstall. I think sometimes he is put on the spot, because of the haste with which changes of this sort are put through. I was at the State House this morning and was amazed to find that apparently this matter was not going to be given fair publicity. In the interest of fair play, therefore, I certainly trust that there will be a withholding of action until such time as this matter is properly advertised and public hearings conducted as required by law, so that the public may have a chance to realize

the situation. I hope and trust that Governor Saltonstall will step in and not allow undue haste in making these changes in the Civil Service Rules and regulations.

The order was passed under suspension of the rule.

EXPANSION OF SOUTH BOSTON HEALTH UNIT FACILITIES.

Coun. LINEHAN and SCANNELL offered the following:

Ordered, That the trustees of the George Robert White Fund be requested, through his Honor the Mayor, to make a survey with a view to expanding the present Health Unit facilities in South Boston, particularly in view of the fact that there will be a greater number of children living in South Boston as a result of the new housing project.

Passed under suspension of the rule.

NAMING OF SQUARE FOR MONSIGNOR PATTERSON.

Coun. SCANNELL and LINEHAN offered the following:

Ordered, That the Boston Housing Authority be requested, through his Honor the Mayor, to name a square or way in the new South Boston housing area in honor of the late Monsignor George W. Patterson.

Passed under suspension of the rule.

TOBOGGAN SLIDE, MARINE PARK.

Coun. SCANNELL offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to erect a toboggan slide in Marine Park, South Boston.

Passed under suspension of the rule.

RECESS.

By direction of President GALVIN the Council took a recess at 4.07 p. m., subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order by President GALVIN at 4.25 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. D. F. SULLIVAN, for the Executive Committee, submitted the following:

1. Report on message of Mayor and order (referred today) appropriating \$645, to be expended by Art Department, for permanent marker designating original site of first School for Blind, said amount to be charged to income of Phillips Street Fund—that same ought to pass.

Report accepted; said order passed, yeas 20, nays 0.

2. Report on message of Mayor and order (referred today) appropriating \$7,000 for armory rentals and maintenance—that the order ought to pass.

Report accepted; order passed, yeas 20, nays 0.

REPORT OF COMMITTEE ON LICENSES.

Coun. FISH, for the Committee on Licenses submitted the following:

Report on petition of Margaret Scannell (referred November 25) for driveway opening at 240 Medford street, Ward 2.

Report accepted; said petition granted on usual conditions.

CRITICISM OF LEAGUE OF WOMEN VOTERS.

Coun. GOTTLIEB—Mr. President, I ask unanimous consent to make a statement.

President GALVIN—If there is no objection, the gentleman may proceed.

Coun. GOTTLIEB—Mr. President, I have observed during this session of the City Council a distinguished and charming visitor, representing the League of Women Voters, which league, during the past few weeks, has devoted a good deal of its time to consideration of the ability or lack of ability of the members of this Honorable Body. I refer particularly to the results of that consideration shown in a recent public address by Miss McSweeney, in which she accused the members of this Body of being nothing more nor less than errand boys, and as being of very little use in the functions of the city government. Well, that, in the opinion of the League of Women Voters, may be a serious crime, but I cannot but feel honored by the title of "errand boy," because errand boys can do so many things that Miss McSweeney might not know about, things that do not occupy the time of the Council during the Council meetings, but might be of considerable importance in so far as the well-being of our constituents is concerned. I had the pleasure of

attending a recent reception given by the League of Women Voters to the newly elected members of the General Court. At that time the members of the Legislature had a chance to hear something about what was then occupying the valuable time of the women, about proportional representation, and I wondered, after attending the meeting and after listening to Miss McSweeney, why the League of Women Voters now spends so much time criticizing the members of the City Council, accusing them of being "errand boys," when they might occupy their time more usefully in an effort to help us to help the people of the City of Boston. There has been much criticism of everything we do by this league. We have been accused of building up the budget by asking for the appointment of men and women to positions in the City of Boston; we have been accused of placing an unnecessary number of constables in the city; we have been accused of every crime that a member of the city government could be accused of, and I say unjustly. As a matter of fact, I say for the benefit of Miss McSweeney, that we do more to help people outside of this Body than we do in this hall. If this estimable young lady had an opportunity to go into the homes of members of this Body and see how many people are being helped in various ways, to see how many people in the various districts are helped by their councilors to obtain old age assistance, mothers' aid, welfare and W. P. A. help, I think she would change her mind. I wonder if, after seeing all this, she would not feel that we really are contributing in a large measure to the happiness and benefit of the people of Boston. I wonder if the League of Women Voters, in their conventions and otherwise, could not interest themselves in things perhaps a little more important to the people of Boston than proportional representation. I wonder if they might not see fit to discuss, for instance, the condition of the people in city institutions; whether they might not go into people's homes and see them in their homes, people who are unemployed and unable to obtain food and shelter; also giving a little of their time to the question of the welfare of children. We find ourselves very busy looking after delinquents and other people in city institutions. Why doesn't the League of Women Voters attack these matters at their root? Why don't they interest themselves in the various relief agencies and try to help the men of this Body in getting assistance for the people who need it, something which represents a large part of our work in the course of a year? But I see no evidence of that sort of thing in the doings or the acts of the members of this league. If we are nothing but errand boys, are the members of this league making a greater contribution to the welfare of the people of this city than the members of the City Council? Of course, we welcome criticism, but not criticism that is not constructive. We are looking for constructive criticism, not for the sort of criticism that we sometimes get from this league and from a taxpayers' league in the City of Boston. I dare say members of this Body, in the course of a year, help many thousands of people who need it to get either mothers' aid, old age assistance, or help in some other form, so necessary in times of economic distress such as these. And this, mind you, is only one part of the duties of a City Councilor. I wonder what the lady members of the league would do if they had, as I have had recently, at all hours of the day or night, fifty, one hundred or two hundred telephone calls from people who need help. I suppose they would simply say that they could not be bothered. I wonder how they would feel if they were besieged by men looking for snow shovelling jobs, after a storm, or trying to get jobs at Camp Devens, Camp Edwards, or the Army Base? I would like Miss McSweeney to know that we of the City Council would appreciate helpful or constructive suggestions as to how the members of the City Council can best perform their duties.

Coun. TAYLOR—Mr. President, I ask for unanimous consent to make a statement.

President GALVIN—If there is no objection, the gentleman may proceed.

Coun. TAYLOR—Mr. President, many times before I have had occasion to get upon this floor and discuss various organizations that have come before this Body seeking one thing and another, whether they call themselves taxpayers' leagues or something else. We have had other organizations come here seeking various things, organizations connected with the League of Women Voters or otherwise. They are all of the same brand. They have come before this Honorable Body and requested that we cut the pay of city employees, for instance, for the purpose of keeping the money in the pockets of the wealthy. They never have any regard for the people who have to toil for a living; they never have any regard for the welfare of the poor and under-nourished. Oh, no. Margaret McSweeney, who has made these statements derogatory to members of the Boston City Council, favors a Council of nine, so that this city can be governed by nine men who will not come from the different districts as they do now, but who might all come from one district, and who will never pay any attention, perhaps, to the different districts of the city as they now stand, represented by a body of twenty-two members. Margaret says, "All I can give you is love." That was published in the newspapers. Margaret, we can get along without any love. All we are looking for is assistance for the poor people of this community. Well, I sup-

pose I can be accused of being an errand boy, because I took a poor woman down to the Welfare Department, a woman whose children had no food on the table or coal in the cellar. I assisted that family through welfare aid, and made them happy. So I am willing to be accused of being an errand boy. If because I have assisted poor fellows without employment and have helped them to be happy, I am to be accused of being an errand boy, I am perfectly satisfied; if because I have assisted some poor woman who had no food or fuel in her home, I am to be called an errand boy, well and good. I am glad to be called an errand boy, or any other name if I have rendered assistance to those who needed it. It may be that we are not a constructive body, but let me say that I got the greatest pleasure I ever had in my life when a colored man came to my home, and said he had a family and three children for whom he was unable to provide, because he lacked a leg. I assisted that colored man, brought him to a rehabilitation office in the State House connected with Public Welfare, saw that he was brought to the City Hospital and paid for a leg, so that he could go out and make a living for himself and his family, so that he would be helped to get a job. I would like to ask if that was a constructive piece of work. Oh, yes, I have had men come from taxpayers' organizations seeking to reduce the pay of employees, men who will claim that certain commissioners are spending money of the taxpayers of the City of Boston extravagantly and that they should be curbed. Of course, when a man is hired by the taxpayers, I suppose that is his job, to cut expenditures down to the lowest possible point. I am not opposed to these women's organizations, or to their object, so long as they are working along the lines of human progress. But personally I think a woman's station is at home, changing the babies, and that in so doing she will be doing far more for humanity than some of these organizations. There is a lot of work that might be done—more important work that needs to be done by the League of Women Voters, that would make far more contribution to human progress. I honestly believe there is nobody in the whole State of Massachusetts that contributes more unselfish work for the poor and sick than the Boston City Council through its members. So, while you are making these public utterances, Margaret, perhaps in an attempt to bring this Body down in the estimation of the people, I say to you in all seriousness that we are honestly attempting to do a good job for the people we represent. Whatever the result of our efforts may be, down deep in our hearts we are trying to do something beneficial for the poor and helpless in this city. Why you are expending so much of your effort on the question of proportional representation for this city, I do not understand. Proportional representation has been put in effect in New York, and I want to say now that it does not seem to give better representation. The Tammany organization still controls, in spite of the proportional representation. And while the City Council, in your opinion or the opinion of your league, does not meet with your approval, nevertheless there are countless homes in this city that are glad to get our assistance, relieving conditions that you cannot realize in your home, where you have nothing to disturb you, while we members of the City Council are doing our best to relieve the troubles of many of our constituents, the poor and needy in this community. I would like to have you go along with members of the City Council on their daily rounds, in their own homes and in the homes of poor and needy people in this city, and I think that you would see things in a very different light.

Coun. WICKES—Mr. President, I ask unanimous consent to make a statement.

President GALVIN—If there is no objection, the gentleman may proceed.

Coun. WICKES—Mr. President, I would like to congratulate the two councilors on the resolution they have introduced regarding Miss McSweeney and the League of Women Voters. I, too, wish very much that these women could personally see the work that I am doing and the work that other members of this Council are doing, every day. Yes, I, too, am a professional errand boy, if that is what we are to be called. I know well what kind of a job the members of this Body do, and I as an individual citizen have had fourteen long years of it. I would like to have these women come over and see what we are doing in the way of Christmas baskets, what is being done under my auspices over in my ward next Thursday night. I will invite Margaret McSweeney to come. She can pay forty cents and come out there and see us. Furthermore, I wonder how many of her league have put on these charity shows that we have put on since December 3rd. That is what I have done out in my district, and that is what is being done all over town by members of this Body. If Margaret McSweeney could see what is actually being done, I think she would change her opinion. She would then know the work that the councilors are engaged in. I would also like to refer to the snow conditions last year, and what we had to do to help to get men at work. I was new to the job, but even before I took office I had 150 men at the door. Yes, Miss McSweeney, I have a mother, a good mother, like everybody else here. There were nine boys in my family, and you can readily imagine the work that my mother had to do, and the troubles and worry that she had to contend with. A while ago, when we had very bad weather

conditions, I took thirty-five people into my home and kept them in my house until next day, when they might have an opportunity to get employment. I wonder how much Miss McSweeney knows about that kind of thing. I see that she has two women with her in the gallery, working, one taking notes in shorthand, probably to be typewritten later on, in regard to this meeting. (Miss McSweeney at this point left the gallery.) Why don't you stay, Miss McSweeney? There's no rush. I have plenty more to say. If you came out to my home on different nights in the week, you would find plenty of people looking for assistance, on some nights thirty and on others forty-five, and never less than one hundred and fifty in the course of a week. Did Miss McSweeney ever have to meet any situation like that? I wonder. She wouldn't give a nickel to see the Statue of Liberty do a cakewalk. I would like to have some of these women come around and see what the members of the City Council have to do, getting first-hand information, and I would be glad to meet and debate the question with Miss McSweeney. I certainly would like to invite her to come out into my district and see what is being done, and I would like to ask her a few questions. I would be happy to debate with her at the present time, and I hope there will be an opportunity to do so in the near future.

Later in the session Coun. COFFEY said: Mr. President, by unanimous consent, I would like to make a statement.

President GALVIN—If there is no objection, the gentleman may proceed.

Coun. COFFEY—Now, that I have the floor, I wish to take advantage of it for a few moments. I hope that the stenographer that came here with Miss McSweeney will remain and take down the remarks I make and take them back to Miss McSweeney. I wish that she had waited, because the remarks I am about to make would probably surprise her, and perhaps they will amaze some members of the Council. With all due respect to the councilor from Ward 17 (Coun. Wickes),—whom I admire and like to such an extent that if he is a candidate for president next year, I will vote for him,—I do want to take an opposite attitude from that taken by some of the members here today. I want to give 100 per cent assent to everything that Miss McSweeney has said. She is absolutely right with the exception of favoring the election of nine members to this Body in the future. I cannot go along with that. If I wanted to be a member of this Council in the future, I would not have the money to carry a campaign through on a city-wide basis. So I disagree with the nine-member idea, particularly when you consider that the nine members might be elected from any one ward in the city, and I don't think the other twenty-one wards could expect any such consideration as they get now, with a membership of twenty-two, under the nine-man body plan. As one of the members has intimated, Miss McSweeney does not feel that we have any ability or that we have shown any ability. She is absolutely right, to my mind. We are errand boys, all of us. A remark has been made about work at Camp Devens. I have made twenty-two trips to Camp Devens, and I have put 106 at work there, whose names I have filed away for future reference, when I need them. Regarding work in connection with snow storms, I wouldn't mention that. I have already expressed my views in regard to the way that thing has been handled, through the distribution of buttons. To my mind it has been simply scandalous, the way that buttons have been sold, and the way that men with large families have been neglected. After they have waited in line for hours, they have been told to get along. But I do wish to say that Miss McSweeney is right except that I don't think we should have a body of nine members. But I think the Council should be abolished. I don't think it is a Body that is doing any good to anybody in the City of Boston, taxpayers or anyone else. If a piece of legislation is filed here that might be detrimental to the office downstairs, it is immediately thrown out the window. Let us have the truth, regardless of who may be hit. Another thing. The reason why the majority of the Council here go along with the Mayor is simply because it is expedient for them to do so. Otherwise, they might not get the next job, might not get patronage for their district. We haven't even got the power of veto. We send an order along and he vetoes it, but we haven't even the power to pass it over his veto. Also, as a supposed-to-be governing body, we cannot even summon a department head to appear before us and answer questions. I proved that when I asked for a slaughter house investigation. When I wanted Commissioner Watts to appear before us, I found that we had no right whatever to ask him to appear before the Body. Then, when I put in an order asking for an investigation of the trustees of the City Hospital and of the circumstances surrounding the dismissal of Miss Logan, they laughed at me, and they adjourned the meeting of the committee here from the Council Chamber to the hospital, so as to please the trustees, and we were not able to get any information. So I say that Miss McSweeney is 100 per cent right, with the exception of wishing to have a nine-man Council. I cannot agree with her on that. I think the members of the Body should get together and pass some kind of ordinance or take some sort of action looking to our having some kind of power as a Body. For example,

no matter what goes on in the departments, they do not consult the councilor from the district. They run to the Mayor from every department, but they don't run to the Council Chamber. We have to put in orders for something we hope will take effect in the district, and then they ignore us. On something that may be of interest to our districts they do not even give us notice that a hearing is to take place. So, I say again, Miss McSweeney is right, with the exception of looking for a nine-man Council. We have no power. But I say it is our own fault. If members want to play along downstairs, all right. If they want to go along with the administration, with the hope that they will get some recognition, very well. But I wish to say in closing that the members should get together and endeavor to set up some ordinance or take some action, that will lead to our having some power in this Body in connection with departments and otherwise. Let us not simply sit here idle.

Coun. LINEHAN—Mr. President, I ask unanimous consent to make a statement.

President GALVIN—If there is no objection, the gentleman may proceed.

Coun. LINEHAN—Mr. President, on several occasions this year I have had occasion to go along with the gentleman from East Boston (Coun. Coffey) because on those several occasions I thought in my heart that he was right. But on many occasions I did not agree with him and did not vote for measures in which he was interested. The councilor speaks about getting patronage downstairs. Personally, speaking for myself, I certainly have not been influenced by any such motive, and have not felt that it was necessary to be. I think Mayor Tobin is an honorable servant of the City of Boston at all times. I have talked with politicians and people generally all over the city, and in the great majority of cases, almost without exception, whether they voted for him or not, they admit that he has done a wonderful job since he took office. Getting down to the present situation we can all get up and talk about the ability we think we have, but that does not prove it. It is our opinion. Ability is what you have or have not got, regardless of what we as members of the Council think. If you have it, it is inherent in you. Personally, I think I have a little ability. If not, I would not have been elected to the Body by the people of South Boston. Also, I served in the Legislature for four years, as well as serving in the Council for one year; and I sincerely hope that the people of my district think I have some ability. Coming back to Miss McSweeney, as a member of the General Court, I very courteously had occasion to differ with her organization at times, and today I differ with them. I feel that certainly a Council of twenty-two members is much better than one of nine members. I agree with the gentleman from East Boston in that respect. It is possible that the proposed nine members of the Council could be elected from one ward, and if that system were in vogue, people from East Boston or from any other section might find that they did not have a councilor to represent them in the city government. Of course, so far as Miss McSweeney or anybody else is concerned, I believe in being courteous at all times, even if I do not agree with what different people may wish. It might also be, perhaps, that some of these people who express these views are right. I certainly disagree with them in this matter, and shall not espouse their views, because I honestly believe they are wrong. I do feel that in most matters, particularly as affecting a certain district, the people of that district should have a representative in this Body, and I believe that nine people out of ten, or ninety-nine out of one hundred in my district are right on matters affecting the district. Of course, there are times when even the majority might be wrong, but I think generally speaking, on matters concerning the particular districts, East Boston, Hyde Park, West Roxbury, Charlestown, Roxbury, the Back Bay, Brighton,—you will find that the great body of the people of those districts, especially on matters affecting their district, take an honest and intelligent position, and can be depended upon. I don't believe there is one member of the City Council here who, if he was proven honest and right on important matters coming before the Body, would not be supported by his constituents, and, on the other hand, if he were not honest or right, when he came up for re-election, he would be defeated. We should discuss all these matters that come before us in a fair, broad-minded spirit. Personally, on this matter I believe that Miss McSweeney and the League of Women Voters are wrong. As representing my district, I realize that we must consider on its merits any proposition coming before us. If we feel that it is just and right, we should go down the line. I for one feel that in such a case I should go down the line. If not, I would not. I could probably go on for another hour talking of our duties and responsibilities as members of this Body, and how one of our very important duties is to stand up for people more unfortunate than we are. I know that I speak for every member of the City Council, from the gentleman from the Back Bay to the gentleman from South Boston, although we may represent different classes of people, but I know that every member of the Council in the long run stands for decency. Because if he didn't he would not be elected to the Boston City Council. I believe that this Body of twenty-two members certainly has a distinct function to perform in trying to look after the interests of all of our people, that the Body justifies

its existence, and I believe that the members are performing that function in a creditable manner.

Coun. GOTTLEB—Mr. President, I ask unanimous consent to speak.

Coun. COFFEY—Mr. President, I object.

Coun. FISH—Mr. President, I ask unanimous consent to make a statement.

Coun. COFFEY—Mr. President, I object.

Coun. LYONS—Mr. President, I ask unanimous consent to make a statement.

Coun. COFFEY—Mr. President, I object.

CONGRATULATIONS TO FOOTBALL TEAMS, ETC.

Coun. GOODE offered the following:

Whereas, The Mattapan Merchants' Football Team and the St. Alphonsus Football Team of Roxbury, co-champions of the City of Boston Park Department League will receive honors at the annual banquet of the Park Department in the City Club tonight; and

Whereas, Both these fine football teams by the caliber of their sportsmanship on the gridiron have manifested a high caliber of splendid young manhood that makes for success and should be emulated in everyday life; therefore, be it

Resolved, That the Boston City Council congratulates the coaches, managers of both teams and the Park Department, who made this fine competitive sportsmanship possible.

Passed under suspension of the rule.

FLOODING OF WARD 18 PLAYGROUNDS.

Coun. GOODE offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to flood for skating purposes the following playgrounds in Ward 18 and to install lights for the convenience of the skaters:

Norfolk Street, Almont Street, Wood Avenue, Smith Field, Readville Playground, Wright Golf Course.

Passed under suspension of the rule.

SURVEY OF CORRIGANVILLE SECTION, HYDE PARK.

Coun. GOODE offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to conduct a survey of the Corriganville section of Hyde Park with a view to reconstructing all the streets in the above-named section of Ward 18.

Passed under suspension of the rule.

HERBERT STREET, WARD 19.

Coun. LANGAN offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to construct Herbert street, Ward 19 under the W. P. A. plan of construction.

Passed under suspension of the rule.

MILK SITUATION IN SCHOOLS.

Coun. M. H. SULLIVAN—Mr. President, I ask unanimous consent to make a statement.

President GALVIN—If there is no objection, the gentleman may proceed.

Coun. SULLIVAN—Mr. President, I desire to say just a word about the milk question in the Boston schools, which we have already considered in this body. Some weeks ago the members of the Council will recall an order I introduced, which was passed unanimously, asking the Boston School Committee to take full supervision of the milk distribution question in the Boston schools. At that time I alleged that in certain schools in the city skimmed milk with chocolate flavor was being sold to the pupils. Now, skimmed milk sells for five cents a bottle, and it does not meet the specifications. I thought that situation should be corrected by having the School Committee itself take full charge of the matter and see that that sort of thing was not continued. The order was passed and sent to the Boston School Committee. Last Monday evening the School Committee met and, with great smugness and complacency, issued a statement that the milk being sold was not skimmed milk, that skimmed milk had never been sold in the Boston schools. I had never alleged that this practice was general, or that the membership of the School Committee condoned it. But there were certain schools and I specifically named two, one in Mattapan and a high school in Roxbury, where this took place, and said I did not know whether the School Committee was aware of the situation. But we have here today a letter in which the School Committee quite obviously tries to conceal the true situation. They say:

"It was found that in one or two of the smaller lunchrooms a chocolate drink with skimmed milk base had been served, but that particular chocolate drink has been discontinued and only whole milk or chocolate milk with whole milk as a base now is served."

They have said that such milk has not been sold, practically saying that the members of the Boston City Council did not know what they were talking about when the order was passed. But they do admit that in one or two places such milk had been sold to the pupils; and they go on to say:

"Reference is made in the City Council order to 'full supervision of the sale of milk and milk products.' The School Committee would respectfully report that there is and has been supervision of such sale."

But you will remember that I read a communication from one of Boston's largest milk companies in regard to this matter, confirming my statement that I had authentic information that there was some milk being sold to the Boston schools that was not whole milk, but was labeled "skim milk" and was what is called "chocolate pep," containing but 2 per cent butter fat. I had previously stated that they had supervision and that I was not criticizing the School Committee, but that this did happen in a few instances. That is now admitted by the School Committee. They add that:

"The committee now has under consideration a plan which probably will mean closer supervision of all cafeteria service."

So I think this Council is to be congratulated upon bringing to a head a situation that has existed in the Boston schools for the last several years. As a matter of fact, skimmed milk was furnished to certain younger children, who did not know what they were getting—a chocolate preparation with milk that was under the legal requirement. That, of course, was only in a few cases. But they were getting milk which was not up to the legal requirements in those cases, practically skimmed milk, containing this chocolate preparation. The Boston School Committee now comes out and says they are not selling that in the Boston public schools. Well, all I can say is that they did tolerate in those cases that situation. But I now think that as a result of our action it has been eliminated, and that we are to be congratulated. I do say, however, that they don't know what they are talking about in sending this letter to us today. We have done something, Mr. President, for the children of Boston, and no skimmed milk is now being sold in the Boston schools. It is queer, however, that the School Committee earlier did not know what they were talking about. At the time when I introduced my earlier order, on October 28, 1940, I referred to a letter from the School Committee, under date of September 26, 1940, in which they said the skimmed milk was being sold in one of the Mattapan schools and in the High School of Practical Arts, Roxbury. Those were two schools that I had in mind, and I understood that there were some others. But this letter that we have received today, when taken in consideration with information that we received earlier from one of the leading Boston milk companies, shows that the School Committee at the time did not know what they were talking about, and didn't know what they were selling. Well, there is something rotten in some place, either with the milk company or with the Boston School Committee. Those children who were getting skimmed milk with this chocolate flavoring were not getting real milk, with 4 per cent butter fat, as required. That certainly is not a thing to be condoned. It is something about which the School Committee should have known and which it should have corrected, and I trust the next time the School Committee sends out a letter, a body elected by the people of this city, it will state the facts, and that there will not again be anything like the selling of skimmed milk with a chocolate flavor in the Boston schools.

MUNICIPAL BUILDING, WARD 17.

Coun. WICKES offered the following:

Ordered, That the Superintendent of Public Buildings be requested, through his Honor the Mayor, to submit to the W. P. A. authorities a project for the erection of a municipal building in some central location in Ward 17, the expense of same to be taken care of by W. P. A. funds.

Passed under suspension of the rule.

THE NEXT MEETING.

Coun. FISH—Mr. President, I move that when we adjourn it be to meet on Monday, December 30, at 2 p. m.

The motion was declared carried.

Coun. COFFEY—Mr. President, talking on the proposed adjournment, I would like to simply mention to the members that this is our twelfth month, and that out of the twelve months we are supposed to have been sitting in regular session we have had three months vacation. I ask, therefore, that when we adjourn it be for one week, and not two.

President GALVIN—The motion has been carried.

Coun. COFFEY—Then, Mr. President, I doubt the vote and ask for a roll call.

The clerk called the roll, and the motion was carried, yeas 11, nays 7:

Yeas—Coun. Englert, Fish, Galvin, Hurley, Hutchinson, Lyons, Scannell, Shattuck, D. F. Sullivan, M. H. Sullivan, Taylor—11.

Nays—Coun. Carey, Chase, Coffey, Kelly, Linehan, Russo, Wickes—7.

POOL FOR CHILDREN, FRANKLIN FIELD.

Coun. GOTTLIEB offered the following:

Ordered, That the trustees of the George Robert White Fund be requested, through his Honor the Mayor, to investigate and report on the desirability of building a pool for children at Franklin Field, in Ward 14.

Coun. GOTTLIEB—Mr. President, this is a type of order which, in a sense, is related to the debate here this afternoon criticizing the League of Women Voters. I think every member of the City Council has a right to be aggrieved by statements emanating from that organization, because we know from our experience in this Body that they have not sponsored or supported measures which we have considered providing for better recreational facilities, playgrounds or health units for women and children in the City of Boston. As far as the statement of the councilor from Ward 1 (Coun. Coffey) is concerned—

Coun. COFFEY—Mr. President, I rise to a point of order. The gentleman is not talking on the subject matter.

President GALVIN—The point of order appears to be well taken.

Coun. GOTTLIEB—Mr. President, I have not said anything about the gentleman from Ward 1.

President GALVIN—The Chair rules the point of order well taken.

Coun. GOTTLIEB—Mr. President, I think it would be well for the League of Women Voters to sponsor and support such well worthwhile measures as have been put through the City Council from time to time, measures looking to the construction of health unit clinics, playgrounds or swimming pools, to be constructed out of the George Robert White Fund or otherwise, in the City of Boston. This very afternoon we have had before us orders to establish health units in the City of Boston, but these or other such orders are not orders sponsored by Miss McSweeney or the League of Women Voters. They have never given us the help on such orders which we would have welcomed with open arms from their organization. What could be more fitting or consistent than for such an organization as the League of Women Voters to take steps to have established in this city health units, baby clinics, dental clinics or swimming pools. Certainly, the women must realize, perhaps more than we do, how much these clinics, for example, are needed in the City of Boston, yet at no time has this league seen fit to give us its support on such measures. I trust that this order I have offered will receive the full support of all the women's organizations and of other types of organizations in the City of Boston.

The order was passed under suspension of the rule.

LEAGUE OF WOMEN VOTERS.

Coun. LYONS offered the following:

Ordered, That the Boston City Council should not discuss motions or ideas from the League of Women Voters unless they are constructive to the City of Boston.

Ruled out of order.

Adjourned at 5.04 p. m., on motion of Coun. FISH, to meet on Monday, December 30, 1940, at 2 p. m.

MAYOR PRESENTS CITY HOSPITAL WITH CHECK.

As one phase of his observance of Christmas Day, Mayor Maurice J. Tobin, on December 25, visited Boston City Hospital and gave to Carl A. Dreyfus, President of the Board of Trustees, a check for \$3,000, which represents a voluntary cut in the Mayor's salary.

Of that amount, \$2,000 will be expended currently to provide nurses for patients who require special care but who are unable to pay for it. The remaining \$1,000 goes into a trust fund created as a memorial to the Mayor's father, the late James Tobin. Interest accruing from the fund also will be devoted to paying for special nursing care for the needy.

This was the third year that Mayor Tobin has made such a donation.

PROCLAMATION BY MAYOR.

Whereas, The blackouts attendant on the conflict in Europe are but a feeble miniature of a situation in which the lights of the world, intellectually and morally, have been dimmed by the clouds of war and the hates of men now hanging over the earth; and

Whereas, These clouds are spreading until their edges are close to our own country, which has been thrust into a situation in which we are forced to bear a heavier burden of taxation in order that we may adequately prepare ourselves against the threat of aggression; and

Whereas, Thousands of our young manhood have been called far from their homes, with their families feeling keenly the break in the circle; and

Whereas, This Christmas we Americans will face a world outlook that is even more despairing than a year ago; and

Whereas, Despite these conditions, America is one of the few countries in which the Lamp of Liberty has not been dimmed; now, therefore,

I, as Mayor of Boston, urge every citizen and every business house within our confines to light every candle and every lamp on Christmas Eve as a challenge to that Stygian wave, as a gesture of thanksgiving for the freedom we enjoy and as a symbol of our determination to retain that freedom.

And I further suggest that in every home and every church prayers go up on Christmas Eve—prayers of thanksgiving that America still is free, and humble petitions to the Supreme Being that a troubled world will soon be restored to tranquility and the blessings of peace.

MAURICE J. TOBIN,
Mayor of Boston.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner to raze the following structures as fire menaces or nuisances:

Due to the structurally unsafe condition of the building at 92 Oak street, Ward 3, owned by Joseph P. Bell and Llewellyn H. Wentworth, trustees under will of Josiah W. Brown, to enter the premises and remove the building.

Due to the structurally unsafe condition of the building at 18 Thane street, Ward 17, owned by Lucy M. Flynn, address unknown, to enter the premises and remove the building.

To raze the buildings at 22 and 24 Sackville street, Ward 2.

To raze the building at 184 and 186 F street, Ward 6.

Due to the structurally unsafe condition of the building at 382 Main street, Ward 2, owned by the City of Boston through tax foreclosure, to enter the premises and remove the building.

Due to the structurally unsafe condition of the building at 655-661 Harrison avenue, Ward 8, to enter the premises and vacate the building.

LAND-TAKING IN HYDE PARK.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the

lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly Hyde Park and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Milton avenue, bounded:

Northerly by easement taken by the town of Hyde Park, fifteen feet; easterly by the easterly line of Milton avenue, six hundred thirty-eight and 85-100 feet; southerly by another part of Milton avenue, fifteen feet, and westerly by easement taken by the City of Boston for sewerage purposes, August 10, 1914, six hundred thirty-eight and 78-100 feet, containing nine thousand five hundred eighty-two square feet, more or less.

A parcel of land, owners unknown, being part of the private way known as Milton avenue, bounded:

Northerly by easement taken by town of Hyde Park, twenty-four feet; easterly by easement taken by the City of Boston, August 10, 1914, six hundred thirty-eight and 75-100 feet; southerly by another part of Milton avenue, twenty-four feet, and westerly by the westerly line of Milton avenue, six hundred thirty-eight and 64-100 feet, containing fifteen thousand three hundred twenty-nine square feet, more or less.

The sewerage works to be constructed are as follows: Six hundred forty linear feet of 12-inch pipe surface drain.

No betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board determines that no person sustains damages in his estate by the taking of an easement for sewerage purposes in Milton avenue and the construction of sewerage works therein under the order of the Board of December 12, 1940, and awards no damages therefor.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Ricker street, West Roxbury district, as a highway, from Manthorne road northeasterly, with the name of Rickard street or some other distinctive name, bounded and described as follows:

A highway named Rickerhill road is hereby laid out, from Manthorne road northeasterly, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southwesterly by Manthorne road, forty feet; northwesterly by the northwesterly line of said Rickerhill road, as hereby laid out, three hundred eight and 8-100 feet; northeasterly by the northeasterly line of said Rickerhill road, as hereby laid out, forty-one and 26-100 feet, and southeasterly by the southeasterly line of said Rickerhill road, as hereby laid out, two hundred ninety-seven and 93-100 feet.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days, following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Rickerhill road, as laid out under this order, will receive benefit or advantage, beyond the general advantage to all real estate in said city from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it, said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Rickerhill Road, West Roxbury, Assessment Plan, October 24, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Lot.	Amount.
1. Home Owners' Loan Corporation...	\$100 00
2. William G. Anderson <i>et al.</i>	150 00
3. John C. Benker <i>et al.</i>	100 00
4. Frank Franzosa.....	71 64
5. Julia A. Murray.....	100 00
6. Joseph A. Foley <i>et al.</i>	150 00
7. John J. O'Brien <i>et al.</i>	150 00
8. Edmund F. Doyle <i>et al.</i>	219 90
Total.....	<u>\$1,041 54</u>

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Rickerhill road, formerly Ricker street, West Roxbury district, as a highway, from Manthorne road northeasterly, under the order of the Board of December 12, 1940, and awards no damages therefor.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

MALE LAUNDRY SUPERVISOR, BOSTON SANATORIUM (CITY HOSPITAL), JANUARY 25, 1941.

Last date for filing applications, Saturday, January 11, 1941, at 12 noon.

Salary: \$1,500 per year and lunches.

Duties: To have charge of the maintenance of the laundry machinery and the buildings in which they are located; to supervise employees, including the training of laundry workers; to prepare pay roll and production records and reports; and to keep an adequate stock of supplies and a perpetual inventory of same.

Applicants should have a knowledge of steam and electric power. They should also have a knowledge of simple laundry accounting; and of textiles and their safe, sanitary and satisfactory laundering.

Entrance Requirements: Applicants who have not reached their thirtieth birthday or who have passed their fiftieth birthday on the last date for filing applications will not be eligible to apply. A certificate of date of birth must be filed with the application *unless* one has been filed with a previous application.

Applicants must have three years of continuous practical experience in all phases of laundry work, at least one year of which shall have been as a foreman.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

NOTE.—Information concerning the results of this examination will not be available until at least sixty days after the examination has been held. If the eligible list is established in the meantime, all applicants will be notified.

Under the Civil Service Rules, a person whose name is on an existing eligible list may apply for and take a new examination for the same service if a new examination is held during his period of eligibility. His status, however, will be determined by the result of the later examination.

CIVIL SERVICE EXAMINATIONS.

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

POLICE ENTRANCE EXAMINATION. FOR THE FOLLOWING CITIES AND TOWNS.

Adams	Maynard
Agawam	Melrose
Andover	Methuen
Arlington	Milford
Attleboro	Milton
Athol	Montague
Avon	Nahant
Ayer	Nantucket
Barnstable	Natick
Bedford	Needham

Manchester	Winthrop
Marblehead	Woburn
Marlboro	

Inasmuch as there are existing eligible lists for the service of the cities and towns not listed above, no examination is being held for them at this time.

FEBRUARY 1, 1941.

Last date for filing applications, Saturday, January 18, 1941, at 12 noon.

The salary varies from \$5 a day to a maximum of \$2,252 a year. Inquiries concerning salaries of the various cities and towns should be made at local police departments.

The duties are those of a regular patrolman.

Applicants who have not reached their twenty-first birthday or who have passed their thirty-fifth birthday will not be eligible to apply. A certificate of date of birth must be filed with the application *unless* one has been filed with a previous application.

Applicants must be not less than 5 feet 7 inches in height, and weigh not less than 135 pounds without clothing.

Subjects and Weights: Training and experience, 3; practical questions, including memory test and general information, 7; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination, and in the strength tests in order to become eligible.

Physical fitness to be determined by physical examination and qualifying strength tests.

The practical questions will be based largely upon information contained in a manual known as the "Blue Book." This manual may be obtained from the Secretary of State, Room 116, State House, at ten cents a copy. It is necessary that applicants obtain a copy of this manual and study it carefully.

The lists established as a result of this examination will not be used until the existing lists are exhausted or terminated.

IMPORTANT: Experience sheets will be collected on the day of examination and will not be accepted at any other time. No amendments to the experience sheet will be permitted.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence. The lists established as a result of these examinations will be used to fill all vacancies in these classifications in the various state departments.

HEALTH DISTRICT, SANITARY OFFICER (WORCESTER HEALTH DISTRICT), DEPARTMENT OF PUBLIC HEALTH, FEBRUARY 15, 1941.

Last date for filing applications, Saturday, February 1, 1941, at 12 noon.

The entrance salary is \$2,040 a year; the maximum salary is \$2,400 a year.

Duties: Under immediate supervision of the District Health Officer and under advisory supervision of the Division of Sanitary Engineering and the Division of Food and Drugs of the Department of Public Health to do routine work of a minor nature in environmental sanitation in the Worcester Health District.

Examples: Inspections of bottled water and non-alcoholic beverage establishments; examinations of slaughterhouses; examinations of private wells and collection of samples of water for analysis; examinations of private systems of sewerage and sewage disposal; examinations relative to nuisances, dumps; examinations of shucking and other shellfish establishments; promotion of practice of pasteurization among milk producers and distributors.

Subjects and weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

IMPORTANT.—Experience sheets will be collected on the day of examination and will not be accepted at any other time. No amendments to the experience sheet will be permitted.

SENIOR BOYS' INDUSTRIAL INSTRUCTOR,
WALTER E. FERNALD STATE SCHOOL,
FEBRUARY 15, 1941.

Last date for filing applications, Saturday, February 1, 1941, at 12 noon.

The entrance salary, with maintenance, is \$1,080 a year; the maximum salary, with maintenance, is \$1,440 a year.

Duties: Under general supervision, to train boys in all lines of mechanics, including making cement blocks, making reinforced concrete posts and sills, general use of cement mixing machine; building concrete walks which includes grading and building foundations, setting side forms, fitting expansion joints and mixing, placing and finishing concrete; building roads (macadam, tarvia and concrete); setting up and maintaining gymnastic, athletic and playground equipment; building concrete ducts and manholes for underground electrical and telephone cables, building concrete trenches and manholes for steam lines, including excavations, foundations and grading; building and maintaining soil sewer and storm sewer systems; erecting and maintaining wire fences, tennis courts, ball fields, etc.; assisting in general carpenter and mason work in the maintenance and improvement of buildings and grounds, including reinforced concrete and tile floors, basement hard cement floors and concrete areas and verandas. To supervise playground and outdoor activities, umpiring the baseball games and to have general control of boys of the feeble-minded, delinquent and problem types during their social activities.

Subjects and Weights: Training and experience, 2; practical questions on construction and on the handling of mentally defective individuals, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

IMPORTANT.—Experience sheets will be collected on the day of examination and will not be accepted at any other time. No amendments to the experience sheet will be permitted.

INFANT WELFARE FIELD NURSE, DIVISION
OF CHILD HYGIENE, DEPARTMENT
OF PUBLIC HEALTH, FEBRUARY 1,
1941.

Last date for filing applications, Saturday, January 18, 1941, at 12 noon.

This examination is open to females only.

The entrance salary is \$1,560 a year; the maximum salary is \$2,160 a year.

Duties: Under direction, to carry on generalized field nursing services in the maternity, infancy and child hygiene program of the State Department of Public Health; to assist in well child conferences and in community nursing programs in maternity and child hygiene; to give instruction to lay and professional groups; to give demonstration of prenatal, delivery and postnatal service, as required.

Entrance Requirements: Applicants must be registered nurses under the State Division of Registration of Nurses.

Applicants must have at least one year's experience in the field of public health nursing.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

In marking experience, special credit will be given for courses in public health nursing in a recognized educational institution.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

MOTOR VEHICLE EXAMINER, DEPARTMENT
OF PUBLIC WORKS, FEBRUARY
8, 1941.

Last date for filing applications, Saturday, January 25, 1941, at 12 noon.

The entrance salary is \$1,600 a year and uniform; the maximum salary is \$2,100 a year and uniform.

Duties: Under direction, to test applicants for licenses to operate motor vehicles; to check up the lights, brakes, and other equipment of motor vehicles in operation for compliance with safety requirements; when assigned, to undergo training and to acquire experience in the work of investigating accidents and complaints, and in the enforcement of laws relating to motor vehicles; and perform related work as required.

Entrance Requirement: Applicants who have not reached their twenty-fifth birthday or who have passed their fiftieth birthday on the last date for filing applications will not be eligible to apply. A certificate of date of birth must be filed with the application, *unless* one has been filed with a previous application.

Subjects and Weights: Training and experience, 2; report, 1; questions on automobile laws and rules, 4; questions on construction and operation of motor vehicles, 3; total, 10.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical Examination (police standards, eliminating height and weight limits, and strength test).

Applicants will be rejected if the eyesight of either eye is below 20/30 without glasses.

IMPORTANT.—Experience sheets will be collected on the day of examination and will not be accepted at any other time. No amendments to the experience sheet will be permitted.

VISITOR AND GUARDIAN TO OLDER BOYS,
DIVISION OF JUVENILE TRAINING,
DEPARTMENT OF PUBLIC WELFARE,
FEBRUARY 15, 1941.

Last date for filing applications, Saturday, February 1, 1941, at 12 noon.

The entrance salary is \$1,800 a year; the maximum salary is \$2,400 a year.

Duties: Under supervision, to supervise a group of boys on parole from the Massachusetts Training Schools; to make home investigations, to gather other pertinent information, and to make reports concerning boys committed to the training schools; to confer and plan with parents, public school authorities and others concerning the progress and welfare of boys under their supervision; to guide boys on parole and to aid them in securing employment and developing responsibility and competency in their employment; to arrange for the placement and supervision of boys in foster homes and in employment; to return runaways

to the institution; and to perform related work as required.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

IMPORTANT.—Experience sheets will be collected on the day of examination and will not be accepted at any other time. No amendments to the experience sheet will be permitted.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

MALE JUNIOR PLANNING ASSISTANT,
BOSTON CITY PLANNING BOARD,
JANUARY 18, 1941.

Last date for filing applications, Saturday, January 4, 1941, at 12 noon.

Salary: The entrance salary is \$1,800 a year; the maximum salary is \$2,300 a year. At the present time there are two permanent vacancies.

Duties: To assist the Senior Planning Assistant, under the direction of the Executive Secretary and Consultant, in the preparation of a Master Plan for the City of Boston, including the study of depreciated areas, street patterns, parks and playgrounds, public building sites, public reservations, zoning, public utilities and pierhead and bulkhead lines; to assemble and coordinate data relative to the above and to interpret the same for the use of the City Planning Board; to assist in the preparation of the Capital budget for the city.

Entrance Requirements: Applicants must have had two years' experience in active planning work or its equivalent in city planning training in a recognized institute.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 percent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

NOTE.—Information concerning the results of this examination will not be available until at least sixty days after the examination has been held. If the eligible list is established in the meantime, all applicants will be notified.

Under the Civil Service Rules, a person whose name is on an existing eligible list may apply for and take a new examination for the same service if a new examination is held during his period of eligibility. His status, however, will be determined by the result of the later examination.

No specimen questions are available.

NO COST CONTROL FOR REFUSE DISPOSAL.

American cities on the whole may be clean housekeepers, but they don't know how much it is costing them to be clean or whether they are spending too much. Only a few cities are able to report accurately the unit cost of removing garbage and other refuse and of cleaning streets, according to the Public Administration Service of Chicago, Ill., which further reports that at least 80 per cent of the cities in this country have no cost control over this service.

WEATHER IN BOSTON, 1939.

The precipitation, amounting to 32.45 inches, was 18.09 inches less than in 1938 and was 7.69 inches below normal. Snowfall was 36.4 inches or 7.1 inches below normal for the year, 28.7 inches falling in January, February and March, the snowfall for March alone being 16.5 inches.

Maximum monthly precipitation was in March or 5.23 inches; maximum rainfall in 24 consecutive hours, 3.17 on October 30-31; thunderstorms on 18 days, 9 of these being in July and August; snow on 27 days, 21 being in January, February and March.

Number of clear days, 80; cloudy days, 166; partly cloudy, 119; days showing precipitation, 112; highest temperature, 96° on September 16; lowest, 4° on January 27; mean for winter months, 32°; for summer months, 69°; number of days, 90° or above, 10; freezing (32° or below), 144; zero or below, 0; greatest monthly range of temperature, 57° in February; least monthly range, 32° in August; dense fog on 23 days, 5 being in July and 3 each in February, March, April and August.

Sunshine, highest per cent for month in July, 70%; lowest in December, 38%; mean for year, 54%.

Wind, highest velocity 56 miles per hour on November 5 from northeast; average hourly velocity, 11.4; prevailing direction in summer months, south; for winter months, west; gales (*i. e.*, 32 miles per hour, or more), 19, five in January, 4 in November, 3 in March, 2 in February, and one each in April, August, September, October and December.

Humidity, highest per cent for month of August, 76%; lowest, 58% in November; mean for year, 68.5%.

Greatest snowfall in 24 hours, 7.6 inches, March 12-13. Greatest depth of snow on ground, 14.2 inches, March 13. Last snow in spring occurred on April 12; first in autumn occurred on November 9. The first killing frost in autumn occurred October 18; the last killing frost in spring, April 17.

The longest period without precipitation was 16 days, May 5-20; the longest period with precipitation, 5 days, March 9-13. Maximum rainfall for 5, 10, 15, 30 and 60 minutes came on May 28.

The first thunderstorm occurred on January 22; last thunderstorm occurred on October 1. The highest mean temperature of three consecutive days was 82°, July 7-9; lowest mean temperature of three consecutive days, 16°, January 25-27.

Barometric pressure (reduced to sea level): Mean, 29.98 inches, 1,015.2 millibars; highest, 30.64 inches, 1,037.6 millibars, February 17; lowest, 29.14 inches, 986.8 millibars, January 22.

FIVE PER CENT OF CITY BUDGET PAID FOR REFUSE DISPOSAL.

Nearly one million dollars, or about 5 per cent of the total cost of the general city government of Los Angeles, Cal., is spent every year for the collection and disposal of refuse, under the direction of the Bureau of Engineering of that city. The Refuse Collection Division operates six days a week, and enough men are provided to compensate for a five-day week for all the personnel employed.

UNITED STATES GROSS DEBT.

November 30, 1932, total gross debt of the United States was \$20,806,013,836, of which \$20,476,034,190 was interest-bearing. This is a reduction of \$6,120,667,458 from the peak of \$26,596,701,648 on August 31, 1919. The gross debt on June 30, 1931, was \$16,801,281,492.

OWNED AND RENTED HOMES IN UNITED STATES, NEW ENGLAND AND MASSACHUSETTS, 1930—ALSO BOSTON.

Total homes in UNITED STATES, 29,904,663, of which 14,002,074 or 46.8 per cent were owned, 15,319,817 or 51.2 per cent were rented, and 582,772 were of unknown tenure. Native white families, 20,968,803; foreign-born white families (the head of the family being a foreign-born white person), 5,736,491; Negro families, 2,803,756; other races, 395,613.

The native white families owned 10,255,682 homes and rented 10,314,500 homes; the foreign-born white families owned 2,968,707 homes and rented 2,690,300 homes; the Negro families owned 669,645 homes and rented 2,050,217 homes; the other races owned 108,040 homes and rented 264,800 homes.

Total homes in NEW ENGLAND, 1,981,499, of which 915,441 or 46.2 per cent were owned, 1,042,521 or 52.6 per cent were rented, and 23,537 were of unknown tenure. Native white families, 1,203,304; foreign-born white families, 753,231; Negro families, 22,864; other races, 2,100.

Total homes in MASSACHUSETTS, 1,021,160, of which 439,238 or 43.0 per cent were owned, 569,645 or 55.8 per cent were rented, and 12,277 were of unknown tenure. Native white families, 579,751 (306,978 or 30.06 per cent were native white of native parentage and 272,773 or 26.71 per cent were native white of foreign or mixed parentage); foreign-born white families, 427,385 or 41.85 per cent; Negro families, 12,637 or 1.24 per cent; other races, 1,387 or 0.14 per cent.

Total homes in BOSTON, 179,200, of which 45,986 or 25.66 per cent were owned, 130,140 or 72.62 per cent were rented and 3,074 were of tenure unknown. Divided by color and nativity of head of owner-families, 7,741 were native white of native parentage; 11,137 were native white of foreign or mixed parentage; 26,366 were foreign-born white; 726 were Negro and 16 were of other races.

Of the renter-families, 27,267 were native white of native parentage; 36,428 were native white of foreign or mixed parentage; 61,505 were foreign-born white; 4,431 were Negro, and 509 were of other races.

"RELIEF" DECLINING.

Two-thirds of the nation's relief expenditures in recent years has been centered in ten industrial states, the "Year Book's" section on Financing Relief and Recovery points out. Half the Federal Work Relief Funds and two-thirds of all available funds have been expended in the fifty largest cities, including about 25 per cent of the population. Industrial urban population is more vulnerable to unemployment. In addition, living costs are higher, requiring greater relief allotments, and the cost of giving employment to a city group is higher than in rural areas.

STATE REFERENDA RESULTS, 1936.

A question of public policy "Shall the Representative in the General Court from this district be instructed to vote in favor of amending the State Constitution for the purpose of limiting the amount of taxes, for all purposes, which may be legally levied against any real estate within the Commonwealth to a sum not exceeding \$25 for each one thousand dollars of assessed valuation?" was voted on by only a portion of the Representative Districts. In Boston, six districts did not vote on it.

The totals for the districts and parts of districts, including Boston districts, were 310,715 in favor; 113,594 against and 203,277 blanks. For Boston alone, the totals for the sixteen districts that voted were 114,184 in favor; 46,689 against and 79,827 blanks.

In Boston, there were three referenda on sales of alcoholic beverages.

First, "Shall licenses be granted in this city for the sale therein of all alcoholic beverages (whiskey, rum, gin, malt beverages, wines and all other alcoholic beverages)?" Totals, 190,353 in favor, 45,402 against and 84,732 blanks.

Second, "Shall licenses be granted in this city for the sale therein of wines and malt beverages (wines and beer, ale and all other malt beverages)?" Totals, 185,213 in favor, 40,164 against and 95,110 blanks.

Third, "Shall licenses be granted in this city for the sale therein of all alcoholic beverages in packages, so called, not to be drunk on the premises?" Totals, 187,877 in favor, 37,139 against and 95,471 blanks.

THE MUNICIPAL WATER-WORKS TREND.

In 1800 there was but one municipally-owned water-works plant in the United States. Now there are 7,853 municipally-owned installations, or 72.8 per cent of the entire number. In the United States there are ninety-four cities of over 100,000 population. All but eleven of these own their water works. Municipal plants serve 96.1 per cent of the population of the ninety-four cities, while private plants serve only 3.9 per cent.

BOSTON'S LIABILITY FOR METROPOLITAN DEBT, 1937.

Boston's liability for this contingent debt of the State (*i. e.*, in the form of annual assessments for sinking funds and interest) incurred for Metropolitan parks, sewers, water, etc., was \$28,559,995 (net) on July 1, 1937, or \$1,283,454 more than in 1936 and \$6,473,404 more than in 1927. It is divided thus: Water debt, \$25,314,274; Park debt, \$904,738; Sewer debt, \$1,639,878; Charles River Basin debt, \$701,105. The percentages paid by Boston in 1937 were 63.4515 on Water Debt; 48.6623 on most of the Park Debt; 36.25 on most of the Sewer debt, and on Charles River Basin debt the same as on Park debt.

Metropolitan assessments paid by Boston in 1937 amounted to \$4,752,277.22, of which 64.23 per cent was for debt requirements and 35.77 for maintenance. Water assessment, \$3,282,201 (usually paid from water revenue); park, \$786,974; sewer, \$470,545; Charles River Basin, etc., \$212,557.

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE EXAMINERS OF ELECTRICIANS, 1941.

Examinations will be held at the following points and on the following dates:

Boston, Wednesday, January 8.
Lowell, Thursday, January 9.
Boston, Wednesday, February 5.
Worcester, Thursday, February 6.
Boston, Wednesday, March 5.
Fall River, Thursday, March 6.
Fall River, Friday, March 7.
Boston, Wednesday, April 2.
Springfield, Thursday, April 3.
Boston, Wednesday, May 7.
Worcester, Thursday, May 8.
Boston, Wednesday, June 4.
Boston, Wednesday, September 10.
Worcester, Thursday, September 11.
Springfield, Wednesday, October 15.
Pittsfield, Thursday, October 16.
Boston, Wednesday, November 5.
Lowell, Thursday, November 6.
Boston, Wednesday, December 3.
New Bedford, Thursday, December 4.
New Bedford, Friday, December 5.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held and only those so notified will be examined on that day.

STEPHEN C. GARRITY,
WALTER F. DOWNEY,
ULYSSES J. LUPIN,
ALBERT FRANK,
WALTER J. KENEFFICK,

State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 303, 14 Beacon street, Boston, Mass.

SUPPLY DEPARTMENT.

The City of Boston invites proposals for furnishing fruits, vegetables, meats, butter, eggs and cheese.

Proposals for furnishing fruits and vegetables close at 11 a. m. daily at the Supply Department. Proposals for furnishing meats and butter, eggs and cheese close every Thursday at 2 p. m. Proposals for furnishing manufactured meat products close the last Thursday of each month at 2 p. m.

Proposals and specifications for the above may be obtained in Room 1001, City Hall Annex.

JOHN A. BREEN,
Superintendent of Supplies.

(Dec. 28-Jan. 4.)

POLICE DEPARTMENT (STATISTICS FOR 1938).

Number of police force, December 1, 1938, was 2,229, viz., the superintendent, 4 deputy superintendents, 30 captains, 66 lieutenants, 4 lieutenant-inspectors, 187 sergeants and 1,937 patrolmen, distributed in 19 divisions and a traffic division. Signal service men, 16; clerks, janitors, etc., 163.

Cost of maintenance for 1938, \$5,997,107 or \$16,491 less than in 1937.

Total number of arrests in year ending November 30, 1938, 97,187 or 1,239 more than in previous year; persons arrested on warrants, 14,745; without warrants, 52,490; summoned by the courts, 29,952; of those arrested, 6,931 were discharged and all others held for trial; foreign-born persons arrested, 12,116 or 12.46 per cent of total; boys under 17 years of age, 2,787; women and girls, all ages, 8,485; non-residents, 27,441, or 28.23 per cent of all arrested.

Drunkenness the cause of 40,815 arrests, an average of 111 per day or 42 per cent of total. This is 4,919 less than the number of such arrests in 1937 and 1,368 less than the average for the past five years. The prosecutions for homicide numbered 142; arrests for refusing to support family, 1,015; violation of automobile law, 15,544; violation of liquor law (State), 137; violation of City ordinances, 269; violation of street traffic regulations, 15,477; suspected persons, 5,400.

Sick and injured persons assisted, 9,410; insane persons taken in charge, 494; lost children restored to homes, 1,533; persons imprisoned, 7,017; persons fined, 17,957, the fines amounting to \$157,817; stolen property recovered, \$447,021.50; licenses issued, 21,356 (including 12,621 for dogs and 5,334 for vehicles and drivers), for which \$67,209 was received. Of 2,629 applications for licenses to carry loaded revolvers, 2,431 were granted.

Accidents from all causes in the streets, parks and squares caused death of 122 and injury to 7,289. Automobile accidents killed 76 and injured 4,431. The automobile fatalities were 62.3 per cent of the 122 deaths.

Annual salaries: Commissioner, \$8,000; superintendent, \$7,000; deputy superintendents, 4 at \$4,500 each; captains, \$4,000; lieutenants and lieutenant-inspectors, \$2,700; sergeants, \$2,500; patrolmen, \$1,600 the first year, with \$100 yearly increase until maximum of \$2,100 is reached. The Traffic Division numbered a force of 211 in 1938.

In 1938, the Police Charitable Fund amounted to \$207,550 and \$7,900 was paid to 54 beneficiaries during said year.

METROPOLITAN DISTRICT, 1938.

Total valuation of the 43 cities and towns in the Metropolitan District in 1938 was \$3,499,398,193 and the property tax on the same was \$130,474,309. The average tax rate was \$33.28. Strictly speaking, tax rates cannot be averaged. A rate of \$37.28 would be required to raise \$130,474,309 on a valuation of \$3,499,398,198. Of the total valuation, 44.37 per cent applied to property in Boston.

The total valuation of the 13 cities in the district was \$1,126,838,735 with a total property tax of \$42,494,084, requiring a tax rate of \$37.71.

Boston's tax rate of \$41.30 was exceeded by Chelsea (\$46.20), Revere (\$47.00), Saugus (\$46.00) and Somerville (\$43.90).

REVENUE BOND ACTS.

The 1936 issue of the "Municipal Index" contains a detailed study of the revenue bond acts in the thirty-three states which have enabling acts, and reports of all forty-eight states, showing what advantage has been taken of these acts by cities to finance the construction, operation and maintenance of sewerage systems and sewage treatment plants by service charges.

The table shows the status of revenue bond acts and other enabling acts in the different states, the dates when the acts became effective, and whether or not cities have taken advantage of the opportunity offered for financing bonds by service charges. In the case of states with no enabling acts, the table shows whether cities are charging sewer rentals under some other authority.

36,400 MOTOR DEATHS IN 1938.

According to the findings of the National Safety Council motor traffic deaths in 1938 totaled 36,400, compared with 1934's record of 36,000.

The only decrease was among school children up to fifteen years of age. Motor vehicle accidents to children have increased much less than those of adults since 1922, when safety education began on a national scale. October, November and December were the reddest months. Two-thirds of the accidents were in places under 10,000 population; more than 40 per cent of the victims pedestrians.

Thirteen states decreased traffic deaths 7 per cent or more: Delaware, Illinois, Kentucky, Massachusetts, Minnesota, Montana, North Dakota, Oregon, Rhode Island, Utah, Vermont, Wyoming and Washington.

BUDGETARY CONTROL.

Prior to installing the present system of budgetary control, effective as of January 1, 1939, the city of Newark had no centralized accounting control over its budget commitments. The city's general ledger contained accounts for the various budget appropriations, and reflected disbursements out of the appropriations. However, commitments for work and material were not recorded in the city's accounts until after bills submitted by the vendors had been approved for payment by the Board of Commissioners. Consequently, financial reports could only show the amount of appropriated moneys that had not been disbursed out of any account. No recognition could be given in these reports to the unpaid purchase commitments, since the amount was not known. *The American City.*

TAUNTON'S ASPHALT PLANT.

One of the functions of a city public works or street department is to operate as effectively as possible in the construction and maintenance of its streets and sidewalks and to produce the necessary materials for paving at the lowest possible cost. In some cities this is effected by the purchase of all paving materials in either the raw or the mixed stage. Taunton has used a city-owned 100-ton asphalt plant for street paving and maintenance and for sidewalk construction for ten years. Located in the city yard with the equipment repair shop and garage, the plant is housed in a 60 by 90 foot building with a 30 by 100 foot wing, which was formerly used as a foundry. *The American City.*

BOSTON AS A TOWN.

From its foundation until 1755, or a period of 125 years, Boston was not only the most outstanding but the most populous town in the American colonies. In 1760, Philadelphia's population was ahead, viz., 18,756, Boston's then being 15,631 and New York's about 14,000. In the last year of town government, viz., 1821, Boston's population was about 45,000 and its public debt \$100,000, all incurred for new county buildings.

The history of Boston as a town during a period of nearly two centuries surpasses in civic interest that of Boston as a city because of the untiring zeal and successful efforts of its townsmen to realize more of true democracy than had ever been attained before. Their obligations were held as sacred as their liberties.

WATER-SUPPLY DEVELOPMENT IN THE UNITED STATES.

In 1652 Boston introduced the first American public water supply. The first mechanical pumps were used in 1761 at Bethlehem, Pa., where Hans Christiansen, an American pioneer water-supply engineer, made his pumps work "after severe struggles." In 1850 there were only 100 water plants in the United States, and as late as 1875 only 243. In 1933 there were more than 11,000 public water supplies, some serving more than one community.

TO PROTECT MINORS.

Buffalo is considering an ordinance, similar to the one in effect in New York City, for the protection of minors in theaters. It permits children, unaccompanied by adults, only in theaters licensed as to adequate sanitary and safety provisions, sets aside a certain section for them and requires the presence of a licensed matron.

SQUARE DEAL IN ASSESSMENTS FOR TAXATION.

Many cities are finding it greatly to their advantage to have their tax valuations periodically overhauled. The first criterion of any assessment is equity. For every citizen who wants through "pull" or however else to get off easy, there are twenty, nay a hundred who want a fair and square deal for all.

The appraisal of city real estate is a highly technical affair.

Few things are more important than the equalization of assessments. Particularly in cities that are cramped by an inflexible debt or tax limit, an honest, full value assessment may be a great boon. Without the slightest raise in the tax rate a substantially greater tax yield may be had.

BOSTON'S POPULATION ON APRIL 1, 1939, BY WARDS.

Ward 1, 61,454; Ward 2, 31,663; Ward 3, 66,219; Ward 4, 31,010; Ward 5, 30,571; Ward 6, 34,689; Ward 7, 32,482; Ward 8, 31,943; Ward 9, 30,362; Ward 10, 29,694; Ward 11, 29,938; Ward 12, 36,123; Ward 13, 29,019; Ward 14, 55,914; Ward 15, 27,729; Ward 16, 31,329; Ward 17, 30,099; Ward 18, 41,152; Ward 19, 27,519; Ward 20, 31,540; Ward 21, 29,752; Ward 22, 30,987.

Total population by U. S. Census, 781,188.
